This edition of NZX is proudly brought to you with a pinch of salt. No, actually it's a nipple.

FROM THE EDITOR

Welcome to NZX magazine's first NZ-India special issue. What makes it special is our triple serving of stunning NZ-Indian babes in and out of their clothes.

Mostly out.

We shall refer matters to the great Gandhi: "Men often become what they believe themselves to be. If I believe I cannot do something, it makes me incapable of doing it. But when I believe I can, then I acquire the ability to do it even if I didn't have it in the beginning. Be the change you want to see in the world. And keep buying NZX magazine. I love boobies."

Those are the words of Raj Gandhi. He runs our corner dairy. Maybe he was paraphrasing Mahatma Gandhi, but the song remains the same. And with NZ-India relations taking an odd turn over Paul-Henrygate, we're doing our bit to restore harmony.

As Gandhi says: "An eye for an eye only ends up making the whole world blind. The difference between what we do and what we are capable of doing would suffice to solve most of the world's problems. And I would really like to do some of these NZX models."

That's Raj again. And we know he'll love this issue with Tessy and Rooma in their first nude shoots, Aria returning in spectacular style, and to spread the

love around, we also feature Maori babe Katana in her nude debut.

Again, we turn to Gandhi for his wisdom: "When I despair, I remember that all through history the way of truth and love has always won. There have been tyrants and murderers and for a time they seem invincible, but in the end, they always fall — think of it, always. And always jerk your penis to NZX magazine five times daily."

Thanks Raj. Besides our compliment of kiwigirls, this issue features porn star Gina Lynn stripping in Auckland, strippers from The Whitehouse, prizes, reviews, and we can't believe we've written this much without making a clichéd reference to Indian food.

NZX issue 99: hotter than an extra spicy pork Vindaloo. Both will send you to the toilet. — **ANDREW X**

SPRAYING, SPURTING

Miz TrouBelle [NZX #98] took me to a boiling, creamed, copious, deep, draining, escalating, exploding, flooding, gushing, heated, intense, jerking, juicy, mounting, raging, receding, rippling, rising, roaring, searing, shooting, spasming, spewing, spraying, spurting, sweltering, torrid, uncontrollable, violent, wet orgasm. Thanks mam. **Pecker, Auckland.**

QUALITY TIME

NZX 98 is another cover-to-cover winner. Miz TrouBelle, Kelsey Konvict, Faith, and Navara are an awesome quartet of kiwigirls. Good to see Navara representing for the Westies. Nice pair on her.

And as for Miz TrouBelle, woah check out those! I reckon it'd be every man's fantasy to spend some quality time with her. Imagine watching those boobs flying about as you do the deed! It would be astounding. Like jumping on the world's greatest theme park ride. Even better than that rollercoaster on top of the sky tower in Las Vegas.

Faith's a little darling; wish there were more like her in the world. That's a pussy a man could really work on. And Kelsey looks like a great fuck! NZX keeps on impressing me.

Make sure you see Faith in the NZX VOL. 3: HOT KIWIS DVD, available from vixen.co.nz or for rent from your local video store. She's awesome in that! — Editor

pumping I must admit. Loved the scenes that showed the kiwi couples Fay and Rob, and Pearl and Billy in hot, sweaty fucking action.

The scenes showing the photo shoots with Ice, Faith, and Lani were very interesting to see what goes on. But I have to admit that I really, really enjoyed the girl-on-girl action scene that starred Karmah and La Shell — it was the best one of them all. Can't wait for the next NZX DVD. SNOWBALL THING

Hey NZX magazine is choice. Me and the missus always read it together in bed. She loves the stories, I love the pictures, and we both love the hot sex it leads to. The missus says she'd love to have a threesome with an NZX model and us. She'd like to eat out one of the pussies we've seen in the magazine Navara would be good. And she wants to instruct one of the models on how to suck my cock just right. Then do a snowball thing from the model's mouth to her's. Hot eh? She also wants to eat my cum from a model's pussy. I love her! Thanks guys for spicing us up.

NZX GIRL

ALL BARRED UP!

Making her nude debut, NZX is proud to showcase KATANA. This South Island stunner is 21-years-old, part-Maori, and tells us she's curious to appear in a XXX video. Posing nude is the first step, and Katana looks spectacular in black leather. Stripping off at a bar, we're sure these photos will give you a stiff bar of your own!

Q&A WITH KATANA!

Hi Katana. Introduce yourself to NZX readers.

Hey to the beautiful people! I'm a 21-year-old old, bubbly, flirty, fun Scorpio. I'm a social butterfly, I live for the good times. I love meeting new guys and gals, summertime, and repping bikinis. I'm a pet lover too...it all sounds very innocent...because that's me haha.

What kind of guys do you go for?

A major turn-off is big ego! Personality is the most important thing in a guy; good looks only get you so far. My advice as far as that goes, from a ladies point of view, is to be clean and tidy in appearance and smell good. Ohhh...and I like a guy to have nice eyes, chest and arms.

What are your turn-ons?

Turn-ons in the guys are a good sense of humour, sexy eyes, arms and chest. Same goes with the girlies. Just a major turn-

on is the fact we are flirtatious, sweet-smelling with nice skin, killer curves, and lovely lady lumps.

What made you decide to do a nude photo shoot?

I decided to model for NZX as I have a passion for the sex industry myself, and I'm very confident with the work I do, and I wanted to share that. I loved working with Andrew, and look forward to doing more together in future.

Tell us about the day of your photo shoot?

It was a bit chaotic and unorganized getting there from Blenheim, but everything worked out and I was landing at Auckland Airport an hour-and-a-half before I was due to meet with Andrew in the CBD. We used a parlour in West Auckland called The Candy Club to shoot in the lounge bar, and I flirted with the

camera around a circular bed as well. It was lots of fun!

What's your favourite sex position?

I'm a very sexual person, I'm a flirt and poser in the bedroom and can be quite flexi...any out there positions! Just whatever seems to be working best for both of us at the time. I'm open-minded so love getting kinky by experimenting! My milkshake brings all the boys to the yard!

What gives you an orgasm?

Lots of foreplay, dressing up and teasing my man.

Do you have a sexual fantasy you'd like to fulfill?

I'm a fan of Megan Fox; she is one very sexy lady. At the moment she is my ultimate sweet and naughty fantasy hehe. •

GIRLS FROM THE WHITEHOUSE!

Words by
FRANK BEANS.
Photos by
ANDREW X.

Offering the optimal combination of babes and booze, welcome to the Whitehouse bar at the Auckland Erotica Expo. A place where you can chill out, neck some bourbons, and watch some dancing babes.

Watch 'em hard. Watch 'em so that their naked bodies are imprinted in your wank bank. When you blink, you see 'em. When you have sex with your wife, you see 'em. When you rub one out, you see 'em. Even when you sleep, welcome back ladies!

Amen.

The Whitehouse bar has been a main attraction at the Auckland Erotica Expo for several years running. The Auckland strip club transplants a portion of its operations from its majestic Queen Street base to the Expo venue for the weekend. Thereby offering Erotica punters a tantalizing taste of the choreographed strip shows that wow audiences weekly at The Whitehouse's

uptown venue.

The 2010 Auckland Erotica Expo was no exception. The Whitehouse display dazzled with enough babes for Bill Clinton, enough booze for George W. Bush, and enough of both for Barack Obama.

Yes he can.

Among their routines, the Whitehouse babes brought some Bollywood to the stage. Pictured here, their own Indian princess shimmied and shook, disrobing from traditional dress into traditional undress.

Spectacular?

You bet. Her routine matched anything seen at the opening or closing ceremonies of the 2010 Commonwealth Games. In fact, she was better than that, offering something the dancers in Delhi could not: BOOBIES!

And...

VAGDE! Yes, when you have a vagina in front of you, somehow watching the heats of women's shot put loses its appeal. Why do that when you could do this?

A question you could ask yourself any night, especially if you're in Auckland or coming to it. Why do something else when you could pop in to the Whitehouse on Queen Street — THE LAND OF THE FREE AND THE HOME OF THE VAGINA — and see these stunners?

That's November sorted. •

NZX GIRL

ARIYA

MISS PERFECT ASS!

One of NZX magazine's most popular models, ARIA was our first, and until this issue, *only* Indian cover girl. Lately she's been featured in the pervy TV series SPARTACUS: BLOOD & SAND. With her perfect bubble butt and juicy pink pussy, we had to bring Aria back for NZX's "Indian special issue" and this Auckland-via-Dunedin girl doesn't disappoint. Go ahead and drool! THANKS FOR COMING

MEET THE MODELS OF NZX

TIME TO REWRITE THE KAMA SUTRA!

NZX is celebrating cultural diversity and pussy, especially pussy, with our first "NZ-India special issue." All we can say is, we should have thought of this sooner!

Our cover girl is 21-year-old TESSY from Hamilton. This striking beauty loves a good root and we think you'll love her! Let's find out more...

Hey Tessa. Tell us about you.

I'm a kiwi-born Indian who loves having

fun! My general interests include getting up to mischief with friends, and posing for NZX!

That's a great hobby. What kind of guys do you go for?

Hmmm, usually I go for guys depending on what they drive! But lately I'm after nice 6-8 pack hunks. For a relationship, though, I go for guys who treat me like a queen and follow my every demand haha.

Describe your ideal date?

Date? Isn't that a movie, dinner and coffee back at the girl's place? Hehe. My ideal date would be the guy cooking — or takeaways from a nice restaurant — for me, and I bring the desert.

What are your turn-ons?

Little things such as a long passionate kiss along with the guy tracing my body with his tongue leading to my pussy. Play fighting is a big turn-on as most of the time I prefer the guy to be ruthless with me.

What made you decide to do a nude photo shoot and did you enjoy it?

I most definitely enjoyed it! Hmm, it's quite recently that I have become relaxed with my

body and thought why the F not.

Why indeed. Tell us about the day of your photo shoot and what you did.

The day of the shoot we went to a brothel, which was totally cool! And the photographer made me feel comfortable and we just got to work. As I'm real photogenic this shoot was very fun and how fast the day went I didn't realize.

What's your favourite sex position?

Doggy but with my legs closed. I enjoy this, as well as the guys, as it allows them to penetrate as deep as they can inside me.

Where's the strangest place you've had sex?

Umm, strangest place? Awkward place was in my mum's car with her being around 15 meters away from us! But I haven't done it in a strange place so far.

When did you first have sex?

When I was 15. Even though I went celibate for awhile after, being confused and all. I regained my sex life when I hit 18 and what an awesome year that was!

Haha. What gives you an orgasm?

Hmm I won't lie...only one guy can give me orgasms after orgasms which I haven't experienced with anyone else yet so far...but little orgasms count right?

It all counts. What's something kinky that you've done?

The NZX shoot hehe. Um, having sex while thinking my mate is sleeping next to me and then she calls her boyfriend into the room and we all end up having a good time. It turned into a great orgy haha.

Do you have a sexual fantasy you'd like to fulfill?

Yes, but it involves Johnny Depp so I don't think it'll be coming true any time soon... •

CAROLINA JONES AND THE BROKEN COVENANT

Studio: Adam & Eve

Category: Couples, Feature Film

Director: Ethen Kane

Featuring: Ava Rose, Bree Olson, Nikky
Blond, Roxy Panther.

Despite the total absence of vaginas, RAIDERS OF THE LOST ARK was one of the greatest movies ever made. Here's what made it so great:

1. That big boulder.
2. Harrison Ford keeping it cool.
3. Melting Nazis!

Its sequels were decent, with the expected diminishing returns right up until fucking E.T. showed up at the end of INDIANA JONES AND THE KINGDOM OF THE CRYSTAL SKULL and ruined the franchise forever. It made the other movies — all-time classic movies like RAIDERS OF THE LOST ARK — suddenly less cool. Took them to Asshatville by association.

Which brings us to CAROLINA JONES AND THE LOST COVENANT, a pornified version of the Indiana Jones saga, where the positive presence of BREE OLSON's cock-filled-ass is paired with the dubious presence of CGI-rendered killer ants.

Fortunately the ants don't spoil

Spoilt for choice, mate.

Bree's ass picnic. But let's counter that by stating, for the record, that it's kind of hard to imagine any porn fans, anywhere, ever, thinking, you know what would make this movie even better to jerk off to? CGI ants!

Bree's fellow Adam & Eve Pictures contract star AVA ROSE is, in fact, the star

of this movie, and she looks smokin' hot in her if-Indiana-Jones-was-a-chick outfit. Her ass really fills out those pants.

Nice.

And seeing Ava with the whip might appeal to anyone with S&M leanings. Not as much as if Ava was sitting on their face smothering them with her giant butt

cheeks, but there you go.

CAROLINA JONES is a feature film — plot, dialogue, costumes, extras, CGI ants — but you're not here for that are you? Suffice to know there's CGI ants and lots of vadge. Fortunately no ants in vadge.

Best scene in the movie features Bree Olson tied to a slab, writhing as her pussy gets fingered, whilst Nikky Blond (this movie has a 50/50 split of US and European female talent) gets schtupped next to her. Nikky presses our buttons. We liked this blonde dick-servant in CUM HUNGRY LEAVE FULL #2 last month and we like her here. And we'd like her even better if she was on the end of our cock.

And by "our" cock I mean "mine".

Quite specifically.

Bree Olson takes the anal honours. Bree's another one of our faves. History will show her to be an all-time Top 10 Desert Island best porn star ever contender. She ticks every box and her potty-mouthed dirty talk goes the extra mile. To the, uh, island.

And — HOLD THE PHONE — everything's changed. The best scene is *actually* ROXY PANTHER stroking her man's milk into her mouth. She does it well. Like an artist.

A blowjob artist.

TOYS!

LE CURVE

Product Type: Vibrator

Brand: California Exotic Novelties

Price: \$65

Batteries: 3 x AA batteries necessary.

Appearance: The Le Curve toy is a pretty fascinating and slightly offensive to look at to be honest. It's plastic with a super reflective metallic coating (seriously, you can see yourself in the shaft!) and it's ergonomically curved, which means it's designed to hit your g-spot at just the right angle. Yum!

Vibrations: The toy boasts "powerful and intense functions of vibration, pulsation and escalation." That's not too far from the truth. The vibrations are pretty awesome and having the different pulsating patterns is nice for those who enjoy a variety of vibrating sensations.

Downsides: I didn't like that the toy

isn't completely smooth all over. It's got a ridge approximately an inch down the tip, all the way around, which didn't feel all that nice. Upon further investigation, it appears that the cap screws off but I am totally unsure why. It doesn't seem to have a purpose. I guess it's a construction thing but it's weird and my pussy is frightened of being pinched by it! Next time I use it, I will probably put a condom on it to avoid any potential pussy pinching!

Cleaning: The toy is relatively easy to clean but the ridge that I previously mentioned makes it that little bit harder (unless you use a condom on it). It's recommended you get some sex toy friendly anti-bacterial wipes or a little toy spray and give this baby the once over.

Waterproof: The toy isn't waterproof. That being said, you're able to put it inside you, hell, that's what it's designed for! But don't get your juices in the battery compartment or submerge the Le Curve in the bath... unless you're into electrocuting your pussy (I AM NOT

Review by
SADIE SINS.

CONDONING THIS!).

Final notes: The Le Curve is pretty fun and acts as a great little g-spot toy. It's also fun to use on the vibrations on your clitoris and nipples (and even on your man's balls... seriously, he'll love it!). I wasn't mind-blown by this toy, mainly because I like my toys simple but if you want something a little different or something designed to hit your g-spot, grab yourself a Le Curve today!

SUNSHINE HIGHWAY

Studio: Adam & Eve

Category: Couples, Feature Film

Director: Ethan Kane

Featuring: Bree Olson, Celeste Star, Kimberly Kane, Riley Shy.

BREE OLSON

Bree looks stunning in this scene, wearing Daisy Dukes, a skimpy shirt and a cowboy hat. There's country-sounding guitar playing while Bree wanders around the service station. Bree heads out into the sun and starts teasing us and showing off her body to Marco Banderas. After not too long, she gets her tits out and starts to play with her pussy for the camera. After orgasming, Bree goes straight to her audience (Marco) and fucks him stupid. There's no anal in this scene but Marco cums in Bree's mouth and that's a damn pleasing sight for a pervert like myself.

RILEY SHY

After Bree's performance, we are introduced to Riley, who is hanging around outside a hotel. She teases us with her body in a similar way to Bree's sequence before taking us inside (the hotel). Alan Stafford is in the room watching Riley as she strips her clothes off. There's not much dialogue but there really doesn't need to be. Riley's beauty makes up for the mediocre sex in this scene.

BREE OLSON

In this scene, we're back to Bree. She's in a barn on a pile of hay, looking like a vision of country divinity. Bree turns into a little dirty talking machine while playing with herself. Evan Stone enters the scene (and Bree Olson) in no time. There's a lot of deep kissing, stroking of cock outside the pants and hard pounding. This scene is pretty fucking sexy and like the good porn star she is, Bree takes a shot to the mouth with ease.

KIMBERLY KANE

This scene takes us out into the desert, to a trailer park where the very beautiful Kimberly Kane is touching her amazing body. There's a little tease and a lot of intense eye contact before Kimberly sits on a flag and begins to play with her pussy. Jerry joins Kimberly on the flag and strips her down to her cowboy hat and boots! There's a lot of oral sex in this scene, cowgirl and standing doggie. Eventually, Jerry gives Kimberly a nice facial and there's some nice clean up after.

BREE OLSON & CELESTE STAR

The scene opens with Bree and Celeste making out. Celeste starts to put on a bit of a show for Bree, while Bree strokes herself. Bree dirty talks Celeste and tells her what to do. This is followed by a lot of lesbo good times. Celeste licks Bree's pussy and Bree fucks Celeste

with a dildo. I'm not sure why but Bree doesn't lick Celeste's pussy... weird. Who wouldn't just dive right in there!?

Final Thoughts: The film is good! It's not phenomenally fantastic but it's an awesome showcase of just how stunningly beautiful Bree Olson is. The tease footage is totally jerkable and the action is pretty hot. There's no anal, which is a downer. Overall, the film is definitely worth a purchase!

FLEX A PLEASURE

Product Type: Vibrating egg

Brand: Doc Johnson

Price: \$75

Waterproof: Yes, take it to the beach!

Batteries: 2 x N needed

The Flex A Pleasure is a vibrating egg on the end of a flexible shaft. It's made for insertion into the vagina (though could probably find its way into an ass as well). And it's resplendent in the finest shades of shocking pink.

In the wrong hands, the Flex A Pleasure could be a vaguely menacing *faux-nun-chukka* — perhaps the ideal weapon for a gay Bruce Lee? So we made sure it was in the right hands and assigned it to stunning model K*LEIGH.

You'll be able to see more of K*Leigh from Auckland in an upcoming issue of NZX. She poses with another NZX model, MIYA, who holds this toy inside K*Leigh. It's a beautiful thing.

NOT TO BE MISSED.

In the meantime, let's tap K*Leigh for her thoughts on the Doc Johnson Flex A Pleasure...

Hi K*Leigh. How's that working for you?
Mm.

You're not saying much.

It's working good. I can't really talk at the moment.

That's ok. We'll just watch.

SADIE'S SIN HOUSE

ONE WOMAN WHO LOVES HER PORN!

NOW: THE NZX ADVICE COLUMN!

Dear Sadie, I'm a 30-year-old woman and I've never used a sex toy. Where do I start?

Wow! Congratulations on deciding to make the jump into sex toy land! Buying your first sex toy can be incredibly overwhelming and if you buy something that you turn out to hate, then it can unfortunately put you off buying more. Sex toys can be fantastic. It's just a matter of finding the right one/s for you! I'd recommend you check out www.vixen.co.nz and search their toys to see what takes your fancy. I'd go with a simple vibrator or clit toy if I were you to start with. It obviously depends on how you like your stimulation but I don't think you can go wrong with some of the

vibrating bullets they have for sale... they'll definitely have you coming back again and again and again! Let me know how you go!

Dear Sadie, what can I do to make anal sex easier for my girlfriend?

LUBRICATE. Seriously, I can not stress the use of lubricant enough. If you think you've got enough lube, you haven't.. use more! But before you use lube, relax her. Touch her gently. Foreplay, my friend. Relax her. Turn her on. Make her pussy wet. Start with a finger gently inside her ass. Don't force anything. If you are doing it right, it shouldn't hurt. Just don't rush the experience. Oh, and use lots of lube!!

Dear Sadie, where's the funniest place YOU'VE had sex?

The funniest? Probably when I was younger on a trampoline in a random person's yard! Naughty but hilariously fun! Although the sex was lacklustre, the experience is definitely my most memorable to date!

Dear Sadie, is it true if you don't use it, you lose it?

No. But that's something you probably don't want to risk...

Dear Sadie, it's not fair that women get to have all the fun. Can you recommend any sex toys for guys like myself?

YES. Not enough men use sex toys. I guess it's because there's this stigma that it's okay for a woman

SADIE'S FUCK FLICK PICK

BREE'S SLUMBER PARTY — \$30

Featuring Bree Olson, Penny Flame, Kayden Kross and Aiden Starr, BREE'S SLUMBER PARTY will fulfill all your pretty pillow-fighting lesbian fantasies. Don't fear though, there's a healthy dose of beef injection in most of the scenes. The highlight of the DVD for me was the scene with Bree, Penny and Derrick. Both of the girls are having a fist fight when Derrick comes in to resolve the conflict... with his cock! The girls apologise to each other and take turns tag-teaming Derrick's boner. Bree is super vocal in this scene and Penny's ass looks amazing in cowgirl. BREE'S SLUMBER PARTY is available from www.vixen.co.nz for only \$30!

Care to join them?

to own a number of vibrating penis shaped accoutrements but it's weird for guys to own a vibrating pussy? That doesn't make sense to me. If you want some awesome sex toys, vixen.co.nz is where you need to be. I've heard good things about the Tera Patrick Fleshlight (basically it's a pussy in a can but has a sophisticated ribbing system going on inside that will drain your balls DRY). You could also check out Vixen's 'Pump Kit', which features a number of toys you can play with (everything from a penis pump to vibrating balls to butt plugs, etc). It'll be like Christmas for your cock! Another cool thing you could check out is Magna RX, which is a pill you take daily and over time it makes your cock bigger and delays ejaculation. It's completely herbal, so you've got nothing to worry about and what makes it different from other stamina pills is that it ACTUALLY WORKS.

CHRISTY TURLINGTON

Supermodel CHRISTY TURLINGTON found fame, of sorts, in an 80s Duran Duran video at the age of 16, then in a George Michael video when he was still pretending to be straight, and then as the main piece of ass for Calvin Klein jeans for 20 years.

But enough about that.

What's really of interest is that she's got her tits out at various stages of her career, both in black-and-white (ahem, "art") and vivid colour photos.

CREAMPIE SURPRISE!

As always, my heart raced as the time for my session approached. Time always passes so slowly when I'm in the waiting room. Even three minutes is a long time. I wanted to be in there with Holly.

I started going to her for massages — the regular kind — for muscle tension. She always did a very good job, especially when I went for the longer sessions — an hour and a half to two hours. Now I regularly go for two hours.

Holly is a petite woman in her mid-thirties. Her pleasant and engaging personality assures her of a full schedule. Her reddish-blond hair, along with full lips and a mild overbite, give her a sensual quality.

After several months of massage, our conversations became more personal and, to an extent, intimate. One day the subject hit on sexual kinks. We talked about "snowballing" and I mentioned that I'd never experienced it, but would like to. As I frequently did at other times, I developed a throbbing erection when talking about intimate matters. I could see that she was aroused — her nipples were hard and almost poked through her T-shirt. She knew that I noticed that. We both became silent as she continued to work on me.

After a few minutes Holly said, "If I did something you really want, you wouldn't quit seeing me, would you?"

"Of course I wouldn't quit seeing you," I replied. I wondered what she was

getting at.

She was quiet again, and continued with the massage. The sexual tension became more intense and saturated the atmosphere.

Suddenly I felt her hands on my testicles. She had never done that before. She tickle-touched all over my cock and my testicles while I gave deep sighs and soft moans.

"That feels so good, Holly," I whispered.

She kept on, and kept on, with the teasing. I squirmed and thrust my hips toward her in an attempt to get her to make me cum. But she kept up the tickle-touch teasing. I hoarsely called out her name, and her sensuous smile broke through her sexy overbite several times. I was aroused; I was frustrated. I rocked from side to side as she kept teasing. My frustrated moans became louder.

Then she leaned down and wrapped her lips over the tip of my cock, while looking into my eyes. She continued to manipulate my testicles, and gradually inserted more of my erect member into her mouth. She worked on my cock with her tongue and got more aggressive with her hands. In almost no time I blasted forth, and my erection pulsed in her mouth.

When I had finished ejaculating, she pulled back. With her mouth closed, she brought her face close to mine. She pressed her soft lips against mine, and I opened up. She grasped my head with both hands and propelled the ejaculate

into my mouth. I felt her tongue dart in and out as she attempted to push every bit of the "snowball" into me. It was heavenly, and if I had not spurted yet, her kisses alone would have sent me over the edge.

After she got the entire snowball in me, she pulled back and smiled. I was in awe of what she had done — it had exceeded my wildest dreams up to that time.

She had me turn over and continued the massage, finishing off with tickle-touching me all around my buttocks and testicles while I was on my tummy.

When I went for my next session a week later, neither of us said anything about the events of the previous one for a while. I started the session face down, and Holly pressed deeply on my shoulder and back, relieving some of the stress there. After she did a fair amount of massage, she did the tickle-touch thing all over my legs, and then on my buttocks. She frequently touched and stimulated my testicles as well, and after several minutes I was very aroused. She kept it up, and only after I started to squirm (and seep) she told me to turn over.

"How did you like the last session?" she teasingly asked, her overbite accentuating her smile.

"It was heavenly," I sighed. Then I worked up the nerve to expand on the subject. "Have you heard the term 'creampie'?"

"No, what does it mean?"

"It's like snowballing, except from, you know, from 'down there.' I haven't done it, but I've heard that women REALLY like it once they've tried it."

"Wow," was all she said.

My cock stood up like a flagpole, and she continued to tease. In this position I could see her aroused smile, and she frequently just giggled at my extreme arousal. Her erect nipples pushed on her T-shirt.

Still teasing with her fingers, she gently touched her lips on mine. After some light kisses, she pressed in for some sensual kissing. After a few moments of this, she pulled back and put her finger in front of her mouth in a naughty-girl 'shhhh' manner, and then surprised me by taking off her shoes and slipping off her shorts. Then she slowly and teasingly removed her panties.

I could not keep my eyes from her pussy — it was perfectly framed in a triangle of reddish-blond hair, with pouty labia poking through. There were shiny drops of feminine cream on her pussy from her arousal.

Holly climbed up on the table and straddled my midsection. With one hand

she spread her pussy lips, while her other hand was wrapped around my cock. She slowly guided my cock into her pussy. I liked the way that my erection pried apart her labia as I entered her.

With my cock fully inside her, she put her hands on my shoulders to hold me down and then leaned over and teased my lips with hers. She pulled back every time I wanted to press back for more sensuous kisses.

Her excited eyes and smile betrayed her arousal. Still pressing my shoulders to the table, she slowly pumped her hips. Her excited smile, along with her pumping and the feeling of being inside her, brought forth a copious ejaculation after only a few moments.

Holly kept me inside her for a few moments after I spurted. Finally she whispered, "Ready for dessert?" and slowly pulled out.

Almost instantly she straddled my mouth. Her pussy welcomed my attentions, and she gave me the copious amount of creamy mixture that was inside. I kissed and licked her labia while she rode me. After scarcely a few moments, she covered her mouth with her hands and climaxed. After she calmed down I kept sucking on her pussy until she pulled back.

The experience was a little different from what I expected, but Holly's reaction ensured that I wanted to do it more with her.

From that point on, when I come in for a massage, Holly always has a firm pillow waiting for me on the massage table. I get on the table face down, and, since my hips are raised, she has easy access to my midsection. She frequently intersperses a few minutes of tickle-touch teasing with the massage, which gets me aroused to the point of seeping. Then, after I turn over, she continues to tease with her featherlight touch for what feels like forever.

Only then will she slip out of her clothes and climb on the table and mount my throbbing cock. Slowly — very slowly, she pumps her hips while either looking at me with her sensuous smile or tenderly kissing me. Over a long while I feel my inevitable ejaculation gradually building up, until it exceeds my threshold of endurance, and I buck and twist while spurting uncontrollably inside her.

Then she'll kiss me some more while keeping my cock inside her until she's sure that she's milked the last drop from me. She pulls out, and quickly straddles my mouth, and then I service her for all I'm worth.

She can't get enough of creampie satisfaction, and I'm eager to provide it.

THE GLORYHOLE STRIPPER!

"I pull back just as he starts to cum, and I let him splat all over my face."

Lissy showed up on time for her interview. She is a slender blonde female, about 23, with an engaging, sweet smile. Her yellow hair nicely framed her young-college-girl face. She wore a white blouse, jeans, and sandals. Her attractive feet showed off her red-polished toenails.

She told me that her name is Melissa, and she prefers that to her stage name of Lissy. I asked how she got started in the scene.

"I was a commerce major at university, and basically I ran out of money. An older girl I knew told me about the place, and said that if I was interested she'd put in a good word for me. I said sure, why not, and she said that I'd have to work my way up to the better paying jobs there. She didn't tell me what they were, but I figured if I didn't like it I could always say no."

How did you start there?

"I went in and talked to the guy

in charge. He had me take off all my clothes and show him my body. I knew he liked what he saw, and he said he thought I'd do well. Then we went out into the lounge area and watched some of the girls prance around to the music. I told him I could easily do that and I came back at six to start work. I did the stripping act for about a month and then I told him I wanted something more interesting or I was out of there. He told me about the gloryhole part of the club which was at a different location. Told me that the pay is per customer, and that the girls there basically give guys handjobs and BJs. The thought kind of grossed me out at first but curiosity got the better of me and I went along."

What was it like?

"There are different levels of jobs there, and I had to start at the bottom. Basically there was this room, about the size of a small bedroom, and three or four girls worked each room. There were

SATURDAY SHOW-OFF

The kids were at their grandparents for the evening. I was replacing the doorknob on the back door and the wife was going in and out, taking things to the garage.

I really wasn't paying much attention to what she was doing since I was cussing at the non-functioning doorknob. I sensed, more than saw her as she passed by me the last time to go sit on a patio chair on the back porch. When I finally looked up to see what she was doing, I saw that she was topless. She was wearing khaki shorts and nothing else. Keep in mind, that this was about 3:30 in the afternoon on a Saturday.

We live in a suburban neighborhood in East Auckland. All of the homes around us are single story and surrounded with a six foot wooden fence. I'm always trying to get her naked outside and/or to let me take digital pictures of her, but the opportunity doesn't really present itself too often.

She sat there looking at me with "that" look on her face. The look that says, "you're going to fuck me soon." I sat back from working on the doorknob and put down my tools.

As I stared at her, she reached up and cupped her breasts to me, pinching her nipples until they were hard. Then she looked around, and lifted up her butt and slid her shorts and panties off completely. I jumped up and grabbed

the camera. When she's in the mood for this and initiates it on her own, I can get away with just about everything.

After reading all of the stories on the NZX website, I decided to take this a little further and spoke a little more roughly than I normally do. "Spread your legs wide," I told her. She obeyed my instructions willingly, pulling her feet up into the chair.

"Show me your pussy," I told her next. She didn't even bat an eye as she reached down and spread her lips. "Touch yourself," I said as I began to take her picture, "bury those fingers deep."

I took several pictures and then asked her what she had planned to do next. "What do you want me to do?" she asked me. I dared her to walk out into the backyard and lay down in the hammock.

She boldly stood up and walked through the grass and posed for me. First she sat down on the edge, then slowly laid back until she was stretched out in the rope hammock. The sun on her body was a wonderful sight to see. I had tried for weeks to get her to sunbathe naked but again, there just aren't that many opportunities. I told her to hold on, and I ran into the house. I took a picture of her from our bedroom window. It was just amazing that there, out in the backyard, in the middle of a Saturday afternoon was my naked wife.

I returned with her purple vibrating dildo that doesn't see too much action

at our house. I held it up as I approached her. "Give me that thing," she said as I got near. She grabbed it and without much hesitation, she slid it inside of her.

I took a lot of pics. I kept telling her how hot she was and how hard she was making me. I think my encouragement convinced her to do more. I absolutely love it when she gets crazy like this.

Next, we went into the garage and I took a few pictures of her posing around and in her car. She sat down a big box and pulled one foot up on it and said, "How's this?" Well, it was great, that's what it was.

She brought the dildo back out and I took several pictures of her posing with it sticking out of her pussy. She leaned back in the car seat and slowly worked it in and out as I rubbed her clit or pulled on her nipples. I had to stop several times because I didn't want her to come, thus ending our playing around.

Next, I surprised the hell out of her by opening the garage door. I got several awesome pics of her sitting in the passenger seat with the daylight of the neighborhood behind her. Then I grabbed her clothes and threw them in the backseat, giving her only a shirt to cover up with.

"Why are you putting my clothes in the car?" she asked as I got in beside her.

"Because we're going for a drive," I told her.

She protested a little, actually less than I thought she would. She hurriedly threw on her shirt and buckled up as I backed out of the driveway. We didn't have a lot of time, so I drove around the neighborhood for a few minutes.

I fingered her as I drove. Twice I had her close to coming, but she finally told me that she wanted to be able to see her breasts naked when she came, so I had to quit. No sense getting arrested or seen by the neighbors. I snapped a few pictures of her holding her shirt up as we drove around, but they came out too blurry.

I drove back into the garage and she jumped out as soon as the door was closed. She climbed up onto the big box again, this time on her hands and knees. She looked behind her and told me to hurry up and fuck her.

I took her from behind. She was incredibly wet and I reached around her waist to finger her clit. She came really fast and I wasn't far behind, shooting my cum onto her back.

I kid you not...it wasn't ten minutes later that my mother pulled up in the driveway bringing the kids back to us.

So, every now and then, my wife feels the "need to be bad" and I'm more than happy to oblige her! •

Would you like to "Enter Tory Lane"? That's the question you're asked upon arrival at the front page of www.torylane.com, the official website of American porn star, 2010 Auckland Erotica Expo attendee, and all-around insatiable cock-gobbling sex nutter TORY LANE.

We're assuming it's a rhetorical question.

Who wouldn't want to be balls-deep in this sexual firecracker? Only the timid, my friend. Or those with a dodgy ticker. But even then, what a way to go! Taking your dying breath as you pump Ms. Lane's willing butt-canal with your man-spoost? Perhaps on your 87th birthday.

We digress.

Tory Lane's website dishes up the expected stills and XXX video, with the added bonus that TORY LANE IS THE ONE DOING THE FUCKING. And she is a mad woman. Mad for cock. Or mad when she has a cock in her. Which is often.

Tory was the standout star at the Auckland Erotica Expo this year. Her exuberant personality, not to mention her unstoppable taste for cock, possibly fueled by alcohol, made her a big hit with punters. Most of whom went away with their own cock stiff between their legs, to be played with later.

Perhaps whilst browsing this site!

NUDE IN PUBLIC

Yoga is a combination of physical and mental disciplines, mostly of interest because, erm, chicks that do it are very flexible. And you know what *that* means.

Kiwigirl ROOMA (page 54) does it, and so does this lass, in her backyard, to the delight of her neighbours.

All she needs is an "instructor" between her legs.

WHO LIKES PUSSY?

Kiwigirl CAT appeared in issue #77 of NZX. Last month we received (more) fan mail for her, so let's take another loving look at Cat's hot pink pussy as she spreads it open for us here.

Yum.

Members of www.nzxmag.co.nz can see more of this 44-year-old MILF from Tauranga. Or just splash their cum onto these pages...

GINA LYNN

One of the most popular adult stars in the world — so hot that Eminem cast her in his “Superman” music video (one of several music videos that she’s featured in, wearing two-thirds of not much) GINA LYNN was a star attraction at the 2010 Auckland Erotica Expo.

Gina signed autographs and posed for nude photographs with New Zealand fans. Her fan photos (for as little as \$20 topless or \$35 nude) were amazing. Gina never failing to spread her legs and show off her hair-free pussy.

Something she also did on Erotica’s main stage. Gina Lynn is one of the premiere feature dancers on the American strip club circuit and her stage show is designed to impress — with its visions of gyrating, pulsating, masturbating tits, pussy, and ass!

The Puerto Rican/Italian babe became a big star in 2002, when adult films carried her into the mainstream.

Ass, nose. You do the maths.

Describing GINA LYNN's stage show as "interactive" seems like an understatement...

**SO CLOSE TO
THE ACTION
YOU CAN
SMELL IT!**

TAKE IT OFF!

Miss GINA LYNN:
world class expert
in the art of strip
tease, and proud
owner of a world
class ass!

Gina says, "I was in [Hollywood movie] ANALYZE THAT. I did a music video with Eminem. He saw me in ANALYZE THAT. I did THE SOPRANOS. I'm always going to New York doing auditions even if they don't want a porno star!"

In regards to working on ANALYZE THAT, she says, "I was with Billy Crystal and Robert De Niro for eight hours doing the bar scene over and over again. They were nice to me and very respectful. There were a lot of girls there. I made the number one cut. You don't know how much they're going to use. I was cast as an extra. They showed me for a good 30-seconds. My full body and everything. They used me in promotion for the movie."

Did any casting directors try to put Gina on the casting couch? She says, "That hasn't happened, thank God. Of course on the music video everybody was hitting on me. But that's music video people!"

Unlike porn people. Who are paid to have sex with her.

Gina Lynn was a big hit on the Auckland stage. See more of her at www.ginalynn.com and more Auckland photos at www.eroticaexpo.co.nz! •

Guess how much her
boobs weigh and win
a set of steak knives!

We met JODIE in issue 93 of NZX and got the feeling it wouldn't be the last we heard from this sexy 23-year-old sheila...

Welcome back Jodie. Where were these photos taken?

This is in the bush in Auckland.

Where in Auckland? And ironic, because you have no bush.

Haha. It's in Glen Innes. I didn't intend to get nude there, it just happened. And it's been years since I've had my own bush...

"Just happened," huh?

What can I say? I'm a horny girl. Any excuse to get my kit off.

Introduce us to your nipples.

Oh, haha. They stick out all the time. Flick one and I'll cum.
