SIGNS OF COMMON SENSE

E ven though the last midterm elections were a disaster for America, several approved ballot measures suggest that common sense is still alive and kicking. I'm convinced the current swing to the right is mostly a problem of low turnout and too much corporate cash. It doesn't reflect the real modo of the country.

Take, for instance, the fact that voters in the red states of Alaska, Nebraska, South Dakota and Arkansas approved minimum-wage hikes—even though their Republican Congressmen have been blocking such a law. Voters in Massachusetts, meanwhile, approved one of the country's most progressive sick leave measures.

In Colorado and North Dakota, radical personhood amendments defining fertilized eggs as humans with rights failed, shocking the backers who thought the amendments were blessed by God. In Washington state, meanwhile, voters ignored the NRA and passed background checks for gun buyers. Oregon, Alaska and the District of Columbia—home of our nation's capital—joined the fast-growing list of states that have decriminatized the use of marijuana. It's a signal that the message is getting through: The war on drugs is a failed policy, and it is ludicrous and crueit to lock people up and ruin their lives iust for smokin weed.

No, not all ballot initiatives that passed were good ones. But the fact that citizens in red states are tuning out the barrage of right-wing propaganda and passing measures in the true common interest can't be ignored. Progress takes a shellacking now and again, but it never stops.

AFFORDABLE OR DEPLORABLE?

INSURANCE GIANTS SMILE AS OBAMACARE MANDATES THE PURCHASE OF HEALTHCARE POLICIES.

The Republican Party regained control of the U.S. Senate, but the Affordable Care Act—aka Oberanacare—is here to stay. That's because the GOP always dances to the tune played by big money. President Oberna's healthcare reform has turned out to be a great source of profit for the insurance companies.

Son after the 2014 midterm elections The Wer Mork Times an story headlined "Health Wer Mork Times and story headlined "Health Care Law Rocasts Insurens as Othana Allies". Take hat, Ted Chur, The Republicans senator from Texas has persistently threatened to end Obamacae because he thinks it's bad for builness. Clearly heads to read the *Times* report, which clearls Michael F. Carmon, direction of health policy studies at the Cala Institute: "Insures and the government have developed a symbiotic reliabolity, nutrured by Iters of billions of collars that flow from the federal treasary to insures each year."

So much money is up for grabs that, as Times correspondent Robert Pear noted, "insures may soon be on a collision course with the Republican angent in the new Congress. Insurers, othen aligned with Republicans in the past, have built ther Ubusiness planes around the law (the Affordable Care Act) and will storuosaly reisel Republicane riftors to dismartle II. Since Mr. Obama signed the law, share prices of four of the major insurance companies— Aethan, Cigna, Humana and UniedHeath".

The reterical tension between Obana and the prominent insurance companies has been a smokescreen hiding their coay relationship ever since our President abandonad the socatile public option. That proposal of the Demcoratic Party's liberal wing would have set the indust States on a path to follow just about every other industrialized retator. The government assumer separationability to ensure the provision of needed healthcare to the citizeny as a human right rather than a source of portil.

Insurers were thrilled with the turn of fortune once Obama caved in on the public option, which could have been implemented by gradually extending Medicare coverage to younger age groups. (That federal program pays for hospital and medical care for elderly and disabled Americans.) Instead, Obamacare guaranteed private insurance companies a nationwide base of potential customers required by law to purchase healthcare plans.

Consider just one of this country's biggest insurers. As Forbes recently summarized in a headline, "Obamacare Brings WellPoint Even Bigger Profits Than Expected." The good news is that WellPoint is serving the needs of poorer Americans who qualify for Medicaid, which the federal government primarily underwrites.

This statisticing makes it to good a deal to ordexe event focas med states, such as Kentucky, that have benefited significantly from the program. Those 600 Povennors who continues to resist expanding Medicaid will ultimately bet viewed as turning arway a hean of money that outdo do more than washly improve and safeguard the lwes of their others. Those federal dollars can do double duby by encining insures and others in the private heathbrare sphere. cians who get in the way of their clients' profits.

The problem with Obamacare is not in providing services to those who quality for Medicaid or Medicare. Both programs are obviously cost-effective and humane. Unitended disease is cheaper than using emergency rooms as public clinics. Rather, the problem is holding down the costs to the rest of the opoulation that isn't eligible for Medicaid or Medicare.

The real challenge going forward is preventing insurers from ripping off prospective buyers in an unregulated market. It's very tempting now that so many Americans are mandated under penalty of law to purchase healthcare insurance without any serious government restraint on the cost of coverage.

But don't expect the Republicans who now control Congress to amend Obamacare to hold down prices for those of us obligated to buy healthcare insurance. That expense will inevitably increase as the almighty insurance companies continue to stick us, like the Mafia, with offers we can't refuse.

"It's clear that we won't win another Presidential election unless we can appeal to women, the elderly, students, blacks, Latinos, gays, the middle class and the poor. So the question is: How do we effectively *lie* to all these people?!"

DOLLAR DEMOCRACY

POLITICIANS ARE BANKROLLED BY MEGABUCK DONORS EXPECTING TO BE REPAID WITH LUCRATIVE FAVORS. BUT THERE IS A WAY TO ENSURE THAT MOST AMERICANS WILL NO LONGER GET THE SHAFT.

The naked truth has been exposed, and it's not a pretty picturel American Democracy. May elected officials are bought by campaign contributions from superrich invividuals and big corporations. During the 2012 election season, Presidential and Congressional candides and their supporters raised and spert over \$5.2 billion. The bulk cane from the wealities can e-kind if 1% of the US, population. As Will Flogsrs outpopt, "Amerians has the best politicians money can bug."

Superrich individuals and lobbyists hired by corporations can walk into the offices of lawmakers to whom they domated and ask cuts, tax loopholes, subsidies and deregulation. As a result, our politicians often give their benefactors what they want and deny America's middle class and poor an equal opportunity to have their needs met: universal healthcare, more high-paying jobs, funding for small business growth to stimulate economic recovery, research and development of new technologies, world-class public schools, after-school programs and affordable college tution.

Bought lawmakers have created corporate tax topohoes at the state and federal levels. such as the stock-option tax loophoe. distoring tax loophole and ol-severance tax loophole. These have been used by Facebook, Apple and Devron, annog others, lo legally add millions and Delmos in taxes while receiving hundreds of millions of dollars in corporate "wellers" from the government. Bought lawmakers have also cut taxes overheimingly for the super wealtyn, many of

"I don't understand why this country is always fretting about unemployment figures. I'm very happy, and I've never had a job in my life!"

whom are their foremost campaign donors.

In my new book Dotar Democracy, Will Liberty and Justice for Some: how to Reclaim the American Deam for All you'll find out how millions of typical Americans were victimized by Dolar Democracy through no fault of their own. While the superich and corporations og the shaft. Because most opticitians have sided with their wealthy donors, the rich are getting incher, the poor are getting poore; and the middle class is disappearing. Here are some of the outragoous manifestations of Dolar Democracy:

 Our country's 400 richest people (or families) have the same aggregate net worth as 150 million ordinary Americans—half the population!

 The ratio of the average CEO's salary to the average worker's salary is 331 to 1, up from 40 to 1 in 1980.

• The top 1% captured 93% of the new income generated since 2009—the technical "end" of the Great Recession.

 College graduates have outstanding student loans totaling \$1.2 trillion, an average of \$26,000 per student-borrower.

 A CNN/ORC International poll indicates that 59% of adults think the American Dream has become impossible for most to achieve.

 If the current trends continue, this generation will be the first in modern U.S. history to do worse financially than their parents.

No surprise here. Most Americans believe that the superrich and powerful corporations have bought access to elected officials of both major parties. Here's how unscrupulous our politicians have become. These hired guns are:

 selling out the American Dream by outsourcing high-paying middle-class jobs through free trade, not fair trade;

 dismantling public schools, colleges and universities to the detriment of middle-class and poor Americans (the 99%);

·blocking healthcare for all Americans;

destroying our environment for immediate profits;

 endangering our food and drinking water by allowing agribusiness corporations to use harmful pesticides and to market food containing unhealthy, poorly tested genetically modified organisms (GMOs);

 giving Wall Street the gold mine and Main Street the shaft.

According to Rolling Stone reporter Matt Taibbi, through planned deception, 99% of

PETER MATHEWS

the \$767-billion bailout provided full recovery and prosperity for Wall Street investment banks and financial institutions; only 1% of the bailout funds went to struggling homeowners.

Lawmakers are favoring their fat-cat donors over Americans enduring severe hardships. Here are some noteworthy examples:

Briana Lane, a 22-year-old from Utbh, loses control of here car on an icy road and is thrown through the windshield. To treat the acident victim brain swelling and beleding, doctors remove the left side of her skull. This is shocking enough. Worse still, the uninsured waitress is sent home—with her scalp sown over the paping hole in her head—because the hospital and Medicaid cannot agree on who should apt the bill. After a painful and hornfhying four-month wait, Lane finally undergoes surgery to reattach the missing piece of bone, which had been stored in a hospital freezer during the impasse.

Manny Arroyo, a 62-year-old Nevada resident and decade-long employee of a large corporation, thinks he has' full healthace coverage—weath his wide succumbs to brain cancer and he's study with apportmately \$10,000 in 'copayments.'' This debt is a heavy enough burden to the grieving widower. Even more hearbneaking for Arroyo is ha belief that the couple's healthcare provides hadh't delayed specialized diaprosiand treatment, his wide's cancer may have been detected and properly dealt with before it killed her.

Because of Dollar Democracy, Obamacare—while a small step in the right direction—will not adequately address the needs of people like Briana Lane and Mamy Arroyo even when fully implemented. A singlepayer, Medicare-for-all program like Canpayer, Medicare-for-all program like Canda's universal healthcare system would have covered them across the board with no individual charges.

Rob McGann—a Boeing purchising agent from Pensacola, Potrola, with a master's degree in business administration—is laid of and finds part-line work at a Publik supermarket. McGann is looking for higher paying professional work, but potential employers say he is overqualified. Meanwhile, the drastie drop in income has left him silding precarlously out of the American middle class. "It's bugh." McGann says about his pipiht. "I still sup." It's something 1 think about not only all day and every day, but all the time."

California resident Sherry Hernandez's new bank refuses to honor the temporary loan

modification granted by her previous bank, then forecloses on the home she and her husband own. Hernandez has won a stay of eviction while the foreclosure is being appealed.

The above horror stories could have been avoided if America's politicians did not rely on privately financing their campaigns with donations from powerhouse corporations and filthy-rich individuals. (To find out who is bankrolling members of Congress and other elected officials, visit **OpenSecrets.org.**)

America must reject this Dollar Democracy and replace it with Real Democracy based on clean-money, publicly financed elections as practiced in Maine, Arizona and a few other states. Sur electid representatives will then be free to act on behalf of the "general Welfare" as mandated in the preamble to the upblic interest and to promote the "general Welfare" as mandated in the preamble to the constitution. American behavior to the other on deep-pocket benefactors with their own selftogether to negotiate fair trade, create more high-paying jobs and rebuild the middle class. But that's not all, of course. They should also implement a universal healthcare system that covers were yhereican and establish a tuition-free public education system from preschool through high school, vocational school, college and university.

ASSHOLE OF THE MONTH

If you want to make people think you're not racist, seist or anti-immigrant, jump into bed with a black, finst-peneration piece of ass. That's what the Republican Party did. Of course, the fact that you're banging a black chick will gradually wear of, and eventually you'l have to stop taking and acting like a sexist, racist prick too. That's grading to be the fough part for the party of Angry Old White Men. But right now they're just happy to have a good semener in the sex.

This Tea Party panderer with the porn-star name has been on our Asshole shortlist since well before she got tapped by a slim majority of in-bred Utah voters who hate the US, government to represent their hatred in—you guessed It—

the U.S. government! What could be better than a black Sarah Palin in a white-bread conservative stronghold who is willing to take potshots at the black President?

For the idiot mainstream press, the big story, of course, is that she's the first black formal herpublican in Congress and the first black Congresswoman from Ubah (even though she's really from New York), as well as the first Haitan-American elected to Congress. As far as we're concerned, rone of that Guinness World Records crapola means a goddamn thing compared to her actual politics.

tronically, Asshole Love got into politics because she was pissed off about all the flies bucking around in her adapted home of Saratoga Springs, Utah Rather than cut back on the stream of steming bulking the was spewing, the opportunist named herself community spokesperson and pestered a local developer to grays specifically flies called "midges," Love's boosters are fond of using the "War of the Midges" as an example of headstrong, grassroots initiative. To us it looks like the perfect launch for a career ful of craca and toxice emissions.

Midge-mongering Mia has full-throatedly adopted the Republican strategy—honed by the

MIA LOVE

likes of coulter, Pain and Bachmann—of packing as many taking-point farst into as few words as possible. She recently said Obama's intention to bipass 600° bothstuction of immigrart annesby by rearding to execute worker, sound's more like a dictatorship' than a democrazy. Consider the fact that as its withwere whis shunch to immigrant annesby and generally progressive policies. In the words of her own dad, Jean Bourdeau. "Nila is a clitean born in this country and at that time the country was livostable for children. I was very easy to do thing leagle by immigration way."

Well, quess what, Dad. Your daughter—mob valied for George W. Buch before you voted for Barack Obama—is now spiting in your face, pissing on the policies that allowed you to seek a better life to her hin America and option instead to align herself with Tea Partiers who stand at the border and yell at chitten's top back where they came from. Poor old Jean probably int's arymed. Min land atranky turned her back on her East Casat upbringing, moving to Utah and joining the Mormon cut. The ner digs Lumde out to be fretlig orund for her opportunism. She married a horry Mormon insissionary, delarder ware on midges and quickly ross to mayer of the crimson-red burg of Saratoga Springs. Love's race may not matter to us, but it sure as fuck matters to her. Just like her Haitian parents knew Mia was their ticket to naturalization, she knows that her skin color is her Republican nass. She's made it loud and clear that she's only too happy to go after her own. During her first failed bid for a Congressional seat, she swore to "join the Congressional Black Caucus and try to take that thing apart from the inside out " Why? Recause it's comprised of blacks who are Democrats. Love also pledged to go on a state's-rights rampage against any-

thing federal, including student loan programs (which, of course, helped her get where she is) and mount yet another futile offensive against Obamacare. If minority Americans desperately need it, Mia Love thinks it's a shameful "handout."

"President Obama's version of America is a vided one, "the tass said, "ptiting us against each other based on our income level, gender and social status." Indeed, people have often pondered how we can transcend our country's divides. Now we have the answer, and it's and and pathetic one: by trumping up a common emmy, in this case the fideral government. The ascension of Mai Love proves just how powerful the ideology of comenty can be.

We predict that what will matter to Mia Love sorts wort be the dwyl-oday grand of political wrangling; it'll be TV screen time. Love's first love is thesite, and that's how she approaches politics, as a guody spectache. Her big break, according to legend, was playing 'the oldest wroman allve' in the musical *Barmun*, By all accounts, especially from her fellow acknots back in the dx, Was is an otorious attention whore whor made sure she uptaged everyone else at all costs. Obviously, not much has changed. Thanks to her regressive and decrept workforky, a Syven-ol dM Lia Love is still playing the oldest woman allven the PT. Barmun thesis show known to the Text. Bart.

Cassidy Banks [Plunge In, January '15] has the most perfect, natural, juicy-looking tits! I just want to motorboat, suck and squeeze the hell out of them! And her eyes are mesmerizing! You guys have really outdone yourselves with this one! It makes up for the not-so-impressive photos of Natalie Storm [Tempestuous). I love Asian girls, and she's okay (she's no Marica Hase), but what the hell is up with all the zoomed-out shots of her? I want to see close-ups of her pink pussy. not a wide-shot of the trees and other bullshit around her! Not a fan of this attempt at being "artsy." I can't jack off to it! Your Tegan Summers layout [Slippery] was pretty hot too though, so one blip in this issue won't deter me. And goddamn. Sunny Leone [Luxury Cooze]! Some stars are diamonds in the rough. and Ms. Leone sure is one of them! Every time I get a new issue of HUSTLER in the mail, my cock tinales with excitement!

Never Give Up

I heard the unfortunate news about Larry's daughter Lisa, and I offer him my sincere condolences. Since we're both liberals, there's more to feel down about after the election results. Nevertheless. Larry has inspired many people never to give up the fight and to keep standing up for what one believes in, so I don't plan on backing down either. HUSTLER DIGS DEEP TO TEACH YOU HOW TO GET THE MOST OUT OF YOUR LAP DANCE—AND HOW NOT TO MEET THE PAVEMENT FACE FIRST.

BY M. ALLEN NATHAN PHOTOGRAPHY BY WILFERD GUENTHOER & COURTESY HUSTLER CLUB LAS VEGAS

n the night of May 9th, 2013, in a tourist district of Mexico City known for roving mariachi and seedy strip joints, Malcolm Shabazz, the grandson of legendary civil rights activist Malcolm

X, was beaten to death in the street by two waiters in a dispute over a \$1,200 bar tab.

Malcoim and a budy had spent the evening being hustled for drinks and lap dances at a local titly bar. When the bill for the evening's festivities was presented, the management demanded that they either pay up or get their assoc kicked—and then pay up anyway. Malcoim opted to fight, and died several hours later in a local hospital.

It was a totally, one hundred percent avoidable tragedy. Had someone gone over simple strip club etiquette with him before that fateful night, Mr. Malcom Shabazz would be alive today and looking forward to enjoying lap dances well into his golden years. To get the definitive dope on strip club dos and don'ts, I traveled to the pussy equivalent of source Perrier, the best strip club in America, a club that sets the bar for ambiance, customer service and first-class pussy—Larv Flvrt's Hustler Club. New York Cltv.

No one's joing to beat you to death over a ba'r tab at his place. It's a safe, upscale environment. "We've created a true gentleman's club," explains the manager, Anthory Mario. "It's more than just a luxuriousty decorated space with beautiful women. It's a meeting place, a place to relax or do business—all in a low-key atmosphere."

Biah, blah, blah, this till a strip joint, which means its focus is vice, specifically the ever popular but expensive combination of alcohol and naked women. Anyone with half a brain connected to a penis knows that you better bring a well-filled wallet if you want to have a good time. In the words of Amber, a drop-dead gorgous, Hustler Cub WYC exotic dancer, "Honey costs money," >>

hat's rule number one. Here are several more observations all gentleman club patrons should take to heart in order to both maximize their experience and, in the case of "south of the border" excursions, guarantee their continued good health.

Let's start with out-of-country clubs. Protect your balls. That doesn't mean you have to suit up with a steel cup like an NHL goalle. It just means that you need to be aware that chunging a beer and ogling twat in a country where the average wage earner makes two bucks a day is a riskier proposition than enjoying that same experience in New York ro Vegas.

Adult destinations in Latin America and Asia have long been known for quality powsy at bargain basement prices—and rd. Shit happens, especially once you're outside of major U.S. cities, so aski questions up forut. Clarify the price of that bargain bolykob you through you negotiated with your high school Spanish before you get to odruk to sort out your finib lik. And they don't Dances at strip clubs are entertainers, not notwers. That doesn't that most strippers deal in the *instasy* of sex, not the reality. So if pensis insertion ain't granta happen, let it go. If you start acting like a jitted lover to the laides, be prepared to meet several guys who probably work out a helfuns at time that most strippen in you to parement. Want to talk your heart out? Confess your dreams, your hopes and frustrations to a great listener who happens to be wearing a G-string and glitter makeup on her boobs? Fine. Go ahead. But be aware that even if you've knocked back a half dozen martinis and are now convinced you're cooler than James Bond, your spellbound companion will likely sashay away in her high heels the instant you stop awing for a steady stream of drinks or lad dances.

Why would someone do such a miserable, cunt move? Because of another important, not well understood strip club fact that bears stating. Just like their customers, performers work for a living. Hot, dirty chicks have expenses too. Hair, makeup, costumes, food, phone, gas and electric all cost money; i.e., the ladies' time requires your money.

But what if you find the ideal woman—the one you've been searching for your whole iffe—right there at the pussy bar? What if, much to your surprise, as you gaze at a closely shaved vagina on a dingy stage, you're hit by a

thunderbolt of love. The woman of your dreams, the one who completes you emotionally, the one who you want to bear your children and grow old with, amazingly happens to be shaking her ass and flashing her pussy for tips at a topless joint near the airport. What's a guy to do?

Nothing, Don't fall for some bullshitt scam from a dancer/con attive hos says she's falling for you. She's not. She's just good at her job. Which is a dancer/con attive hosp she's falling for you. She's not. She's just good at her job. Which is a favor and don't express genuine, gooey, romanler, affectionate behavior and embarrass yourself. Jades who work at stip: clubs deal in volume. (Think of a club like a Wallmart, with the pussies designed to scan dicks.) Shippers don't go gaga over customers who act like low-side. Don't because she's grinding her half-naked body on your croth. Act polite and respective, in cruespy, and maybe you'll get a little extra "routside your lean" rubbing time thrown in off the clock.

THE WOMAN OF YOUR DREAMS, THE ONE WHO COMPLETES YOU EMOTIONALLY, HAPPENS TO BE FLASHING HER PUSSY FOR TIPS AT A TOPLESS JOINT.

Strip clubs simply want you to get a hard-on. That's the goal—to make your dick feel good. (Remember, that's feel good, not great). So once you're hard and horny, mellow out, sip your drink and enjoy the up close and personal majestic scenery of nearly naked, beautiful babes.

As Amber from the Hustler Club wisely observes, "All the customer has to do is relax. We'll do the rest. Just don't forget the money."

"Why you gotta go out and spend good money at a strip club, when I can strip for you right here at home?"

newspaper reporter visited a local А couple celebrating their 50th wedding anniversary to ask about the secret to their long and happy marriage. The husband confided. "Well, I'd say it dates back to our honeymoon. We rode by horse to the bottom of the Grand Canvon, but we hadn't gone too far when my wife's horse stumbled. My wife stared at the horse and said quietly. 'That's once.' A little farther down the trail her horse stumbled again. and this time she nearly fell off 'That's twice.' she muttered. Half a mile more. and the horse tripped for the third time. My new bride climbed down from the horse, calmly removed a revolver from her purse and shot the animal dead.

"'What the hell is wrong with you, woman?' I shouted. 'Why did you shoot that poor horse like that? Are you fucking insane?'

"My wife just stared at me and said quietty, 'That's once.' And since then we've been happily married."

Answer: Fertilizer.

In tears, Mary Clancy went up to Father O'Grady after his Sunday morning service.

"Oh, Father, I've got just awful news! My husband passed away last night."

"I'm so sorry, Mary. That's terrible. Tell me, my dear, did he have any last requests?" "That he did."

The priest put his arm around Mary. "And what did he ask for, my child?" "He said, 'Mary, please! Put down that damn gun!"

Question: Why is whiskey such a popular drink?

Answer: It makes you see double and feel single.

After perishing in a tragic accident, four celebrities appeared in St. Peter's waiting room. A booming voice came over the intercom telling Hugh Jackman to go to Room 1. There he saw a huge wild boar, and the voice said, "Mr. Jackman, you have sinned and must spend eternity with this swine."

Daniel Craig was then sent to Room 2, where he found a rabid rottweiler waiting. The voice declared, "Mr. Craig, you have sinned and must spend eternity with this mad doo!"

Next Gary Busey was directed to Room 3, where to his great delight he gazed upon the beautiful Olivia Wilde.

The voice bellowed, "Ms. Wilde, you have sinned."

LOUNGE LIZARD EXTRAORDINATRE

The King of Bad Taste tells us why political correctness sucks,

why Andy Kaufman will come back (even though he's dead), why hookers need to be inspected (by him) and why Tony, just in general, doesn't give a shit.

INTERVIEW BY KEITH VALCOURT PHOTOGRAPHY COURTESY DAVE KAPP

Its late at night on Holywood's Sumed Stife, and suffy figure a cheap tuxdo is simped in the back booth of the Cornedy Store nightchun, nursing ajass of Jack Store Inghtchun, nursing views, nasally coro renditions of cheves 7 f/s hits like "Rhinestone Covidoy" and ham it up with a very of purlesgue tark. That man is none other than self-proclaimed International Singing Sensation Tony Oliflon.

Who the fuck is Tony Cliffon/ shr. the dead? Good questions, but not so easy to answer. Tony Cliffon was the sleagy after ego of notorius prankster comic Andy Kaufman's best friend Bob Yaudia, awell as Jim Carrey and Paul Giamatti in the Kaufman biopic Mar on the Moon. But this lounge-singer train wreck claims to be the real deal, the original Tony Clifton. Who you groma believe? >>

A lot of people come up to me. Unless you're a hot chick with nice titlies, I'm not going to fucking remember you.

HUSTLER: Why does everyone think Tony Clifton is a character created by Andy Kaufman?

TOWY CLFTON: It all goes hack to 1969. Kaufman, the pimply little Jewish kid, wert to Las Vegas to try to meet his idd Evis Presky, He ended up wandering down to Fremont Street in old Las Vegas. He walked into a club and saw me. My greatness blew him away. Kaufman wasant famous at the fitme. Two years later, when he hit, he startd doing an impression of me. So here's where the idea care about that I was a fictional character. Something kaufman dreamed up? Nol He saw me, the real gay, and started doing an impression. It's like they say, imitation is the hipsels from of flattery.

How did you end up opening for him at Carnegie Hall in New York?

At first I didn't know about it. I was still in Las Vegas, and a couple of people came up and said, 'I haar you're playing Carnegie Hall. You're opening for Andy Kaufman.' I didn't even know who the fuck Kaufman was. I did some research and found out Kaufman was represented by a guy named George Shapiro. If you saw the movie *Man on the Moon*, George Shapiro vas played by that midget.

Danny DeVito?

Yeah, the midget DeVito. He's a legal midget in eight states. So I contacted the real George Shapion. He didn't want to take my calls, kept dodging me. I was standing at a pay phone putting the corism i, and I could hear Shapion and his secretary laughing in the background. What the fuck? I Maybe they thought it was Kaufman playing a joke. So 1g of myself a Jew lawyer. That's what you gotta do. Jew against Jew. Sheeny basted against sheeny basted. They thought I was gonn as us. I said, "I don't want to use anybody! Just use me for the show! I'm a performer. Kaufman saw me."

Where did you first meet Kaufman?

Carnegie Hall. He said he introduced himself to me years before when he came to my show at that club on Fremont Street in old Las Vegas, but I don't remember the kid. A tot of people come up to me. Unless you're a hot chick with nice th Hes, I'm not going to fucking remember you. At Carnegie Hail, Kaufman came up to me. He was very nice. He apologized. We did a number together.

At that show he hatched this plan. He said, "Listen, I want to book you on things, and people will think you are me." What the fuck did I care? "What's it fucking pay?!" was all I needed to know, Kaufman was screwy. He liked screwing with peoje's heads. It was non *David Letterman*. Go to volutible and look up that clip from 31 years ago, and you'll see it's the same fucking guy. Me!

"I'm also going after the wetbacks, the Jews—those sheeny bastards the dumb Polacks, I don't give a shit."

They would have eventually realized I'm not Kaufman, but then the fucking cat dies. Or fakes his death. I'm not sure what the fuck happened. When he died or supposedly died, the shit hit the fan. I couldn't perform anymore. When I vent onstage, people kept shouting, 'You're Andy Kaufman! Admit tti'

I said, "You wanna see Andy Kaufman? Get yourself a shovel!"

You said Kaufman faked his death? Now you say he's dead. Which is it?

Lynne Margulies, who was Kaufman's girtfriend, said he taliked to her and his manager and his friends about faking his death. He thought it would be the biggest prank of all time. He told her that if he were to fake his death, he would stay away for 30 years because a year or two would be bulishit.

If Kaufman shows up, what will you say to him?

I'd say that's a heliva prank to pull I'l tell ya, if anybody, could ok I, if would be him. He had bails. The things he had me do. I went on *Letterman* three times. And every time David, that asshots, brought I was skutman. The last lime David turned to me in a commercial break and said, 'Andy, if I diorit know I was you, I would swent I'was someoth else." And he laughed. I couldr't say anything. I was sworn to scercey, Home wei di Aan or the Koon, I'm Carry asside Letterman how he felt years later knowing that Kumman and I had bambotceh thim. He wan't happy about It.

What's your show like these days?

You know me. I'm always on the prowl for new bitches. The

girls in the show are all new. The band is all new except for a couple of niggers I got from New Orleans. I'm a Chicago boy; we use the word *nigger* freely there.

You use that word in front of the band?

Sure I do. I'm paying them. That's how I talk. I don't bullshit. People make-believe it's not politically correct. I don't buy into that. Nobody employs more fucking jungle bunnies than mel They are great horn players.

How can you get away with racial slurs when people like Michael Richards and Daniel Tosh have to apologize?

Did Tosh apologita? Then the's stupid! i don't know why he would. As part of my show, we do a timular to Michael Richards. This is really tailbairing. [*During the show Cillion* has the entire audience stand up and scream "Nieger!" five limes. Surprisingly, most of the crowd to it glady, he then tails them from the video for 50 backs.] Encopy is enough with this PC staff. It's all builshit anyway. I don't give a shit. I don't o along with thema. Invert fuckion did.

Does the audience ever get offended?

Some of them do. Some boyfninds like to bring their girls. Maybe they are planning on breaking up with them or something. But if they hang around long enough, they see that I'm not just pointing to the fucking jugabos. I'm also going after the wetbacks, the Jews—those sheeny bastards—the dumP bolacis. I don't give a shit. Call me a selfish motherfucker, but j just do what I do. One critic said, "Tory Giffon says thins that Howard Shem wouldn't dare say." >>

¹¹¹ They bring the young new girls in, and Uncle Tony is the first one to make sure she does it right... Make sure she knows how to give a blowjob correctly.¹¹¹

Are you a HUSTLER fan?

I have always been a big fucking fan of Larry Frynt and what he has been able to do. I like Hefner, but Larry is the real deal. And we have mutual friends in Donnis hof form the Moonitle BunnyRanch. A fine establishment. I ve known the grifs of years. Dennis even has a suite there with my name on t. I'm kind of the "Inspector General" there. They bring the young new girls in, and Unche Tony is the first. I give hor one to make sure she does it right. I give hor the check to make sure there's no disease. Make sure she knows how to give a blowjob correctly. Fucking right! Then I pass the information on to Dennis.

Who's better in bed, groupies or BunnyRanch girls?

BunnyRanch girls. Because they're pros. Charlie Sheen had the greatest line ever. He said, "I don't pay a prostitute for sex. I pay her to leave." That should be chiseled in stone. A groupie? Yeah, the sex is good, and you don't have to pay for it. But you can't shake 'em. Sometimes groupies are a bit too filthy. I used to have a pre-show ritual that I learned from Pavarotti. All the great opera singers do it. Their groupies would give them blowjobs before the shows so they would be relaxed more. Good for the voice. The more relaxed you are, the better you're oonna sing.

Got any advice on how to get laid?

Women usually chase me because I've got the celebrity thing going. I see women who nor-

mally wouldn't fuck a stranger, but then they see you onstage and will give it up right away. I know women who won't fuck niggers, but when they watch the way my niggers blow their homs onstage, they blow them after the show. Guys, wanna get laid? Get famous! Or just go to the Bunnyfanch and gay for it!

If you wanna fuck my daughter, you better fuck me too! What mom hasn't said that? As India Summer ably demonstrates in this ultraeducational movie, a mom's job is to comfort her spawn's spurned boyfriends, then reunite those crazy kids with a stupid-hot incestuous threeway! Who says family values are dead? India and Kelly are ball-drainers, but Monique Alexander's seduction of her daughter's dude reminds us that real cum-sucking fuckability never fades. Creaming Monique is easy; topping her not so. But veteran vagina Julia Ann and her pussylapping offspring Sara Luvy give it a good, whack-worthy try. Hold your load, though, for the lovely, lived-in labia of gym rat Sarah Jessie, followed by a scorcher with Nikki Benz and a fuckdoll who probably has no idea she's in the presence of porn royalty. Stocked with ageless hardcore legends, MILF Banged #2 ends up being more that the sum of its private parts. HUSTLER VIDEO. DIRECTOR: OTTO BAUER. STARRING: KENDALL WHITE, STEVIE SHAE, CAMERON CANADA, CARTER CRUISE, AVA TAYLOR, MARCO BANDERAS, EVAN STONE, MARK ZANE, RICHIE CALHOUN & BILLY GLDE.

If you've seen one Barely Legal flick, you have NOT seen them all! This one starts out deliciously trashy, with girls who look like they were scooped out of the local trailer park. (We mean that in a nice way.) Kendall White, though, is the real discovery here. She's not some genuine good looks and an unforced way of acting as though she might actually be enjoying it-that is, if you can tell in the murky natural lighting. This movie's other gem is one of our faves: Ava Taylor, who you've seen glorify HUSTLER's pages in our August and November '14 issues. Striking the right Barely Legal blend of awkward and aroused. Ava shines through this installment's raw, point-and-shoot production values. And here's an extra factoid to make your viewing experience weirder: The dude in the last scene fucking Carter Cruise is none other than the late Billy Glide. He's the guy who supposedly thought he was badass enough to survive a rattlesnake bite. Turns out his true croak cause probably came in pill form, R.I.P., Mr. Glide, To order Barely Legal #143, call 800-763-8271 ext. 7675 or visit HustlerStore.com -M.L

Why do the hottest chicks-who have to do less than zero to get attention-crave it the most? It's a deep psychological mystery (well, maybe not that deep). What matters is that this particular addiction will make a girl take a random load in the face just to feel less invisible. (Yep, that's the sad, slutty world we live in.) The five approval-hungry asses on this disc do a decent job of grabbing your attention-not to mention every dick within reach. Trashy bleach-blond Anikka, who's in jail for some unexplained reason (being a pubic nuisance?) gets the whoring started with a conjugal. cunt-stuffing visit. The second scene is basically the first one all over again with a different name. (Let's stay awake out there, porn editors!) Enter the brunettes to save the day. If attentiveness is measured in total cum volume, the final trio are headed for an overdose, with Katie St. Ives-the relative veteran in the lineuprighteously stepping in for the finale. Katie just barely saves the flick from being a standard distraction. You won't fall in love with this one, but let's face it: That's the worst thing you could do with an attention whore anyway. -M.J.

LULA

"I like pretty much anything to do with being naked, sex most of all," admits Lula, 19, an "outgoing" cook from Tulsa. Oklahoma, who's testing the risqué-modeling waters with resolve: "I want to be damn good at this!" she emphasizes. Lula's also a damn good ukelele player and pianist, but when feeling amorously playful, she doesn't always yearn for a penis. "I love doogy fucking, eating pussy and masturbating," Lula reveals along with a nasty fancy that many gals disdain. "I love anal sex," the 5-foot-3 piercing aficionada asserts. "I have my best orgasms when I'm being fucked in the ass while a girl is sitting on my face." While sitting in front of a TV, Lula soaks up Psych, The L Word and It's Always Sunny in Philadelphia, but what really psychs her up is being a horny hostess: "I like to invite all my girlfriends over for a nude party and lesbian orgy." -Photos by Kickback Productions

CRYSTAL JON

"I'm too naughty and adventurous to stay at a job where you must wear clothing and behave yourself," reckons Crystal Jon, 35, from Winslow, Arizona. "I've had a bunch of them. I even worked on a farm one summer and was an assistant coordinator for a chamber of commerce. But I've never experienced such a sense of achievement as I do providing my services at Love Ranch North." That's one of Dennis Hof's legal brothels in Nevada, and here's what's cookin' when Crystal welcomes guests to her chamber of instant comeraderie: "My favorite way to please a guy is giving him a blowiob. I'm very good. I've been told I could win any contest I entered." We believe the 5-foot-2 fellatio whiz could hold her own in a Lauren Bacall lookalike contest. Cast as sultry Marie "Slim" Browning in the 1944 classic To Have and Have Not. Bacall coos. "Just out your lips together and blow." The legendary line was scripted as a whistling lesson for Humphrey Bogart's character, but there's been decades of debate: Did director Howard Hawks find a way to skirt the era's strict censorship code? Was Slim subtly touting her oral prowess? Crystal, a fervent Seattle Seahawks fan whose fave flick is Thelma & Louise, abides by her own cinematic code of conduct: "It's tough for a guy to watch a movie with me because I usually end up on my knees about ten minutes into it and riding his dick in about 20." -Photos by John Cole

CASSIE

Maiestically thrusting herself into our latest coozefest is Cassie, 22, a recent college grad from Santa Cruz, California. "I thought it would be fun and something different." she reflects. Her career aspiration is certainly different. "I want to be an enema nurse," states the 5-foot-3 greenhorn model, whose leisure-time activities include going to the beach and watching Law & Order and America's Got Talent. But her pet pastime is being cornholed. "I just got into anal." Cassie oushes. "I was afraid to try it. Now I love it. My orgasms are super awesome when I finger my clit as I get fucked in the ass." Cassie is raring for bliss just about anywhere.

sometimes as a talented distraction: "I love to give a guy head while we're watching TV" She's also a mobile lass: "I had sex in a movie theater. I jumped on top of my boyfriend and rode him cowgirl." Before writhing off into the sunset, Cassie gleefully discloses, "A double pen by two guys isn't a fantasy anymore!" — *Photos by Friend*

"I've been double-pen etrated, veejay and ass, but I'd like a third lollipop in my mouth next time!"
