Angela Sommers

Angela Sommers

What nationality are you / where were you born? I am Italian/American born and raised in Queens New York

How did you begin your career as a model? I started doing bikini contests at car shows and got offered my first magazine cover at a show, and the rest is history

Describe yourself in one sentence? I am a creative, fun, down to earth girl whos not afraid to brake a nail

What do you do with your free time? I do alot of traveling, i like to see new places and different cultures. When Im home I like to go out with my friends for drinks at our favorite local bar/lounge and relax. Im always busy with my modeling career so any time to just relax and do nothing is a wonderful thing.

What is your current relationship status? Im currently in a relationship, he is very suportive of my modeling career and that is very important.

What kind of clothing on a guy would catch your attention? I like guys who show off nice arms in a Ginny T or a wife beater shirt, with jeans and boots.

What's the perfect date if someone was to take you out? Im not complicated or fussy when it comes to dates, I like a nice dinner were we can talk and get to know each other, ending with drinks at a lounge, nice and relaxing.

If a guy had 5 minutes to get your attention, what should he do? Notice something not obviusse about me, showing me that he is really paying attention to me.

What is the most memorable pick up line a guy has used on you? Did it work? a guy called me over to him useing his finger. when i got over to him he said " I just made you "cum" with one finger, imagine what i could do with my whole body!?" he got me to laugh, but did it work, no:)

What are your pet peeves? snooty guys, guys who are cheap, and when someone dosnt make eye contact with me when Im talking with them.

What do you have a weakness for? anything Chocolate, fancy product packaging (like Victoria's Secret)

What 3 things can't you live without? Coffee, my mascara, the Gym

How do you maintain that amazing body? I work out 4 to 5 times a week and eat really healthy food. i follow a "Clean Eating" diet, witch is mostly whole foods.

What's your sexiest feature? I think it is my eyes, but guys say I have alot of other sexy parts too:) lol

T-Shirt and Panties or Commando? Commando

What is your preference and why: Morning Love, Nooner, or Late Night Get Right? I like Late night the best, after the day is done and there is nothing else on your mind but each other. morning and noon is good to though:) lol

One bedroom tip for men? Listen to what she likes (and remember it) and take your time warming her up. dont be to hasty.

If you weren't a model what would you be? A princess of course:)

What are the Advantages of being a model? I get tons of free clothes from designers, and travel for free. i also like the respect i get from people when they see that I am an acomplished model.

What is the weirdest thing that ever happened to you? I had an online faker and she would email me, very angry, telling me that I was a fake and that she was the real Angela Sommers. she would even have her friends email me telling me to stop faking her. i eventually had her stopped. Pretty creepy huh?

What in store for you in the future? I am working 150% right now on my modeling career and seeing how far it takes me. I want to be the next Carmen Electra or Pamela Anderson. The next American Pinup girl!

“Listen to what she likes (and remember it) and take your time warming her up, don't be too hasty.”

10 TIPS!

On how to ensure the perfect lap dance!

- 1. Confidence-** Confidence is key when doing anything out of your comfort zone. Instead of downplaying your assets, flaunt them. Men love them. They don't care about or notice that dimple you think you have on your butt.
- 2. Set the mood-** The lap dance doesn't necessarily have to be in a strip club. It's also nice to do at home. Dim the lights, just a little. Men love to watch the dance even more than the feeling you grind on their lap.
- 3. Lingerie-** Wear something little and sexy, but leave something to the imagination. Yes, this is the time to go to Victoria's Secret and buy the beautiful lacy number you saw, but wouldn't buy because you thought nobody would really see it.
- 4. Touch Yourself-** Look down and rub yourself over the top of your clothing. Men love to see women enjoying their bodies. Run your hands slowly over your butt, stomach and breasts. Hold out from the 'nether regions' for the time being. You will turn him on more if you look like you are enjoying yourself and turning yourself on.
- 5. "The Turn"-** While giving the man a lap dance, this move is when you turn around occasionally. Every guy wants to see every asset you have. And many men are ass men...more than you'd think.
- 6. Don't rush-** Yes, lots of guys are "minute men". They simply don't want to wait for you to climax. They do what they have to do in roughly 60 seconds, just to achieve satisfaction. However, lap dancing is something men could sit through for hours.
- 7. Eye Contact-** Men aren't going to feel a sexual attraction to you if you avoid looking into his eyes. You are seducing him with your eyes. Look at him with a sexy thought in mind, look down at your body, and then look back at him.
- 8. Get in his space-** Get close to him for a bit and let him smell your scent. First, move forward with your hands on the arms of the chair so you can lean in. Stick your butt towards his lap and grind into him slightly. Then go back. After driving him crazy when you are in his space, with him unable to touch you, back away and dance slowly so he can see what he may get if he's a 'good boy'.
- 9. Talk Naughty-** One of the biggest sex organs is your mind. You may feel silly at first, but trust me, when you see his reaction you'll be sold.
- 10. Take a field trip-** Today, it is totally acceptable for a woman to be seen in a strip club. Study the other girls moves. You could even buy yourself a lap dance.... it might even be the best teacher.
