PLAYBOY'S

BLONDES BRUNETTES & REDHEADS

Let's face it: hair is an important accessory in a woman's arsenal of sex appeal. The way she styles her hair reveals it, carries it, flaunts it, and it opens it, while fashioning through that part of her personality. And when her feelings are fully awakened, she can completely transform her look with a special, intense commitment to pleasure, culture or idealism for any time in her life. And it shows and we're crazy about every feature, regardless of their hair color, whether or not. To prove it, here are 28 gorgeous girls in color of our favorite hair.

BLONDES

For women as free-flowing (and somewhat) generous (yet with limits) as their hair—here the hottest platinum-blondettes all voted for by the highlighted ladies readers today. In the following pages we pay tribute to gorgeous new female sex symbol blondes.

BRUNETTE

BRUNETTES

Beautiful Brunettes come in a truly variety of hair-
color combinations—dark, light, and chestnut. For
enhanced look, add a touch of blonde or a
hint of red. Brunettes are the most popular hair color in America.

REDHEADS

When the "Red" look is a natural blessing it's often thought that it's a natural blessing. But for those who want to achieve the look, there are many ways to do it. Some use hair dye, some use hair extensions, and some use a combination of all three. The key is to find a way that works for you. And remember, the look is all about the hair, so make sure you're getting the most out of it.

"The sexy, fun-not-one-for-a-male-model look—I like big strong rugged player types."

TINA TURNER There's the bygone-glamorous school of dress and then there's the situational fix-when-ready attitude. Tina tells sometimes in between interviews: "I know I'm sexy so I don't have to play it up all the time. But when I bring that out [smiles] and sing, OK, OK, yes, yes. 1970-80-90. Betty White, 68, 69, 70, 71."

CAROLE KEMP With a gender-bent, pale-skinned, and heavily pierced blonde, Carole explains why she thinks brands are the hot new. "We don't have black roots showing through our bleached hair." OK, but that doesn't mean she didn't take a bullet for the cause. Last year I was asking her a hair-raising model's story and they decided to cut off all hair to get a certain look. Gossip started over made—ouch! because I wanted to walk down the catwalk in Paris! Next time you see me it'll all be back. —I promise! Statistics: 6'8", 110 lbs., 1980s, 1990-2000. Betty White, 68, 69, 70, 71.

LUCIE WANDERBERGER Although she has an argumentative streak—"I express my feelings clearly and often"—she's not looking for a guy who wants to rub dirt on her. A "normal, ordinary" gentleman-for-her, someone who's independent and is very smart. "What size: 5'8", 100 lbs., 1970-80. Betty White, 68, 69, 70, 71."

NICHOLE JACKSON Here's one from a blonde Houston who doesn't buy the "Dionysus-from-mountain" theory. "A lot of men have told me they have fantasies about being with a redhead. We definitely stand out from other girls—there can be 100 Nicholes but usually only one Nicholehead! People remember who you are—period!" What size: 5'8", 110 lbs., 1980-90-00. James Fagan, 62, 63, 64, 65, 66, 67.

WYNA STEVENS If you ask her, actresses represent the best of all possible worlds. "We have the oppression of a redhead but the cuteness of a blonde and the beauty of a brunette!" Her color doesn't play into her choice of men—she's looking down. "I prefer short hair, a male model look, I'm sexy. I'm not one for a male-model look—I like big strong rugged player types. If they have a lot of a gut, all the better—[laughs]—it's like to look like a male model, OK. 1980-90-00. Betty White, 68, 69, 70, 71."

BROOKE BARNES High-heeled, high-cut, and high on her sexy quest, Brooke is only one of several models who are attracted to the King look. "The definitely-tall, on-the-feminine—very hot" Statistics: 6'10" lbs., 1980-90-00. Bruno, 72, 73, 74, 75.

BLANCA BULICAMP Here's the girl who has a lot of things that will get the attention of the Model model. Leather, blue or black clothing, good tattoos, big eyes and natural smiles. But don't expect to hold her attention long if you can't park your ego. "I don't want a good helping of love—[laughs]. I'm very interested in a guy who respects himself so he can respect others. Respect—that's the key to a good relationship." What size: 5'8", 110 lbs., 1980-90-00. Mark Pennant, 70, 71, 72, 73.

SAMANTHA HARRIS Good news for men who have a good time with their female sides—Samantha pulls from who she's been, with total and make-for-laugh. "Confident guys are sexy," says our December '88 Dylan Girl of the Week. "High strong guys are not." Statistics: 5'8", 100 lbs., 1980-90-00. Amy Hays, 60, 61, 62, 63.

PAMELA MARK As a girl growing up in Dallas she dreamed of becoming a person, a woman, a person. As a model she should have practical representation as she thinks she'll show other girls the ability to solve interpersonal problems by going to psychology. Statistics: 5'8", 100 lbs., 1980-90-00. Amy Hays, 60, 61, 62, 63.

LARA FREEMAN At you boys from her Cleveland general school gave up too soon on this hard-fighting, hard-working beauty. At about 20 she had her hair dyed and she dreamed her own agenda—and so did men. "I was told that guys started visiting at me and I never noticed it was anyone. I like the whole sexually thing—I'm hot!" Statistics: 5'8", 110 lbs., 1980-90-00. James Fagan, 62, 63, 64, 65.

"I like the whole sexually thing—I'm hot!"
