Sunaj, born in Amsterdam, is based in New York but draws inspiration from all over the world. We are a contemporary brand with a focus on luxurious graphic tees, leathers and knits with an urban chic attitude.

For Spring/Summer 15, our designer Bibi Janus draws inspiration from the contrast of structured pieces paired with romantic knits. The collection is created around finding the balance between fashion and comfort and playing into a vintage vibe with cool girls used as “muses”. Soft washed graphic distressed tees express the mood with sayings like - Dreamer & Lover, Muse, Sleep Under the Stars and Unicorn images.

Lots of whites and shades of grey are mixed with dreamy pastels and sophisticated accents of black and gold. Fabrics also play an important part of expressing the mood - broken knits, soft washed tees, stretch lace and washed lambskin.
