MUSIC:

The perfect art, never telling her last secret.

MUSIC is an aphrodisiac and raises the enjoyment of love: jazz elates, classical music makes sensual and blues relaxes. So it was just natural to create love toys with names like erotic melodies, playing true hymns of praise when masterly conducted – up to the last magnificent encore!

VIBRATO [ITALIAN]:

The slight trembling of the tone, caused by rapid repetitions.

VIBRATORS Close2you vibrators are a harmonious connection of classic and modernity. Their smooth shapes and discreet design adapt themselves to the body, their battery-driven "heart" fulfilling the required stimulation. Vaginal, anal and clitoral pleasures are provided just as perfect G-spot stimulation – and even HE will enjoy this versatile wellness programme.

The intensity is controllable in several, clearly defined modes. Everything is accessible – a passionate staccato mode as well as soft trembling. Enjoy the delightful intimacy of products of tested quality - waterproof, easy to clean and especially quiet, so your solo performance or a passionate duet is not interrupted by disturbing factors.

HARMONIA [INDO-EUROPEAN ORIGIN: HARMONY]

The consonance of tones (and feelings).

OPUS [ITALIAN]

Extraordinary artistic work.

OPUS This Latin word means extraordinarily artistic work and is therefore the perfect name for this love toy – the anatomically designed vibrator OPUS is a real master of lust. Its advantage is the 180° angle, allowing easy finding and stimulating of the deep-set G-spot, while outer hotspots are additionally stimulated.

RHAPSODIA A free, imaginative shape connects this beads strand with its musical equivalent. Suitable for vaginal or anal application. Stepwise inserting of three beads of different size provides perfectly measured arousal, while the moving vibro balls inside the beads provide stimulating vibrations. Soft or demanding – you decide the beat!
