INTERVIEW WITH THE FOOT MASTER

by Jessica Michaels

To commemorate the *Best of Ed Fox* issue of **LEG SHOW**, I thought it only fitting to turn over *Foot Notes* to the foot master himself. Although Ed's been shooting for **LEG SHOW** for over a decade, I realized I didn't know a whole lot about him. Like most accomplished artists, he tends to let his work do the talking. So I thought it was high time to learn more about the man behind the provocative photographs, and he graciously agreed to answer some questions about his favorite subject.

- Jessica Michaels

**LEG SHOW:** When and how did you realize that you have a passion for feet?

Ed Fox: I think I was a late bloomer. I didn't realize I had a foot fetish until I was about 15 years old. I was dating a girl with kind of big feet and she had big, beautiful toenails. That was the part of the foot I started to notice first. Since then it's progressed from the arch to the sole and most recently to the heel. A round heel really makes the arch look higher. I thought it was a little weird and started to research it in the library - yeah, books, since back then there was no internet. I remember the definition of fetish: a part of the body or something that you want to cum on. As a matter of fact, I called my first foot photo "X" because I was so embarrassed anyone would know I had a fetish. I didn't really know people were into feet until I came across an issue of **LEG SHOW**.

**LS:** Before they can purchase "real" porn, boys (and girls) sometimes spend time with the Sears catalog or Victoria's Secret. Did you have any special visual aids when you were younger?

EF: Damn, no one has ever asked me that one. Yeah, actually. I'd be so horny after watching girls flip their shoes off at the public library that I would grab any magazine that had a bare foot in the ad or article and would tear it out to take with me to the bathroom. I know - I'm horrible for defacing a magazine. I'd put a handful of that Borax soap that was next to the sink, you know, that dry, white granule soap, which felt like sandpaper on my dick, but with

a little water and/or spit, I'd have a good ol' time in the stall. Wow, that was a long time ago. But to answer your question, the first men's mags I got to jerk off to were *Playboy*, *Penthouse* and *Hustler*. I'd have to "borrow" them from my dad's drawer. Only thing that sucked was that most of the time the girl's feet were cropped!

**LS:** How did you get into photography? And when did you begin photographing beautiful women and their feet?

EF: After graduating from a junior college and being rejected from a big architecture school, I had no idea what I was going to do with my life. One weekend I was at a book store with my best friend Pablo and as usual he'd be in the music section and I'd be in the adult section. I can still hear the guy working there saying, "Don't get too comfortable back there, gentlemen." Anyway, I came across a special issue of *Playboy* called "Wet N' Wild Women". I flipped from back to front and immediately said, "That's what I want to do!" I applied to art college and was determined to shoot beautiful women. Not until about seven years after graduating did I have the courage to approach **LEG SHOW** and got my big break when Dian Hanson assigned a monthly theme to me.

**LS:** What is your favorite look for a foot -- dirty, stockinged, wet, powdered?

EF: I love dirty feet. A moist foot with some wrinkles from all the meat is good too. I do not like oil because you know it wouldn't feel good to rub all of the imperfections of a man's rough hands onto an oily foot. Creamy is the way to go for sure. Oh, and I hate it when my fiancée wipes the sweat on the carpet instead of on my face when she pulls off her shoes after a hard day's work. I always say, "No, you're wasting it!"

**LS:** You famously have a rating system. What are your criteria?

EF: Famously? Wow...I like that! I give one point for each part of the foot that gets a thumbs-up and a zero for a part that is just okay. I broke it down into ten parts which would give the perfect foot a score of ten.

## THE ED FOX RATING SYSTEM

- 1) Arch
  - 2) Heel
  - 3) Ball of the foot
  - 4) Toes
  - 5) Toenails
  - 6) Instep
  - 7) V-proportion - that's when you look at the sole and it either makes a "V" or it's straight like a ski. The "V" is more desirable.
  - 8) Piano cords -- the tendons at the top of her foot.
  - 9) Skin color
  - 10) Skin texture
- And they can pick up an extra point for odor!

**LS:** In terms of technique, how do you set up the shot to make the foot look its best?

EF: I usually tell a girl to go to a spot and pose and let her do her thing. Then I start fine-tuning the pose by either directing her or grabbing her leg and foot and twisting it into position. That saves time and is sometimes easier than trying to explain how to move it so it ends up looking tasty!

**LS:** How do you find your models?

EF: That's usually the number one question people ask me! That is the **EASIEST** thing for me to find. Funny, I can say that now because that used to be the **HARDEST** thing for me before the internet and when there was only **ONE** adult model agency. Now, I get emails from agents daily or every other day about models available to work. I also go to shows like *Erotica LA* and my yearly ritual, the **AVN** expo in Vegas the first weekend of January. I have been going there for the past 16 years or so. Sometimes some models refer each other and at times I get some fans requesting girls to shoot. By the way, locations are the hardest thing for me to find. If I had an endless list of cool places to shoot, well, maybe a budget too, then I could be shooting all the time. The only thing is, now that I think about it, I wouldn't shoot all the time because I like to stay fresh and only shoot when I feel like it - when I start getting "the itch" which is usually once a month, or every two or three months.

**LS:** Describe the photographic "seduction" of your models -- the sequence of events between seeing a beautiful pair of feet and the final result. Is there a feeling that you associate with the chase?

EF: It used to be more challenging and exciting to approach girls on the street and ask them to allow me to shoot their feet. My heart would pound harder and harder as I approached them and I'd get all nervous, but I'd have a sense of "Score!" if they agreed. With the models I hire now, I know they are going to bare

"I'd be so horny after watching girls flip their shoes off at the public library that I would grab any magazine that had a bare foot in the ad or article and tear it out to take with me to the bathroom."

their feet, so it kind of takes the "chase" portion of the score out. Also, towards the end of the day, I'm kind of burnt out on the girl and her feet since I've "had" them already. I know, I know -- I'm spoiled. I bet some of the **LEG SHOW** readers are saying, "What!! I could never get sick of that!"

**LS:** How do you like to treat a beautiful pair of feet? For instance, do you want to massage them, photograph them, wash them, et cetera?

EF: I love massaging a slightly moist bare foot for sure! No sucking -- I know, weird huh? I also like to put a moist foot on my face and sniff it. If they smell like popcorn or Doritos...ooh yeah!

1magazin-xxx.com

**LS:** How far have you gone (distance, inconvenience) to photograph a model? Any stories of outrageous dedication?

EF: I drove all the way from L.A. to shoot Tall Goddess in Vegas. I go out of the way, in some form or another, to shoot most of my layouts. I may drive hours to scout the perfect location and spend a lot of time shopping for wardrobe. Most of the clothes you see my models wearing are mine and are accented sometimes with their own garments. Shoes are 99.9% of the time mine because I HATE stripper heels and most of the models bring platform high heels.

**LS:** Have you ever met a civilian with great feet, and if so, how do you approach her with the idea without scaring her off?

EF: I actually have! My latest great find was Bambi Blu. She was an intern from out of state that was working at a friend's office. I couldn't help but notice her meaty, high arched feet when she was dangling her flip flops and couldn't resist asking her to pose her feet. Since she needed a little extra cash, she went for it! I used to approach girls on the street but was always scared of being rejected or being thought of as weird. They would always say, "My feet?" or "Why my feet?" Then I'd have to explain, without getting into too much detail. After a while I got better and more confident. I guess the trick is all in how you approach them. I always used to be asked for advice from amateur foot sites how to do it. I'd say, "Just approach them with confidence and not all weird and creepy." If I had to approach one on the street now, I probably wouldn't know how to! I'm so used to just hiring them from agencies.

**LS:** Do you have a wish list of celebrity feet you'd like to photograph? Any feet that got away?

EF: My celebrity wish list includes Victoria Silvstedt, Charlize Theron, Carmen Electra, Nicole Kidman, and Catherine Zeta-Jones. Feet that I did shoot already but unfortunately "went away" are Raylene and Temptress. I'd love to shoot them again.

**LS:** You once said, "I am a well-respected artist in an industry that is not well-respected." Has anyone ever given you a hard time because of what you do?

EF: Are you kidding? I am almost more pissed off than excited about my book coming out because so many people tried to discourage me, and that was when I only

wanted to shoot for *Playboy*. If they knew what I do now, they'd shit. Well, they are going to shit now anyway because I didn't listen to them and followed my heart instead. "It's degrading to women, you are stunting yourself, why why why?" is all I heard. I felt kind of like Rocky, how he would take all the punches and then he'd come back and WIN!

**LS: What is your second favorite female body part?**

EF: Do eyes count? If not, I don't know. I really love everything. I have a foot fetish, not a total disregard for the rest of her.

**LS:** Where do legs figure in your appreciation for feet?

EF: They are great, because they are right there above the feet and on the way to the prize -- her pussy! Although the prize can also really just be her feet.

**LS:** Of the feet you've photographed, whose are your favorite? Dita von Teese, Lezley Zen, Casey Parker? Alexandra Nice, Jenna Presley?

EF: I have no favorite. It's like asking, "Which from your fleet of luxury cars do you want to drive today, sir?" It depends on my mood, or I guess on which foot is in front of my face, ha, ha. Those are all great though!

**LS: LEG SHOW** readers will be thrilled to discover that you've got a book coming out with Taschen. Can you tell us a little about what we have to look forward to?

EF: My book is pretty much a collection of images I started shooting from 1997 to today. It contains some images that have never been printed before, plus outtakes from LEG SHOW and other magazine shoots. There are 280 pages and 71 models, all which can also be found on my site: [foodfactory.com](http://foodfactory.com). The book also comes with a one-hour bonus DVD — the \$39.99 is worth it for the DVD alone!

The book portion was easy to put together, but I spent a lot of time tweaking the DVD until it was done. It contains about ten short scenes and some trailers in between. Just to name a few of the models in the book and/or DVD: Dita von Teese, Katie Jordon, Casey Parker, Jenna Presley (cover girl), Valentina Vaughn, Tera Patrick, Ana Giovanni, Jewel D'Nyle, Roxy DeVille, Jelena Jensen, Tall Goddess and Catalina L'amour.

## Fragrant Foot Party

My wife is a sexual therapist and as such has added an interesting degree of flavor to our marriage. Not burdened by many of the provincial beliefs of so many within our society, she has kept our marriage open and interesting, encouraging experimentation and the sharing of our inner needs and desires. We have enjoyed an active role in the alternative lifestyle community in our area, and through my wife's training, we've organized and hosted a number of sexy special interest groups. It is about one of these groups that I am writing.

I have a foot fetish and absolutely love well-cared-for feet and finely painted toes. My appreciation of seductive footwear and the sheerest of stockings was once my quiet burden. After meeting my wife, however, and sharing my fantasies and needs with her, she assured me that there was nothing unusual about my interests and that I was part of a segment of society that numbered easily in the thousands in both Western and Eastern cultures.

My wife, Lynne, had the brilliant idea of starting a special interest group that would meet in our home and address the subject of foot fetishes and shoe fixations. At first it didn't seem likely she was going to get much interest from our friends, but just when she was about to discard the idea, three of the ladies said they would like to talk more about it. As it turned out, these ladies had a very poor understanding of what the fetish was actually comprised of, or their interests in it were from a female point of view. After a couple of get-togethers, the ladies were comfortable enough to include the men, who came from our circle of friends and who had expressed an interest in the subject. Sadly, the men were unable to relax enough with their infelicitous desires and the sessions never got past the mere discussion of what turned different people on. The ladies flashed a lot of leg and a couple were lucky enough to receive foot massages, but that was as far as Lynne could get the group to go. No real experimentation and no letting go.

I was working at home one afternoon, while Lynne had a couple of her friends from the group over for a glass of wine. Lynne called my name from the living room and when I went to see what she had wanted, I couldn't believe her request. I said hello to Carmen and Patti, then Lynne explained that neither lady would believe that I enjoyed smelling and licking a woman's feet. I assured both of them that that was indeed the truth, but Carmen pushed for more. "So if

I were to slip my heels off right now, you'd get down and worship my feet...here in front of Patti and your wife?" she asked. I assured her that I had been wanting to enjoy her feet for as long as I had known her and that I would indeed consider it an excellent stroke of luck if that were to happen. The ladies looked at Lynne and giggled. Then Carmen continued, "Well...I would love you to pamper my feet if you're really telling the truth." And with that, she stood up, kicked off her heels and began to shimmy her pantyhose down her hips.

Patti was laughing almost hysterically at Carmen and shrieked as I slipped out of my clothes and knelt naked at her feet. I began by picking her pantyhose off of the couch and bringing them to my nose so she could watch me savor her delightful scent. I loved how they smelled and a beautiful erection grew as soon as I drew in the first warm, pleasant wave of fragrance. I gave Carmen's feet my utmost attention and in a very short time, I had her moaning and giggling as I ran my tongue over the soles of her gorgeous feet and down between each of her long, shapely toes.

I was not paying any attention to Lynne or Patti as I was completely consumed by Carmen's beautiful feet and the incredible scent that she had. I was so turned on; I wasn't sure where this session was going to lead. When I felt a cool hand wrap around my shaft and begin to stroke me, I thought it was going to end in just a couple of strokes in a puddle on the rug I was kneeling on. I was moaning and obviously close when the stroking stopped and I had Carmen's black hose being pressed against my eyes to blindfold me. I didn't stop sucking and as I slipped one of her long

toes into my mouth, another highly scented pair of pantyhose was being held to my nose. I knew instantly that it wasn't Lynne's scent and I loved the thought that Patti was joining in and was going to take her turn too. She had obviously been quite turned on before slipping her pantyhose off, because they carried a considerably sharper scent that only drove me closer to an inevitable orgasm.

I had played with many ladies' feet over the course of my dating and swinging, but nothing could compare to the pleasure I was receiving from stroking Carmen's gorgeous soles while I was being slowly intoxicated by each breath I drew through Patti's well-worn hose.

The session ended in a most satisfying way for all of the parties, but it also started something that Lynne and I had not experimented with before. The unusual scent of a different lady's welt or feet on her stockings or pantyhose has added another avenue of pleasure to my indulgences as a foot fetishist. Both Lynne and I have enjoyably pursued the collecting of friends' worn, scented hosiery for the intensity it adds to my sessions under the delightful sole of a lady's beautiful feet!

## Cafeteria Foot Tease

I'm a petite, cute blonde who works in a tiny office. I'm horny all the time but there aren't any guys here to flirt with. My boss is the only guy and he's hardly here. The only man that gives me the time of day is the boss's retired father who comes in a few hours a day to keep busy. He'll run errands or do some light filing just to get out of the house. He's about 69 years old. The reason I'm interested in this man is because every time he greets me, I notice that he steals glances at my feet. It has become a game with me to try and tell what he likes the most. Some days I wear flip flops, some days I wear high heels and often I wear sneakers. I've found that his reaction is really off the wall when I wear a skirt and hose and I don't have my shoes on. We have new carpeting in the office and many of us kick off our shoes during the day.

On one particular day, I surfed the net around 11:00 and checked out some porn. It really turned me on. I was so horny that I diddled myself in the bathroom for a few minutes. Sure enough, the boss's father strolls around the corner and was heading for the lunch room. I too had brought a lunch so I figured that I'd join him. Since the office is so small, all of us girls take turns eating so that the others can watch the door and the phones. I told old Mr. Prescott that I'd be joining him for lunch and as always he checked out my feet, which were shoeless and encased in pantyhose. He grinned and welcomed the companionship.

We sat across from each other at a narrow table and my horniness took over. "I've been standing up all day. Would you mind rubbing my feet?"

His face got beet red and he immediately nodded his head in the affirmative. So I placed both feet on his lap. The break room is L-shaped, so you can real-

ly hear someone before they approach. That was good, because I knew we wouldn't get caught too easily. He started massaging one foot and staring straight down at it. With my other foot, I fished around his lap hoping to feel some wood. It took a few minutes, but sure enough my left sole was grinding a hard pecker. He switched feet and so did I. He was getting an honest-to-goodness foot job right at the break room table. The excitement overtook me, so I stopped the fun and stood up straight. Mr. Prescott looked almost scared. His look changed when I hiked up my skirt around my waist and showed him a full view of my panty less torso covered only in a pair of sheer, tan pantyhose. I walked over to him and sat on his lap and proceeded to give him a lap dance. I eventually got into a great position with his cock sitting straight up. I used my two ass cheeks to cover his rod like a hot dog inside a bun and I pushed up and down. This was virtually a hand job using my butt. I had never done anything like this in my life. Within a few minutes his breathing changed, he grabbed my hips and he soiled his slacks. I had a wet spot at the top of my ass crack as well. He was very confused and sweaty. I just played it cool, adjusted my skirt back to its original position and sat down to eat my lunch. A few minutes passed and Mr. Prescott started apologizing and begging me not to tell anybody. I realized that I had this guy by the balls now, so I told him that I wanted to eat lunch with him every Monday, Wednesday and Friday. I'd give him a foot job after a nice foot massage and he'd also give me \$50 for the pleasure of my company. He agreed on the condition that I wear pantyhose on those days and never, ever tell. It wasn't cheating if I wasn't naked.

We shook on it and it's been going well ever since.

## Toe-tal Fiend

I'm the #1 fan of LEG SHOW magazine. I think that I love this magazine because there's nothing else like it, especially for a foot fiend like me. As far as I am concerned, a woman's feet are her most prized possession. No man could find anything better or sexier in this life than a woman's legs and feet. I'd do anything for a girl if she likes me to fuck and cum all over her feet and that's my secret. It's also a reward from her. My girlfriend, Clariot, reads LEG SHOW too and she knows what I like. Well, one time I caught her dressing in her bedroom when I came to pick her up to take her to the movies. Needless to say, we never made it to the movies. Instead, I stood there in front of her door and I reached into my pants. My prick was throbbing as I stared at her. And then she caught me watching her. She said, "Do you like what you see?" in that seductive way of hers. Somehow I managed to stammer a "yes". She giggled at my discomfort and arousal. Then, without a word, she dragged me to her bed by my belt buckle and threw me down onto the mattress. She pulled my pants down and sat across from me. With her bare feet, she stroked my banana-

shaped cock up and down, occasionally putting pressure on my balls, which I love. She squeezed so hard that cum began to squirt out my dick hole. She caught my load all over the underside of her toes and I watched my creamy goo run down the soles of her feet. It was fantastic — one of the best cums of my life, and I've had quite a few. A few weeks later, I caught her letting my best friend, Robert, cum on her feet too. But that was cool with me because he's my closest buddy and I trust him. We both share secrets.

### Dancer Treats

We have only one strip club in our town. I have been a regular there the past three years. Sometimes I offer a dancer I like a drink when she is finished performing on stage. A few girls will sit down, only to enjoy the free booze and then scurry off. Three women have taken me up on my offer to buy them

lunch the next day. One got mad at me when I asked her if I could lick her feet. She said, "You bought me lunch, so you think you can lick my feet? Fuck you!" But one other dancer said that I was sweet and that her feet could use a massage. We went back to her room, and I thoroughly licked those feet, snaking my tongue between her toes. After she had had enough, she sent me on my way.

A month after that I had another encounter with a dancer. Her name was Laura, and she really took charge. At this club, the chances of seeing a dancer wearing stockings are slim to none. Bare feet in high heels are great, but smooth clad legs, feet and ass encased in hose are the absolute best. Laura was not wearing pantyhose, but she caught my eye nonetheless. She wore a wig, leather hat, sunglasses, a short, tight dress, stay-up black stockings and knee high boots. I knew I would go home later and jerk myself off fantasizing about this dominatrix.

I sat by myself at the front corner of the stage. She placed her hands on her hips and stared me down cold. Then she pointed at one shiny boot and commanded, "Polish my boot!" She meant with my tongue, of course. She allowed me a quick lick before she walked to the pole. The other people at the club howled with laughter and made fun of me.

The next day, after I bought her lunch, I asked if she would dominate me. I confessed that I loved the

black stay-up stockings and dominatrix outfit, and told her that it would be my ultimate treat to lick her stockinged feet and suck her toes. My face was so red, I had to look away when I confessed my next desire — for her to swear at me and bark orders, and let me be her sex slave and servant.

"Fucking right you would be my servant," Laura replied. "Maybe for the right price, we can strike a deal." She added that she wanted two hundred dollars, but would take one hundred for the hour session. She had two other costumes: a nurse outfit, which consisted of white stockings, and a devil outfit that was fire engine red.

Laura took total control of me as she pushed me to the floor. "Get down there, fuckhead and polish my boots shiny clean, or else I will kick you in the balls!" she said. I licked those boots, giving it my all, in order to save my balls from pain. "Now unzip my boots and take them off, you scumbag," she said.

Laura had a smoke while making me lick her stinky nyloned feet. One of her stockings had a large run in it. I was truly thankful that Laura kept me down there, letting me have my fill. Then we moved on to sucking toes.

Her red painted toes looked lovely through the fine film of her stockings. "Lick my stockinged legs up and down, slave," Laura ordered me. I had no objection. She had me on all fours and sat on my lower back, riding me around the room. She removed her panties, saying, "Maybe my boy toy has a long tongue. He'd better lick my shithole or he will receive a hard kick to the balls!"

This was what I dreaded. Laura laughed and stood up. She reached around and parted her butt cheeks. "Yes, ma'am," I said as I got to work. "Holy shit, what a long fucking tongue!" Laura exclaimed as I per-

formed the degrading act of licking her asshole. "I thought you were good for nothing, but with that long tongue of yours, I guess you have a hidden talent — cleaning my asshole." That's what Laura said. She had these red and white stockings that she had never worn before, and she was going to let me lick her feet through them. "Beg me to wear them," she said, and I did as instructed.

"How dare you ask me anything!" she said. "Now open your mouth and I'm going to spit in it," she said. Then she kneed me in the balls and I doubled over in pain. As I writhed on the floor, she told me that since we had exceeded the hour, I would have to drink a glass of her saliva to prove my devotion. She spit into a small glass, over and over, until it was full. Then she handed it to me.

"Here, drink up — it's happy hour!" she said. "No spillage, either, or the deal is off." I drank the entire glass as she laughed at me. "I can't believe you're drinking that," she said. My thirst was quenched, and I had a lot of saliva — hers and mine — and so it was easy to slobber all over Laura's red and white hosed feet. I left with cum stained boxers and a dark stain on the front of my pants.

Seeing how much I enjoyed licking her feet, the next day she raised her fee to three hundred dollars. It was more than I could afford but I needed her feet, so I said yes. When I met her for our next session, it was daylight, and I noticed for the first time how old and wrinkly her face was. I guess she saw my reaction because she asked me what was wrong. Since I was her slave and had to do what she said I told her the truth — that she was just an aging stripper who would never make it out of this small sad town. She gave me such an evil look; it instilled a deathly fear in me. She must have taken my rude comment very personally because she told me that if I ever wanted to see her feet again, I'd have to prove my devotion in a whole new way. She made me take her out to a greasy burger joint, where she scarfed down some burgers with extra onions. She wouldn't tell me why. We got into her car, and she rolled up all the windows until it got very hot and stuffy inside. She gave me that evil look again. Then she let out a rotten, stinky fart. I got so scared that I fled from her car. My only disappointment is that I never found out what Laura the disgusting pig had in store for me.

### Slipper Fanatic

I just had to write and tell you about the most amazing time I had in bed with my wife the other night. I have a deep fetish for ladies wearing slippers, especially the high-heeled fluffy or marabou-trimmed mules (or slides, as you call a backless shoe in the U.S.).

A while ago, I had bought a beautiful, elegant pair of black fluffy slippers in her size (U.S. 5), but kept them hidden because I couldn't gather the courage to ask her to put them on for me — she would probably guess my secret thing for slippers at that point.

On my own, I would take the slippers from their

shoe box carefully and gaze at their beauty and femininity. I would imagine taking my wife's cute bare or stockinged feet in my lap, where she would rub and squeeze my boner and swollen balls to almost the point of no return. Then, one at a time, I would slowly and gently slide the fluffy slippers onto her pretty feet, until her lovely painted toes were just seen at the peep toe at the front of the slipper. Then she would tease and poke fun at me for having a slipper fetish (it may seem amusing to others but I wouldn't swap the fetish for anything — it plays a big part in my everyday life). Then she would begin to stroke and tickle my genitals with the band of feathers on the vamp of the slipper, and, well, you can guess the rest!

Anyway, I recently also bought her a short, black, see-through babydoll nightie, and planned to give her that and the slippers on Friday night.

I was nervous all week and felt sick, because I was hopefully about to fulfill a fantasy I harbored for over 20 years. It would be the first time I would be with a woman in the flesh wearing fluffy slippers — although the hundreds of pictures I own have made up for that over the years.

Well, Friday finally arrived. As we lay kissing and caressing on our bed, I whispered that I had something for her. As I fetched the bags containing the night dress and slippers from a drawer and she opened them, my heart pounded and I broke out in a sweat. She took the bags, rummaged about in her underwear drawer and disappeared into the bathroom. As I lay on the bed waiting for her to dress up for me, it seemed like an eternity.

When she finally came in, I switched on the bedside lamp to give a little light so I could see what she had on. The cute black nightie fitted perfectly — her already ample breasts — size 36C — were pushed out that bit more. Her nipples were just about an inch below the top of the lacy trim of the nightie. Looking down, I could tell she was wearing a pair of skimpy panties, with just a triangle of material covering her pussy. The tops of her legs below the nightie and above the lace trim of her stay ups I could also see, and those amazing legs encased in sheer nylon. And finally, gazing mesmerized at her feet, she had on the wonderfully feminine fluffy slippers I had worried and fretted for ages about asking her to wear. They fitted perfectly too — her heels weren't hanging over the back of the backless slippers and her nylon covered tootsies weren't sticking out of the peep toe of the slipper too much. I could just see them resting below the sensual puff of feathers at the front of the slippers.

The foreplay was erotic and sensual, and with the knowledge that she had fluffy slippers on, I knew I would stay hard for hours, although shooting my load was a different story. Every now and then she would lift her leg up and stroke my legs and feet with the slippers. How I longed to slowly peel off one stocking at a time, down to her ankles. Then I would gently remove the marabou slipper and peel off the rest of the stocking over her feet. Then I would begin to lick the smooth soles of her bare feet and work my way up to her toes, which are very sensitive. She would feel my hot breath panting on them and moan in enjoyment, before eagerly putting my mouth around all five toes and sucking and licking them gently. After maybe

spending half an hour on each foot I would take her slippers and slip them back over her now bare feet, transfixed at watching her toes sliding snugly back into the feathered part of the slipper at the toe. But I thought to myself, one step at a time -- the fact that she was actually wearing the slippers was enough for the time being, so I decided to leave her feet alone this time.

As the two of us became aroused until we could take no more, she climbed on top of me and I plunged my rock hard six inches into her soaking wet pussy. As I pumped away, I pulled the top of the nightie down and began to lick and suck frantically on her rock hard nipples. At the same time I moved my hands down to her feet which were now within reach. I gently ran my hands over her feet and explored between her soles and the insole of the slipper. Then I touched the two inch high stiletto heel of the slipper, and finally cupped my hands over the front of the slippers, feeling her toes and the feathers above them. At that point my balls gave up, and I released what seemed like gallons of red hot spunk which had been brewing for about three weeks!

Afterwards, as we lay kissing and touching I felt as though a great weight had been lifted from my shoulders. She thanked me for buying her the nightie and slippers, as they made her feel incredibly sexy. In my head I was already planning my next purchase for her.

#### Trampled Underfoot

Ever since I can remember I have daydreamed about a beautiful creature sitting on a throne wearing a golden crown. She has the most beautiful red toes and each one is bejeweled. She is vain and arrogant and knows she exercises absolute power. I am groveling at her feet worshipping her with all my heart. Even now I still lie at her feet groveling when I close my eyes. She has had many faces over the years -- models, celebrities, porn stars and several girls from the real world that I've had crushes on.

As I've gotten older, my daydreams have changed. I fantasize about being sold at auction, publicly emasculated before a crowd of cheering women and made to apologize to them for being male. I dream about being crushed beneath the toes of a giantess, sentenced to full servitude by a female court for life. I could go on and on, as there is no form of degradation or objectification that I have not fantasized about. I have always sought out women who will take advantage of my weakness. There is a sexy 22 year old college girl a few apartments down from mine who gets \$20 from my wallet just so I can lick her flip flop.

She and her friends cackle like coyotes every time this deal is made and I hurry home with blue balls. I would love to stand by completely ignored holding the lube while she fucked her boyfriend. I have asked her and offered what amounts to two weeks' pay just to watch. She said she would let me know.

I would love a cuckold relationship. To be a sexless servant with my cock locked away and to never

again be allowed orgasm. Sentenced to watch my goddess ride big cocks and see others fully enjoy what is forbidden to me. I am overwhelmed at times by these feelings and have sought out several dommes for hope of some relief but I always want more degradation, more cruelty. One of these ladies even remarked at my deep servility and how easily I bent to her will. I am welcome back any time.

I have a certain X-rated film where a knockout big breasted actress is lying on an air mattress, with her bare feet presented in all their glory. Then a servant comes along and rubs baby oil all over them. I often pause this frame and bow down and worship the image. A few more fantasies I did not mention are being trampled by a strong female in a mixed martial arts ring and begging for mercy, shouting how afraid I am. She places her smelly foot on my face, muffling my cries as she raises her arms in victory. Another fantasy involves being called into a female boss's office to be dressed down and forced to beg at her feet for my job.

Women are the superior sex and deserve our reverence, respect, obedience and fear. I am interested in anything to do with female supremacy and love to see pictures of beautiful female feet. Barefoot crush P.O.V. shots are my favorite.

#### Sexy Sole Sisters

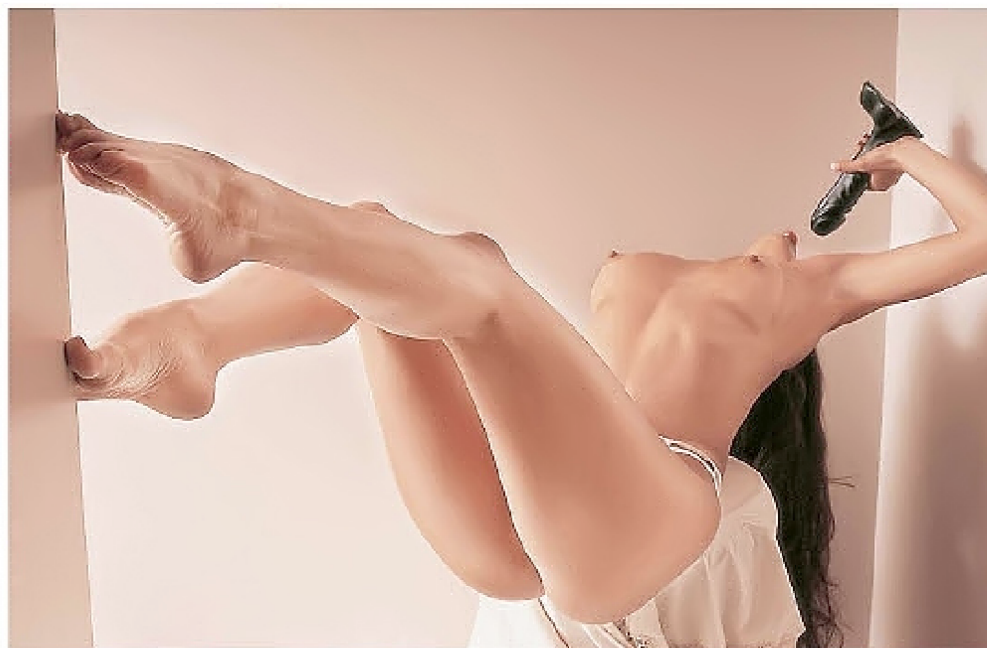

I have what I guess some would call a unique foot fetish. I get horny seeing women's bare soles, especially when they are pointing or curling their toes during sex. There's nothing that makes me harder quicker and cum faster than to see two women like Jill Kelly and Asia Carrera pressing their bare soles against each other. This is my Achilles' heel and my biggest fantasy: to watch two barefoot women talking on a couch or bed somewhere, pointing and curling their toes as if teasing each other. As they talk, their feet touch once in a while and they move their feet away a little. As the conversation progresses, their toes come in contact with each other more and more. Finally they start playing with each other's toes and balls of their feet as if they do it every day. Both girls know that they love the feel of each other's feet. Then one girl takes her toes and goes down the other girl's sole and comes back up in a massaging motion. When she returns to the other girl's toes, her friend returns the favor. Once that is done, they go back to playing with each other's toes and balls of their feet.

They do this for quite a while and then they stop talking and look at each other. Smiling, they then press their entire bare soles against each other and do this until they part company. This is my biggest fantasy and I know I'll never see this in person or on film in my lifetime. I just wanted to share this with you all at LEG SHOW.

## Ed Fox: Glamour From The Ground Up

Taschen, 2008 • \$39.99 USD

### book review by Robin Shamburg

Many of our Leg Forum letters come from foot fetishists. You can usually spot one from across the room -- the precise penmanship, the regular margins, the paper folded exactly into three even segments. Whether it's a confession or a fantasy, the writers have several things in common. Their stories are full of urgency and longing, the kind most of us haven't felt since adolescence. They're generally well spoken with an eye for fine detail. They've lived with their secret for years, often developing their own private vocabulary for what they like and how they like it. The letters almost always end with a question, actual or implied: am I the only one?

If a picture is worth a thousand words, then Ed Fox's book, *Ed Fox: Glamour From The Ground Up* is like a decade's worth of Leg Forum's most elaborate foot fantasies. The only difference is that he's not asking if his fetish is weird, he's showing you how astonishing it can be, and daring you to deny that you see it too. Somewhere in the process, he manages to convert the non-foot-fetishist, or at the very least, convince him to consider the erotic potential of an often overlooked body part.

That's because the book is, first and foremost, 280 pages of gorgeous photographs of sexy women. Many of the adult industry's biggest starlets are represented here: Belladonna, Jill Kelly, Sunny Leone, Dita von Teese, Lezley Zen, as well as LEG SHOW cover girls Casey Parker and Julie Strain, to name a few. You're bound to find fresh new jack material, as well as rediscover some old favorites. In the tradition of the dedicated fetishist, Fox's attention to sensory detail is remarkable. Wherever the eye focuses, there's an entire universe to explore, whether it's a wisp of cigarette smoke, a wet tendril of hair, or a smudge of dirt accentuating a crinkly sole. It's not unless you take the collection as a whole, or take time to read the introduction, that the theme of glamour girls' beautiful feet emerges.

But once it does, it's impossible to ignore. There's Bella, languidly draped over a loveseat, dangling a slip-on sandal between her toes. There's Teri Weigel, pushing her stockinged soles into the lens. There's Jodie Moore, legs spread, arches curved, plugging her cunt with a dildo in a manner that can only be described as "exuberant". Fox's admitted preference for voluptuousness is also apparent, as most of his models flaunt juicy asses, muscular thighs, and (his favorite) meaty, crinkly soles. And speaking of feet, there are bare feet, dirty feet, wet feet, feet in shoes, in hose, and in bondage. In short, something for everyone.

The passion and affection Fox feels for his subjects is impossible to fake; it's bound to make fellow foot fetishists recognize a kindred spirit. In this regard, he is much like his predecessor, the late, great Elmer Batters, who died in June, 1997 -- one month after Fox's first photographs debuted in LEG SHOW. Some of Fox's stylings appear to pay homage to the master, with Fox putting his unique spin on such Batters classics as "Feet and Face" and "The Pose". Even the book title, *Glamour From The Ground Up* seems to reference Batters' famous phrase, "From the tip of her toes to the top of her hose."

The book also comes with a one-hour bonus DVD containing ten short scenes and some trailers in between. Fox spent a long time tweaking the footage, and although it could stand alone, it makes a fine companion for the printed images. Ultimately, *Glamour From The Ground Up* succeeds because it is not merely a collection of single-minded images for the hardcore fetishist; it's a book for those who celebrate the female body in all its mystery and majesty. Or as Fox himself puts it, "I really love everything. I have a foot fetish, not a total disregard for the rest of her. The feet are just the cherry on top."

# ROXY DEVILLE

FETCHING FEET

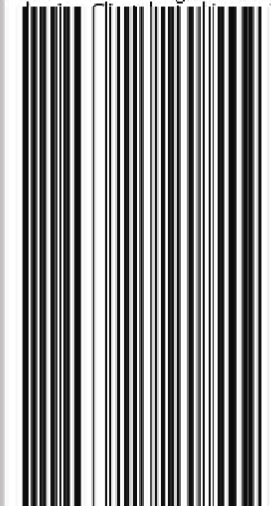

Roxy Deville is the thinking pervert's porn star. Though she got her start as an exotic dancer, she soon realized that she'd only make big money if she bought fake boobs and had sex with her clients -- like the other girls did. So she moved on to adult films, where she could make more cash in a safe environment. Nearly 200 movies later -- including *Slave To Sin* and *Kill Jih #02* -- Roxy's natural beauty, wit, and super-high arches have made her a favorite with porn audiences and foot lovers alike. This 25-year-old California girl professes a love for amputees, eating meat, pretty toes, the smell of dirt, *King Diamond* and *The Golden Girls*.

## LEG SHOW: What was it like to shoot with Ed Fox?

Roxy Deville: Ed Fox is very attentive to detail like no one I've ever met before. When I got to the shoot, he had 15 different outfits laid out for me to try, and 15 different pairs of shoes. He'd bought all of this stuff himself. He made me try everything in different combinations, trying to decide which ones would work with stockings and which ones were better with bare legs. He was very funny, and lots of fun. Totally adorable.

## LS: When and how did you discover that you have so many foot fans?

RD: I started noticing when I was

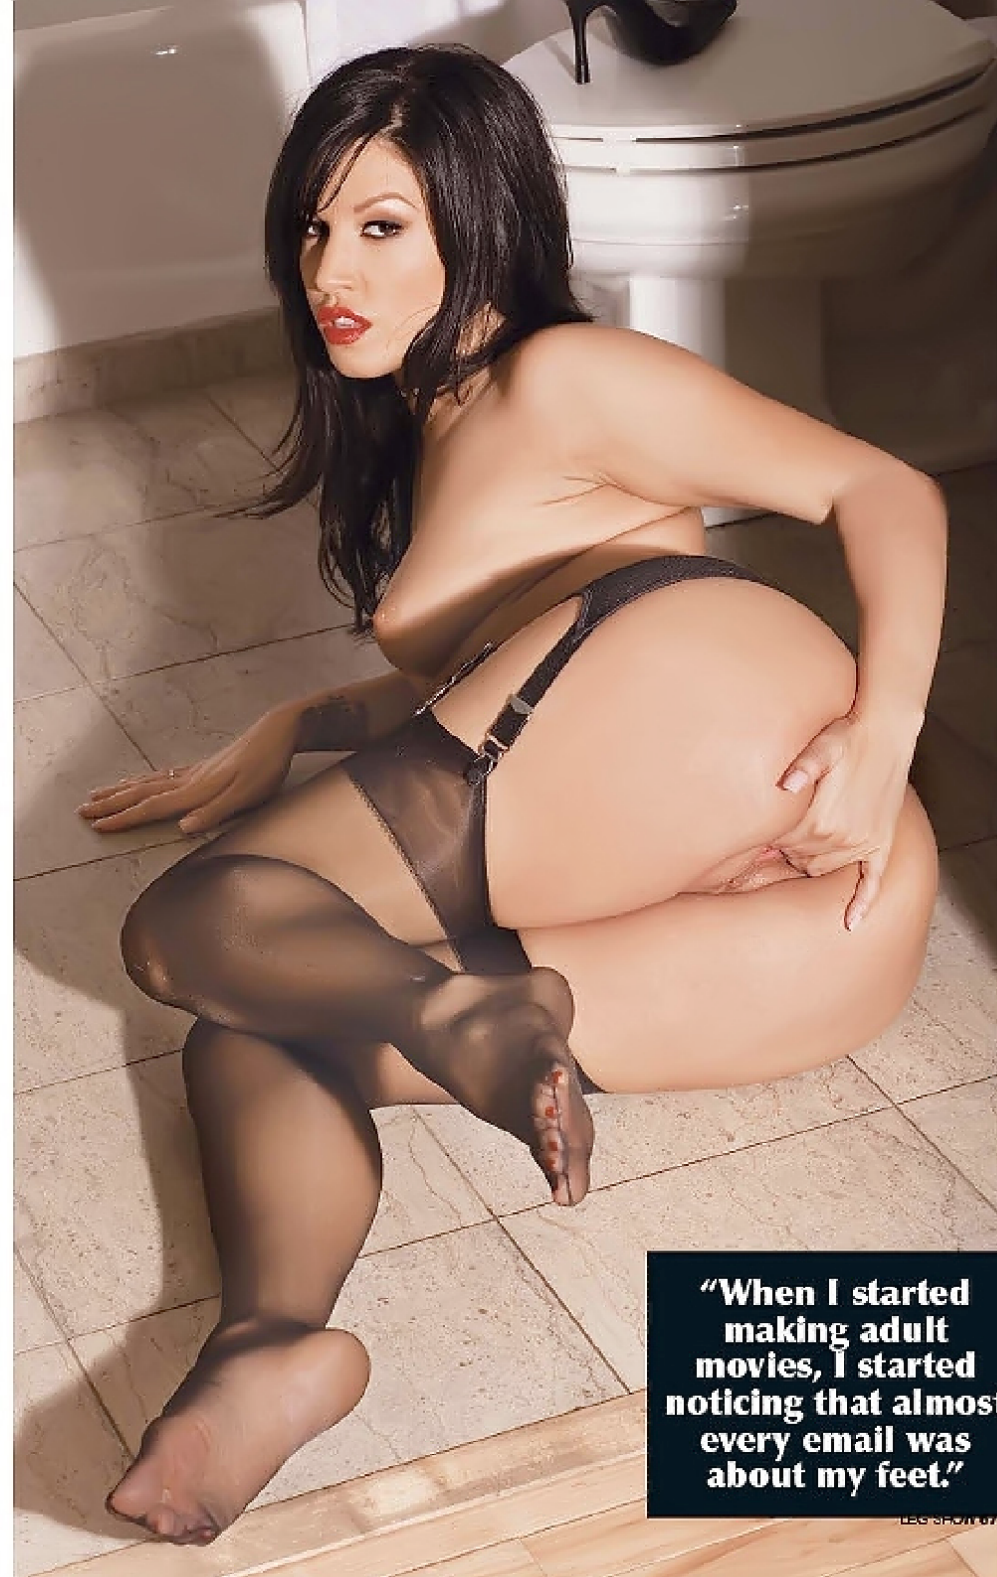

**LS: Knowing that your feet are so popular, has it changed the way you treat them?**

**RD:** Now that I'm so aware of my feet, I've become kind of neurotic. I never go around with chipped polish on my toes, and I get pedicures religiously. Sometimes it can feel like if a toenail cracks, it's the end of the world. I can get pretty ridiculous about it.

**LS: Speaking of toes, when did you get those star tattoos?**

**RD:** I got them when I was about 17 or 18. I had a boyfriend who'd go and get tattooed every weekend, and I'd sit there, bored out of my mind. Finally I said, "Put some stars on my toes, and make them cute." It just kind of happened. I've gone back for touch-ups, and the pain is excruciating.

**"When I started making adult movies, I started noticing that almost every email was about my feet."**

**"The greatest thing about foot guys is that they're very loyal. They send me presents and buy me shoes. They're really sweet."**

**LS: We hear you're a big fan of *The Golden Girls*. Which of the girls are you most like?**  
**RD:** I'd like to think of myself as Blanche, the man-eater, but in reality, I'm more like Rose, naïve and sweet.

**LEG SHOW: What made you choose Roxy DeVille?**

**Ed Fox:** I knew I had to find someone really special for this issue and we ended up going with Roxy because she seems really popular on my site, because she has great feet and because she was the one left, of girls with great feet, that I had not yet shot for LEG SHOW. She really deserved this special spot.

**LS: How would you describe her over all?**

**EF:** Roxy's got great legs, great feet, and perfect (I hate to use the word) perky tits. On her left breast, she's got this vein that stands out near her nipple. It really gives life to her breasts and some three dimensionality. I've never been into hands, but hers were exquisite. They really stood out. It's the way she hangs her hands, the way she dangles her fingers. She's very graceful with her hands and arms.

**LS: Tell us about the day you photographed her.**

EF: We'd been going back and forth with about 20 texts, debating the color of her nail polish. We decided to wait until we'd worked out an outfit, and since it was black, we went with a slightly pinkish-red polish. I'd always thought her toenails were awesome, and I figured that if they looked that perfect, they had to be acrylics. But on the day of the shoot, she had her natural toes, which were even more perfect. She was smoking hot, and a lot of fun to work with. I asked her to work a finger into her pussy, and she went right in with four. Usually you have to talk a girl into that, but she was game from the start. Then I said, "Hey, what about a shoe?" and she smiled and said, "I never tried that before." But then she did it. When I say she was a dirty girl, I mean that in the very best way.

**1S: How would you rate Roxy's feet?**

EF: As I said, she has beautiful toenails. Her toes are a little long and not quite straight, but she's got these star tattoos on each of her big toes. They're nice accents that make her seem dangerous. They're very intimate, like a private surprise if you're lucky enough to see her with her shoes off. She has a good arch, and the balls of her heels were nice and round, as were her heels. She's Italian, so her skin was a little tan. I loved her instep and she had good V-proportion. I'm going to have to rate her a nine, if only because no one is perfect. Sometimes I think that if I found a foot that was a perfect ten, it would all be over!

**1S: Your book, *Glamour From The Ground Up*, is sure to establish you as the spokesperson for foot lovers everywhere. Translate a few things for the non-foot-fetishist. When an average man sees Roxy DeVille's feet, he sees feet. A foot fetishist sees...**

EF: Another body. All kinds of shapes. It's like everything you love about a woman is mirrored in her feet.

**1S: When an average woman lets you touch her feet, she thinks, no big deal, it's just feet. A foot fetishist thinks:**

EF: We're totally getting it on. ■
