FOOT NOTES

Here at LEG SHOW, we spend a lot of time talking about the beauty and glamour of high heels. We talk about how they elongate the legs and exaggerate a woman's natural curves. We talk about how a well-crafted pair of shoes are a walking work of art. We talk about how they cradle the feet and showcase the ankles. We talk about how they have the power to turn a civilized and responsible adult male into a helpless wanker, ready to drop to his knees at the sight of this sleek confection of wood and leather and buckles and straps. These are all things that we accept as truths, timeless and beyond debate. But there is one thing that we never seem to talk about: how painful they can be, and what a challenge it is to walk in them.

Last Friday night I was sitting at an outdoor café, watching an endless parade of high-heeled young ladies as they strutted, sashayed and yes, stumbled their way to untold adventures. In the history of fashion, the line between stripper, streetwalker and party girl has never been so difficult to discern, and I've never been prouder of my slutty little sisters. The world has been Sex and the Citified – or, as I prefer to think of it, LEG SHOWed – and more women than ever are realizing that no outfit is complete without an insanely high pair of heels. But just because they're popular doesn't mean they've become any easier to wear. So this column is to pay tribute to the women who, night after night, put form before function and fashion before comfort. It's one of the many sacrifices we make in order to look beautiful, and it's time for men to recognize, appreciate, and give us our due.

Gentlemen, if you have never put on a pair of high heel sandals, this is your opportunity to empathize. I'd like you to imagine that you've wrapped your feet in a length of rough twine and then walked over hot coals on tiptoes. The special beauty of the so-called strappy sandal is not without a price. The twine is to approximate the feeling of the straps, and each of those straps represents a separate point of friction, and therefore pain. You might get a blister on your toes, heels or ankles. If your sandal has a thong – you know, to single out the big toe for special punishment - expect to form a blister on the delicate skin between the toes. Walking on tiptoes, of course, is to simulate the way that high heels redistribute your weight and force the balls of your feet to take all the pressure. At this angle, blood flow will be restricted and nerves will be pinched, causing a prickly pins-and-needles sensation that will sometimes be perceived as burning. That's what the hot coals are for.

If you would like to wear pumps, you may opt for the fashionable pointy-toed ones, which resemble a cross between a Turkish slipper and the Wicked Witch's boot. Alas, human toes do not usually taper off like an arrowhead, so your usual feet are going to feel an unusual amount of pain. When you cram your feet into these babies, you are crowding five toes into the space for two, maybe three. Over the course of an evening, they will probably get with the program, overlapping one another to conform to the stylish shape of the shoe. But savvy women know better than to take those pumps off, even for a moment of delicious reprieve. Your feet will instantly begin to swell and rebel, and refuse to go back into those shoes for the rest of the night.

As much as I like to think of podiatrists as secret foot fetishists, there's not a single foot doctor who will recommend high heels. They can lead to all sorts of orthopedic issues, including – but not limited to – bunions, hammertoes, heel spurs, fallen arches, back problems and ingrown toenails. To keep from spraining an ankle, you must walk very slowly and carefully, keeping an eye out for uneven pavement or cracks in the sidewalk. You may begin to feel like that limping gazelle you see on nature shows, easy prey for the crocodiles, lions and yes, muggers and other predatory males.

So why do we insist on wearing them? For an answer to that, let me direct your attention to every issue of LEG SHOW ever written. If you don't have time for all that reading, allow me to break it down for you. We wear them because they look damn sexy. Because high heels exemplify the paradox of womanhood – tough and delicate, powerful and vulnerable, nasty and sweet. Wearing high heels is a feat of athleticism and a triumph of willpower, a discipline only the most badass bitch can master.

A true gentleman should recognize and reward our sacrifice, and not just in a way that gratifies him. Foot rubs are nice – no tickling, no slobbering, please. The same goes for compliments. But sometimes the best way to honor a high-heeled lady is with a car to pick her up and drop her off at the end of the night.

Uniform Reaction

I was recently in a relationship with Claire, a Welsh girl who worked as a housemaid in a famous London hotel. Unfortunately Claire's strict upbringing made normal sex a shameful experience for her. She would at times allow me to climb into bed with her either in the completely darkened bedroom of her or my own flat, permit me to tug up her full length nightgown and shove my cock into her cunt from behind. She had quite intense orgasms on these occasions of rather repressed sex. But more normal, open fucking… and especially sex with even the smallest light on… was strictly taboo. I had seen Claire naked on a few occasions so I knew she had a beautiful, indeed a flawless body, with shapely legs, high firm breasts, a full, rounded bottom and a delicious unshaved bush. However she seemed embarrassed by her own beautiful body and by the intensity of her own sexual feelings and reactions. She would often dismiss my advances with fits of tears.

Then one night Claire met me at my flat directly from work, still wearing her maid's uniform of white cap, plain black dress, frilly apron and sensible medium heeled black shoes. On this night her attitude when I kissed her was quite different. Immediately she responded to my fondling and demanded that I go forward with firm tactile stimulation of her bottom and breasts.

I willingly complied with her stern request and soon I was on my knees with one hand reaching up to tweak her nipple, the other fondling and squeezing and slapping her broad round bum cheeks. My tongue lashed her fat clitty through the cloth of her navy blue panties. Then I yanked her knickers down to her knees and sucked and tongued her hairy cunt directly. Claire had five consecutive orgasms while I was in this position. I bent her over a livingroom chair, threw her skirts up and fucked her violently from behind with my oversized cock slamming into her gushing cunt and my belly slapping loudly against her quivering rump. I spanked her vigorously as I fucked her, leaving red welted hand prints on her pale white buttock cheeks and thighs. She began to climax again, screaming more loudly than ever I'd heard her do, and as she wailed in her climactic fit I had a most intense orgasm simultaneous with hers, filling her battered cunt to overflowing with copious amounts of my hot clotted scum. Immediately afterwards she cupped her hand over her pussy and nicked into the loo… but not out of shame… she simply did not want to get any of our gushing mingled fuck juices on her recently dry cleaned uniform.

In the months thereafter we most often fucked whilst Claire wore her maid's outfit. Somehow her wearing this anonymous costume of hers seemed to free her emotionally and physically, and our sexual relationship positively blossomed. It was a very pleasant surprise for us to have our sensual lives so dramatically and suddenly improved. I know there are fetish clubs that cater to frustrated individuals who feel the craving for dress up and fantasy role playing but I had never before had the experience of being with a woman who was so thoroughly sexually excited by being fucked whilst in a real uniform.

The Doctor Is In

For my husband and I as for most couples married life is not easy. Also like many wives, after I got the ring on my finger and grew a little older I became bored and uninterested in sex, at least with my husband Joe. I have always been turned on by my soap operas, and when I masturbated alone, or when allowing Joe to have sex with me – he was constantly hounding me for it but it was all I could do to allow him his pleasure a few times a month — basically I would close my eyes and fantasize about having sex with some of the soap operas' leading men. My panties were damp every afternoon watching my soaps but my pussy was dry as dust when Joe put his dick in me, and at times it actually hurt. Sex was okay for relieving his biological needs, but it did nothing much for me. Allowing him his relief did not solve the problem of my no longer being turned on by my husband or of him being frustrated by my not giving him all the physical release he needed. And since I love my Joe despite my lack of sexual attraction to him and wanted to stay married – happily married — I decided we should go to a marriage counselor. It worked out… but not in the way I expected.

Our marriage counselor, Dr. Whitney, was a female physician, very smart and self assured. I was surprised by her appearance the first time I saw her: Dr. Whitney is a tall, strikingly beautiful woman in her early 40s with piercing blue eyes, her sensual classical facial features made severe by her dark-rimmed glasses and long blonde hair kept up in a tight bun. She has a curvy athletic body with strong legs accented by black stockings and garters and high stiletto heels. She wore a white lab coat that did not hide the slitted skirt of her dark business suit. She first saw me alone, and told me bluntly that in her clinical opinion men are pigs; they think with their dicks and when we just take complete control of their dicks once and for all, married life changes for the better for all parties concerned. I was certainly surprised by her harsh attitude but if it would stop Joe hounding me for sex all the time and allow things to settle down between us I was all for it.

During our first joint counseling session, Dr. Whitney got us to discuss what each of us saw as the basic problem between us. Of course Joe focused on sex and how I was not giving him enough. Dr. Whitney was having none of this. She listened to him politely till he'd finished stating his case. But then she told him to stand up. Joe was surprised by that… and even more surprised when she told him to drop his pants and shorts, so she could see "what all the fuss is about." He protested but she reminded him that she was a doctor and had seen it all, and that I had certainly seen him naked before. So Joe did what she asked and stood there with his pants and shorts at his ankles, his semi-hard dick visible to both our female eyes. Matter of factly Dr. Whitney asked, "How long is your penis, Joe?"

He became red-faced and muttered, "I dunno."

She smiled. "of course you know how long it is. All men do. I'm going to ask you again and I want an answer. How long is it?"

Joe blanched, but answered, "Five inches or more, I think."

Then in an almost schoolmarmish voice she said, "Get it hard so I can see."

Joe began to pump his dick very slowly and ineffectively. We both watched intently for a few minutes.

"It's not getting hard, Joe," Dr. Whitney finally snapped irritably. "Get it hard now. Really jerk it for me!"

Joe blushed but began pumping hard, almost angrily, like the rhythm he must use in the shower or the toilet. After a few minutes of trying he looked up with a pained expression and grumbled like a sullen schoolboy, "I guess I can't."

Dr. Whitney just seemed amused. "Walk over here and let me try."

Joe trudged over to her with his pants and shorts still around his ankles like leg irons. The doctor began kneading his balls with one hand and twisting and turning his dick with the other hand. She brought him to a full erection quite quickly. I marveled at her skilled handling of my husband's private parts. Holding Joe's dick with one hand, she dropped his ball sac and reached back to the desk behind her. She grasped a wooden ruler and lined it up with his erect dick. She studied it for a moment then looked up and said in mock disbelief, "Why Joe, it's barely four and a half inches!" She turned to me while still holding his dick like some meaningless object and sneered. "Guys are such liars about their size. Joe's penis is rather small for a grown man. Okay size for a middle school boy who's still growing, but tiny, really."

Finally she turned back to my husband and declared, "Joe, we have to go further because this is puzzling."

She suddenly pulled him forward and down by his shirt front, and with his feet tangled in his dropped pants my husband fell face down across her lap. He started to get up but she smacked him hard on his exposed ass. "Stay down quietly," she demanded in a severe voice.

That short circuited his attempt to escape. She reached back to her desk and pulled out a very large and thick black dildo. "I'm going to check you out," she declared.

Joe looked up, saw the dark intruder and exclaimed, "No! Please. Don't."

Dr. Whitney was not dissuaded. She spit on the dildo head a few times to lube it, then pressed it a little way into my husband's ass, maybe an inch or two, so the head just disappeared into his flesh. Joe grunted from the anal invasion.

"Joe?" she said. "The head went in very easily. Have you had a dick up your ass before?"

"No," he grunted.

Dr. Whitney seemed annoyed. "Joe? I'm a doctor. You can't fool me on matters like this." She pressed the dildo in much further, perhaps four or five inches. Joe's body, which had been tensed, became limp and he lifted his ass slightly, seemingly reaching up for further penetration. "Joe, it's going in very easily, as you would expect from a guy who takes it all the time. Do you take it in the ass all the time? How many times have you been ass fucked, Joe? Tell me NOW!"

"Never!" he gasped.

Dr. Whitney plunged the dildo into my husband's rectum all the way to the hilt. It must have been buried eight or ten inches deep. I was quite impressed. I doubt my pussy could take an entire cock that big. Strangely Joe bore up very well under her anal assault. The doctor spit on the unit again and started fucking him in earnest, pulling the dildo all the way out and then plunging it all the way in. He moaned in a low voice with each thrust. "Joe!" she finally said. "This is no virgin asshole, Joe. Is it? Well is it?"

He didn't answer, but suddenly his whole body shuddered, he stiffened, and came. Fortunately doctor Whitney had positioned him with professional skill, so his cumshot missed her legs entirely, and he ejaculated all over her office rug. Both she and I burst out laughing, and she pushed him off her lap. He struggled slowly to his feet. She sneered, "Now pull up your underpants and pants."

Joe's legs were shaking as he pulled himself together.

She handed him a box of tissues and a bottle of Purel, and ordered him to wipe up his cum and clean the dildo she'd just fucked him with.

"Look, I get the situation here," she said to me as he worked sullenly. "Joe's undersized penis that he couldn't get up in front of us was a telltale sign. His is just false male aggressiveness that masks inadequacy. To be content he doesn't need your pussy, he needs you to give his ass a real fucking every so often. He won't admit it, but his rectum doesn't lie. I prescribe once a week home buttfucking, plus one visit a week with him here. Joe will be a good and obedient husband if you fill his ass occasionally. Won't you, Joe?"

Joe nodded. He and I walked out together, but Dr. Whitney called me back and shut the door. She thrust one hand down my open neck blouse and into my bra. She planted her lips on mine and drove her tongue into my mouth. She pulled away slightly and whispered into my ear, "I want to kiss your other lips as well. See you back here tomorrow alone?"

I nodded with a smile. Joe and I have been seeing the doctor together and separately every week for six months now. Our marriage has never been better.

Love of LEG SHOWs Past

It arouses me that Kenna (LEG SHOW, November 2010) runs and works out a lot, including dancing. I wish I could thrust my stiff penis between her sweaty, stinky feet since I am sure from what she says that they need as much attention as her pussy. I wish she would grind her heels and soles into my thick, throbbing cock until my hot seed spurts up between her toes. I definitely wish that she would give me the opportunity to verify if, as she so teasingly boasts, she really has a special way of wrapping her arches around a stiff cock (namely mine) that makes her feet feel strangely like a pussy. One of my favorite photos of her is on page 95. I am extremely aroused by how big, thick, strong and sexy her ass looked as she pulled down her black silky panties. I would love to bury my face deep into that ass and spend literally hours kissing and licking and sucking on her butt cheeks and stinky asshole as I masturbate my long fat cock for her.

I also love Juliana in the same issue sticking out her nicely toned ass in super-shiny pantyhose. I wish I could have been at the party where she was stretching her nylon to the limit all over her toned legs and ass. I know I would be staring at her pantyhose and pumps as I got a glazed look in my eyes. I also wish I could have seen the other women crossing and uncrossing their pantyhose covered legs as they pointed their open-toe pumps in a whorish manner, attempting to compete with her for my attention. I really love that women can get so competitive in that way. I adore Juliana's pinkish-white pantyhose. They look great on a classy business woman such as her! My favorite photo of her is near the end where she is squatting down while gazing over her shoulder. I love how sexy she as looks in her shiny pantyhose. I would love to consummate my voyeuristic sex act by following her up an escalator and blurting out how sexy I think her gorgeous pantyhose encased legs are, not even caring who might overhear me acting like a humiliated pussy whipped fool right there in public.

Moving on to a different issue I was extremely envious of the author of the letter "Dark Passage" in your February, 2011 issue. I wish that I could have had the pleasure of losing my virginity to a beautiful Black girl just as he had. I wish she would have dared me to take my cock out and then order me to strip myself completely nude in front of her. After that I would have loved to have her jerk me off, laughing at me as she milked my big dick as if I were some kind of fucking farm animal, giggling harder as I got closer and closer to finishing, my entire body trembling in ecstasy until she finally made me scum into my own hands and then lick it all up for her. After I had finished ejaculating to her commands I wish she would order me to take her clothes off for her and, once I had stripped her totally nude, she would sit up on the edge of my parents' rec room pool table, spread her beautiful long legs wide open and say, "Now get down there and eat me out."

Store.Legs.com

I wish she would then grab me by my hair and make me eat out her sweet, sweaty, hairy cunt, telling me exactly where and with what intensity and speed she wanted her pussy licked. I agree with the author that I wouldn't mind following her exact orders. I would love for her to hold my head as she guides me in just how to satisfy her sexual needs. Then we would move to the couch where she would make me lay down on my back with my hard dick pronging up and she would sit down on top of it, slowly sinking my cock into her tight wet pussy then slipping it out and backing her fuck juice dripping pussy onto my face and make me suck and lick and clean her well fucked cunt out some more while she milked my seed with her strong, muscular hands.

All Bi Yourself

I read in an issue of LEG SHOW where a guy wrote you about licking other guys' cum off his girlfriend's tits. Well, I love the same. My girlfriend Anita is gorgeous. She has wavy black hair, long glamorous legs and a hot round ass that's to die for beautiful. Awhile back, she and I started having threesomes with Andrew, a young guy who could shoot long streams of cum, covering her from her knees to her neck. On our very first time together, when Andrew pulled out of her cunt and splattered his prick porridge all over her, Anita asked me to lick it off. I really liked sucking Andrew's sticky spuzz off of her pubes, then lapping it up off her belly. When I got finished licking between her big thighs Anita pushed me onto my back, climbed on top and sat down on my stiff cock. She dangled her scum-smeared tits in my face and I fucked her cunt hard while I suck-cleaned the spunk off of her breasts… I wasn't exaggerating when I said Andrew had shot cum all over her body.

Then Anita made Andrew stand over us, and she sucked his cock till she got him hard again. She begged him to shove his dick into her cunt from behind right along with mine! You should have heard her squealing when we double-stuffed her that first time. She loved having her pussy stretched like that, and I loved it too. It was one of the weirdest, wildest feelings of my life, being inside a tight, wet, juicy cunt with another slippery dick slithering in and out right next to mine!

Anita and I started partying with Andrew very regularly after that first night. One time, he was standing in front of her at the couch and I was sitting beside her watching her suck him. When Andrew said he was going to cum, Anita looked up and told him to feed it to me. She had his prick in her hand and she pointed it towards me. Andrew started to spurt and Anita kept rotating his fuck nozzle like a garden hose, splattering both her own face and mine with his seed. It felt very weird and very hot!

These days, Andrew comes over to my house very often, sometimes when Anita's there and sometimes when she's not. When she's there we give her the double cock fucking of her life, making sure she's totally fulfilled in her cunt, in her ass and in her mouth. And when Anita's not there... I can't believe this, but I find that while I still love pussy, I enjoy sucking a hard dick, too!

I'm 48 years old, 6'2", 190 pounds, with a thick nine-inch cock. Andrew is 21 years old. He's 5'7", 145 pounds, with a five-inch cock. So we're different in many ways. But we like being together. He's fucked me twice, and I have fucked him many times, sometimes with Anita (she gets off watching Andrew and I do each other) and sometimes without. Now Andrew says he wants to move in with me and be my sex slave. Like I said, I still love pussy, and there's nothing in this world as hot as a beautiful woman's legs and ass. I enjoy being with Anita – and with several other lady friends as well. But Andrew and I like being together too. I wonder if LEG SHOW readers have opinions as to what I should do.

Wimp Pride

I am here to tell my fellow LEG SHOW readers that if you are into small penis humiliation you are not alone. Over the years one of the major outlets I have used regularly for my humiliation obsession is commercial phone sex. I mainly use two different agencies and at one I became kind of friendly with the receptionist, who was named Chris. When she would book my calls she was very matter-of-fact and business-like. Then one day when I phoned she said she was now also doing calls and asked if I would like to speak to her instead. My humiliation meter spiked. It dawned on me that she wouldn't just be an anonymous phone sex girl because she also knew my full name and contact information and now would know exactly what I was into sexually. Think of it as the sexy bank teller who you always deal with suddenly knowing that you have a big stock of LEG SHOWs in your house that you masturbate over furiously. Of course I agreed to a session.

It blew me away. Chris did not need to be prompted. She was deliciously cruel and mocking as she described how she always laughed at me with some of the girls after booking my calls. She pressed me to honestly confirm that I really do only have four and a half inches because she sincerely enjoyed laughing at little pricks for real, and when I told her in detail about my size… or I should say my lack thereof… she laughed with genuine delight, told me all about what a loser wimp I was and how I would never ever get my thimble dick into a real woman such as herself, and finally ordered me to jerk myself into the toilet.

Then there was Donna. She refused to book a call with me unless I swore to heaven that I was wearing pantyhose and heels whenever I spoke with her. In our first session together she interrogated me mercilessly about my preferences and habits so she could log a thorough record of my kinks and perversions into the agency's computer. Every time thereafter when I called, Donna not only insisted that I be in my heels and hose uniform, she checked in on my penis size. I told her my actual size in great detail and in varying degrees of arousal and she had many a good laugh, quite literally at my expense.

The agency both those magnificent mocking women worked for is gone now, but their memory lives on for me. And something else lives on: Somewhere there's a hard drive that tells all the filthy details of my cross dressing, my dildo fucking, my cuckolding and bisexual fantasies, my need for small dick mockery. The thought of the potential humiliation factor in that is quite scary… and of course when I'm masturbating, thinking about it is enough to make me cum really hard.

Panty Passion

About a year ago I obtained a pair of my 60 year old mother-in-law's soiled blue cotton full-coverage panties. Jane is a strikingly attractive woman, with gray hair, blue eyes and a great body that she keeps in terrific shape through regular running and working out. I first pictured in my mind her wearing them and also thought about the cotton panty fabric coming in contact with her pussy and asshole. This got me extremely excited as I sat in my locked bathroom totally naked with her panties in one hand and my big stiff cock in the other. I slowly lifted them to my face and inhaled deeply of her crotch. Her feminine aromas were very present as I began to lap at the soiled white fabric. Within a minute or so I had licked and sucked it clean. I've been married for ten years and over that time I've had many fantasies involving my mother-in-law. I have dreamed of licking and sucking her pussy until she has had enough and is completely exhausted from all the orgasms I have given her. I also dream of fucking her in each and every one of her openings… her wide open mouth and throat, her big hairy cunt and her delicious fat ass. It would be great to hear what other LEG SHOW readers have really done or have had fantasies about doing with their mothers-in-law. I hope they will share as I am doing here.

Speaking of sharing I want to tell you my favorite spread from the November 2010 issue, which I have been saving and savoring for many months now. In that issue I totally worship sexy blonde Jessica (page 42). She possesses such a glorious, sexy, shapely and silky set of legs. In addition she has got… just about everything! Pretty smile, gorgeous tits, luscious toes and a mouth-watering pussy. She could chain me to her bed post and my only job would be to tongue and suck her pussy several times a day and also to be her very own foot slave. I would kiss, lick and pamper her precious feet and toes whenever she wanted. Like so many of the great models in your magazine, she is a perfect example of Female Supremacy; a female that every male should bow down and pay homage to.

LEG SHOW models in general are proof positive that we males are indeed inferior. As for myself, I totally realize that next to such women I am nothing. Even their high heels, pantyhose, stockings, panties and bras are more valuable than I am. My main goal in life is to humble myself, strip off all of my clothes, kneel down before them and proceed to worship them through masturbation of my fat stiff cock over and over again.

Swing Nation

I always enjoy both the writing and photo spreads in LEG SHOW. I'd like to share with you, Jessica and with my fellow readers one of the reasons why my wife Linda and I have had such an exciting and happy marriage for almost 30 years. Linda and I both enjoy oral sex, giving as well as receiving. She loves the taste of cum and my mouth waters over pussy. We pleasure each other regularly and we also give a lot of pleasure to our friends, sometimes together with other couples and sometimes apart from each other. In the latter case Linda always describes her experience afterward: How big the guy's cock was, and so forth. And I describe how wet the lady's cunt was, how many orgasms she had, how she tasted, the sounds she made, and well, you know.... We get so excited by each other's stories that our own sex is mind blowing.

Linda reports that guys are always thrilled when she tells them that she will suck them off as many times as they can get it up and that they don't have to worry about reciprocating by eating her out if they really don't want to (if they do, well, that's an added bonus). And I have found that some of the ladies like to have their cunts eaten but don't like to give head in return. Linda and I always satisfy each other after our outside encounters, so we don't worry about getting off when we are with others. We really enjoy our lifestyle, and giving oral pleasure to our friends and casual acquaintances is a major part of our exciting life together. We both pride ourselves in our advanced oral skills.

We are both in our middle 40s, but a lot of people think we are younger because of our sexual enthusiasm, and that's exciting too, because we get to enjoy younger couples and singles as well as more mature folks. Linda has a great body, with long well toned legs, a large, beautifully shaped and muscular ass, great breasts and a beautiful face. I'm in decent shape too, and since my cock is eight inches long and pretty thick I don't exactly get any complaints in that department. Linda and I both feel that the world would be a better place if there was no jealousy. We love each other and we see no problem with Linda enjoying a guy's cock and myself enjoying a lady's mouth and cunt, and of course a lady's legs and feet and butt too. That's why I buy LEG SHOW. Jessica, I hope you and your other readers enjoy life, like Linda and I do.

KAYDEN KROSS

Want to know what sex with a porn star is like? Well, I can tell you one thing my lovers and I don't do much of when we're having real sex as compared with screen sex, and that's wet shots. You know, the ones where the penis pulls out of a perfectly nice vagina or mouth or asshole and splatters sperm all over the woman's belly or face or butt cheeks. It's not that I mind the mess or anything, but I've never seen the point of pulling out… unless you're deeply devout and into using the most ineffective form of birth control known to mankind. Work aside, I choose what feels best over what looks naughtiest. When a cock cums I want to feel that great gushing warmth all the way up in my pussy or deep in my ass or filling my mouth and sliding down my throat… or better yet, in all those places at once. If I had any deep desire to see a cum shot I wouldn't bother having sex; I'd just watch a porn video. Probably one of my own.

CNBC recently listed Kayden Kross as one of the 12 most popular stars in porn; and the awards keep coming: Best American Starlet… Best Actress… Best Female Performer… Best Acting Performance of the Year… Wildest Sex Scene. Visit Kayden on the Web at www.clubkayden.com.

LAURA

FROM TEASER TO PLEASER

Stop in our August 1999 issue cover girl Laura went on at great length about the delicious delight she took in tormenting men. Along with several female friends she belonged to a male torture club, teaching willing wimps the dark joys of forced emission control. “I just love a male down on his knees, his cock bloated and throbbing with the need to come,” she said at the time. “I love to see him pull at himself, slobbering and moaning, his eyes locked on my panties. I spread my pussy, letting him see the engorged pink meat through the black nylon, the meat he’ll never taste. And all the time I’m urging him on and laughing at him.”

It’s an understatement to say the dozen years since our shoot have been kind to Laura. If anything, she looks more stunning in face and figure than the day we shot her. When we spoke recently we asked if her taste for male torment was as perfectly preserved as her feminine form.

LAURA: Not really. My girlfriends and I enjoyed putting our male slaves through their pathetic paces, torturing their sperm clogged balls, forbidding them orgasmic release until they were about to burst, then watching them splatter sperm all over the carpet like pussy whipped dogs. But over time my attitude changed radically.

LEG SHOW: How so?
LAURA: Well, I started focusing on the intensity of their orgasms. Seeing how they'd sob and cry and practically come apart at their fucking seams when we finally allowed them release… I admit it was quite a turn-on. I began feeling jealous… craving that intensity for myself.

LEG SHOW: And what did you do about it?
LAURA: I started going way beyond teasing. I started having sex myself.

LEG SHOW: Sex with your slaves? They must have thought they'd died and gone to heaven.
LAURA: Are you joking? Sex with one of those wimps? What a disgusting thought. I started having sex with the other women in front of them. Then we ditched the men entirely and made our club for Women-only. Nobody knows how to get a woman off better than another woman. Besides without the men around there was much less housework to do. No messy sperm puddles to have them lick up off the carpet.

GIRLIE Confidential

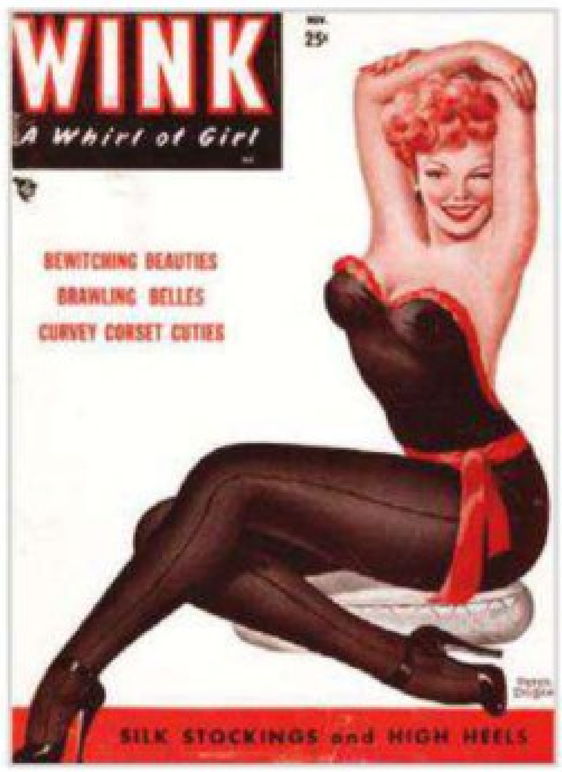

A Brief History of Robert Harrison

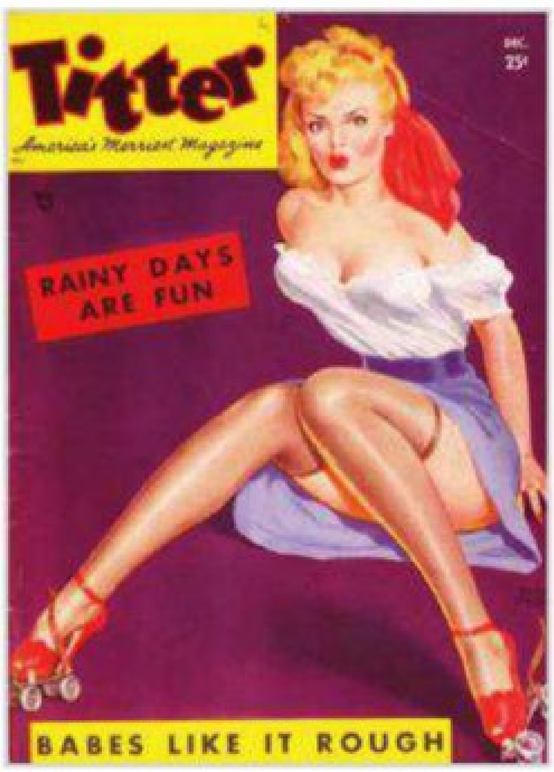

by Frank De Blase

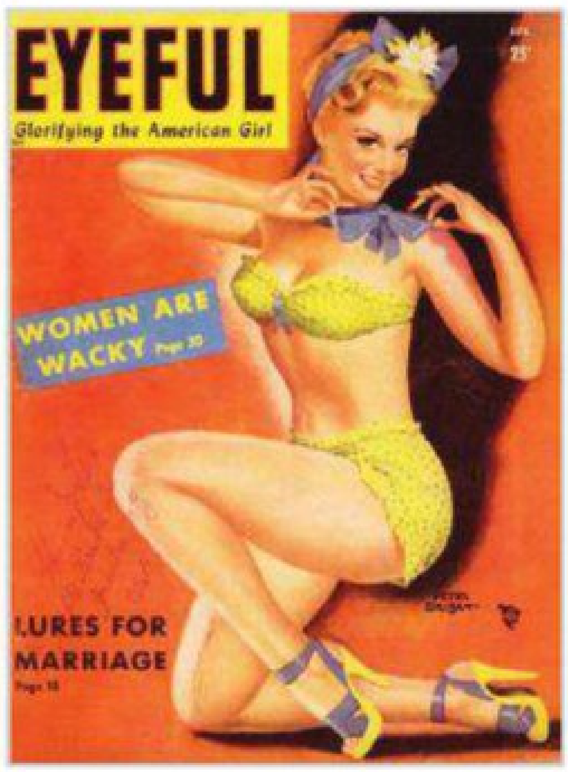

25¢

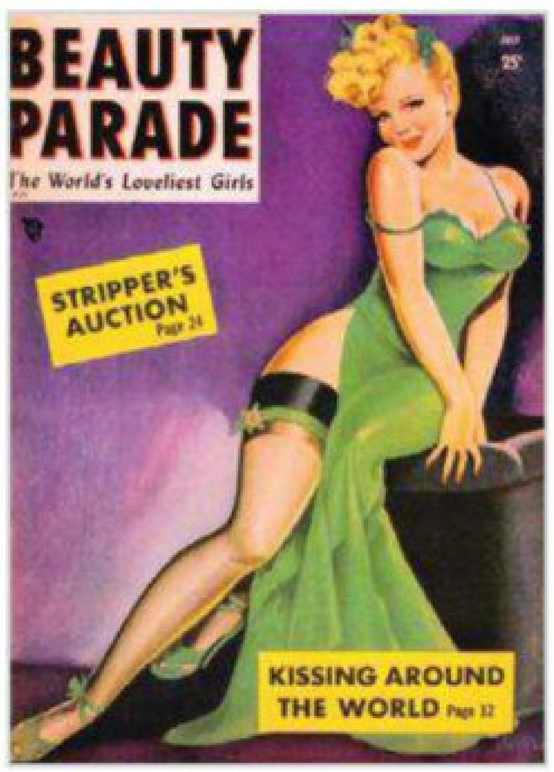

PETER DRUBEN-

SHOWGIRLS * MODELS * PIN-UPS

Publisher Robert Harrison: the guru of gossip, the sultan of sleaze, the titan of titter tattle, the king of innuendo. It could be said this man single-handedly created the American tabloid. With his magazine *Confidential,* Harrison proved to be a major threat to the Hollywood glitterati in the early to mid-1950s.

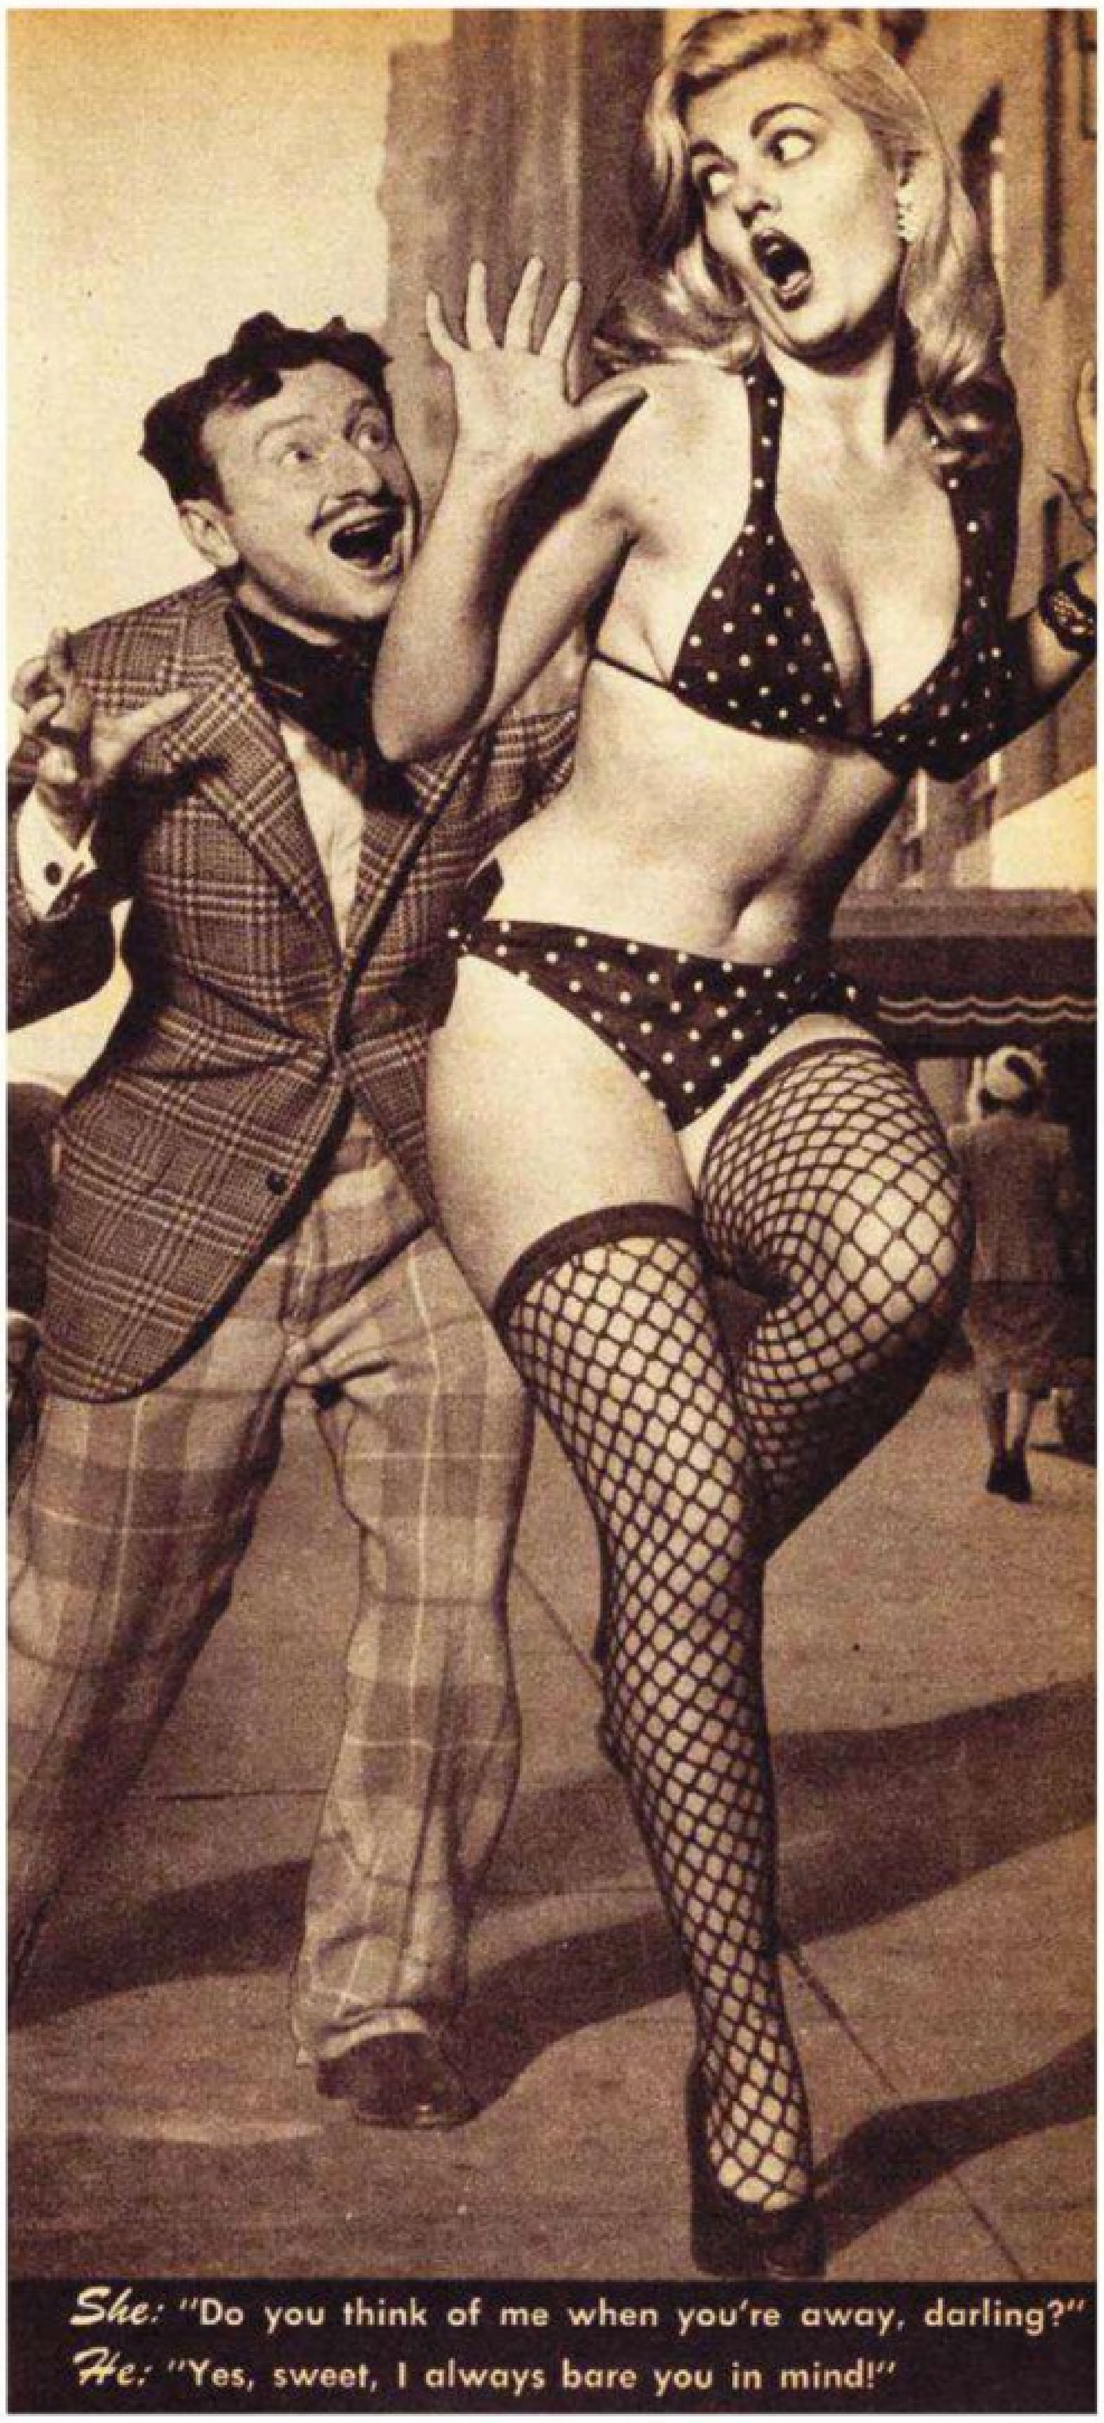

Harrison got the low down any way he could. He had a stable of snitches, insiders, dime-droppers, confidence men, and private dicks who trolled Hollywood's underbelly looking to catch movie stars and celebs in salacious sojourns or illegal activity. *Confidential* outed homosexuals, hop heads, junkies, juice heads, white starlets cavorting with Negroes, society swells circling the drain, fallen femme fatales, washed up palookas, commies, and couples on the extra-marital stroll. Often these exposes were goosed for a bigger headline splash when reality came up short. Liberties with the truth were frequently taken.

Confidential was launched in December 1952 and by 1955 it reached circulation of five million copies —- selling more than *TV Guide, Life, Time, and The Saturday Evening Post*. Harrison was raking in half a million dollars per issue and living the life. Back in New York where he maintained his offices, he was the man about town making the Gotham scene in his long white Cadillac and matching white alpaca coat with a blonde arm charm de jour in tow. Harrison was handsome and slick and always picked up the check.

However, the source of his good fortune had Hollywood panties in a bunch and in 1957 Tinsel town's big wigs convinced the California Attorney General to charge Harrison with conspiracy to print libel. Over 100 Hollywood celebrities and movie stars were called as witnesses. But after a fifteen day deliberation, the jury was hung. Before a retrial could be set, Hollywood moguls and Harrison pow-wow'd and all charges were dropped providing Harrison backed off. Without the sizzle and dazzle of star-studded scandal, *Confidential* was essentially DOA and Harrison sold it off to publisher Hy Steirman in1958. The title would last as a much tamer shadow of its former self until 1978.

But before he took aim at America's lust for gossip and scandal, Harrison addressed desire numero uno: girls, girls, girls. From 1941 to 1955 Harrison published a number of fantastic girlie magazine titles —- *Beauty Parade, Eyeful, Wink, Flirt, Titter, and Whisper* —- Tame by today's standards, these magazines were salacious, bodacious, bawdy and naughty, with an undercurrent of fetish running throughout. There may be debate as to the subtle differences between these various publications, but for the most part the same kind of sexy girls, torrid fun, and taboo humor ran consistently in them all.

This was a time in the United States where the puritanical leanings of the white picket hoi-polloi still prevailed. Those in need of a little T&A had to rely on Tijuana bibles, illegal underground smut (of questionable quality), or nudist magazines with their focus on "health" and "lifestyle." And then there were the camera magazines which went to great lengths to describe the technical aspects and artistic composition of a nude photo in an attempt to mask why the leerer was actually leering.

All These Gals' Boy Friends Are Named

Not Harrison; he took his cue straight from burlesque with its beautiful girls and its overall irreverence and lampoon. No pretense; Robert Harrison produced girlie magazines, plain and simple.

Harrison was born in the Bronx in 1905 to Russian immigrant parents. He got his feet wet in the magazine game as a copy boy, working his way up to advertising sales. By 1941, Harrison was working for Martin Quigley who published *Motion Picture Daily* and *Motion Picture Herald.* It was after hours in the deserted *Daily* offices that Harrison began his cheesecake empire, pasting up the first copy of *Beauty Parade.* The magazine debuted in October 1941 and was printed sporadically until after the war when it —- and all the titles that followed in its wake —- went bi-monthly.

All Harrison's girlie magazine covers featured the breathtaking illustrated pin-up work of artists like Earl Moran (who signed his earlier work for Harrison with only his middle name, Steffa), Billy Devorrs, and predominantly Peter Driben. Driben is probably most famous for his publicity artwork for the classic 1941 noir film, *The Maltese Falcon* starring Humphrey Bogart, Mary Astor, and Peter Lorre.

In the time between 1941 and 1955, Harrison published these great magazines. And American men ate them up at 25 cents a pop. These magazines were sexy and humorous. Harrison himself frequently appeared as the rube alongside the scantily clad models in some of the slapstick spreads. However, at the same time and in spite of the frivolity, these magazines had a serious fetish undertone. Many of the spreads featured models in shoes with six-inch heels or higher. There were corsets and girdles and a significant emphasis on long lovely legs (the only feminine feature that could be revealed at that time). Every title featured photo stories —- essentially classic burlesque routines played out in print where a sexy doll in one sort of compromising caper or another, always got one over on the inept buffoon. But some also showed battling babes, dominant dames, damsels in distress, and an abundance of spanking (as a gag as well as for suggested corporal maintenance of the marriage). Cross-dressers and drag queens popped up here and there as well as travelogues to assorted sin city hotspots like New Orleans, Las Vegas, and Rio . Harrison even ran John Willies's bondage cartoon serial *Sweet Gwendolyn* in *Wink.* And it was in the pages of Harrison's magazines that the country got its first glimpse of pin-up legend Bettie Page after Harrison purchased some photos of Page from a photographer in Cass Carr's camera club. Legendary lovelies like Dagmar, Tempest Storm, Carol Landis, and Lili St. Cyr graced these pages early on in their careers as well.

Advertising in these publications offered spicy photos (including multiple adds from pin-up king Irving Klaw), stag reels, lonely hearts clubs, get rich quick schemes, correspondence degrees for private detectives, bartenders, hypnotists, masseuses, and songwriters, cures for balding, shortness, lack of muscles, and hormone supplements to combat waning libidos.

Letters to the editor in the back of these magazines were particularly telling, showing Harrison's true demographic. These letters often contained requests, entirely too specific to be taken as mere suggestions. Letters signed simply with initials followed by the sender's city would request anything from scenarios to specific outfits to what expression they'd like to see on the model's face.

For example; in the August 1949 issue of *Eyeful* a letter reads:

Dear Editor,

Have you ever tried putting the alluring girls who appear in your pages in full dresses (instead of scanties) and just give the reader a provocative glimpse of a low-cut dress or a lifted skirt for a brief glance? It seems to me that this is the height of beauty in girls —- when they are secretly sharing their charms.

J.J.A., Toledo, Ohio

Or this one from the November 1948 issue of *Wink:*

Dear Editor,

I would like to see more of your beautiful girls wearing long black gloves and silk or nylon stockings —- to heck with that fish net stuff.

How about a long-haired babe with black brassiere, black panties, no corset, silk stockings (not rolled) and long gloves? That's my ideal! Your magazine is swell.

B.S., Chicago

By 1955, the girlie magazine scene was becoming saturated with titles and publishers pushing to see how much they could get away with. Competition was fierce and publishers needed to deliver more and more skin to win. Harrison was said to have found nudity offensive. Even still he had New York's Society for the Suppression of Vice on his back along with the U.S Postal Service. Harrison's magazines began to appear dated and antiquated next to this progressive new blood. His accountant spelled it out for him —- the writing was on the wall; get out or face bankruptcy. Harrison 86'd all but one title, *Whisper,* and focused his attention on *Confidential* after seeing the country's eyeballs glued to the Kefauver Hearings where Tennessee Senator Estes Kefauver set his sights, first on the mob and its subsequent vices before moving on to juvenile delinquency and its root causes. Scandal trumped scantily clad gals.

But by 1958 Harrison was out of the big-time publishing game altogether. He tried his hand at one-off titles focusing on whatever scandal was hot at the time and also ran a much smaller publication, *Inside News* which he founded in 1963. Harrison essentially faded into obscurity living out his days under an assumed name in a Manhattan hotel. He died in 1978; the same year *Confidential* tanked.

All of Harrison's titles are collectable and each can fetch upwards of $75 a copy depending on its condition. And though today where no taboo is too taboo and everything goes, any photographer, artist, model or magazine, that has just a hint, a glimmer of fun and fetish in what they do, needs to raise a glass to Robert Harrison, who despite living in the shadow of the sensationalism he created, was truly the granddaddy-o of the girlie mag.

I teach in a puppy school, training young dogs and their owners in the basics of good behavior. Come, stay, sit, heel… there's no great mystery in how to have a polite, obedient dog as long as you're firm, kind and consistent in your demands. I find the same thing true of the men in my life. I train them to satisfy my physical needs to perfection by constantly communicating exactly what I expect of them. A real man appreciates being told how to maximize a woman's pleasure; he's happiest when serving me well. I love having my feet and my legs and my ass played with… kissed and licked and massaged. Of course my nipples need sucking, my breasts need massaging too, but all that is merely the lead up to what for me is the main event… having my pussy eaten and fingered… first one, then two, then three fingers and not too deeply thank you… all the way to a climax. I enjoy having a big hard penis pounding my pussy too, but my most intense orgasms are definitely the orally administered kind. So my bedmates get to bone me only after they've done their duty. By the time I'm finished putting a man through his paces his balls will be drained, but his jaw muscles may hurt a little too. As for my deriving pleasure from sucking cock… not so much. Oh, I don't mind having a nice penis in my mouth, and I've been told I do a superior job of cocksucking. But you don't want to spoil a man with treats by giving him too many blowjobs. I administer those only on special occasions… as a special reward for very, very good behavior.

Jenna

www.modelmayhem.com/1717889

We have the deepest respect for those brave, imaginative and sensuous women who make their living in the sex trades … the porn divas, doms and dirty dancers of this world. But we are even more impressed with women who frequent the fringes of alt erotica for love pure and simple — or to be more precise, for lust impure and complex. Jenna is just such a woman. As a college student with a deep interest in the history of fashion, Jenna was particularly attracted to the 1940s and 1950s pin-up girl look: Red lips and nails, bullet bras, classic stockings and garters. Now a college graduate, Jenna maintains her day job in the New York business world, but has been moonlighting as a classic lingerie fetish model for more than five years. As she tells it, "I love to represent the full-figure curvy girls! I seem to have the classic body that goes with vintage lingerie, and I couldn't be happier! Modeling has let me explore this side of myself, giving me the opportunity to 'dress up' and bring out my inner Jayne Mansfield or Marilyn Monroe. There is something so erotic about going through your daily routine with seriously sexy lingerie underneath your regular clothes… a secret for yourself and maybe for a certain someone else if they're lucky!" Here and now LEG SHOW readers are those lucky certain someones. Read on.

Who are you and what do you do?
My name is Jenna. I'm an ardent glamour fanatic, amateur pin-up model and full-time exhibitionist. A lot of men and women seem to share my love of vintage lingerie, so I try to incorporate that into the shoots I do. I miss the glamour of the original pin-up girls. I would probably count Betty Grable as my favorite. I think my photos have a playful, innocent look despite the sexy, not-so-naïve ensembles. I have an online portfolio I use to manage modeling jobs, and also to share the recent work I've done with photographers across the Northeast. My photos cover a range of styles, from artistic to glamour to classic swimsuit. When I'm in front of the camera I feel like I really come into my own, and I let my body do the talking. I'm a collector of vintage photography; I love Gil Elvgren illustrations, too.

What are your measurements?
I am 5'6 tall and 27 years old. My shoe size is 8.5 US, and my measurements are 34DD-26-40.

When, and how, were you first drawn to teasy vintage lingerie?

A love for glamour has always seemed to be in my DNA. I remember sneaking into my mother's make-up bag to play with her red lipstick. Super high heels have always been a favorite. I remember watching Jessica Rabbit when I was little, and trying to keep my hair over one eye! I loved her tight shiny dress and high gloves... I wanted to learn how to walk like her and command attention like that. Afterwards, I found that same glamour in old photographs, then I zeroed in on sexy pin-up girls. Once I bought my first set of stockings and garter belt, I wore them out with friends and I loved how it made me feel, even without anyone else knowing! Dressing up for a boyfriend proved to be even more fun.

What turns you on about what you do?

When I'm in front of the camera I just let instinct take over. I love knowing other people are as into the final product as I am. There's something sensual and commanding about being comfortable in your body and knowing how to use it to its full effect. Sometimes I look through the results of a photo shoot and wonder how the girl who shows up in the photos can be me… and I wonder if Jayne Mansfield or the pin-up queens ever thought the same thing! I love reading the comments people post and the messages they send. It's a nice ego boost and can be pretty sexy too! I feel lucky that I get to express myself and that other people are enjoying it. I've also had the opportunity to work with some great photographers. Each has a certain aspect they like to shoot, and I'm proud of my curves and flat stomach. When a photographer hires me again I know I've got something that's in demand!

What's the most exciting erotic encounter you had this month?

Something a little different happened recently. I was lazy about putting up new curtains in my bedroom, and also too busy to be running to the bathroom to change instead of just doing it in my room. Since the weather has been beautiful the last few days, everyone in the building across from me has been opening their curtains and windows. One late-afternoon I dozed off watching a movie. I had taken off an uncomfortable dress I'd worn to work and was in just my bra and panties. When I woke up I saw two guys out on their fire escape enjoying the sunshine. I realized, "well, if I can see them that clearly from here, it must go both ways." I pretended to still be asleep and started moving around slowly on my bed, showing them… well, every side of me… sort of a horizontal teasy dance. It gave me the same exhibitionist thrill I get when I'm having a great shoot. I guess the secret sexy lingerie I'd put on for work that day wasn't a secret.

Tell us about your first time with a lingerie worshipper.

A few years ago I was seeing someone who I discovered by experience was as into vintage lingerie as I am. We had been dating for awhile and were texting back and forth while we were both at work. I was driving up with him that night to a country house he shared with some friends, and I decided it might be a cute little surprise to dress up for him. I went through my lingerie chest at home and pulled out some classic sheer black lingerie… seamed stockings, sheer panties, lacy garter belt,

Which are your most sensitive erogenous zones and how do you need them stimulated?
I love when a guy hugs me really tight around the waist, almost taking my breath away. It makes me feel like I have the tiniest waist and a sexy body, and I like that aggressiveness in a lover.

What do you think about when you masturbate?
It's always about a real person who I know and have been with… usually reliving a passionate past experience. A lot of times, what comes up spontaneously in the moment is better than anything I could have come up with by planning it out in advance. And remembering some of the things that have really happened to me is more exciting than fantasies!

and a black and burgundy sheer bra with innocent little bows at the shoulders. Of course with super-tall, black, round-toe pumps. We were driving up with friends, and getting in the car I "accidentally" flashed a little thigh and I knew he caught a glimpse of my garter belt – but he couldn't say anything as his friends piled into the back seat. What with the long drive and the socializing at the house, it was an excruciating couple of hours before he realized I had crept upstairs, and he followed my lead. He insisted on sex with the lights on that night and I'd never seen him more turned on. I never found out what became of my panties next morning, but I have a feeling he knows!

Pantyhose in South Florida? In the summer? You betcha. Neither my lover Frank nor I are the "let's take a shower before we fuck" type. We're both into the sweet stinky smells of clean but not-too-recently-scrubbed bodies. Frank lives about a mile away from me. He likes to jog over for some early morning sex, and the fresh sweat he works up on the way is a total turn-on to me. When I know Frank is coming by, I pull on a pair of pantyhose and do a half hour of aerobics. And if I feel the need for a little pee break at any point during my workout there's no need to wipe too carefully for Frank. By the time he shows up all fine and funky, I've worked up quite a body bouquet myself. We tumble into bed and start with our favorite number… sixty-nine. I love to roll down his running shorts and bury my face in that super scent pocket, the sweaty space between his ball sac and legs. Meanwhile I've scissored his head between my nylon-slippery thighs and he's crushing his face into my pussy, sucking and licking through the cotton and nylon. I put my panties on over my pantyhose, so he can peel me open slowly, like the layers of an onion. Doing that keeps my booty banquet at maximum heat till Frank finally jerks down my pantyhose, dives directly into my pungent pussy, and eats me all the way to my first orgasm of the morning. ●

Last night my live-in boyfriend Jeff got home at 12:30 from, as he put it, “working late at the office.” He got undressed and climbed into bed and wanted to have sex, which was fine with me. But when I started sucking his cock, Jeff smelled and tasted like he’d just taken a shower… and not with our brand of soap. Hmmm… I said to myself, Exactly when did they install showers in Jeff’s office? I don’t mind Jeff fucking around; it’s sneaking around that annoys me. But I decided to just relax and enjoy the sex and not say anything about how Jeff had failed my Sniff

Test. Instead next morning I borrowed his credit card and took it to visit Neiman Marcus… or as I like to call it “Needless Mark-up.” Jeff’s credit card really enjoyed the visit. It bought me this overpriced skirt and top, these overpriced shoes and stockings, and this overpriced bra-and-panties set. The bra-and-panties were important because my ex-boyfriend Billy really likes things like that. Billy liked them so much I didn’t get home till 12:30. Jeff was up watching TV. The first thing I made him do was eat my pussy and lick my ass. And believe me I hadn’t showered at Billy’s house. If Jeff can fail the Sniff Test, I can fail the Taste Test… and have a terrific time doing it, too.

The SOLEMAN Files

There are some LEG SHOW readers who believe that nylon is an unnecessary barrier between a beautiful pair of bare feet and their hands, mouth, or cock. If you've got a nasty fetish for naked foot flesh, now is your time to rejoice. This month, we dug out some shots from the files of foot fanatic Soleman with a selection of crinkly soles and arches au naturel. Enjoy!

Parks, beaches, campus lawns, shoe stores… those are the more obvious hunting grounds in my endless quest for fabulous female feet. But at times I corner my quarry in less likely locations, and I number such captures among my most memorable. I first saw Larissa on an Up escalator in an enormous Manhattan office building. I was due at an extremely conservative law office for a consultation on intellectual property law; the escalator led from Entrance to Lobby levels. Larissa was several steps above me on the otherwise empty moving stair, so her luscious legs from creamy calves to meaty heels… made utterly irresistible in strapless mules… were at my eye level. I sincerely wished my consult could wait… but no, duty called. We entered the same elevator. I raised my appraising eyes and noted Larissa's shapely figure, finely featured face and naturally blonde hair… as inviting as her feet. We reached for the same floor button; my heart leapt in my chest. I soon discovered Larissa was a paralegal in the very law office I was visiting. Not only were introductions unnecessary, Larissa was completely aware of my ongoing crusade… and had just come from a midday pedicure in preparation for my visit! I had my meeting; Larissa and I made discrete arrangements for drinks and a shoot in my hotel suite. There I made lengthy portraits of her luscious lower extremities. Then with her elegant arches sliding up and down my shaft, I delivered my final verdict… all over her sweet, sperm-splashed soles and arches and ankles and calves. •

As soon as I arrived at the Palomar Hotel in downtown Philadelphia I knew it was going to be a great evening. The lobby is amazing and the rooms are very upscale. I've shot there before and became very familiar with the layout of the place. After a brief exchange of pleasantries with the staff I then proceeded to the elevators with camera bag in hand. Little did they know what was about to occur behind closed doors in Suite 1510. Brandalyn was waiting for me – in anticipation of our meeting and first shoot.

After I arrived and began setting up the lighting equipment, Brandalyn went to the bathroom to perform minor last minute touch ups just before the final pictures were taken that highlighted the titillating shoot. Rumor has it that she is planning a return trip to the City of Brotherly Love for another play date with yours truly.

NATASHA'S NIGHT WORLD

YOUR GUIDE TO THE NAUGHTY NIGHTLIFE

PHOTOS & TEXT
NATASHA MANITOBA

JERSEY HOUSE PARTY

Natasha slips behind the suburban curtain to document a steamy secret sex soiree

HOUSE OF THE RISING CUM

I must at times trek great distances through the nightworld to find the monthly masturbatory morsels I photograph. But at other times I find the freakiest, funkiest fuck fests quite close to… well, not my home exactly, but possibly right under your noses, darlings, especially if you happen to live in a quiet suburban town. I recently wended my way to a sleepy little New Jersey hamlet that gave new meaning to the term "bedroom community" and I became reporter-in-residence at a perfectly marvelous penis-poking-pussy party. It all began in Manhattan, a week prior to the events herein depicted. I was on a fact finding mission at one of those wild "private list" parties in Chelsea. Among the many beautiful people my Scandinavian assistant and I encountered were Carol and Ted, an attractive thirty-something couple. They led an exclusive, members-only group of their own called "Generation-XXX," and graciously invited us to a house party at their home in northern New Jersey. As readers of this column understand, and as habitués of the erotic underground know for a fact, I am always ready to go where the wild things are… including right to people's houses to shoot them and their friends at play. So my first question when Carol and Ted invited me to their group was, "Hmmm… are there ever any exhibitionists at your house parties? You know... people who, um... like to be photographed and videotaped?" Carol and Ted looked at each other and burst into a fit of giggles. "Trust us," Ted said. "You'll have people to shoot."

BEDROOM CUMMUNITY

Now behold the bountiful benefits of naughty networking. I reported for duty at Carol and Ted's spacious suburban home, wandered through room after room doing some steamy shooting along the way (there were fun things happening on the livingroom couch for example), and finally set up in the master bedroom. Then it was just a matter of waiting. Because once the party was in full swing, it was exactly as Ted had promised: I had oodles of orgiasts eager to be immortalized. I also had the opportunity to observe one of those fascinating facts about the

Lifestyle, namely the intimate interconnection between voyeurs and exhibitionists. We started our taping with just one exhibitionistic couple as a crowd looked on. But after awhile another couple was inspired to climb aboard. And another. To paraphrase the Immortal Bard, “All the bed’s a stage....” At least the bed in the Generation-XXX master bedroom was, and over the course of an hour or two we taped an ever-shifting cast of characters rolling and tumbling across it.

FAREWELL TO ALL TWAT

Life is full of ironies. It is often accurately observed that group sex offers married participants a sensual safety valve… that by swinging together they perhaps paradoxically feel closer and more committed to each other. But there are exceptions to every erotic “rule” and a month or so after the events I’ve described, our hot house host couple Carol and Ted proved quite a serious exception indeed. Actually it was Carol who sent an open email to everyone on their mailing list saying that she’d decided she could no longer deal with swinging, could not abide watching Ted with other women, and was bidding adieu to the entire “lifestyle.” Soon after that, reports reached me that Carol and Ted had bid adieu to each other too. Unfortunately while Ted was still a swinger, it was he who moved out of the house. So the surviving couples of Generation-XXX needed to find a new party place. At last report they were still searching.

ZOE

Problem: My Web marketing company was too busy for one (me) but not busy enough for two. Solution: Hire somebody I was attracted to, so when things were slow they could do for me what I'd always had to do when I worked in an office… service the boss sexually. Next problem: Should I hire a male or a female? I'm bi, so the burning question was whether I wanted to go with a good pussy eater (no man eats pussy better than most of the women I've been to bed with) or a guy with a big dick who knows how to use it (after all is said and done in a sex session I usually end up craving some cock). I decided to leave it to Fate, in other

words put an ad on Craig's List and see who showed up. Interviewing was fun, basically involving me testing a lot of people's office skills and sampling a lot of pussy and penis. Fortunately I was finally able to narrow the field to two people. Unfortunately their names were Maria and Craig. Maria was smart and gorgeous and gave head better than any woman I'd been with. Craig was bright and Black and had a big beautiful dick. Basically I was back to the same problem; but the solution came to me in a flash: hire them both part-time. On Mondays and Thursdays, Maria answers emails, fills orders and eats me out. On Tuesdays and Fridays Craig's here for filing, phoning and fucking. On Wednesdays they both come in… giving cool new meaning to the tired old term "Midweek Hump."

Of all my lovers, Henri is the one most likely to entice me into strange adventures, so when he told me we'd be going to a gallery opening of his good friend's artwork recently I knew it was unlikely I'd be seeing paintings of dogs playing poker. Henri took me to the Paris Musée de l'Erotisme in Pigalle, and introduced me to his friend Jean-Pierre, a Haitian sculptor whose phallic fetishes I found quite appealing. I found Jean-Pierre quite appealing as well, so I was more than pleased when Henri informed me as to the two reasons there were so few people in the gallery. Reason one: Jean-Pierre's show did not officially open for another hour. Reason two: Henri had decided to give Jean-Pierre a gift to congratulate him on his opening. Need you

ask what… or rather, WHO that gift was? Jean-Pierre soon had my skirt lifted and my panties removed. I soon had his beautiful ebony penis in my mouth. And then in my pussy. Then both Henri and Jean-Pierre took me at once. It was all quite lovely, the best “opening” I’d attended in ages. My only regret: When it was all over and the gallery guests began to arrive I discovered my panties had gone missing. Thus I found myself sipping white wine and making polite chit-chat while Henri’s, and Jean-Pierre’s and my own mingled fuck juices trickled down my legs.

For Creative Fantasies and Stimulating Conversation

If you're thinking of calling a phone sex line, you're probably looking for arousing, hot talk and an explosive orgasm at the end. But sometimes, you're hoping – perhaps against hope! - for something a little different. A bit of something more. A connection. A few divine moments of instant intimacy.

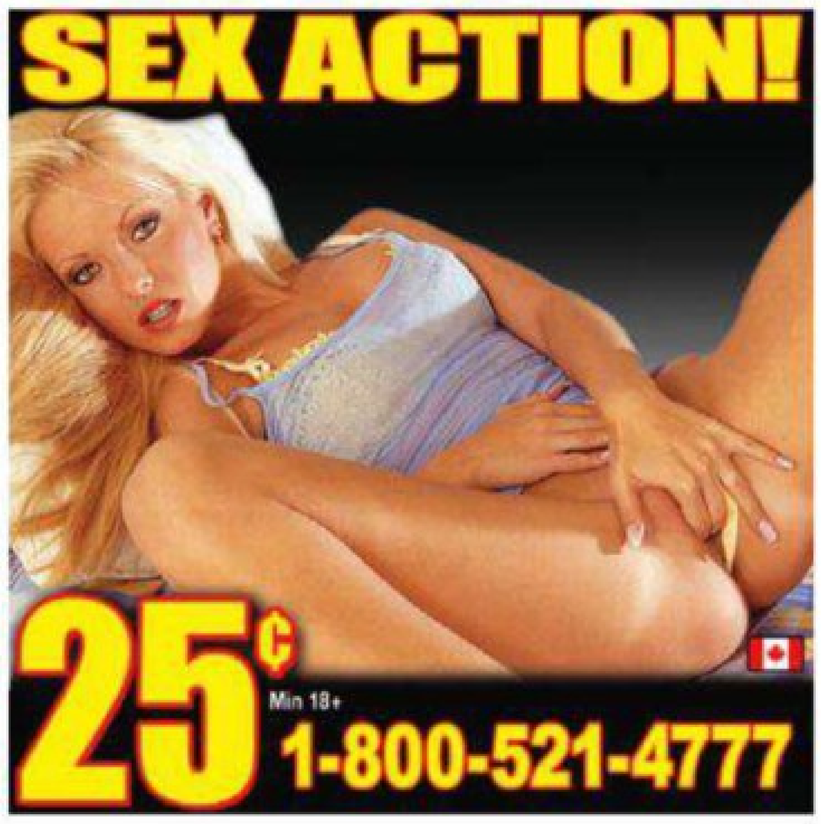

You pick up the phone, hoping you'll connect with someone to make you feel special, someone to listen to what you have to say, someone with whom you can engage in interesting conversations on a variety of subjects, both kinky and non-sexual.

At ENCHANTRIX, we can give that to you. We invite you to call us at 800-730-7249 and find out just how mindblowing a fantasy phone session can be.

When you call ENCHANTRIX, our goal is to make you feel a little bit better – or, ideally, a LOT better – than you felt before you called. Our Enchantrices are selected for their intelligence and conversational abilities. We aim to provide you with stimulating, engaging and interesting conversation, whether you're in the mood for something naughty and erotic, or whether you're in the mood to just chat with an intelligent, creative woman, and see where it leads.

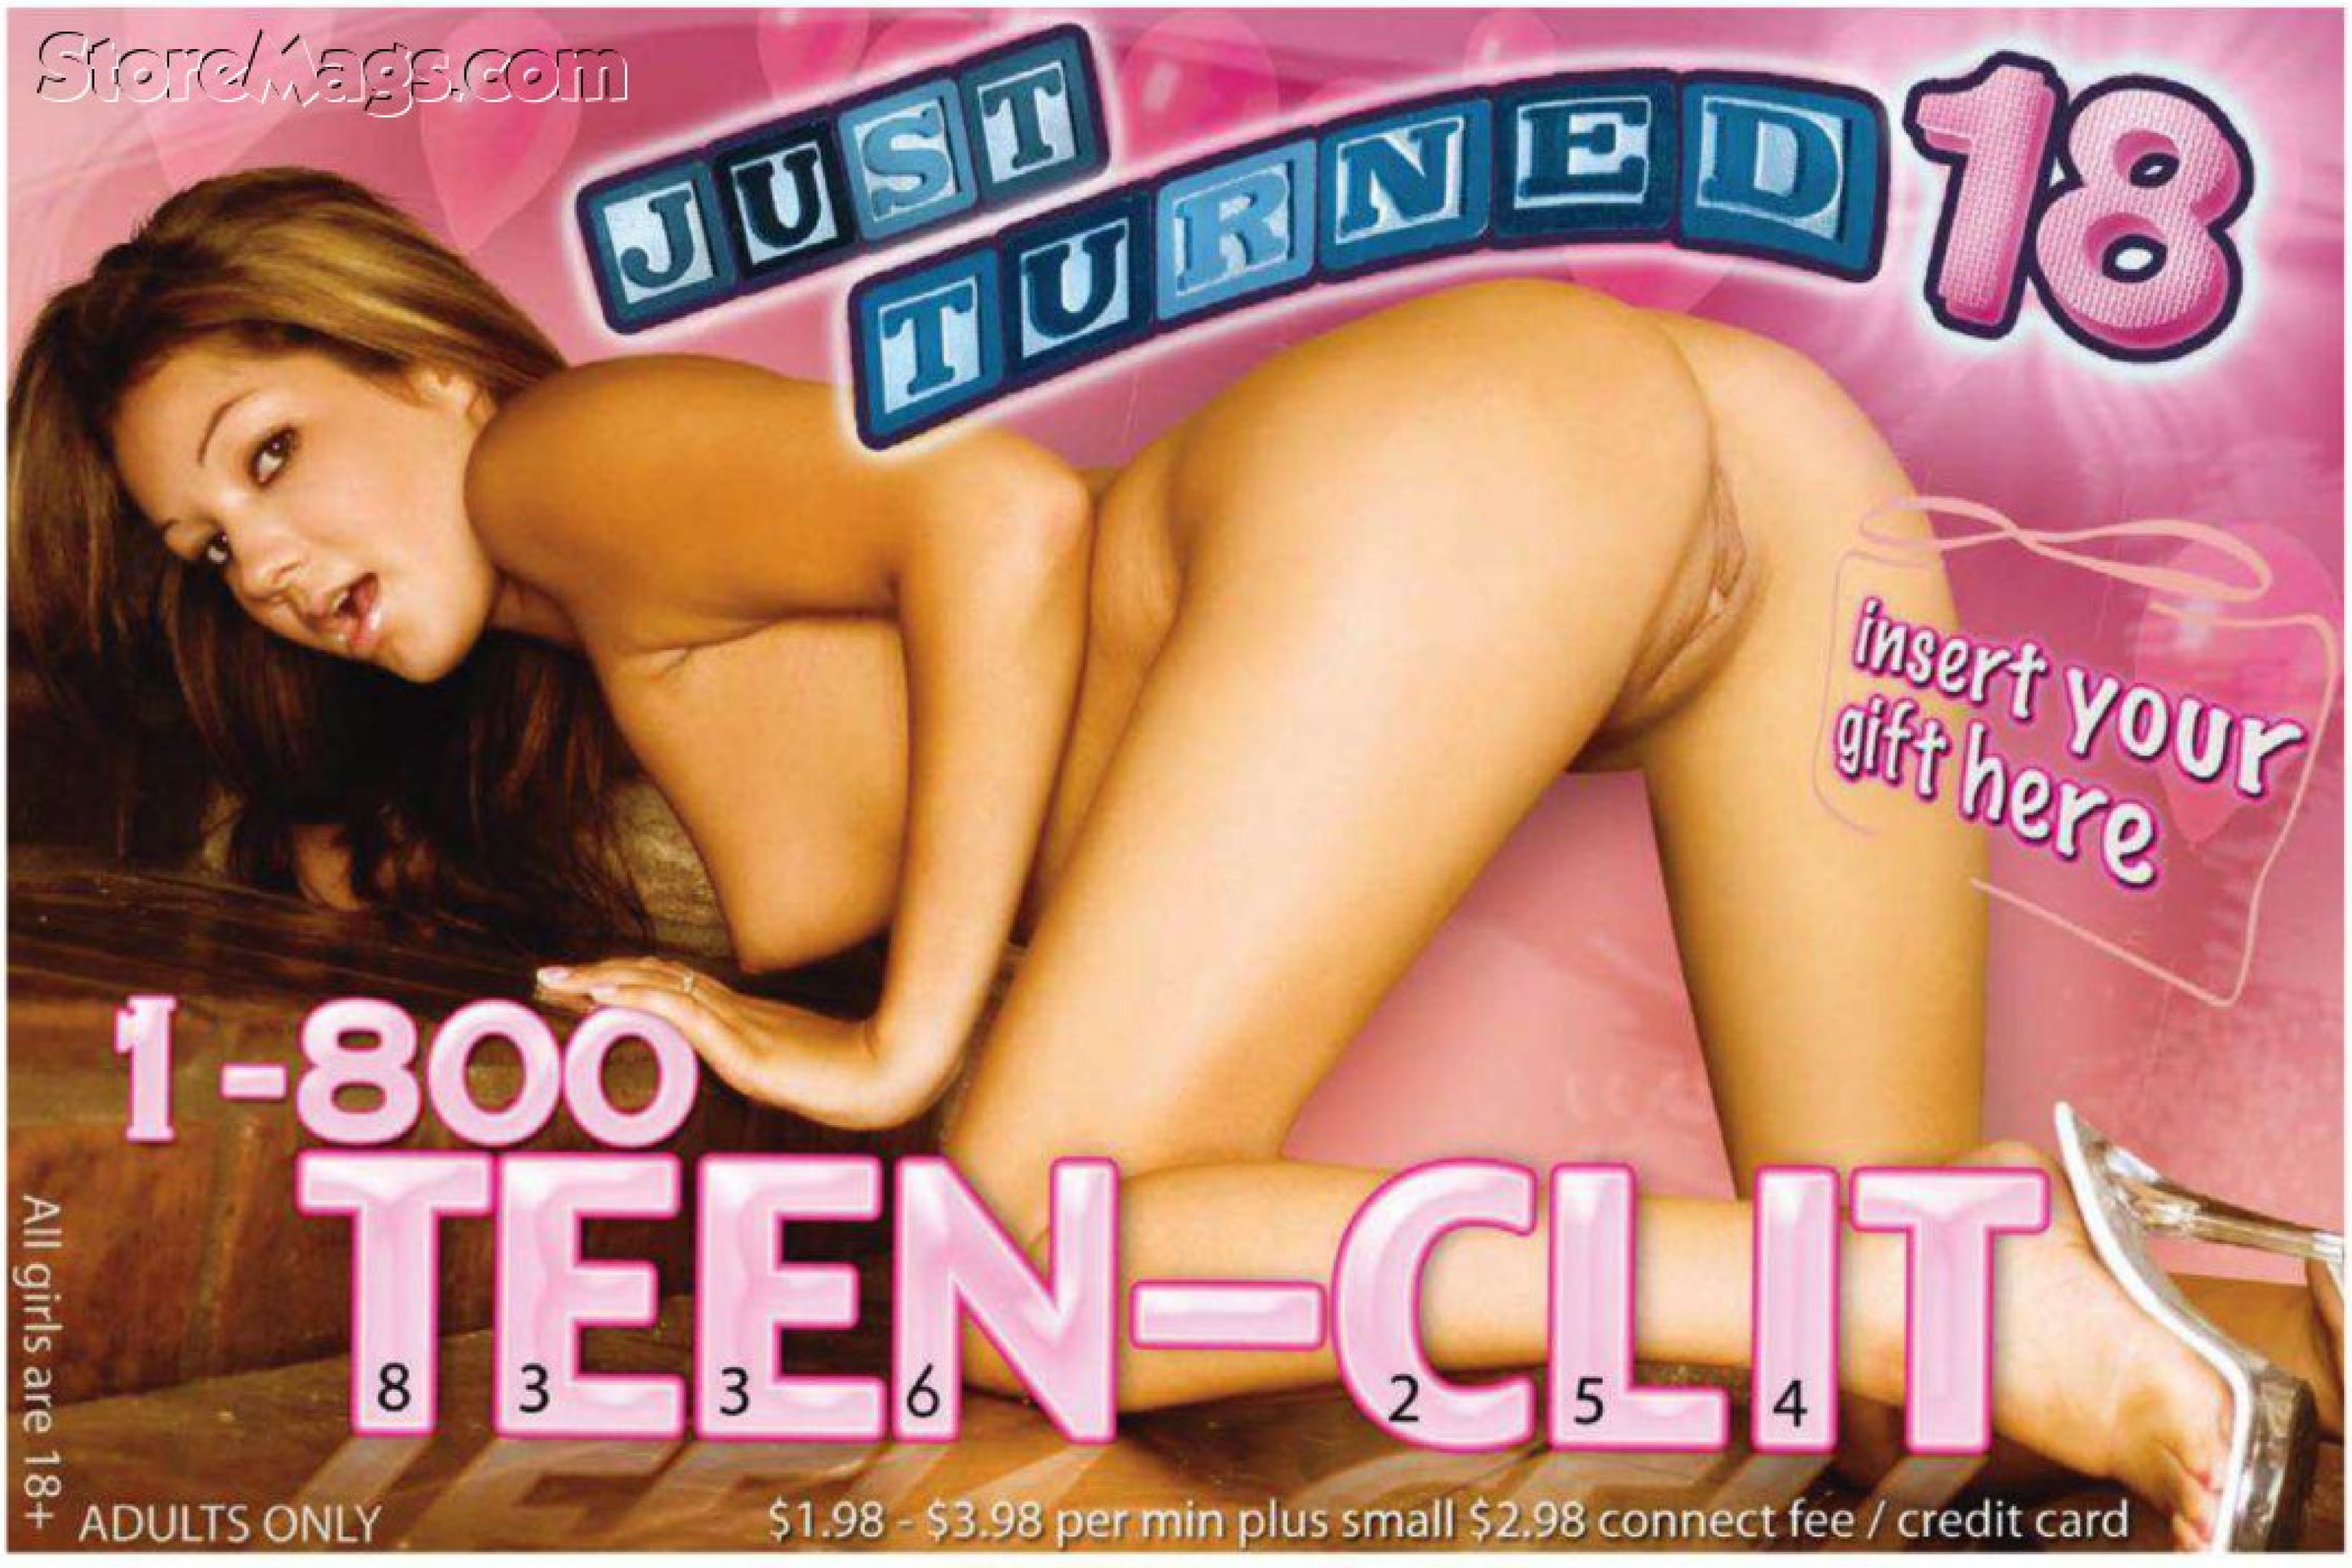

When it comes to meeting our clients' needs for conversation – we settle for nothing less than total fulfillment. Call 800-730-7249 and experience an ENCHANTRIX, and you'll never go back to regular old phone sex again. We promise.

Erotic Fantasy Exploration

Delve Into your Secret Desires

By Ally Rogers of www.voxerotic.com

800-815-3698 2.50 per Minute, with a Minimum of 10 minutes, billed to your credit card

Erotic Thoughts that Cannot Be Ignored

Having an active imagination and fantasy life can be very healthy. There are times in our lives when the pursuit of opportunities to actually live out our fantasies may be impractical. But our fantasies have a way of demanding attention and fulfillment. Whether this fulfillment comes in the form of viewing videos and pictures of our fantasy subject, reading erotic stories, or simply using our imagination during solo masturbation, our fantasies quite often, and sometimes quite intrusively and pervasively, demand our attention. Efforts to suppress or ignore our secret desires often fail.

Vox Erotic: Far More than "Just Phone Sex"

If your fantasies involve another person (and fantasies almost always do!), one logical way to explore them is with a phone sex partner. Phone sex often gets a bad rap. Those who have never called a high-quality phone sex service like Vox Erotic may have the impression that all phone sex artists are not that articulate or creative, that they're just going through the moaning and heavy breathing and dirty talking motions with little interest or involvement.

When Vox Erotic was formed in 2002, one of our primary goals was to bring together fantasy artists who believed that, when done right, phone fantasy can be the perfect outlet for an extremely wide variety of erotic desires. Our Fantasy Artist selection process involves consideration of the potential Fantasy Artist's education, professional background, writing and creative skills, and an assessment of her ability to be a fascinating, engaging, well-rounded conversationalist.

Helping You Select the Perfect Phone Fantasy Partner

Using these criteria to select the best fantasy artists available, we have brought together some of the sexiest, most intelligent and creative ladies in the Phone Fantasy industry. To further increase the satisfaction of our clients, we have devised an extremely effective process to help you select the ideal fantasy artist for your desires and preferences: the Pre-Call Consultation.

Our consultation presents questions to determine your preferences for voice, style, age, personality, and knowledge of various fantasies. We also ask the time of day you usually call, whether you prefer to engage in email and Instant Message communication before and between your calls, and various other questions that will help us discern which of our dozens of fantasy artists will be perfect for you.

To submit your Pre-Call Consultation, visit our Phone Fantasy site at www.voxerotic.com, and select the "Recommendations" link from the menu.

Call 800-815-3698 to receive your Free Pre-Call Consultation

If you'd like to receive a recommendation immediately, we invite you to call **800-815-3698** and our Concierge will ask you some questions, and provide you with a selection of ladies tailored to your specific needs and preferences.

"But Phone Sex is Just Not for Me..."

You may have tried phone sex services in the past, and found the experience unfulfilling, the phone artist seemingly disinterested or unengaged, the whole experience failing to meet your expectations. We invite you to try just one more time, the Vox Erotic way. And we offer this opportunity with no risk to you: Try us for a 10 minute introductory session, and if you find that the experience is just not what you're hoping it will be, we will not charge you for the session. We're able to offer this unique opportunity without operating at a loss, because we're almost never asked to waive our fee for a dissatisfied client. Yes, our Erotic Fantasy Artists are that good.

Vox Erotic: For the Phone Fantasy Connoisseur...

And if you know that Erotic Phone Fantasy is something that you enjoy (when done right!), we offer you the same service: We understand that sometimes it takes a while to find the fantasy artist that's the perfect fit for you. If you find yourself on a call that's just not working out, politely end the call and return to Concierge, and we'll help you select a different Artist.

Begin the Exploration...

So what fantasy has been on your mind lately? What sexy scenario has piqued your curiosity? How long has it been since you've totally indulged your desires and been swept away in a wave of erotic imagination? However long it's been – it's been too long. And right now is the perfect time to begin a new fantasy exploration, with a perfect phone fantasy partner. Give us a call. We'll give you, and your fantasies, the attention and perfection you deserve.
