PORN STAR CONFESSIONS

Many things come across my desk – fan mail, vintage stockings, dick pics, you name it. Sometimes, even I cum across my desk, especially in the afternoons when I've been reading dirty stories and looking at pretty girls all day. But the biggest perk of being your editrix – besides all the masturbation material – is that people send me books. I love to read, and every once in a while someone will send me something so awesome and original that I would be remiss in my duties if I didn't share it with you.

Ladies and gentlemen, I have found that book. It's called *Confessions of the Hundred Hottest Porn Stars: Intimate, Funny, Outrageous, Sexy, Instructional and Shocking Tell-Alls from the Biggest Names in the Biz*. Written by Lainie Speiser, *Confessions* takes you behind the pink curtain for a sneak peek into the private lives of your favorite XXX stars, from legends like Candida Royalle to newcomers like Bridgette B. and Taylor Vixen. Better still, many of these stars have graced the pages of LEG SHOW – Aria Giovanni, Priya Rai, and Joanna Angel, to name a few – which makes me so proud of my stockinged centerfold sisters. A book is the bigtime, ladies – congratulations!

As your LEG SHOW editrix, I meet a lot of porn stars, fetish models, and internet sex goddesses. Some I would even call my friends. In the course of doing business, I learn a lot about each girl. I see her driver's license, which means I know her real weight, height, and most importantly, her real age. I see her in sweat pants and ponytail, which means I know what she looks like without makeup. In other words – you see an extreme close-up of her asshole, but I get something far more forbidden.

A photo shoot is a very long day, intimate and intense, so there's always lots of girl talk. Most of it is so private and juicy it would singe your ears, and it's one of my favorite things about my job. It's also one of my favorite thing about this book. Through these hundred interviews, Speiser manages to re-create the pajama party atmosphere of two porn girls sitting around talking smack – no holds barred, no topic off limits.

Speiser has a sixth sense for dirt and dish, an innate understanding of what we most want to know about. Reading her work is like hanging out with your best girlfriend who'll tell you everything she knows about the guy you've been crushing on; no waiting, no putting you off with small talk. In the first chapter, "My Favorite Positions and Pleasures", stars talk about their off-camera turn-ons, which is not only very enlightening, it can also be reassuring. They fuck just like us! Many, if not most, of these confessions reveal a star's softer side. "I think it's morally not okay to just start fucking a girl from behind and then try to put it in her ass," opines Eric John, the gentleman baller. Words to live by, says your favorite editrix. Other chapters include "Swinging Couples: Me, My Husband, and Our Girlfriend;" in which stars share their hard-won

tips on how to organize that trickiest of groupings, the married-plus-one three-way. Lexxi Tyler looks at it as a bonding experience with her husband, mixed martial artist Rob McCullough. She keeps it sexy by keeping control. "I pick the girls and play director and tell everyone what they get to do," she says. "I'm very dominating when it comes to girls."

The world of porn stars is notoriously incestuous – not literally, of course. There's lots of cross-pollination, just as you would find in any extended group of friends. Speiser gives lots of backstory, filling the reader in on the couplings and un-couplings and the rivalries that ensue, and it makes the stories even more delicious. For instance, did you know that Tera Patrick (page 56) never used to enjoy having her pussy eaten? "I never had a guy who could do it really well," she laments. And if you happen to know that Tera is freshly divorced from Evan Seinfeld, you would know that what you're hearing is the sound of one axe grinding. His current porn star paramour, Lupe Fuentes (page 106) redeems her man by going on to mention how large his dick is, how they have to go slow because she's only 4'10", and that he "totally" breaks her pussy. And don't worry, if you didn't get the memo about Evan Seinfeld's monster cock, he'll tell you all about it himself on page 24.

Former LEG SHOW model Brittany Andrews (page 194) is a current obsession of mine. In my head, I write her mash notes, and when I sign my name, I dot the i's with little bubble hearts. I think a lot of her appeal is what I call the Dolly Parton phenomenon – she looks like a surgically engineered robo-babe, but she's as real as it gets inside. And speaking of getting inside, her signature kink is strap-on sex, which makes her, in my book, eight inches of awesome. "I have invaded more than a thousand men's asses, and the majority of men who I have molested had never had it done to them before," she boasts, and I believe her. She also loves latex and feet, which makes her a perfect match for me. I guess you could say I have a Brittany fetish.

But the best part about *Confessions* is that, for all the insider tips and tricks, for all the tasty gossip treats, the glamour and mystique of your favorite porn stars remain intact. You will read about what they really like in bed, off camera; you'll learn how they juggle marriage and work; you'll hear all about their fears and ambitions – and when you put the book down, you'll still want to jack to them.

Like now. It's afternoon at the LEG SHOW office, gentlemen, and I'm all alone. Except for a pile of pictures of my new porn girlfriend, Brittany, which seem to have magically appeared on my desk. So I know you'll forgive me for signing off; I have urgent business to take care of, as do you. Sign on or run to the bookstore, I don't care, just do yourself a favor and buy this book. Then write to me and tell me what you think.

An Offer She Can Refuse

I would deeply appreciate if you would publish my letter of adoration to the Goddess Katarina whose photos and interview you published in Lifestyles recently (LEG SHOW, November 2010). Mistress Katarina, your beauty and charms have filled my mind. If you think this panty boy worthy to share your desires and adore your beauty it would be my grateful privilege surrendering to your charms and the whims of your erotic needs. Your shiny leather heels ignite my passion. I lust to have my tongue tracing the seams of your stockings against your solid curves, my face rising to the intoxicating air of your sexual aroma found at your creamy smooth inner thighs. This panty boy revels not only in panties but also in pantyhose, nylons and garters. I was trained as a classical flute player and have played piano all my life; so I am very experienced and adept with my tongue, lips and fingers; and I am eager and willing to service your beauty in any way you wish. My significant other enjoys her submissive side more than any other aspect of her sexuality. I have surrendered to a Dom, who tutored me in the art and rewards of foot worship. I was fortunate to be allowed to worship her for several years until her retirement. It has now been several years since we parted and I have not yet found a new goddess who desires worship and servitude and adoration from a man. I can only imagine the joy I would experience worshipping your glistening stilettos arching above my grateful moist lips and aching cock. If you desire the worship of this humble panty boy, the service of my mushroom-capped scimitar, or gifts from a thoroughly seduced admirer, it would be my honor to bestow them on you.

Take Ten For The Team

The idea that women would physically restrain a guy for their own sexual pleasure probably seems bizarre to the average person but I bet many LEG SHOW readers won't be surprised by an experience I had in my junior year in college. I was a student at a Midwestern university and realized that I needed to build the extracurricular experience part of my resume to have a chance of getting into grad school. There weren't many clubs or team volunteer jobs that weren't already taken

but through a friend of a friend I found there was an opening for the equipment manager of the girls' varsity volleyball team. I went for it without much thought.

Some of the girls on the team were very attractive and ALL of them were in great shape and very tall... not a one was under six feet. Since I am only five foot four the girls seemed extra enormous to me. Their style of play was very aggressive. I was accepted by the team in my serving role, but there was clearly a mental and social distance between us. However after I'd been with the team for about a month one of the girls invited me to a party in her dorm room after a Saturday game that the team had lost badly. The party started right after the game and when I got there the room was filled with sweaty girls who hadn't showered. I was the only guy. Beer was passed around and the girls started getting pretty rowdy. Two team members off in a corner started to hug and kiss. That drew laughs and cheers from the others. Alicia, the girl whose dorm room it was got up and closed the door and locked it. I was stunned by what happened next.

"I want a man! ANY man!" she shouted and before I knew what was happening one of the girls pushed me down on the bed. Before I could react several girls attacked me, pressing my arms and legs down, pinning me so I couldn't move. There were two girls sitting on my arms and two sitting on my legs. The quickness and precision with which they did it (hey they were team athletes) made it pretty clear to me that they had done this before to other guys. Alicia

announced to the other girls, "He wants to serve the team, then he needs to service us!"

With that she dropped her shorts and panties and scrambled to straddle my head. As I said she hadn't showered... and she didn't believe in shaving her bush either; before I knew it my face was smothered by dripping wet, stinky, hairy cunt. My cock shot up like a rocket. Some girl who I couldn't see grabbed my balls in my sweat pants and shouted, "Do it!" I was pretty sure what the "it" was she wanted me to do. I started licking and sucking Alicia's sweaty, smelly puss.

"He's doing it!" Alicia shouted.

The other girls cheered. If there's one thing I know how to do it's how to eat pussy, and since Alicia was fingering her clit while I licked and sucked she came in about three minutes flat. Then she got off and I got a breath of fresh air; but only a little, because right away another girl took her place. This one was a squirter and by the time she finished my face and hair were soaked and I was gulping down girl cum. Then another climbed on board. And another. They held me like that for an hour or so. I ended up eating out about nine or ten pussies. Although I kind of lost count, I know I did most of the team. Towards the end they pulled off my sweat pants and shorts and groped my dick and balls roughly, squeezing and smacking my cock, pinching and slapping my balls painfully, playing with them like they were some kind of toy but never doing anything long enough to allow me to come. When they finally let me up I was kind of dazed and exhausted... and my jaw muscles ached. Alicia gave me a swat on the ass and told me to get dressed and get the hell out before they made me do "other stuff." She didn't specify what the other stuff was but I sure could have used some cock release. However the girls were busy making out with each other and nobody offered me any. I went back to my room and jerked off. Luckily I could still smell and taste all that sweaty cunt on my face and I came pretty hard and pretty fast.

I won't say that what happened that night became a regular occurrence but I was asked to "service" the team several more times during that year. Only once did I get any reciprocal penis play and that was from a girl who claimed she couldn't wait for her turn on my tongue. I was warned not to come till she had finished, and when she did, she got right off my dick and I had to jerk and come all over myself while all the girls laughed at me. They didn't invite me back during my senior year and to tell the truth I'd had enough. But since that time I have always sought out women who are strong willed and take charge in bed. My current girlfriend says she loves that I take so much time licking her pussy during sex. Hell, having to eat just one woman is a piece of cake.

Keeping It Real... Soft

I am 25; and a great fan of LEG SHOW. Like just about everyone in this day and age I do surf the Web for porn but in my opinion there is nothing like the "real thing"... by which I mean a sizzling hot printed magazine that I can actually hold in my own two hands... well actually in my one hand if you get my drift. I would like my fellow readers' opinion regarding two sexual events I experienced. One evening recently I was "studying" photos in the March 2011 issue. All the sets were hot but for some reason the Office Fantasy ("Lux of the Irish") with that cute, innocent looking blonde in the green dress, pantyhose and

simple white panties really set me off. I found her highly erotic and my heart began to race. I had my dick out and I was pressing my legs together so my thigh muscles were sort of crushing my balls and the base of my cock. However I never really had adequate time to develop a hardon and I wasn't even touching my dick. I was not even fully hard, just kind of limber because despite what I said above, at that moment I was reading LEG SHOW with TWO hands! Within about 30 seconds I could sense something boiling in my ball sac. Suddenly I had a truly intense orgasm without even getting wood! Instead of my cum squirting out, it just sort of gushed out of my dick head and flowed down onto my legs. It was a bit of a mess because I didn't even have time to run and grab some tissues but it was super intense, kind of like a wet dream from when I was a kid... but I was wide awake. I honestly did not know that one could ejaculate without being erect and I wonder if any of my fellow LEG SHOW readers have ever had such an experience.

The other similar event happened as I was enjoying lapping my wife's fragrant pussy a few nights later. I really thrive on giving her lengthy oral pleasure, which sometimes lasts for a nonstop hour. On this occasion, after eating her out for about an hour and giving her three really intense orgasms my cock was ready to explode. She was lying next to me and for some reason her fingers wandered first to my anal area rather than to my dick which at that point was not actually fully erect but just bloated. After she stroked my anus for just a few seconds, my cock blew a load so intense I shook and quivered for quite some time afterwards. As I say once again I wasn't even fully hard, and my wife never even touched my cock or balls. All I can figure is that she stroked just the right part of my anus in just the right way. She was really tickled by how easily she had made me come, though she did laugh at me and say it hardly seemed fair after all the time I'd just spent eating her out. I'd appreciate fellow readers' thoughts on these happenings and wonder whether they've ever had "soft" orgasms. I guess I should add in conclusion that as a rule I don't have any trouble getting wood.

The Lenders

My husband Mike and I both enjoy LEG SHOW and we especially like your sexy, sympathetic coverage of the modern swing scene. We belong to a group in our area that runs hot members-only house parties. About twenty five to fifty couples attend a typical gathering, and they're a really diverse color spectrum from white to black with plenty of tan, yellow, beige and brown in between. Many people have a false impression of swingers. They think that when we get together we just dive into heavy orgy scenes, with everyone fucking everyone else. That can happen of course, but it's much more common for folks to be extremely selective even at a wild party. I'd say just about every couple has their own set of preferences, and the best way to show you what mine and Mike's are, is to describe what happened at our last party.

I'll begin in the kitchen, where Mike was having a beer while I talked to Kirby, a tall, hefty, fortyish Black dude. I had seen Kirby at other parties: He's one of the few single males allowed to attend without a female partner... as a courtesy to women like me. I began by accidentally rubbing my boob

against Kirby's arm several times just so he knew it was no accident. Next, to show Kirby that Mike approved, my husband unbuttoned my blouse and started playing with my right boob... which inspired Kirby to start squeezing and sucking my left. Kirby's hand went up my skirt in another minute, pulling aside my panties and digging his big fingers into my wet pussy. Kirby's fingers weren't the only thing big and fat about him, as I discovered when I squeezed his dick through his pants.

I dragged Kirby into an empty bedroom with Mike trailing along. I let Kirby strip me naked while Mike watched, jerking off a few feet away. Then I finally got Kirby's cock out of his pants. God, it was even bigger than I thought. Kirby fucked my face for awhile, then lifted me up and practically tossed me onto the bed, yanked my legs apart and shoved his monster into me. It felt great having his big black dick slamming my cunt! I groaned with each deep thrust, and I had my first orgasm in a minute flat.

But that was just the ice-breaker. Kirby flipped me over, yanked me up onto my knees, clutched my hips and started fucking me doggy-style. His dick was so big it felt like he was splitting me in half... and I loved it! I was getting pounded so hard I practically didn't notice when my husband shoved his dick into my mouth and jerked off down my throat. I had my second orgasm as I drank Mike's seed. Right after I finished, Kirby pulled out and gave me another load to swallow.

So there you have it. As I said at the start of this letter Mike and I agree with the open erotic attitudes expressed in LEG SHOW. We want to let readers know that while certain of the mass media seemingly want us all to believe there has been a nationwide shift towards the right, we think that is bullshit. There are plenty of Americans like us out here who still believe in all kinds of freedom. Sexual, racial, social... you name it, we want it!

My Slut, My Wife – A Clarification

In a recent issue Jessica observed that some husbands give a confusing mixed message about their wives, encouraging them to dress teasingly, sluttishly and give the impression of whoring them out; thus leaving others not sure whether the husband is being unselfish and offering to help her have something he can't give her himself, OR attempting to contemptuously show the woman (and the world) what a tramp she is. Here is my point of view as a husband who encourages his very sexy and beautiful wife to dress extremely sluttily when we go out and about. My wife Jean is a stunning woman, with naturally blonde hair, huge tits, long luscious legs and a big round muscular ass. For the rest of the world, I want her to act like a cock teasing slut who is available to barter those big tits, long legs and bountiful ass and cunt for whatever she wants. However as a man and a husband I do not want my wife to whore for other men — I want her to only go so far as to tease, torment and torture. Let her drive guys wild with how great and how whorishly available she looks; let her show the world her goods... and also show the world that only I get to feel the

pleasures she has to offer; that no money or gifts or favors can buy or barter her sexual services. I do want her to be a total cum swallowing slut, a whore of the highest order... but only for me in the privacy of our bedroom. I believe that most men — not all but most — who encourage their wives to dress and act teasingly, sluttily and provocatively as I do with Jean, feel exactly the way I do.

Humiliation Vacation

My wife and I are planning a vacation and I thought I'd share some ideas with my fellow submissive husbands and their wives... oops, I mean their owners. My wife Claire (38 years old) is beautiful; she is busty with great legs, long raven black hair cut Betty Page style, piercing blue eyes, and she has a devastating "you little prick" smirk. I am tall and reasonably well-built and considered attractive... except for being two to three inches flaccid and four and a half inches fully erect. In a Speedo or panties at the beach my penis looks like a shaftless head sitting on top of my balls.

We will be going to one of those all-inclusive resorts such as Club Med or Hedo where you basically get to see a group of people... couples and singles... for your entire stay, and

where guests and staff alike get to know you quite well... including all the humiliating things about you. Here are some of our ideas so far. No man's underwear allowed for me; my shirts and socks and girlish panties to be displayed on an open shelf in our room for the maids to see and laugh about; new white Speedo or similar briefs with the liner cut out and drawstring removed, to be my only bathing attire. Swishy nylon jogging shorts for cover-up to wear during breakfast and lunch. We will miss the group orientation meeting so my wife can arrange a personal meeting with one of the female staff members and openly declare her dominance over me in a polite, matter of fact and belittling way. I will be denied orgasm for two weeks prior to departure and will not be permitted to release orgasmically during our entire trip.

My wife will talk me into having involuntary erections in awkward situations such as at group meals, during dances, and during group beach games. I will be ordered to stand and fetch her drinks and such when erect and must jump to do her bidding the instant she orders it. She will find at least one couple, hopefully the most gossipy one, in whom she will confide that I am submissive because of my small penis. I will kneel and massage her feet and legs at the pool, the beach and other group gathering places, while she meanwhile will point out the hot men to me, especially the ones with full packages. She will flirt with men as often as the opportunities present themselves and whenever she pleases, and especially in my presence. When she points out a big dick I must envision myself kneeling before it and kissing it through the owner's bathing suit fabric, then pulling it out and lubricating it with my tongue for insertion into her pussy or her ass, whichever opening she orders me to place it in.

We will buy a very feminine beach bag for me to carry. She will befriend any single alpha males she finds attractive and will regularly make domineering comments to embarrass me in front of them, belittling me in their company and when I am absent telling them that I have a tiny penis. Of course she retains the right to have sex with any man with whom there is a mutual attraction either in my presence or not, but part of my agony will be not knowing in advance whether or not she will have sex with another man or men during the trip.

I will be constantly cock teased. One method will be for her to gently whip my balls with a mini cat-o'-nine-tails while I'm tucked away in my seamless panties. Another will be for her to massage my shaved, greased balls and ass but to totally ignore my cockette. If at any time during her cock teasing it appears that I may be about to accidentally climax, she will punch me in the balls hard enough to make me double over. And if any woman hits on me I am to tell her that I am not allowed to speak to her. I will then point her out to Claire so that, if she chooses, she can make it clear to the slut that the only time I'll be having sex with anybody is if I am lubing a big cock for her with my mouth. We will keep a photo album always available filled with embarrassing photos of me nude, sucking her toes, having my tiny cockette measured, sucking on her dildo and so on.

As you can see we have this humiliation vacation quite well planned out; however Claire has ordered me to ask for further suggestions from LEG SHOW readers, both from lowly fellow submissives and their worthy owners. Even if your suggestions don't arrive in time for us to put into practice on this trip, there is always next time.

Little Lick Boy

Teaser's Torment

My girlfriend Karen is so cool sexually that I want to share our story. First off, let me tell you Karen is a total babe: She's 20 years old, tall and slender and blonde, with a great round ass and legs that go on for days. We are both students at UC Berkeley... and so is Karen's roommate Laura, who Karen found through the roommate referral service. We all live off campus. Laura seemed nice when she first moved in... a pretty, sort of shy Midwestern girl from Wisconsin who looked like butter wouldn't melt in her mouth. She's a redhead... and a genuine natural redhead, as I found out pretty quickly.

It's one thing to tease a little with your roommate's boyfriend when your roommate's around. Winks, smiles, sexy joking, even "accidentally" leaving the door open when you're getting dressed or "accidentally" having your towel drop off when you're walking from the bathroom to your bedroom.... Those kinds of things could just be considered safe teasing, since it's all out in the open and nothing can really happen. As the weeks went on after Laura moved in and we all got more comfortable together, Laura started to do more and more of that kind of flirty teasy stuff with me whenever I was over, which was pretty much every day. But the fact of the matter was, she was doing the same kind of teasing thing even when Karen wasn't there. Like the time I was over studying with Karen and she (Karen) went out to pick up

some snacks. As soon as she was out the door Laura just “happened” to need to go pee and just “happened” to leave the bathroom door open so from my vantage point on the living room couch I saw her nice round butt as she pulled down her jeans and panties to sit down on the potty, heard her pissing like a waterfall, and watched as she wiped her snatch, stood up and pulled up her panties. That by the way was when I discovered Laura was a natural redhead. When she looked up from what she was doing and saw me gaping, she just smiled.

Laura’s flirty, flashy, teasey stuff would have been cool if I was into cheating, but I am not and neither is Karen. We don’t make a big moral issue out of it, but for health and safety reasons we basically don’t fool around. So Laura’s behavior kind of ticked me off. I mean she was hot looking, and I totally admit I was kind of horny for her, which is why I didn’t just straight up come out and tell her to stop with the teasing. But finally I bitched to Karen about it — and Karen’s reaction to what I told her totally floored me... especially her idea as what we should do about it.

Next evening when I was over, Karen announced she needed to go to the Berkeley library. Surprise, surprise, the minute Karen was out the door, Laura needed to take a shower and also needed to prance around in a weenie-little towel before and after she did so. She was puttering around the living room supposedly looking for an attachment for her hair dryer — which required her to do lots of bending over to look under and behind furniture — when the towel naturally popped undone and landed round her feet. As Laura tucked it back together (taking her time to do so) I walked up to her and just jerked the fucking towel away from her so fast she didn’t have time to do a thing about it (as if she wanted to). She stood there looking all shocked, but she didn’t stop me when I started playing with her nipples with her standing right there buck naked in the middle of the living room. And when she finally did have a reaction after a few seconds, it was pure, Grade-A hussy: She grabbed me and started tongue-kissing me and rubbing her cunt up against my leg.

I reached down and started fingering her pussy. It was dripping wet; but I didn’t get to finger her for long, because she slithered down, unzipped my fly and started sucking my cock. She was busy at it when the front door popped open and Karen walked in. The first thing Karen yelled was priceless, even though we’d rehearsed the line before-hand: “Hey you bitch! Get that out of your mouth! That’s MY dick you’re sucking!”

Laura was too stunned — and too totally busted — to say a word or to fight back when Karen grabbed her and shoved her over to the couch and pushed her face-down and started spanking her ass really hard. But I guess Laura realized what the real drill was pretty quickly, especially when Karen pulled her hair and hissed in her ear, “Listen up slut. You fuck

one of us, you’re gonna fuck both of us. Get it?”

Laura got it all right. She got to lay underneath Karen in 69 position with Karen’s pussy smothering her face while Karen pulled Laura’s pussy wide open and guided my dick into her. Karen enjoyed her nice close-up look at my cock slamming Laura’s slit for a few minutes, while she humped Laura’s face with her cunt. Laura was a damn good rug muncher (also no surprise). Soon Karen’s whole body started shaking, and she came from the slut’s tongue lashing. Soon as she was finished with her face fuck, Karen pushed me out of Laura’s snatch, shoved her up onto her knees and told me to go in the kitchen and get a stick of butter. I knew exactly what she wanted done with that... so I grabbed the stick out of the fridge, came back and greased Laura’s ass carefully, pressed my cock head against it, and shoved my dick right in.

Karen kept Laura’s asshole open for me, digging her nails into the slut’s nice round butt cheeks while I slammed her pooper hard. When I was ready to come I pulled out and squirted all over Laura’s ass. Then Karen sat on her face again and made Laura suck cunt all the way to another orgasm. Afterwards Karen told me to fuck Laura for a third time and come in her cunt. There were several orgasms in there for Laura as well; once when I was fucking her pussy, and a second, even bigger one when Karen turned our dildo loose on her, fucking her HARD with it.

Have I mentioned that Laura’s a squirter? She got the couch all wet while Karen was doing her with the dildo... which earned her another spanking, and a second dildo-orgasm, this time with her towel stuffed underneath her ass.

This all happened about two months ago, but it wasn’t by any means an isolated event. Since then both Karen and I have been making “use” of Laura on a regular basis. I still have my very best sex all alone with my girlfriend. I would say Karen is definitely in charge of our three-way relationship. But the new ground rules are extremely cool. She says it isn’t cheating for me to take the edge off by fucking Laura’s mouth or ass if I’m horny and Karen’s not around, or even if Karen IS around but just happens to be too busy studying or doing her nails or whatever. And it’s also not cheating for Karen to use her roomy like a walking, talking vibrator when I’m not available either, just grabbing her by the hair and making her lick cunt or whatever. None of that is cheating... it’s just very convenient. To put it simply, we are all having a ball, Karen, myself, and our well-used sex toy Laura.

I'd been going out with Vern for a couple of weeks when I realized what floated his boat. We were at a loft party and I happened to be wearing a pair of really nice Wolfords. Vern couldn't take his eyes off them. He got all edgy and wanted to leave the party early. Then he wanted to go for a walk... and drag me into an alley, and pull up my skirt, and peel my Wolfords down around my thighs. Once he had me and my pantyhose where he wanted us he couldn't seem to decide between burying his face in my pussy and chewing out the pantyhose crotch. Wolfords are expensive, so I grabbed Vern by his hair and forced him to put his mouth where his teeth wouldn't do my pantyhose any damage and his tongue would do my pussy some good. Vern has a talented tongue, and I came in about a minute flat. Vern's all about pantyhose. And since I'm all about sex in naughty places (having my very first alleyway orgasm was one more thing I could check off my to-do list) from that night on I knew exactly what to wear when I want Vern to fuck me someplace fun and freaky: Standing up on a rush hour subway for example, or kneeling in a pew at church, or while I'm having a polite business phonecall with my boss. Vern has very strict preferences: Pantyhose, yes.... Stockings and garters, my frilliest, sexiest panties... not so much. So, when I feel like fucking in something frilly I don't call Vern. I call Ralph. But that's another story.

Alana

TURNING POINT

Alana's modeling session took place over a decade ago, but we remember the afternoon clearly... and so does she. Alana arrived at our studio with her boyfriend, Rob. She was dressed casually... no, sloppily... in jeans and a sweat shirt. We had her strip out of the grunge, our magicians got to work, and within an hour a drop-dead gorgeous woman walked out of the dressing room. We loved the stunning "new" Alana, but what we recall most clearly is her boyfriend's reaction. Rob paced nervously during the shoot, and soon as it ended he hurried Alana into the dressing room... and locked the door. When we spoke with Alana recently, we asked her....

LEG SHOW: What did you and Rob do in the dressing room that day?

ALANA: I'd never seen him so totally turned on. He locked the door, got on his knees and begged me to let him lick the soles of my shoes and suck my spike heels and tongue bathe my toes. Then he licked his way up my nylons and buried his face in my ass and sucked my pussy through my panties. I'd never felt so totally worshipped by any man. Then again no man had ever seen me looking like that before... because I'd never dressed like that before!

LEG SHOW: The power of stockings and heels. How did you like it?

ALANA: I liked it enough to cum from Rob's tongue through my panties. Twice. After I was finished all I needed to do for Rob was grind his dick with the sole of my shoe... like crushing out a cigarette. He came in seconds flat.

LEG SHOW: So... our shoot was the start of a whole new relationship between you and Rob?

ALANA: It was the start of a whole new relationship between me and clothes. Dressing to tease is so empowering. I let Rob buy me a collection of stockings, garters, lingerie, heels... all the things missing from my wardrobe. Oh... and I let Rob marry me, too. Under the agreement that my side of our marriage and ONLY my side would be completely open. I love teasing men. I like fucking them too.

LEG SHOW: Rob's good with that?

ALANA: Rob's good with whatever I tell him to be good with... as long as I tell him in

Piercing blue eyes, Cupid's bow lips, a long, lithe body that manages to be both sweetly slender and seductively shapely...there's lots to love about KITTY KOSMO, but what we find especially appealing is her mutability. By turns sensual, innocent, aloof, passionate, sultry and retro... visit this 5'9" beauty's online photo galleries and you will find almost as many fabulous looks as you will fine photos. Of course Kitty's visual range makes for an ideal alt model, but as we discovered her areas of exploration go beyond being an object of beauty in front of the lens.

Kitty Kosmo

LEG SHOW: Tell us about yourself.

KITTY: My Name is Kitty Kosmo. I'm 25 years old. I'm a model and a designer and I'm currently located in Northern Los Angeles. Photo styles that interest me include latex, fetish, pinup, burlesque, futuristic and fashion.

LEG SHOW: You say you're a model/designer?

We're interested in the second side of that slash. What do you design?

KITTY: Lots of my time these days is dedicated to my latex line, Planet Kosmo. Black and pink latex panties and garters and halter tops... and all with cute little pink latex bows. I think that color combination is very hot.

LEG SHOW: Pink and black... it sounds very innocent and exactly the opposite.

How can people get their hands on them?

KITTY: Photographers can hire me as a model or a latex stylist. Either way I arrive with a full latex wardrobe... and latex shine is included. They can rent my designs for a fee. And they're welcome to buy them, too.

Julia

Some girls need to get naked to have sex. I need to get dressed. The way to my heart is through attention to my feet... my legs... the backs of my knees... my thighs... my ass and pussy. And pantyhose, especially good pantyhose like my Wolfords, heat up to all my hot zones at once. When I put on pantyhose for a date the "foreplay" starts before I walk out the door. And when I've decided to treat myself to an evening of stay-at-home solo sex, pantyhose are a basic requirement every bit as important as my fingers and my vibrator. I roll my pantyhose on slowly, so nice and slowly. Then the simplest movements... walking around the house... just sitting and crossing-uncrossing my legs... make me feel all-over caressed, a dozen lovers playing

photos by Steven Andres

with my feet and legs and ass and pussy all at once. Sometimes I roll them down when I'm ready for my grand finale... easier to dig my fingers into my ass and pussy, and work my vibrator right onto my clitty that way. But other times I need the extra holding power and I'll fuck myself to a finish right through the fabric. Those are my biggest O's of all. I guess my only issue with pantyhose is that I love them too much... because our love affair does limit my choice of men. If a guy doesn't like pantyhose and me in them as much as I do, then he can go to hell. After all, I do have my priorities. Guys come and go. But I know my pantyhose will always be there for me.

Presenting our private stock of delicious damsels from days of yore. We've opened our exclusive erotic archives to bring you lewd ladies of yesteryear whose fabulous forms and frilly unmentionables inspired untold generations of erotic obsessives. Come back in time with us. And come again.

SHOW GIRLS – *DOLLS OR DEVILS?*

SWEET & DEADLY

Adele Andre is a beauty with ambition; to appear on American T.V. She wants to be a saloon girl like Kitty on Gunsmoke.

Most of the foreign models ask us about the old west. When we explain that the west is no longer wild they disbelieve us. So, we now make up fantastic stories about how we were almost scalped by Indians and other such tales.

We agree that with her obviously well rounded talent she should appear on T.V. So if **WorldMags.net** is looking for a girl to can-can her way through in some future epic, why not look up Adele?

GINA

LOVE IT OR LEAVE ME

I'm a squirter. It's who I am; it's how I cum. I'll admit that can be a problem. I have to think twice before having sex in an expensive car with very nice upholstery, or on a genuine Persian rug... or for that matter on my side of the bed. But for the most part I think of dealing with my squirting as my lovers' issue, not mine. For example, take Paul. Please. Take him. I went out with Paul for the first and last time two weeks ago. He's tall and dark and really well-built, with a nice tight ass. When we got into bed Paul went down on me just like a good lover should, and showed some serious pussy eating skills... so serious that in a matter of minutes he had me cumming super hard... and squirting right into his wide open mouth. But a few minutes later we were taking a break, and here's how our pillow talk went:

Me: That was fantastic.
Paul: Yeah, really. But baby, next time? Try to give me a little warning before you cum.
Me: Warning? Why?
Paul: So I can get my mouth out of the way.
Me: Oh. Sure, baby. You bet.
As if there will be a next time. Paul's been calling every day for the past week, but I've always been busy and I always will be busy. You know ... washing my hair, babysitting my girlfriend's cat, watching TV... whatever. It's funny how some guys – Paul included – think nothing of expecting you to swallow their sperm, but balk at a little mouthful of girl cum. Take it from someone who's tried both: Girl cum tastes way sweeter.

of Cocks and Cucks

WorldMags.net

I warned Earl when I married him that I was too much woman for just one man. I like cocks (plural) way too much to settle for cock (singular). I knew Earl was a natural born cuckold from day one, so I knew he'd be good with that. But I didn't realize exactly how good until the evening he blindfolded me and led me down to our basement where he'd been hammering and sawing away for weeks. Earl's a contractor and does darn good at it, which is one of the reasons I married him in the first place. What he'd done was finish up our basement to look

like a high tone roadhouse bar... my favorite kind of place for picking up penis. He even put a pool table in one corner and a nice comfy fold-out couch in another corner so I could take my pick of where I wanted my pussy poked. Earl saw how much I liked what he had done. Then he got all shy and showed me what he called his piece de résistance. You guessed it: hidden video cameras. Isn't that cute? After all that effort I'd have had to be pretty mean to deny Earl his little perverted pleasures. These days when I'm in the mood I head over to the cheatin' side of town, pick up a stud or two, and bring them back to the cheatin' side of home. It works out nicely all around. Earl gets to have his video voyeur fun while I'm having mine in real time. And sometimes I let him double his pleasure by fucking and sucking him afterwards while he watches me fuck and suck in replay.

LEG SHOW'S NYLON CHALLENGE

Lovely APRIL is a teasingly talented model and she worked really hard during this steamy shooting session; so hard that by the time the session ended her pantyhose were torn to tatters. And to make matters worse, the studio air conditioning went down midway through the shoot. The result... one hot photo set... and one pair of ripped, stinky pantyhose simmered to perfection in pretty girl perspiration, pussy juice and bottom sweat. It seemed a shame to discard such sweetly soaked unmentionables, and so a NEW LEG SHOW READER CHALLENGE was born!

Simply tell us in **300 words or less** why YOU should be the proudly perverted recipient of April's well-worn unmentionables. Your entry may include a photo if you wish. There can be only one winner, but what a fabulous reward that reader will receive! April's soiled pantyhose will be shipped to you sealed in premium grade, absolutely airtight ziplock, preserving her sweet, scintillating sweaty girl scent at the peak of perfection.

Nicotine

www.ModelNicotine.com

Here in America, land of self-invention and re-invention, any woman is welcome to wake up one morning and declare herself an alt-fashion fetish model. But only rarely do we encounter a woman such as NICOTINE, a stunning beauty who anyone can see at a glance is "to the manner born." Innocent and impish, voluptuous and virginal, seductive and sensual, this raven-haired stunner is much more than merely a fabulous fetish model. She also acts in fringe films, organizes fetish events, and designs and markets a line of steampunk sex toys; truly a woman for all sensual seasons. We don't believe in pre-destination, and certainly with her clear combination of stunning looks, great intelligence and raw talent there are any number of career paths Nicotine might have taken. But when we contemplate this goddess carving a career in a category other than kink, all we can say is... what a waste.

Who are you and what do you do?

I am a professional model, specializing in fetish, alternative fashion, glamour, steampunk, and bdsm themes. I also own and operate the first line of commercially available steampunk sex toys under the pseudonym Lady Clankington. For several years I also produced latex fetish events in Washington, DC. I am currently a full time student working on my fourth degree (sociology, liberal arts, general studies, and now marketing) and an administrative assistant for Brute Force Studios, an internationally acclaimed costuming company, specializing in leather work, corsetry and steampunk accessories. One of my plans for the coming year is to start producing my own historically-inspired bdsm erotic videos. Bring on the steampunk porn!

What are your measurements?

I am petite, 25 years old, approximately 5'4" tall, with legs that are long for my frame. I'm very curvy and I love to cook... and eat. So with a lot of work my weight usually stays about 120 pounds. I wear a size 6.5 shoe, with a high arch and tiny toes and toenails that I love to paint sparkly colors.

When were you first drawn to the world of alt sex?**What turns you on about what you do?**

I was really into the old school Goth scene when I was younger and I loved the style of black leather, metal spikes, straps and buckles. I didn't really know anything about fetish at all. Then, my best friend at university introduced me to latex and bdsm and I was instantly hooked. Some of my favorite things to wear are shiny latex, a tight leather corset with lots of buckles, high heels, and my favorite leather collar. One of the things I love most about Victorian/steampunk fashion is pushing myself to see just how tight I can get my corset, teasing the boys and making all the other girls jealous. I want to be the one who made steampunk sexy, since the Victorians weren't really anywhere near as repressed in real life as many of us were taught in school. These people invented the vibrator, the spanking bench, the strap-on and the first pornographic film!

What's the most exciting erotic encounter you've had this month?

I'm so excited to finally have my own dungeon/medical play room. I collect antique medical furniture, like examination tables and dentist chairs, as well as antique medical equipment like vibrators, violet wands, breast pumps and surgical tools from the late nineteenth/early twentieth century. I love the idea of experimenting on unsuspecting victims. There's also a connecting wet room that can be fully sterilized for any play that turns... messy.

**Tell us about your first time with a foot worshipper.**

When I was younger, shoes, even sexy heels, were basically just shoes to me. Then I dated a guy who loved me to wear my 10-inch platform heels while we had sex. He dug licking my feet and shoes, sucking on the heels and my toes. It was really hot and I loved showing off how long my legs looked in those heels. I loved watching us in the mirror and seeing how happy and excited he was while he worshipped my feet and ass and legs... and seeing how hot my ass and legs looked in high heels.

What's the most exciting thing that happened to you in the alt sex world?

There really isn't any one thing... I love so much of what I experience. But every now and then I get the opportunity to do a doubles session with one of my dominatrix friends in DC, which is always a really fun time. One of her clients will come to the studio and we get to tease him and humiliate him, making him dress in women's lingerie, fucking him in the ass with our strap-ons and making him suck them. I love being able to exercise my dominant side from time to time.

What's the most amusing thing?

One time when I was shooting for Kink.com, there were five of us models doing a pissing video with lots of kinky puppy play. One of the models was supposed to pee on another one but, instead of peeing on her cheek, she accidentally peed in the other model's ear. We all just about died laughing and the scene ended up being used in a Behind Kink blooper reel.

Which are your most sensitive erogenous zones and how do you need them stimulated?

I love having my hair pulled at the nape of my neck and having the side of my neck bitten lightly. I also love the feel of nails dragging down my inner and outer thighs. A good full-body massage with essential oils feels heavenly and puts me in the mood for further play.

A LEG SHOW reader kneels before you, eager to serve your sensual needs. What must he do and how must he do it?

First, he needs to prove to me that he's worthy of my attention. He needs to beg for the opportunity to worship my body. I like a foot fetishist who wants to polish my boots until they shine and then give me a foot massage with peppermint essential oil. Then, I'd like to tease him by making him watch me lounge in a hot bubble bath while I cover my shapely legs in slippery suds.

What do you think about when you masturbate?

Sometimes, I think about playing with other girls but usually I prefer really forbidden things, like incest play, bestiality, and military interrogation scenes. I alternate between thoughts of shoving a girl down so I can fuck her from behind with a strap-on and wanting a guy to throw me up against the wall, grab my neck, pull my hair, and spank my ass hard until I beg him to fuck me. It really depends a lot on what mood I'm in at the time: whether I'm feeling aggressive or bratty.

How can LEG SHOW readers contact you?

Readers can find me online via my website www.modelnicotine.com, which contains exclusive photos and links to some of my favorite websites to shoot for, as well as my various social networking pages. In real life I often attend conventions such as FetishCon, San Diego ComicCon, and various steampunk events. I'm usually really busy but I'm always more than happy to talk to and take pictures with fans. If anyone wants to contact me by snail mail, please send any correspondence to Ms Nicotine, 1024 S. 18th St, Harrisburg, PA 17104

Office Fantasy

www.OfficeFantasy2.com
www.OfficeErotic.com

I'd been meaning to see to it that my new boss fucked me. Mr. J. is fortyish and prematurely gray but at least he hasn't let himself go all to pot like lots of old assholes in their forties do. Of course my other reason for wanting to fuck him is that I find it's advisable to be having a sexual relationship with your supervisor when you need a few extra days off or when it's time for a salary review. I'd been teasing Mr. J. for weeks and he'd been responding in that gruff but slightly shy, nervous way horny guys do. So I knew it was just a matter of when he'd work up the balls to

make his move, and I was really amused waiting to see how he'd go about it. It happened one evening when we both were working late. Mr. J came into my office and leaned up against the file cabinet and said, "Devon? C-c-could you please find the Smith folder for me?"

Hmmm.... Doesn't Smith start with "S"? And doesn't that file just happen to be in the bottom file drawer? I realized the time had come, so my only decision was whether to stand up and bend over from the waist or to kneel down in front of him. I decided to kneel because I figured if I bent over he might chicken out

at the last minute and not lift my skirt and jerk down my pantyhose and shove his cock in my pussy from behind like he was supposed to. So I knelt... and as soon as he kind of leaned towards me I touched his dick and unzipped his pants and got his cock out of his boxers and started sucking. And when I had Mr. J. good and hard, I got up and bent over and had him pull down my pantyhose and fuck me from behind. Like he was supposed to.

ONE WEDDING & AN ORGY

Natasha heads back to the beach for naughty nuptials that begin with vows of eternal fidelity and end with everybody fucking

UNDER THE BAWDWALK

Let's face facts, folks: There's nothing new about people having sex on the beach; they even named a cocktail after it. But when swingers take such a shine to the shore that they decide to gather there not only for fucking in clusters of two three four and more, but also to have a great big wedding party in which the bride and groom, the bride's maids and best men, and the assembled guests ring the wedding bells and *then* get naked and fuck... that causes a big blip on my raunch radar. A few issues ago (LEG SHOW, August, 2011) I profiled a pair of lewd lifestylers, Raul and Natasha Starr, he being a mild mannered Cuban-American gent, and she being his pretty, exotic, sexy, funny, outrageously uninhibited Polish paramour. Raul and Natasha met at a swing soiree, and thereafter semented their wide open relationship at a plethora of penis-poking-pussy parties on the New Jersey seashore (in the very same town that MTV's *Jersey Shore* reality series made infamous). So when Natasha and Raul decided to marry and began planning the event, it made plain good sense for them to return to the swinging beach hotel where their relationship blossomed.

YOU MAY FUCK THE BRIDE

Their choice for the official who would actually administer their vows was a stroke of genius. They selected none other than CAPTAIN JOHN, the veteran lifestyler, erotic event planner, orgy organizer, and world-class crazy person I've immortalized in Nightworlds past. John earned his spunk spurs orgying out at the legendary Plato's Retreat, the on-premise New York swing club that launched the entire worldwide swinging sex scene in the late 1970s. If carnal credentials such as those weren't enough to make him the perfect choice to join two swingers together in hole-ly matrimony, "Captain" John is indeed a licensed ship captain, thus having the legal right to conduct marriage ceremonies. And being a dedicated, dyed in the wool lifestyler also gave him the right to do something which I freely admit I have never before seen done at a wedding ceremony. Mere moments after he finished marrying Natasha off to Raul, right there at the altar before a happy, admiring crowd of well wishers, maids of honor and the proudly beaming bridegroom himself, Captain John graciously accept a gift of gratitude from the beautiful bride... a thank you blowjob.

GOING DOWN THE SHORE

Another planning decision of Natasha's and Raul's made plain good sense as well... asking me to take the pix and vids of the event. Consider: A seasoned wedding photographer might have done a perfectly adequate job of snapping the predictable wedding shots... the ceremony itself, the bride cutting the cake, the smiling maids of honor (Natasha's sweetly sexy sister Valentina and Valentina's equally sexy BFF Ileana did that duty). But shooting the bride-to-be in the buff, gleaming leggy, feety, buttocky shots of the ladies... coaxing a buxom guest into lezzing it up with the bride... I don't wish to boast, but that's where my years of experience and my knowledge of what LEG SHOW readers need to see, come into play. Your average wedding photog's expertise typically ends when the door of the bridal suite shuts. Mine go into high gear when the wedding dress comes off, the knickers go down, the cock comes out, and... well, you get the picture. And so did I. Many, many pictures. Videos too.

Find Natasha's fetish-friendly fuck frolics on Clips4Sale.com and at NatashaStarr.com - I'm posting pix and clips from the dear girl's wet and wild wedding night and numerous other even naughtier nights on my filthiest-ever website at the near edge of the outer limits: DirtyDatingLive.com

Café No,
Orgasms Oui!

of coffee! Of course having the freedom to do as I do comes with being my own boss. I would not necessarily prescribe my solution to wage slaves working in an open plan office... though then again the world of white collar work would be far more fun if every woman felt free to recharge her batteries as I do mine. Perhaps it's time to start a new working women's movement: Down with Caffeine! Up with Orgasms! Power to the Pussy!

●

Office work can be so tedious. After hours of staring at a screen and stroking at a keyboard I find my eyes glazing over and my body drifting off to slumber. For ages every afternoon I did what so many white collar workers of the world do: propped my eyelids open with untold liters of café au lait. But that just kept me awake at night, meaning I'd be even more tired next morning; and so the vicious cycle continued. Then I discovered a far more healthful way to refresh myself. Forget coffee. Instead I lock my office door and order my secretary to hold all calls. I remove my pumps and surf to one or another of my favorite porno sites. Then I remove my sensible dress. And my secretly frilly bra. And my pantyhose which have already gotten soaked and fragrant in anticipation of what I am about to do. I take out my little pocket vibe and apply it to my little swollen clit! Soon... but not too soon... I give myself a deliciously refreshing orgasm. It's all wonderfully aerobic. My legs and belly have been flexing, my heart has been pounding, my pussy has been pulsing. I feel wide awake and thoroughly refreshed without resorting to a drop

The SOLEMAN Files

There are some LEG SHOW readers who believe that nylon is an unnecessary barrier between a beautiful pair of bare feet and their hands, mouth, or cock. If you've got a nasty fetish for naked foot flesh, now is your time to rejoice. This month, we dug out some shots from the files of foot fanatic Soleman with a selection of crinkly soles and arches au naturel. Enjoy!

I strive to be a perfect gentleman. I'd be far less successful in my quest for fabulous female feet were I not unfailingly polite to those who possess the objects of my desire. However when my flight landed late at L.A. airport recently my manners almost failed me... and I almost missed my chance with a gorgeous woman and her perfect pediments. I was rushing for the only taxi at the stand, and so was Patti. I reached the cab first and since I was late for a meeting was NOT about to give up my prize! But then I glanced down at Patti's feet teasingly revealed in open-toe pumps... and immediately offered to share my cab with her. We settled in, introduced ourselves and had a delightful chat. On the ride into town I politely explained my special interests... and Patti was intrigued by them! We agreed to meet me at my hotel that evening for dinner and a photo session. When Patti appeared a few hours later I noted with pleasure that she'd pampered her prize possessions with a perfect pedicure. I loved her heavenly heels, exquisite arches and terrific toes. Nor did Patti's charms end at her ankles. As these photos show she also boasts lovely legs, a beautiful bottom... and a prime, plump pussy which (she confessed) she'd just shaved for me. In general I rather prefer the "natural" look in pussy hair styling. But I must say that after a long, lazy interlude of making lusty love to Patti's luscious lower extremities, I thoroughly enjoyed the slick fit and feel of her smooth shaved labia.

For Creative Fantasies and Stimulating Conversation

If you're thinking of calling a phone sex line, you're probably looking for arousing, hot talk and an explosive orgasm at the end. But sometimes, you're hoping - perhaps against hope! - for something a little different. A bit of something more. A connection. A few divine moments of instant intimacy.

You pick up the phone, hoping you'll connect with someone to make you feel special, someone to listen to what you have to say, someone with whom you can engage in interesting conversations on a variety of subjects, both kinky and non-sexual.

At ENCHANTRIX, we can give that to you. We invite you to call us at **800-730-7249** and find out just how mindblowing a fantasy phone session can be.

When you call ENCHANTRIX, our goal is to make you feel a little bit better - or, ideally, a LOT better - than you felt before you called. Our Enchantresses are selected for their intelligence and conversational abilities. We aim to provide you with stimulating, engaging and interesting conversation, whether you're in the mood for something naughty and erotic, or whether you're in the mood to just chat with an intelligent, creative woman, and see where it leads.

When it comes to meeting our clients' needs for conversation - we settle for nothing less than total fulfillment. Call **800-730-7249** and experience an ENCHANTRIX, and you'll never go back to regular old phone sex again. We promise.

Erotic Fantasy Exploration

Delve Into your Secret Desires

By Ally Rogers of www.voxerotic.com

800-815-3698 2.50 per Minute, with a Minimum of 10 minutes, billed to your credit card

Erotic Thoughts that Cannot Be Ignored

Having an active imagination and fantasy life can be very healthy. There are times in our lives when the pursuit of opportunities to actually live out our fantasies may be impractical. But our fantasies have a way of demanding attention and fulfillment. Whether this fulfillment comes in the form of viewing videos and pictures of our fantasy subject, reading erotic stories, or simply using our imagination during solo masturbation, our fantasies quite often, and sometimes quite intrusively and pervasively, demand our attention. Efforts to suppress or ignore our secret desires often fail.

Vox Erotic: Far More than "Just Phone Sex"

If your fantasies involve another person (and fantasies almost always do!), one logical way to explore them is with a phone sex partner. Phone sex often gets a bad rap. Those who have never called a high-quality phone sex service like Vox Erotic may have the impression that all phone sex artists are not that articulate or creative, that they're just going through the moaning and heavy breathing and dirty talking motions with little interest or involvement.

When Vox Erotic was formed in 2002, one of our primary goals was to bring together fantasy artists who believed that, when done right, phone fantasy can be the perfect outlet for an extremely wide variety of erotic desires. Our Fantasy Artist selection process involves consideration of the potential Fantasy Artist's education, professional background, writing and creative skills, and an assessment of her ability to be a fascinating, engaging, well-rounded conversationalist.

Helping You Select the Perfect Phone Fantasy Partner

Using these criteria to select the best fantasy artists available, we have brought together some of the sexiest, most intelligent and creative ladies in the Phone Fantasy industry. To further increase the satisfaction of our clients, we have devised an extremely effective process to help you select the ideal fantasy artist for your desires and preferences: the Pre-Call Consultation.

Our consultation presents questions to determine your preferences for voice, style, age, personality, and knowledge of various fantasies. We also ask the time of day you usually call, whether you prefer to engage in email and Instant Message communication before and between your calls, and various other ques-

tions that will help us discern which of our dozens of fantasy artists will be perfect for you.

To submit your Pre-Call Consultation, visit our Phone Fantasy site at www.voxerotic.com, and select the "Recommendations" link from the menu.

Call 800-815-3698 to receive your Free Pre-Call Consultation

If you'd like to receive a recommendation immediately, we invite you to call **800-815-3698** and our Concierge will ask you some questions, and provide you with a selection of ladies tailored to your specific needs and preferences.

"But Phone Sex is Just Not for Me..."

You may have tried phone sex services in the past, and found the experience unfulfilling, the phone artist seemingly disinterested or unengaged, the whole experience failing to meet your expectations. We invite you to try just one more time, the Vox Erotic way. And we offer this opportunity with no risk to you: Try us for a 10 minute introductory session, and if you find that the experience is just not what you're hoping it will be, we will not charge you for the session. We're able to offer this unique opportunity without operating at a loss, because we're almost never asked to waive our fee for a dissatisfied client. Yes, our Erotic Fantasy Artists are that good.

Vox Erotic: For the Phone Fantasy Connoisseur...

And if you know that Erotic Phone Fantasy is something that you enjoy (when done right!), we offer you the same service: We understand that sometimes it takes a while to find the fantasy artist that's the perfect fit for you. If you find yourself on a call that's just not working out, politely end the call and return to Concierge, and we'll help you select a different Artist.

Begin the Exploration...

So what fantasy has been on your mind lately? What sexy scenario has piqued your curiosity? How long has it been since you've totally indulged your desires and been swept away in a wave of erotic imagination? However long it's been – it's been too long. And right now is the perfect time to begin a new fantasy exploration, with a perfect phone fantasy partner. Give us a call. We'll give you, and your fantasies, the attention and perfection you deserve.
