I love what we do! We find beautiful women from all over the world, put them in front of Nick's camera and watch as they lose their inhibitions. We capture these moments in an artful way and deliver them to our customers, who are also from around the world, in a variety of formats including print, mobile, video, the Internet, TV and DVD. What's even better is that we have now increased our offerings to include issues that exclusively feature beautiful white women. The White Issue of Black Lingerie is only a jumping off point. Look for Cummings Media, Inc. to bring you these lovely ladies on a regular basis.

Why is it that we have a fascination with these women? Is it because white women have always been "forbidden"? My feeling is this. Beautiful women are desirable regardless of race or ethnicity. The curiosity factor does play a role, of course as does the "you want what you can't have" factor in regard to white women. To me, the truest reason is we like what's hot. And there is no doubt that a white woman, not unlike any woman, with a Phat ass and a beautiful face is hot! The fact that you don't see it that much makes it even hotter!

Again, I love what we do. The fact that we now feature all types of women regularly means that I love it even more. Voluptuous white women are nothing new; it's merely back in style. What's great about it is that these models appeal to our readers across the board, white, Black and Latino. When you look at **Rebecca**, her big brown eyes are going to melt your heart. **Carlyn**, who I actually met when I became her neighbor, is literally the girl next door. **Bianca** and **Jade** are the quintessential "white girl with a fat ass". **Jayonna**, **Joanna** and **Amie** make you wish voluptuous was a real word. They are but a few of what we will be bringing you. I hope you enjoy every minute of it as we surely do!

Sean & the SHOW Production Group

We just wanted to extend congratulations on a spectacular Latin Lovers issue. The models were amazing as usual and the photography the best in the business. If I were to produce a magazine to the standards I want to see, this issue would be it. I have been a subscriber since Issue #3 and I had Issues #1 and #2 from the Newsstand. I would rank this issue the 2nd best that you have ever produced behind only issue #2 with Alexis on the cover. I would also rank the Latin Lover cover with Brenda Acevedo as the 2nd best cover behind once again, the Alexis cover.

Your models are always top notch and classy with rarely any ink. This is a personnel bias I have. I am not a fan of tattoos and in other magazines tattoos seem to be becoming an epidemic which turns me off. The only model I have been able to make an exception for is the Ebony Goddess "Esther Baxter"! That woman can do no wrong. I also like the fact that you feature so many new models not seen in other publications or at least not before they appear in SHOW - The Art of Sexy.

All the best with future issues and I look forward to the next Latin issue. I also look forward to hearing your opinion.

Gordon & Yudy Pathy

Sean,

I think your Black Lingerie version of SHOW is classy, sexy and full of young, talented and beautiful women. Your concept is excellent, but I

JESSIKAH MAXIMUS

would like you to put all of the model's measurements in the magazine. That would fuel the reader's imagination even more in regard to the SHOW Girlz. It would also set the bech mark on what other models should strive for and look like. SHOW should also feature more models wearing garter belts and thigh high stockings.

Thanks you for your creative ideas. In closing, keep up the good work. Your ladies are top notch and much more!

Sincerley and with much success,
James L. Porter

Dear Mr. Cummings,

Greetings to you from Stockton, California- the west coast's biggest cultural train wreck. I'm writing in regard to your publication, SHOW. Now, I'm a 39 year old European descended veteran, and I'm also an avid reader as well as one who has a deep appreciation for the female form. I feel that your publication is currently the best showcase of beauty currently on the market and is far superior to anything else being offered.

I'm also writing to dispell the notion that only black men like women with sexy round derrieres. The recent Latina issue was great, and I can only ask that you not change your format. I love the lack of annoying ads, the quality of the paper and the simplicity of the execution. It is amazing to me that you've made a men's magazine that features such beautiful women while at the same time never sinking to the level of degradation or exploitation.

Keep up the great work and I'll keep buying!

Sincerely Dan Hettmannsperger III

P.S. My girlfriend, who happens to be bisexual, loves your magazine as much as I do and made me promise to include her admiration. Thanks again!

Hey Sean,

I love your mag son. You always have the hottest females in your pages. Especially that girl Jessika Maximus WHEW she is BAD! And that other spicy Latina that reminds me of Eva Longoria name I think is Kalia or something she is BAD too! But when are you guys gonna have my boo Angel Lola Luv in your mag? Oh and it's this new beauty I think you should have in your mag name Sophia Marie. She is a dyme times 10 trust me when I say. Her myspace is http://www.myspace.com/sophiamarie_t And lastly, are you guys looking for any interns?

*Yes, that's

Hey guys,

I hope you enjoyed the pics! Let me give you a little rundown on who Rebecca Witchard is!

I was born and raised in outback Australia (yes, that's right, I mingled with the kangaroos and koales when I was a little nipper!) in a little town called Gunnedah. I lived there for twelve years before i moved to Byron Bay on the Australian east coast and swapped my acubra for a surfboard.

I'm now 21 yrs old and am a law student (with Entertainment Law as my major) at one of Australia's prestigious universities; although I'd love to take my studies to America as the entertainment industry is more lucrative there. Not to mention that I just came back from traveling around America and fell in love with the country...and the men, and the amazing parties!

I believe that beauty is in the eye of the beholder so of course men will find different things appealing in me regardless of their ethnicity. However I do find that I get approached by black/Hispanic men more than Caucasian men. I guess the idea of a white woman with a bit of booty is attractive! Whatever it is, it works to my advantage as I like my men with extra flavor. For potential candidates-Black/Hispanic men need only apply! ■

I am Jenna Shea and it was fate that this would be my name. When I was born my parents flipped a coin because they couldn't decide what my name should be. It was going to be Jenna Shea or Raven. Tails! My dad won. I was born and raised in Inglewood California. My ethnic background is German, Irish, and polish. I have a 23 inch waist and have always been told I have a unique figure. I have a huge bubbly personality, and I love to laugh. I'm always upbeat and full of energy. I'm very friendly and could strike up a conversation with anyone. My ultimate goal is to be in playboy. Modeling is a passion I have, and I feel I have something to offer the world and something to SHOW.▶

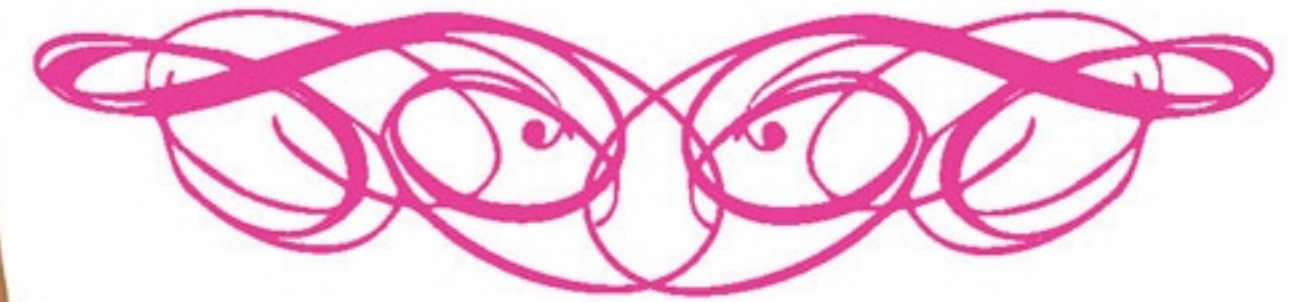

Next to modeling my other passion is cars. Cars excite me! My father is a mechanic and I share his love for a great muscle car. I own an IROC Camero with a 350. I change my own oil, sandblast my own car parts and I even reupholstered my original interior. This is what I do in my spare time. I'm not only pretty I get dirty and work hard too. It gave me a new appreciation for my vehicle. That's how I feel about modeling. I have to work hard and with time it will become more beautiful.

Modeling is something I'm going full force for. There are so many things I wanna do in this industry I've just started. SHOW is my first magazine. It's full of beautiful smart women and what better place to start? It's been a pleasure working with Sean and I am grateful for this opportunity. I am a SHOW girl and so proud of it. The future with modeling looks bright for me. ■

SHOW | Carlyn

My name is Carlyn, not to be confused with Carolyn. I just hate that. I was born in Laguna Beach California and raised in San Juan Capistrano, Santa Barbara, Buelton Ranch, Dove Canyon, Belmont Shore, Westminster, Mission Viejo, Long Beach, Laguna Nigel, San Diego, and my favorite, San Clemente. I was somewhat of a nomad growing up and conquering the southern California Unified School District, tallying my school transfers at 14. And still today I cannot stay put for very long. I have been in Los Angeles for about 3 years now and love the fast paced city life, although I feel the itch of a new city coming on. I have kind of fell into the world of modeling by networking and representing myself. Booking one job has blessed me with another job, thankfully. ▶

It's been a real kick watching this whole new life unravel before me. I love watching the transformation that happens in makeup and hair and then ultimately in photo shop! God bless retouching... haha. I am not sure where these sexy pictures are going to take me if I just ride it out, but by taking control of my destiny, I want to change the modeling world for us shorties... yes I am talking about being 5'4 and not even getting a chance to walk into certain auditions! I am over reading the calls for 5'8 and over, because lets face it tall is not always beautiful and short is not always stout. We've changed plus size modeling, now let's change the height requirements. Besides taking over The Janis Dickinson's and America's Next Top Models of the world, just kidding, I spend my time at the gym, traveling, reading, hanging out with my amazing friends, and searching for the next fun and inspiring job!

In regards to the question, what do black/what do white men like about me? I think it is a silly question. I find that all men, I speak with are respectful and attracted to different characteristics of my appearance. Men usually are ballsy enough to come up and simply grab me or throw out a sexist line and that's when I respond with nothing and get the heck out of dodge. So when I actually have conversations with men, no matter what their race is, one will like my eyes and the other my smile. We all have are types, but I have not found that one race or type of guy likes me anymore or less than the other. ■

With measurements 34-25-40, one would not guess I am Scandinavian, French & Irish. Born and raised in "the Real OC," those white bitches from The Hills don't have shit on me. Southern California has treated me well. Warm weather, luxury cars & cribs, and great people surround me daily, "Welcome to the Good Life, Welcome to the Life I Live." Considered Co's Finest, I got the brains to back up the booty, my bad I meant beauty. I have a Master's Degree in Psychology and was Valedictorian of my class.

My time is spent with family, friends, and my American Bulldogs, Chloe and Bentley. I also enjoy shopping, watching basketball, and traveling. When I'm not in Cali, I enjoy my home away from home in South Beach, Miami, where Collins and Ocean Avenue are as familiar to me as Sunset and Hollywood Blvd. Everyday I am Hustlin' and I stay on the grind. I am extremely self-reliant and I go out and get the things I want in life. To me, if it don't make dollars, it don't make sense, but I've learned that the best things in life are free. To know me is to love me. I would like to thank Aaron for the connect, Nick for the great pics, and Sean for this amazing opportunity. Also, my girls, Danyelle & Reva for their love and support.

What do white guys find most attractive about you?

Believe it or not, white guys can be ass men too! I learned this when I was voted, "Best Butt" at my all white high school. They told me I had ass before I knew I had ass.

What do Black guys find most attractive about you?

They love that you can pull my hair and it won't come out. ■

*I would say that

A lot of people think that I am Latin but I'm actually Eastern European. I was born in Bulgaria and moved to the USA when I was 9. I have many different sides to me so it may be hard for people to get along with me at times. I can be extremely nice or the total opposite, it all depends on the mood I'm in at the time. I can get irritated very easily especially by men. Intelligence is one of my biggest turn ons but over confidence definitely is not. Right now I'm single and I like to have fun and go crazy at times with my friends but I would rather stay home and watch movies or just relax.▶

Most people don't know this about me but I have a creative side. My partner and I have a web design company. I am the graphic design artist so what I do is make all the graphics and she does all the coding. Together we are Vixen Web Design. I also do the modeling thing, obviously and that is something I do part time. I've been modeling for about a year and a half now and I would love to have more time for it but I've been really busy with other things. I enjoy the traveling that comes along with it but sometimes it gets to be a little too much and I can't wait to go home. I started out doing some work behind the scenes and that is really what I look forward to doing in the future. Right now I just want to be young, have fun and live life. There is a lot more, that anyone who is interested can learn about me by visiting my web site www.lovevaleria.com.

What do white men find most attractive about you?

I would say that my breasts are what white men find the most attractive about me.

What do black men find most attractive about you?

The thing that black men probably find most attractive about me is my exotic look.

What do you like most about men in general?

The most attractive thing about men to me is their strength. I like that a man is so much stronger than me and can overpower me if he wanted to. ■

BOOKING INFO www.myspace.com/enterelena

A thick, expressive pink brushstroke graphic that starts from the left edge and curves upwards and to the right, ending near the top of the text block.

People always mistaken me for a Latina and are surprised when I tell them I am German and South African. I grew up in Germany and moved to New York about 5 years ago. Coming from a country where a curvy body isn't accepted to the US where black, Latin and even white men appreciate my body was a big change! It gave me the confidence to start a modeling career, which is something I have always dreamed of. So far I have appeared in several Stash House ads and currently been working on my own website www.come2elena.com, www.myspace.com/enterelena definitely a must to check out! I love being in front of the camera. It gives me a natural high, which is reflected through my pictures.

I love life and to enjoy myself in any possible way. So eating all kinds of food, especially the good German chocolate, traveling around the world, being with friends, of course shopping or just being home watching a movie are many of the things you can catch me doing when I'm not working. I'm a true Gemini, so versatility is part of my personality and part of what makes me who I am.

My motto for the future is sky's the limit. I'm open for everything. I am heading back to college to better myself. Yes, I have a brain too. I think it's important not only to rely on your looks but also improve yourself on an educational level.

I want to thank Sean and the team of SHOW for the good time I had while shooting and also for giving me the chance of being a part of what became a great opportunity for upcoming models. Dankeschon and auf Wiedersehen. Xoxo Elena ■

BOOKING INFO SHOW Model Management, www.show-mag.com

My name is Crystal, I was born on March 30 1979 in Riverside, CA. I am white and Pilipino. My mom is half phalanx and white and my dad is white, funny how I came out! People tend to mistake me for Mexican or Puerto Rican. I am 28 years old; I have a younger brother and a 10 year old daughter who is my motivation to be all that I can. Right now I'm a loan officer working towards getting my real estate license.

When I'm not working I like to relax at home or go to the movies. I also like to watch stand up comedy and I listen to a lot of R&B. Some of my favorite artist include Mary J. Blige, Lauren Hill, Jagged Edge and of course can't forget the old school! I also like to listen to reggae when I'm cleaning or simply just relaxing.

One big misconception people have about me before they talk to me is that I'm stuck up and conceded, and that's not true at all. Once you get to know me I'm a very nice and down to earth person who likes to have fun! I am able to joke around with you and take a few jokes myself but at the end of the day it's all fun and games. I try and not take life to serious and have fun with it but I will admit that I can be a pain in the butt sometimes, but if you need me or if you need anything I will be there.▶

I've always wanted to model ever since I was little. I always use to dress up and pose in front of the mirror. I would look through magazines and on TV and look at all the beautiful women. I would try to wear what they did and look like them, and knew it was something I always wanted to do. I love getting my hair and makeup done, seeing all the different looks they can do and the different outfits they put you in. I've always had people ask me "why don't you model". I know that I want to pursue modeling full time. Show magazine is my first big spread, and I fell in love with the atmosphere. It was a good and fun experience for me.

Bringing this to an end I would say my ultimate goals in life is to be successful in all that I do, to always keep my head high and think positive. To be the best I can for my daughter and never regret my mistakes but learn from them because I believe that your past is what makes you stronger. I want to thank my family and friends for there support and loving me unconditionally and thanks to Sean and Show magazine for this wonderful opportunity. I want to dedicate this to my beautiful daughter I love you baby! ■

BOOKING INFO SHOW Model Management, www.show-mag.com

With stunning, exotic beauty as well as mind boggling ambition, international model Kristin Ullmann is well on her way of captivating attention of world-wide proportion. Born in Chemnitz, Germany and raised in Bueckeburg, Germany, Kristin's parents had other visions in mind for their little girl rather than glamour and fame; Latin and Biochemistry were Kristin's world because her mother had dreams of her daughter becoming a doctor rather than dipping her hand in modeling and acting. But Kristin had her own ambitions in mind. After conquering Europe at the age of fifteen by gracing the European screen with her face in numerous international films, the tall, young model took a huge leap and made the move to Los Angeles in 2002, setting her sights on the U.S., never to look back again.

It's her extraordinary talent and sexy looks that sets the model apart from the rest. The luminous nature of her personality has the ability to captivate those surrounding her, even certain types of men. Although she had been given the opportunity of a lifetime by doing a test shoot with Playboy Magazine, Kristin decided that, at the moment, Playboy wasn't the route she wanted to take and decided that film would be her best option. With idols like Marlon Brando and Denzel Washington, she came to the conclusion that Hollywood would ultimately be her next huge conquest in the world of entertainment and fame.

Kristin spends her free time, in her home of Beverly Hills, keeping in shape by extreme hip hop dancing and kick boxing as well as jet skiing and surfing.▶

What attracts black men to you?

Although it's my curves that seem to draw in most black men, it's most likely my attitude and strong will that completely floors them and keeps them hooked. I have a stubbornness to me that just attracts them!

What attracts white men to you?

That would be my unusual blend of innocence and sexual awareness that gets them. It's almost a contradiction but it works. ■

I'm never startin' problems because I'm not with the drama! Cruisin' the beach in SD, switchin lanes in my 745, bumpin sumthin gangster.

Music is a huge part of my life, I like gangster shit, some hear me down the block shit, I listen to my favorite artists everyday, San Diego's realest, 12 Gauge Shotie, the Livewiiiiire, and some gangster ass Mitchy Slick, Wrongkind SAS Klack Klack Klack Klack Klack! Check em both out!! I like a lot of mainstream rappers too, but they already filthy rich, so why shout em out? I love animals, I have a pit-bull named "Cake", a chihuahua named "Chola" and a parrot I call pretty bird. I loooove jewelry, yellow gold, with yellow diamonds that glisten! As far as the future goes, I would really love to do more modeling, so holla at your girl!! I want to meet new friends and continue smiling! Like to say thanks to Sean Cummings , I am so excited to be in this magazine because it embodies exactly what i believe a woman's body should look like, thick and curvy babaaaaay!! What attracts black men to you?

First what's up to all them sexy black men out there...Lets see, black men can tell right away that I'm not your every day average white girl. I got that swagger, a style of my own, I'm voluptuous, and I ain't scared.shit. I'm bossy! They can tell I like a hood motherfucker. A woman that demands respect, because that's what im all about. I'm independent, don't need money from a man, I can buy my own, and I do!! I spoil myself! Black men love that I do all the extras, keep my hair done, nails looking fly, rocking the jewels, dressed to impress, stay ready so I ain't got to get ready. Most important, I can dance, from a striptease, to poppin my ass in the club, I know just how to do it, im so fuckin seductive.

What attracts white men to you?

Ok white boys!! To be completely honest, I don't get approached by too many white men ever. I think they see my image and make assumptions, maybe that I don't date them...lol...I definitely don't like a square, but come on guys...I know there's some down white boys out there...don't be scared. I would say they like the whole blue eyes, blonde hair thing though and that im very intelligent, I can hold a conversation with substance, you can place me in a group of any type of people and I can hold my own. I'm not the stupid blonde white girl that you can get over on. They know I ain't easy, I'm a challenge, what man doesn't like a challenge?? ■

BOOKING INFO Sight Beyond Sight Model Management;

I'm 22 years old, born and raised around the Newark area of New Jersey. I am a true Jersey girl, and I couldn't imagine living anywhere else. I am a graphic designer at a very well known and established design firm in the NJ/NYC area. Yes, beauty and brains you might say! Modeling is somewhat of a side hustle for me, yet I still manage to juggle it with a million other things that I have going on. I work hard to do for myself, because nobody will do it for me. That is how I was raised.

Many people often question how I got my physique. They assume some kind of surgery, which is just plain ignorant. Then again, more than half of the other models you see doing what I do have had some type of breast or butt augmentation whether they choose to admit it or not. Yet still, I am among the few who have not. Every body part is absolutely 100% real. Anyone who knows me will tell you that I have always been a thick girl. I have naturally good muscle tone, especially in my legs. I get that from my Dad's side of the family. My mom was very skinny when she was my age, but she would tell me how back in the day they would tell her even though she was thin, she "had a butt like a black girl". When you combine those genes with my fathers, along with the grace of God, you get something like me! ▶

What do white guys find most attractive about you?

I cannot say that there is one thing in particular. White guys, as well as any other ethnicity, find many things attractive about me. My eyes, my curves and my down to earth personality. Those are just some of the things.

What do Black guys find most attractive about you?

Black guys find the same things attractive as anyone else. I've found that White guys, as opposed to Black or Hispanic guys, are more likely to be intimidated by me for whatever reason... but I see no racial differences as far as what's found to be attractive about me. ■

I.E. check the cover lol This Virginia native has taken the model world by storm. Unlike the typical beautiful face she turns down 98 percent of the music videos she is contacted for searching for a classier platform to display her beauty on other than the stereotypical booty shakin by the expensive car.

If your speaking about killer curves on a white girl only a few names come up...Without any further delay allow me to reintroduce this German bombshell. Touted the future of said names meet Ms. Amie...36-27-42 says it all. All Natural No Enhancements...“Most people believe there's no way I look like my pictures then when I show up they say I look better in person because I have a presence.” White black or brown all races will agree without discrimination curves are definitely in and beauty never left.▶

*Nowadays they

Currently I'm in the process of earning my degree I pride myself in being much more than a beautiful face. My website www.msamie.com will be launching very soon but for now you can follow my growth by checking my myspace page www.myspace.com/amieinva

Before I go I have to thank my manager Patrick Adams and Aisha Jones with 2Starz Studio for their Guidance, also Sean Cummings for the opportunity thanks for seeing the vision, to my two best friends in the world L.A. and Jannell and of course my baby Kevin for being so supportive and keeping that Kool-Aid smile on my face...

What do white guys like the most about you?

I believe that white guys love my exotic look. Nowadays they like a woman with a shape its not like it was before plus I can hold a conversation. I am far from the prototypical blonde. I am beautiful and intelligent.

What attracts black guys to you?

Black men love a shapely woman. And I am shapely, check my measurements. What more can you ask for? ■
