Antoinette Au'Dream is a published Model/Entertainer with a fresh upcoming new face that has been gracing the urban modeling world. She not only shines in front of the camera, but on & off screen as well. Behind this beauty comes Brains, she's a aggressive entrepreneur expanding her businesses and branding her name in the industry....Be sure to look out for her in the near future, in upcoming projects, magazines, and film work.

Can you tell us a little bit about yourself, for those of us who aren't familiar with you yet.

I'm a published urban model, originally from Kingston Jamaica. I grew up in south Florida & I now reside in Atlanta Ga. I love to cook, workout, and I'm extremely flexible.

Where did you get the name Antoinette Au'Dream from?

Well the funny thing is my mother sat down with me and helped me create the name a few years ago. I needed to turn it up a notch, revamp my image & name. Antoinette is actually my middle name. The second part Au'Dream is just a synonym; meaning to fantasize about, wish for, yearn for, hunger for, or set ones heart on/ or aspire to & that's what I want my fans to think of when they hear or say my name.

Antoinette Au'Dream

How long have you been in the entertainment industry?

Well over ten years, I started modeling when I was 14 but it was more so in fashion-editorial print & runway, primarily because of my height. I didn't cross over into the urban modeling world until I was about 20.

What separates you from the rest of the urban entertainment models already doing the same thing you do? And what makes you so special?

Not to sound cliché but I think my height & multi-cultural nationality distinguishes me. I'm 6'0 tall and my measurements read 34D-24-40 slim -thick lol ...I'm also Jamaican & Irish and I can pass for several different races depending on my current hair color.

Are you single? If so, what do you look for in a man?

Yes I'm happily single, and enjoying it to the fullest. I look for a man that's big on hygiene. He has to smell good all the time, that's a major turn on to me with nice teeth & smile. I love big strong hands with short clean nails because I love to get tossed around...in the bedroom. Now enough of the physical attributions, let's get down to the substance. I want a man with a outgoing personality, a good provider, and protector. He has to also be able to throw it down in the bedroom because I'm a freak for my partner.

What are some of your favorite sexual fetishes in the bedroom?

Hmmm that's a hard one, I love for my man to suck on my toes while my legs are up in the air during a missionary position on his chest.. I also love to get my ass slapped really hard when he's behind me. I need lots of four play and multiple stimulation.

orn, Dasani Williams, I am better known to the urban modeling world and night life as "TygerBooty". I was born and raised in Atlanta, GA. As we say in the South... I was corn bread fed! I stand 5 foot 7 inches from the ground, with measurements of 36DD-27-43. I work as a featured dancer and party host in city's across the United States to around the world as far as Okinawa, Japan.

How long did your tiger tattoo take?

It took 25 hours. A total of 5 sessions.

Is the tiger your only tattoo?

No, I have 4 other tattoos, but the tiger takes all the attention.

Where can we find you?

Of course in SHOW Black Lingerie #22, but also at my website tygerbooty.net, designed for me by eye design media.

Where did you get your outfits for the shoot?

Chaza fashions base out of Atlanta. I can literally go to the owner tell her what I want and she will draw it up, measure me, and some times have it made same day. The best thing about it is knowing no other female will have the same thing I have on and it's one of a kind. I love being different!

Is there anything you won't do behind closed doors?

No, I feel like if you're not open to trying something new sexually it's a reflection of your mind set. And my biggest turn off is a closed mind set.

What is your favorite quote?

I love the quote "It has to be in you not on you." When it's in you it nothing you can take off. It's a power within you and not everyone has it.

I'm Briana Bliss, Adult film star/Model. I am 24 yrs old an Aquarius and I reside in New York City, New York. I'm not just your regular model, I am also the founder and CEO of my business Cloud Bliss. It is a flavored tobacco that will debut January 2016. I'm proud to say I represent the beauty AND brains category. I am currently single and focused on getting my business off the ground and building my brand as a Model.

What is your ethnicity and how tall are you?

I am 5' 9" (without heels) and 100% Bajan. My family reigns from the beautiful little island of Barbados. People often refer to me as "The Island Glamazon" Hehe.

How and when did you decide to get into the adult film industry?

Laughs Long story short, after breaking things off with my then boyfriend out of spite he uploaded our home movies to what seemed like every site on the internet! After the initial shock, I was amazed at how good I looked on film and was actually thrilled I found something I enjoyed doing and looked good while doing it. I've been filming on & off for three years now and I have a few actress nominations under my belt.

In your opinion, what is your best physical attribute?

I love my legs!! Being 5'9", I'd say about 80% of me is all legs. They are long and solid from years of running track, playing volleyball and soccer.

If you could hook up with any female celebrity who would it be and why?

I would have to pick Kelly Rowland. Kelly is the epitome of sexy. My sisters and I use to pretend we were DC growing up and I would always have to be Kelly. At her current age of 33 she doesn't look a day over 21 and definitely represents for the chocolate sisters.

So is this the start of your modeling career?

Actually no its not, before I am became thickums (a nickname my mum now calls me ha ha) I was a convention model for Ed Hardy. During that same time, I also cat walked down my share of runways in NYC. Now that my I have my grown woman curves, get ready to see me a lot more of me in the urban side of modeling men's magazine, music videos etc.

What does it mean to be a SHOW Girl?

Like seriously, its surreal. The summer of 2007, fresh out of high school I got a copy of Black Lingerie #1 and fell in love. I was amazed at how beautiful and curvy all the women were and the total presentation of the magazine. I remember telling my best friend I will be featured in Black Lingerie one day. Fast-forward 7 years later, Here I am! I am super excited and honored to grace the pages of such a prestigious magazine. Thanks Sean!

Where do you see yourself in the next five years?

Well actually I'm proud to say within the past month I've actually started my own business I've titled Cloud Bliss. It is a flavored shisha tobacco used for hookah. From a small child I knew that's what I wanted to do with my life, own a very lucrative business so I can work for myself. So in 5 years, Cloud Bliss will be a huge success! I will also be a household name as far as modeling is considered with tons of magazine features/covers, music videos and possibly a reality show. I'm a super driven lady so whatever I set out to do I always accomplish.

Where can we stay updated with all of your projects and success?

I am currently working on my site BrianaBliss.com it will host thousands of photos & bts videos of yours truly. I am also connected on all the major social media sites.

Hi

Hey there! My name is Milani Robin. I was born on September 12th, which makes me a Virgo. I was born and raised in New York City. My exotic look comes from my many mixed descents of Italian, Argentinean, Puerto Rican, Dominican, & Panamanian roots. This is my first time shooting for show magazine so I hope you enjoy my spread.

-Milani Robin xoxoxo

Why modeling?

Modeling is something I've always wanted to do. I enjoy the prepping process starting with hair and make-up to shooting the last & final shot.

What are some helpful photo shoot tips you have learned?

I have learned the hard way to watch what you eat. Also practice makes perfect. Learning how to pose in ways that flatter your every curve best. This will help you get better shots out of your shoot.

What are your plans for your modeling career?

After a year of trial and error I am still working on my modeling career. Modeling has opened many doors for me. Giving me the opportunity to branch out into the acting world as well.

Do you have an agent or manager?

Right now I am currently freelancing. Modeling as a child & being with different agencies gave me a lot of behind the scene experience, so right now I'm managing myself. Applications are always welcomed though.

What do you feel is your best feature?

I feel my best features are my eyes. I've been told they can be quite mesmerizing.

What makes you different from the rest?

What sets me aside from the rest is that I am and always will be me. It is just in my ways and who I am that makes me different. For one I am personable which makes me great to work with. Being personable makes it easier to share ideas, receive feedback and tips from photographers. It helps me communicate to bring my ideas to life. As the saying goes "you catch more bees with honey than with vinegar." Being stuck up and nasty will only close doors for you. I'll leave it up to you to get to know me better.

I first came to Canada when I was only six years old. I had a hard time in school and was very terrible at speaking English. But I bloomed into a gorgeous girl with an accent. I was always a tomboy on the inside but on the outside I am girly and a flirt. My weekend was always spent playing video games with the guy's, you can say I'm a little bit of a nerd.

One skill I have is drawing and I'm also very artistic. I love tattoos even though I just have one on my neck... obviously my own name of course. I was first seen on YouTube singing happy birthday to my best friend. It got over 6 million views and got popular real quick and a vixen was born. I was quite upset because I had made videos before and never came close to that. I realized that sex sells!

I started hosting parties, doing photo shoots, video chats, and now my social media is out of control.

I started when I was 23, now I am 27 and hopefully I can retire in four more years, if not keep trying keep shining.

- Love Diamond

When did you lose your Virginity?

I was 18 years old, turning 19 when I lost it to my first boyfriend.

What was your first job?

Working at Walmart for a couple of months, when realize it's not for me. I wanted more in life.

How long was your first relationship?

The last time I was in a relationship was about nine years ago, only for six months and then never again.

What is your favorite sex position?

I like it rough and wilds my favorite is doggy. Choking and pulling hair is a must.

Would you sleep around on the first date?

It all depends in the guy. If his personality is right and game is on point, he's getting this tonight.
What is your nationality?
Lebanese/Iraqi

If you had one wish, what would it be?

Become a superhero with a sexy bodysuit that shows all my curves and stop all violence and bring peace.

ailing from Philadelphia, Christina Cartier, better known as Cartier is a sexy mix of class and sex appeal. She is something different for the modeling industry, especially with her natural hourglass shape and beautiful complexion. Her name Cartier speaks for itself as she defines herself as a supplier of all things good, which definitely defines everything about this Philly model. Starting out as a new model has it's difficulties, but for Cartier it's a walk in the park as she is quoted saying, "I am very comfortable with myself and I enjoy the spotlight." There are big things on the way for this model, as she is involved in other industries such as film and fashion, but let's not just stop there - she is more than a model but also a role model. Cartier is planning to work with various charities in her city during 2015 to help educate inner city kids on life and following their dreams. Be on the look out for more big things coming from Cartier as she expands her brand to reach the masses worldwide.

You have a lot of sex appeal, so what made you finally show your sex appeal on camera?

There's a bunch of beautiful woman in this industry, I just always felt like something was missing - which was myself to the game. Sex appeal to me is luring eyes, a soft smile, and an inviting position that excites the viewer and leaves them wanting more.... After having two lovely daughters I just wanted young mothers to know after child baring you can still be sexy and I wanted to share my joy.

A lot of men want to know what is a night with you like and what turns you on sexually?

I would give them an unforgettable one because I'm lively and unpredictable. I love to laugh, whether we are spending the night in or out it will be entertaining and pleasurable. I'm a Scorpio so I aim to please. I like to tease and make him get on his knees (laughs) no but this is hard, because I like so many. If he's a good size and can last, from behind is awesome. But I also like my ankles resting on a pair of nice shoulders. And on top so I can touch myself easily is damn good too. Don't make me decide... please... BTW I have a back massager that I don't use on my back (wink).

How do you feel about being a SHOW Girl? And how does it feel when people recognize you from your SHOW Magazine feature?

I'm super excited about this opportunity; I must say it feels great! Although, being in the public eye means that everyone has an opinion about you. Regardless of whether the opinion is good or bad I am flattered that people who do not know me take the time to think about me. I'm very secure with myself and enjoy the spotlight, so I welcome the attention.

What do you normally wear to bed? What's your favorite position?

On a normal night after doing my hustle all day I like to come home open some wine take a long bath while I answer my messages then relax myself or have someone else relax me after working hard all day I want to be put to sleep. My favorite position is being on top, riding him or his face; I like to be in control of how I'm getting to my orgasm.

Have you ever had a one-night stand or a three some?

I couldn't imagine having 1 night of meaningless sex; I'm too passionate about my lover, besides he/she could never get enough of me.... On an extremely drunken night I had a three-some.... I loved the way she smelled and felt- she did a helluva job on me, so good I wanted to taste her and surprisingly I was good at it lol I like a lot of attention and both of them took their time to give me it, MULTI TASKING @ best ...it was a great night and I'd probably try it again.

What got you interested in modeling?

I love clothes, especially lingerie. Girls who know me and have seen my bedroom I own 100s of bras all with matching underwear. My drawers don't even close due to my unhealthy lingerie obsession. I love photos and taking them. It's truly and art. Pictures are worth a thousand words.

What are your hobbies?

Yoga and working out. I just mastered how to do yoga inversions. I'm pretty happy with myself and I like anything fitness related. I love eating all different types of food. The way to my heart is through my stomach. I also do a lot of writing to reflect on life and love.

What is your ethnic background?

My mom is Lebanese and my dad is Jamaican. Definitely a very different mix

Who is your celebrity crush?

I would have to say actress Zoe Saldana. I don't have many man crushes these days. Women are way hotter!

What would your ideal date consist of?

Going for dinner somewhere fancy. I love to eat, I like guys with an appetite. And then for a walk in a park. Or something a little crazy like go carting.

What turns you on about a man?

I like a man who smells good and knows how to dress well. Such a turn on to me. Also a nice smile.

What makes you different from other models?

Definitely my look. I'm tiny but yet curvy in all the right places and I'm full of energy!

What kind of man grabs your attention?

I've always been attracted to a well-dressed man who practices superb hygiene; a big flashy smile makes me melt. More importantly, I'm attracted to a man who wants to make something of himself who's loaded with goals and ambition.

What turns you on?

If I had to answer that question with one word, I'd say spontaneity. Nothing turns me on more than a man who likes to just pick up and do something fun and adventurous. Mimosas in the Hampton's for Sunday brunch? Yes please!

Where do you see yourself in five years?

In five years I won't be dancing. I will be following my dream of owning a successful and growing business in the hospitality industry. I've traveled the world and seen lots of great things. I'm ready to start laying these ideas down and design a hotel the feels like luxurious living that anyone can afford for a getaway. I want to bring pieces of my travels from all over the world into one place.

What's your favorite car, and why?

This is a tricky question. I could list all the Beemers, Benz and Bentleys I like, but to show you the real me, we gotta talk muscle. I'm the type of girl that loves to feel the muscle and torque. Leave the Barbie dream car at home if you want to impress me and break out the '67 Shelby Mustang.

Who is the most influential person in your life?

This is an easy one. Never have I felt judged, or persecuted for my decisions, or made to feel like less of the woman I am. If I had to pick one person, it's my mother. She's guided me, taught me, and always been a shoulder to lean on. She works harder than anyone I know, and she always has. She is the epitome of strength, a real rock in my life.
