# CHANNELLE'S BOOK OF VERY NAUGHTY PICS!

## Here's the delightful Ms Hayes to present her sexiest snaps of all time!

**T**here are a few things any man needs to survive – food, water and naughty pics! Sadly, we can't offer you the first two (try your local supermarket or a tap), but what we can bring you in abundance is naughty pics! And who better to bring you the naughtiest of them all than the lovely Chanelle?

**Hi Chanelle! You've kindly agreed to introduce our Book Of Very Naughty Pics. Does that mean you enjoy looking at naughty pictures of naked ladies?** Yes, I have to admit I do, especially when the girls are really hot – and all the girls in this book are definitely that! Who doesn't enjoy the sight of gorgeous naked ladies?

**Which girl would you most like to see a naked picture of?** To be honest, I've already seen most of the girls I've wanted to see naked, because I've done shoots with them. Other than models, I'd really like to see Cheryl Cole naked. She has the most amazing body and all the right curves in all the right places!

**What makes a seriously sexy pic?** It's all about how you look at the camera. You have to make love to it with your eyes.  
**Is that something you're good at?** Yes, I'm such a camera slut!  
**Do you ever use that look in the bedroom?** Yeah, of course! Once I've given you the look, you won't be able to control yourself. ➔

# WELL

Her home-made  
Valentine's cards  
always went  
down well

**If you were directing yourself in a photo shoot, what would it be like?** I'd be wearing a little thong and high heels, and I'd be leaning forward seductively, pouting at the camera with my very best come-to-bed eyes.

**Have you ever sent a picture of yourself to a lucky bloke?** Yeah, I did today on the shoot! I was nearly naked and feeling really sexy, so I thought I'd give a certain man I know a little treat. He absolutely loved it!

**If a bloke wanted to send a sexy picture of himself to you, what would turn you on and what would turn you off?** It would turn me on if he was wearing a pair of tight jeans and no top, and he'd rubbed a bit of oil or moisturiser into his skin so that it glistened a little bit. Just the waistband of his boxer shorts would be showing. A turn-off would be any pictures of his willy. Yuck!

"I'd really like to see Cheryl Cole naked"

**Really?** Yeah, I hate it when men send pictures of their bits. I could never go out with someone who did stuff like that. It's too much!

**What about videos?** No, I don't like that either! If a bloke wants to play with himself, he can do it when I'm in the room with him.

**Have you ever accidentally discovered any rude pictures on a pal's phone?** No! If I did, I'd be so embarrassed, I'd never be able to look them in the eye again!

**What's the most difficult sexual position you've ever tried?** For a person as flexible as me, no position is too tricky. I don't just do yoga to keep fit, you know. It has many other uses!

**What's your favourite position? And we're not talking about yoga any more!** It depends... Every position has its pros and cons! ➔

"Agree to do the washing up and I'll let you out!"

"What am I best at in bed? Everything!"

**If you had to name the one thing you're best at in bed, what would it be?** You know me – I'm good at everything! A girl should

have many strings to her bow. **If a bloke wanted to try something different in the bedroom, how should he go about suggesting it?**

I think he should just say what he wants. At the end of the day, if you can't be honest with your girlfriend about what you like in bed, your relationship is never going to work, is it? But here's a little tip: if you're too shy to come right out and say it, just

pretend that you had a naughty dream in which you were trying something different. Then you can judge by her reaction if it's something worth suggesting.

**What do you look for in a bloke?** I love a man with kissable lips and nice, sparkling eyes. Judging from my past experiences, if a bloke is a really good kisser and treats you well, it's a pretty safe bet he'll be good in bed.

**Finally, have you ever tried cybersex?** No, I don't see the point in having sex for hours and hours without getting the prize at the end. There's no fun in that! ■

**She's an 18-year-old wonder from the Wirral!**

It's always been our mission to bring you the finest new babes in as little clothing as possible – and this week is no exception. Gents, we'd like to introduce you to the divine Miss Kelly Andrews!

**Hi Kelly! How did you first get into modelling?** I was studying law at Liverpool University but I hated it, so my friend suggested I take some sexy pictures on the beach and send them into an agency.

# KELLY ANDREWS

**You've got one heck of a body – are your friends always asking for a feel?**

Yeah, my girl mates always play with my boobs. In fact, I was in town once and a stranger asked if she could feel them! They're so big – I'm a 32FF – that people don't believe me when I say they're real, so they feel them to check!

**Does having big boobs keep you warm in winter?** Yeah, I suppose it does. It's like having a big, warm, fleshy blanket on your chest!

**Do you find that boyfriends play with them more than other parts of your body?** Yeah, they're fascinated by them. I was going out with a lad for over a year and he insisted on playing with them every single day!

**Have you ever got your boobs out in public?** When we're queuing to get into a club, the girls will pull my top down so the doormen let us in quicker! And they sometimes pop out when I dance, too, as they're hard to keep under control!

**Do you have a party trick?** Yeah, I can fit an ice lolly between my boobs and eat it with no hands! When I want more to pop out, I just squeeze my boobs together!

**Sounds impressive! If a Nuts reader fancied you, how could he win your affections?** I like a man who's confident in himself, doesn't use cheesy chat-up lines and listens to what I have to say. I also like blokes who groom themselves – a bit of fake tan and trimmed nose hair. I went out with a bloke whose nose hair was so long, you could swing from it! Oh, and keep it trimmed downstairs, lads.

**So assuming he ticked all those boxes and you liked him, what would you wear on a first date?** A little black dress, heels and stockings.

**So you like dressing up?** Yeah, I like nurse outfits, police uniforms, French maid costumes – that sort of thing. I also like to dress up like the Pussycat Dolls in tight PVC and knee-high leather boots.

**Blimey! Apart from being drop-dead gorgeous, what kind of girlfriend are you?** I'm very generous – both in everyday life and in bed! I'm not possessive in the slightest. I just want a man who treats me with respect and is nice to me.

**Finally, what one thing are you best at in bed?** I'm good at sexy strips. I like to push a bloke onto the bed, look him in the eye and slowly peel off my clothes. They love it! ■
