Beckham: "I love proving people wrong!"

The England legend talks to *Nuts* about his plans for the future!

Hi Becks! Looking back, how would you say 2010 went for English football? The World Cup was obviously really disappointing and everyone associated with the team thought we'd do a lot better. Why was it so bad? It's difficult to put my finger on one thing, but it wasn't through lack of preparation, the team just didn't perform. I understand everyone's reaction, even all these months later, and all I can say is we still have great players and a great manager. We have to look forward to the European Championships and get behind the team.

Is Fabio Capello still the right man for England? Absolutely, look at his record! People have every right to be upset about the World Cup and we all have to take responsibility, but I honestly think we've got one of the best managers around. As a team, we didn't perform. It's unfair just to blame the manager because at the end of the day, it's down to the players to perform on the pitch.

More bad news came with England failing to win the 2018 World Cup bid. How bad was that? Horrible, really horrible. The bid was obviously strong and I honestly don't think we could have done anything more. England's a country steeped in football – it's in our DNA – so I know we would've hosted a brilliant tournament. It's a shame Fifa didn't feel the same way.

You've gone from Becks the footballer to David Beckham the sporting ambassador. Did you ever think that would happen? Never! Even now, I'm a footballer first and foremost. It's what I've always loved doing, and the passion that I have for the game has never diminished. In the last few years, I've been asked to get involved with various projects and it was pretty hard at first – I'm perhaps not a natural public speaker! – but I enjoy it now, I really do.

What about your own England future? England will retire me, I won't retire from England. As long as I'm playing, I'll always be available for England. It's been the biggest honour of my career and I still think I can contribute – I wouldn't put myself in a situation where I'd be letting England down. I'm as fit as ever and still have the passion to play, so why would I want to give up?

And you tend to make a habit of bouncing back against all the odds. Yeah, you could say I've done it a few times in my career! I get a kick out of proving people wrong, so if they say I can't do something, I work harder. I think you've seen over the years that I don't often take no for an answer!

Fancy a return to the Prem? I've always said I'd only play for Man United if I came back to England and I stand by that. I do need a club in Galaxy's off-season, though. I want to stay fit to give myself the best possible opportunity to be selected for England again. I'm looking at a move to Europe, with that in mind.

Assuming you do retire one day, do you fancy entering the management game? I've said before that I don't think it's for me and I certainly haven't seen anything to change my mind recently! I like coaching kids and it'll be something I keep doing in the future. I love playing and I'll miss it terribly but I'm sure I'll manage to find something to fill the gap.

Acting with your mate Tom Cruise, perhaps? No way!

Thanks for the chat, Becks! Finally, how great is it to be you? Ha-ha! I've been really lucky, no question. I've got an incredible wife and kids, an amazing lifestyle and I've enjoyed a career I never dreamed of. I've played for Man United, Real, Milan and now Galaxy, but there's still more to come. I'm only 35 – I can fit more in!

Hawaii's main exports might be pineapples, coffee, macadamia nuts, sugar and *Lost*, but no one was looking to the 50th state for financial reasons recently.

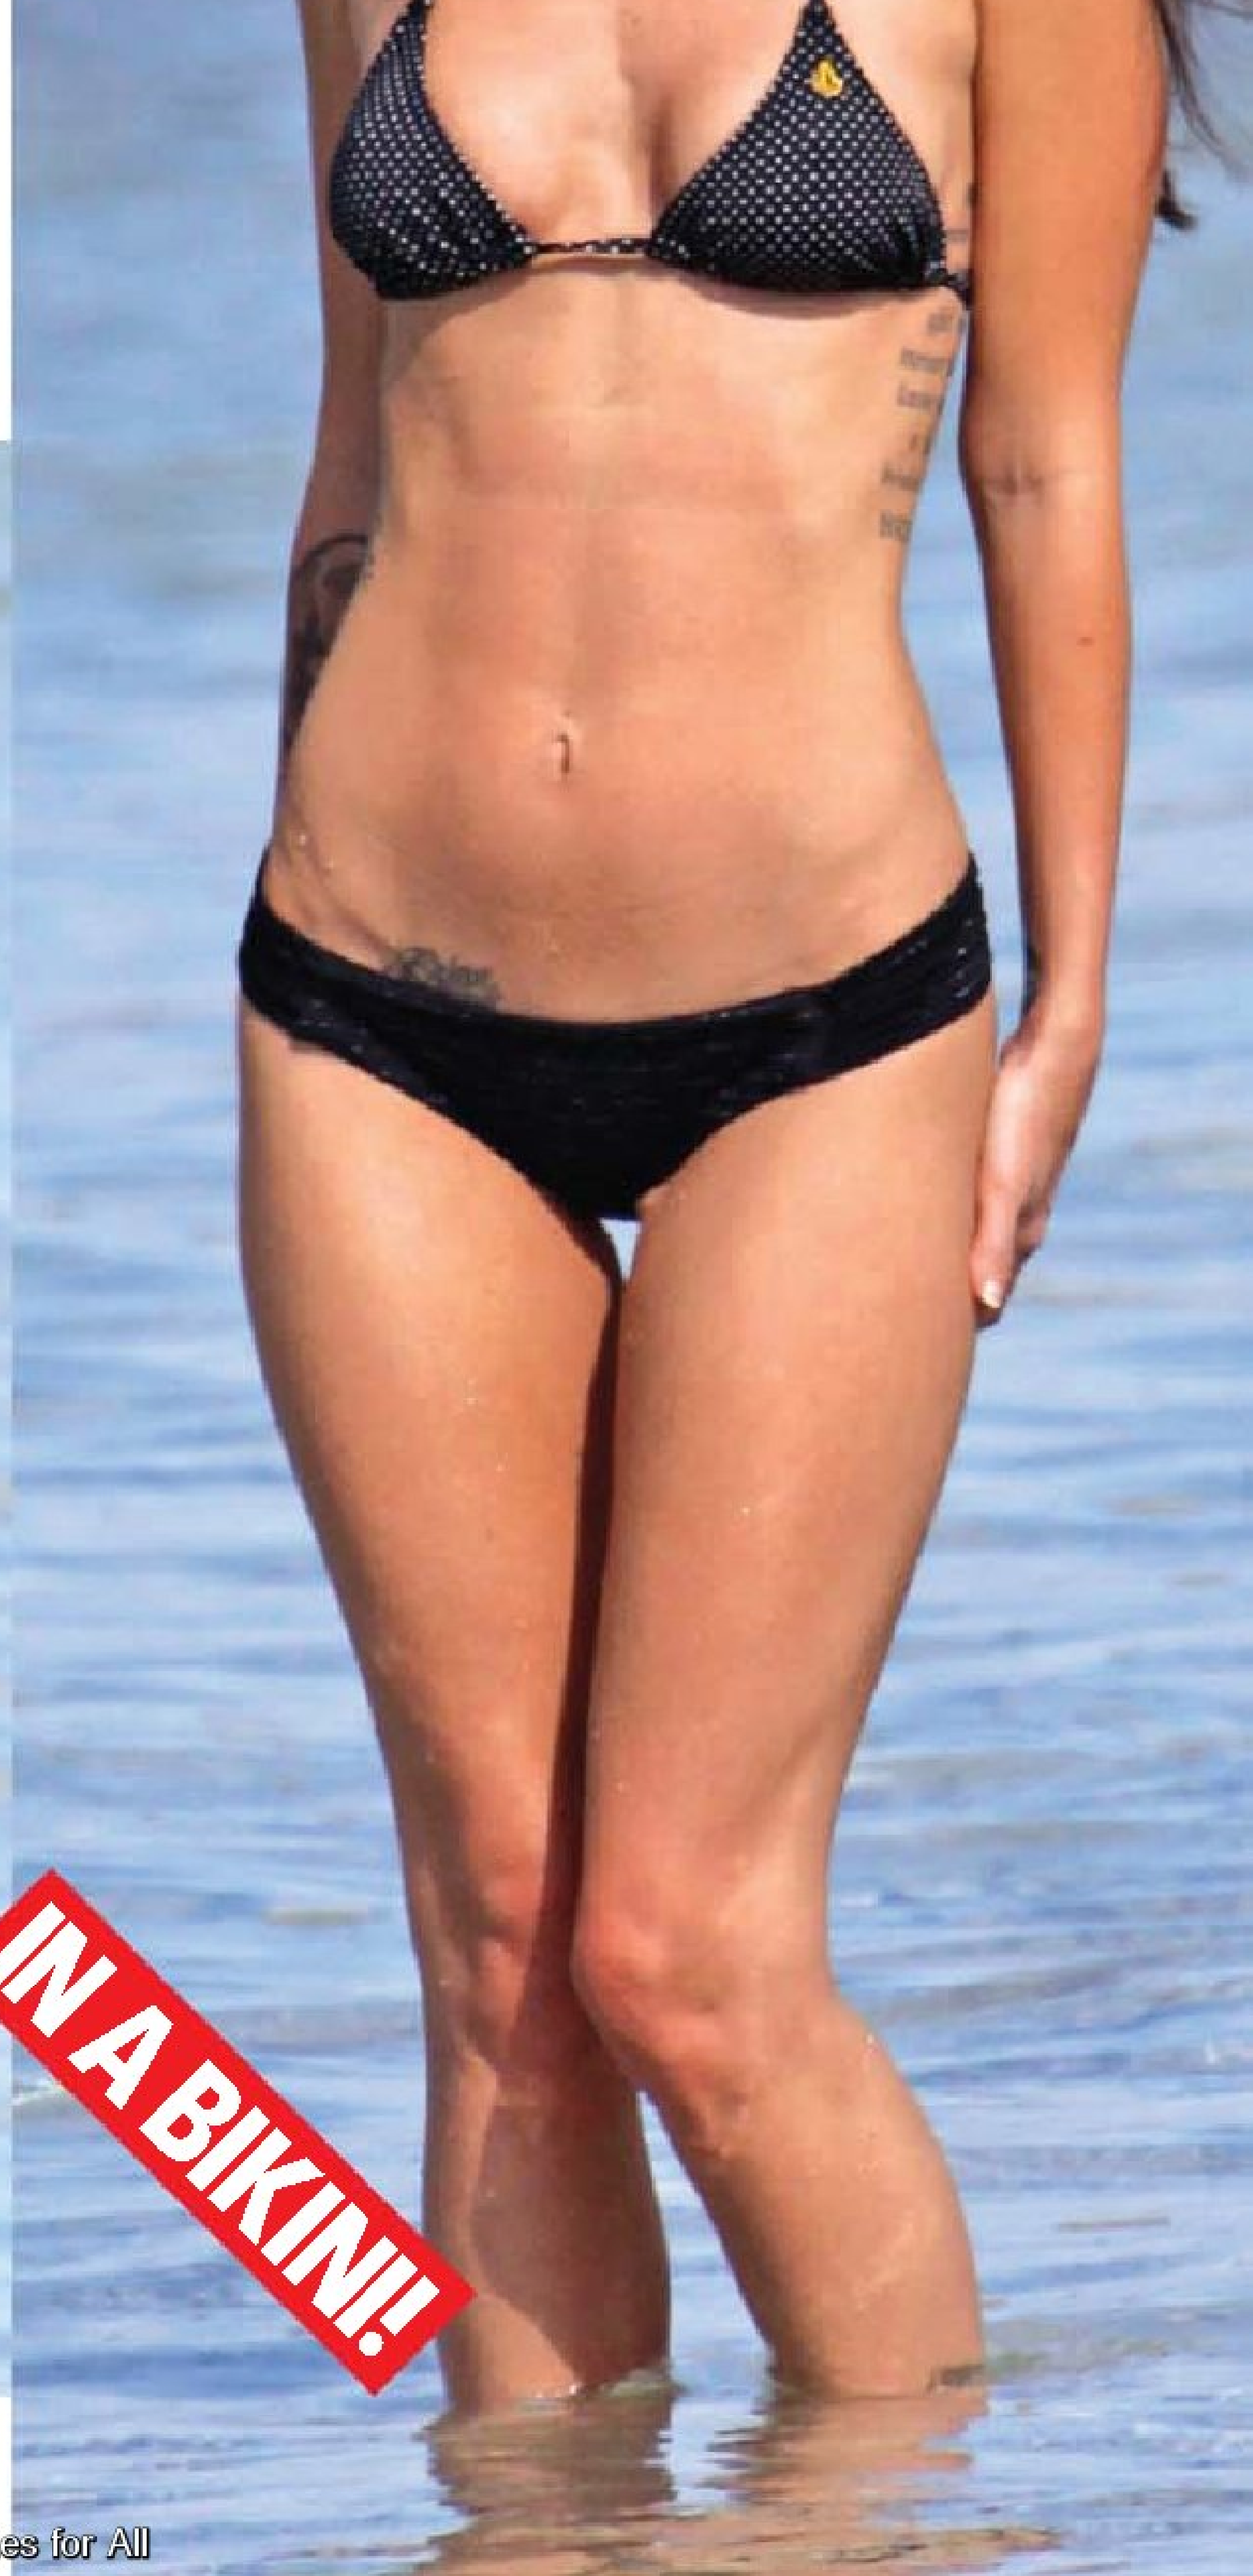

Nope, we were far too busy looking at, ahem, different figures – Megan Denise Fox in a bikini, to be precise!

The svelte 24-year-old actress said "aloha" to a black two-piece, before presumably heading off to drink cocktails from coconuts and hula the night away.

Well, she *was* on holiday.

Cowell's new puppet was ready for *X Factor 2011*

GOALPOSTS, MOVED
The "depth analysis room" is the result of five years of research. Traditional animation just can't capture the subtleties of these actors' performances.

"For the last time, honey, the Kermit mask isn't sexy!"

AMAZING LIKENESS!

LA Noire changes the game!

Rockstar's new tech transforms games forever!

Performances in games are generally more wooden than Heather Mills' leg. But Rockstar aims to change that with *LA Noire* and the "MotionScan" tech it's brimming with.

Rather than grab actors' performances with traditional motion capture, MotionScan records characters with 32 high-def cameras, shooting at 30 frames-per-second, adding a revolutionary amount of detail to the characters' performances.

The game, charting DI Cole Phelps' rise through the LAPD in the '40s, arrives this spring.

WORDS: RORY BUCKERIDGE

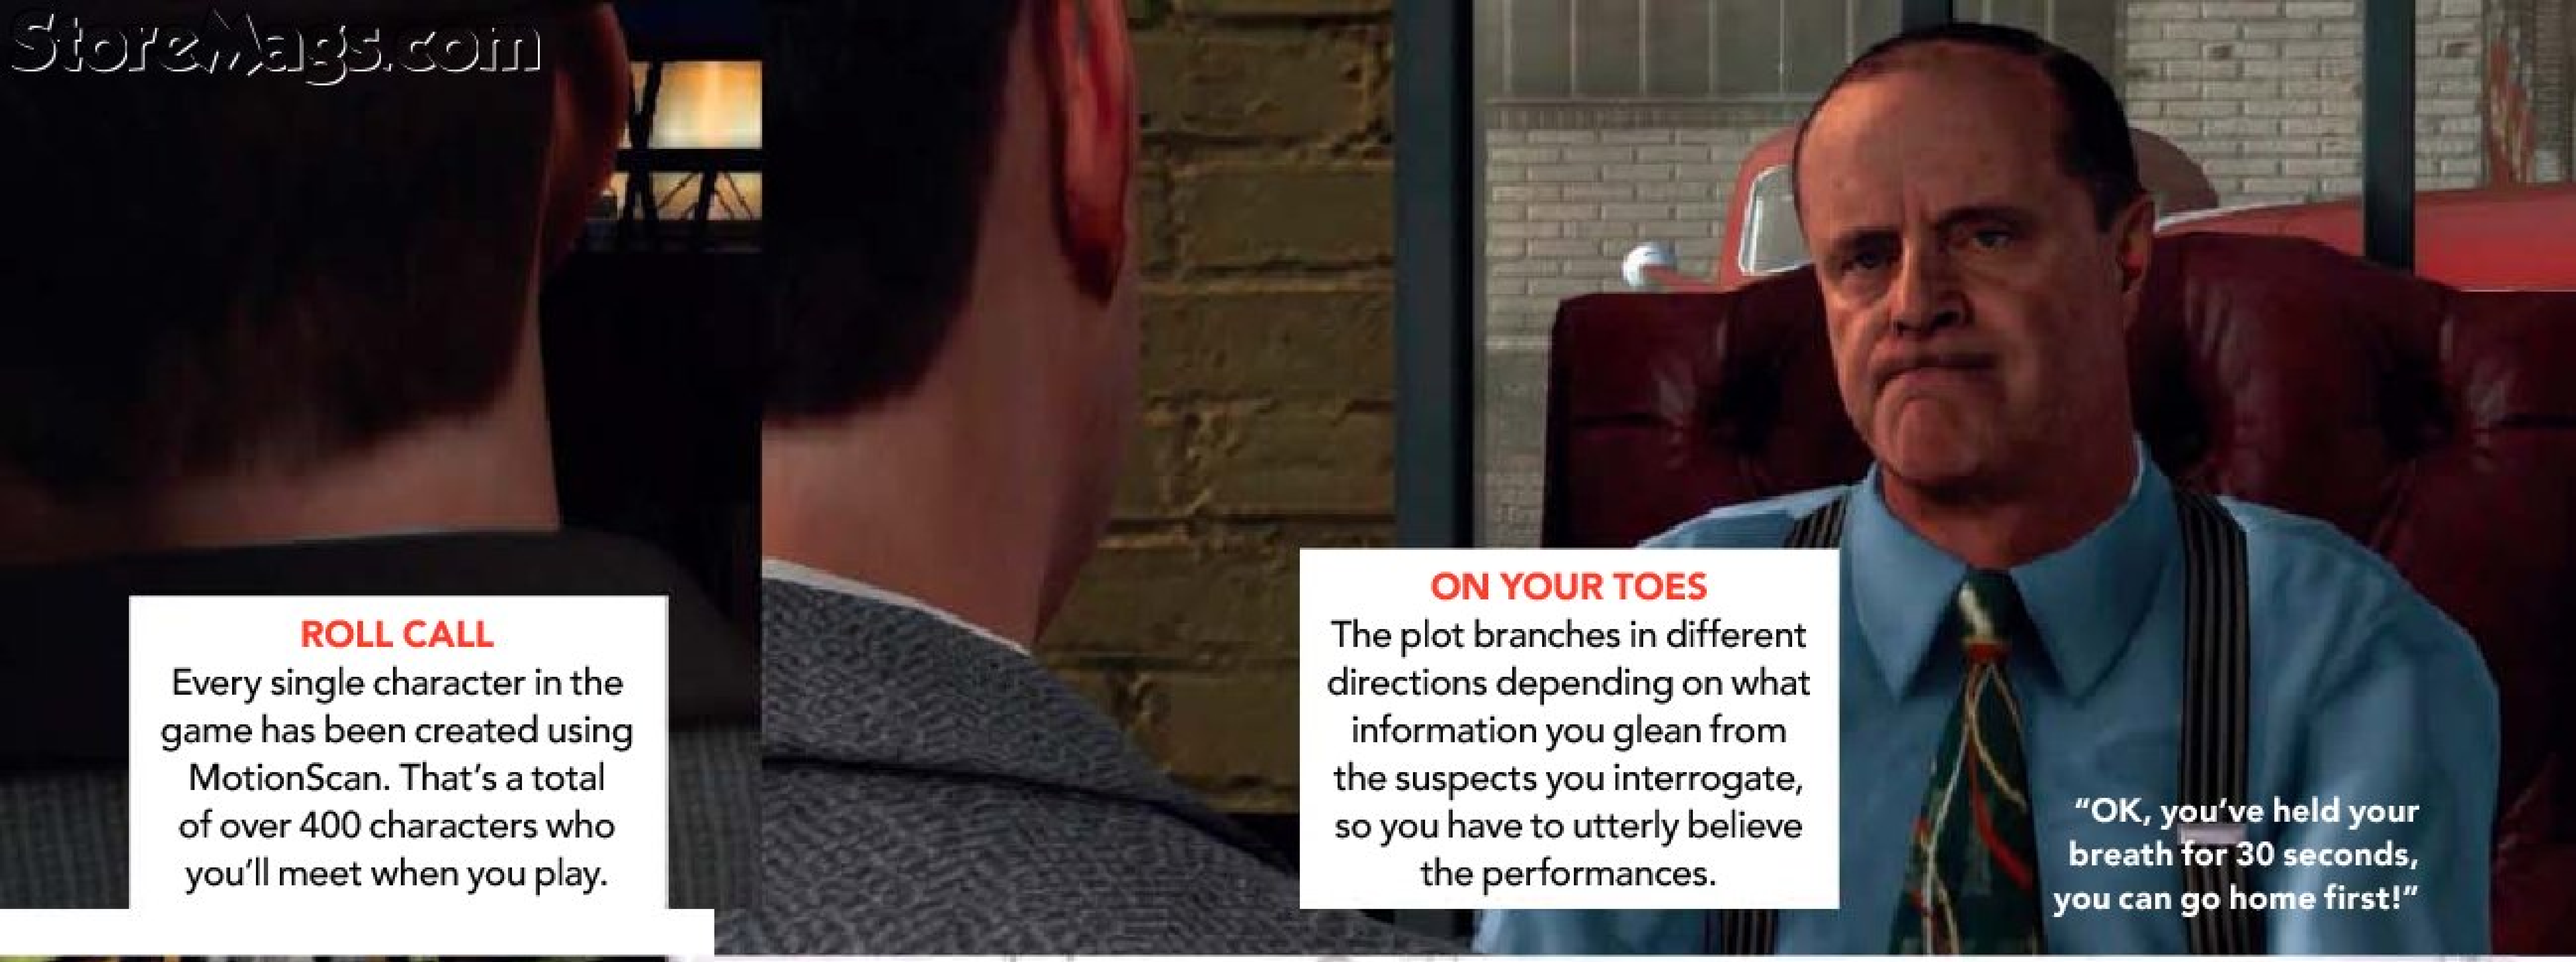

FIND THE KILLER
In the game, you have to decide who's lying and who's telling the truth by facial expression alone, so the game stands or falls on convincing performances.

ROLL CALL
Every single character in the game has been created using MotionScan. That's a total of over 400 characters who you'll meet when you play.

ON YOUR TOES
The plot branches in different directions depending on what information you glean from the suspects you interrogate, so you have to utterly believe the performances.

"OK, you've held your breath for 30 seconds, you can go home first!"

"Looks like the South-Eastern train delays got too much for him!"

"We're going to record your anaesthetic-free root canal!"

PIN-SHARP PERFORMANCES!
The 32 cameras completely surround the actor and shoot simultaneously, with the shots then composited into one incredibly detailed head.

IN THE GAME!

"I'm having an out-of-body experience!"

MAPPING THE FACE!
High-def cameras create a composite mesh of the actor's face, which is then dropped into the game. Clearly, only next-generation consoles can handle this level of tech.

£168,000 BEAST!

Meaty Mercedes S

- **In early 2010, Mercedes launched a new recreation of their classic 300SL Gullwing. Normally, Merc's official tuners, AMG, just fiddle with existing models. The SLS was different.**
- AMG got the chance to build a car from scratch – and one with a 563bhp, rear-wheel-drive and Merc's first double-clutch, seven-speed gearbox.
- **But specialist tuner Brabus didn't think 1.94m was wide enough. So it built a carbon-fibre suit with shoulder pads for the SLS and named it the Widestar.**
- Brabus' "lower, louder, wider" mission began with F1-quality carbon-fibre bodystyling, comprising a revised front spoiler, rear spoiler, rear diffuser and air vents.
- **The swollen rear arches make the SLS's backside 20mm fatter, taking it up to a girth of 1.96m.**

SLS Widestar

Brabus adds a "Lopez bum" to ace supercar!

- The SLS has a hand-built aluminium space-frame chassis surrounding the cockpit, which is why it has the gullwing doors. These are manually operated, so if you climb in without grabbing the handle, you can't reach to close them. We know – we've tried it!
- **A standard SLS AMG tips the scales at 1,620kg, but Brabus has shaved that by adding a titanium exhaust system, weighing only 12kg.**
- This tasty exhaust adds 10bhp, taking power up to 573bhp without a supercharger or turbo. Just a V8 with 6,208cc of raw, Germanic grunt.
- **No official word on the top speed, but the standard SLS AMG kisses 197mph. So we reckon 0-62mph will be 3.5secs with a top speed well over 200mph.**
- Want one? You'll have to extend your overdraft to the tune of £168,000, then!

Kinect gets naughty!

Xbox's Kinect allows you to get your hands on sexy ladies!

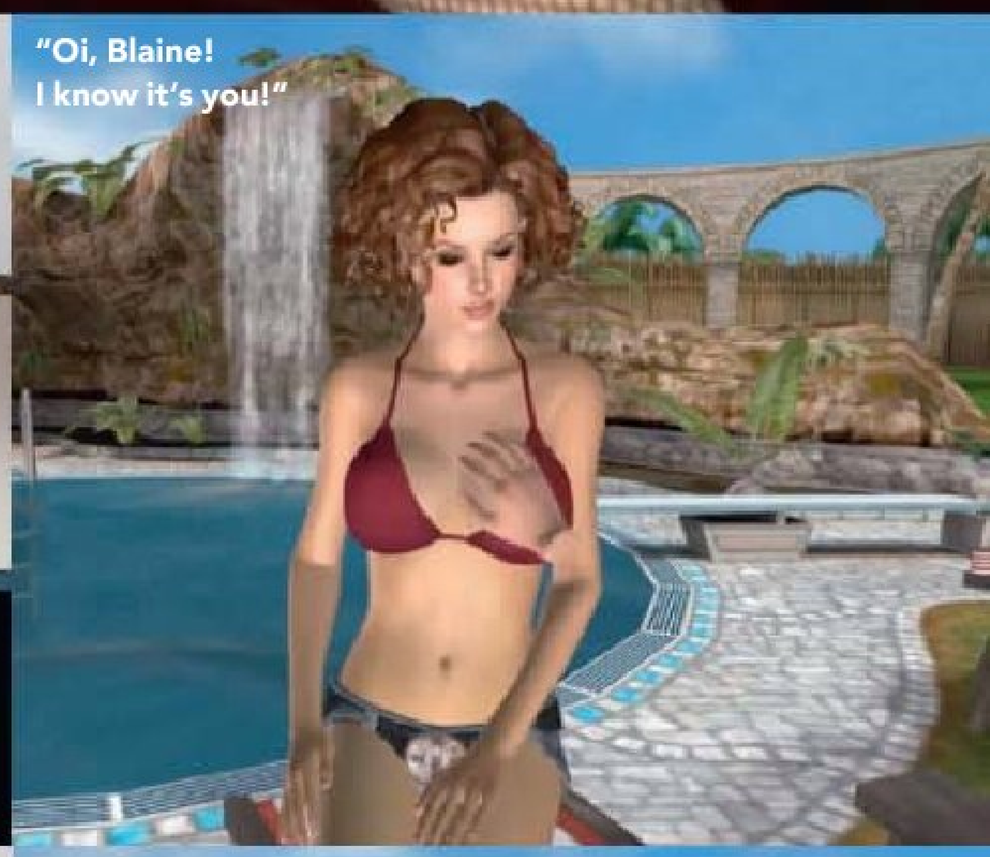

WORDS: RORY BUCKERIDGE

There really was a certain inevitability here. When Xbox released its new controller-free Kinect system, encouraging gamers to stroke big cats in *Kinectimals* and play sports in, er, *Kinect Sports*, they didn't count on stroking and playing of another kind – ladies' naughty bits!

But that's what Austrian PC coders Thrixxx have done, hacking the Kinect controller to let users play games where they can virtually "interact" with pixelated lovelies on screen. "This isn't the first example of a technology being used in ways not intended by its manufacturer," Microsoft tutted, "and it won't be the last."

Seeing as they've promised not to prosecute Kinect hackers, that last bit's certainly true!

NEWS FLASH!... NEWS FLASH!... NEWS FLASH!...

StoreMags.com

NO MORE HUGE WINGS!
Current motors get most of their downforce through big rear spoilers. These will be about half the size, making the cars harder to handle and slower on the straights.

MORE FUEL-EFFICIENT!
Cars will have to use around 35 per cent less fuel, and the average proportion of a lap that a driver's permitted to spend on full throttle will be cut from 70 to 50 per cent.

SMALLER ENGINES!
The current 2.4-litre normally aspirated V8 engines will be replaced by 1.6-litre turbocharged versions, so top speeds will inevitably be reduced.

Formula One's 2013 revolution!

F1 faces its biggest shake-up in 30 years. Here's how!

The Formula One bosses at the FIA have decided it's time the world's most-watched racing series became more efficient and more exciting, so they've spearheaded a raft of revolutionary changes that will represent the sport's biggest shake-up since 1983.

And these changes are far more than mere cosmetics – they affect every aspect of car production, from the chassis to the classification of engine.

The proposed rule changes went to the teams in December and will be discussed and voted on this month. Using the utterly gorgeous 2011 car from F1 re-entrants Lotus, we illustrate exactly what will change.

MORE CHALLENGING CARS!
The cars' underfloors will be shaped to create downforce. They currently have flat bottoms, but now the centre will be lower than the sides, making handling trickier.

FAST CORNERING!
The thick, chunky tyres used now in F1 will remain pretty much unchanged, as they curtail top speed but allow for fast cornering, so encourage overtaking.

MORE OVERTAKING!
With smaller wings, more of the car's downforce will be created by the underfloor. So with less turbulence off the car in front, it'll be easier for a following car to pass.

"I walked back to my house, holding on to my finger, and waited for an ambulance. There wasn't a lot of blood about and it didn't even really hurt that much – which sounds weird!

"At the hospital, they were unable to re-attach the finger so I've had the top removed. But I don't really mind – in fact, it could have been a lot worse!"

THE TRUTH ABOUT SEX WITH... EMMA FRAIN

Nuts girls solve your bedroom bother!

Email questions to thetruth_sex@ipcmedia.com

What do I do with boobs?

Is there a "best" way to treat boobs? Some of my mates say I should be rough with them, and some say I should be really soft and concentrate only on the nipple. What do you think?

Alex, Caernarvon

I find that tender is always better. For some reason, boys like tweaking nipples as though they're stress-relieving toys, but they get very sore very quickly. Treat them gently – caress them, rub them with oil and kiss them. Don't go mad with our boobs!

She worries me!

My new girlfriend recently got tipsy and told me she once had sex in a shop doorway. It's been doing my head in ever since. I mean, that's awful, isn't it?

Steve, Lanark

Sometimes when you're out and about, you get horny! And when the mood takes you, you'll do it pretty much anywhere. It's not awful as long as they were responsible. Maybe you should try it in a public place and see how it feels – you might like it!

I resolve to be more rude!

I'm making it my New Year's resolution to get laid more, but my mates say it'll look like I'm trying too hard. Isn't making the effort attractive to a lady?

Nitish, North London

It's attractive to make a certain amount of effort, but what you're talking about is making it your aim to have sex with lots of girls. Word will get out, and that'll just turns girls off.

Is BO sexy?

I've been getting more female attention since I stopped washing and spraying as much as I used to. What's that about?

Frank, Scotland

I don't understand why anyone would find BO attractive! I like a man with the Lynx effect! Each to their own – if it's working for you at the moment then I salute you! Not sure about the women you're attracting though!

Nuts BABES' SEX TIPS!

TWINS

The booby best mates get playful!

Hi you two! What's it like doing a sexy shoot together?

Rosie: It's so good, because we did two shoots in the space of four days and we never usually get to work together so it made me very happy! She's part of the family! We always wonder why we don't get to do more shoots together – maybe we're too much trouble!

India: Well, it's lovely, of course. It's not often that we get to shoot with people we're really good friends with. I think it comes across in the pictures. It was a very youthful shoot. ➡

ROSIE & INDIA

Did you feel like you were naughty on the shoot? Or were you very professional?

Rosie: A bit! We have our moments where we get really tired, then we have our times where we're hyperactive and can't calm down!

India: We were mucking about a lot, but I think that made the shots look better. If anything, we weren't going for sexy-sexy, more of a fun look, so us just messing about without our clothes is perfect!

What are each others' three sexiest features?

Rosie: India wants a bum-job! She doesn't think she has a good enough bum! I think her bum's amazing, so that's my number one! OK, number two is her face – it's the cutest thing in the world! Number three is her hair – she has amazing hair. And number four is her boobs. I couldn't pick just three!

India: I don't want a bum-job now! Everyone I've spoken to says they're hideous when they're actually done. I'm just gonna have to go to the gym and work on mine and get the best out of what I've got! As for Rosie, I'll go with: eyes, tummy, boobs. She's pretty much perfect. I hate her!

Did you like the girly theme to the shoot?

Rosie: Well Emma [Frain] and Lindsey [Strutt] were shooting on the same day and they had all the dominatrix/ fetish stuff and we were like, "Oh my god! That's so cool!" And then it came to me and India and we had all bright colours! We never get to be fetish models! Not that I mind, because we're allowed to muck around as much as we like with our boobies out!

India: Well, I saw the shoot that Lindsey and Emma did, and they were well sexy! They had oil on them, acting all saucy! Ours was fun, though. It was a change to have a laugh.

If we were taking you on a date, where should we go?

Rosie: I probably shouldn't say Nando's! I'd say a place ➡

called Benihana. It's cool. They cook in front of you! The chef chucks prawns in your face and you have to try to catch them in your mouth. That said, it's in New York so it might be an expensive date!

India: A fairground. I like the rides. It's all very well going out for dinner, but there are more fun things to do. I'd love it if a bloke won me a teddy.

What was the last wardrobe malfunction you had?

Rosie: Oh my god! The other day, I went to Blockbusters – this is the most embarrassing moment of my life – and I've been in there for about 20 minutes and then I realised that my dress was tucked into my pants and I had big pants on! I felt a bit of a breeze down below, then I realised and had to pretend to phone my friend because I didn't know what else to do! I wasn't even wearing a sexy little thong or anything, they were just pants! At least my naked butt wasn't out.

India: Ha-ha, I remember you telling me about that! I wish I could've seen it! I'm still embarrassed from when *Nuts* put snaps of me with my boobs out on the plane when we went on holiday! That'll teach me to get them out!

What kind of underwear do you think flatters you?

India: A good push-up bra. That's always good. I like stockings and suspenders and the whole underwear set. I'd definitely get those if I was let loose in an underwear shop. And French knickers make my bum look good.

Rosie: I'm not really into the whole stockings and suspenders thing. It seems like too much effort to whip off in a hurry! A nice bra and a little thong is all it takes.

Have you ever been to a football match?

Rosie: I've done a photo shoot at a football stadium for you guys, but I've never been to a proper match. When I climbed Mount Toubkal for charity we watched a local football match halfway up ➡

the mountain. That was amazing. I'd like to go to a proper game. I probably wouldn't understand what was going on – I'd just wave a scarf and shout abuse!

India: I don't get why people go to football matches just to shout at people. Although it's better than them shouting at people in the street. That *Nuts* shoot we did in the stadium was one of my favourites! I still remember Leah streaking across the field!

Now that winter's here, what three things do you like best about the cold season?

India: Snuggling up, keeping warm, buying loads of coats and cardigans, and open fires and having the heating on! And snow!

Rosie: Snuggling. I honestly don't know what I'd do without snuggling. Get me a duvet, some Haribo and *Step Brothers* on DVD and I'll stay there all night!

Thanks for the chat, ladies. Finally, how often do you think about rudeness?

Rosie: I dunno, about every ten minutes? I think about it quite a lot, but not as much as someone like Leah!

India: I don't think anyone thinks about it as much as Leah! I could think about sex every minute of every day for the next year, and I'd still have only thought about it about half as much as her! She thinks she's addicted to it, so we've both got a long way to go before we can match her! ■

THE KIDNAP GANGS OF VENEZUELA!

EVERY YEAR 9,000 VENEZUELANS ARE ABDUCTED, 14,500 MORE ARE MURDERED, AND CORRUPT POLICE ARE INVOLVED IN 70% OF THE CRIMES

Former Miss Universe finalist Veruska Ramirez was carjacked

Some victims have identification chips placed under the skin

In Caracas, the capital of Venezuela, crime gangs will abduct anyone, wealthy or not. Pensioners, students, children, even pet dogs are hijacked at a rate of 2,000 a year, and the 12 major kidnap gangs are so violent that they come up against little resistance.

The situation has become so bad, it's evolved into "express kidnappings" in which the victim is carjacked, then driven around for a day or two in his own vehicle while a ransom is negotiated with terrified relatives. If the ransom isn't paid, the captive will be murdered. While he's held, the victim is taken at gunpoint to cash machines and forced to empty his bank accounts.

EXPRESS KIDNAPPINGS

A "secuestro express" carjack and kidnap can net the gang about £15,000, and while a conventional kidnapping may earn millions, the "express" way has its advantages. Using the victim's car as a getaway vehicle is more discreet, the risk of police involvement is almost zero, it brings faster pay-offs, and it means the victim doesn't need to be guarded indefinitely.

"Express puts the gang back on the streets in a day or so, hunting for another victim," explains Dan Johnson, a kidnap consultant in Houston, Texas.

The problem began as the nation's economy folded and criminals found that the inefficient, corrupt police were prosecuting only about four kidnappers of every hundred.

Making matters worse, along Venezuela's jungle border with Colombia are paramilitary rebels who kidnap wealthy land-owners and ranchers.

"The Marxist rebels are responsible for about 3,000 kidnappings a year," California-based security adviser Donald Hessler informs *Nuts*.

Among the rebels' victims was presidential candidate Ingrid Betancourt, who spent more than six years as a hostage before her captors were duped into handing her over in 2008.

Kidnaps are so widespread, even taxi and bus drivers have been known to turn a gun on passengers to abduct them.

Many gangs are in collusion with corrupt police

CORRUPT POLICE

One major problem is that few kidnappings are reported.

"Many gangs are in collusion with the police, and it's the first thing victims' families are told, to stop them bringing in the cops. Venezuela's human rights organisations admit that the police are responsible for more than 200 deaths a year, a quarter of whom die from torture or excessive force. Even the country's Interior Minister has admitted that police are

their clothing, which sends a signal to a tracking satellite able to locate the client.

The gangs counter security measures by stripping the victim naked to lose any GPS chip in their clothing, and they'll even wrap the abductee in tinfoil to block the spy chips.

Gang scouts scour websites like Facebook to locate wealthy families and their friends, and create fake accounts to learn about their intended victims.

The scouts haunt clubs and restaurants on the lookout for people dressed expensively, and seek tourists who may be carrying plenty of cash.

Some disguise themselves as police and set up roadblocks, while others snatch victims and "sell" them to other gangs.

CELEBRITY ABDUCTIONS

Celebrities and prominent citizens are favoured targets. The Grand Master of Masons in Venezuela, Francisco Pereiro Liz, was recently gunned down during a kidnap attempt.

Venezuelan baseball stars like Detroit Tigers pitcher Ugueth Urbina and Colorado Rockies catcher Yorvit Torrealba have been victimised so badly they've moved their families out of Venezuela for their own safety.

Neither player was abducted, but Urbina's mother was held at a camp for five months by kidnappers who demanded £4m. Thirty special forces operatives stormed the camp and released her. Torrealba's son and his brother-in-law were also rescued from kidnappers demanding a million dollars.

Last October, a football team was less lucky. Ten amateur soccer players from the Peanut Men club in La Tala were abducted during a game, chained to trees for two weeks, then killed, execution-style. One player survived despite being shot through the neck as he knelt to die. He recalled the kidnappers told them they had to kill the hostages "because we had seen their faces".

Even Miss Universe finalist Veruska Ramirez, who was crowned Miss Venezuela in 1997, was carjacked last year in the city of Valencia and robbed of a considerable sum of money and her personal belongings.

"My brother had a gun to his head," she said, "and they threatened to rape his girlfriend. I told them 'I prefer you kill me than touch me!'"

The abductors, who recognised Ramirez, held the trio for about three hours before releasing them unharmed, but not before making one last demand – she had to autograph a box of 15 calendars of herself, as souvenirs for the kidnappers. ■

The *Hollyoaks* hottie kicks off the new year in style!

Hi Gemma! We can't help noticing Carmel has gone all serious in *Hollyoaks*. Surely that's illegal? Ha-ha! Yeah, a funny story line would be good. Carmel's been a bit depressed since Calvin died. It's about time the old Carmel returned, just tottering around the village in short skirts being really funny all the time!

Did you see Jorgie Porter's shoot with us? Yes, I did. It was fab! She told me all about it and said she loved doing it. I thought she looked really amazing! ➡

StoreMags - Free Magazines Download in True PDF format

StoreMags.com

What would your dream *Nuts* photo shoot be like? I've done a few *Nuts* shoots that are quite dark and edgy – a bit similar to Jorgie's, actually. I'd love to do some more of these as they're a bit different from just standing there having your photo taken.

Would you like to do a shoot with Jorgie, too? Definitely! Jorgie plays my cousin in the show so it would be really good to do a "family" shoot with her! It'd be nice to do a shoot with all the *Hollyoaks* girls together, too!

Agreed! Do you think you get enough raunchy stories in *Hollyoaks* these days? Not at all! Carmel's getting boring! Personally, I don't think you can have too much raunchy stuff!

When was the last time you went out with the *Hollyoaks* girls? What did you get up to? We all went to Center Parcs last weekend for Claire Cooper's [Jacqui McQueen in the show] birthday, which was different, but brilliant at the same time. We all had loads of fun in the hot tub and threw a massive party in one of the cabins!

Did you hire a bike? No! I was one of the lazy ones who sat in the hot tub with a glass of wine!

Lucky glass! When you're all together, do blokes approach you or are they too scared? We don't really notice men when we're together as we're normally having way too much fun! Guys don't tend to come and chat us up anyway – it's probably a bit scary for most blokes when we're all out together!

Too right! What do you think of UFC star Mike Bisping's acting in *Hollyoaks Later*? It's cool! I didn't actually work with him but I've heard his acting was good, so it's great for the show.

Former *Hollyoaks* star Gemma Atkinson did a raunchy scene with Jaime Winstone recently. Will you do stuff like that in the future? Working with Jaime Winstone would be great. With raunchy scenes, it doesn't matter if it's with a man or a woman because it's acting at the end of the day. So yeah, I'd love to do it!

Book us some front-row seats for that one! Will you ever move into movies? It's quite a big leap from soaps to films but it ➡

would be fantastic. I'd love to do something like that. I'd have to wait for the right opportunity to come along first, though!

What about reality TV? No! Could you imagine me on *The X Factor* in front of Simon Cowell?

He might like you as you're in *Nuts*. Ha-ha, you never know!

But can you sing? I can sing and have done in the past but it never works, does it? People never take you seriously if you're an actor!

So are you a fan of *The X Factor*, then? Yeah, I love it! I liked quite a lot of the acts this year. Matt and Paige were my favourites, so I'm glad Matt won in the end. I really liked Aiden, too.

Were you a Wagner fan? Ha-ha! I don't think it's fair that he got as far in the competition as he did, but he was a lot of fun!

Have you ever done something as embarrassing as going on *The X Factor*? I do something embarrassing every day! I'm always tripping on stairs and stuff. I was walking my dog the other day and he kept falling in puddles, so I gave him a bit of a telling off. Then I heard this bell ringing behind me and it was a big group of old people on bikes. They were telling me to get out the way while I was having a conversation with my dog! That was a bit embarrassing!

At least they didn't run you over! When was the last time you laughed really hard? When I was watching the last series of *Strictly Come Dancing*! Gavin Henson's hilarious as he makes fun of himself and I like that.

Are you a better dancer than Ann Widdecombe? She's funny! I missed her getting dragged along the floor the other week, though. I'll have to watch that!

Do you have a hero? When I was growing up, I was a big Madonna fan. I've always been a big Dannii Minogue fan as well. When I was younger, you were either on Team Kylie or Team Dannii and I was a Dannii girl. Definitely! ➡

What do you get up to in your spare time? I go to the gym as I love keeping myself fit. Looking after my three dogs is like a full-time job, too! I try to catch up on my TV programmes when I'm not working as well.

Have you got a favourite takeaway that you like to slurp down while watching? All of them! But I always get pudding, chips and gravy if I'm hungry. It's a northern thing. Pudding's a bit like a pie but it's softer.

Do you support a northern footy team, too? Well, I'm from Manchester and my dad supports Man United but I live in Liverpool, so I'm a bit of both.

Crikey, that sounds dangerous! I know! I was on *Soccer AM* and they couldn't believe it! The only reason I watch the footy is because I fancy Fernando Torres anyway! He's hot, isn't he?

Erm… moving swiftly on. What about your favourite tipple? Red wine. My friends got me into it and it's all I drink now!

Sounds good to us! What's your favourite movie? *Dirty Dancing* – I'm a proper girl!

What's your favourite animal? Dogs, although I do love lions as well. I'd like to play with them, even though I realise it could be a bit dangerous!

Will you be in *Nuts* again? Yeah! If you'll have me back, that is!

Just try to stop us! Now, tell us something really surprising about yourself? Ha-ha I've told you most things already! I'm like an open book. I normally just tell people everything!

When was the last time you really shocked yourself? When I went on *The Wall* on BBC. I didn't really know what it was all about, and I don't really like water, yet I went in every time! So even though I didn't do very well, I was quite pleased with myself for not having a panic attack! It was so much fun, I'd definitely do it again!

Thanks, Gemma! Finally, do you have any other phobias we need to know about – just in case? I'm scared of loads of things but I really don't like heights! I can't even look up at a tall building – it makes my legs go funny! Maybe I've got vertigo or something! ■

Key men Ferdinand and Gerrard talk to Nuts ahead of their FA Cup clash!

Rio: "Rooney's our secret weapon!"

Hi Rio! We're getting to the "squeaky bum" part of the season. How are United set for the crucial post-Christmas period? I think everyone knows we tend to get into top gear at this time of the year and, hopefully, it'll be the same this season. I can't see any reason why not – we've got the players and the manager to do it.

Talking of Sir Alex, any sign of the old boy slowing down? No chance! The manager's a legend and while he's mellowed over the years, some things stay exactly the same. He makes it clear what's expected of us as Man United players. We're part of a club with special traditions, so we have to live up to that.

So what is expected of you? To win things! The Man United fans are used to success and it's our job to make that happen.

Are United well equipped to regain the title? Definitely. I look around the dressing room and see top international players who know how to win, men who'll fight to the last game.

You seem a lot tighter at the back. Is that all down to you returning from injury? Ha-ha! I wouldn't say that because the back four play as a unit, and we defend as a team overall, not as individuals. But it's been great to be back! I think Vida [Nemanja Vidic] and I work well together and our styles complement each other. It's a pretty strong partnership, something we've really worked on over the years.

It's been a weird season, with no team running away with it. Why do you think that is? It's difficult to say and I can only talk about United. We've had key injuries but still managed to go on a long unbeaten run. To be honest, I don't care how close the title race is as long as we get over the finish line first!

It's been a rocky season for Wayne Rooney. Are there signs the Wazza of old is on his way back? You don't need me to tell you about Wayne. He's a terrific footballer and a massive part of this squad. He's popular with the lads, someone who's great to have around the place. Wayne's looked sharp and hungry after his time out, so I'm sure he'll play a big part in the title race. He could be our secret weapon!

Thanks, Rio! Finally, is it true you're ready to commit the rest of your career to Old Trafford? I've always said I'd be happy to sign my final contract here. At the end of the day, I think this is the best club in the world. Why the hell would I want to leave?

Gerrard: "It's been the maddest season ever!"

Hi Stevie! Is winning the FA Cup the only way Liverpool can save their season? I wouldn't put it that way because there's still a long way to go in the Premier League. There are so few points separating sides, so we've got plenty to play for. Liverpool fans won't accept a negative attitude to the league. We need to get up that table but at the same time, the FA Cup's a huge competition and we want to do well in it.

Is this the maddest season you've seen at Liverpool? I'd say so, yes. We had a new manager, then all the ownership stuff and, of course, results haven't been as we want. It's been difficult but you won't find any of the Liverpool players feeling sorry for themselves. There's no point. We have to show character and turn things around ourselves.

Roy Hodgson has come in for a bit of stick. Is the dressing room right behind him? Totally! It's natural when a new manager comes in that it takes a while for him to get his ideas across and to transfer what he knows into how we play on the pitch. We're starting to get used to what he wants now so, hopefully, the results will start to come.

What do you think when you hear people say Liverpool are just a three-man team with you, Jamie Carragher and Fernando Torres? It's disrespectful to the other players. We're a team and win or lose as a team, and what we want to achieve will need everybody pulling together. There can't be any hiding places.

Fernando Torres has struggled this season. Any ideas why? It's been hard for him after being injured at the World Cup but some of the criticism he's had has been ridiculous. He's a class act and has shown that over the last couple of years. Just because he's not scoring a hat-trick every week, that doesn't mean he's a bad player. If people get off his back and the rest of the team help him out, he'll be fine.

Thanks, Stevie! Finally, do you have a message for the Liverpool fans? We'll fight to get the results they want. We're professionals who know what it means to the people of Liverpool to have a side competing for trophies. It'll take a lot of hard work but I'm confident we'll get there. It's been disappointing, but there's no use sitting around with a long face. We're a decent squad – we just have to show it!

KAMMY!

ONLY IN Nuts!

He's the voice of the fans – and he's only in *Nuts*!

"Don't blame me, I don't even know where Qatar is – I just liked the name!"

2011 should be a year of change for football!

Happy New Year, *Nuts* readers! 2010 was certainly an eventful year for football, and while I'm looking forward to plenty of amazing games and goals in 2011, there are a few things I'd like to see that could improve the game we all love!

First up, in the wake of England's failed bid for the 2018 World Cup, I'd like to see a complete overhaul of the power structure in football. Fifa has shown itself to be a joke, and if we could get rid of Sepp Blatter, I doubt there'd be many people upset to see him go! It's time to put proper football people like Sir Bobby Charlton and Pele in charge of things, men who live and breathe the game, rather than the old men who preside over a system that's constantly accused of being corrupt.

"I'd like to see an overhaul of Fifa's power structure!"

I'd also love to see some technology brought into the game this year to avoid repeats of fiascos like Frank Lampard's goal that never was at the World Cup in South Africa. An alert could be installed, like in ice hockey, that would let the whole stadium know when the ball has crossed the line.

Another idea we could take from other sports is that each manager gets to appeal one decision each half, like they do in cricket. I know some people worry about slowing down the flow of the game, but one thing working for Sky has shown me is that the speed of replays these days is simply astonishing.

We also need some proper clarification on the offside rule, so referees know what's going on. And speaking of refs, I think it's time they were made to give interviews after a game like managers have to. Then we'd have some idea why they make a few of their decisions!

Finally, I'd like to appeal to some of the players earning more money in a week than most people do in ten years – have a bit of respect for the folk who pay good money to come and support you. And when you sign a contract, honour it!

THIS WEEK...

Thierry Henry's Ford Mustang!

The ex-Gunner's car's a winner!

New York Red Bulls striker Thierry Henry has obviously acquired a taste for all things American since his move to the MLS – he's just had this classic 1967 Shelby Mustang GT500KR delivered, and it's one of the coolest cars we've ever seen!

Thierry's had a fair bit of kit put on it, including some brill alloy wheels, and it's a lot better than those Renault Clios he used to do the adverts for. About ten times more expensive, too!

The stats!

- 0-60mph: 7.2 seconds
- **Top speed: 132mph**
- Max power: 350bhp
- **7.1-litre Cobra Jet 428 V8 engine**
- A very similar car was in the film *Gone In 60 Seconds*, kitted out with £150,000 of upgrades so it wouldn't be upstaged by the Ferraris!

Get fit for 2011!

Nuts took on Spurs star Benoit Assou-Ekotto at *EA SPORTS Active 2*!

With plenty of flab to shift after over-eating at Xmas, we'd quite like to get fit but to be honest, we really can't be fussed with the gym! Luckily, *EA SPORTS Active 2* is a top new game that'll keep you fit, healthy and active – without having to leave the house! Using motion sensors, it'll track your body's movements and help get you motivated in the new year, with top features like an on-screen Heart Rate Monitor and an Online Hub to compare scores with your mates! We caught up with Spurs' Cameroonian left-back Benoit Assou-Ekotto to see what all the fuss is about!

Hi Benoit! You're a professional sports bloke, so what do you make of *EA SPORTS Active 2* then?
To remain top of our game, today's footballers need to make sure we stay fit by watching the food we eat and maintaining a solid health regime every day. So when I saw this new game that could replace the gym I have at home, I thought I'd check it out. I like to play games sometimes, so the fact it combines what I do occasionally in my spare time with what I have to do as a professional footballer really captured my interest!

Does it work? Of course! I'm sweating already and I've only done a five minute workout! It's got similar exercises to the ones we use in training. I like the fact you can put results online, so I can compete with all of my friends – especially the rest of the team. None of us likes losing at anything and the banter after training sessions are always funny!

Do you think you'll tell your boss Harry Redknapp to change his training sessions and use *EA SPORTS Active 2*?
Yeah, I think Harry would like it. I think he'd like that it keeps us healthy and out of trouble!

EA SPORTS Active 2 *is available now on Kinect™ for Xbox 360®, PlayStation®3, and Wii™ priced £54.99 or lower. For more info, go to www.easportsactive.co.uk*

Nuts GAMBLING MASTERCLASS!

We poured this advice into a *Nuts* man's head and sent him online to try to win!

Deal or No Deal top tips!

Deal or No Deal is a game enjoyed just by those who believe in a "system", right? Well, the TV game show might be, but the multi-line slot isn't!

For as little as 5p a go, you can win big – and if you're willing to play on all lines, you could win a progressive jackpot. In fact, one winner walked off with £1.96m!

And best of all? You can win big money in the comfort of your own home!

HOW TO PLAY

- **The aim is to get winning symbol combinations from a spin of the reels, with the ultimate aim being to win the progressive jackpot.**
- You can gamble up to 20p on each of the 20 pay lines. That's up to 20 chances to win on each play!
- **The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win cash.**

THE NUMBER LINES

It's all self-explanatory – click the number beside the reels, or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

BONUS GAME

If you're betting on all 20 pay lines and you get three Deal or No Deal bonus symbols on any pay line, the bonus game begins. This is much like the Deal Or No Deal TV show, only the big progressive jackpot is at stake here. Don't be too greedy or, like us, you could end up with £8 instead of £100!

10 RUDE QUESTIONS!

And a Real Girl to answer them...

THIS WEEK: Charlene

22, Herefordshire

1 Where's the strangest place you've done rude things? "A swimming pool on holiday. I thought it was pretty obvious what we were up to, but we didn't get caught!"

2 What's your trademark move in the bedroom? "I've been told that I give 'porn star blow jobs'. I definitely think it's a compliment!"

3 What one thing's a guaranteed turn-on? "A good kiss – and being undressed slowly and intimately. I really like big, soft lips, too!"

4 What's your favourite position and why? "I like to be on top because I love being in control, but I also like doggy – it's the deep penetration!"

5 Is it better to give or receive in the bedroom? "Oh, it's best to do a bit of both, isn't it? Because one always leads to the other. I definitely love giving and receiving, and I'd be upset if I only got one of them!"

6 What's the one sexual thing you want to try? "I'd probably want to have a threesome. I'd like it to be with two girls and a guy, as I just think women are gorgeous."

7 Have you ever got it on with another girl? "I've kissed and had a bit of a play with a lady's boobs before, but no further than that. I reckon I've got a few friends who'd be up for it, but I don't know."

8 What's the single rudest thing you've ever done? "Probably a 69 in front of four people in a hotel room! We were doing it under a duvet, but when they took the cover off, we just carried on! It was so sexy!"

9 Have you ever made a sex tape? "No, but I really do want to! It sounds really bad, but I'd love to have sex in front of a camera. I haven't got around to it yet, but I'd never say never!"

10 What's your rude fancy-dress outfit of choice? "When I was a bit younger, I was into dressing up as a nurse but, these days, I'm more about sexy lingerie. I've got a really sexy beaded thong that's very, very naughty!"

Nuts Poker School

This week: our handy guide to poker hands

Unless you've been living under a rock for the past few years, you'll have noticed that internet poker has kicked off big time. So we've decided to join forces with internet poker legends PKR to create the *Nuts* Poker Room online. As the expert players say, poker takes minutes to learn and a lifetime to master, so we've come up with this guide to poker hands, so you'll always know what you're holding. It won't help you to spot those all-important "tells" when a rival player's bluffing, or make you a better bluffer yourself, but at least you'll know what beats what in the final showdown. Just stick this guide on the side of your computer screen and you'll always know if you should hold 'em or fold 'em.

1. Royal Flush

The five highest-ranking cards in sequence – 10, J, Q, K, A – and all in the same suit. Nice, but comes around as often as Xmas.

2. Straight Flush

Five suited cards in sequence. The highest card determines the rank of the hand – eg a nine-high hand beats an eight-high hand.

3. Four Of A Kind

Four cards of the same rank. If you're holding four Kings come showdown and a rival player shows four Queens, the Kings win.

4. Full House

Three cards of the same rank, plus another two cards of the same rank. Where there are two full houses, the highest rank of triplets wins.

5. Flush

Five cards of the same suit that aren't in sequence. If two players have a flush, the one with the highest card in their hand wins.

6. Straight

Five cards in sequence, not all of the same suit. The highest card determines the winner when there are two straights.

7. Three Of A Kind

Three cards of the same rank plus two non-matching cards. The rank of the three matching cards determines the rank of the hand.

8. Two Pairs

Two separate pairs of matching cards of different ranks within the same hand, with an unrelated fifth card. Highest pair wins in a tie-break. Or the fifth card if there are two identical two-pair hands.

9. Pair

Two matching cards of the same value plus three unrelated cards. The ranking of the pair determines the overall strength of the hand.

10. High Card

If no one has made any pairs, flushes, straights etc, the player with the best five cards (including those on the flop) wins.

LADIES CONFESS!

100% REAL STORIES!

TO OUR SECRETARY!

CONFESSION OF THE WEEK!

'Our friends watched us'

I had a few friends round for the football one evening and we all had a good few cocktails and drinks. Throughout the evening, I was flirting with this guy who I really liked, and our chat was getting increasingly sexy. As the match was drawing to a close, I went into the kitchen to get some wine and saw him get up and follow me. Without saying a thing, he lifted me up onto the counter and told me to pull my knickers to the side and play with myself, so I did. After a minute, I jumped down onto my knees and took him in my mouth, before I stood up and let him enter me. All of a sudden, we noticed that our friends had wandered in and were watching us! I told him not to stop as I was close to coming and I wasn't concerned by our voyeurs. They stayed until the end, too! I don't remember who won the game!

Mary, by email

'He took me in the hallway'

My parents were away over New Year, so I invited my new man round for the evening. As I was waiting impatiently for him to arrive, the phone rang with my mum on the other end asking if I was OK. While I was talking to her, the doorbell sounded and I dropped the phone to find my bloke waiting outside. Within seconds, he had me up against the wall, fondling my breasts and stuffing his hands down my knickers. He then turned me round and thrusted himself hard inside me while squeezing my nipples. I screamed loudly in pleasure and couldn't stop gasping until I totally lost my self-control. Then, as I stood exhausted in the hallway, it dawned on me that my phone was still off the hook! Although they said they had a lovely time, my parents never asked about my New Year celebrations!

Monica, Norwich

'My man asked him to film us'

I went to Tenerife with my bloke for New Year and we decided to try out a nudist beach. After wandering around for ages, we found a pretty empty spot, set up our little camp and stripped off. I felt exhilarated catching the winter sun on my body and after about five minutes, noticed a young fit guy who was not far from us. He had bright blonde hair, looked Swedish and was really hot. He also kept looking over and was definitely fiddling with his bits. But instead of being disgusted, I was really turned on. My man was feeling horny too and he kept pestering me for a blow job. I tried to conceal myself as I licked and sucked on his shaft, but our friend moved in for a better view. He got so close that my man offered him his phone and asked him to film us. He happily agreed. My boyfriend ended up licking me below while our cameraman touched me as well. It didn't take me long to climax, and we invited him round to our hotel for more fun the next day!

Francesca, Kent

'Police caught us at it outside'

My new man and I had been surrounded by relatives for about a week and hadn't managed to get any time alone for a cuddle – let alone anything else. One evening I couldn't wait any longer, so texted him to meet me in his car outside a nearby park. We wasted no time, kissing and tearing clothes off until we were having frantic sex on the back seat. It was cramped and I wanted him deeper inside me, so we got out and I bent over the bonnet. We were both going for it and didn't notice two police cars come screeching towards us. We were literally caught with our pants down – they had watched the whole thing. Thankfully, they let us off with only a warning!
