Aliens: Colonial Marines first look!

Space-set bug hunt shaping up nicely

WITH PRETTY much the coolest baddies ever to bother a movie screen, *Aliens* was always rife for video game pillage – this is the 31st *Aliens* game! So Brian Martel, creative director of *Aliens: Colonial Marines*, tells us why it could be the best one yet! (PS, it's out spring 2012, so you've ages to save up.)

INTELLIGENT ALIENS

"Our Aliens are just as cunning and vicious as the ones in the movie. They react intelligently and pounce from every conceivable angle!"

DYNAMIC LIGHTING

"Realistic lighting is really important for this game as the Aliens are constantly moving in the shadows – you'll often catch them in your peripheral vision!"

PULSE RIFLE

"Our weapons are totally accurate to the *Aliens* movie, but we've added to the film's models to work with the optional first-person perspective!"

ACID FOR BLOOD

"Be careful if an Alien knocks one of your squad to the floor. These killing machines have acid for blood, so if one takes you down, it's game over!"

FOUR PLAYER CO-OP

"Got a few buddies who want in? As the Colonial Marines operate in squads, we're putting in four-player co-op, where fights can be joined at any time!"

BUG HUNT!

"Quick! he's going to tea bag Dave!"

Fancy a dip?

Chinese chaps hit the pool. As does the rest of China, presumably!

➔ ANY TIME there's a threat of the sun showing its knickers in the UK, our beaches soon fill to bursting with lobster-red Brits burning their tums. But our pebbly seafrosts have nothing on this swimming pool in China.

Last Sunday saw thousands of swimmers descend on this saltwater pool in Daying County, Sichuan Province, nicknamed "China's Dead Sea". Quite why they're all feverishly clutching their rubber rings is beyond us. They can't all be scared of drowning, the silly sausages!

Jaws was in for a treat

China: it's a bit busy

- China is the world's most populous country with over 1.3 billion people.
- Next up is India, with 1.2 billion, and the USA is miles behind on 300 million.
- China represents 20% of the world's population – one in every five people on the planet is Chinese.
- With a fertility rate of 2.8 children per family, India should take China's crown by 2040. It could be a tight squeeze, though, as India is a third of the size.

Amy's best bits!

She's in the *Big Brother* house, and here, out of her clothes!

➔ **WE'RE VERY** worried about this year's

Celebrity *Big Brother*. No, not about those no-marks even their mums haven't heard of, but that cold, August garden. The pool's heated, of course, but any real chance of catching the lovely Amy Childs in a bikini is slipping away faster than an Indian cricket team in the international rankings.

Fear not though, curvy lady fans, for we've compiled an arty retrospective of Amy's best undies shots. And here they are, stuck onto paper for your delectation.

"You told me this was a pool party!"

BIKINI BABE!

CELEB BB CUTIE!

Amy's on *Big Brother* every night. Is there a shower-cam?

"Help me clap!"

"Blimey, they weigh a ton!"

She was thrilled with her invisible award

"Ooh, ice cream van!"

MAD CRASH!

'How am I looking?'

Truck parking goes a bit wrong

➔ **SOME POOR** sod in New York had a pretty terrible day last week, as the driver of a salt-spreading truck hit the wrong pedal and managed to ram his vehicle through a repair shop wall and out the side of the building, taking out two cars below with the debris. Left dangling three storeys up, the driver had to wait in the cab for a fire department cherry picker to arrive. "Hold me," he probably whispered, as he was whisked gently to the floor.

"Seen any rioters, mate?"

MAD MACHINE!

Look! Batwing!

Not the rude kind!

➔ **THE SET** of new Batman film *The Dark Knight Rises* has been leakier than a rioter's alibi. These latest pics show the new Batwing Batters' mental jet. It was snapped during filming in Pittsburgh, where it looked like it was taking on a bunch of rogue Batmobiles. And not at car kiss-chase!

BUT IT'S ON WHEELS!

Don't worry, Batfans, the Batwing you see in the film won't look like a go-kart. This is a stunt rig, driven about by a stuntman, and will be digitally removed at the post-production stage.

Matte Maserati!

Anderson GranTurismo S Superior Black Edition

- The remit to German tuner Anderson seems to have been to take the glamorous, wide-mouthed Maserati GranTurismo S and make it sinister enough to make children cry!
- First, the Italian body shell was treated to a cluster of carbon-fibre panels, including a vented bonnet, mirrors, tailgate, roof gutters, side intakes and spoilers.
- The only parts Anderson spared from the matte finish were the window frames, front grille and boot badge – all of which are gloss black. Even the headlights are tinted!
- In the cockpit, everything you touch – door handles, steering wheel, “elephant ear” gearshift paddles and vents – has been reproduced in glossy carbon fibre.
- Evenings on the M25 will never be dull again, thanks to the addition of a PS3 and upgraded TV monitors, as well as extra speakers, subwoofers and amps.

- Using a 4.7-litre V8 borrowed from Ferrari, the standard GranTurismo S churns out 434bhp. With its custom stainless exhaust and massaged engine computer software, the Anderson clocks in at a huge 485bhp.
- Standard GranTurismos run out of puff at 183mph, and while Anderson is keeping quiet about any exact figures, expect this to push 200mph and hit 62mph in under 4.5 seconds. All you need now is £115k!

I'M ALL for the women's movement, which is why I write for this mag. Studies have shown that women, on average, gossip for five hours a day – a third of their waking hours. Their top 20 topics: shopping, diets, holidays, exercise, health, lunch, who's seeing who, relationship issues, children, recipes, arguments with their partners, dress sizes, soaps, children again, other people's children, who they fancy, in-laws, cosmetic surgery, complaints about partners and how old they look. Men, on the other hand, talk about boobs, cars, football, politics, religion, the environment, poverty, world debt... You know, just a load of trivial sh*t, really.

SEX ADVICE FROM A FIT LESBIAN! ↓

Because she knows what she's doing and we don't!

NEW TO NUTS!

DANNI ORSI, 100% REAL LESBIAN!

You might recognise her from hit TV show *Candy Bar Girls* on Channel 5.

Underwear dilemma!

Where should I go if I want to buy my girlfriend some funky, hip underwear? All that La Senza stuff isn't really for me.

RICH Southwark, London
I love underwear! If you've got a bit to spend, go to Agent Provocateur. If you like it filthy, check out somewhere like Trashy Lingerie. I know the woman in the London store personally. Say I sent you and you might get a discount!

How to get her in the mood?

What are some things a chap can do to get a lady in the mood if she's not as up for it as he is?

GARY Bexley
Nothing. She's probably worn out from having sex with me all night! But seriously, just plain ignore her and then she'll want the attention. However,

LETTER OF THE WEEK!

Worried about my hairy girlfriend!

My girlfriend says that getting waxed downstairs is too painful. Is there a nice and sexy way in which I can keep her reasonably groomed down below?

PETE Clitheroe
If your girlfriend is too scared to wax, which always gives the best results, suggest she uses hair-removal cream. If you have to give her advice, though, that's plain gross. She should have her own maintenance regime!

this solely depends on how confident and in control you are with the relationship. She just might not be interested in, so move on. She happens, dude. Assuming that she's interested in you, you should ignore her. Then, if you're

watching telly or cuddling, hold her tight and keep your hand firmly but completely still between her thighs, with your thumb resting on her clit. If you can feel her warmth coming through her trousers, you know it's working!

What do I do with my hands?

I'm not too sure how to use my hands on a lady's downstairs area. What do you suggest?

PAUL Edinburgh
You could try what my ladyfriend did last night – she began by teasing the inside of my thigh, then she asked me to turn over. She used one finger, just poking to start with, before gradually warming up to the classic – two fingers in the pic and a thumb on the clit. One more tip – make sure you keep a strong hand throughout. That's crucial if you really want to please her!

• If you've got something to ask Danni, just email her at thelesbian@nutsmagazine.co.uk or write to her at the usual Nuts address on p72.

SKINNED!

'My finger was stripped – all I could see was bone!'

Loft accident claims unlucky reader's digit!

➔ **IT STARTED** as a simple visit to his loft for builder Ady Harris but ended with the loss of a finger and a bizarre ambulance adventure! "There was a hole in the roof, so I went to open the attic hatch but there was something blocking it,"

recalls the 36-year-old from Norfolk: "I stuck my hand in to move the blockage when the ladder gave way, trapping my hand. My body weight stripped the skin off my finger – all I could see was bone!"

As if that weren't disastrous enough, Ady then had to endure the ambulance running out of

petrol and his severed finger going missing! "When I tell my mates, they think I'm taking the piss!" he laughs. One pinky lost, Ady's 20 stitches are out and he's ready to go back to work. "There's no point worrying," he shrugs. "It's always the freak accident that gets you in the end!"

The inspector says, "Very good. Anyone else?"

The farmer replies, "Yep, there's the gardener. I pay him £25 an hour and buy all his tools for him."

"Any other employees?" asks the taxman.

Giles replies, "Yeah, there's one bloke who works a 70-hour week, earns below the minimum wage, gets paid in cider and occasionally sleeps with my missus."

"Good God, that's terrible! I need to meet this man and interview him right away!" declares the inspector.

Vs the Nuts Question Bucket!

Sell:

BBC3's happy-go-lucky geezer on his sister, monkeys and Cheryl Cole!

Copy:

THE RULES are simple. We fill our bucket full of ridiculous questions, then a celebrity picks them out at random and must answer whatever they get!

Are you any good at DIY? I'm brilliant at DIY. I gave my girlfriend, Amber, a well-good drilling about four days ago, innit.

What would freak you out more - a tap-dancing goat or a fish that could talk? Neither, 'cos that's why you bosh 'shrooms, innit, to get those experiences. If you're freaked out, you shouldn't be doing it.

What would you say is the best kind of monkey? These are some mental questions yos lot have come with! The best kind is the one you can train to do anything. You can get it to give you breakfast in bed or roll a reefer. That would be quality!

If you could be any member of Girls Aloud, who would you be? I'd be Cheryl Cole, get back with Ashley and sort myself out a Chelsea season ticket, innit.

Have you ever been propositioned by one of your friends' mums? Yes, my missus' mum. She's all over me. She's like a cougar. Well, more of a cougar/pig cross.

Why are Burger King's burgers better than McDonald's ones, but their fries are worse? I think you need to get a life, innit.

What are your tips for a first date? Take her to the cinema and use the popcorn trick. You cut a hole in the bottom of the box, you pop it on your wotsits and offer it over, innit. If you do it enough times, it turns sweet popcorn salty.

When was the last time you did a guff and blamed someone else? That's easy with a kid. We've just had a baby, so I'm like, "It weren't me, it was Nina." Even though it was me, innit.

Have you ever tried wearing nail varnish? No, mate! I've never worn nail varnish in my life. Is this a trick question? Are you stoned or somefink?

Can you lend us ten quid? No, fella, innit. Although you do look like you could do with a cup of tea. Are you sure you don't work for *The Big Issue*?

Who's the most annoying member of your family? My sister. She's only 13. The other day, she comes down the stairs and goes, "I'm going out. You can't stop me." I was like, "You ain't going out like that. Go back upstairs and put some f*cking make-up on."

Who's your best friend? Omelette, innit! He's a fat legend. I know I rip out of him but we go way back. I've known Omelette since he was an egg.

Are snails essentially evil? The Frenchies eat them, but everything's mental in France. Their national sport is the Tour de France. Thousands of people go up and down mountains but none of them have a chance of winning. The fella on the motorbike always wins it.

When was the last time you saw something and thought, "That's sh*t!"? When I took my two dogs, Benson and Hedges, out for a walk. People give me dirty looks when they do their poo-poo on the pavement. But I've tried and those dog mess bins are just too high for them.

What's 8x7? Is it a car? I thought 4x4s were good. An 8x7 would be qualitee!

- 1** Apparently, Viagra can make you deaf, bringing a whole new meaning to the phrase "hard of hearing"!
- 2** The biggest fashion blunder for men is short shorts. It takes a lot of balls for a man to wear tiny shorts – as you can see!
- 3** One in three people fantasise about group sex. Three in one people *is* group sex!

- 7** Laughing a woman into bed and having a woman laugh at you in bed are two entirely separate things, and the latter should definitely not be celebrated!

Bill Bailey

- 8** Ryan Giggs' wife said she'll leave him if he ever plays away again. Bit of a selection dilemma for Sir Alex, then!

Sean Lock

- 9** Apparently, every ten seconds, there's a woman giving birth. Surely, she must be found and stopped!

Daniel Sloss

- 13** The BBC has announced the creation of its new porn channel, SeeBoobies!

Neil Delamere

- 15** Ronan Keating had an affair with a woman who looks exactly the same as his missus. Why would you do that? Only a member of Boyzone would do a cover version of his wife!

Frank Skinner

- 17** About that prostitute charging \$195 an hour... Not for me – I want it on the meter. According to my calculations I'd be done and dusted at \$9.75!

- 19** There was a girl in my class at school who used to bang her calculator against the desk to get it to work. My teacher got so annoyed, he shouted, "Lydia! How would you like me to bang you against the desk?"

- 20** The first time you see a vagina, you're like, "It's brilliant!" But it's actually terrifying. It looks exactly like Rio Ferdinand's smile.

- 21** I did a gig in Norwich and asked a bloke in the audience, "What's fun to do here?" He said, "Dogging!"

- 22** Does anyone else think that WikiLeaks sounds like an STD you'd get from Hogwarts?

- 23** If I died of anything even vaguely sex-related, you just know there'd be headlines of "Russell How-hard" all over the tabloid newspapers!

Jack Whitehall

28 People often say about Katie Price, "She's sexy, but she's not just a set of t'ts because she's also a very successful businesswoman." So's Deborah Meaden from *Dragons' Den*, but I wouldn't have sex with her if she were the last man on earth!

29 Princess Charlene of Monaco got cold feet over her wedding. She said, "I nearly pulled out, Prince Albert." That's gotta hurt!

42 The lady who claims to have slept with David Beckham apparently costs £3,200. That's a lot of money. How many vaginas does she have?

43 People say men can't multi-task, but you watch us when we nearly get caught w*nking. Telly off, trousers up, tissue down the sofa!

44 I'd give my right arm for porn on the iPad. Actually, not my right arm, maybe the left one!

45 If someone wants to see my genitals, they'll have to do it the old-fashioned way: either marry me or add me on Skype!

Brendon Burns

49 If you're doing a woman who's ten years younger, don't do it in front of a mirror. I looked and wondered why my dad was doing my girl!

Ian Stone

46 I saw a film poster that said, "This film is a 15 and contains strong language and infrequent sex." I thought, "My life's a 15!"

Jim Jefferies

50 I went to a hooker with a retarded mate. She asked, "What am I meant to do with him?" I said, "I don't know. I've never been a hooker!"

David Mitchell

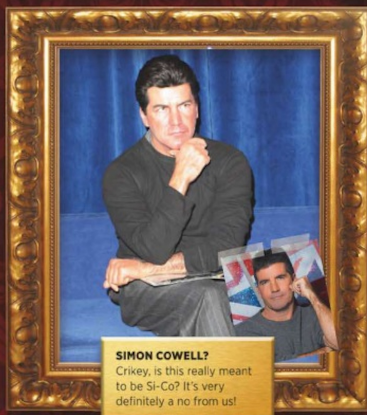

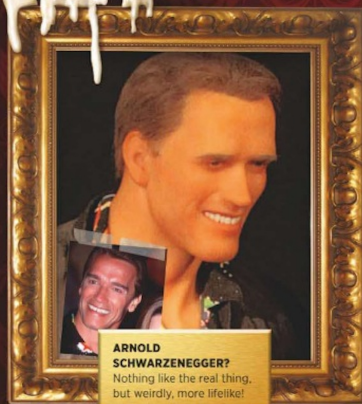

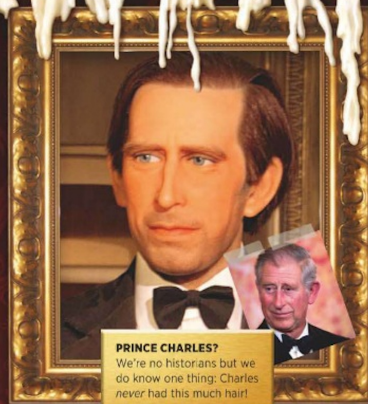

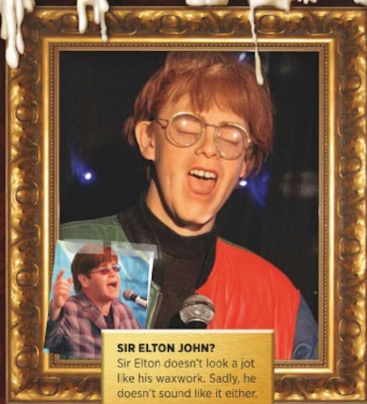

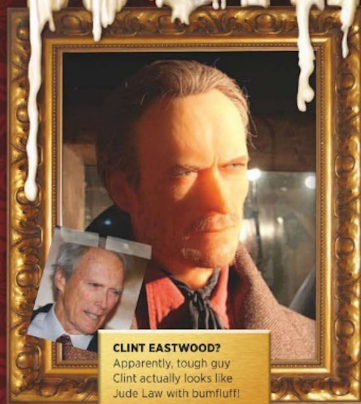

47 Like so many things, if you're rich enough to afford it, you don't have to pay for it. Unless you're an Italian Prime Minister with a hard-on!

48 "Action For Happiness" is encouraging people to offer free hugs. Free hugs? Aren't hugs always free? I, myself, have literally been hugged over ten times and have never paid a penny. I imagine that even if you visited a prostitute, a hug wouldn't show up on the bill!

EXCLUSIVE!

Lucy Pinder!

Her sizzling 2012 calendar pics – only in *Nuts*!

"You've given me some good ideas for next year's calendar!"

THERE'S A lot happening in 2012. It's the Queen's Diamond Jubilee, there's a good chance the world will end and, apparently, there's some huge sports day thing going on in London. Good news, then, that you'll be able to keep on top of this hectic year with the help of our very own Lucy Pinder! The sexy star has just put the finishing touches to her 2012 calendar, and has given *Nuts* this peek at the hottest snaps. We're already clearing space on our office walls!

Hi Lucy! Thanks for letting us see your sexy new calendar. Was it fun to shoot?

Hello! It was so much fun! The one before was quite beachy and featured lots of bikini shots, so we've gone for a different look this time around. We shot it in London and have taken it in an arty direction. There's a bit of a modern twist on the '50s look.

Did you come up with any of the ideas yourself?

Yeah, I always have quite a lot of input. I work really closely with the photographer in the build-up to the shoot. Then, on the day of the shoot, we wing it a bit and get the hair and make-up people involved. There's a lot going on behind those boobs, you know!

Are you ever tempted to suggest something far out, such as dressing as a busty robot or posing with a gun?

Ha! That would be fun. You've given me some good ideas for next year's calendar there. Hey, maybe I should do a sexy wizard shoot, *Harry Potter*-style! I'll let the *Nuts* readers send in some suggestions and I might even pick a few!

Cool! Where's the most surprising place you've seen one of your calendars?

I know some workplaces have a problem with displaying boobies, but I once went to ▶

pick up a package after a missed delivery and there were posters of mine and Sophie Howard's boobs all over the walls! I considered giving them a cheeky flash but there's a time and a place for streaking!

Indeed! Do you keep a stash of calendars in the boot of your car in case of emergencies?

No, but I guess I should. My mum keeps stashes of them to hand out to family and friends, but I always forget to take some for myself. I think I'll get a load of them this time around and sell them in a lay-by or something. Ha!

Have you ever been asked to lend your image to anything really odd?

Nothing too ridiculous, no. I tend to get asked to do really good stuff. I was gutted because me and the lovely Rhian Sugden were asked to fly out and work at the Monaco Grand Prix. I'm a massive fan of motor racing, so I was well excited. But then it got cancelled at the last minute. I was pretty much in my bikini at the airport already!

You're pretty famous now. Have you ever used your fame to get anything fun, such as free drinks or one of those mythical free Nando's cards?

No way! I'd be far too mortified to ask for free drinks - I'd feel too cheeky! As for Nando's, we don't even have one in Winchester, where I live, so I'm missing out on all of this.

Having a calendar shot in your honour is pretty cool. Do you reckon you have the best job in the world?

Maybe not the best in the world, but it must be up there! It's certainly better than what I'd have ended up doing if I hadn't become a model. I'd probably have been a teacher, but I'd have had to keep my kit on for that. I guess! ▶

"If I was a teacher, I'd have to keep my kit on!"

Given the choice, which month or season would you banish from existence?

I'm not a huge fan of October, although it does have Halloween. In fact, I'll redeem October. I think I'd banish March because nothing happens then, other than lots of rain. April's rubbish, too, because that's when you have to sort your taxes out!

So which is the sexiest month?

Obviously, August is nice because we get a bit of heat, so there's lots of opportunity to get naked! But December is definitely the sexiest month for me. It's so cold out that all you can do is stay in bed all day – and that always leads to doing rude things!

What's been the highlight of this year for you?

I really enjoyed being a Lynx girl because that was a bit of a dream come true! I like to think that I've slowly infiltrated everyone's computer at some point, and that's a pretty decent achievement. You can't get away from me!

Have you ever purchased a celebrity calendar?

No. When I was a kid, people gave me Michael Jackson and Boyzone calendars as presents, but I've never gone out of my way to buy one. I haven't loved any one celebrity enough to have them up on my wall!

Thanks for the chat, Lucy!

Finally, the new footy season has just kicked off. Have you got any predictions for us?

You know what? As much as I love my football, I prefer to stay away from the whole predictions thing. Before every season, everyone's always, like, "Oh, I wonder who's going to win what this season?" I just like to wait for it all to kick off. Suck it and see! ✕

CHANNEL 5 • 9pm

Tonight's episode involves a right old case of "Sir, the dog at my homework", as Horatio and his team are confronted by a bloke who reckons he committed murder while in a trance. On a side note, he also clucks like a chicken every time somebody rings the doorbell. That last bit we made up. Maybe.

5 What's your favourite sexual position?
"Oh, it has to be the 69 position, definitely! When you think about it, it's a win-win situation for all concerned, really!"

6 Would you say it's better to give or to receive?
"Both are good, but I do like to give because I like making other people happy. I'm a nice girl like that!"

7 What one thing would you like to try that you haven't yet?
"I'd love to have sex on a beach but I'm not a big fan of sand! It would be naughty if someone had a peek at you, though, wouldn't it?"

8 Have you ever done rude things with another girl?
"I've kissed another girl but that was quite a while ago now. I'd definitely be up for doing a nude shoot with another girl, though – that's high on my 'to do' list!"

"Yes, me and a boyfriend did. We kept a copy each. It was so much fun and I can watch it whenever I want!"

10 Finally, what's the rudest thing you've ever done?

The bonkers world of Joey Barton!

Sweet tweeter or Twitter twerp? You decide!

➔ IT'S FAIR to say that it's been a hectic few weeks for everyone's favourite midfield troublemaker. With his dodgy barnets, philosophical musings, Twitter rants and even crime-fighting, there's no doubt that the world of Joey Barton is a tad stranger than that of your average footballer. Check out this lot!

TOON BRUISER!

HE'S BARMY!

"Can't we wait till after the game to swap shirts?"

"The hideous-breath clinic? Sure, it's that way"

"Hey, who nicked my pipe?"

"Oh, you want to see the cheeseboard?"

THE HAIR!

Barton's quiff makes him look like a cross between the Fonzy and a Second World War pilot. Maybe it's the result of his love for crooner Morrissey, who asked to meet Joey at Glastonbury!

"I don't think much of this new away kit"

After days of practising, he'd finally mastered his new smile

ONE OF A KIND!

THE PHILOSOPHER!

Most footballers wouldn't know their Nietzsche (a German philosopher) from their Nike, but Joey has quoted everyone from Aristotle to the Dalai Lama! There's no end to his musings!

THE HIDEOUS 'TACHE!

Spurred on by his Newcastle team-mates, Joey agreed to grow a moustache and not shave it off until his side had won their first game of last season. Luckily, he only looked like a plonker for two matches!

His new beard needed a trim

Elton and David always got dressed up for Sunday lunch

THE "CUDDLY" NEW IMAGE!

In an effort to clean up his image, Joey hired Ian Montone, manager of bands Vampire Weekend and the White Stripes. The Toon ace even bought a cute puppy to show off his softer side!

THE CRIME-FIGHTER!

Last week, Barton sprung into action when he saw a trespasser trying to put a "massive log" through his neighbour's window. The boys in blue were called and the man was arrested. Good work, Joey!

Nuts SPORT

Why Barton's great for football!

Paul Merson on why Joey's good for the game

1 HE'S A TOP PLAYER

"People forget that Barton is a top footballer! He's a decent passer, he works hard and he loves a tackle. He's the engine room of any midfield he plays in."

2 HE'S A BORN LEADER

"The boy is a great leader on the pitch - he won't accept second best from any of his team-mates. At the moment, he'd walk into Arsenal's first team."

3 HE'S GREAT FOR HIS TEAM-MATES

"He's good in the middle but can also play on the right. His crosses are one of the reasons Andy Carroll got his move to Liverpool!"

4 HE'S BRILLIANT ENTERTAINMENT

"Love him or hate him, Joey is more interesting than your average player. The clubs might not like it but the fans love it!"

5 HE'S INTELLIGENT

"I haven't met Joey but he seems like a bright guy. It's just a shame he lets himself down sometimes - and maybe he should knock Twitter on the head!"

KAMMY!

He's the voice of the fans – and he's only in Nuts!

His assistant tried to hide his constipation problem

New boys will find it tough!

The promoted sides will have their work cut out in the Prem

➔ **NORWICH, QPR** and Swansea now know how tough it'll be to stay in the Premier League this season. It can be a very unforgiving place and one that can ruthlessly expose your flaws.

I must say, I fear for QPR the most, as their defence is vulnerable. Teams have already highlighted their back four as a potential weakness and it's something Neil Warnock needs to address – although it'll be

hard for him to strengthen his squad, as he seems to have no cash to spend. Hopefully, new owner Tony Fernandes will splash the cash to give them a chance of avoiding the drop.

Norwich have fantastic resilience – if you look at their record at the end of matches last season, they snatched so many late points. Paul Lambert concentrates on fitness with his squad, and you can see why. They'll need to be

firing on all cylinders in the Premier League, and their never-say-die attitude has already paid off at Wigan.

As for Swansea, Brendan Rodgers loves his teams to play good football. They were unlucky against Man City, but it might be the story of their season when it comes to playing the top sides, especially away. They need Danny Graham to start scoring, otherwise their pretty football may well be ineffective!

"Do you mind? I'm Riverdancing!"

£300,000 a week is crazy!

I HEAR that Samuel Eto'o is about to sign for Russian club Anzhi Makhachkala for a salary of £300,000 a week! The amount of money flying around in football at the moment is crazy. I remember years ago, George Best saying that one day, players would be paid £100,000 a week, and everyone laughed. Well, it's gone miles past that and seems to keep rising.

As long as the cash stays in football, it's brilliant for the supporters. But when the rich owners up sticks and leave, it might get worrying for the clubs. That said, we'd much rather see owners splashing the cash and signing amazing players than sitting on their wallets. Just look at the likes of Blackburn and Birmingham, two big clubs with wealthy backers who don't spend any money. And then there's Portsmouth, who seem to have the only sheikh in football without any wonga!

PHOTOS: ACTION IMAGES, AGENCE FRANCE PRESSE, GETTY IMAGES

UNBELIEVABLY GOOD!

WOODY IS BACK!
It's great to see my old pal Jonathan Woodgate turning out for Stoke. We all know how tough it's been for him with injuries, but he's top class and I hope he can play all season.

UNBELIEVABLY BAD!

DYER FOR QPR!
Speaking of injuries, it was sad to see Kieron Dyer getting stretched off during his latest comeback. He seems to have no luck and I wish him all the best.

Silly season at Rovers!

I SEE that Blackburn are after Raul. There's nothing wrong with aiming high but the new owners have made lots of promises and not fulfilled any of them. At least their chicken ads are funny!

"It tastes just like chicken!"

City so selfish with strikers!

WHAT AN impact Sergio Agüero is having at Man City! I have to say, though, the number of strikers they have is mind-boggling. Apart from the new Argentine, they have (at the time of writing) Tevez, Dzeko, Balotelli, Santa Cruz, Adebayor and Bellamy. They must be the only football club in history that can afford to pay so many players who aren't being used in the first team. It's great for Roberto Mancini to have such choice but it isn't so good for City's rivals. How can they compete with that?

"Ew! My finger went right through the paper!"

THE BIG MATCH!

It was a strange sleeping position

Man United vs Arsenal

28 AUG, 4PM • Sky Sports 1

I think Arsenal may get a bit of a hiding at Old Trafford. I've seen Arsene Wenger's boys in two games so far this season and there's a lack of inspiration. They really need a leader on the pitch. United's home form is wonderful and I expect them to run out comfortable winners.

KAMMY'S PREDICTION: 3-0

Key man

Nani is a massive threat down the flanks and scores goals. He also did well against Arsenal last season, so he knows how to hurt the Gunners.

One to watch!

IF SPURS manage to sign Emmanuel Adebayor, it'll be a fantastic boost for Harry Redknapp. The Man City striker scores goals and will relish the chance to annoy Arsenal fans even further!

THE CHAMP!

The Spider talks to *Nuts*!

Anderson Silva on UFC 134, Steven Seagal and why he doesn't like Batman!

➔ **Hi Anderson! How's the training going ahead of UFC 134?**
It's been going really well. Yushin Okami is the last person to beat me – although he got me disqualified and I don't consider it a real loss. I'm very motivated to prove I'm the better fighter.

How excited are you to fight in front of your home crowd?
Brazil is going through an important period in terms of sport. We have the World Cup and Olympics coming here and now the UFC. The fans are very passionate and I can't wait to fight for them.

How long can you maintain your unbeaten run?
I'm surprised that it's gone on this long! I never think of myself as unbeatable. I train like I'm the worst – that's how I improve.

Have you learned any moves from Steven Seagal lately?
I train with Steven all the time and he's a great teacher. He has a great sense of timing – if he were younger, he'd be a great UFC fighter!

How did you get your nickname, "The Spider"?
It's because I'm a huge fan of Spider-Man! He's an ordinary

person with problems, but he still does the right thing. That's really inspirational to me. I don't understand Batman – he has so much money, there's no struggle!

Apart from yourself, who do you consider the best pound-for-pound fighter?
There are so many great fighters in the sport. Georges St-Pierre is the best welterweight in the world. Jose Aldo is the best featherweight – I don't consider myself the greatest fighter in the world. I just see myself as the UFC middleweight champion.

Royce Gracie has described British fighters as "babies". Would you say Michael Bisping is a baby in the ring?
No. I'm impressed by Bisping. He's very clever, has a unique style and can change his gameplan for each opponent. He's someone I'd like to fight!

Finally, when are you going to fight Georges St-Pierre?
I'd like to finish my career as the UFC middleweight champion. If Georges came to middleweight it would be an honour to fight him!
