It was the bestlooking VW

You're staring at the F12 Berlinetta. It's quite quick...

a brand-new Ferrari is a thing of great excitement for any young chap. So, let's get straight to the pub ammo facts here: this new front-engined beauty is not only their fastest, but also the most powerful (road legal) prancing horse in history.

- The F12 uses a version of the Ferrari FF's 6.3 V12 engine. With 730bhp, it has over 60 horses more than the Enzo, enough to flick the Vs at Lambo's 690bhp Aventador.
- 0-62 is clinched in 3.1 seconds, but what's impressive is that the F12 gets to 124mph in 8.5 ticks. The normally aspirated V12 revs to 8,700rpm, but
- 80 per cent of power is available from 2,500rpm.
- These days, it's normal for new models to be bigger than outgoing siblings, but the F12 is just 1,525kg - 55kg less than the 599. It's also shorter (by 47mm), slimmer (by 20mm) and lower (by 63mm).
- To drop the centre of gravity for harder cornering, the
- engine, gearbox, suspension, seats and dashboard are all mounted lower.
- Ferrari has resisted the temptation to go down the full carbon-fibre chassis route. The F12 uses an all-new aluminium space frame, chassis and body shell. The result, says Ferrari, is a 20 per cent stiffer car than the 599.

Max Payne 3 first play!

The grizzled vigilante ex-cop returns for more balletic, slow motion gunplay!

MAX PAYNE is one of gaming's epic characters. An ex-NYPD cop whose family was gunned down in front of his eyes, he siphons the ensuing rage into one of the most badass chaps we've ever held the trigger finger of.

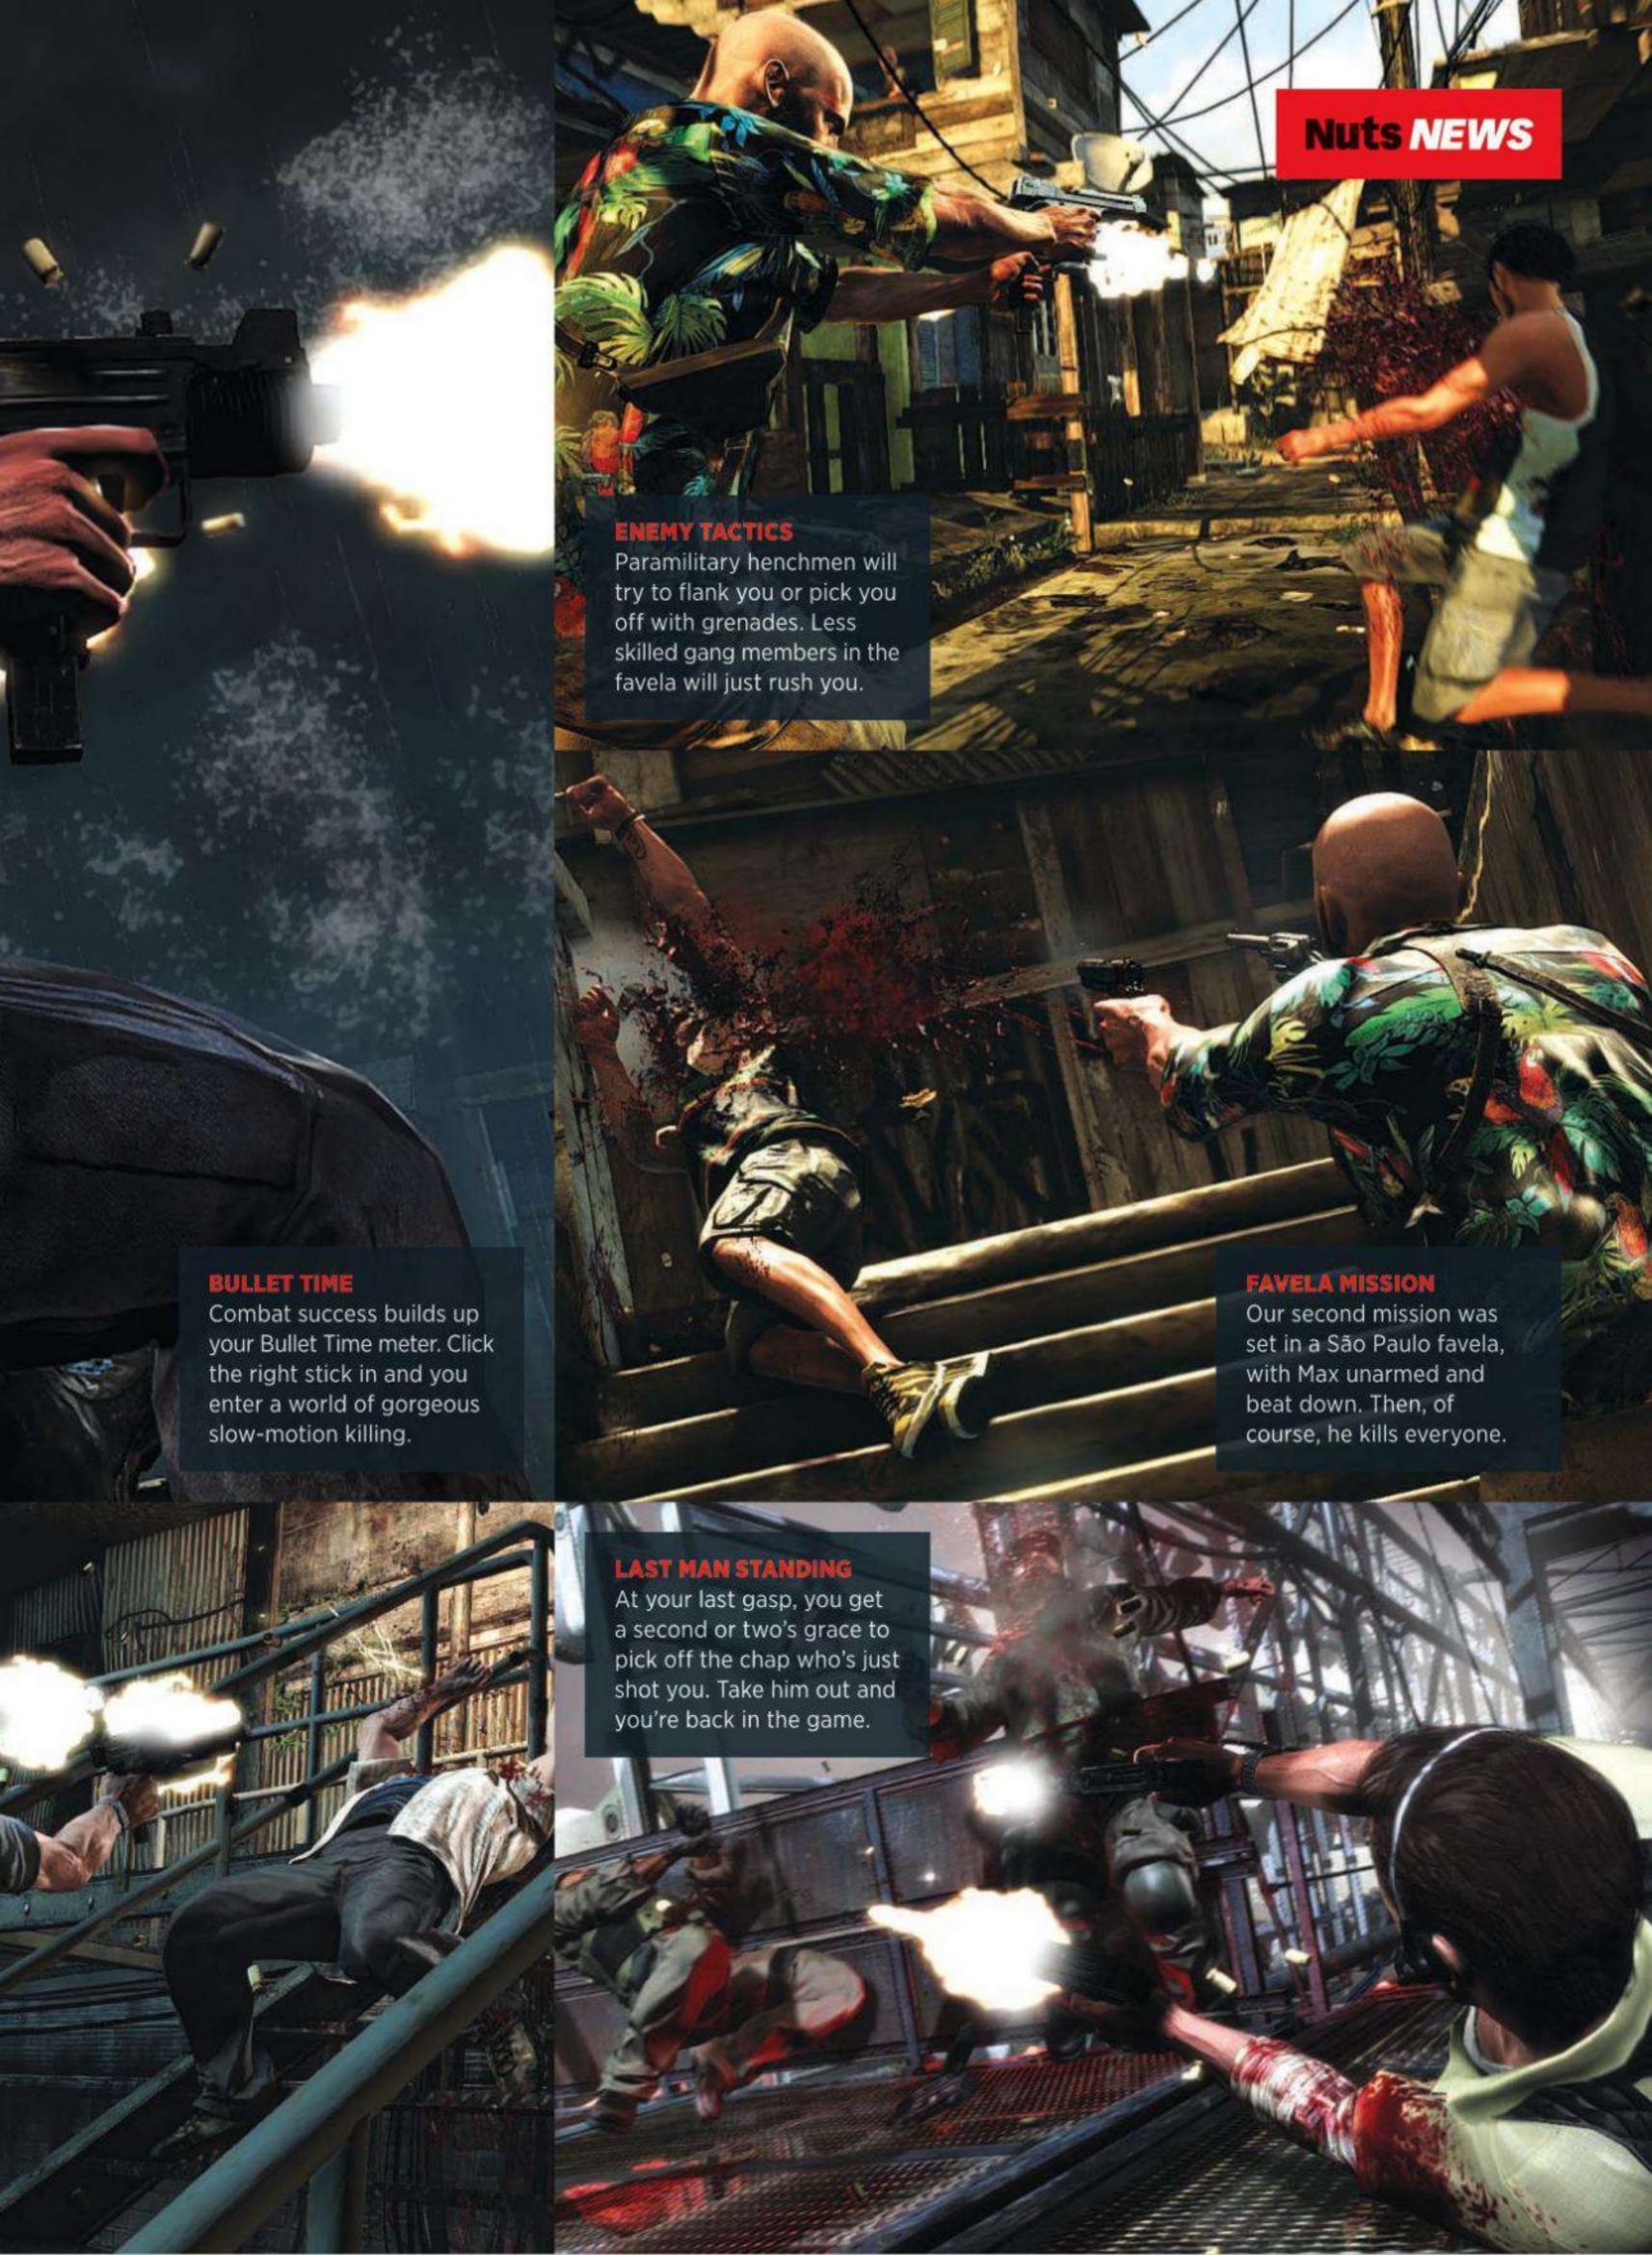

So an all-new game powered by developer

Rockstar's impressive Rage engine (used in *GTA IV*) is something to shout about. But we couldn't shout, as we were sat politely in a swish viewing room, getting an exclusive first hands-on with the game. This is what we played. You can get your hands on it on 13 May when it's out on PS3 and Xbox 360.

RANSOM GOES WRONG

Bloke bags bloody big shark!

Man reels in tiger shark. Dons his "special vest" for the snap!

THE TIGER shark is second only to the mighty great white in fatal attacks on humans and can grow up to 4.2m and the business end of a metric tonne of angry muscle and teeth. So our man here (just brilliantly named "Mark The Shark Man") is enormously proud of catching this blinking huge tiger shark. Then stringing it up like a side of beef in a butcher's shop.

Our vest-wearing, leathery-skinned hero took more than four-and-a-half hours to land this monster

- a 3.9m giant which weighed in excess of half a tonne, a record for the area - in the waters off the coast of Florida. Presumably, Mr The Shark celebrated his feat by arm-wrestling a bear, opening a beer by headbutting it and getting seven women pregnant with just a cheeky wink.

A quick word with Mark Wahlberg

The beefy actor on drug smuggling, working out and his burger joint!

Hi Mark! So how did you get involved in drug-smuggling

flick Contraband?

Somebody from my agency sent me the original film. I watched it. I liked it a lot. I said, "How do we acquire the rights?" It took a while developing the script and then to set it up. That's how it happened.

Did you research smuggling in America? Is there a lot of it going on?

There's a tremendous amount. At ports they search a random selection of containers, but I can only imagine how much stuff actually gets through. There are huge, huge ships coming from all over the world. They maybe search a few. I don't know what the exact numbers are.

It's really easy to smuggle contraband out of the country then?

Yeah. But they can't give up.

It's a guessing game. It really is cat and mouse.

You seem to be the go-to guy for working class roles. How far away are you from your roots now? How much of a working class guy are you still? Obviously, I am still to the core. Just because you have money, it doesn't really change you.

It doesn't?

No. I've always thought that at any time it can all go away. I could end up right where I came from, and I pride myself on being respected enough to be able to go back there and not have people look at me and treat me any differently.

Is it difficult not to really spoil your kids because they've grown up in a very different way to the way you did?

Yes. I do to a certain extent but they also have to understand that not a lot of people have what they do. My kids like giving back when

they don't really know somebody who doesn't have as much as they have. My daughter is always telling her mother that she's got to take all these toys to the hospital for the sick kids and less fortunate. They still live in the real world. It's a fine line, you know? You want to give your kids everything – I certainly want my kids to have everything that I never had - but you also want them to understand and appreciate things. It's a fine line.

You're known for doing your own stunts. But is it true that for this movie you passed on some of the riskier stuff?

When I was younger, I was very gung-ho about doing all that kind of stuff, but now I'm older I'm not so quick to take too many chances. In this particular movie there weren't really any stunts that I didn't do. I guess it's just because Tom Cruise's Mission:

Impossible movie is coming out and suddenly everybody is talking about stunts. I don't need to do that thing.

You're always incredibly fit. Do you have a very specific workout regimen whether or not you're doing a movie?

Only if I'm working – if I have to put on weight or lose weight or be in shape or be out of shape, then I'll do it for work. I actually like doing it, but for this movie they were complaining all the time that I was out of shape! After I did *The Fighter*, I didn't want to work out any more. When the script was written it was like a kind of average everyday guy, but when I showed up they

were a little disappointed!
We were going to all the award ceremonies and stuff, so we were drinking a lot of wine and eating a lot of pasta!

Where are you at with the Entourage movie?

I'm just waiting for the script now.

It's definitely happening?

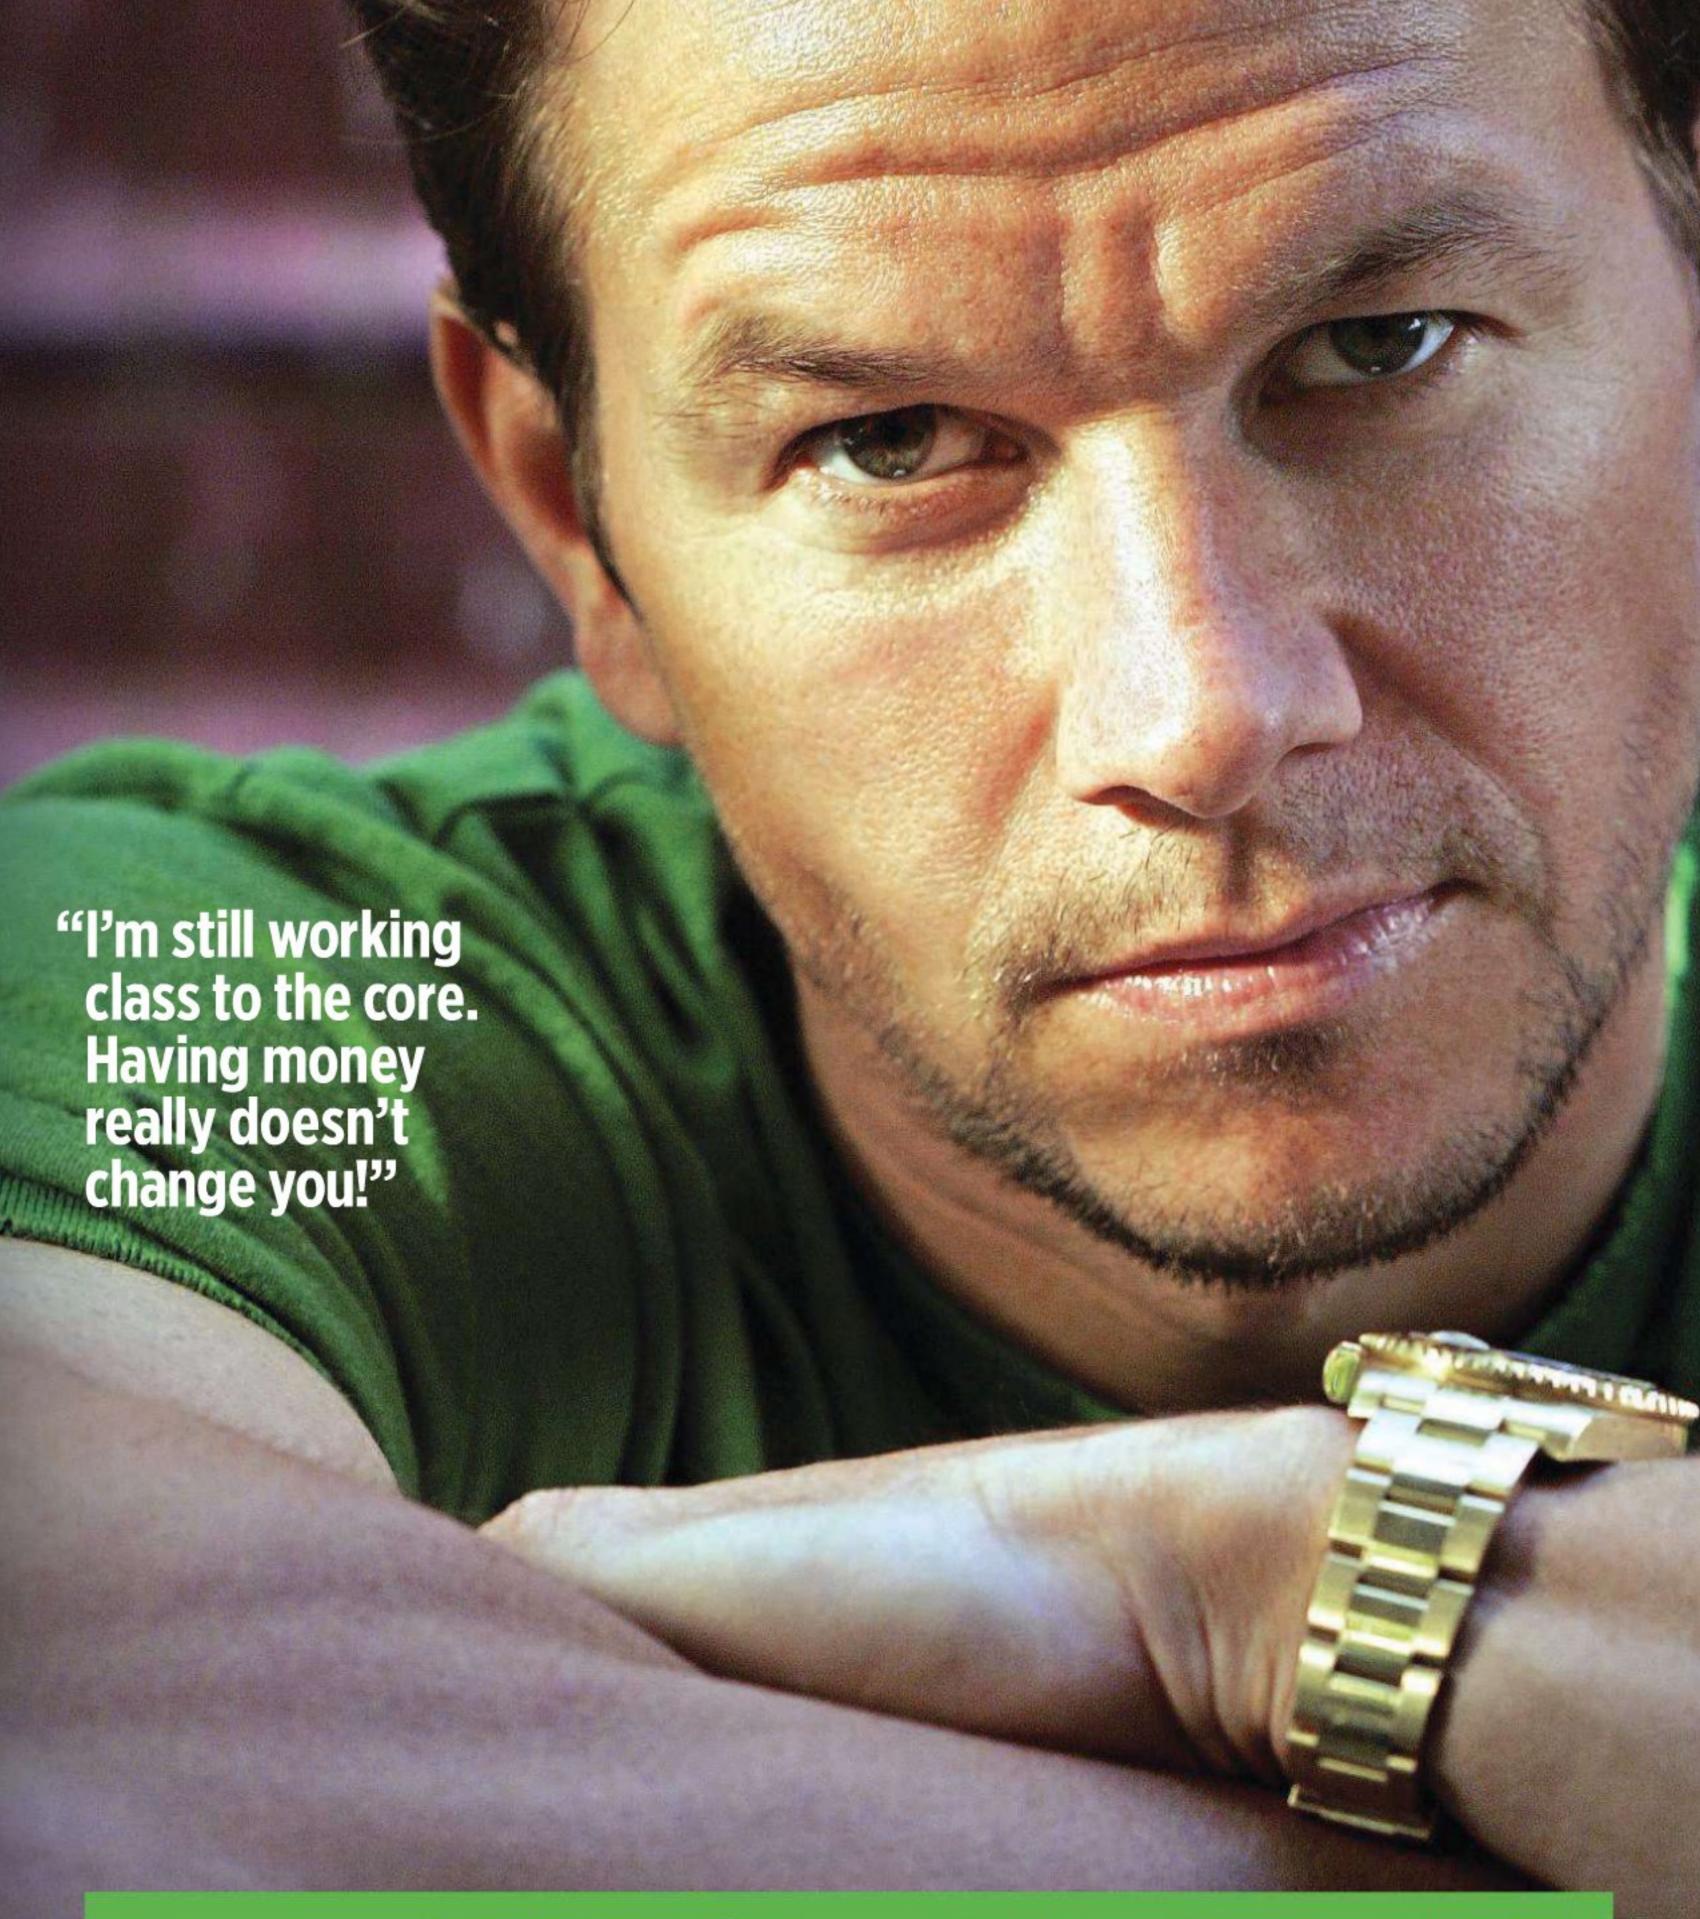

If I have anything to say about it! I'll keep trying, that's for sure. Everybody wants to do it and there is no shortage of people who want to finance the movie. It's just a matter of Doug [Ellin, the show's writer] going and actually writing the script.

Finally, how's your restaurant Wahlburgers doing?

It's phenomenal. I think yesterday we did 1,300 burgers in a day. We're opening a bunch in the UK and Ireland. It's kind of the higher-end burger. My brother Paul is a fivestar chef. We opened his first restaurant two years ago. It's called Alma Nove. It's been a huge success. And then right across the street, we opened up Wahlburgers. Because all he eats – even though he's a five-star chef - is burgers. He'll go from one burger place to the other. That's all he eats. His dream was always to have a burger place. So we opened this place called Wahlburgers, ha-ha! It's off the charts!

RIOTOUS!

"One woman to four men!"

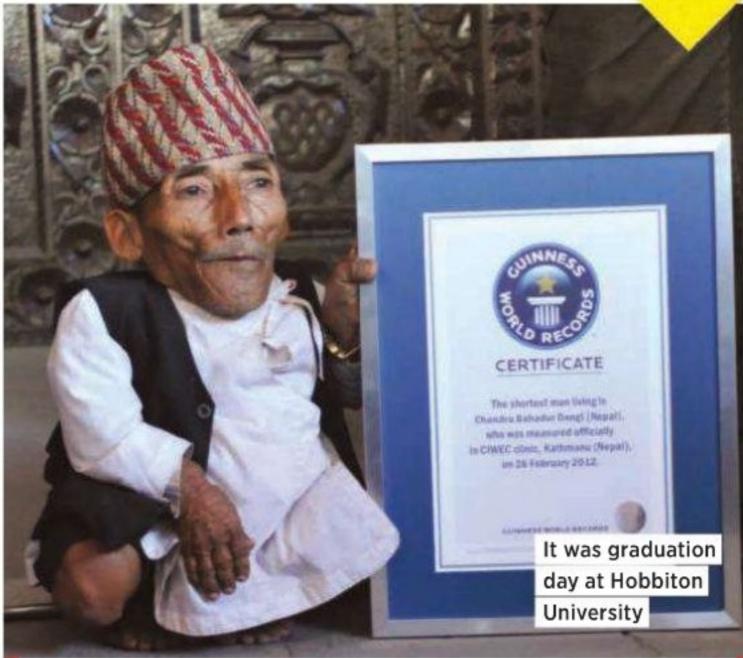

troops in Iraq,

Jim accidentally

got a local man shot. Whoops!

A STUDY has shown that one in four British women are dating three or more men at the same time. Fair enough, really - if you're single, you may as well date as many people as possible until you find a keeper. But dating takes up a lot of time, so my advice to the ladies is f**k 'em all at once. I'm personally a big fan of spit-roasting – I prefer there to be extra men in the room so that not all of the pressure is on me. If it's a threesome with two guys, I only experience half the disappointment that the lady is feeling.

"The little fella's little fella!"

WE'VE GOT ourselves a new smallest man in the world! Chandra Bahadur Dangi from Nepal is just 55cm tall and 72 years old, which makes me wonder why's he only just got the title? Maybe it's 'cos you shrink as you get older, and Chandra used to be a towering 58cm! Whatever the case, this wouldn't be a Jim Jefferies column if I didn't ponder the size of his dick. 'Cos if it's like the rest of him, I intend to hunt him down, get a pic of my c*ck next to his and tell everyone that he's a regular-sized guy!

"A brief history of stripping!"

ON THE subject of sex, it's just been revealed that Professor Stephen Hawking visited a sex club in California. The Professor, who's now in his 70s (I know! Doesn't he look great?), claims he's only been a couple of times, but I say, why the f**k shouldn't he? He's a human being with sexual

needs. Plus I gather he has some great pick-up lines, like "Who wants to try the Big Bang?" and "Would you mind if I observed your black hole?"

"She's one hot momma!"

THERE'S BEEN a bit of an uproar this week because a glamour model, Sophia Cahill, has appeared on the catwalks at London Fashion Week quite heavily pregnant. The 28-yearold says that she has to keep working in order to support her family. Well, good on her. I actually find her really sexy - not the fact that she's desperate for money, although don't get me wrong, that is really hot - but I dig pregnant chicks. For one thing, you know that you can't get them up the duff twice. Just one word of warning: it can make a t*t-w*nk something of a logistical nightmare.

"I was riding about, doing all the tricks, when I came off my bike," recalls the

"I was still standing, but when I looked down, my leg looked like it was cut in half. I saw what appeared to be cut bits of string, which turned out to be severed nerves!"

After a ride of a different kind (in an ambulance to

"I was on my bike again after five days!" he says, with a cheeky chuckle. We hope he's bought new knee pads.

Candy Bar Girls

on Channel 5

My girlfriend seems to have lost her sex drive. We used to go at it like rabbits, but recently she says that sex just isn't that interesting any more. What can I do to re-ignite her passion?

MAX Manchester

She may genuinely be having an off period, such as some women do when they've had a child, for example. In this case, give her time and enjoy sex for one while you wait. I'm afraid you also need to check if it really is sex that's not interesting her, or just sex with you that she's not so keen on.

Should we take a break?

I've heard that some couples take a break from sex for a month or more so that when they get back together it makes the sex better. Have you ever

Time for water sports!

My mates tell me that sex in water (the bath, swimming pool etc) is really dangerous and that you could end up stuck inside someone if you're not careful. Is this true?

DEL London

This might be a risk if you were doing it at depth – when admiring a coral reef, say - when the external water pressure would be greater than the internal pressure. Underwater sex is really more dangerous for the lady, though. If water is trapped inside her, your thrusting will cause water compression and can damage her inside. Save the ramming and thrusting for above the waterline!

heard of such a thing and do you think I should give it a go with my other half?

TED via email

This can be good for the quality of your sex life but only if you're both keen to try it. Regard it as an experiment

and if either of you gets frustrated and unhappy, get back into the groove. It's a risky business, though, only to be followed through with if you're searching for a longlasting, committed and stronger relationship.

Ex jealousy!

I recently met my girlfriend's ex, who's a tall chap with tattoos and a big personality. Nothing like me. It's made me insecure because I worry that's the type of bloke she wants to be with. Am I just being daft?

JAMIE via email

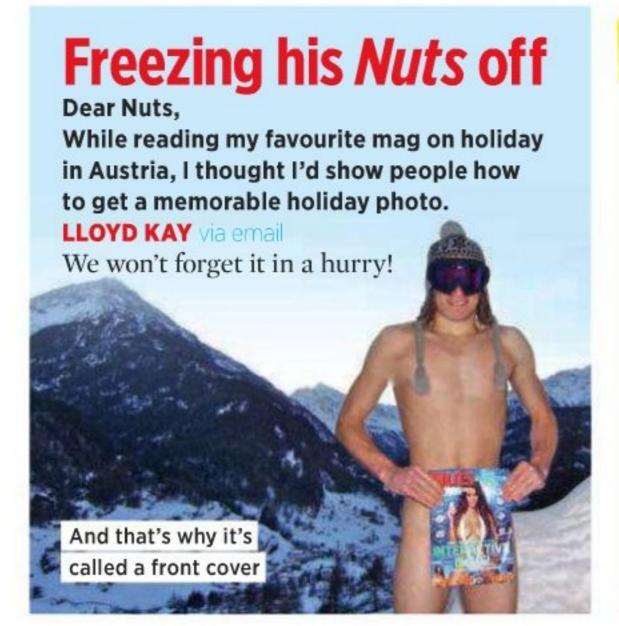

What makes you think she prefers his type? Women rarely go for a man based on physical attributes alone, though you do say he has a big personality - does this mean he throws his weight around? Again, not necessarily a sought-after characteristic. Lose weight, get fit, have confidence in vourself and buy a big dildo.

THE RULES are simple. We fill our bucket full of

ridiculous questions, then a celebrity picks them out at random and must answer whatever they get!

What happened the last time you went to the dentist?

The woman wouldn't stop talking! She was my hygienist and she had a son who knows a friend who knows a friend who knows are. It was a long conversation and I couldn't even answer because she was cleaning my teeth!

How many celebrity numbers have you got in your phone right now?

I think I have all of them! I've worked with lots of them. I've got Simon Cowell, I've got Tinie Tempah, I've got Plan B. Oh, and Cheryl Cole called me the other day.

If you could time travel to any period in history, where would you go?

I'd go to the '70s to meet George Clinton and Parliament-Funkadelic [famous '70s funk and soul group – *Nuts* Music Ed]. And the '80s, to work with Prince in his prime.

When did you last cry?

I was really tired and about to go on stage and it all got on top of me. I was like, "Just let me be a little bit overwhelmed before I have to be Mr Confident."

Would you rather have no elbows or no knees?

I'd have no knees because I could still make music. If I had no elbows, I'd have very wobbly hands trying to make tunes.

Who was the first girl you kissed?

The first girl I kissed was a tomboy. We were best friends, then we started to grow up and she started to look like a pretty girl and I was like, "Eeeeeh!"

Who did you last have a punch-up with?

That was ages ago, man.
I'm a nice clean-cut
gentleman. It was with
someone from my old
band. He totally flopped
me for this big show we
were recording for TV.
I got upset with him and
it was rumble in the jungle!

What's the most embarrassing record in your collection?

I accidentally bought the Cinderella soundtrack. My girlfriend loves all the Disney movies so I was like, "OK, I'll watch one of those with you."
But I accidentally
downloaded the
soundtrack rather than
the film. So when I'm on
shuffle, I keep randomly
getting a Cinderella track!

When was the last time you were naked in public?

Wow. I'm always naked in public. When I do a photo shoot, they always ask me, "Do you want to use a dressing room?" And I'm like, "Well, we've all seen it before, guys." Ha!

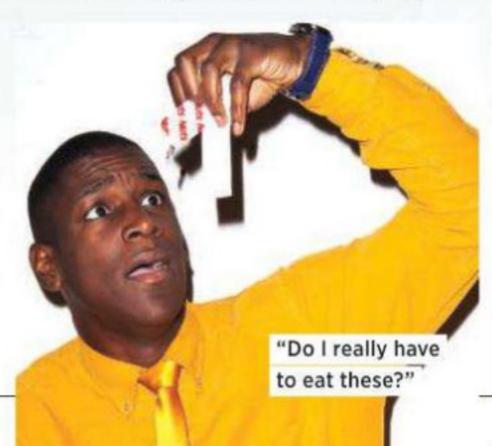

What have you got in your pockets right now?

I have an iPhone and I have keys to my studio. No condoms!

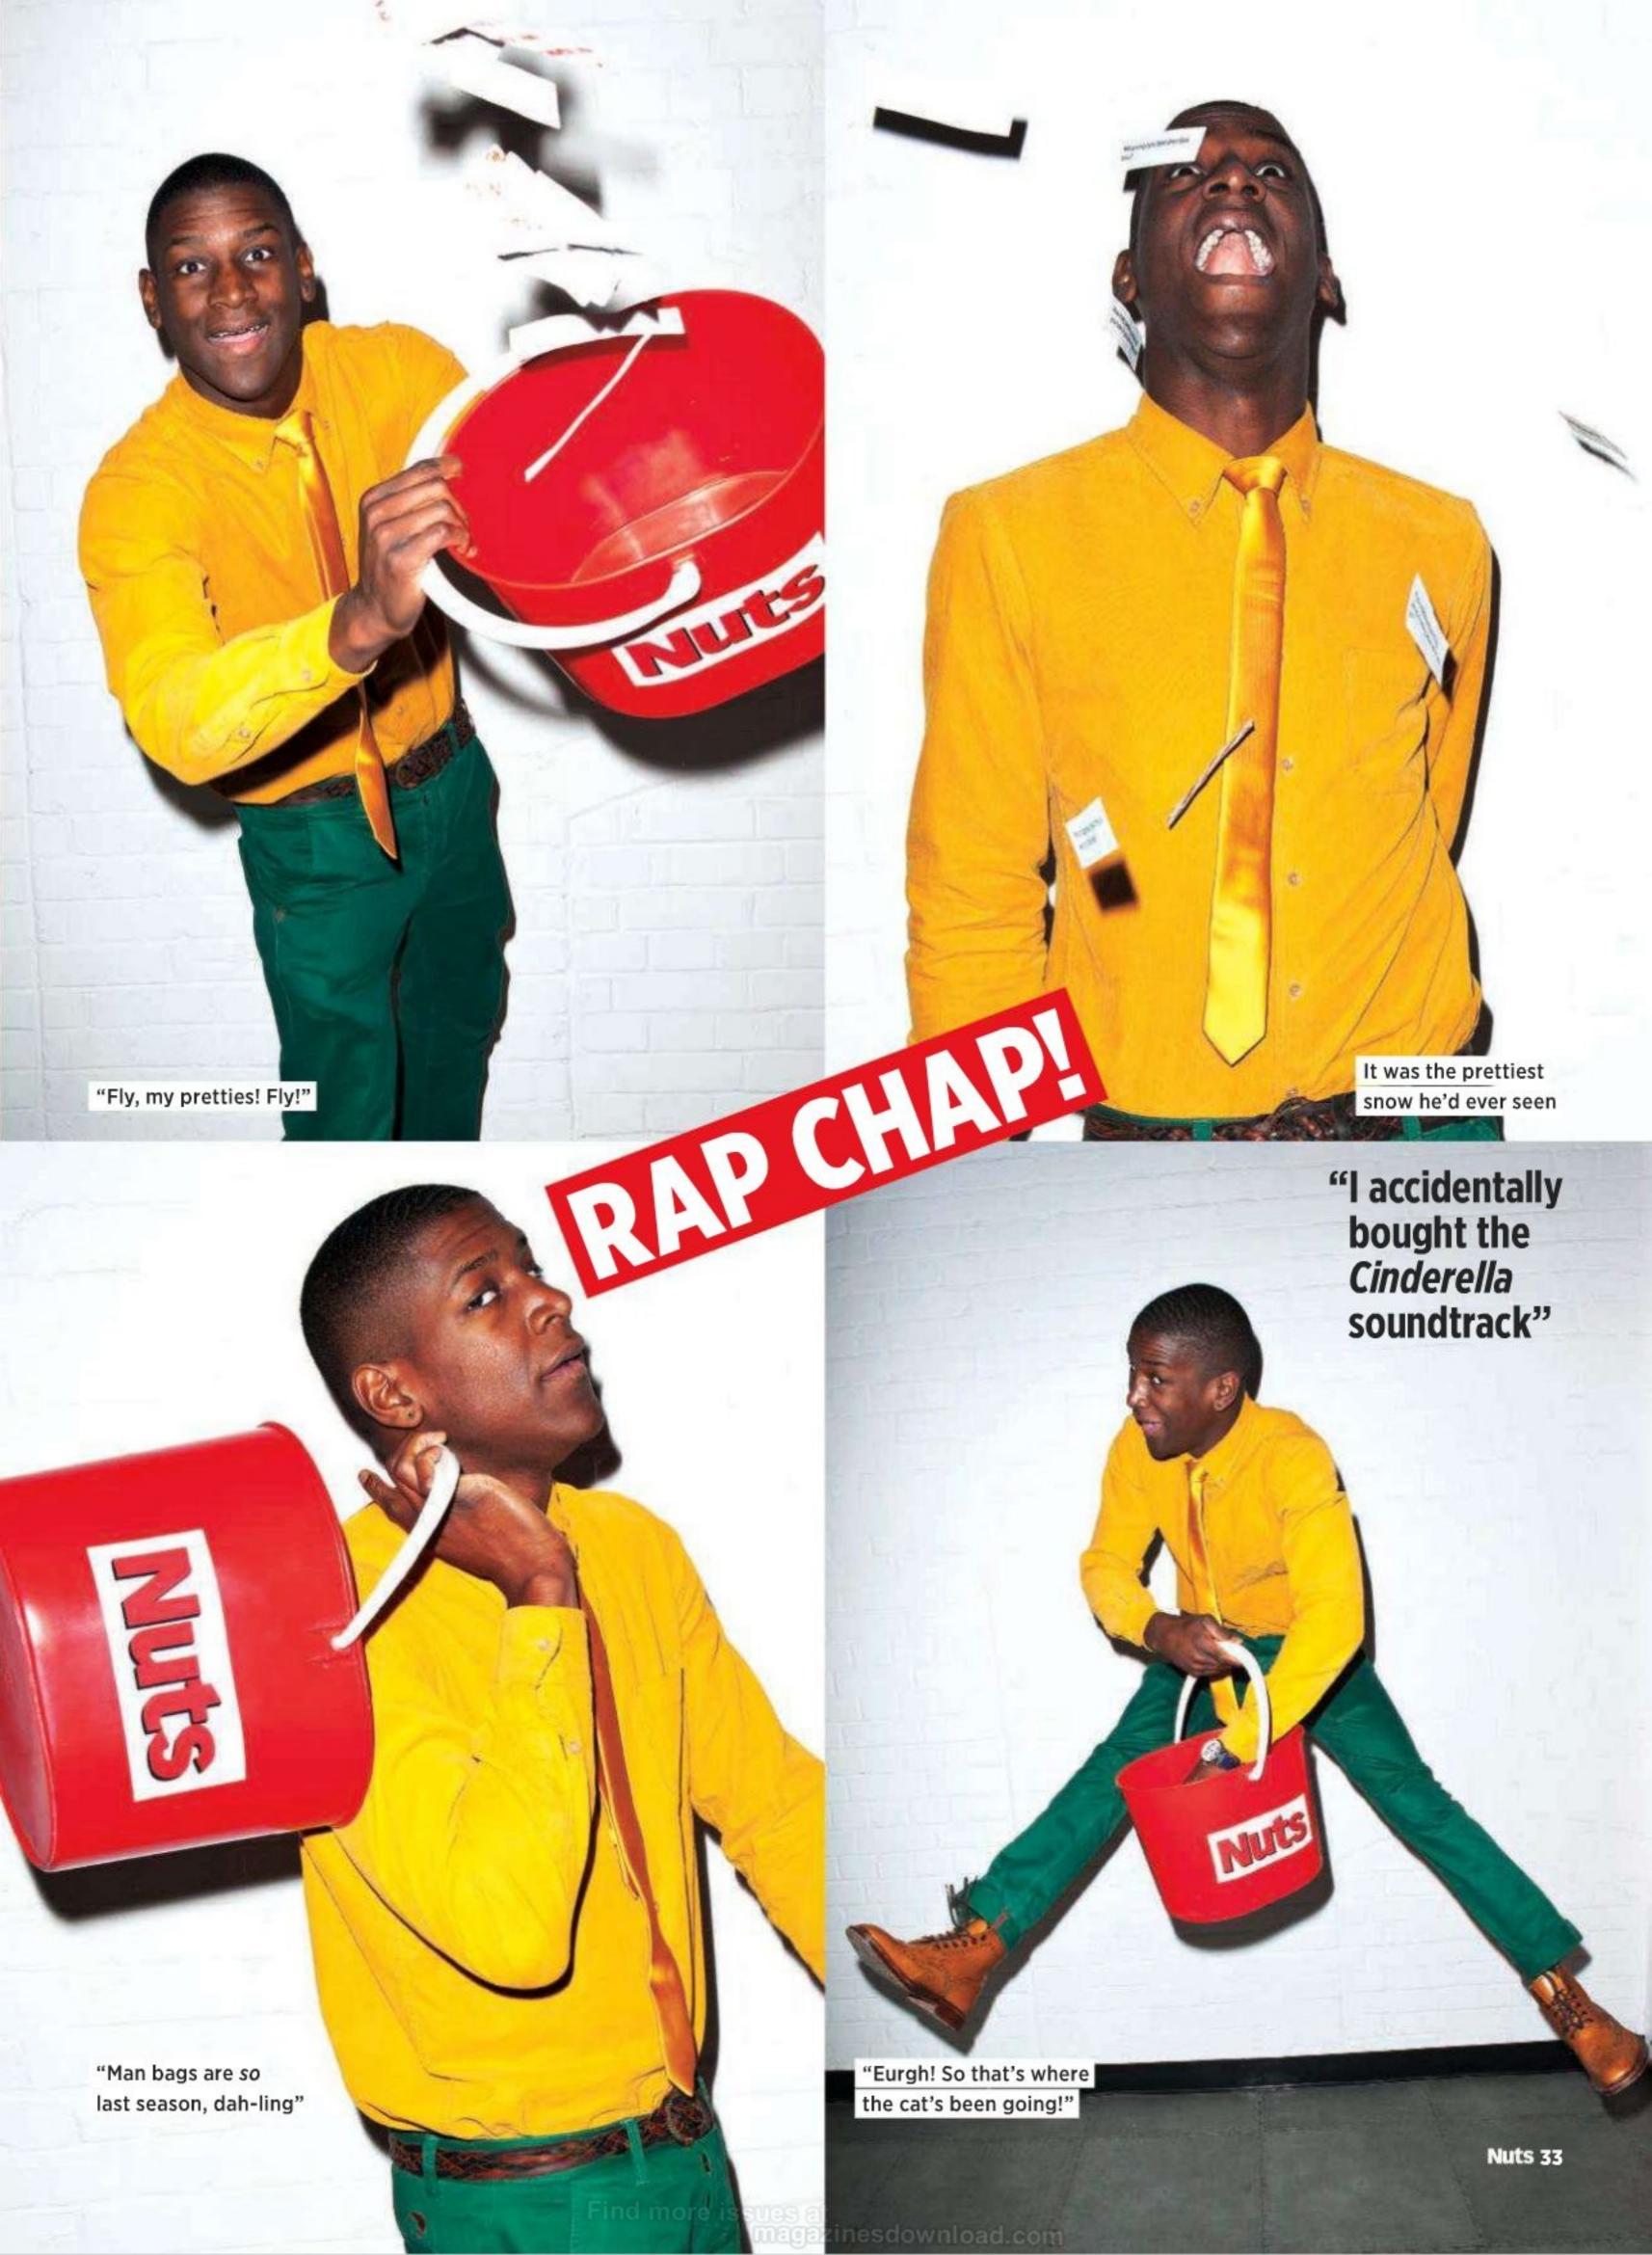

What's the best thing you've got free since you've been famous?

A 3D TV, an Xbox and a PlayStation. No, I didn't steal them. It didn't have anything to do with the London riots, honest!

1986. He had a birth defect that left doctors doubting he'd ever be able to walk. Both of his legs were put in plaster but were amputated when he was 11 months old.

The blades Oscar uses in competition are made from flexible carbon fibre, with athletics spikes on the soles. Called, Flex-Foot Cheetah blades, they are made by Icelandic specialist Össur.

Oscar holds Paralympic records for the 100m, 200m and 400m disciplines. His strongest event is the 400m, in which he hopes to compete at the able-bodied Olympics this summer.

You got into athletics late. What did you expect when you started sprinting?

I had no expectations.
I didn't even run a race until
I was 17, then suddenly I'd
qualified for the Athens
Paralympics and I thought:

"Cool, I've got a free holiday to Greece!" Back then, I couldn't have dreamt of a medal, let alone breaking world records or competing on a level playing field with the world's best able-bodied runners.

How does
Paralympic sport differ from able-bodied competition?

There's such camaraderie between Paralympic athletes. I didn't know much about the Paralympic movement before the 2004 Games [where Oscar won gold in the 200 metres], but I regret not getting involved earlier because it's hardcore – full of triumphs in the face of adversity.

Are you blazing a trail for other Paralympic athletes hoping to take part in ablebodied events?

The focus for all athletes should be on their abilities and not their disabilities. If I can help inspire a new

> generation to follow suit, I'd be very proud, but the door has always been open for Paralympic athletes.

Oscar fought for the right to run on his blades

What's your training schedule like? I have nine

to 13 sessions a week and all

are very intense. There are times when you don't want to put the graft in but as my track coach always says, "You do your job and I'll do mine!" The hardest bit is sticking to the diet. I get food envy all the time. Sometimes, you just want to go out with your friends and have a burger and chips, and a beer but, ultimately, it would be crazy

of me to waste all the hard work I've put in.

What's the biggest obstacle you've had to overcome?

When I first competed in big able-bodied events, there was a lot of speculation that my artificial legs were giving me an advantage. I was banned from competing, which was tough to take. Eventually, court cases legally and scientifically proved I wasn't gaining an unfair advantage.

Last year you became the first Paralympic athlete to compete in the able-bodied World Championships, winning silver in the 400m relay. Did that whet your appetite for London 2012? Definitely. The World Championships were an incredible experience, but London 2012 is what I've been aiming for over the past four years. I missed out on the Beijing Olympics in 2008 by a quarter of a second, but I've improved since then and my times are now regularly within the 400-metres qualification mark. It doesn't matter that I run on prosthetic legs -I know I have what it takes to challenge the world's best. Now I just have to prove it.

Hi Nuts! I grew up in a family where sport was important and it became natural to want to join in. I was never very academic at school, so sport became my thing – I loved playing football, rugby and tennis, but I'll never forget my first trophy, which came for winning a wrestling competition when I was just six years old.

Wrestling? That must've been pretty tough for you with your prosthetic legs!

India Reynolds

i India! How are
you enjoying the
shoot today?
Hello! It's well
good! Everyone's
in bright colours,
and in high spirits – and there
are loads of new babes, too!

What have you learnt about these new girls?

Paige has an amazing bum! They're all a lot of fun – we've had a good laugh this morning. No one has played any pranks yet though. Maybe I'll start this afternoon.

What would you make them all do if you were in charge?

I'd make them run down the street naked or something stupid like that. I'd definitely pull their clothes down in the club and they wouldn't kick off, not like those twins from the *Big Brother* house. I'd impose a rule on the girls that they would have to spend at least 60 per cent of their time naked!

What about the country? Would you introduce any new laws?

I reckon everybody should have Friday off as well, that's a good law for you! We could have national *Nuts* day and everyone has to go around topless. Except grannies!

If we were to have one, what would happen on an India Reynolds day?

Everybody should eat Domino's pizza, drink loads of vodka and dance naked around the house. All girls would have to wear high heels to go out – they wouldn't be allowed out without posh shoes and clothes.

Finally, what has the rest of 2012 got in store for you?

Lots of partying, lots of *Nuts* shoots, lots of nakedness and lots of massive-boobed girls... not too many though because I still want the job!

Gracie Lewis

you enjoyed
being around all
the girls today?
Yeah, it's been
really good! I
know Paige, so it's nice to work
with her after knowing her for
years. All the other girls are
really lovely as well. We all
have really individual looks,

i Gracie! Have

Do you and Paige have pillow fights around each other's house then?

so it's a nice pick-and-mix.

We have more than pillow fights! We have baby oil fights. It gets really slippery! See, I told you nakedness can be fun.

How has India been treating all you new girls on the shoot?

Very well. She has such a sexy voice – it's very alluring! We're having a really nice time, having nice girly chats. I know India, so it's nice to catch up.

What are your best features?

I've been told I'm cute and have a very '50s, Scarlett Johansson look. It's good to bring something that's a little bit niche and different to everyone else. A bit "pin-uppy", maybe! My best asset would probably be my bum!

Thanks for the chat, Gracie. Finally, what's the most important thing in the world to you right now?

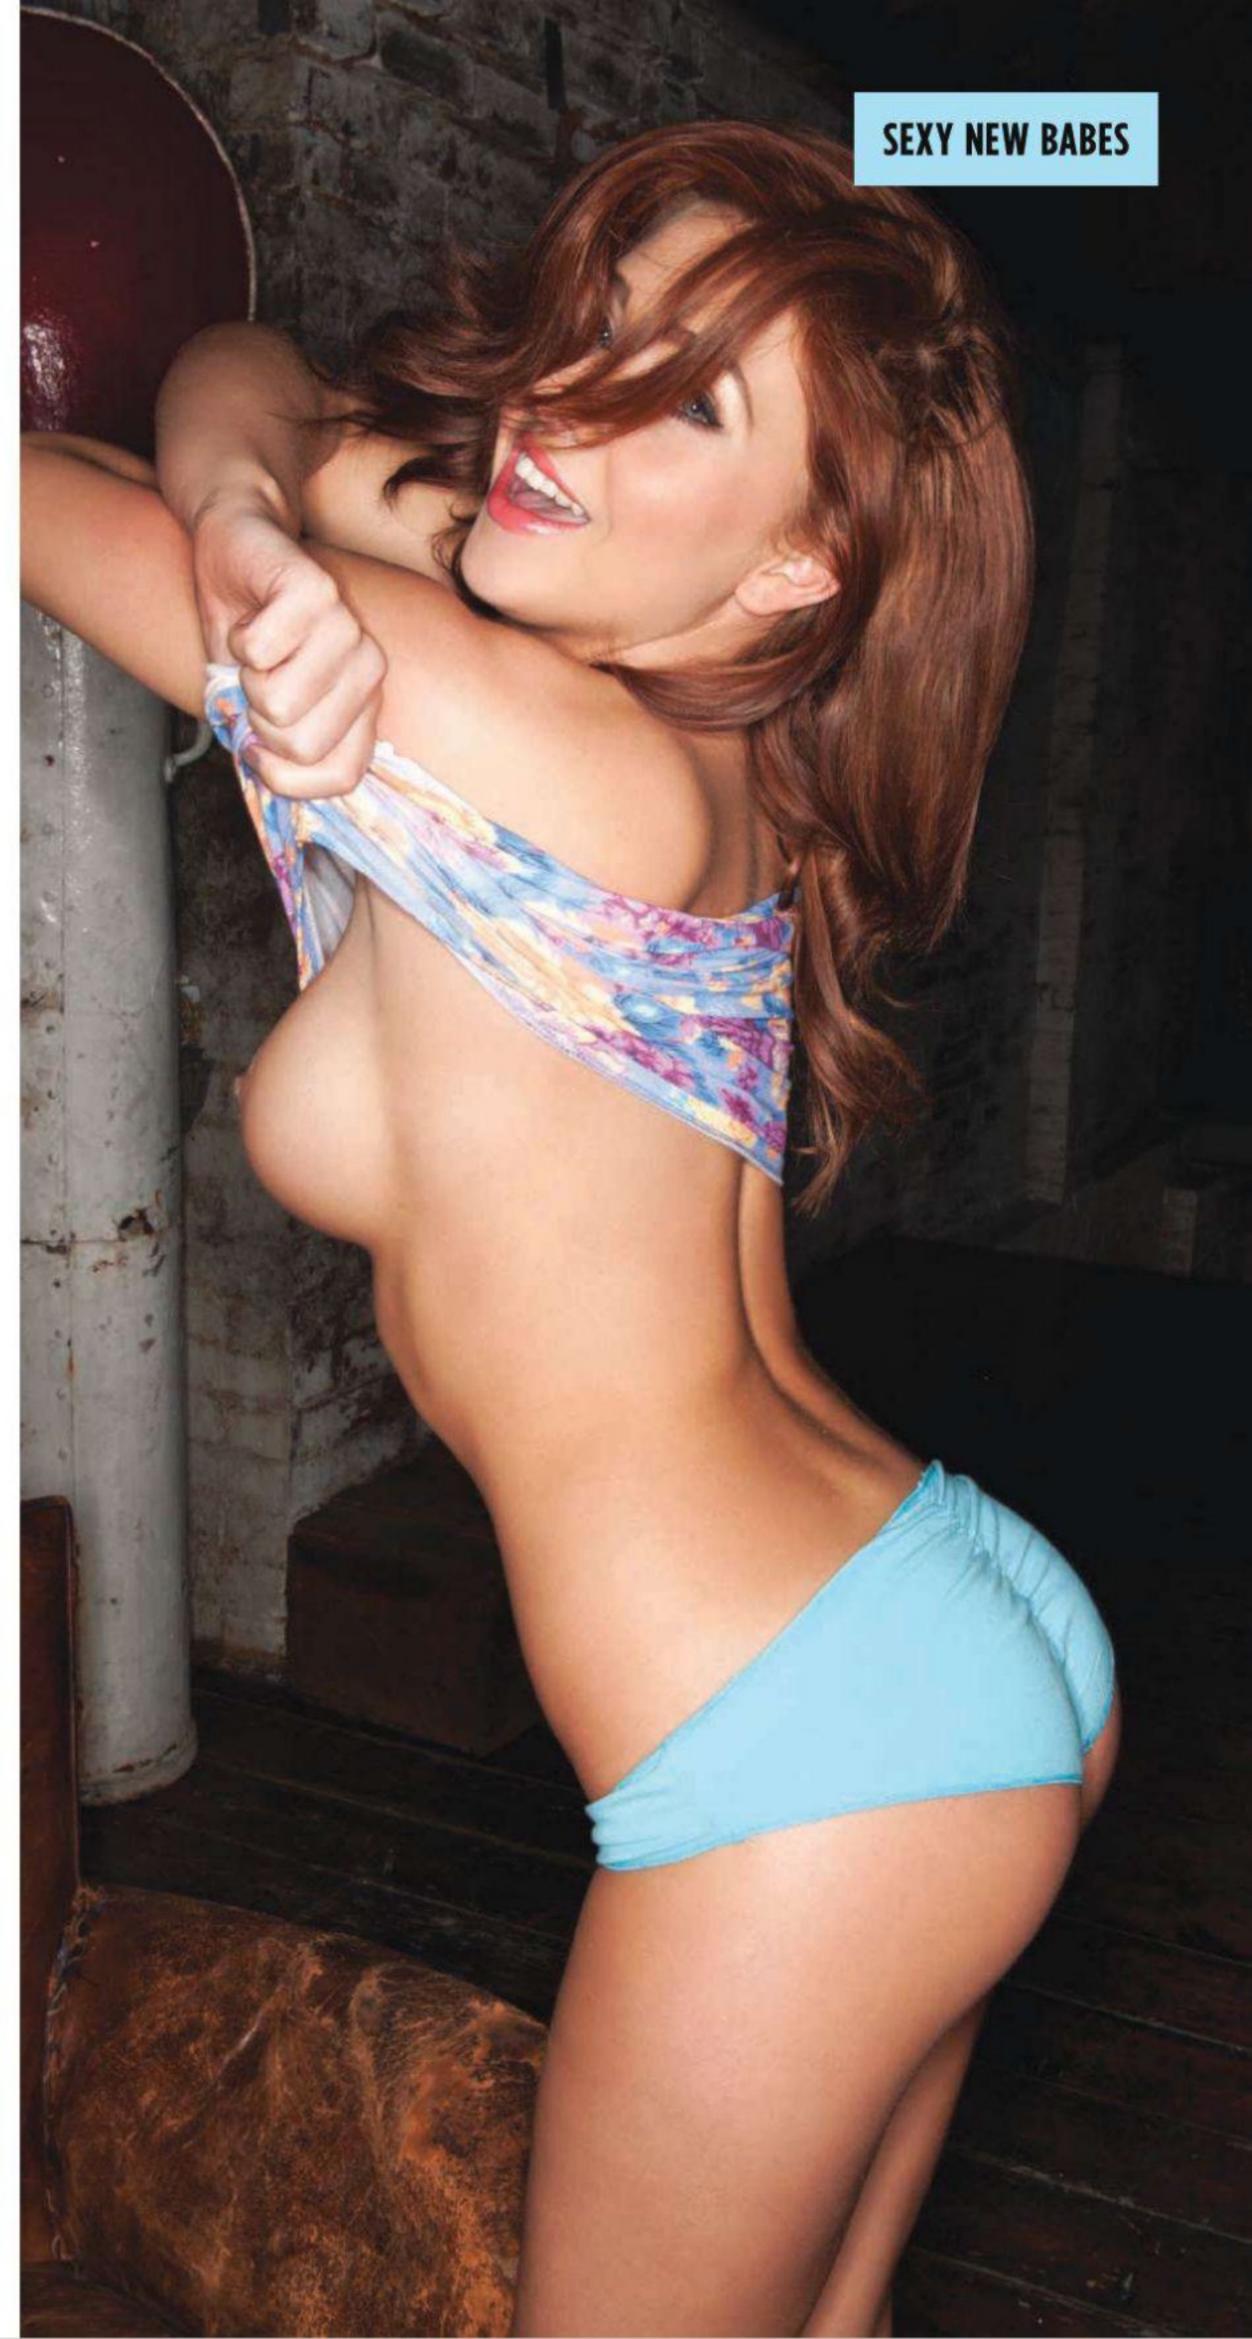

Probably my new four-poster bed. I've wanted one for ages. I love it! You can do a lot of naughty things on it.

Oo-er! Does this mean you have a bit of a saucy side?

Yeah, of course! All girls with four-poster beds are kinky. ▶

India says:
"She's got a unique look, kind of classic but really sexy."

Nicole Neal

i Nicole! So, what's been going on today? Lots of girliness, lots of boobies, lots of fun.

Everyone knows at least one other girl, so it's like a big bunch of friends. It's lovely.

Did many people recognise you last time you were in Nuts? One of my friends was flicking through Nuts at her boyfriend's house. She saw me in it and

How would you describe your personality?

thought it was really funny.

I can be really funny and make people laugh. I haven't done much crazy partying lately, but no one parties too hard in winter. Everyone's at home watching TV and eating, which is exactly what I've been doing.

If we bumped into you on a night out, how would we impress you?

I don't really meet people on a night out or clubbing. Me and my friends went out the other night and were singing to the Wurzels - do you know the Combine Harvester song?

Nope! Do you have any hidden talents or hobbies?

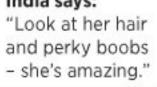

I've taken up running. I can't go to the gym, I don't find it enjoyable. The only enjoyable exercise I find is dancing.

Thinking of running any marathons any time soon? I don't think so! My legs really hurt afterwards.

Finally then, can you finish this following sentence? "I make an ace Nuts girl because..."

Because I buy it every week! ▶

India says:

Rosie O'Brian

i Rosie! How have you found the shoot? There are a lot of hot girls about, aren't there?

Yeah, it's really fun and all the girls are nice. We're having a good time. Shooting with India has been a highlight for me.

How is it being around so many lovely boobs?

There are definitely a lot of boobs and bums out today. I'm used to it now though, and my friends are just the same. We're always just walking around with our tops off.

When was the last time you were caught out in public with your boobs out?

In Zante last summer. I was sunbathing topless on the beach, but then loads of people started walking toward me so I had to put my top on!

What can you tell Nuts readers about yourself?

I'm quite a loud person and I'm clumsy. I'm always falling over, breaking something and often hurting myself. Ha-ha!

So, what could we expect from you on a night out?

A lot of cuts and bruises! Ha-ha! Nah, I like going out, having a drink and a dance and being with all my girlfriends. A bit chilled out but still getting really, really drunk. I drink vodka Red Bull so I can keep going all night.

Thanks for the chat, Rosie. Finally, who would you say is your ultimate Nuts babe? India – so it's been extra exciting shooting with her.

India says:

"Gorgeous wavy blonde hair and a hot body, too."

Paige Tyler

i Paige! How's the shoot going?
Hello! It's really good having a day when we can all hang out and get to know each other.

Excited to be in Nuts?

Yeah, it has been very, very exciting – it's my first time so I'm extremely excited.

As a first-timer, what can the readers expect from you?

Well, I want to give the readers what they want! There's a bit of cuteness, a bit of the "girl next door" and a lot of fun.

What's your favourite thing about Nuts?

I like the variety. I like how it's aimed at the everyday bloke, I like that element of it. I like that you try to keep the mag sexy, so we get to be sexy.

Where in the world would your dream photo shoot be?

Somewhere with a very white beach, with very blue water. Very exotic! All of us who've been here today. India's lovely and all the new girls as well, so I'd get them involved.

A lot of our girls say boys are scared to approach them...

There's a perception that all girls who model or are in this industry are unapproachable. I don't think that's the case at all. Quite the opposite, actually.

So, finally then, if we saw you on a night out, what would we have to do to impress you?

Make me laugh! I like silliness. I like anyone who can act up a bit and not take themselves too seriously.

Jess Kingham

i Jess! Have you enjoyed the shoot today?
It's been amazing!
Shooting with
Gracie and Paige has been so much fun. And then there's India. She's a really nice girl.

Is it exciting to be back in *Nuts*? Definitely. I can't believe I've come back straight away! I've been to other shoots that have been quite serious, but this has been really fun!

What are your best features? Well, obviously, my boobs for starters. But I like my eyes and lots of people tell me the same.

How could a guy impress you?

He's got to be able to make me laugh. A nice body would go down well too. It's true that a boy can laugh you into bed. If they're anything like my last one, they can, anyway!

What's the most random fact you know?

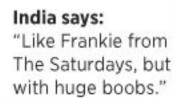

That pilots have to eat different sorts of food, just in case one gets food poisoning and can't fly. You can have that one!

Good one! What could we expect on a night out with you?

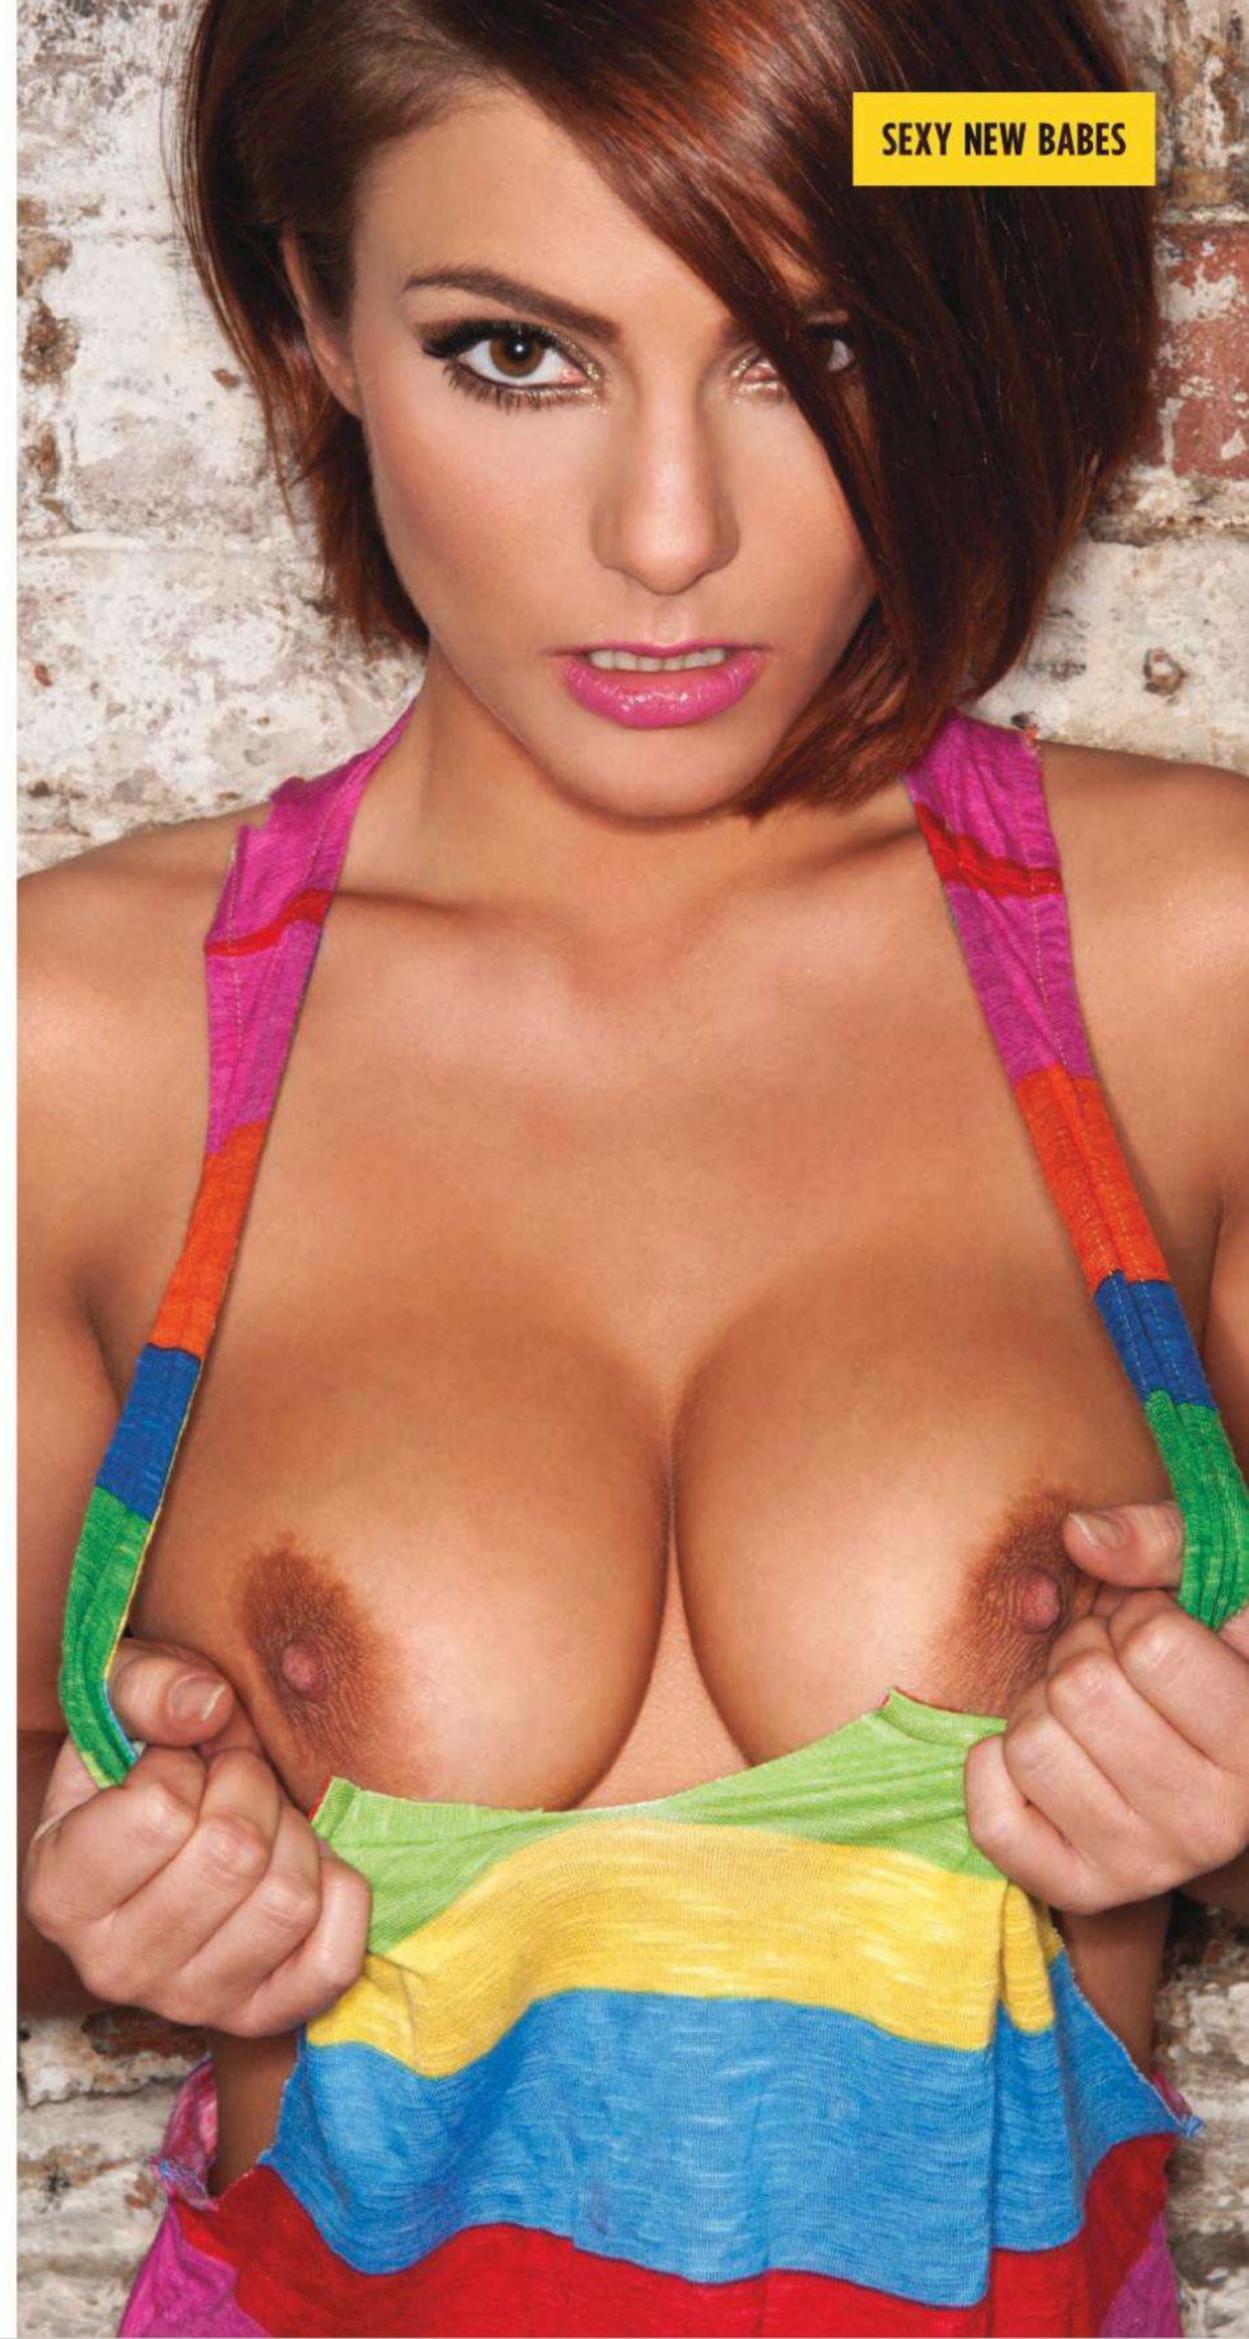

You could expect to get very drunk on Disaronno and Coke. There'd be a lot of dancing and we'd probably end it with a dodgy cheeseburger takeaway.

Finally, what would your fantasy photo shoot be like?

I'd do a shoot at the Eiffel Tower and I'd invite Kelly Brook, because she's so hot. She just gets more and more beautiful, I think.

Racy revelations from our female readers!

'I felt my nipples go hard'

MY NEW flatmate cooked dinner one night and over drinks we got talking about our sex lives. I was shocked to hear she went with women regularly. After a while, she leant forward to kiss me, so I kissed her back. I felt my nipples go hard and a tingle down below. Her hands went for my knickers and she slipped her fingers inside me. I got really wet, especially when she placed her head between my legs. I climaxed with an explosive orgasm and gave her a big kiss as a "thank you". I'm going with women more often from now on!

'The bed was very noisy'

MY BOYFRIEND and I were sat relaxing in his bedroom watching TV. He was laying on my lap and I was stroking his chest. He looked up at

me and gave me a sly grin and I knew what was on his mind. He moved to give me a cuddle and I started to stroke his leg. I could see his erection, so I started to tease him a little. He turned over, moved my thong to one side and started to play with me using his fingers. It felt amazing and

soon his tongue had replaced his digits and I was in heaven. He then moved inside me but the bed was very noisy and his parents and brother were directly below us downstairs. He picked me up off the bed and laid me gently on the floor. We continued where we'd left off trying to keep our noises to a minimum, though he was better at it than I was. We'd just finished when he heard his brother racing up the stairs calling out our names!

ONLY IN

'I took him in my mouth'

WHILE I was travelling in America, I met a hot guy in the bar. As the night went on, our chat became more and more flirty. Before I knew it, we were kissing and decided it was time to dash back to his. We headed upstairs straight away where I slipped off my dress and stood in my sexy undies and heels. He knelt down and used his tongue quick and hard until I started gasping. While I undid his belt he unhooked my bra and groped my erect nipples. His erection was bulging underneath his boxers so I knelt down and unleashed him and took him in my mouth. Seconds later, he came over my boobs, then slid his fingers inside me until I climaxed. I hope I have that much fun travelling in future! L via email

SHARE WITH OUR SECRETARY! Ladies, Got a saucy secret you can't keep to yourself? Send your sexy story to our Lou!

'I handcuffed my man'

MY BLOKE had been working a lot so I thought I'd give him a saucy treat to help him unwind. He loves me dressing up in sexy uniforms, so I pulled on my saucy policewoman outfit, complete with handcuffs. As soon as he got in, he grabbed me and was kissing me all over. I pulled him into the bedroom and pretended to arrest him, cuffing his hands above his head. I then pulled his trousers halfway down and gave him oral. I unlocked him and he jumped up and bent me over the end of our bed. He pulled my blue skirt up to show my sexy hold-ups and suspender belt - I wore everything that drove him wild. We both watched in our big mirror as he took me from behind. I wish I'd filmed it! Jody via email

Where's the strangest place you've had sex?

"I had sex near the back row in the cinema one time, but we got caught by an usher. He asked us to leave before he called the police. Oops!"

What's your trademark move in the bedroom?

"I don't have a trademark move. I like to spice things up rather than do the same thing every time. Although I'm good at squats!"

What really turns you on?

"I really love having my neck kissed and my inner thighs massaged."

What's your favourite position?

"I love the reverse cowgirl. And guys love the view!"

5 Is it better to give or receive?

"It's better to do both, although I honestly prefer to give. I like to keep my man satisfied!"

6 What one thing would you really like to try but haven't yet?

"I'm very experimental so there isn't much I haven't tried, except a threesome, but I'm not into that. I don't like to share my man!"

7 Ever got it on with another girl?

"I've had a cheeky snog with a couple of gorgeous ladies and got my hands on a few ladies' boobs, but that's it. Sometimes girls can be better kissers than boys – and they have sexier bodies!"

8 What's your roleplaying costume of choice?

"It would have to be the classic saucy secretary outfit. It's just a sexy look and I'm sure every guy at one point has had a fantasy about a hot secretary and office scenario."

Have you ever made a sex tape?

"No! You never know if you fall out with your boyfriend who might end up seeing it!"

10 What's the single rudest thing you've ever done?

"I had sex on some rocks on a beach. It was after a night out and I was quite drunk and there were men and women walking their dogs on the beach. They didn't know where to look! Ha-ha!"

Nuts Man's Top Tips!

Follow his advice to help you play Deal or No Deal!

YOU MAY think Deal or No Deal is a game for those who believe in "systems". Well, the TV show might be, but the multi-line slot isn't!

You can win big from your own home for as little as 5p and if you play on all lines, you could win a progressive jackpot.

HOW TO PLAY

- The aim is to get winning symbol combinations from each spin of the reels, with the ultimate target being the progressive jackpot.
- You can select up to 20p on each of the 20 pay lines. That gives you up to 20 chances to win on each play!
- The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win some extra cash.

THE NUMBER LINES

It's all self-explanatory – click the number beside the reels or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

BONUS GAME

If you bet on all 20 pay lines and get three Deal or No Deal bonus symbols on any pay line, the bonus game begins. This is like the TV show, with the progressive jackpot at stake. Don't be greedy or you could end up with £8 instead of £100!

WOLVES

"Wolves have great team spirit and really want to perform for new manager Terry Connor. They have Man United, Arsenal and Man City at home, but I fancy Wanderers to upset one of them. Wolves' away form is OK too, and they've a top goal scorer in Steven Fletcher."

ASTON VILLA

"Losing Darren Bent and Robbie Keane in the same week was a huge blow for Villa. Alex McLeish's men were my dark horses for relegation at the beginning of the season, but the gap between them and the bottom three is just enough to see them safe come May."

BLACKBURN

"As long as Yakubu stays fit, Blackburn will be OK. Steve Kean's men are decent at home and have winnable matches coming up. The manager hasn't lost the dressing room and despite what the fans say, he's done a great job. Blackburn aren't that good a team!"

year for English teams in the

Champions League. Man United and Man City didn't make the knockout stages while Arsenal and Chelsea suffered big defeats in the first legs of the last 16.

English teams have been far too open this season.

between the big sides! Man United 8-2 Arsenal, Man United 1-6 Man City, Chelsea 3-3 Man United and Spurs' recent hammering at the Emirates. These guys have defended like schoolboys, and while it makes for amazing entertainment, it spells danger in Europe.

League are played at a different pace and defending is key. The gung-ho attitude has left our teams exposed and we must change or face a few seasons without the big trophy heading here.

That said, if the pay-off is ten-goal thrillers most weeks, that's not so bad!

The FA are playing it cool

MANY PEOPLE have been surprised that Harry Redknapp still hasn't been approached about the England job, but I reckon the FA have had a little word in Harry's ear. They just want to make sure he would be open to taking charge of England part-time for the Euros.

If the FA openly went for Redknapp, there would be a frenzy in the press, Spurs would feel really pressured and everyone would have to do their business in the spotlight. This way is best for everyone. Wait for the hysteria to die down, get Harry in at the end of the season and, if he does well, tie him down to a big contract. If not, send him back to Spurs. Simple!

I prefer chips on my plate!

FIFA ARE reviewing goal-line technology. There have been a few suggestions, from tennis and cricket's Hawk-Eye system to putting microchips in balls. Why can't we just stick cameras in the goal? It'd save a fortune! The only chips I like in football are the ones I get at half-time.

EUROPA LEAGUE SPECIAL!

Rooney: 'Winning becomes a habit!'

United's star striker on Fergie and Euro 2012!

Hi Wayne! Just how important is the Europa League?

Going out of the Champions
League was a disappointment,
but this is where we are and
we have to deal with it. The
Europa League and the
Premier League are the two
competitions we're left in, so
we'll give it all to win both.

But won't the Europa League just be a distraction?

I don't reckon so, no. Winning becomes a habit so if we get on a roll in one competition, it feeds into the other. The manager has shown how seriously we take the Europa League by fielding strong teams. The club and the fans expect nothing less.

What's your relationship like with Fergie?

He's brilliant. His commitment and desire are infectious. All the lads, young or old, look up to him as a father figure. He knows when to put an arm round your shoulder or give you a kick up the backside. He's been great for me and a big reason why I came here. I believe he's the best manager there's ever been.

Are you, yourself, ready for the title run-in?

I'm feeling great. I've played well and I've scored quite a few goals. Mentally, I feel brilliant. I'm happy in my life and in my football.

Can you catch Man City in the Premier League title race?

Yes, I'm confident we can push on and close the gap. We always find a different gear at this time of the season so I'm hoping for great things. Our experience in these final few months will be invaluable. For Man City, it's all a bit new so we'll be ready to pounce if they slip up.

Have you started thinking about the Euros yet?

I'll always say it's all about United until the end of the season. But, of course, you do sometimes look forward to the summer. As a group, I think we're in a better place than we were before the World Cup.

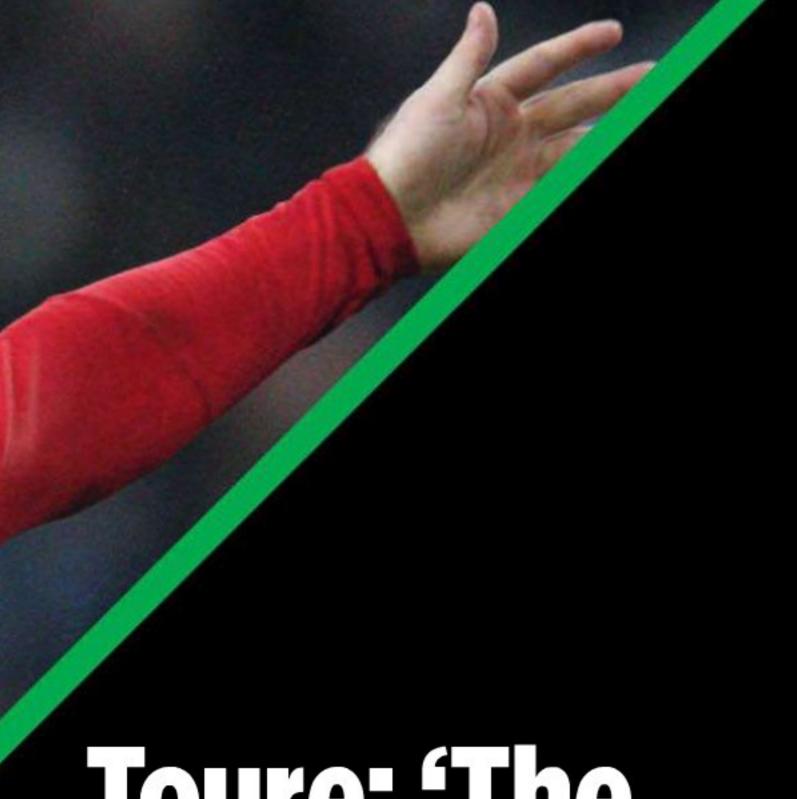

But you'll miss the first two games through suspension...

If the lads win the first two games and I struggle to get back in, that means we're doing well. As an England fan, that'll be fine by me!

Toure: 'The team always comes first!'

City's dynamo on spirit and trophy goals!

African Cup of Nations has seen City return to form?
It is nice when people say you're important to the team but I'm only one brick in the building. We have many big players who bring their own special qualities but the main thing is that we act in a collective way. The team comes first.

Mario Balotelli is a bit of an, er, "character", isn't he? In every team there are different personalities, some quiet, some loud, but the overriding aspect is that we are part of a unit. You cannot win trophies with just one, two, three players.

How have you found English football so far?

I love the warrior spirit, the knowledge that you'll be in a physical battle every game, no matter the opposition, high or low. The Premier League feels like home. Can Man City become a major force in both domestic and **European competition like** your old club Barcelona? Because of our wealth, there's a thought that success must happen yesterday! That we must be as good as teams that have enjoyed years and years of lifting trophies. That if we do not lift every trophy, we're somehow failing! Crazy! We're driving well in the Premier League and if we win, it will give us a platform to become a great club.

Would winning the Europa
League help towards that?
We'd prefer to win the
Champions League, but we
made mistakes and were
made to pay for them. The
Europa League is a European
trophy and it should not be
disrespected. To say we will
win this and the Premier
League in the same season
has a beautiful sound to it,
does it not?
