10 reasons Harry should be king!

The campaign starts here to get our ginger hero promoted to first in line to the throne!

AS NICE as princes Charles and William clearly are, for some time we've had a sneaking suspicion that they're not, really, well, *king* material. Talking to plants and pulling off male pattern baldness is all well and good, but we, their loyal subjects, really need a prospective monarch we can really get behind. And we can't help but feel that the current third in line to the throne needs a bit of a leg up. So the campaign to promote Captain Wales starts here! Harry for king! And here are ten reasons why...

WORDS: RORY BUCKERIDGE PHOTOS: BIGPICTURES/PHOTO.COM, STERN/DOUBLEDVISIONMEDIA, REY FEATURES, TINI PRESS, ACTION IMAGES, PACIFICCOASTNEWS.COM

1

HE LIKES A PHOTOBOMB!

Only one royal would pull off issuing a "w*nker" sign to his superior officer, when snapped off duty while on exercises in Canada last year.

2

HE LIKES A DRINK!

Harry took part in a "Brick Hanging" at a regimental Christmas bash at in 2007, putting away wine, lager, shots and slammers during a 14-hour bender!

3

HE DATES UNDERWEAR MODELS!

Ex-squeeze Florence Brudenell-Bruce has poured her 32C frame into smalls for Knickerbox, and Rosie Huntington-Whiteley is "waiting for my proposal"!

4

HE LOVES SUPERBIKES!

Did a hot lap of Donington on a Ducati at the 2009 MotoGP, took a Harley across the Arizona desert and owns a 166mph Ducati 848 and a classic Triumph!

Nuts NEWS

5

HE'S GOT HIS MATES' BACKS!

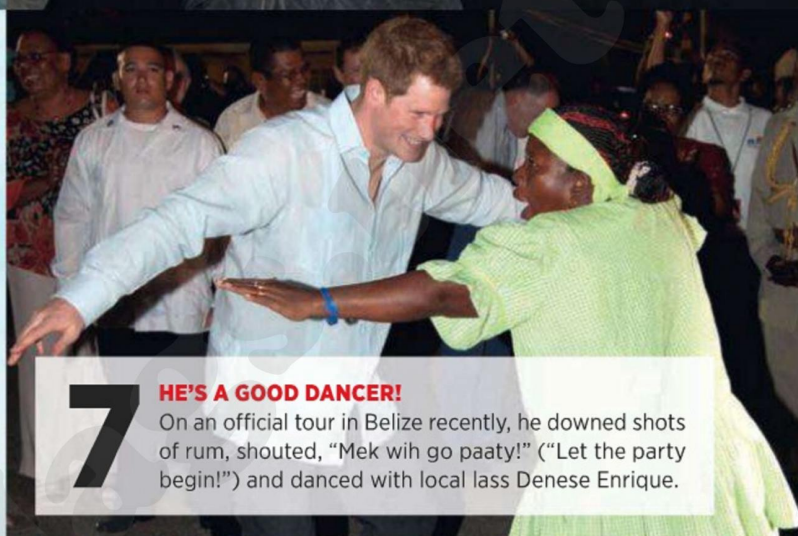

When pal Thomas van Straubenzee had his mobile phone nabbed, Harry jumped in his car and scoured the streets of South London to hunt the miscreant.

6

WALKING WITH THE WOUNDED!

The Prince joined four wounded British servicemen for the first part of their unsupported trek to the North Pole. And almost lost his ears to frostbite!

7

HE'S A GOOD DANCER!

On an official tour in Belize recently, he downed shots of rum, shouted, "Mek wi go paaty!" ("Let the party begin!") and danced with local lass Denese Enrique.

8

HE LIKES FOOTBALL! AND DARTS!

William's a card-carrying rugby bugger, but Harry's a huge Arsenal fan and watched this year's World Darts Championship at London's Alexandra Palace.

9

HE'S FASTER THAN USAIN BOLT!

Harry took on Usain Bolt during a visit to Jamaica recently and beat the world's fastest man *twice*! "Harry ran off early! He cheated!" grumbled Bolt.

10

HE FLIES A FRICKING APACHE HELICOPTER!

Not only is Harry a qualified attack helicopter pilot, he graduated top of his class as "Top Gun" pilot! His brother flies a rescue chopper.

What his loyal subjects say!

"Harry gets my support. He's a good laugh and is in touch with the people. The Royals seem a bit dusty."
Will, 23

"Harry seems more approachable and can revitalise the monarchy. And he's better looking than his dad!"
Pam, 35

"Prince Harry's a complete legend. He's a classy bloke, plus he loves a good drink. He'd make a top king!"
Matt, 20

"Isn't he always dressing in funny costumes and getting p'ssed? I think William acts more like a prince!"
Justine, 20

A quick word with... *The Apprentice* chaps!

Nick, Karren and Lord Sugar on George Clooney, dinner ladies and who'd win in a wrestle!

➔ **Hi Lord Sugar, Nick and Karren! *The Apprentice* is back for its eighth series. Did you think you'd last so long? Will you still be here in another eight series' time?**

Lord Sugar: I don't think we imagined it, but the reason it's been successful is that every year the candidates are such a different bunch of individuals. We changed the format two years ago [candidates now compete for a £250,000 investment], which encouraged me to continue. It'll go on as long as people watch.

Are you worried about going soft in your old age, Lord Sugar?

Lord Sugar: You get older, you've seen a lot of things, you learn not to get too excited. I'm just building up a new image so when they drop George Clooney from the Nespresso advert, they'll come to me. Ha!

Do you ever get sick of candidates giving you sob stories in the boardroom?

Lord Sugar: Sometimes I feel

like Simon Cowell. They go, "My mum used to whack me, my dad used to laugh, then I did this, then I did that, it's all I wanted to be..." I'm thinking, "Bloody hell, I wish I had Sky+." [Mimes forwarding on a remote control.] Get on with it! I'm not interested!

OK, then. So which do you think would be scarier – facing yourselves in the boardroom or the judges on *The X Factor* or *Britain's Got Talent*?

Lord Sugar: I don't know. Thousands of people apply to be on each series of *The Apprentice*. The candidates we select all have the ability, resilience and are articulate enough to take the pressure and stand up for scrutiny and professional debate.

You say that, but the girls' team usually turns into a cackle of hyenas in the boardroom.

Karren: There is an intensity in the boardroom. The desire to win and be heard often means people get carried away. The difficulty is we can't understand a word they're saying. All you hear is noise.

Lord Sugar: It is a cackle, isn't it?

Do you ever get annoyed when candidates "get it on" with each other? Should you instil a complete ban on hanky-panky?
Lord Sugar: There's something going on between Nick and the lady in the cafeteria, that's for sure. She serves him much more than us! People get attracted to each other. It's a workplace, so I suppose it's no different to people who meet their partner at work.

There's a bloke in the new series – Ricky Martin (not that one) – who's a recruitment manager by day and professional wrestler by night. What happens if he tries to wrestle you in the boardroom?
Lord Sugar: I think he would beat me. He's a big lad.

Who would win if you three had a wrestling match?
Karren: Us three?

Yes, Karren. You, Nick and Lord Sugar. In the wrestling ring.
Lord Sugar: That's a really, really clever question.

Thanks! Nick, do you ever practise your facial expressions in the mirror?

Nick: The thing is, the cameras are so well hidden, you forget they're there. So if I pull a face, I pull a face. I'm considering having Botox.

Lord Sugar: It depends what that lady in the cafeteria serves you.

Nick: Indigestion.

Lord Sugar, what advice have you got for the young people of today?

Lord Sugar: I'm afraid to say that too many youngsters look up to [co-creator of Facebook]

Mr Zuckerberg, or whatever his name is, and Mr Gates and the late and great Steve Jobs. Too many youngsters are sitting around waiting to become a phenomenon. They don't realise there's a trillion-to-one chance. We've lost the culture of starting with £100 in the morning and going out and making a couple of hundred quid and doing that five times a week. We need to get rid of the fast buck culture in youngsters and instil an enterprise culture in them.

Thanks, Nick, Karren and Lord Sugar. Finally, Nick and Karren – do you always agree with Lord Sugar in the boardroom?

Karren: We have different points of view and look for different things, but that's all part of the healthy debate. Also, we don't know who Alan is going to fire. It's up to him, so there's no debate.

Nick: Alan Sugar is one of the world's greatest cross-examiners. Karen and I may say, "What's the blonde doing here? She was dreadful." Then she makes it to the final three. But after that, we've no idea who Alan is going to fire. And the bloke sitting on the squashy sofa in Scunthorpe who hasn't got a job, holding a can of Stella Artois, doesn't know either. And that's why we pull in ten million viewers a week.

● The new series of *The Apprentice* begins on BBC1, 9pm, Wednesday.

WHO'LL BE UP TO THE TASK?

The candidates' first challenge sees them sell items they've designed on the streets.

Five to watch!

Nuts had a sneaky look at the first episode, and here are our five faves so far...

1 THE SILLY SALESMAN!

STEPHEN BRADY
33, *Vienna*

We think he'd flog his own granny if he could. He attempts (and fails miserably) to wrestle power from his team leader in the first task.

2 THE MOTORMOUTH!

BILYANA APOSTOLOVA
25, *London*

Expect verbal diarrhoea from this scary power-lady. Watch out for an amusing geography argument between her and Lord Sugar – it's a belter!

3 THE LAID-BACK DUDE!

DUANE BRYAN
29, *Manchester*

Every series needs someone who you could happily go out for a pint with, and that honour goes to northern dude Duane.

4 THE SEXY SCOT!

LAURA HOGG
28, *Glasgow*

Laura may not be shouting from the rooftops, but with the blokes' ugly mugs, it's nice to have someone pretty to even it up!

5 THE WRESTLER!

RICKY MARTIN
26, *Hampshire*

Entrepreneur by day, wrestler by night. Ricky here also has the most cringe-worthy introduction: "I am the reflection of perfection."

The paparazzi were determined to catch him picking his nose

Ronaldo gets towed!

Poor multimillionaire star in Lamborghini mishap!

WE DO love Cristiano Ronaldo. And we do love the Lamborghini

Aventador. But forgive us a cheeky snigger behind our hands at the poor footballing chap's supercar mishap on the streets of Spanish capital Madrid last week.

The prolific Real Madrid striker was on his merry way to team-mate Pepe's birthday party in the £242k motor (a little treat to himself for his 27th birthday last month),

when the 217mph matt-black hypercar inconveniently conked out in the street.

Cue some hasty phone calls to his roadside assistance service – who, judging by the pics, also found his predicament absolutely hilarious – followed by the bump-poutingly embarrassing task of watching his pride and joy being winched onto a low-loader to be carted off to the nearest mechanic. Where a sharp intake of breath and an expensive shrug is the same in any language.

"Ha-ha! Look at that great big bird poo on his bonnet!"

Alton Towers' new
"Driving Uphill Simulator"
ride was a bit tame

Lambo facts!

- The Aventador's 6.5-litre V12 engine hawks out 691bhp, taking it from 0-62 in 2.9 seconds and on to a top speed of 217mph.
- Stick your foot down and after one metre, the launch system has you pulling 1.6G.
- The world's most expensive model car is an Aventador made from gold, platinum and precious stones, which cost £3.2million.
- The carbon fibre shell was designed in a lab at the University of Washington's aeronautics and astronautics department.

Edge of space!

Bloke wants to break the speed of sound. By himself!

HERE'S AUSTRIAN
base jumper

and skydiver Felix Baumgartner, edging to the lip of his space capsule, 71,580ft into the Earth's lower atmosphere. Seconds later, he stepped off and completed one of the most dangerous freefalls ever, as part of Red Bull's Stratos Project.

Felix's crazy idea, backed by the energy drink chaps, is to take his capsule up to 120,000ft this summer, which will give him enough room to reach a velocity where he'll break the sound barrier. The first time a human being's done it without the aid of an engine.

Baumgartner hit 365mph on this run, with the only issue that of struggling to use his hands properly in the cold. Which is weird – the only person he'd be waving at is God!

WORDS: RORY BUCKERIDGE PHOTOS: REDBULL CONTENT POOL

MEET THE STUNTMAN!

Felix has also jumped from the Petronas Towers and crossed the Channel in freefall!

The lads' banana skin prank was going to be *hilarious!*

Abramovich's
pizza delivery
was on its way

How to hit 690mph!

STEP ONE

Felix climbs into his capsule, which is attached to a 165ft high helium balloon. It lifts off.

STEP TWO

After an hour or so, he passes the "Armstrong Line", the point where liquids vaporise, temperatures plunge to -60C and oxygen starts to seriously thin.

STEP THREE

The balloon will reach a height of 120,000ft (nearly 23 miles). Felix will jump off.

STEP FOUR

Baumgartner speeds up, passes through the sound barrier (around 690mph), does a little swear.

STEP FIVE

He opens his chute. Lands safely. The crowd go wild.

WHAT CAN GO WRONG?

At the speed of sound, he could lose control and go into an uncontrollable flat spin. Revolving at 120rpm, his blood will be forced to his head and feet, causing a blackout. Hopefully, his parachute will then open automatically...

Lucky Serengeti wildebeest leaps to live another day!

THOSE MEAN-SPIRITED nature documentaries

usually like to focus in on the poor, hairy bugger that ends up in the jaws of a hungry croc. However, unlike that David Attenborough, we'd much rather big up this one, plucky hooper who

managed (just) to avoid Death's sharp scythe between the incisors of an 18ft long croc, lying in wait in Kenya's Mara River.

The waterways funnel the hapless bovines into the dark embrace of submerged predators during their yearly migration. The crocs simply call it "Nando's".

5 migration facts

- 1 Over 1.5 million wildebeest take part in the annual long migration across East Africa.
- 2 They stroll 1,800 miles clockwise from Tanzania, up to Kenya and back.
- 3 Around 400,000 calves are born at the start of the walk.
- 4 Thousands die purely by crossing the Mara where it's too deep. D'uh!
- 5 Lions, hyenas, cheetahs and leopards join them.

185mph British supercar!

**Classic British marque AC is
back with the 378 GT Zagato!**

- You may have heard the older blokes in your family get dewy-eyed when the words AC and Cobra are mentioned. And so they should. AC is one of the world's oldest car brands, and has been bolted to some of the best sports cars in history.
- Now the AC name has been revived by enthusiasts and the 378 GT uses a bodyshell from Italian coach builder Zagato – known for building quirky bodies for Aston Martin, Bentley, Alfa Romeo and even Ferrari.
- As the name subtly suggests, the Zag is a GT – a long-bonneted, sleek, two-door coupé with a slightly Ferrari-ish face and

Aston side profile. It's a lot cheaper than either of the above, though. A third of the price of the new Aston V12 Zagato, and yet it shares similarities such as the "double bubble" roof.

- Beneath those several pairs of gill vents along the front wings lives something big, simple and capable of forcing wee out of you against your will. It's the identical 6.2-litre V8 used in the current Corvette C6, punching out an identical 434 horses.
- AC hasn't unveiled what the slick Italian body is made from, but with weight coming in at less than 1,500kg, 0-60

in less than four seconds is promised, alongside a top speed of around 185mph.

- **With its combination of short backside and passenger cabin so close to the back wheels, the AC promises to sound full fat, thanks to a pair of exhaust exits high up within the concave rear panel.**
- It's refreshing to see a classic British name reappear, and using a classic American power – just like the old AC Cobra. With a sharp Italian tailored suit, a manual gearbox and 434 brake horse power sent to the back wheels, there's not a lot to dislike about the 378 GT Zagato. Even the price is a very reasonable £90k!

New Bond villain!

Javier Bardem snapped as a copper on the set of *Skyfall*!

THE HAIRCUT'S non-regulation – massive giveaway! – but here are the first, behind-the-scenes shots of new Bond villain Javier Bardem dressed as a British bobby!

Bardem plays main baddie Silva in *Skyfall* (Bond 23) and seems to have infiltrated the Metropolitan Police for this

scene, in which he's shown following armed coppers on an operation.

Also confirmed in on-set snaps were Bond's continued use of his classic 1963 Aston Martin DB5, which marks the sixth time the car's featured, alongside the iconic DBS – the only car in Hollywood to sign a three-movie deal!

EASTENDERS STAR Shona McGarty was kicked out of Asda after she and her boyfriend were horsing around, and she suggestively smeared yoghurt on her face. Although, yes, this is very childish, I'd say who gives a sh*t? People were complaining that their children saw it, but once again, who gives a sh*t? If your child knew what she was doing, you've got bigger problems to worry about... and probably a lawsuit on your hands!

"Simon's waste of money!"

IT WAS in the paper recently that Simon Cowell spent £4,000 on dancers at Stringfellows. I'm always amazed that people give a sh*t about things like this. The guy's worth a fortune - £4,000 means absolutely nothing to him. But I'm even more amazed by how boring he is. Having money means you can do almost anything. Where's the fun in paying girls to take their clothes off when it's their job anyway? Why not spend £10,000 and get some nice girls to take their kit off on their way back from church? Or pay me £2million to watch me blow a guy! I'm just saying make things interesting, Simon!

"raped the memory of Kurt Cobain" by doing a version of *Smells Like Teen Spirit* in the new *Muppets* movie. Well you can suck my d*ck, Courtney! You sold all the rights to the songs to a company called Prime Wave Media. If you cared so much, you should have kept control of them. Plus, Dave Grohl is in the

Muppets movie, and he was an actual member of Nirvana, not just some chick who Kurt Cobain would have broken up with by now anyway. But seriously, how can you possibly accuse the Muppets of raping anyone in any case? They're the one with the hands up their arses!

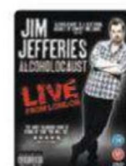

"Finally, a cure for being a d*ck!"

SCIENTISTS HAVE developed a new drug to combat heart problems, but they've found out that it also stops people being racist. In many ways, this is genius because all I know about racists is that they tend to really like being racist, so I don't see how a drug can help with that. If you don't want to be a racist, you just stop being a racist! You don't go to your doctor and say, "Hey, I'm a racist, but the thing is, I'm not enjoying it any more!" But, you know what? Anything that can help people in this way is a great thing. Now all they need is to develop a pill to stop me trying to punch traffic wardens all the time. I have a dream where we live in a world where we judge people not by the colour of their skin, but because they're c**ts!

LESBIAN!

You might recognise Danni from hit TV show *Candy Bar Girls* on Channel 5

Is she too romantic?

Every time me and the missus are about to get down to business, she insists on lighting candles and putting on soppy music. Am I wrong to expect spontaneity now and again?

DODDSY Buxton

You're talking rubbish. I think your lady's very romantic and you should appreciate this. I suppose you're a "Wham, bam, thank you, ma'am!" sort of man. Yuck. You're lucky to have her. Equally, I have to highlight you're being boring. Make a new playlist, bring a bucket of water to bed. Hell, if you don't like it, change it!

LETTER OF THE WEEK!

My girl's so forgetful!

My fiancé always forgets our anniversary, Valentine's Day and even my birthday, even though we've been together for five years. I thought I was being a bit silly by being bothered by it so much but my mates think she's being a bit out of order. What do you reckon?

SAMMY Barnstaple

Is she forgetful in other ways, too? Does she remember who you are and that you're actually engaged? Anyway, I really wouldn't worry too much if I were you. Some people are just like that, especially men! As long as she delivers the goods, I think you should let it go.

it's nothing to worry about and that she was just feeling a bit horny, but the other night we were having sex and she called me George! I think she's obsessed. Should I be worried or offended?

DEE via email

I wouldn't worry. Lots of women masturbate while fantasising about George and other good-looking men (and women). Maybe you should try it yourself. Who would you think about while masturbating? Cheryl Cole?

They're always doing it!

My flatmate recently got a new girlfriend and the two of them are at it all the time. The final straw came last week when I brought my parents home for Sunday dinner and he had his new girl bent over the sofa. I need to say something, right?

ANDY via email

Did your dad get an erection? I bet your mother was pleased that night. If the young lady likes doing it in a communal area, she not only enjoys being watched but probably wants you to join in. By the way, who stuffed the chicken for dinner?

JOKE OF THE WEEK!

A COUPLE are in a restaurant and the waitress comes over to take their order. "For you, sir?" she asks the man.

The chap replies, "Oi, listen! I'll have the chicken paté to start. Then bring me the pheasant. And I want goose, too. And get your idiot chef to give me some turkey to take home. Get me all that, now!"

The shocked waitress jots it all down before looking to the woman diner.

"Oh just ignore him," says his wife.

"He's in a foul mood!"

TIM Chester

"Er, so this is the hotel, darling?"

The patient replies, "Bill Posters!"

TOWIE'S ARG

The huggable chap lifts the lid on what life as one of the stars of *TOWIE* is really like!

Hi Arg! We hear you're training for the London marathon. How's that going?

Hello! Yeah, basically, I'm running the London marathon this year for Cancer Research. I've left training pretty late, but I'm already losing weight. A few of the cast pulled out, so that's made me even more determined.

Do you put on more weight when you're filming *TOWIE*?

I wouldn't say it's all down to *TOWIE*. I like going out to nightclubs and I've always been a fan of food. I'm doing PAs all over the country and there's a lot of free alcohol coming my way.

What was your favourite moment from the latest *TOWIE* run?

When me, Joey and Mario ran into the sea. It's the fact they played One Direction over it that really tickled me. I'm sure a lot of people can relate to the whole idea of young boys doing silly things. It was just a very real, comical moment. It made my balls cold, though!

What did you make of Joey Essex having a scrap?

I just think it was very shocking. Joey isn't a violent person but he had every right to confront Ricky. Joey was more of a hero defending his sister, rather than a lout condoning violence. Ricky's not a nasty kid, he's just one of those people where you think, "What a w*nker!"

Ha! Who's the hardest of the *TOWIE* lot, then?

A scrap with big Mick wouldn't be ideal. I'd be more scared to fight some of the girls, though!

Do you miss Mark Wright?

I think the show's missing mine and Mark's bromance. I don't think he'll ever come back to the show, but who knows what might happen in the future? I'm sure you'll see Mark and Arg together again!

Our very own Emma Glover said she wants to join the show. Can it ever happen?

If she's from Essex and has a good personality, yeah. I'm sure if you've some nice girls from *Nuts* who are interested, I'd love to meet them!

What happens if you fall for a girl who's not from Essex?

If I genuinely met a girl, I think she'd be welcome on the show, but it'd just mean my story lines would be shortened.

So what do you do in your spare time?

I love my telly. I've just got Netflix which is amazing. It's got loads of box sets,

so I've been watching loads of *The Inbetweeners* and *Peep Show* on it recently.

Everyone on *TOWIE* seems to drive flash cars apart from you. How come?

I've yet to pass my theory test, let alone my actual one, so I'm sticking with my bus pass for now.

How did you earn a living before *TOWIE*?

Before *TOWIE*, I just went from job to job and I just never found anything that I was interested in or that I was particularly good at. But I really enjoyed doing my wedding singing, and I'm really enjoying getting into my radio DJing.

Do you think you'll ever release a single?

It'd be something I'd never rule out. I might do something for Christmas.

Why does *TOWIE* do so well?

Because we're a really genuine mix. So you can have the womaniser with the flash cars, the fat, chubby boy who's a bit of a dope, girls who are very natural, girls with big boobs... we're just fun.

***TOWIE*'s made by the same people as *Geordie Shore* - would you do a crossover?**

I know a couple of the guys, but without sounding snobby, we look at *The Only Way Is Essex* as sort of the Champions League, and the other shows aren't in the same league.

Do you think *TOWIE* will eventually get boring?

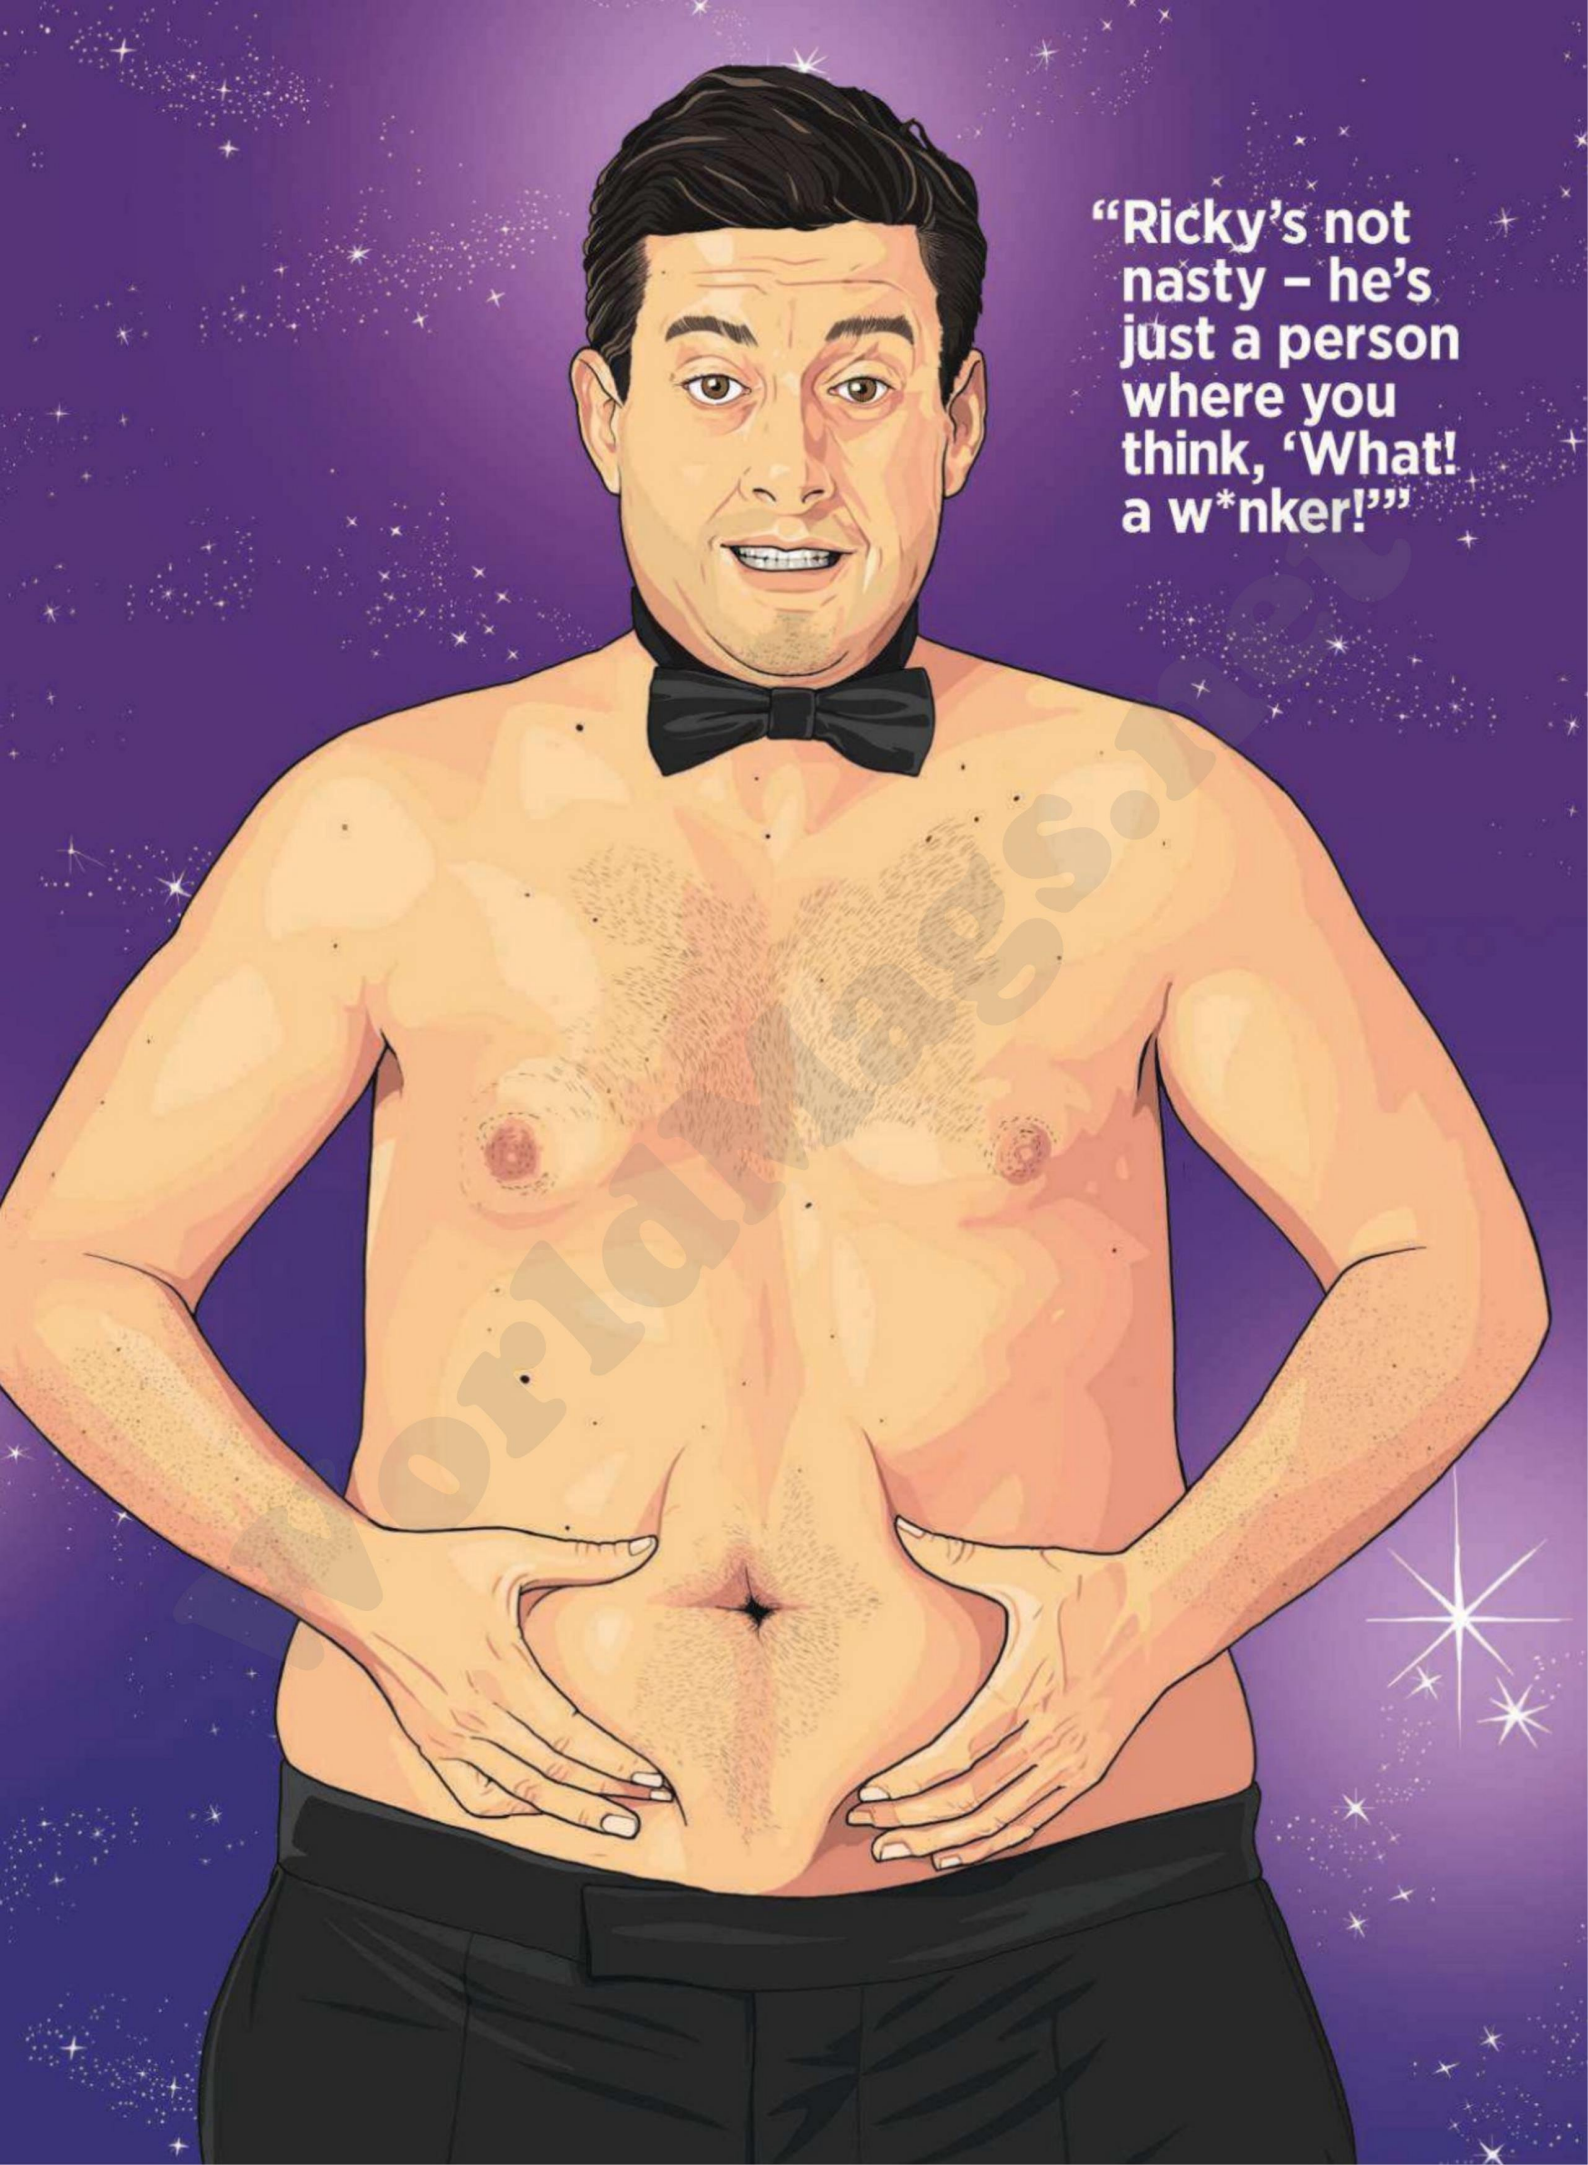

We introduce new characters every series. A lot of people think Ricky's a nob, but he's made it more watchable. I don't see how it'll become less interesting.

Thanks, Arg! Finally, can you tell us one thing people don't know about you?

I'm obsessed with musical theatre! When I was young, I was part of an operatic and dramatic society. I'd love to get into musicals one day!

Movie survey facts!

- Surprisingly, only five of your top 20 films were made this century!
- Brad Pitt's your favourite star – with five appearances in the top 50!
- Quentin Tarantino's your favourite director – with four films in your list.
- Amazingly, the oldest film on your list – *The Great Escape* – is 49 years old!

THE DARK KNIGHT 2008
 Christian Bale, Heath Ledger
 Here it is, gents – the movie you've voted the greatest of the lot. Heath Ledger's Joker is just insanely good while Christian Bale's Batman seems to have spent a lot of time gargling gravel. An epic, massive, jaw-dropping belter of a film. Why so serious? Indeed!
FACT Heath Ledger based the Joker on Sid Vicious (the bassist from legendary punk band the Sex Pistols) and Alex DeLarge, the main character from controversial, notoriously violent 1971 film *A Clockwork Orange*.

SUPERBOOBS!

ROSIE!

H

i Rosie! So, what do you think of the idea of a superhero called Superboobs?

It's well good! I'd prefer it if it were a gang of girls called Superboobs, though.

Would you have any rules or a code of honour?

Yeah! You're only allowed to be in it if you have massive boobs!

What powers do you think boobs can be used for?

We can seduce bad men into thinking we're really nice girls, then we could kill them with lasers. Lacey could just suffocate men with her boobs!

Have you enjoyed dressing up?

Yeah, I'm Superwoman. I didn't think the Hulk would be that good, but India's been ripping out of her clothes and it's really sexy. I wish they'd painted her green, though!

If you were a superhero, what would be your ideal power?

I think I'd want to fly. I'd also be invisible so I could get into the villains' homes without them knowing it was me.

Do you reckon you'd be a good or an evil superhero?

I reckon I'd be good. I reckon Sabine would definitely be an evil one. She's the bad one!

Can a guy ever pull off the "pants over trousers" look?

I'm not too sure how I'd feel if a guy turned up dressed like that on the first date – it'd have to be clean underwear!

Thanks, Rosie! Finally, what would be your kryptonite?

Do I have to have one? My super boobs are unstoppable! Maybe the bra would be my nemesis. And I'd probably give in to shoes. ►

SUPERBOOBS!

H i India! Would we like you when you're angry? You wouldn't, I'm crazy! Ha-ha! No – I never really

lose my temper. I only do if people are rude. I normally get quite annoyed, but not annoyed enough to punch them through a brick wall.

If you could have any super power, what would it be?

I think I'd want to be invisible to spy on people, or go to clubs and restaurants for free... or hang around the changing rooms in Topman.

If you could design your own sexy superhero costume, what would it be like?

Black leather, leggings and a leotard that's low-cut at the front. I don't really look like a superhero, although I think us girls would make a good team.

What do you think you'd bring to the group?

Well, because I'm dressed as the Hulk, I'll have to be the strong one. I can be the sexy girl-next-door who can bend iron girders and lift trains – maybe just using my boobs!

If you were a superhero and your boyfriend dumped you, how would you get revenge?

I'd sneak into his house and destroy it, or make it disappear. Or maybe just things like trip him up – that would be funny.

Who do you reckon is the hottest superhero?

I like Catwoman. Halle Berry's so hot in that film. As for the guys, I think I quite like the Hulk, actually.

Thanks, India! Finally, what would be your kryptonite?

I don't like scary films and I'm terrified of dogs! Take a dog near me and I'll run a mile! ►

A full-page photograph of Sabine Le Beux posing in a red and gold superhero costume. She is wearing a red strapless top and a shiny gold skirt, with matching gold arm cuffs. She has long dark hair and is looking towards the camera with her hands near her head. The background is a stylized comic book illustration with orange and yellow flame-like patterns and a large white speech bubble containing the text 'SUPERBOOBS!'.

SUPERBOOBS!

SABINE!

Hello Sabine! How are you enjoying the Superhero shoot today?

Hello! Yeah, it's really fun to do something different. I feel a bit like a superhero for real. I think I'd want to be Catwoman because leather's very sexy – plus she gets whips!

If your boobs could have one power, what would it be?

Oh, probably to shoot lasers at naughty boys. Can you imagine how shocked they'd be?

If you were a superhero, would you use your powers for good or for evil?

For good. I tell you what I'd do, I'd find all the geeky guys who are scared of women, and I'd transform them into men who can handle girls!

If you had the power to get rid of anything from the whole world, what would it be?

Sight, so people couldn't judge each other. Imagine it... everyone would have to feel their way around all the time, and you wouldn't be able to judge by colour or looks. The world would be full of love.

Who's the sexiest superhero?

Batman – he's dark, mysterious and powerful. The *Batman* films are the only superhero films I've seen, apart from *Iron Man*. He's pretty cool, too. Plus I'm Iron Man today.

How strong are you in real life?

I'm not sure if I can hurt people, but I'm emotionally very strong.

Thanks for the chat, Sabine. Finally, if you were a superhero, what good deed would you do for the *Nuts* readers?

Every time it rains, girls' bras would come off! ▶

SUPERBOOBS!

LACEY!

Hi Lacey! So, if you could be any superhero who would you be?

Well, I'm dressed as Catwoman at the moment, which I like, but maybe Spider-Woman – having webs that come out of your wrists would be so cool. I really want to have that. It'd be like having a zipwire permanently!

Are you as feisty as Catwoman in real life?

She's a bit kinky, isn't she, with all the leather and stuff? Yeah, it's really sexy – I like being Catwoman!

What would your superpower be if you could choose one?

I'd like to read people's minds. Then again, what if someone thought something bad about you? And it'd be well annoying if people started to read your mind as well. It'd be really hard not to think naughty things!

What's your favourite superhero film?

I know this is going to sound really sad, but you know *The Incredibles*, the cartoon? That's quite cool with the stretchy mum, the big, strong dad and the really fast kid.

Who's the sexiest superhero?

I'm thinking of Spider-Man because his costume makes him look quite buff. Batman's a bit weird and moody, plus I'm not really a fan of bats. Then again, I'm not really a fan of spiders either, but I think the costume – his tight shiny suit is sexy.

Thanks for the chat, Lacey. Finally, would you be a good or bad superhero?

I'd be a good one! I'd want to be the one who would stop train crashes and all that stuff. Ha-ha!

BBC ONE/HD • 7pm

The biennial charity TV event with a sporting twist sees Amir Khan and Jermain Defoe take a history lesson from Stephen Fry, water-fearing Frank Skinner attempt a length of his pool, David Walliams – who's rarely out of the pool – talk about his charity work, and England footy stars cook with James Martin, among other stuff.

South Park

COMEDY CENTRAL/HD • 10pm

It's comforting to know that though TV evolves, some things stay the same. Stan, Cartman, Kyle and Kenny are back like the crudely drawn, very rude old friends they've become. It's the start of the 16th series of the classic cartoon, so celebs who've made fools of themselves in the news of late should be afraid. Very afraid.

After *another* brutal death of a major character last week (no naming names – we don't want to spoil it) it's the final episode of the series. The net's rife with speculation over how people become Walkers. It's simple: everybody's *already* infected.

**CONFESSION OF THE WEEK!**

'I couldn't stop myself'

ME AND my boyfriend went on a romantic getaway to Spain recently, where we loved getting steamy in the villa's shared pool. It was usually deserted but one day, we were about to get down to business when a man from another villa turned up and started swimming lengths. I was too turned on to stop, so with the man still swimming, we had steamy sex. When I climaxed, I let out a little scream. The swimmer turned his head but carried on swimming. Moments later, he left, but not without giving us both a disgusted look!

Abby via email

'Our saucy cinema trip'

I RECENTLY went to the cinema with my new boyfriend. He's really into international cinema and there was some random movie he wanted to see,

so I went along just to keep him happy. As the film was subtitled and there was practically nobody else in there with us, I decided to spice things up. I reached down between his legs and gave his manhood a gentle squeeze to see what he would do. I couldn't believe it when

he slipped his hands between my thighs and started massaging my clit in return. I decided to step things up and got down on my knees and started giving him oral. Right in the middle of the cinema! It wasn't long before he climaxed and, needless to say, we didn't wait until the end of the film before we headed home to continue our evening! I've become a huge fan of foreign films now too!

Beth Cambridge

'We did it in the road'

MY BOYFRIEND and I were walking back from the pub one night. It wasn't too cold so we decided to take the long route back to his house. We'd gone down the high road and as we turned the corner, the side road was pitch black as the street lights must have been broken. My man decided to scare me by hiding behind a bush and jumping out to grab me. I almost jumped out of my skin! He pulled me towards him and we were soon snogging against a fence in the middle of this road. Things escalated really quickly and we were both really horny for each other. We glanced around to check nobody was about and then he took me doggy-style against somebody's hedge. It was incredibly risky but worth every naughty second!

Jo via email

'Hot service in the shop'

LAST WEEK, a hot guy started at the supermarket where I work. I couldn't help noticing that his trousers were a little tight, revealing a large bulge, which made me smile. A shelf needed replacing, so he came with me to the equipment store to find a replacement. We struggled to get it down and I caught him staring at my cleavage. We dropped the shelf and I pushed him up against the wall crushing my boobs up against him. He kissed me as my hands reached down for his hardening erection. I unzipped him and placed him in my mouth, teasing him with my tongue until he exploded all over me. When we returned to the shop floor we realised we'd left the shelf upstairs. We wouldn't score any points for being speedy workers!

10 RUDE QUESTIONS!

And a real girl to answer them!

Anna

22 Cardiff

1 Where's the strangest place you've had sex?

"On the balcony of a hotel room while on holiday. It was broad daylight, too!"

2 What's your trademark move in the bedroom?

"I love using my tongue piercing to give pleasure!"

3 What really turns you on in the bedroom?

"I like it when a guy takes control in the bedroom."

4 What's your favourite position?

"When the bloke is on top with my legs resting on his shoulders."

5 Is it better to give or receive?

"To give – I get pleasure from knowing the other person is enjoying it."

6 What one thing would you really like to try but haven't yet?

"Not much – I've tried quite a lot of stuff!"

7 Have you ever got it on with another girl?

"No, I haven't, so that can be my next thing to try!"

8 What's your role-playing costume of choice?

"My police outfit. It has handcuffs for extra fun!"

9 Have you ever made a sex tape?

"Yes, and I'd recommend everyone makes one. It's such a turn-on."

10 What's the single rudest thing you've ever done?

"I got naughty with a guy on a dancefloor in a club!"

"Everyone should make a sex tape – it's such a turn-on!"

Nuts SPORT

Merse's title run-in special!

Nuts legend Paul on the battle for the Premier League crown!

➔ **WE'RE INTO** the final stretch of the Premier League season and things couldn't be closer in the race for the title. To see who'll finish on top, and who'll qualify for the Champions League, we spoke to two-time title winner Paul Merson!

7 NEWCASTLE
Europa League
"Newcastle may struggle in the last few games. Their lead over the chasing pack is big enough to finish seventh. Depending on what happens in the FA Cup, they'll most likely get a Europa League spot – an amazing achievement."

6 LIVERPOOL
Europa League
"Liverpool will just sneak into sixth. They've already qualified for the Europa League, but it'll be an unwanted distraction next season. Kenny Dalglish will be given the time he needs to get it right. Expect some signings in the summer."

5 CHELSEA
Europa League
"Despite their morale-boosting result against Napoli, Chelsea won't make the top four. They have no shape and no plan – everything they do seems to be off the cuff. I can't see them putting together a run to get past Arsenal."

4 ARSENAL
Champions League
"Even though Arsene Wenger's team are doing brilliantly at the moment, I can't see them beating Spurs to third. They've given everything just to get into fourth and will run out of gas come the end of the season."

3

TOTTENHAM

Champions League
"I fancy Spurs to
nick third spot.

For Harry Redknapp and his team, it's all about the Champions League. They've had a dodgy spell but I think they'll recover in time. It would be a disaster if Spurs let it slip this late in the season."

2

MAN CITY

Runners-up
"Man City won't
have a better

chance of winning the league than this year, and they've blown it. Just look at how bad the likes of Arsenal, Chelsea and Man United have been. Roberto Mancini needs Carlos Tevez back, and quick!"

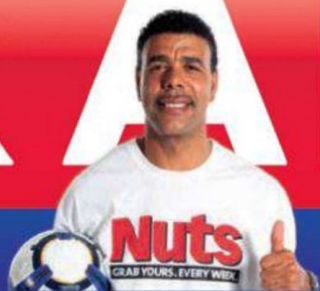

1

MAN UNITED

Champions
"Two weeks ago,
it would have been

Man City, but their loss at Swansea was catastrophic. Now Fergie's boys are leading the pack and their next seven games are gimmes. They could be out of sight by the time they go to the Etihad on 30 April."

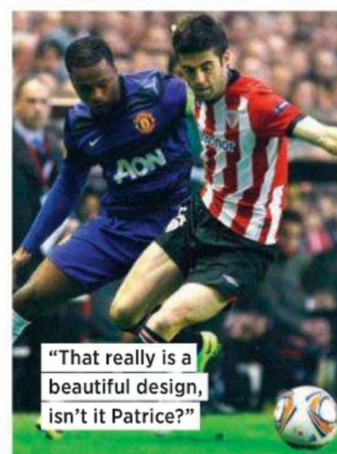

KAMMY!

He's the voice of the fans – and he's only in *Nuts*!

"Well done, lads!
OK, who's up for
a Nando's?"

"That really is a
beautiful design,
isn't it Patrice?"

Champions League dream for Chelsea!

Di Matteo will relish taking on Benfica without pressure!

➔ **WHAT A** fantastic draw for Chelsea in the Champions League. Roberto Di Matteo will certainly fancy taking on Benfica in the quarter-finals, and to have the second leg at the Bridge is even better. The great thing for Chelsea now is that they're playing without pressure – under AVB,

everything was put under a microscope – and now anything they achieve will be seen as a massive bonus.

Should the Blues make it past the Portuguese side, they'll probably have to face Barcelona, but anything can happen when you get to the final stages of a tournament and Chelsea's experience at this level will mean that Pep

Guardiola's side should not take them lightly.

If all the matches go to form, we could see an El Clasico final, which would make for an incredible spectacle and a brilliant chance for Jose Mourinho to put one over his main rivals. But let's hope Frank Lampard and the boys can spoil their party!

It's all about the Premier League now!

IT WAS an incredible night for the Manchester teams in the Europa League last Thursday, but at least now they can both concentrate on the Premier League! I'm sure Fergie was praying that City would grab a last-minute goal against Sporting Lisbon, further cluttering up their fixture list.

I don't think Man United realised how good Bilbao are – they're a fantastic team and move the ball like Barcelona. Yet they're only seventh in La Liga, so it speaks volumes for the strength of Spanish football. The Premier League may have to go back to the drawing board!

UNBELIEVABLY GOOD!

ACE FOR AVB!

Andre Villas-Boas is being lined up as the next Inter manager. The Portuguese coach certainly won't be short of cash this year. Good luck to him, I say.

UNBELIEVABLY BAD!

BAD NEWS, BARTON!

Joey Barton's home has been broken into by squatters. I hear he wants to buy some snakes and tarantulas to help move them on. I'd run a mile!

Bellamy great for Britain!

I SEE Welsh striker Craig Bellamy is being lined-up for a place in the Great Britain football squad for the Olympics. The Liverpool man would be a fantastic addition to the team and I hope he gets the nod. I'm really looking forward to this summer's tournament – I'm even getting to carry the Olympic torch between Sheffield and Scunthorpe. Unbelievable!

"It's no good – I just can't roll my tongue!"

THE BIG MATCH!

"Look at me! I'm hopping my way to the goal!"

Chelsea vs Spurs

24 MAR, 12.45PM • Sky Sp2

This game is far harder to call now than it would have been a few weeks ago. Harry Redknapp's Spurs have had a bit of a slump recently, while Chelsea seem to be improving with every game now that AVB has gone. I think I may well have to sit on the fence and go for a draw!

KAMMY'S PREDICTION: 1-1

Key man

Didier Drogba showed against Napoli what a force he can be. I expect the Ivorian to cause the creaky Spurs defence a lot of problems.

Berbatov on his way out!

IT'S A shame things haven't worked out for Dimitar Berbatov at Man United. I really think the Bulgarian's one of the most talented players in world football, but things seem to have gone against him. He might have been better staying at Spurs.

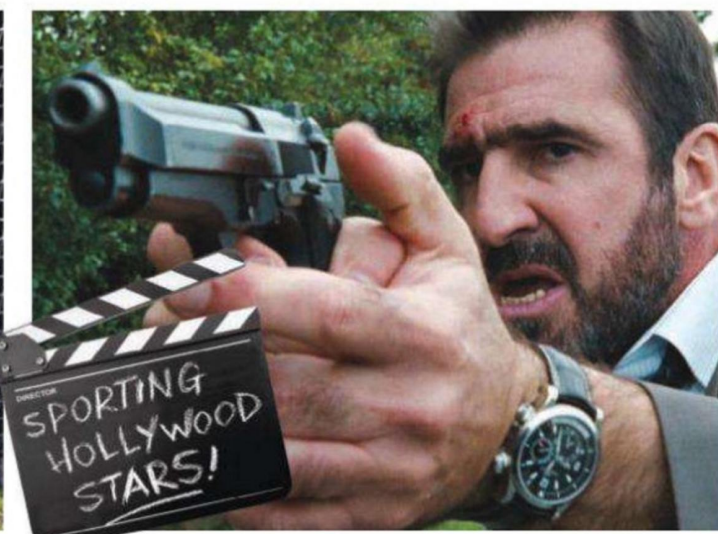

His Egyptian walk needed some work

Button: 'Winning is addictive!'

Jenson on his hopes for the new F1 season!

Hi Jenson! How well have your preparations for the new F1 season gone?

They've been excellent – the drivers and team have worked incredibly hard and I think it's all paid off. We have a car we believe will be more competitive than last season.

Is McLaren's new MP4-27 as good as people say?

We'll soon see, won't we? All I can say is that I think we're in a good place – better than last season. I think I did a decent job with that car but we just weren't good enough. Now, with the progress we've made, we should have a package to challenge for the World Championship. There's no aspect of the car I'm unhappy with.

What's different about it?

Without going into details, we've just looked at every aspect. I'm lower in the car, for a start, which I enjoy. It feels more a part of me.

So you fancy yourself for the Championship?

I have to. If you don't have a positive mental attitude you may as well go home. I want to experience that

utter exhilaration of finishing number one again. In F1 it's all about the team, so to see all the guys you work with so closely go nuts when you win is something I can't wait to feel again. I want to do it for myself, my team, my friends and family.

You sound very determined!

I'm hungry, yes. Winning is addictive.

Does the fact that McLaren have a strong car stoke up the rivalry between you and team-mate Lewis Hamilton?

Of course there's rivalry – we wouldn't be proper racers without it – but we're also team-mates and get on really well. On the track, we've had some fine battles and shown some great skills against one another, yet it never spills over into something stupid or dangerous. There's always respect for one another as drivers and human beings.

Any predictions for how the season will go?

You can't predict anything in F1, but one thing I do know is that it's going to be tremendously exciting. There are six world champions on the grid, all desperate to win again, all determined to fight for every single point. Last season had lots of fantastic racing and overtaking – this one could be even better, and if I end up as champion, I'll be one very happy boy.
