## Nuts meets *The Valleys* girls!

**Reality TV babes  
in their first shoot!**

➔ **YES, NUTS** has secured the services of two of the lovely ladies from the brand new Welsh reality show that promises to make *Geordie Shore* look like *Songs Of Praise*. Rah! ▶

NATALEE

LATEYSHA

**VIXENS  
FROM THE  
VALLEYS!**

Lateysha and Natalee will be joined by Jenna, Carley and Nicole on the show.

**Nuts NEWS**

**“People  
will either  
love me or  
hate me!”  
Lateysha**

**H**i girls! Welcome to *Nuts*! Please introduce yourselves...  
**Natalee:** Hello! I'm bitchy,

outspoken and argumentative.

**Lateysha:** I'm Lateysha, aka Beyoncé. I'm the biggest ego going. People are either gonna love me or hate me!

**Tell us about the show.**

**L:** There are nine of us from the Valleys, and we all move to Cardiff. We've got our dream jobs, but we also party!

**N:** So much goes on in this show – it's wild!

**Wilder than fellow MTV show *Geordie Shore*?**

**L:** We really love *Geordie Shore*, but it's quite different. I think *The Valleys* is wilder!

**N:** It's the same kind of concept as *Geordie Shore*, but we've got our day jobs as well.

**Lateysha, how often are you mistaken for Beyoncé?**

**L:** When I'm walking down the street people are like, "Beyoncé! Beyoncé!"

**N:** You look like Rita Ora!

**Do you reckon people will have any preconceptions about Welsh people?**

**N:** People probably think we're all really dull and stupid.

**L:** People probably think that we just live in farms and shag sheep, but we're so glam!

**Do you think the show will be as big as other reality shows?**

**N:** It's already massive around Wales. It's so talked about.

**L:** Everyone's going to be addicted to the show.

**Thanks! Finally, if you could take *The Valleys* anywhere, where would you go?**

**L:** Miami or LA!

**N:** Definitely America. Do you think the Americans could handle us though?

**L:** Probably not. Just wait till you see the show!

● *The Valleys* starts on Tuesday 25 September, 10pm, on MTV.

**"I'm really bitchy and outspoken!" Natalee**

## Valley talk for beginners!

**BUTT:** "It's more of a bloke thing used to address another bloke friend. Like, 'Alright, butt!' Us girls use bird, or probably princess."

**TAMPIN':** "You'd say, 'I'm absolutely tamin!' It's for when you're livid or angry. Look out for this a lot in *The Valleys*!"

**CUTCH:** "You'll hear lots of us on the show talking about cutching, which is basically like a cuddle or snuggle."

**SKET:** "If you were to fall out with another girl you'd call her a sket. Like, 'You absolute sket!'"

"With zis, I spot

20 metres away!"

# Nuts protects Kate Middleton's honour!

How to secure the crown jewels from sneaky Froggy snappers!

## KATE IN THE NEWS!

As reported in British tabloids last week, naughty foreign mags published topless holiday pics of Kate.

**THOSE PESKY French.** When they're not eating snails or refusing to wash, they're usually engaged in some form of anti-British mischief. But now they've really crossed a line by publishing some rather saucy (but super-sneaky) holiday snaps. Wills and

Kate are rather peeved, and being patriotic chaps here at *Nuts*, we're pretty riled ourselves. So, armed with one *Nuts*-standard "French bloke", *Nuts* babe Daisy and a balcony location, we thought we'd show our beloved Duchess how best to protect herself from future breaches of privacy...

# HOW KATE CAN PROTECT HER PRIVACY!

## NUTS MAG!

We're sure Wills never goes on his hols without the latest *Nuts* (he nicks it off Harry). This'll give French paps something to gawp at!

## NICE BUNS!

Kate, next time you take afternoon tea on the royal balcony, ask for a couple of extra Danish pastries on your plate. Buns over boobs!

## KNIGHT'S CLOBBER!

Surely the Royal Family have a few spare Medieval breastplates knocking around? Heck, they do exactly what they say on the tin!

## MILK JUGS!

Always on hand in any rustic villa, a couple of jugs might not leave much to the imagination, but they'll keep lurking lenses at bay.

## BEST VEST EVER!

We made this vest for next time Kate goes to France. The French will be crying, "Sacrebleu!" in no time. Your highness, it's in the post.

**TWO-WAY TRAFFIC!**

From the farms to freeway, bumbling Sunday drivers could bring about the end of your drifting adventures (and your car) if you don't spot them in time. The hopeless saps.

**MOUNTAIN DRIVE!**

Echoing *Gran Turismo*, *Forza* now includes winding roads through the Rocky Mountains – it might take you ages to get there, but the trip is certain to be well worth it.

# Forza: Horizon first play!

**It ditches race tracks and goes to the USA!**

**THE FORZA** series is nearing its end on Xbox 360 and Microsoft has enlisted the help of Radio 1 DJ Rob Da Bank. Now you drive around a festival at high speed with fancy tunes, an open-world map in Colorado that plays like a less violent *Grand Theft Auto*, and challenges that are all a bit *Top Gear*. It's remarkable, and it's out on Xbox 360 on 26 October.

**OPEN ROADS!**

Say hello to trips through the Rocky Mountains, off-road dirt tracks and open freeways with ad-hoc online challenges. You'll need your satnav to guide you – there's no time for maps!

**NEW CARS!**

New car packs roll out from 26 October, but if you're a *Forza* player, the game will recognise that and give you some special cars as a reward. Expect family freeway guzzlers, not Ferraris.

**RANDOM RIVALS!**

You can find an online rival on Xbox Live and play a game of tag in non-competitive sessions. Simply pull up to a dedicated area on the map and wait – doesn't involve dogging.

#### NIGHT RACING!

The "festival" makeover sees the sky fade from day to night. Flick the in-game radio station and you can listen to anything from DJ Fresh and Dizzee Rascal to the Arctic Monkeys.

**WONDER PANTS!**

"And I've got the world's biggest testy sack. Yay!"

## New world pants record!

Britain's summer of glory continues!

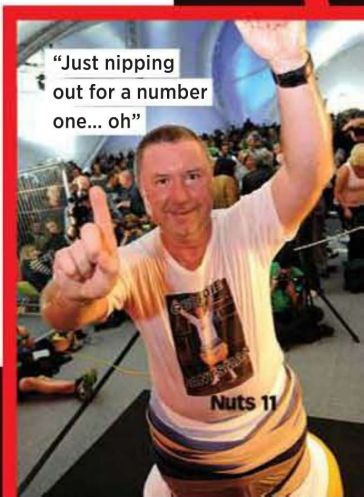

#### BRADLEY WIGGINS.

Jessica Ennis. Mo Farah.

Andrew Murray. David Weir. Add Gary "Pantsman" Craig to that list. He's just broken the world record for simultaneous wearing of pairs of pants – 308 pairs, to be precise.

And even better, the previous record was held by a Yank. Yay! Go Pantsman!

# Sperm whale burial!

Leviathan given a decent send-off

**WHAT DO** you do when you have a 52ft sperm whale carcass on your beach and you need to get it to a local fish cemetery (yes, they exist)? Let's head to the Philippines and find out!

**STEP 1 You will need:** one dead 52ft sperm whale, like this one, that washed up off Zamboanga City in the Philippines. You'll do well to bury a live one.

**STEP 2 You will need:** one large crane and some powerful cables with the capability to heave a 41,000kg (just under 6,500 stone) beast onto the dock.

**STEP 3 You will need:** one very long (at least 52ft) flat-bed truck. You can probably guess what's going to go on the back of it.

**STEP 4 Finally, you will need:** one very large hole in the ground, like the one in the main pic above, at a local marine sciences college. Farewell, fair whale!

# Mad new McLaren unveiled!

**It's called the P1  
– and it's not far off  
being fit for F1!**

- McLaren's F1 was, and still is, a radical, rapid, unbelievably practical car. And with the Paris Motor Show about to get under way, the British company has whipped the sheets off its latest creation, the P1. McLaren's MD Antony Sheriff has said the goal of the P1 is to be "the most exciting, most capable, most technologically advanced and most dynamically accomplished supercar ever made". So, quite good then.
- The P1 is currently classed as a design study, but we're almost certain it will look virtually identical when it becomes reality next year.
- Like all super/hyper/stratospheric cars, the engine lives in the middle of the chassis – right behind the occupants' ears.
- At the back, the near invisible LED striplights outline a menacing black honeycomb rear panel which is broken up by a central exhaust of factory chimney proportions.
- Below that is the mother of rear diffusers, which has no doubt been shaped in the F1 wind tunnel. The same can be said of the subtle double-bubble roof with F1-style roof scoop. There's also a Veyron-style airbrake that deploys when you're "on it".
- Up front there's a pair of nostrils tunnelled into the bonnet panel, with intakes underneath the headlights that mimic the McLaren logo.
- The P1 reportedly uses a modded version of the MP4-12C's carbon-tub chassis. The whole car is said to weigh less

than 1,300kg, using radically redesigned aluminium front and rear subframes. It will also feature even more advanced active suspension than the 12C.

- Details on what will give the P1 its punch are secret, but many experts are saying it will be a re-tuned version of the MP4-12C's 3.8 twin-turbo V8, together with an F1-style Kers system. The result? Between 800 and 960bhp.
- The P1 probably won't outrun a Bugatti Veyron, but it promises to be the most rewarding to drive. It's also said to have completely shattered the best lap time for a road-legal car at the Silverstone circuit. Blimey!
- To see if McLaren decides to tweak its P1 masterpiece, we'll have to wait until 2013. That's when the order book opens to let up to 500 lucky gits put down their cash.

"I can see your  
problem, mate -  
your big end's gone"

# A quick word with Russell Howard!

**The funnyman on Prince Harry and laughing girls into bed!**

**Hi Russell! First off, we see your hand's been a bit poorly.**

**What happened?**

Hello! Basically, I cut my thumb and I was in hospital for a week and I nearly lost it. I'm having to eat with my left hand, which gives you no grace whatsoever. There will probably be a photo of me in *Nuts* with a bandaged wrist, and you'll probably make a hilarious w\*cking gag!

**We wouldn't dream of it! Was the injury worthy of our legendary Don't Look! page?**

It won't be as impressive but it's pretty manky. It's essentially a black thumb. The interesting thing is that no one else was shocked. My mates sent me a big foam hand when they found out and took the p\*ss out of me!

**Nice! It's been a summer of bonkers news stories. Has that helped you come up with stuff for the new series of *Good News*?**

It's annoying because we haven't been able to do any of it. There was no comedy

programme on during the Olympics, which is so annoying because there were so many great moments that you could have jokes about. There was Boris Johnson getting stuck on the zipwire, the Queen looking bored sh\*tless throughout the opening ceremony – things like that.

**What's your personal favourite moment from the year so far?**

There was the Prince Harry thing. I feel really bad for Harry because all he did was get naked in Vegas, and what young bloke hasn't gone on holiday and done that? My mate Tommo went to Magaluf and sh\*t himself four times in three days which is far worse than anything Harry's done.

**On TV comedy panel shows, do you get annoyed if another comedian says something funnier than you?**

It can become a bit of an alpha male scramble, but it's fine. You sometimes get annoyed about the edit because there'll be certain things that don't make it but, hey-ho! That's the good thing with *Good News*. It's more focused. I write jokes

around the clips with a couple of my mates. It's kind of like nerdy comedy homework.

**What crazy stories might you be covering in the new series?**

There's one from Russia. A children's cartoon – like a Russian version of *Tom And Jerry* – has been banned because the wolf and the crocodile in it have a relationship that has homoerotic overtones. It's quite funny given that the Russian president [Vladimir Putin] is probably one of the most homoerotic men in the world. Every photo of him is him, like, naked on a horse. So that made me laugh. Another one is about a tortoise couple that have split up. They've been married for 115 years and they've divorced.

**Are you able to get comedy out of any news story?**

If there's a terrible story about someone dying or a kid getting mauled by a dog, I don't see any comedy there. Any kind of interesting story that you would tell your mates down the pub works for me. When they're just unrelentingly bleak stories, there's just no point. It doesn't work in the style of comedy that I do. If you're going to do dark stuff, you can't then do a story about a tortoise splitting up with his wife. You can only do one or the other.

**You appear to have many lady fans. Do you get groupies?**

I haven't had any. My brother Danny comes to my gigs and finds various women and he takes advantage of them. They're up for it and stuff but

he will literally be at my gigs, hanging out with girls. I did Newcastle – 6,000 people – and right at the end of the gig, Danny just walked on stage, totally from nowhere, and went, "Hello, I'm his brother, if anyone fancies hanging out." He just interrupted the gig and, yeah, he went out with some girls in Newcastle. I live vicariously through my grubby little brother.

**Is it true that he's your comedy hero?**

Yeah, because he doesn't give a sh\*t. That's what's so interesting about him. He just has no ego. He's really crude and pretty horrible but very funny. He's such a liar, too.

**Thanks for the chat, Russell! Finally, most *Nuts* girls tell us that a bloke can laugh them into bed. Is that true? If it is, can you give us some top comedy pulling tips?**

Ha-ha! That's just nonsense. No one has ever laughed anyone into bed. It's just sh\*t. This whole idea that it's the most important thing is simply not true because the male sense of humour and female sense of humour are completely different. So many relationships would be based on sharing jokes. It's physical attraction first and foremost. Ha-ha!

# Fire tornado!

**A terrifying twister that'll make your skin blister!**

**TORNADOS ARE** scary enough to begin with – add a little fire to proceedings and you have a sure-fire recipe for soiled underpants.

What you're seeing here is a rare natural occurrence known as a "fire swirl", which happens when a column of warm, rising air either comes into contact with – or causes – a fire on the ground.

This 30-metre high fire swirl was spotted by filmmaker Chris Tangey in Alice Springs, Australia, raging away for about 40 minutes – most fire swirls burn out within a couple of minutes. And they can be deadly. In 1923, during an earthquake in Honshu, Japan, a fire swirl emerged that killed 38,000 people in 15 minutes. To put it another way – fire swirls are badass!

Perhaps you should travel or begin a new hobby. Hire a naked cleaner and buy her new shoes every month. Work harder and invest time in yourself. Make the most out of being single, and forget about sex. Stop thinking and get doing. Keep positive. The sex will come spontaneously.

## The mischievous movie stars on their potty-mouthed political film, *The Campaign*!

**H**i Will and Zach!  
**How's it going?**  
**Zach:** Would you like a Gummy Bear? They're really nice...

**Will:** Stop fooling around,  
**Zach:** Let's do this interview!

**In *The Campaign* you play a pair of duelling American politicians. Would you like to get involved in politics for real?**

**Zach:** Politics must be a hard life. You have cameras following you everywhere. You can't get away with anything. You can't get a hooker no more.

**Will:** That's a real shame.

**Did any real-life political stories inspire the film?**

**Will:** Politics is like a reality show now. When we were filming, a Republican Presidential candidate's affair was exposed but his approval rating went up!

**Zach:** Truth is stranger than fiction so we put that in the movie. Politics is hard to have faith in – it's become a circus.

**If you were running for political office what would your slogan be?**

**Will:** Keep the party going all night long. Yeah!

**Zach:** My anaconda don't want none unless you got buns, hun? I don't know how that translates in the real world. It doesn't make sense but it rhymes.

**Is there a policy you would focus on if you were President?**

**Will:** I'd make it legal to turn left on red. We need that freedom!

**Zach:** Also, Will has privately mentioned that he wants to make all Canadians go back to Canada.

**Will:** And I'm a big advocate of free healthcare. For people

over 97. I'm a fan of what Arnold Schwarzenegger achieved in California.

**How far would you go to win votes?**

**Will:** I can't think of anything crazier than my character, Cam Brady, stalking his opponent's wife, having sex with her, filming it and turning it into a campaign ad on TV. How do you beat that?

**Zach:** Silvio Berlusconi? But if it was me... if you make enough promises that are impossible to keep, people seem to be suckers for that kind of thing.

**If you wanted our vote, how would you sell yourself and put down your opponent?**

**Will:** I'm always on time. Zach is hairy. He has a lot of body hair.

**Zach:** I don't have any body hair! You know this. All those times we'd work out together and I'd peel my shirt off...

**Will:** I'm sorry, I'm thinking of someone else.

**In your opinion, how do you think American and British politics differ?**

**Zach:** The big difference over here is that the US is full of religious nutjobs. Great Britain seems less so.

**Will:** Your candidates don't put God as part of their manifesto. We need to change the way we do things.

**You broke the golden rule and worked with children and animals. How tough was that?**

**Zach:** There was a python I had to work with that chose to use me as a toilet and then tried to strangle me. That didn't make the movie.

**Will:** There's always the DVD. The animal trainer told me, "Don't worry, Will, these snakes never bite." But the guy playing the preacher in a scene with me was really scared and got bitten. Twice!

**And Will, you punched a baby in the film!**

**Will:** Don't worry, it was a highly trained stunt baby. It was so tough it laughed in my face. I believe its first words were, "Is that all you got?"

**Zach:** After *The Hangover* I won't do a movie unless there's a baby in it.

**Nicolas Cage calls his acting style nouveau shamanic. How would you describe yours?**

**Zach:** What does that mean?

**Will:** It sounds very Cagean – but what if you don't really consider yourself a very good

actor? I don't know... lucky. Lucky style?

**Zach:** For comedians it's kind of different because you have to figure the way to make people laugh – we need a physical reaction from the audience. But with action stars, people just sit there and watch. Comedians need looseness in their style to make the fun happen.

**Will, when you last talked to *Nuts* you joked the sequel to *Anchorman* would be porn.**

**What can you tell us and will there be a role for Zach?**

**Will:** We could only be so lucky to get Zach...

**Zach:** We've got that on record!

**Will:** It would be premature to say anything. I'm still writing the script with Adam McKay. As soon as I feel I've written something really funny and share it with someone we inevitably change it. Then people wonder what the hell happened with the movie!

**So have you both enjoyed working together?**

**Zach:** I don't know how I scammed my way into this.

It's bizarre. I was telling diarrhoea jokes in coffee houses five years ago!

**Will:** I just hope Zach lives up to his end of the deal and makes people laugh. Because I know I'm funny.

**Zach:** It's easy working with Will because he's so open and giving and has no ego.

**Thanks for the chat, chaps! Finally, what's the weirdest thing a fan has ever done?**

**Zach:** I've been followed into bathrooms by teenagers who keep talking to me while I'm at the urinal. That I don't like.

**Will:** In a public bathroom you learn to go into the cubicle. Come on, Zach, you should know this! It's awkward when people sidle up next to you. They say things like, "I can't believe I'm peeing next to Will Ferrell!"

# Drugs, guns & kidnapping...

Canadian journalist Jay Bahadur  
has spent years tracking

**Somalian pirates.** Here, he gives  
an insight into some of  
the deadliest gangs on Earth...

# H

## i Jay. How did you first become involved with Somalian pirates?

I was working in market research in Toronto but it was my plan to break into journalism by going somewhere crazy. I wanted to go to Somaliland. I was caught up in the whole romanticism of this idea of pirates. I wanted to go and see what the real story was.

### Who exactly are they?

The guys I met were fishermen from a small town on the northern coast of Somalia. Originally, it was just fisherman focused on the harvesting of lobsters. The local people received huge amounts of money for exporting them to Dubai.

### When did they branch out into kidnapping?

Around 2005, these gangs essentially invented the modern model of piracy, which was kidnapping crews at sea. They went up and down the coast, training new recruits. Over time, the ransoms starting going up from £200,000 to £300,000 to millions and eventually tens of millions. It created a whole new incentive which attracted a new breed of pirate – people who had never stepped foot in a fishing boat in their lives but were attracted by the money. In fact, none of them really operating now are fishermen.

### Does this new class of pirates come from a military background?

If you're a young man in Somalia, one of your only options if you own an AK-47 is to be hired by private security firms. They would protect certain property or, in some cases, provide security for the UN. But the government basically ran out of money in 2008. The state created an army, and once the state ran out of money, you had a lot of young men with guns with not much else to do, and one of the only criteria to become a pirate is to own your own gun.

### How well armed are the pirates?

Each individual has to have his own small arm and then the financier will get the money for everything else, like the boat, fuel and weapons. They go out with Russian sea guns and a couple of grenade launchers, although those are generally used to frighten. I think those heavy weapons are more for show.

### Who's funding all this?

Local businessmen or pirate leaders. You can fund a mission for £15,000. They do

Jay with Somali villagers

tend to be local businessmen. They come back to their hometown and they see a chance to make money.

### Were you going out to sea with them?

No, I would have had a moral issue with that. I did try to get on board just to interview a crew once. They called back to their leader to ask if it was OK, but he consulted his sidekick, who was also a psychic. Apparently, he said, "Don't let this spy on board." This gives you an idea of how paranoid they were. They have a very limited idea of what's going on in the outside world. It's not helped by the fact that they were high on drugs.

### What were they high on?

Khat [leaves that create feelings of euphoria when chewed]. It started as a mild

curiosity [for the pirates] and turned into a fascination, because if you chew it for hours, it gets you quite jacked up.

### Why did they let you get close to them?

The ones who thought I was a spy had connections to the family that was hosting me. There were some scary encounters, though. We once arrived in another town where a rival pirate gang were holed up. I tried to ask questions and get on the ship to witness the negotiations, but the local soldiers said it was a good idea to leave.

### How do they target ships?

They generally acquire a mother ship – a lot look for fishing ships to hijack. They tow two skips so they have four or five men to each skip. They open fire

to keep the crew from interfering with the boarding, and then use ladders to climb onto the ship.

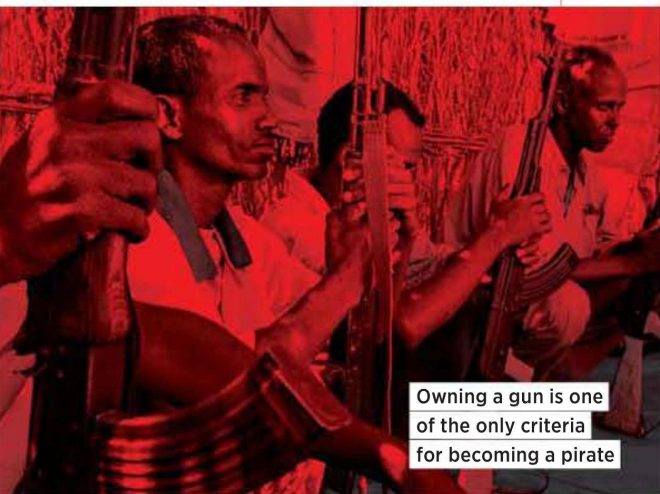

### What are some of the misconceptions about the Somalian pirates?

One is that it's internationally funded. It's not. Another is that their intelligence allows them to target the rich ships. Generally,

they don't have that much navigational experience. Another is that pirate money is being used to fund different empires and other countries – claims that have been made with no evidence. My experience was that most of the lower down guys had never left Somalia and wouldn't know what to do with a bank. **X**

### Medal Of Honor:

Warfighter is on sale from 26 October on Xbox 360, PlayStation 3 and PC. See [uk.medalofhonor.com](http://uk.medalofhonor.com) for more information.

Owning a gun is one of the only criteria for becoming a pirate

## SOMALIAN PIRATES IN NUMBERS

- There are around **20-30** mission financiers in the world at present.
- At any given time, there are believed to be approximately **400** pirates in operation.
- 35-50** is the size of the average crew.
- Jay estimates the average ransom is **£4.5million**.
- It's believed there are around a **dozen** ships currently under ransom.

"Look! I bought these mini choc ices for just 59p!"

## GoodFellas

ITV4/HD • 10pm

Seeing this film is a rite of passage for all men. It tells the true story of Henry Hill (who recently went to sleep with the fishes for real), a kid who rose through the dizzy heights of the mob hierarchy. Scorsese directs, De Niro, Pesci and Liotta star. It's got incredible violence, an awesome script and superb performances.

PERCEPTION

WATCH/HD • 9pm

Hiding in this lady pleasing FBI drama is the rather attractive Rachael Leigh Cook.

"I'm going to pop this stupid thing!"

## Liverpool vs Udinese

ITV4/HD • 8pm

If Liverpool fancy some silverware, they could do worse than take the Europa League seriously. Last season's third-placed Serie A side look like the Reds' biggest threat in their group. Now they just need to work out how to win a few games.

★★★★

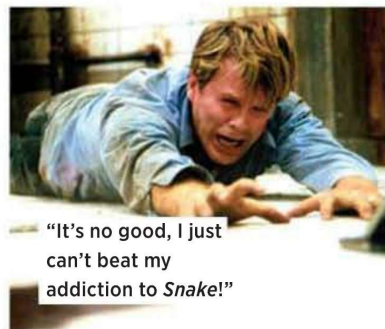

"I told you, Mr Postman, no junk mail!"

## Hunted

BBC ONE/HD • 9pm

From the people behind *Spooks* comes this new espionage thriller. Sam Hunter (Melissa George) is the assassin with a past as murky as the bottom of a Pot Noodle, and she's hell-bent on confronting it. But little does she realise the Hunter (geddit?) is about to become the hunted. Give it a go and you might just get hooked.

★★★★★

"It's no good, I just can't beat my addiction to *Snake!*"

## Saw

FILM4 • 11.05pm

Some say it's the original gratuitous gore flick, others think it's a little tame compared to modern-day monstrosities. Whatever you think about the first outing of the *Saw* franchise it's a proper classic, and well worth watching again. The effects are gruesome, but they're still no match for our very own *Don't Look!* page.

★★★★★

CARLITO'S WAY

ITV4/HD • 10.35pm

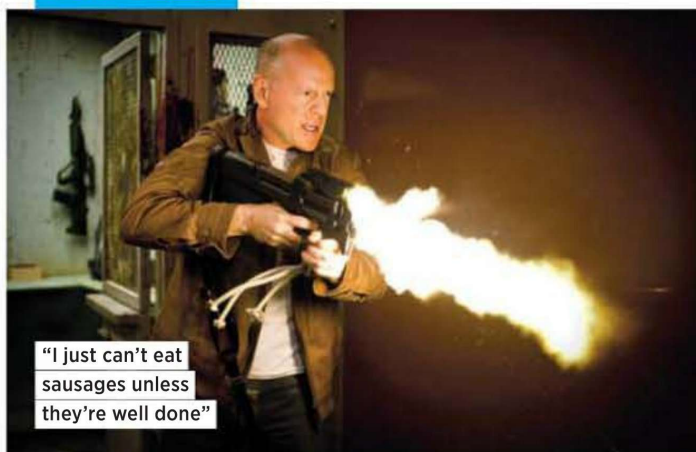

It's by director Brian De Palma, it stars Al Pacino as an ex-jailbird pulled back into drugs underworld, and Sean Penn sports the best wig ever.

## 'From online chat to bed'

I HAVE an online chat buddy and I'd get aroused by his way of flirting. He couldn't wait any more so we decided to meet in a hotel. We had a deal not to reveal our identity. I stepped into the room where we were supposed to meet. I could only see his image because of the dim light coming from down the street. When he arrived, he began to kiss me slowly starting from my lips, neck, and down. By the time he undressed me I was so wet and now it was my turn to pleasure him. We lay on the floor and he began to slowly make love to me. By the end we were exhausted and fell asleep. When I woke up he'd gone but left a simple note on his pillow that read, "Take care!" We still flirt a lot and he makes me wet every time we chat!

## 'I caressed her boobs'

ONE SUNDAY when I was in the pub with my friend, we became very drunk and, fancying her like crazy, I brushed past her leg under the table and saw a naughty look on her face. It made me wet and I knew she was, too. We went to the ladies and as soon as we entered the cubicle we kissed passionately. I gently caressed her boobs then unzipped her jeans. My tongue found her clit then, just as she was building up to a mind-blowing orgasm, we heard knocks on the door. We quickly left and went outside to hide away and carry on.

**Katie via email**

## 'Our fun in the woods'

MY FAMILY and my boyfriend went for a BBQ at the local campsite. After

finishing our food, me and my man decided to go for a walk and before we knew it, we were in the middle of nowhere and just surrounded by trees. I gave him a saucy look, pulled him closer to me and gave him

a big passionate kiss. I looked down and could see he was rock hard, so I grabbed his hand and we headed into the woods. We undressed each other, then I took him in my mouth and slowly teased him until he begged me to go faster and faster. Soon he was moaning. He turned me round, bent me over and placed his manhood deep inside me. My screams of pleasure echoed into the distance and after a few minutes I made a louder noise as I came. Now we're big fans of nature walks!

**Emily via email**

## 'He had me on the bonnet'

WHILE A little tipsy, me and some friends decided to head into town. I was sat in the front of the taxi having a little flirt with the driver, who I'd met before. When we stopped at some traffic lights, he leant in for a snog! I wasn't wearing any pants and let him know this. He was stroking my leg while driving along and it all felt extra naughty as my friends were in the back.

We dropped them off and he took me to a quiet road and had me on the bonnet. It was a great start to the evening and now when I need a lift, I give my new friend a call.

# 10 RUDE QUESTIONS!

And a real girl to answer them!

**Ella**

21 London

**1 Where's the strangest place you've had sex?**

"In a park under a blanket. It felt so naughty because everyone was sunbathing around us, but we just hid under the blanket and went for it! We had to stop because an older couple blatantly knew what we were doing and we worried they might call the police!"

**2 What's your trademark move in the bedroom?**

"Guys love it when I jump on top. It's my boobies bouncing up and down that's the main attraction. I love my boobies!"

**3 What turns you on?**

"I like it when a man is confident. That's very sexy. There's nothing worse than a shy guy when you're about to get down and dirty. It ruins the moment."

**4 What's your favourite position?**

"Being on top because I like being in control. I'm also a fan of the sideways cowgirl – it hits your G-spot like you wouldn't believe!"

**5 Is it better to give or receive?**

"Both! There's more

pleasure involved that way. Although, I'm not going to lie, I'd happily let a guy go down on me for hours and not give anything back!"

**6 What one thing would you really like to try but haven't yet?**

"I want to get the chocolate body paint out and get a bit messy with it. Maybe I'll pop a marshmallow or two in a naughty place and get nibbling. Yummy!"

**7 Ever got it on with another girl?**

"I've nothing against it, but it's not for me! A cheeky kiss is as far as it goes, although after a drink or two, that'd probably go out the window along with my inhibitions!"

**8 What's your favourite role-playing costume?**

"You can't go wrong with sexy black lace underwear, stockings and sexy heels."

**9 Have you ever made a sex tape?**

"No I haven't, because of the risk of it getting out!"

**10 What's the rudest thing you've done?**

"All I'll say is that it involved a rampant sex toy and it wasn't just me using it!"

**"I'd love to get messy with chocolate body paint!"**

## Rory McIlroy: 'We drank Jägerbombs out of the Ryder Cup!'

**The Irish golf superstar on fancy cars, drinking games and sticking it to the Yanks!**

**Hi Rory! You're taking on the Yanks in the Ryder Cup again this week. Would you prefer to win that again or another Major?** I don't really think like that. I don't think I'd rather win this than that, or win this many number of Majors. I play to win, and in many years, when I'm retired, I'll look back and see how I did.

**What was the party like after Europe won it in 2010?**

It was big. We were drinking Jägerbombs out of the Ryder Cup! It was a great craic with the Europeans and the Americans all having a great time together.

**Who'd win a drinking contest – Europe or America?**

Come on now, is that even a question? We have two Irishmen and a Scotsman on the team!

**Have you ever been tempted to go down the wacky golf trousers route like Ian Poulter?** I don't think anybody could pull them off as well as Ian does. I'll leave that to him.

**Tell us your favourite joke.**

Two guys are having a round of golf and the first is about

to tee off. He keeps looking up, looking down, measuring the distance, trying to figure out the wind speed. His pal gets angry and says, "What are you playing at? Just hit the bloody thing!" His pal replies, "My mother-in-law is on the clubhouse terrace. I want to make this a really great shot." "Give over," says his pal, "you've got no chance of hitting her from here!"

**Ha-ha! Golf will be an event in the 2016 summer Olympics. Would you hope to play in it?**

Of course, I'd love to. To win a gold medal for your country would be wonderful. Being an Olympic sport will hopefully encourage more people to take up the game as well. I have a decision about who I'll represent, but I'll decide that nearer the time.

**What was your best ever hole? And your worst?**

My best will have to be the 18th at the US Open in 2011 [Rory hit a par 4 to win the tournament]. Not in terms of the best golf I've ever played in a single hole, but what it meant to me and my family. As for the worst, take your pick from the final round of the 2011 Masters!

**You had a four-shot lead going into that round but shot an eight-over-par round of 80 to finish 15th. What happened?** I think the truth is that I just wasn't ready to win it. At the time, it was hard to take, but I can look back and laugh at the final round now. There'll be plenty more opportunities for me to win it.

**You're going out with Caroline Wozniacki. Is it tricky fitting in your life on the golf tour with a girlfriend who's on the international tennis tour?**

Not at all. When Caroline has been at events, I've done well, so it's nice to have her there. She comes to watch me when her schedule allows and, to be honest, it's a nice distraction.

**What's the most expensive thing you've bought recently?**

It would be my car collection. I'm not a flashy guy, but like most men out there, I do appreciate fine cars. [Rory's collection includes a Lambo Gallardo and a Bentley GT.]

**Who's the maddest player on the pro circuit?**

Graeme McDowell is a fun guy to be around, and a great friend off the course. If there are celebrations to be had,

you can be sure that he will be leading them.

**Is it true you started playing golf regularly as a toddler?**

I did! I hit my first golf ball at two. Most kids are begging their parents to go to the park, but I was always asking my father if we could go and play golf. You see it in a lot of sports now. You read these stories of Real Madrid and Man United signing up kids of four and five. Talent can be obvious from a young age.

**What do you do at the end of a round to relax? Are you allowed to eat what you like?**

I like to relax with Caroline and my family. I also enjoy catching up on the sport. I certainly watch what I eat. I do weights and things to keep my upper body strength up, so I need plenty of energy.

**Are you good at crazy golf?**

I played golf on the helipad of the Burj Al Arab hotel in Dubai [211 metres above the ground]. At the time, I think it was the tallest hotel in the world. You don't get golf any more crazy than that!

# The Prem's Belgian invasion!

**Jonathan Pearce on the country's influx of stars!**

➔ IT CAN'T have escaped any football fan's notice that there are a lot of very good Belgian footballers in the Premier League – BBC footy expert Jonathan Pearce has certainly noticed. “Clubs have been splashing huge amounts on Belgian talent,” says Pearce. “And the national team are being talked of as dark horses for World Cup 2014.” He runs the rule over their top stars.

## THIBAUT COURTOIS

Keeper, Atletico Madrid, loan from Chelsea  
“Petr Cech has described his protégé as one the best talents in European football. He kept 23 clean sheets in 52 games in all competitions last season. He kept a clean sheet against France on his Belgium debut, too.”

## VINCENT KOMpany

Defender, Man City  
“The Man City captain was the most assured defender in the Premier League last season. He reads the game astutely, times his tackles with precision and rarely makes a mistake. What a bargain £6m represents!”

## MOUSSA DEMBELE

Midfielder, Spurs

“On Boxing Day last year for Fulham against Chelsea, he ran the show from a deeper, more central position than his previous wide role at the club. He was outstanding from then on. A fine, creative midfield player.”

## EDEN HAZARD

Midfielder, Chelsea

“Zinedine Zidane says he'll be a ‘major star’. He glows when the ball's at his feet. He dribbles with superglue certainty. He's yet to reproduce his best club form for his country but he's improving under Marc Wilmots.”

## ROMELU LUKAKU

Striker, West Brom, loan from Chelsea

“He has strength, speed, a good touch, ability in the air and on the ground. He may get the games he needs on loan at West Brom. That will help Belgium, who need a striker who will average a goal every two to three games.”

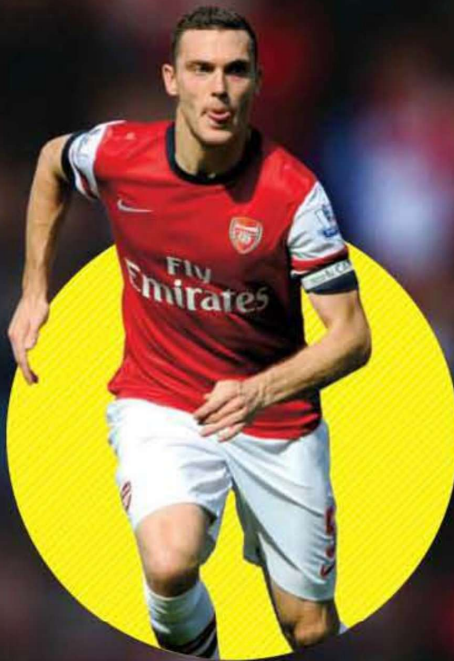

#### **JAN VERTONGHEN**

Defender, Spurs

"He came through the famed Ajax youth set-up and partnered Thomas Vermaelen. He's won two Dutch titles. Spurs fans are now seeing why they outbid Arsenal, Manchester City and AC Milan, among many other suitors."

#### **THOMAS VERMAELEN**

Defender, Arsenal

"He's one of the finest left-footed centre-backs in Europe. He's started this season superbly at Arsenal, clearly benefiting from the coaching of Steve Bould. He's dangerous in the air at set pieces and has dynamite in his boots."

#### **MAROUANE FELLAINI**

Midfielder, Everton

"Critics will say he's never matched the success of his first season in England. I disagree. He's a physical menace who can cover ground all day long. As a boy he loved 10,000 metre running and his stamina is unquestionable."

#### **KEVIN MIRALLAS**

Striker, Everton

"Everton's new £6m signing slipped into English football almost unnoticed, but quickly showed his potential. Mirallas scored two in his first two internationals but has only scored three more in the last five years."

#### **CHRISTIAN BENTEKE**

Striker, Aston Villa

"Villa boss Paul Lambert described his new £7m centre-forward as 'unplayable' on his scoring debut against Swansea. He has height and power. But will the World Cup qualifiers be a step too far for him?"

## **Can they win Brazil 2014?**

"Many people are understandably taking note of Belgium. Their form over the last two years has been strong. The emergence of this young group of players is very exciting – they have a rich vein of individual talent. The players I've listed cost a combined £170m. There's also a good mix of experienced players with a winning pedigree. But expectation levels are rising at a worrying rate. They're in a tough group and even if they make it to Brazil, they'll lack international tournament experience. A more realistic target is Euro 2016 in France."

## ARMADILLO

Brazil 2014

"I was in Brazil for the best part of a month in the summer and I saw zero armadillos. Three years ago, I also spent the best part of a month in Brazil. I saw zero armadillos. So a footballing armadillo is the perfect, logical choice."

## WILLY THE LION

**THE 2014 Fifa World Cup mascot has been unveiled**

## Mixed fortunes for England's teams!

A week of highs and lows in the Champions League!

➔ **WE'LL GET** to Man City in a moment – first, let's have a look at the other three teams who had better fortunes in Europe.

The City game had everything – indeed, last week was a fantastic week of football – but elsewhere, you had Arsenal, who were very systematic and professional against Montpellier. It's no coincidence that Steve Bould is the man now sat beside Arsene Wenger who,

in the whole time he had Pat Rice as his number two, never mentioned how well Bould was developing as a coach. Arsenal are now difficult to beat, thanks in no small part to Steve.

Chelsea had it and then threw it away against Juventus. They had the game won, but instead of finishing it off, they continued to play in the way that got them two goals up. I was surprised Di Matteo didn't change his tactics.

Man United did what they do – once upon a time they'd win pretty and teams couldn't even get out of their own half. It's different now – opposition teams get as much play, yet it's still United that come out on top. So it unfolded against Galatasaray – they had as much of the ball as United and there was always that suspicion that they might nick a goal, and yet they didn't, as is often the case. United just keep rolling on.

## Why the Hart-Mancini spat happened!

IT WAS refreshing to see Joe Hart being so open after Man City's last-gasp defeat to Real Madrid. The frustration of being so close, and that he was still blaming himself for what happened despite the fact that he was let down a couple of times by his captain, was obvious for all to see.

Roberto's Mancini's reaction to Hart's statement was a bit of a knee-jerk one so soon after the match had ended. The interviewer shouldn't have even asked Mancini to comment on what Hart had just said in a very frustrated, heat-of-the-moment context.

I can appreciate Joe's reaction, and I can see Mancini's side of it as well.
