Los Angeles is full of beautiful of women. On the short drive from my home to the office, I come across no less than five future SHOW Girlz. And at the gym, forget about it. This left me to thinking; what is our capacity for the amount of fine women we can look at in a month's time? Currently, we treat you to twelve new beauties every thirty days. In the near future we will be increasing that number to no less than twenty-four lovely ladies of various diverse ethnic backgrounds. How sweet is that? Enough is never enough. How do you feel?

Each of our four cover models are veterans of SHOW. The exotic beauty **Nilanti Narain** was featured in what many refer to as our hottest issue ever, SHOW #3. The unforgettable **Ahni Luv** is back for her second cover, representing the DC Metro area. Her first cover for SHOW #4 was an instant classic. This one will be as well. **Jade** is starring in her third issue of SHOW. You can also catch her fine ass in BL #1 and BL #3. And of course our girl **Diznee** is back to give you more of her angelic eyes and that ridiculous comic book body. I love this issue as I love all of them, but this one is special because it features so many returning SHOW Girlz.

In Cyber space news, the **SHOWGirlzExclusive.com** message board is heating up to say the least. Both Nexus and Exclusive have the forum on fire. Stop by and make sure you visit the Nasty Room where all inhibitions are checked at the door. The models up there have filthy mouths. Bless their hearts.

I want to take this time to welcome **Vanessa Veasley** who has been brought on as Managing Editor. The SHOW Girlz are definitely taking over. The "Premier Chick" has been with us since the very first issue and recently graced the cover of the super hot and sexy BL #4. Don't get it twisted; as she is fond of saying, however, the brains are as plentiful as her abundant beauty. She definitely runs the SHOW!

Let the SHOW begin,

Sean Cummings
Publisher and CEO

Dear Mr. Cummings,

Hey this is Jaison Smith from the ATL. Ever since my homeboy introduced me to SHoW magazine, I made it my business to get every DVD and issue printed (maybe not all the multiple covers of some issues; don't fault me for that). I have to say from top to bottom the Black lingerie #4 is the best issue I've seen (and that's saying a lot since I seen them all). You have the old mixed in with the new of some grown, sexy, bad ass women (because that's the only way they present themselves as). My next question is when the BL#4 DVD coming out!!

P.S. My girlfriend (soon to be fiancée) loves SHOW too!! She fights me for the magazine... Lucky me huh!!!

Hello Show Magazine! I was emailed yesterday on Myspace by the model **Vanessa Veasley** to check out the new issue with her on the front. I went and bought it and was surprised to see you had also put **Sweetie** and **Summer** on a cover two. I remember the last Black Lingerie had two different covers. I bought the one with **Jesikah Maximus** on it because I'm a big fan of hers. Anyway, I hit back **Vanessa** to tell her hot she looked in the magazine and she thanked me and told me you guys always read your emails so tell you what I thought too. I like this one the best so far because you have bigger name girls in it. I am a big **Vanessa Veasley** fan. I am a big **Summer Walker** and **Amber Fox** fan too. **Sweetie** makes Mariah Carey look plain! Damn. I see why your publisher says he is her fan :) The very last girl **Kersti** is the hottest "rookie" I've ever seen. Why is she done with modeling? Did she have a baby or something? I personally argue with my homeboys that young girls are usually hot because they're still young and haven't lived yet. She has a sexy body but sexy comes with time and 18 year olds don't have a clue what to do with that body yet. When a chick is pushing 30 like Vida or Gloria Valez and still looks hot... that's sexy!!! It turns you on because you know they know what to do with it too, and you know you could have a real conversation with her. So I hope you convince **Kersti** to stick around because she can only get better. I read all the interviews and I like how each girl has a different personality. I think **Sweetie**, **Summer**, **Amber**, and **Vanessa** seem the most accomplished and also most complex and smart. That's why they do a lot and you chose them I guess. I've seen topless pictures of **Amber Fox**. She is sexy because she reminds you of a girl you would have gone to school with or something. She's regular but in a good way. In **Vanessa Veasley**'s interview you asked about a shoot in Jamaica. I think that will be really hot. I was mad when I bought the Smooth Jamaica Issue and there was like only one Jamaican girl in it! That shit was wack! There are enough of Jamaican and mixed Jamaican models like **Nichole Ricca** and **VV** to fill up two magazines! If you guys do a Jamaica magazine it should have all Jamaican or mixed Jamaican/other island girls in it. I am Dominican. I think a lot of hip-hop magazines get it messed up about what us Latino guys want. I think the black guys are buying all the Latina special magazines. If I walk out the door and around the corner to the store...that's a Latina magazine and many of the girls are I see on the street are even sexier. But I love black women and Caribbean women. Trini, Jamaican, Hatian, and chocolate girls from Panama, Venezuela,

and Curaco. If you listen to Reggaeton music lyrics, all our rappers talk about is how they love black and morena women. It would be cool if you did a Black issue with all darker girls like how you did the white one with the white girls. I would be the first in line to buy that. Anyway I'm sure you get lots of emails from guys like me thinking they know everything, but I just wanted you to know that I love your magazine and will keep buying it because you have the hottest girls and almost all the pages have girls on them and not stupid advertisements. Keep up the good work Show Magazine!
-Julio S.

VANESSA

Mr. Cummings,
I'm really feeling the Black Lingerie Magazine. My favorite girls are **Summer**, **Sweetie**, **Amber**, and **Vanessa**. Honorable mention goes to **Sarah**, **Buttercup** and **Kersti**. Overall it's an awesome magazine! Congrats on your entire magazine's success and I wish you much more in the future!
-Ruddy Lugo

Just wanted to let you guys know I really enjoy your magazine. I bought both the pink and white issue and the special edition with the girls in black. They are both very tastefully done. The special edition is super classy. The girl **Vanessa** in the black teddy dress is simply stunning. I love her golden complexion, breasts, and pretty toes (that's a first!) Sweetie is a dime! You know a woman is beautiful when she is almost naked and you can't stop looking at her eyes. I loved **Summer**'s spread as well even though there weren't many pictures of her bottom half. The back-shot of **Sweetie** on page 44/45, the cover photo of **Vanessa**, and the picture of **Summer** squatting in the

thigh-highs on your contents page, are going into my "spank bank"! LOL You know your magazine is the best when you spend \$20 on two magazines instead of putting it in your gas tank! -Will S.

Sean,

I am a motivational speaker and life coach and I was giving a class on turning your dreams into reality and was speaking on visualizing what you want. The next day one of the guest brought me a Show magazine and asked me if he was to visualize a woman like that could he attract her into his life. Note, he didn't want her, he want a lady built like that. I said yes if he truly believed then yes. I just want to say thanks to you for giving us images of women who are built that way and are very sexy. I will use your magazine in my next class when I talk about creating the mental image of what you wish to manifest in your life. Where do you find these women and is your next event I would love to meet you and some of these women myself.
Keith

Mr. Cummings

I would like to say to you "WONDERFUL JOB WELL DONE". By the way my name is Gregory Tyus Sr. and I tell you there are some flat out gorgeous thickalicious women in your magazine all the way around. All shapes, sizes, nationalities and I Really love the thick ones; **Summer** is a true Gift from GOD WHO RAINS HIGH ABOVE, She is Beautiful, Sexy, Shapely, with an angelic face and lovely smile. A good woman is a gift and if more women looked at relationships the way she does there would not be so many bad marriages in America today and not near as many divorces neither. She is the virtues wife spoken of in proverbs for sure. Then there is **Rachel** another stunning beauty, then you have that gorgeous green eyed women with the golden flakes called; **SWEETIE**. I bet she is a true sweetie in every way imaginable to men all over, then there is sexy **Karen**, lovely **Vanessa**, then you have that super sexy **Ashley**. These women put your magazine at another level and I must say your white issue is top of the line, the women in their sit the pace for women all over the world. Now **Diznee** is in a class all by herself, she has the perfect body, that charming face, those hypnotic eyes, that mouth watering smile and no disrespect at all that bubble butt. Where do you find such rare beauty around this world? Don't forget **Sunshyne**, she is the proto-type turned the measuring picture of motherly beauty of love!!

Sirs, 1st, let me thank you for producing a quality product. I have always considered the feminine female figure the Highest Art Form in Nature. And now we've can only hope and give our best wishes for the continuing success of Kersti into the modeling world. The void of her leaving leaves us to hope that many more beautiful young ladies are out there to step in and show their stuff. Is there any future pictorials planned of **Yurub** (gorgeous legs!!), **Syion**, **Cynietra**, **Nu Nu** and always the delightful **Diznee**? Oh, so many more of my favorites I recall; **Jivanta**, **Morgan**, **Jacara** and ever noticed that **Karma** and **Emily** look so much alike! Maybe a "twins" pictorial? Lol! Anyways, keep producing such fine pictorials of such many worthy models. Thank You.

The South Pacific holds some of the most captivating and awe inspiring visions of beauty that the world has to offer. Therefore it's really not that surprising that the region's exotic Fiji islands birthed 22 year old, Nilanti Narain. "It's very fulfilling to come from such culture and purity," gushes Nilanti, who is actually Indian. "I really believe that the islands of my home encompass both who I am and what's important to me." ►

show | Nilanti

And while Fiji offers resorts, rest and relaxation to jetsetters the world over, Ms. Narain hasn't become one of urban entertainments premiere models by sitting back and soaking up the sun. The stunning 5'6" buxom, (Yes its all real!) model/actress/singer prides herself on a work ethic that has enabled her to quickly rocket to the top of her profession. "This has been my dream ever since I was a kid, so being successful with one thing only drives me to achieve even more," Nilanti offers, as her piercing gaze makes you a believer. But her wide-eyed optimism comes complete with an impressive resume. Already having been featured in music videos from big names the likes of Kanye West, 112, Akon and Snoop Dogg, ►

Opportunities came early and often for Nilanti after she moved to Los Angeles and attended school in neighboring Santa Monica. While many girls were simply worrying about who would take them to the prom, Nilanti was busy making her talent work for her. Soon she offered her striking beauty in commercial work for Capital One, Double Mint, Target, Mark Ecko and Nissan among others. And as high school ended her workload grew. She became a full time model, gracing the pages of *Elle* and *Exotic*.

But it's her love of music that just may spawn her crowning achievement. Currently in the studio crafting her as yet untitled debut, Nilanti's voice rings just as beautifully as her looks. "I've always told myself that the day that I can achieve my goal of becoming a star doing what I truly love is the day that I'll be content," she says. "Singing has always been my biggest passion and it's a blessing to finally be able to pursue what I love." ▶

And Nilanti's work isn't only taking place behind the mic. Her RAIN Entertainment, promotions, marketing and event production company has quickly become one of Tinseltown's most recognized brands. Managing models, throwing star-studded, A-list soirées for an ever-growing list of clients, and overseeing product placement in music videos and TV shows for brands like Karl Kani International and Krispy Klean customized sneakers, Nilanti proves that intense beauty can be complemented by intelligent business savvy.

In fact, the very magazine that you're holding in your hands has even tapped into Nilanti's rising network. "When I first started the company, one of my first events was for Show in Beverly Hills," she recalls. "It was hugely successful and I'm thrilled to say that we built a very strong business relationship from that point on. With Show gaining in popularity by leaps and bounds, it's nice to know that Sean Cummings chose to stay so loyal. He believed that I was more than just a pretty face. He also gave me the opportunity to show him that I can handle biz with the best of them."

Stars like R&B singer The Dream, the Pussycat Dolls' Melanie Thornton, Raphael Saadiq, the Lakers' Lamar Odom and Bollywood Punjabi singer Jazzy B. frequently jump at the chance to host RAIN's notoriously sexy parties.

While the thrills and temptations of Hollywood's bustling nightlife can offer quite the allure, Nilanti manages to stay grounded by keeping both her family and her culture close. "It feels good to be the first model of Indian descent on the cover of Show," she explains. "It's groundbreaking for an Indian to be on the cover of any magazine in the US that is not based around Indian culture. And it's extra special because it's the Exotic issue! I've always been very proud of my looks, even if they are different from what you normally see on the covers of publications." ►

Her close-knit family helped her to develop this kind of pride very early in her life. "I want to thank my parents and my family for always believing in me—no matter how elusive my dreams must have seemed at one point in time," says Nilanti. "My family has always kept me humble. At the end of the day, that's all you have. I also would like to thank friends, acquaintances and business associates that have given me the support that has allowed me to go after it!"

Yet, after Nilanti conquers her goals by navigating the bustling waves of Hollywood you better believe she'll be ready to head home. "When I tell people that I'm Indian and from Fiji, they're blown away. I mean how many girls in the industry are those two things?" she questions. "I'm proud to be different. It's what I believe makes me beautiful." ■

different. It's what
I believe makes
me beautiful."*

Don't call it a comeback; I've been here for years! Lol! Seven years to be exact. I've been very fortunate with the opportunities I've been given in the modeling industry. From magazines, to music videos, to ad campaigns, my career has definitely surpassed my expectations. Out of all my accomplishments, I've always held my first cover of SHOW Magazine as my greatest achievement. So when I was asked to return for a second cover, that was a no brainer. ►

Since my last issue, I've managed to keep myself pretty busy. Shortly after the issue was released, I signed a one-year contract with Budweiser and shot their national urban ad campaign. Recently, the same contract was extended for another year. I was fortunate to be able to work with R. Kelly again, this time in his "Hair Braider" video. I was also privileged to work with Mariah Carey and Bone Thugs in their "Lil' Love" video.

But I'm not your stereotypical model. In addition to modeling, I also have a successful career in the business world. For the past several years, I had been working as a Project Manager. Recently, I've transitioned into a new position as a Marketing Associate for one of the most prominent consulting companies in the DC area. I am also a Community Outreach Specialist, which has to be one of the most fulfilling things I've ever done. Over the years, I've found a way to balance corporate America with the entertainment industry. Because of this, I have truly had the chance to enjoy the best of both worlds.

As much as I have enjoyed the past few years, I'm ready for modeling to take a back seat to other aspirations. I attribute my accomplishments to my supportive family, my faith in God, and the many positive people I've been able to surround myself with. With those 3 elements, I know I can achieve anything. ■

Born in Haiti I came to the US a year after I was born. Growing up as a strict Christian modeling was never a thought or an option. Being the oldest of four the burden was on me to set an example. By the age of 18 I was approached by many people to do videos and print work for magazine. A local agent contacted me and said he wanted to use me for a shoot with upcoming rapper at the time Papoose. I was excited the shoot went well but it wasn't about me so I tried castings but it was too time consuming and too much drama. A little discouraged I met Sean Cummings and he told me he was going to shoot for his new magazine and he needed; models I declined his offer. At the age of twenty I moved to Miami tired of my familiar surroundings and the strong arm of my parents. I fell in love with the tropical weather and beautiful beaches a new face in the game I met my agent at a local nightclub he told me I had a good look and I could make money doing music videos. Skeptical at first I decided to give it a shot since then I have been in Ray J "Sexy Can I" ,Plies and Ne-Yo "Bust it Baby", Rick Ross Nelly Avery Storm "Here I Am". Shortly after I contacted Sean after seeing his magazine the girls looked good and it was well put together. Five minutes into the conversation he asked me if I was ready to go to LA. I was and 3 weeks later I was at Slickforce Studio. Sean made me feel very comfortable. Everyone from hair, makeup, styling did a great job Nick made me feel at ease during the shoot much to my surprise it was a pleasant experience thank you Sean for giving me a shot. ■

First off I want to thank everyone who has continued to support me since my first debut in SHOW Magazine over a year ago, and my 200,000+ Myspace friends who have been there before all the fame and success. I thrive off success and I will stop at nothing until I am completely satisfied. I am only 20 years old, but I know there is a whole world of opportunity I have yet to conquer. Let me introduce myself for those of you who do not know me, I'm Nikita Esco, most of my friends call me Nikki. I'm an import model and a go go dancer. I'm half Chinese, half French and Polish. My mother was born in Taipei, Taiwan, and my father was born in Chicago. My parents meet in Spain and fell in love after a whirlwind romance. I was born in the small Navy town of Bremerton, WA where my father retired. I spent most of my teenage life in Emerald City Seattle where 2 inches of rain is considered a light shower. It wasn't until I turned 21 that I finally traded that rain for some sunshine in Los Angeles, CA. I've never been shy; I always loved to be in front of the camera. With my 5'3" frame I found out the hard way that the modeling world was very limited to me. That was until I attended a Hot Import Nights car show in Seattle where I entered the Import Tuner Magazine model search and placed as a finalist for the city of Seattle. That was my lucky break in 2005 and I then became the official spokes model for the USA Drag Show tour 'Battle of the Imports'. Soon after I was asked to be part of the Hot Import Nights tour as an official go go dancer. I've graced the covers of Superstreet and Deport Magazines, and I've been featured several times in Import Tuner, ►

Low Rider, and various other car magazines. I love the import scene: the cars, drag racing, drifting, motor bikes, cruisers, crotch rockets, rice burners, domestic muscle cars, and especially all of the fans. Not only has the import world been something that I've loved, but it has opened doors into the nightlife scene for me in which some of the hottest clubs in every city across the US have invited me to go go dance. I'm an official Maxim Magazine go go dancer for their Coors Lite tour which is held every year in LA, San Diego, and Las Vegas. I've also been a go go dancer for Heineken Beer for 3 years where I have performed at special events and conventions. Although I love dancing for huge companies at massive venues, my favorite part about being a go go dancer is when I'm hired by promoters for various nightclubs, because that is when I get to mix in with new crowds in new cities and meet new, amazing people. I always tell people I dance to express, not impress. Dancing is my passion, which I'm living, and I love my job. I can't wait to come to your city and meet all of you.
XOXO,
Nikita Esco ■

My career as a model began in 2005 when I signed with my current management Jamkam entertainment managers Avery Mitchell and Andre Glenn quickly sent out my photos to the urban fashion world shortly after I was featured online and in magazines. Voted as one of the worlds sexiest women of color I can also be seen in music videos such as Nelly's "Pimp Juice", Musiq Soul Child's "Don't Change" and Tony Yao "I Know You Don't Love Me". I've also started my own web site where you can get real personal and learn the truths about Sabrina Sky and how I became passionate about my modeling career. On a personal level I've been blessed so I love to give back and help others in need. For my current charity involvement I've linked up with the American fire fighters and a few other hot models to release a 2008 Fire House Hotties calendar voted #1 at peoplepost.com for only \$5. I just added my poster for only \$4 all proceeds go to the Make A Wish foundation, the burn foundation, and national fallen firefighter's foundation. Your support is greatly appreciated at www.firehousehotties.com. This year I've also explored the wonderful world of reality TV which I can't speak on much due to contract's and the fact that's it unreleased but keep your eyes open you never know where I just might pop up. I also love hosting parties and events, it's how I spend my spare time. Thanks for your time and interest!!!! ■

My name is Sonae Ryder, I am Korean and African American. I was born and raised in Philadelphia where I started to grow out of my own skin. As a young girl I was involved in Drama classes in elementary school and I loved to show off in front of the camera. Currently I am a student that still maintains good grades and an image that is out of this world. It all started when I submitted my pics to FHM and got a call sheet days later. I have appeared in KING magazine, Smooth, XXL, and now SHOW. I have worked on different projects like videos such as "Have A Party" by 50cent n Mobb Deep, "Streets on Lock" Faboulous and Young Jeezy, "Boom" by Mario and Juevenile also "Fresh Azimize" by Bow Wow. These opportunities allowed me to meet different people and learn the business. Shortly after I had the opportunity to work on MTV's "Wild N Out" show. It was very fun and I love it in Cali. I am very blessed to have the knowledge and memories of this business. I am only 21 yrs of age so you will see more of me. Stay tuned because my future is very big. Thanks to all my fans and friends that love me for me. Fashion is a lifestyle! ■

SHOW | Camille

Camille Calvin was born on August, 25 1981 in Forest City Arkansas, a small town with a population of 10,000. Her Grandmother Orlean Walker and her grandfather Bevford Walker opened and owned the first black record store in Arkansas. Being encouraged by her mother Sondra Pinckney (accountant) and influenced by her older brother Travis Lavelle (ballet dancer). Camille fell in love with rhythm and movement. Spending many nights with her grandmother and siblings watching movies, and listening to music, Camille became interested in performing and admired classic film stars such as Josephine Baker, Marilyn Monroe, and Joan Crawford. At 10 years old her family decided to move to Atlanta, GA. Wanting to physically express herself Camille became a cheerleader in middle school and moved on to compete at National Cheerleading competitions all around the U.S. by college. Camille immersed herself in theatre shows and dance courses learning ballroom and Latin dances like salsa as well as cabaret. During her theatre acts Camille recognized her passion for acting and decided to move to Los Angeles. In Los Angeles Camille worked as a model and also appeared in music videos for such artist as Snoop Dog with Dubb Union and Virginia City Revival. In addition she acted in short and feature independent films including "The Butcher" starring Erik Roberts and "Miss B's Hair Salon" starring Tommy "Tiny" Lister. She continued studying the arts while she continued college and graduated from AIU with a BA in Business Administration. Most recent Camille will be appearing in the film "Deep in the Valley" where she is noticed for her ability to lure with an afro-centric sultry demeanor. Starring Denise Richards, Tracy Morgan, Scott Caan and Chris Pratt. "Deep in the Valley" will be released to theatres Dec 2008. ▶

What kind of guys are you into?

I tend to fall for the genuinely sweet guy. The one that doesn't have a line prepared when he approaches me. I can't stand lines and I can't think of any woman I know that does. I've also always been attracted to guys who are smart. They don't have to be a brain surgeon, but as long as they have at least one thing in their life that they are passionate about. There's nothing sexier than a man that knows how to hold a conversation with his own original ideas and opinions, and not be typical by just going along with what his boys think...

When did you have your first kiss?

I had my first real kiss in 7th grade. I remember having a huge crush on the guy, and finally one morning after home room he asked me if I would be his girlfriend. I said yes, of course. But I was so shy I could barely talk to him. All I could do was huddle with my friends and talk about how cute he was. Finally, before the bell rang he caught me on the stairs and planted a big one on me. We broke up 3 days later. ►

Are you voting this year?

I am proud to say that I am voting for Obama!

Do you have any pets?

Yes I do. I have an adorable tea cup Pomeranian. Her name is Breanna and she's barely 2lbs. I love her to death but she has a princess complex. I'd really like to be able to take her everywhere with me but she can be very demanding for attention. What do you do with a spoiled child? So if you ever run into me on the street and she's with me, please don't be intimidated by the high pitch bark, she is actually very loving, we come in peace...

Q: What is your favorite dessert?

I would have to say my favorite dessert is dark chocolate. Because you can eat all you want and you won't get fat.

"Deep in the Valley" has full of popular comedic actors, do you plan on sticking with comedy?

You know, I love comedy. There's nothing better than watching a movie that can make you "crack up" and forget about your responsibilities for a moment. It makes me happy as a human being to be able to contribute to that feeling. But believe it or not, I've always wanted to act in action films. And so recently, I've been doing some training for it, and getting in shape. ▶

What type of training have you been doing?

Well I started kickboxing and fencing. I am really enjoying it. I get to take all of my frustrations out on a big punching bag; I definitely feel more inner peace in my day to day life now.

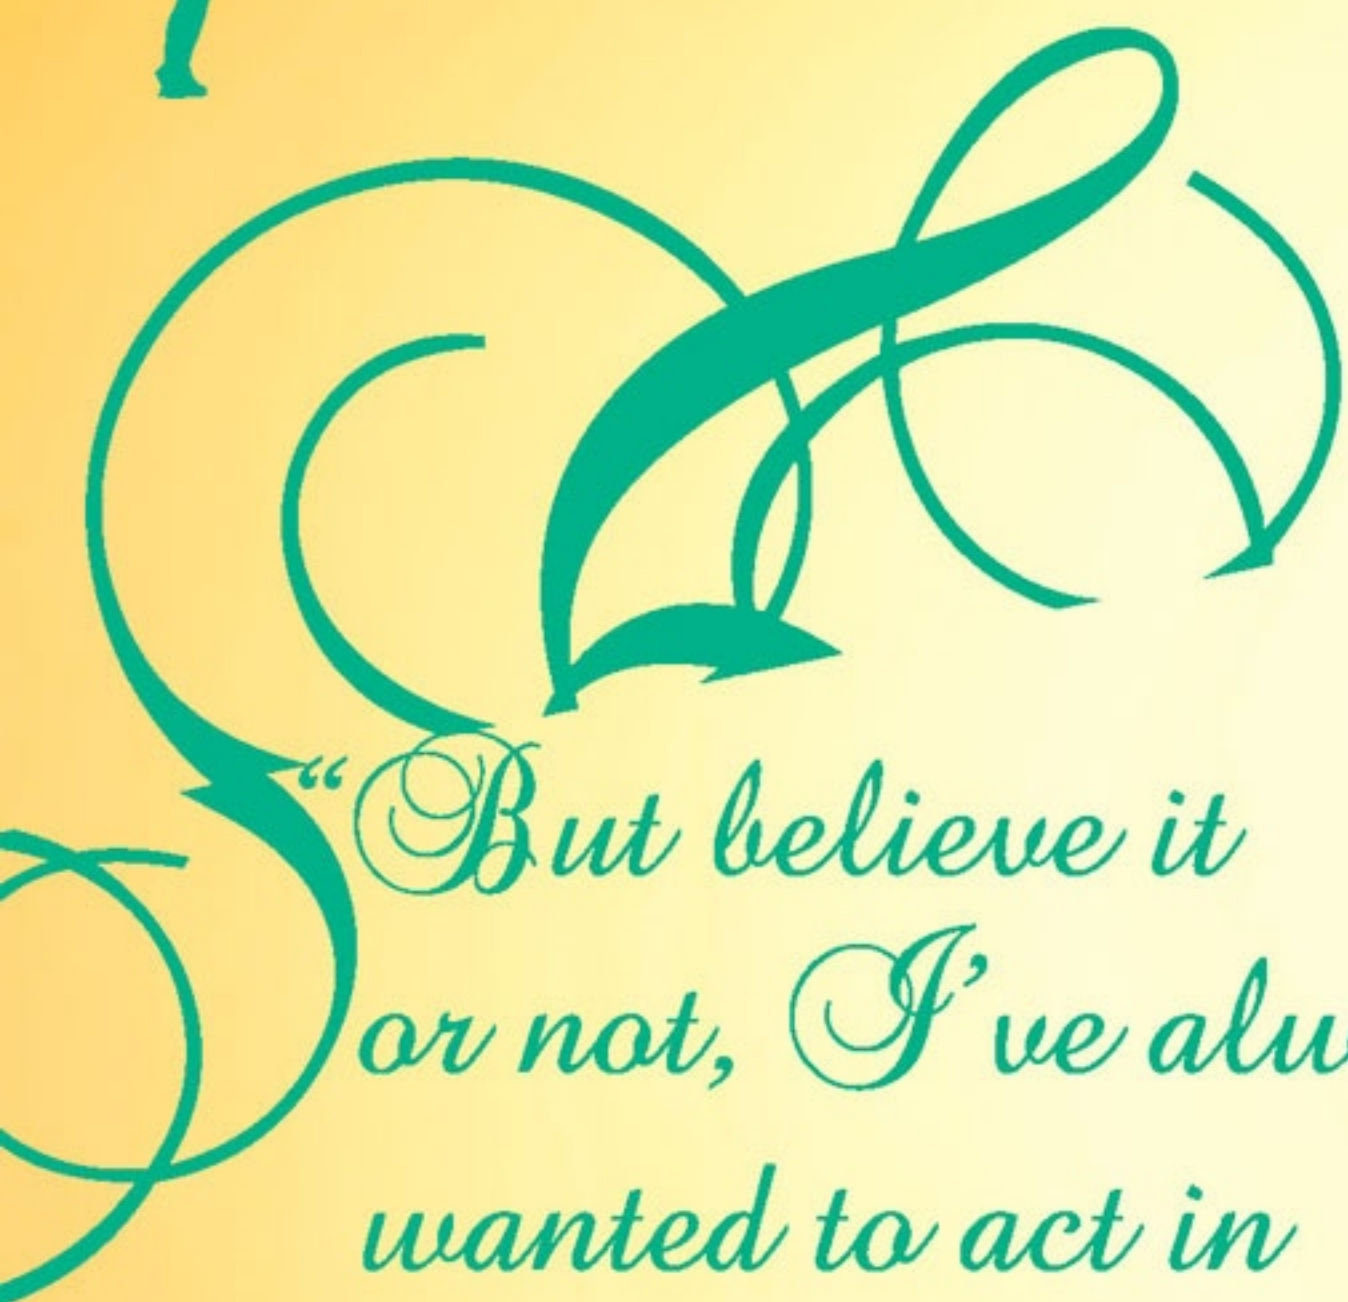

Thank you for taking a moment to how can people contact you for bookings.

If you'd like to contact me about your project, or if you'd like to just say hello, you can e-mail me through www.myspace.com/1camille, you can also get to my website from there. Thank you for having me it's been a real pleasure. And much love to Sean Cummings for inviting me. ■

My name is Dheenah Laine aka Cassidy Clay, if you don't know than ask about me. I am a Virgo from New Bedford Massachusetts. I always knew that I wanted to be in front of the camera. In high school I was the host for all of our videography, local cable news shows, and involved in all the other clubs. Senior year 2000 I almost lost my life in a car accident. I broke my nose and had over forty stitches in my face, I wasn't that pretty. Instead I focused on my education and attended Temple University where I received my Bachelors Degree in three years. I majored in broadcasting, communications, and mass media. I took mostly theater and Spanish electives to make myself a more diverse entertainer. I also began training with local theater groups. Upon graduating, I moved to New York and enrolled in the New Actors Workshop and trained intensely in theater technique. My career goals were influenced when I was discovered at a club by Lil X's assistance Patrice. She believed in me and introduced me to Benny Boom who helped me to appear in videos by Nelly, Mobb Deep, and a few more. I started working on music videos and learning the business. I enjoyed my time in New York, but I was destined for Hollywood.

After a year in the big apple, I was one of those people who went to LA for vacation and never went back home. There were so many opportunities that I have been productive since the day I came here. I used to think it would be like the movie *Clueless*, but the real streets of LA reminded me that it was more like *Playerz Club*. I wouldn't change it for the world. I love my life and am happy about the progress I have made. I have a lot of goals and am going to change the game, I am confident about that! I am known for my hard work and keeping it real. Look out for me at myspace.com/cassidy clay for all the updates about my work, appearances, and booking.■
