**Welcome to SHOW East.** Our newest incarnation features the culturally diverse women of Asia and the Middle East. Asia is a vast continent with over half the world's population, coming in at slightly under four billion people, countless ethnicities, ancient civilizations and the world's two most populous countries, China and India. With this new title, we hope to expose our readers to a multitude of beautiful models from exotic and distant locales such as Thailand, the Philippines, Turkey and Pasadena, CA. That's right, many of the world's hottest Asian women are American like you and me, and we are better off because of that fact. For us beauty is an external manifestation of a woman's heart and soul. We celebrate that beauty regardless of race or nationality. However, we also recognize and pay tribute to what makes us uniquely special and ultimately all the same, our differences.

For those of you new to SHOW, welcome! You will notice that we place a premium on quality above all else, from the exquisite SHOW girlz to the printing and especially the photography. Our publications are built to last and satisfy over a long period of time. The "Art of Sexy" is indeed timeless. The beauty of these women and the way that we bring it to you never gets old. SHOW is a very specific execution and the ultimate illustration of what makes a woman both attractive and desirable. Our poses reveal her wonderful feminine attributes from every angle. You see her alluring smile, her dangerous curves and most importantly the welcoming look in her eyes. Photographer Nick Saglimbeni's attention to detail and superior lighting technique literally illuminates every aspect of a women's true beauty from the inside out. The "Slickforce style" is indeed an integral part of SHOW.

We intend for our readers to fall in love at least once with every issue. SHOW always includes a diverse array of enchanting women to choose from. You are guaranteed to find someone that reminds you of that girl in high school you were afraid to speak to because you thought she was too beautiful and would never like you. When you finally got the courage to talk to her at the end of senior year you were surprised to find out that she was very approachable and she even knew your name. Now you get to see her in intimate lingerie. Isn't life wonderful!

Now that 2009 is upon us, the SHOW family would like to wish you and yours a very prosperous New Year. 2008 was a great year for Cummings Media, Inc and we hope to continue that success going forward. We are continually striving to improve all of our offerings in order to better serve our many valuable readers. If SHOW East is any indication, we are all about to have an excellent 2009!

Let the SHOW begin,

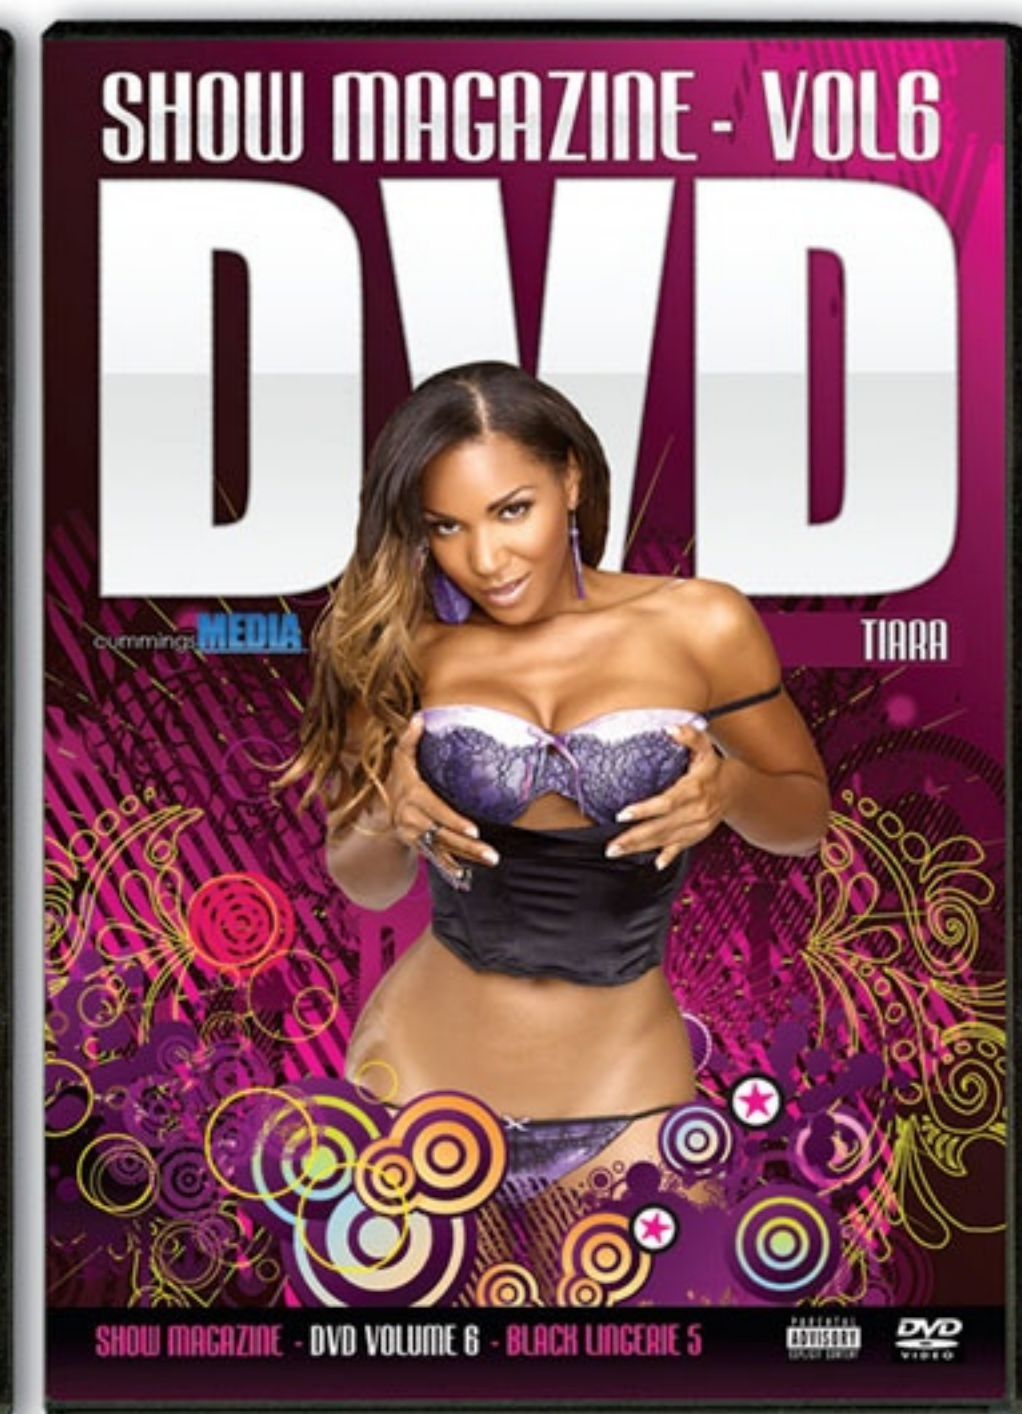

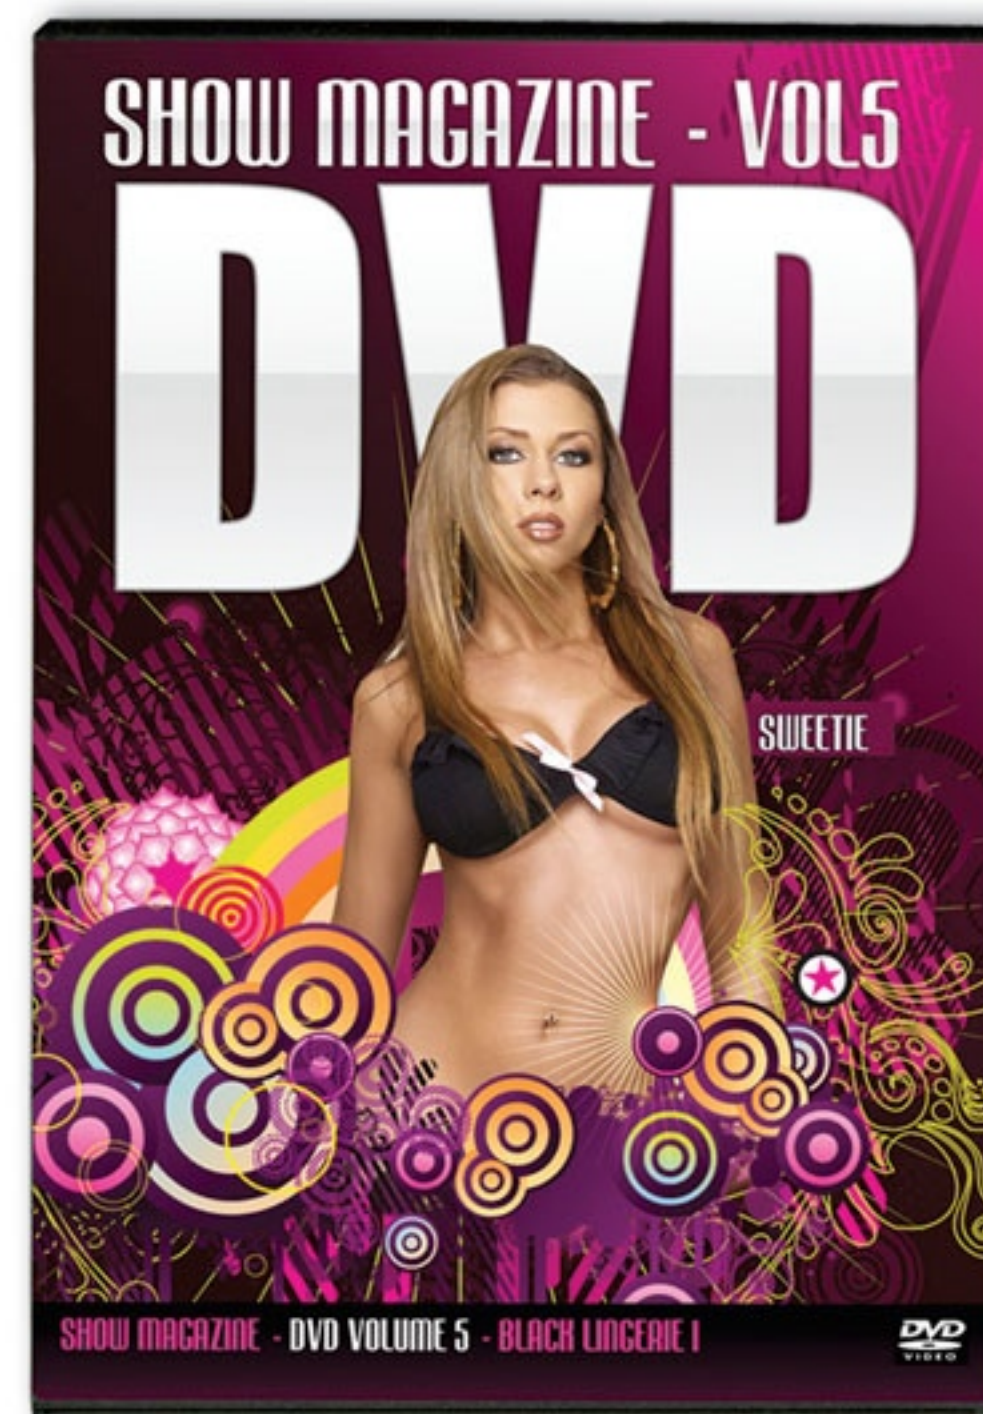

Sean Cummings

I picked up a copy (SHOW Latina) YESTERDAY at Barnes and Nobles and was BLOWN AWAY! Not only are the women stunning, the layouts are top notch. Keep up the fantASStic work. -Tora (via MySpace)

You folks know what your viewers want and you gave it. I'm always excited to see month after month's issue. Absolutely satisfying!  
-Paul Pablo (via MySpace)

I love your magazine and website. I really think some of the outtakes on the website from the new Latina issue with **Jesikah Maximus** are better than the pics in the mag. I also like how you guys show the girls that try out for the mag too. The white girl Tiffany is the baddest chick so far, I hope she gets a spread next! -JB

The new Latina issue is on fire! The cover girls are smoking hot. This magazine is much more types of girls than other "Latina" men's magazines out there. I'd still like to see an even more variety of Latina models fair and blonde to deep, dark chocolate with curly hair and everything in between. **Suelyn** is the hottest model I've seen in a long time and I hope to see more of her very soon. Keep it coming SHOW! -H. Pinto

Thank you for putting **Tiara** on the cover of Black Lingerie. I've been her loyal fan for a long time and love that you gave her a spread to introduce her to the dudes that don't know what time it is! Also really feelin **Kara**. Where the hell did this goddess come from? She's on my radar now...Thank you!  
-Jimmy J. (via MySpace)

I Like the White issue the best. I just love white women with big butts. -Kevin L.

I loved the new SHOW Latina Issue. Anything with **Jesikah Maximus** is a winner. -Angel G.

In my opinion you should keep with the thick girls. I've not been happy to pick up an issue, get home and find skinny flat assed girls. I now wait for someone to unwrap an issue in the store and then look through it before buying. Don't get me wrong, the girls are pretty but we pick up Show because we want to see thick women with ass. That's what sets you apart, other than the great photography. Every other mag has the skinny flat assed chicks. We want the thickness. -Anonymous (via MySpace)

The Latina Issue with **Jessica Burciaga** is the best so far. I'm new to her but I'm already a big fan. I also love **J. Maximus** and **Suelyn**. I could go on and on cuz there wasn't one chick in there I wouldn't kick out of bed. You guys blow every Latina Magazine and "Caliente" Issue of other Mags out of the water! Thank you SHOW!!! -Snowy

I love your magazine. I use it to help me on my shoots. The girls always have the best poses and lingerie. I'm still a work in progress, but when I'm ready I hope I can be a SHOW Magazine model. -Amy Amber

SHOW is the biz cuz you have girls of every flavor. You can't find that nowhere else. I like dark, light, White, Spanish, and Asian chicks and every combination of mixed girl if she's fine. I like to see more Asian models cuz you only get to see them in the car magazines, and those are more about the car and not the chicks. -Dj Mic Nasty

What happened to all the girls from Issues 1 & 2? I know a few of them are doing big things but you should bring them all back for a "reunion" issue. Or do a best of issue with the hottest girls from the beginning to now. Just a thought... -P.J.

I know you guys have featured her a few times, but more **Jesikah Maximus** please! That ass is like an Easter ham and I wouldn't mind seeing it in every single edition of SHOW! Thanks, -Duane Davis

Hi SHOW! I love your magazine but I think it would be cool to see more of the bigger named models in it from time to time. (Buffie the Body and Coco) I'm not huge fans of them, but I have a feeling they would look better in your magazine than they do in the others. Esther Baxter and Angel Lola Luv would probably look great in SHOW as well. -Randy Pearson

Sill waiting on my dark girl issue... Bring back **Angela**, **Bria Myles**, and **Cynietra**. Chocolate girls need love too! -BB

I used to think SHOW was over airbrushed. The bodies and skin just looked too perfect. Lately I think it's gotten so much better. But since the **Diznee** issue (#10) y'all been on point. You can see water beaded up on their skin and everything. That shit is crazy! It shows me that y'all have great photography and hot models and not just great airbrushing. -Hassan A.

I almost got into a fight at the newsstand over the last **Suelyn** cover! She's my girlfriend (she just doesn't know it) and I've been waiting for her to grace the pages of SHOW again. I hope to one day meet her so if she hosts a party or does an appearance somewhere please advertise it on your site or MySpace so I can be there. -Jared Green

SHOW Magazine is my favorite magazine. I love the fact that you don't have a bunch of fluff, just models. That really makes me feel like I get my money's worth. I bought the Latina value pack on your website and I plan on getting more stuff for my boys I work with. Please let me know when the DVD for the Latina Issue comes out. I know it's gonna be off the chain and I can't wait... -Matt C.

You guys could do more shoots with thick girls! Big booties make the world go round, I need to see at least 3 in each magazine. Thanks, -Fred

Thank you for doing another SHOW Latina. Thank you, thank you, thank you! I can't wait to see more of **Destiny**, **Jesikah Maximus**, and **Jessica Burciaga** (ouch!). Those chicks are top notch. Keep it comin!

Hi there! I'm Maya Michelle Rew. I was born on February 5th, 1987 in Tokyo, Japan to a Japanese florist & a Navy officer from Alabama. I am proud to say I'm half Japanese and half white...with a booty. I currently live in the city of dreams, Hollywood, California where I work as a go-go dancer & model. I've been working hard to accomplish my goals & I strive every day to become a better me.

Did I mention that I love to dance? I still remember the first dance class I watched when I was 3 years old. From that point on, dance took over my life. I trained in ballet, tap, jazz, hip-hop & have taken many other specialty classes. Dance has given me the opportunity to travel to other states to perform in showcases & compete with my dance troupe. I'm happy to still have the opportunity to perform every week as a go-go dancer at many amazing venues in Los Angeles & Long Beach. Dance has definitely helped launch my career as a model as well. In the last couple years I've been doing print work, modeling at tradeshows & even appeared a couple in music videos, my favorite so far was Warren G & RayJ's video for the song "Crush." All my success has been catalogued on my myspace page: [myspace.com/Maya\\_Michelle](http://myspace.com/Maya_Michelle). I can't wait to see what else the entertainment industry has in store for me.

Although dance makes up a huge part of my life, there are many more elements of me I would like to share with you all. I'm super down-to-Earth. I love joking around. I love food. I could sleep all day. I'm always up for trying something new. I'm independent. And I can't forget; I love my body! I truly feel blessed with where my life is at this point, the good & the bad. I stand by the motto, "Everything happens for a reason." Thank you all for the love and support. ■

Sensual, passionate, motivated and humble are just a few words to describe me. Being born on the cusp of Libra and Scorpio, I am always about being peaceful and easy to get along with but can be a bit indecisive sometimes. The Scorpio side of me is not being afraid to show a lot of skin in front of a camera and take sexy pictures without being nude. Growing up in Southern Cali I can say that I am a true sunshine baby. I am in love with anything and everything that has to do with warm weather. Beaches, bikinis and outdoor activities under the sun are a must for me. Being mixed with Filipino-Hawaiian-Spanish descent I often find people guessing (and guessing wrong) what my true ethnicity/nationality is. I have been modeling since 14 and it all started when I was approached by a talent agent at the mall to appear in a local Mervyn's ad. Since then, I've done many print advertising, music videos, fashion shows and editorial prints. I also hosted an international lifestyle travel show called "Strut" that aired in the US and many Asian countries. At this moment, modeling is now a part-time gig for me. My alter ego is working in the corporate world of medical field. I feel very blessed to be able to do both. One thing I would not give up doing is modeling. I love taking pictures so in my very busy schedule I still find time to do it. ■

I started modeling back in 1999. My very first video was The Girl Next Door, in the Shaggy video, "It wasn't me." Born in Toronto Canada, my decision to move to the United States proved to be difficult. Immigration was rigorous but through perseverance and dedication, I was granted a modeling visa to be in the United States for three years. Since my arrival to the United States, I've been in over thirty music videos as a lead. Artists I've worked with include, Pharrell, Snoop Dogg, Chris Brown, David Banner, Lil Wayne, Ne-Yo, Fabulous, Chelo, Too Short, Master P, and many more.

In addition to a very lucrative career in modeling, I've co-produced/ co-wrote my own series entitled, "SuperModel Showdown.com", hosted the NAACP Image Awards as a red carpet host, have four films in pre- production: *Face the Thunder- India*, *Repercussions*, *LA Confidential* and *The Haunting Ground*. And now, I am now beginning to study acting with Ivana Chubbuck.

If you cannot find me on television or film, you can defiantly find me on the Internet. I worked for a network entitled [www.20television.com](http://www.20television.com) where I produced and hosted a segment with Michael Bernard Beckwith.

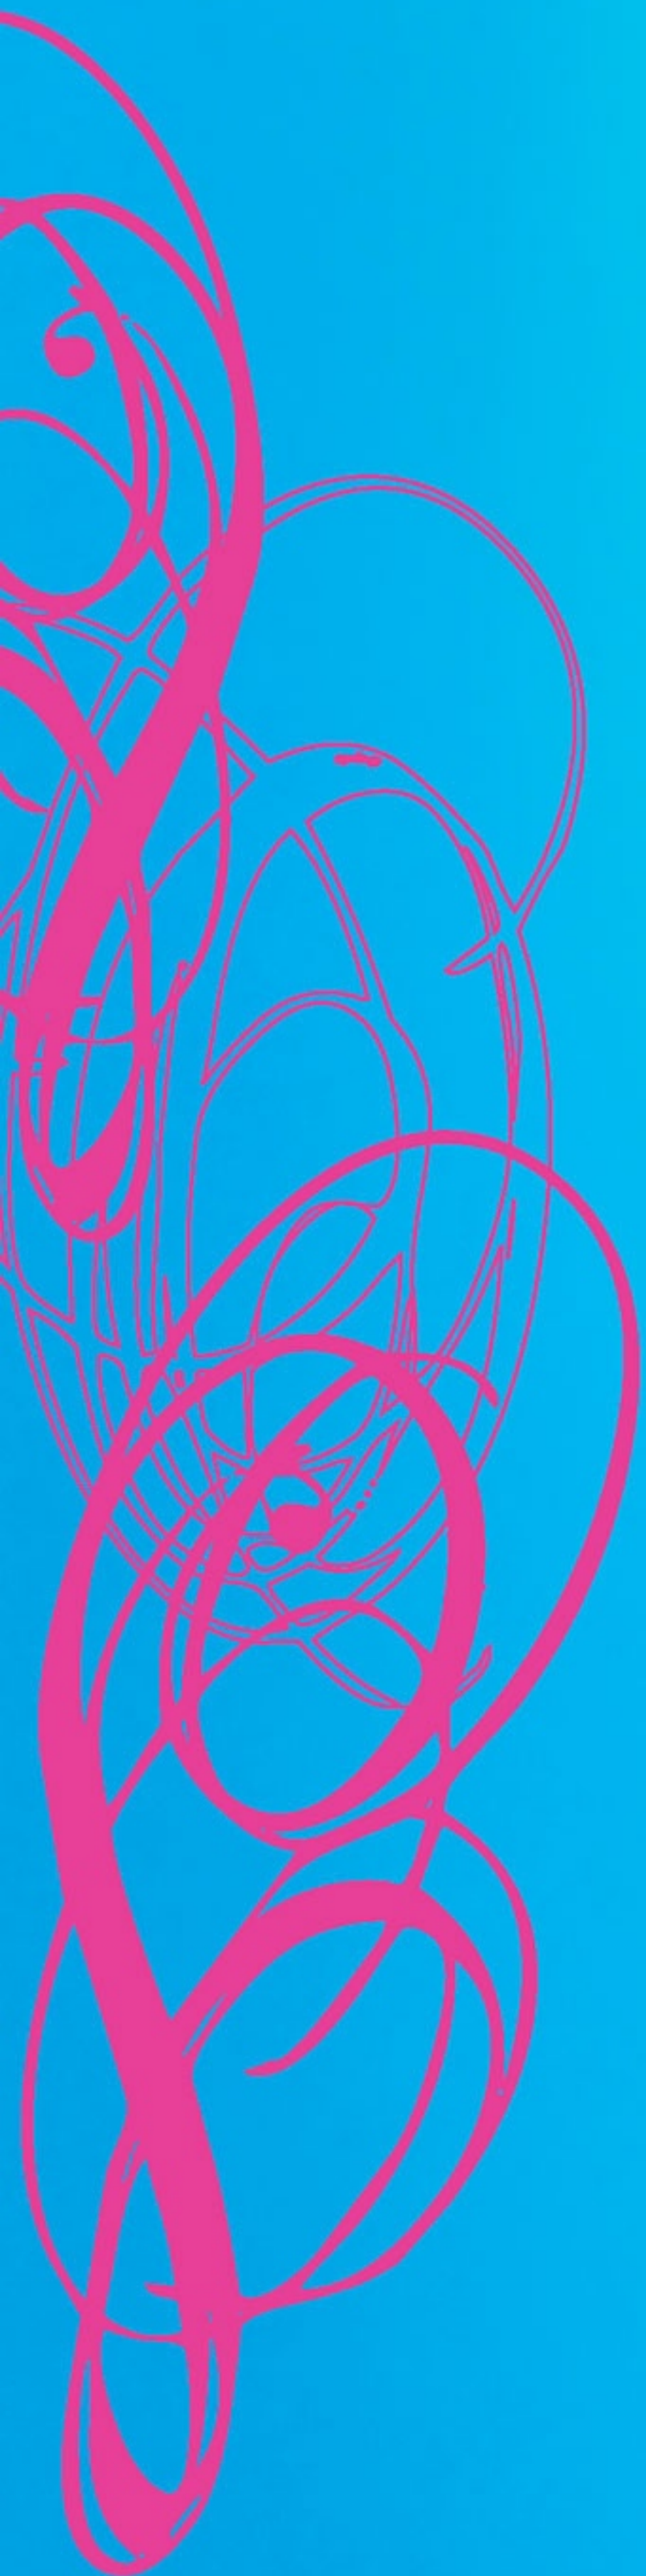

I also have some Internet productions: [NadiaDawn.TV](http://NadiaDawn.TV)- Is my brand new member's site! It features never seen before footage, pictures, behind the scenes, and so much more.

Other productions include: [Askthehotchick.com](http://Askthehotchick.com), [myspace.com/nadiadawn](http://myspace.com/nadiadawn)—there are 10 fake profiles but that is the real one! [NadiaDawn.com](http://NadiaDawn.com) and [Facebook.com/nadiadawn](http://Facebook.com/nadiadawn)

I was also rated one of the 20 hottest women on the web by E television. I love what I do, don't plan on giving up, and will continue to strive for excellence! ■

I'll start off by answering the most common question I get. I'm half Bolivian, quarter Thai, and a quarter Chinese. I was born, raised, and still reside in Southern California. In high school I was very involved...as a cheerleader, a member of the National Honor Society, as well as an Honors/AP student. I received my degree in engineering from Harvey Mudd College.

Ever since I was 16, I've been going to 21 and over clubs. When I was 19 I went to a club in Long Beach and saw gogo dancers for the very first time...My first reaction was "Are they really getting paid to do that?!" It looked like so much fun. Getting paid to dance! I was determined to be a gogo dancer. The next day I contacted a friend who

knew about the nightlife and he helped me out...told me to get "go-go gear" & take pictures. I sent him the pics and that Saturday I got my first go-go gig.

As any go-go can tell you, with gogo dancing comes car shows, promotions, and modeling. So that's how I started modeling. I've been doing it for two years now and all I can say is I LOVE MY JOB!

When I'm not working, I'm most likely traveling. Although I have an engineering degree, I'm not using it because I'm obsessed with traveling. So I just do modeling / dancing gigs, save up, and travel. I've been to 20 countries so far... Thailand, Brazil, Germany, Australia...just to name a few :). I also love hanging out with friends and clubbing. Did I mention I love dancing? I LOVE DANCING! ■

I am a young woman living between orange county California and Los Angeles; I work as a part time model when I am not helping with the family business up in LA. I grew up very quickly but I always kept my old fashioned values at the same time as having as much fun as humanly possible.

Free time is usually spent doing things to better myself, working out, shopping, taking pictures, and paying my bills. To relax, I sing my head off in the shower or practice on the piano. I love to dance in my free time just like I do in the music videos I have featured in. I choose my friends carefully; it's hard to get inside my heart. But once you're in there's no place better (so I am told).

My favorite quote: *As we grow old...the beauty steals inward.* —Ralph Waldo Emerson

We all have to face the reality that someday as our physical beauty fades we have to strive to retain our good human qualities to remain happiness rather than focus or rely on the glamorous attributes of the past.

I don't like to use the word ambitious because it makes me think of someone who gets what and where they want no matter what they have to do and forgets the people that helped them out on the way – anybody who thinks they can get by without true friends has never had one or was not happy when they got to where they were going. So I have dreams – not ambitions. I dream about having my life balanced perfectly by the time I am 25, money love and health; the same as most people do but I really sit and think of ways to get this done. The main rule I follow is choosing my associations properly – who you spend time with will directly influence your behavior and put you in good or bad circumstances,

My family came from the Southern Part of Vietnam in 1975 after the fall of Saigon; moving around the US and finally settling in Orange County where I was born. My French heritage is obvious if I point it out to you, otherwise you have to guess my background. Some of my relatives weren't born here so I had a culturally well rounded upbringing. I grew up eating Vietnamese food but love all Asian cuisine – it goes hand in hand with my workout regimen. I have never been to Vietnam but someday I will go there and see how my family lived before. All my relatives are here so it will be more of a vacation than an emotional experience. Where I live we have all the same things that they do in Vietnam – food, music, culture so I get to see it every day, the real part of my background I want to explore is my French ancestry. My Grand Parents and mother speak it so it would be new and exciting to go to France and recognize the effects of their culture has on the Vietnamese culture I am already familiar with. ■

My name is Justene. But I am frequently called, J.J, Just, Justina and yes, sometimes Justin. I love being called Ting because that's what I was raised hearing from my family.

The correct pronunciation of my name goes as spelled: "justeen haro" I'm half Filipina and half Puerto Rican, which gives me that extra little spice. I was raised in Atlanta, but now reside in LA. Coming from a southern upbringing has kept me down to earth but traveling has made for fun times and spontaneous adventures. I'm very extreme. I'm the kind of girl that wants to try everything at least once. I don't want to say no to anything...Offer me a trip out of the city, state, or country and I'll say YES. I don't change, I only learn. I do what's right for ME and that has been a problem for so many people...but maybe if everyone else did that...more people would find satisfaction...and i might find satisfaction with other people. Believe in karma and be free! ■

Born and raised in Southern California, my ethnicity is half Chinese and half Vietnamese. I grew up with very strict parents and my only way to freedom was if I took dance classes. I studied ballet, tap, jazz for nine years and I'm still continuing to dance at Moorpark College. I was a very shy girl up until high school. With me not having many friends, I always hung out around the library and got straight A's.

After high school I didn't want to continue with school. I couldn't find any motivation in me so I took up modeling. I started out in the import scene which soon later branched out to music videos, commercials, print work, etc. A recent project I did was Spike TV's "Manswers." So far I've worked out of the country in Japan, Singapore, and Aruba and I'm looking forward to a lot more traveling in 2009! ■

I grew up in Vancouver Canada. I have one sister and two brothers that are older than me. At a young age, I knew that nobody is gonna do me, better than me. So whatever I wanted I had to work hard to get it. Growing up in a big family we were all disciplined, independence was a major factor in my life. My dream and goal in life is to conquer my clothing line called "My Couture" and become more than a model/actress. I love going to events, comedy shows, sports games, concerts, and fights. On my fitness side I love the gym, out doors environment, like canyons, boardwalks, jet skiing, yachting, etc.

I may be a dork sometimes cause I love to crack jokes...I'm never dull, I'm a social person, and comfortable with any settings!

My hobbies are writing to R&B, Hip Hop, and House Music and designing my clothing line. I was influenced by intelligent underground hip hop writers/artists while growing up, which I followed behind. I knew I had passion for music ever since my first live show when I was 13, to see the response was the greatest feeling ever. Just like when I wear my designs or have my friends wear my designs and to hear positive feedback from other people, just motivated me more. So being in this industry was always comfortable for me, it's like home. At the age of 21 my sister and I opened up our clothing boutique called "Mysi Majority," which carries Men's & Women's apparel, it currently is going strong. I service people before I service myself. I'm generous and thoughtful when it comes to work and friends. My mind works like clockwork. I usually invent or create new idea's that haven't been produced yet. I would say I am entrepreneur dominant, creative, artistic, outgoing, loyal, humorous, sincere, passionate, and self motivated. That's me in a bundle. xoxo My Chau ■

Christine Mendoza is a Filipino-American model and actress best known for her appearances in import tuner automotive magazines and shows. Mendoza was born in Bulacan in the Philippines and raised there until coming to the United States at an early age. She can still speak Tagalog fluently. Her family settled in Camarillo, California. She was discovered while attending a car show with a friend when she was approached by an import tuner magazine. Soon after turning 18 she signed with JaMmin Productions and started her modeling career. When she first posed for a magazine cover her parents became enraged. Since then, they have supported her choice. She has since moved to LA for her modeling career.

Mendoza continues to make occasional appearances at Hot Import Nights, a popular car show which makes stops at various cities across the United States, and at other shows such as Glamourcon. She also appears in nightclubs in the Los Angeles area as a go-go dancer. She was recently included (short glimpses) in the music video "Bebot" of Black Eyed Peas (from the album Monkey Business).

Aside from modeling, Mendoza is also active in charity work creating her own charity, "Project Mendoza" for helping children in the Philippines. ■

My name is Kristina Mendoza, I am full Filipina and I grew up in Tustin, CA. I'm a 21 year old Virgo; I love life and what the world has to offer.

First off I'd like to thank Sean Cummings for the opportunity to be featured in Show Magazine. I would also like to thank Nick Saglimbeni, the photographer, and camera crew for taking such awesome pictures, the outcome is truly art. This is the first magazine I've gotten to be featured in and I love how it shows beautiful women in a very classy but sexy way.

So, I wouldn't exactly consider myself a "model" but I've done a couple of photo shoots and modeling jobs. One of the most fun photo shoots I've done was when I was 18 years old. I was chosen, along with 13 other Asian girls from all over North America, to partake in a photo shoot project called "Tila's Play Girls in Las Vegas". It was my first professional shoot with hair and makeup artists. Getting flown to Vegas, looking beautiful, taking pictures, meeting hot girls including Tila Tequila was such an exciting first time experience.

I've worked a couple of car shows like HIN (Hot import Nights) and Auto Crave for Nos Energy Drink and Chynna Dolls. When I was 19 I worked at L.A. Erotica for Chynna Dolls, Heather the owner of [C.D.] and my good friend, makes all my bikinis to fit my body and curves perfect, Chynna Dolls is the best! I enjoy doing photo shoots and modeling gigs but it's more of a "for fun" side thing for me.►

I grew up with Tough Love all my life. I think in the long run Tough Love is the best kind of love, it has made me the person I am today. My friends would describe me as open minded, care free, very strong hearted, outgoing, and a very loving person. No one said life is easy and when I was younger I learned everything the hard way. Nothing was ever handed to me so I had to work for it and it's when you earn things you then appreciate it's true value.

I was an athlete growing up. I remember doing a little bit of track and dance but my main sport was volleyball. I started playing volleyball in 4th grade and continued for 5 years after that, I was even MVP one year, but then I started getting into trouble...oh boy was I always getting into trouble especially in my teenage years. When I was about 15 my parents decided to sign me up for kickboxing to keep me busy in the afternoons because I was always getting in fights. I dedicated myself two to three hours a night five nights a week for over a year to kickboxing, it's a great way to keep in shape and clear your mind. I found it fun to take my frustrations out on a punching bag while I learned how to whoop someone's ass. Since then, because I understood the sport of fighting, I became a huge fan of MMA (Mixed Martial Arts). I get so excited watching caged [skilled] fights with lots of blood; I'll even get loud and start screaming...haha.

I'm a mellow person and I like being outdoors. I was lucky to grow up in southern Cali because we have it all here: beaches, deserts, forests, and mountains. I've gone camping in all those places and I'm not afraid of getting dirty sometimes. I don't drink so you won't find me out at too many bars or clubs; I'm more of a homebody. I'd rather be at home with my doggie Daria watching movies like Natural Born Killers or Fight Club.

I consider myself very fortunate to have family and friends who love me for who I am and support me for the decisions I've made in my life so far. I have come a long way from being a wild little trouble maker. I am finally an adult and I'm excited to take on what God has planned for me in the future. I'm not your normal boring Asian girl, I am a little weird, mostly funny and I am ok with that because I want to be different. I do what I want and I live my life laughing and loving.

I have family and friends who have served our country so before I go, I'd like to quickly thank our U.S. troops for holding down the front line, much love and respect to you and your families.

Let me formerly introduce myself. My name is Diana Ros and I am twenty-three years old. I am an elegant Cambodian/Chinese young woman who was born and raised in the beautiful Orange County, California. I am a strong Leo who loves herself very much. The best way to describe myself as an individual would be that I have an open and loving heart that assimilates towards my family and friends. At the same time, I am someone who enjoys challenging herself with different adventures.

In High School, I was involved in many school activities. Some of the things included Dance, Choir, United Student Body, T.E.A.C.H. Academy, and I was President of the Polynesian Club. Not to mention, I was Homecoming Princess my junior year. One thing I probably will never forget is when my teachers would give me detention slips for being too hoochie. DAMN! LOL! After High School, I was accepted to attend Cal State University of Fullerton. I am currently a student who is majoring in Business Administration with a minor in Fashion Design.

My hobbies consist of three wonderful things which are dancing, traveling and being at home. I love to dance because it makes me happy and it relieves a lot of stress. Cultural dances interest me most such as Hula, Tahitian, Salsa, and Cambodian (Khmer). It is so much fun to learn about cultures that are different from you. Traveling is also another way to keep my mind open towards other places than Southern California. Places like Miami, Las Vegas, Ohio, Minnesota, San Diego, and Philadelphia. And I had my first experience in the snow when I visited Utah. But the best part is when I am not working, studying or traveling, I love to cuddle in bed by myself and watch my favorite Disney movies which are "Beauty and the Beast", "Cinderella", and "Sleeping Beauty."

My ultimate future career objective is to celebrate my talent as a fashion designer. Being a fashion designer has always been a passion in my life. I love to design beautiful dresses for women. I hope to eventually become President of my very own business clothing line. Patience and hard work will lead you to your own success. And I am proud to say that I believe in myself. I would like to thank Show Magazine for selecting me to be featured here as a model. It was an amazing experience. ■

Born Natalin, acquaintances are introduced to Natalie, close friends and family know Nat and only the few know about Ms. Natalia. I don't reveal too much too soon to just anyone, I'm a very private person. I was born and raised Los Angeles and no matter where I've been when I see the LAX sign I'm home baby! No one can ever figure out where I'm from and I've heard it all. Both my parents are a mixture of a few things but predominantly Turkish. I'm sharp, business minded, and a family orientated person who tends to attract good people.

Beauty is definitely only skin deep and that is why I decided to get an education before pursuing the world of entertainment. I have a bachelors in international business and a minor in economics, which has kept me level headed in this place we call "Hollywood". I recently took the advice of many around me including Sean to pursue modeling and my true aspiration acting.

My passion has been travelling the world. In doing so I have respect for all cultures and it's reciprocated, making me a HOT commodity. I'm 5'4" with 34C-26-36 measurements. Yeah I'm a curvy chick so I work out as much as possible to keep the curves in check! It doesn't help that I love to cook and bake; ask about me! My motto is "Eat, look, and live good." Oh yeah I'm a Scorpio to the fullest (thought you should know). I got 99 problems but that ain't one! ■

Daphne Joy was born and raised in the beautiful Pacific Islands of the Philippines until the age of 7. She is an exotic mix of Filipino and Puerto Rican. Once in the US, Daphne resided in the suburbs and entertainment hub of Burbank, CA, where her fascination with acting and modeling developed. Throughout high school, Daphne participated in several plays, choirs, and dance classes. At the age of 16, Daphne embarked on her career in acting and modeling. Two years later, at the age of 18, she was cast on MTV's hit series "Wildn'Out," with creator Nick Cannon. After 4 Seasons on the hit show, Daphne was booked on memorable videos such as, The Dream "Shawty is a Ten," Colby O Donis "What You Got," E-40 ft. Akon, "Wake it Up," Rihanna ft. Ne-Yo- "Hate that I love You.," and Ne-Yo's "Miss Independent." Aside from eye candy, Daphne's talents as an actress landed her a role in Lionsgate film, "Frankenhood," with DeRay Davis and Charlie Murphy, playing the role of vixen, Vanessa. She has also appeared on hit web-series, "Midnight Rider," playing the role of assassin, Tameka. Daphne has also won the title of Miss US Philippines Expo 2008, where she was warmly welcomed by the Filipino community. Though acting and modeling are her dreams, Daphne is a firm believer in education and has often said, "Beauty without brains is a waste," and still continues to attend college, castings, and acting classes. Today at the age of 21, Daphne's versatile looks and talent will surely keep her around for many years to come. ■
