## DEAR READERS,

This week *Nuts* reaches an incredible milestone – its 500th issue! And the whole team would like to say a massive thank you to the people who have made it possible – you!

Staggeringly, we've sold over 100 million issues in that time, but we couldn't have done it without your constant, loyal support – not just through buying the magazine but also all the brilliant jokes, pictures and letters you send us every week.

So enjoy the issue, and thank you again for being the greatest magazine readers in Britain.

Cheers!

## Nuts hits 500 issues!

**And Chanelle bakes us a cake to celebrate!**

➔ **WELL WHO'D** have thought it? This week, *Nuts* hit an amazing milestone: 500 lovely issues. Like half a thousand precious babies delivered into the world, or man eggs flushed down the pooper, depending on your point of view. Either way, a celebration was in order.

So we asked genuine, actual cake making professional Chanelle Hayes to bowl up and bake us a cake. And it was hardly our fault if she chose to do it topless. Then, as it rose, we grabbed a quick word...

**Hi Chanelle! Thanks for the cake. Do you usually bake topless?**

Yeah! Of course! Who doesn't? Is that not how you normally bake? Apart from when I put things in the oven. Then I do need to put on an apron, otherwise you'd get burnt nipples, and that's not a good concept.

**So it's our 500th issue!**

I know! Yay!

**Who'd have thought we'd have got to 500?**

Me! I did see Victoria Beckham on a *Nuts* shoot once. She was shooting next door to us and she came in and took a picture of us on her camera phone.

**What, of the bare boobies?**

No. Of the Christmas decorations. For her sons, apparently.

**Could you pick a favourite *Nuts* shoot?**

My first ever shoot. Because it was just so surreal and crazy. And I thought, what a wonderful thing to do. And, this will be a fun, one-off experience. And here I am! My mum came. And my two best friends came, and Gordon Ramsay was casually loitering outside!

**Another celebrity! Do all your shoots get stalked by famous folk?**

Not really! Those might be the only two. There was Leigh Francis [Keith Lemon chap] on a couple of them.

**But he probably turned up, just on the off chance...**

Just outside. With binoculars. In a camouflage outfit. Staking out. But I don't think there's been anyone else famous. Plus, they're on location, so you get to see how the other half live. On a normal day, I'll be walking around my house, thinking, "I quite like my house, it's nice!" Then I come home from working at *Nuts*, and I think: "F\*\*k this house! It's sh\*t!" I'm such a terrible swearer! ▶

Tesco's delivery service was first class

Chanelle's dough-rolling technique was maverick

# MASTER BAKER!

Chanelle's pipe-smoking was neither big nor clever

"And this is how you make a sugar cake!"

The mortar  
was nearly ready

**Who's your favourite *Nuts* lady to shoot with?**

I like shooting with Pinders! Because she's just so sexy and gorgeous! She's a legend, she's what *Nuts* is all about.

**What does Lucy Pinder smell like, up close?**

A mesmerising scent, like no other. Eau de Pind!

**Who'd you like to shoot with?**

My girl crush of the moment? I really fancy Salma Hayek! Or Eva Longoria. I want a bit of latino love! Girl-on-girl, *Nuts* style! I'm just going to put it out there!

**What would your ideal birthday celebration be like?**

It'd consist of nudity. Alcohol. Cakes. And Chanelle. And you're cordially invited. And it's a verbal contract, because it's being recorded!

**As an actual, professional cake maker, how would you do on the *Great British Bake Off*?**

I watch the show religiously! And I always think I'd be good on a few of them. But actually, I'd just panic. I don't think I'd be good. You have to be good under pressure, and I'm terrible under pressure. I melt. I'm horrendous.

**If you thought you were in danger of the dreaded "soggy bottom", would you try toplessness to sway the judges?**

Yeah. Well, anything to bring a bit more heat into the room would be good! I tend to do a lot of topless baking. And I've never suffered from a soggy bottom. So I feel like naked baking is the way forward.

**Thanks for the chat and the cake, Chanelle. Finally, how do you think we'll experience our 1,000th issue?**

It'll just be *Nuts* electronically beamed through your letter box into your mind's eye. There'll be no more need for paper, and there'll be so many more trees in the world! Plus, the interactive filming will be so much more exciting! ►

a legend, she’s

is all about!”

**JIMMY CARR** *Superstar stand-up!*  
"When *Nuts* launched, they said a weekly men's magazine would never win a Pulitzer Prize for journalistic excellence. Which was right. But then again, the *Washington Post* is more of a challenging w\*nk. It's swings and roundabouts."

**JASON MANFORD** *Mirth monger!*

So quite why a 16ft bronze statue of the incident has been erected in prospective 2022 World Cup hosts Qatar's capital Doha, is anyone's guess. Still, it got us thinking about what other football incidents we would cast in stone...

**Plucky seal makes monkey of shark!**

➔ AS AN escape plan, it's maverick.

Engaged in a life-or-death struggle with an enormous great white shark off the coast of Cape Town in South Africa, this seal first balanced on the shark's huge nose, then literally pushed itself out of the shark's mouth by holding its lower jaw open with its fin!

We'd be surprised if the incident didn't end with the seal giving the shark a wedgie, and knuckling its head, before skipping lightly back to the shore, blowing raspberries.

**1 FIRST PASS!**  
The great white breaks the water, just inches from old sealy.

**2 AIR MISS!**  
The seal avoids the shark's teeth, going back into the foam.

**3 STRIKE TWO!**  
The big fish goes for another pass, but misses the seal completely.

**4 BY A NOSE!**  
This time the seal  
ends up balancing  
on the fish's nose.

**5 JAWS OF DEATH!**  
Amazingly, the seal  
actually pushes off  
the shark's lower jaw.

**6 HE'S OFF!**  
The seal eventually  
escapes to well won  
freedom. Seal 1, shark 0!

**HE'S AWAY!**

## Sharks vs seals

- **Sharks and seals have shared the waters around Cape Town for millennia, doing the same dance of death.**
- The seals are safe on shore and relatively safe in deep water, but have to pass through a sharky ring of death, as the great whites congregate 50 metres off shore.
- **It's an eternal battle. The seals are faster swimmers and far more manoeuvrable than the big fish. But the sharks are almost invisible below the seals with their dark backs.**
- A shark's best tactic is to accelerate through the water and stun the seals from below for an average 50/50 kill rate.

# A quick word with Karl Pilkington

**The moaning baldy on dog poop, Japanese pornography and his brand-new show!**

➔ **Hi Karl! Your new series is called *The Moaning Of Life*. Do you ever not moan?**

I think most people are used to seeing people grinning on TV, or people crying because they're so happy. I'm not one of those people who go on a "journey" then cry. There's none of that sh\*t here. Every flipping programme now, someone has a new garden and they're crying. If you need crying in something, it means it's sh\*t. Suddenly, you've got someone being normal and everyone's like, "He's miserable." No, I'm not. I'm normal!

**Aren't you just a tiny bit on the "moany" side of normal?**

I did moan a lot on *Idiot Abroad* but after it was over, I realised the memories of it were quite good. It was the same with this one. It was just something different, it wasn't about staying in sh\*tty hotels, it's about different topics. There's one on marriage, one on kids, one on happiness, one on vocation and one on death.

**Death, eh? Sounds jolly.**

It's funny, even before I got a job on Sky, I always wanted to do a programme about death. I'm just interested in it. I think about death a lot, usually at night in bed when I'm nodding off. It calms me down. Like how some people count sheep, that just doesn't work for me. I'm never sure

if it's the same sheep and then another animal will come in and stress me out, so it keeps me awake. So I stopped doing that and think about death instead. It sort of puts me at ease. In the death episode, I go to my first-ever funeral in Ghana. I knew there was going to be a dead body in the room but it's odd, the way they treat death over there, it's like the biggest party of your life, only you can't appreciate it. I'm not sure what Sky think though. They're probably thinking, "Hang on... we normally show programmes about Greggs the bakers."

**At the other end of the scale, you go to a sperm bank in Japan. What was that like?**

It was funny because I knew when I got up that day, I was going to get my sperm tested. But when the time came, that's proper pressure. There's a camera crew outside, there's a doctor, it was his last job of the day, he didn't want to be hanging around... I really had to go at it!

**Crikey. Did they give you any naughty material to "help"?**

Yeah, they give you stuff... DVDs, magazines. It's funny because the doctor put on a DVD and said, "Ah, I'm sorry, it'll be in Japanese." I was like, "I don't need to follow the story line." But what he meant is that over there, rude films are all pixelated so you can't see anything. So that's what he was apologising for.

After the bright white light, God wasn't quite what Dave was expecting

**Will you dare watch the episode on marriage with your girlfriend Suzanne in case she wants you to propose?**

No. When you've got Sky, there are loads of channels so there's always something else to watch. She's going to see it one day. I can't worry about it. I've been with her for 20 years. She knows what I'm like.

**You do refer to her as "plump" at one point. Probably best she doesn't see that, eh?**

It depends. I don't see it as a bad word. What I mean is she's not unhealthily thin. She won't be offended by that. When I said that word, I mean like Martine McCutcheon. I think she's a healthy-looking woman.

**You also go to a pheromone party, where you decide if you fancy someone by smelling their clothes...**

I enjoyed that pheromone party. I think it's quite a good way of meeting people. If someone stinks, you can't live with them, can you? That's the end of it. When you've got dogsh\*t on your shoes, you can't think about anything else. It doesn't matter if they're really good-looking. You're constantly thinking, "You f\*\*king stink."

**Thanks, Karl. There's an episode on happiness, too. What does make you happy?**

Loads of things. Right before I went away on the happiness trip, I was sat in the garden, it was a sunny day, I was

He'd left his glasses at home

**"I think Martine McCutcheon's a healthy-looking woman!"**

Karl Pilkington

cutting my toenails, I had a tea cake and a cup of tea, Suzanne was messing about with the plants and I was like, "This is alright, isn't it?" Cutting your toenails isn't something you do when you're stressed out. You don't cram it into a busy schedule. I thought, "This is it. I've arrived." Yesterday, I was painting a dressing table, today I was putting some blinds up. You think, "I did that today." It gives you a purpose. I don't like sitting around. Like the time I was cutting my toenails. It shows that I wasn't sitting around doing nothing. I was multitasking. In a way.

INTERVIEW: RICH PELLEY

# Chinese motorway madness!

**Flats don't stop road construction!**

**WHEN CHINESE** authorities started building an eight-lane motorway in Xi'an, Shaanxi province in Western China, they presumed they'd simply steamroller the blocks of flats in its way and have it up in a week or so.

So when the block's residents – who'd only moved in a few months before, after being rehoused to build a park – refused to budge, they just thinned the road down to half the lanes and squeezed it through regardless. Compromise – alive and well in China!

Tower block looked both ways before crossing

# The 200mph, 640bhp retro muscle car!

**A beautiful Frankenstein's monster of classic Yank motors... it's the Equus Bass 770!**

- Some believe there's no finer four-wheeled transport than a classic American muscle car. We don't have a time machine, but luckily, Equus has saved us the trouble because the Yank marque has created a modern, luxurious – yet retro-looking – homage to that golden era of V8 street-lethal heroes. It's called the Bass 770.
- Based in the homeland of the American car – Detroit, Michigan – Equus is a small

outfit that has plucked the DNA from a 1967 Ford Mustang fastback a '68 and a 2013 Chevy Camaro, plus a sprinkling of 1970 Plymouth Roadrunner for the 770.

- You only need to look at the price tag (£156,700 gets you on the waiting list) to get the unsubtle hint that this is not an off-the-shelf car. The Bass 770 body shape mimics more '60s Mustang than anything, but with a "binocular" hoop front

"Out of my way! It's only ten minutes before Torquay vs Mansfield kicks off!"

**0-60 IN 3.4 SECS!**

bumper reminiscent of a '70 Plymouth Roadrunner, lights/grille inspired by a '70 Plymouth Barracuda and a touch of Eleanor Mustang thrown in for good measure.

- Its bodyshell has been formed from aluminium and features carbon fibre structural parts, with a tubular roll cage skeleton. Underneath is also very aluminium, keeping chassis weight down and performance figures up – the latter of which is vital

in the bench-pressing world of muscle motors.

- **By using an aluminium 6.2-litre V8 (apparently from a new Camaro) complete with supercharger and pleasingly old-school manual gearbox, the big numbers are 640bhp, 605lb/ft, a 0-60 in only 3.4 and 200mph tops. Those are closer to supercar stats than anything American with old-school looks. Easy now to see why this mutant**

**muscle car comes wearing carbon ceramic Brembo brakes in each corner.**

- Unlike the lairy '60s icons that inspired it, the Equus doesn't shy away from technology to help you stay away from ditches. Standard features on the Bass 770 include magnetic selective ride control (as used in Ferraris and the Audi R8), performance traction management, active handling system and variable-ratio

sports power steering. So it'll whip a Lambo Gallardo to 60 and even likes corners.

- **The Bass 770 serves up another shock with an interior far from the old days of bare-bones sticky black vinyl and crap dash plastic. It takes the muscle car brief and positively drenches it in luxury.**
- Shame about that naff faux Ferrari horse motif. And that ridiculous name. We suggest you order yours debadged.

## Daylight robbery!

**COCKNEY DAVE** is doing really well on *Who Wants To Be A Millionaire*. He's got £125,000 and still has all three lifelines left.

Chris Tarrant says, "For £250,000 which of the following was one of the Great Train Robbers? Was it A) Ronnie Biggs? B) Ronnie Corbett? C) Ronnie Wood? or D) Ronnie O'Sullivan?"

Dave says, "I'll take the money, Chris."

Tarrant replies, "Are you sure? You've still got three lifelines left!"

Dave says, "I'm sure, Chris."

Tarrant replies, "OK, but before you go, would you like to know the answer?"

"I already know the answer, Chris."

Tarrant replies, "Huh? You turned down a quarter of a million quid. Are you mental?"

"I may be mental," says Dave, "but least I ain't no f\*\*king grass!"

## Beauty and brains!

A **MAN** discovers he's going to inherit a fortune when his sickly father dies. To celebrate, he goes to a bar where he spots the most beautiful woman he's ever seen. She's well out of his league, and he knows it, so he bowls up to her and says: "Honey, I may look like an ordinary geezer, but in a week or two, my father will die and I'll inherit 20 million quid."

Impressed, the woman goes home with him and, just three days later she becomes his stepmother.

**IT'S NUTS LEGENDS...**

# **Sly & Arnie!**

*Nuts* sits down with a pair of Hollywood heroes to chat about their new film!

**H**ello gents! First off, tell us about your new flick *Escape Plan*. It sounds awesome!

**Sly:** It is! I play a guy whose job it is to break out of prisons and test

their weaknesses, but he winds up imprisoned for real in the ultimate maximum security prison. Arnold plays the leader of the inmates and together we figure out something pretty extraordinary. That's where the intrigue of our escape plan begins!

**This is the first time you two have shared top billing. What made this movie ripe for pairing up?**

**Sly:** After I read the script I knew *Escape Plan* was the one. The most important thing when planning a movie – who are the players? Who's gonna be your competition and your antagonist and eventually your buddy in this thing? Arnold, of course! When he complied, it was green-lit immediately. There was no one else considered, he was *the* guy.

**Arnie:** For me it was all about the chance to work with Sly. We were trying for decades to make a movie together and finally we found the right story. Yes, we did *Expendables* but this was starring alongside each other throughout the whole movie.

**So what kind of weird films were you two offered that didn't make the grade?**

**Sly:** They'd bring us things where we'd dress up as girls and there were bickering neighbours and we'd have arguing pets. I go, "This is not working," so I said, "Why don't we be two creepy inmates when we're 20 years past our prime? There's a good idea!" And that's where we are. But it turned out great. It's fantastic. We found a new prime!

**When you work together, is there some sort of "ultimate bromance" thing going on? What's your relationship like?**

**Sly:** We're very competitive and everything we've accomplished in our lives has been through struggle and overcoming the odds because we're just not willing to settle for second best. Rarely do you get two personalities like this working together... We're just a couple of old warhorses and more than a little alpha territorial!

**Who edges it in the competitive stakes?**

**Arnie:** In the '80s when the Action genre really got going, I ran into Sly one time and said, "In *Commando* I killed more people than you did in *Rambo*!" And Sly

says, "Absolutely not! I killed 97 and you killed 93!" But I was defiant telling him "next movie, I'm gonna kill more than you" but he told me he'd be killing more than a hundred so I'd never catch up! This is how it went... Who has more muscles? Who has the biggest guns? Who can kill the most people...

**Surely the only way to settle this is Rambo versus Commando?**

**Sly:** You mean together? Me and him? Do you think he would do it? Hmm... Commando and Rambo. Why not? They're almost the same guy!

**There's loads of funny moments in *Escape Plan*. Who's better at playing for laughs?**

**Sly:** I have to defer to Arnold on this one because he really developed action comedy and the use of humour in very dramatic situations... My characters? Rambo is not exactly a ball of laughs, is he? But humour defuses the violence and lets the audience know not to take it too seriously and that it's not intended to be mean spirited – it's just escapism.

**Arnie:** Yeah, there's one very intense moment where I'm getting busy with a big gun wiping out all the bad guy's guards on the top of the prison but I've got my smirk on my face and the deadpan line to deliver. And the buddy thing kicks in because Sly is coming up from the water and I'm handing him a gun and killing more people.

**Sly:** He's being modest. He invented the one-liner. "I'll be back!" That's one of his major contributions. They didn't have those before.

**We must ask you about *The Expendables 3*. How awesome is it to be working with the likes of Harrison Ford?**

**Sly:** It's fantastic! I've told the director [Patrick Hughes] not to approach this as a continuation but as an original. With

the young *Expendables* in this film we've taken a bit of a gamble. Only one of them has acted before but the rest are world-class athletes, world champions... But they have something you can't manufacture – whether you go to acting school or just walk around with a bunch of bluff and bravado – they have fire in their gut. Plus we got Mel Gibson, Nic Cage, Wesley Snipes and Jackie Chan!

**Just a few stars, then! Arnie, how's it going getting back into it all?**

**Arnie:** In this film there's a great combination of new talent and a great sense of humour. For

instance I've just done a scene with Jet Li where he disarms this guy and pulls his guns out shooting five people so fast I couldn't see the moves. I'm trying to follow how he does it but this must be the fastest guy around! To have that kind of martial arts talent and use it with weapons and then leap down steps to take guys out - it's so quick! Bringing this many action stars together with competing styles is awesome.

**Besides kicking butt on screen, have you got much in common when the camera's off? Do you watch box-sets together?**

**Sly:** We're both Austrian. We've both been Mr Olympia seven times. And he's wearing my suit.

**Arnie:** We're both into the body, the muscles, the acting, art, painting, family – all of those kind of things. He's more talented when it comes to the art, even though I paint and draw, but he's really talented... And we have the same accent.

**Painting? Art? Are the days of the old-school action hero numbered?**

**Sly:** Let's just say it's fading away... So we wanted to see how far we could push this genre because these days you've got superheroes who can blink and a fireball comes out! Then you have a bunch of guys like us going one-on-one, making it as real as can be... which is just your basic male pattern badness!

**Thanks for the chat, guys. Finally, it's our 500th issue, so it seems fitting to have a couple of proper *Nuts* legends in the mag. How does that feel?**

**Sly:** Well, thanks for choosing us as your legends. The award you gave me is up there with my Oscar for *Rocky*! 

● *Escape Plan* is in cinemas nationwide from Friday 18 October.

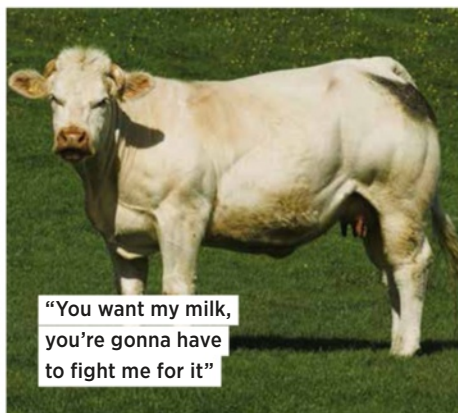

# It's *Nuts'* 50 Funniest Moments!

500 issues of mayhem, mirth-making and mucking about!

FROM SEXY shoots to incredible interviews and remarkable real-life tales, we've been there, got the T-shirt, then probably blown up the T-shirt, since *Nuts* launched in 2004. But one thing we're especially proud of is all the daftness we've dabbled in over the years. So sit back, grab a cuppa and revel in the absurd, the audacious, and the downright silly. It's *Nuts'* 50 – er, 51 – funniest moments!

## 1 OLYMPIC DARTS! AUGUST '04

We sent world darts champ Andy Fordham, with a giant dartboard and a *Nuts* berk to Athens to campaign for "arrers" to be recognised as an Olympic discipline. It wasn't.

"You want my milk, you're gonna have to fight me for it"

## 2 WIN A COW! JULY '04

It was proper barbecue weather in the summer of 2004, so we offered up a cow as a competition prize. Tasteless? Not according to the winner, who served her to his grateful mates!

"It's a special delivery for a Mr Wilshire"

## 3 BED TO THE FA! JULY '04

After the shock revelations that England boss Sven-Göran Eriksson had been bonking his PA at the FA's offices, we took him a bed to save the Swedish loverman from pesky carpet burns!

He didn't want to risk being snapped by the Google Earth car

## 4 NUTS IDENTIFIES MCNAB 2004

*Nuts'* hapless picture researcher Andy Seal accidentally published an unmasked pic of hitherto anonymous SAS hero Andy McNabb. Our man then endured weeks of japery involving a red dot on his forehead!

2005

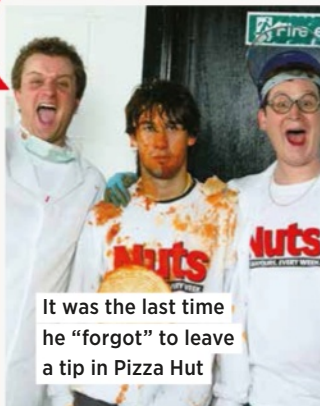

He was very fond of his dwarf secretary

## 5 BORAT GUEST EDITS NUTS

NOVEMBER '04

As his film became a global smash, Borat came in to guest-edit the mag. The highlight? When he milked a (male) goat.

It was the last time he "forgot" to leave a tip in Pizza Hut

## 6 PIZZA FLINGING!

JANUARY '05

After the "Pizzagate" incident at Old Trafford, we tested the "stress busting" effects of lobbing pizza at our workie!

"It says 'Golf sale!' on the other side"

## 7 BOOZY ASHES WELCOME!

JUNE '05

We started the Ashes sledging off early that summer. In fact, our man was at the airport when the Aussies got off the plane with a sign that read "Bar Staff Wanted". Later in the tour, Aussie star Andrew Symonds turned up drunk for training. Oh, and Australia lost the Ashes to Michael Vaughan's men. Our sledging worked!

"You just can't get the elves these days"

## 9 PIMPING SANTA'S SLEIGH!

DECEMBER '05

Figuring St Nick's transport could do with some updating, we got Tim Westwood to give it a seeing to. As it were. Apparently, Santa thought the results were "bitchin".

2006

"Wake us up when One Direction are on"

## 10 WORLD CUP SEAT CLAIM!

MAY '06

Germans put towels on sunbeds, right? So we bagged our seats for England's World Cup group match against Paraguay in Frankfurt nice and early by putting towels down in the stadium. Take that, Fritz!

2007

"€50? Great! Enough for one small beer at the hotel bar"

## 11 ON HOLIDAY WITH JOHNNY VEGAS!

FEBRUARY '07

Mr Vegas was filming in Benidorm and invited us to visit. That was the last thing we remember. Thankfully, there was a snapper on hand to record the antics! ▶

By day six, the pub crawl marathon was starting to take its toll

## 8 SPEED-DATING WITH PETE DOHERTY!

OCTOBER '05

When bedraggled, chemically enhanced singer-songwriter Pete Doherty of the Libertines mystifyingly pulled supermodel Kate Moss, despite looking like a zombie that hadn't eaten for a week, we thought we'd adopt his odd look and put it to the test at a speed-dating event. Curiously, it worked!

"We shall confuse Saddam into submission with our strange western culture!"

## 12 PRESSIES TO IRAQ! DECEMBER '07

We're proud to count among our legion of loyal readers many of those brave chaps in the Armed Forces. Back in 2007, realising that a lot of them would be spending Christmas on the front line, seeing off Saddam in Iraq, we figured it would be a nice gesture to take them some gifts and lovely *Nuts* babe Lindsey to cheer them up. Dressed as Santa and a seasonal elf, of course!

## 13 FREDALO LESSONS! APRIL '07

After England cricket legend Freddie Flintoff famously had to be rescued from a pedalo while on a bender in the West Indies, we put together a comprehensive guide to show him how to operate this seagoing craft safely. While drunk.

It was the only way their mother could tell them apart

## 14 BECKHAM'S HAIRSTYLES IN ONE DAY! APRIL '07

To celebrate the latest of David Beckham's bonkers barnets, we got the guy in the office who looks most like him (yes, believe it or not, that's not the real Becks in the pictures above!) to road test some of Goldenballs' most famous dos from down the years. All in one day! Several female members of staff fainted.

## 15 THE WII TEST JANUARY '07

When Nintendo launched the Wii, with its revolutionary (at the time) motion-sensitive controller, newspapers claimed hapless gamers were smashing their TV screens with their over-enthusiastic arm-swinging. So we tested one on various household objects to discover what it could break. The results? It was a lot of fun!

## 16 THE NUTS HORSEMEN OF WEMBLEY! MARCH '07

When we heard that the FA was having a few problems getting Wembley stadium finished because of shoddy workmanship, we sent in a few "cowboy builders" of our own to give them a hand. See what we did there? They didn't need us in the end – the new stadium opened later in the year.

2008

Training for the wheelbarrow race was going well

## 17 NUTS FIGHTS VALUEV! SEPTEMBER '08

We sent *Nuts*' hardest man to go a few rounds with 7ft tall, 23 stone Russian heavyweight boxer Nikolai Valuev. There was only ever going to be one winner... Fortunately, we had a handy shoe box in the office in which to place the scraped-up remains of *Nuts* man to send back home to his mum.

The almond enthusiast feared he'd got the wrong magazine

## 18 FAMILY GUY'S PETER GRABS HIS NUTS! MAY '08

We're fortunate enough to count Premier League players, superstar stand-ups and awesome actors among our fans, but we were more impressed to see our favourite cartoon buffoon Peter Griffin enjoying the mag a few years ago. We had to turn down Stewie's requests for Rosie Jones' phone number though.

50 FUNNIEST MOMENTS

CRASS  
CRASH!

The window cleaners were a bit heavy handed

## 19 SCOOTERGATE! 2008

Hapless *Nuts* designer Nitish Mandalia gleefully rode a mobility scooter we'd hired for a stunt around our offices. He appeared to have everything under control, but then everyone heard a crunch that could only mean one thing – he'd ploughed it into the glass wall of an office filled with high-powered suits. Oops!

2009

It was a strange time to do his yoga stretches

## 20 STEALTH BUMMING IS BORN! OCTOBER '09

It was an email from a reader that sparked our insanely popular weekly feature. Tom Welch, wherever you are, take a bow (so we can pretend to bum you).

He took the "guess who I am" game a bit too far

## 21 THIS NAFF TAT! NOVEMBER '09

It was this tattoo on reader Adam Crotch's forehead that began another *Nuts* staple. When we showed Chris Mintz-Plasse (who actually played McLovin), he wet his pants.

"Sometimes, I wish I didn't have X-ray vision"

## 22 BRÜNO'S GUIDE TO XMAS! DECEMBER '09

Brüno shunned the usual games consoles, gadgets and gizmos of a Christmas gift guide to offer stuff like, er, "a bit of the pillar that Princess Di crashed into". Oof! ►

It wasn't a good time for the Ex-Lax to kick in

## 23 GURNING DIVERS! SEPTEMBER '09

Hilarious proof, if ever it were needed, that sometimes all you need is a daft picture of a bald man in skimpy shorts pulling a silly face to cheer up your day. Our feature on the ridiculous expressions made by competitors at the World Diving Championships still makes us chortle every time we look at it.

"Wow, where can we get one of those great T-shirts?"

## 2010

## 24 BOOZING WITH THE INBETWEENERS! SEPTEMBER '10

The then up-and-coming stars of the Channel 4 sitcom invited us down to our local for an afternoon of japery. The lads all had a pint, apart from Simon Bird, who asked to see a wine list. The big girl's bra. He claimed it was because he was still "in character" as the show's geeky Will.

"You wanna Maserati... you better work, bitch... Work, bitch... la-la-la..."

## 25 NUTS IS TICKED OFF BY CELEBS! 2004-PRESENT

Our interviews with the stars don't always run smoothly. Like the time we asked Gordon Ramsay if cooking was a bit girly. His answer? "I've worked f\*\*king hard to get where I am today, so I don't need little c\*\*ts like you spoiling it for me." They love us really!

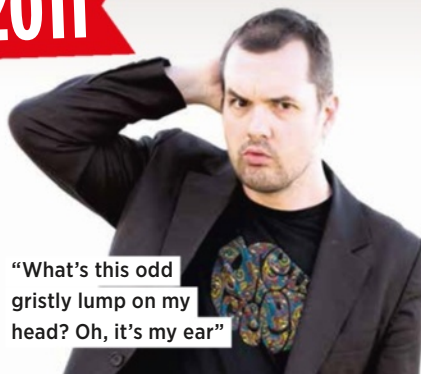

Not a big seller in the Manchester area

## 26 CHEEKY T-SHIRT CRAZE! MARCH '10

When famous types misbehave, *Nuts* prides itself on being there to make them feel better with a "name and shame" T-shirt range. Anything to help!

## 2011

"What's this odd gristly lump on my head? Oh, it's my ear"

## 27 JIM JEFFERIES' COLUMN! FEBRUARY '11

The bonkers, brash Aussie wanted to share his beyond-the-pale humour with you lot on a weekly basis, so we signed him up for a column to set the world to rights in 2011.

## 28 KAMA SUTRA IS BORN SEPTEMBER '11

Amazingly, it's been going for two years and we haven't been sued. *Nuts*: the only magazine where you'll see the bloke from *MasterChef* with his kecks round his ankles.

It was a new upmarket look for Bedroom Babes

## 29 NUTS' ROYAL WEDDING GIFT!

APRIL '11

The nation got a day off work thanks to Prince Posho's nuptials, so we thought it appropriate to at least send the newlyweds the kind of present only *Nuts* could pull off!

"Yay! I've always wanted to play an instrument!"

## 30 KARAOKE WITH KAMMY!

JUNE '11

Our crooning columnist invited us on his jollies a few summers ago and persuaded us to have a crack at his fave pastime. He didn't like our *Kammy Chameleon* number.

"Dad, stop it, you're just embarrassing me"

## 31 NUTS MAN AND EXAMPLE BERK AROUND!

JULY '11

Top pop bloke Example has always been a fan of *Nuts*. He was less of a fan of our attempt to emulate his coolness. Maybe we'll leave the pop stardom to him.

"Time for your enema!"

## 32 THIS WEIRD SEX FEATURE!

APRIL '11

We sent *Nuts* blokes Pete and Dan to investigate the world of sex people. We'll never forget images like this one. Shudder.

"I will meet a tall dark stranger? Eh?"

## 33 THE QUESTION BUCKET!

MAY '11

A sneaky way of asking famous blokes the questions we can't get away with in normal interviews, including asking Richard Hammond if he'd rather have his privates massaged with a cheese grater or his tongue stapled to a table. His answer? "Tongue. I like my privates too much." You don't get that in *Radio Times*.

"I'm going to sue the fancy dress people for this 'apple' outfit"

## 34 X FACTOR ARSE!

SEPTEMBER '11

2011's *X Factor* blessed the world with bum-flashing Frankie Coccozza. We asked the public to express their feelings!

"Bloody zoo keepers are on strike again!"

## 35 CAMPING CHIMP!

FEBRUARY '12

It's a chimp! Lighting matches! Cooking stuff! Can you think of a better way to kick off an Olympic year? Nah.

"I'm the real Snoop Dog"

## 36 REDKNAPP'S DOG!

FEBRUARY '12

'Arry Redknapp was alleged to have paid bungs to his bulldog Rosie. We spent the day with Britain's most pampered pet.

It was the poshest photo booth ever

## 37 YOUR FUNNIEST GAG! (FRANKIE BOYLE)

MARCH '12

We asked you lot to vote for the 50 funniest gags of all time. Here's former *Nuts* columnist Frankie Boyle's gag that topped the poll: "Playing for Scotland is an oxymoron. Saying you're an international footballer for Scotland is like being voted the most handsome man in the burns unit!"

2012

## 50 FUNNIEST MOMENTS

"I'll teach you to cut my oat rations!"

**HORNY HORSE!**

### 38 HORSE BUMS COP! APRIL '12

When you're having a bit of a rough day in rainy, miserable April and you're cheered up by a picture of a bobby being bummed by a stallion at Dublin's Smithfield Horse Fair, you know you're reading the right mag. For some reason, our sister publication *Horse & Hound* didn't think this picture was quite right for them.

"Er, I'm actually Canadian!"

### 39 STIFLER SORT OF EDITS *NUTS*! MAY '12

When we were told *American Pie* legend Seann William Scott was going to be guest editing the mag, we pulled out all the stops to make him feel welcome. Unfortunately, his people hadn't told him anything about it. Cue a very confused-looking bloke surrounded by *Nuts* berks in fancy dress.

The sightseers couldn't afford an open-top bus

### 40 PANTS TO PLATINI! JUNE '12

FIFA chief Michel Platini's gaffes have always been worthy of a ribbing, but when he decided to impose an absurd £80k fine and one-match ban on Denmark's Nicklas Bendtner for displaying his sponsored undies at Euro 2012, we decided to send a message to him from the British public... pants to you, sir!

## 51 BIEBER PHOTOBOMBS NUTS! SEPTEMBER '13

Pop prat Justin Bieber was in the news recently for photobombing boxing champ Floyd Mayweather before a big fight. When we read about it, we thought we'd have a bit of fun and hide him throughout *Nuts* in that issue. How many Bieber-bombs did you manage to spot?

*Nuts!*”**

# Lucy Pinder

**H**ello Lucy! Are you enjoying *Nuts*' big 500th issue shoot?

I am! Being the birthday special, we've lots of cakes and party hats around, which has made us all a bit excitable.

**Which of your fellow birthday boobsters has caught your eye?**

I love group shoots. It's nice to be around people with such massive boobs – Joey and Stacey's boobs are humongous. It makes me feel normal!

**What's the best thing about shooting for *Nuts*?**

We always have a giggle. I love that *Nuts* doesn't take itself too seriously. It's such a fun read and it celebrates women. I can't imagine my life without *Nuts*.

**What would be your dream *Nuts* shoot?**

Somewhere hot, please. A shoot on a beach, on an island somewhere, with all of the other *Nuts* girls would be fun.

**What's the most extravagant thing you've treated yourself to?**

Apart from houses and cars, my biggest purchase is a Chanel handbag, which I love to death. I wear it nearly every time I go out!

**You're our most popular cover star! What do you remember about your first-ever shoot?**

I know, it's unbelievable! I was so nervous, but everyone was so nice to me. I felt quite pampered all day. I thought, "OK, I could get used to this!"

**Finally, do you have a message for your army of *Nuts* fans?**

Thank you for all your support. *Nuts* is all about fun, and when you're a young chap, there's nothing wrong with enjoying things like pretty girls, fast cars and football. *Nuts* is perfect for that and it will keep entertaining you for many years to come! ►

**"*Nuts* is a fun read and celebrates women!"**

**“*Nuts* is the best mag in the world!”**

## Lucy Collett

**H** i Lucy! It's 500 issues! Worth a high five? Of course! *Nuts* is the best men's magazine in the world, and it deserves to have racked up such an awesome milestone. I've always wanted to be part of it. What's even more awesome is that you wanted me to be part of it, too.

### **What's your fave bit of *Nuts*?**

I love Pub Ammo. It's the bit I always flick to first. I look at the cover and think, "Yeah, she's fit!" Then it's straight to the back for some facts. I like surprising people with random facts like, er... coconuts kill more people than great white sharks! That's Pub Ammo gold!

### **Ace fact! You're a proper *Nuts* cover star. How does that feel?**

I feel like I've become part of the *Nuts* family. It means a lot to me that the readers have taken me to heart. I love it all. If I'm not getting my boobs out in *Nuts*, I'm playing games with my boobs out in *Nuts*. Ha-ha!

### **Are you still blown away by how sexy the *Nuts* shoots are?**

I'm always looking at the other girls, thinking that they look amazing. Like Rosie today. This is the first time we've ever shot together! I've always looked at Rosie, India and Holly as being the stars of *Nuts*, so I've been sneaking a few peeks!

### **Does it still feel weird seeing yourself on the cover of Britain's biggest-selling men's weekly?**

Yeah, it does feel odd. I do get recognised loads more now. I see people reading *Nuts* on the train and think, "You could be part of Lucy's train adventures!"

### **Finally, do you have a message for the lovely *Nuts* readers?**

Keep on buying *Nuts*, because if it wasn't for all you lovely people, you wouldn't have us lovely girls getting naked and partying every week! ▶

A full-page photograph of a woman with long, wavy red hair, wearing a white bikini top and matching white high-cut bottoms with thin white ties. She is holding a large, bright red balloon with her right hand, and her tongue is sticking out and touching the balloon. The background is a plain, light-colored wall. In the top right corner, there is a black rectangular box with the text "500TH ISSUE" in white. In the bottom right corner, there is a quote in white text.

**500TH ISSUE**

500TH ISSUE

**“Nuts girls

# Rosie Jones

**H** i Rosie! How are you enjoying today's 500th issue shoot?

It's amazing! It's great to think

that we're here celebrating a magazine that's brought a lot of pleasure to millions of guys. Plus we've got to hang out with lots of gorgeous girls!

**What would you bring to a *Nuts* shoot if you were in charge?**

Alcohol! That'd be amazing, but it might get a bit messy. Plus, I wouldn't be able to drive myself home then...

**Do you treat your *Nuts* shoots like big parties then?**

Ha-ha! Yeah! There's lots of messing around and gossiping and playing little pranks on each other. Hopefully the fun comes across in the pictures.

**Did you know that you're one of our top ten cover stars?**

Really? No way! That's amazing. *Nuts* has been going for so long, I totally didn't think I'd be that popular, but that makes me feel very special!

**What's your favourite thing about the *Nuts* world?**

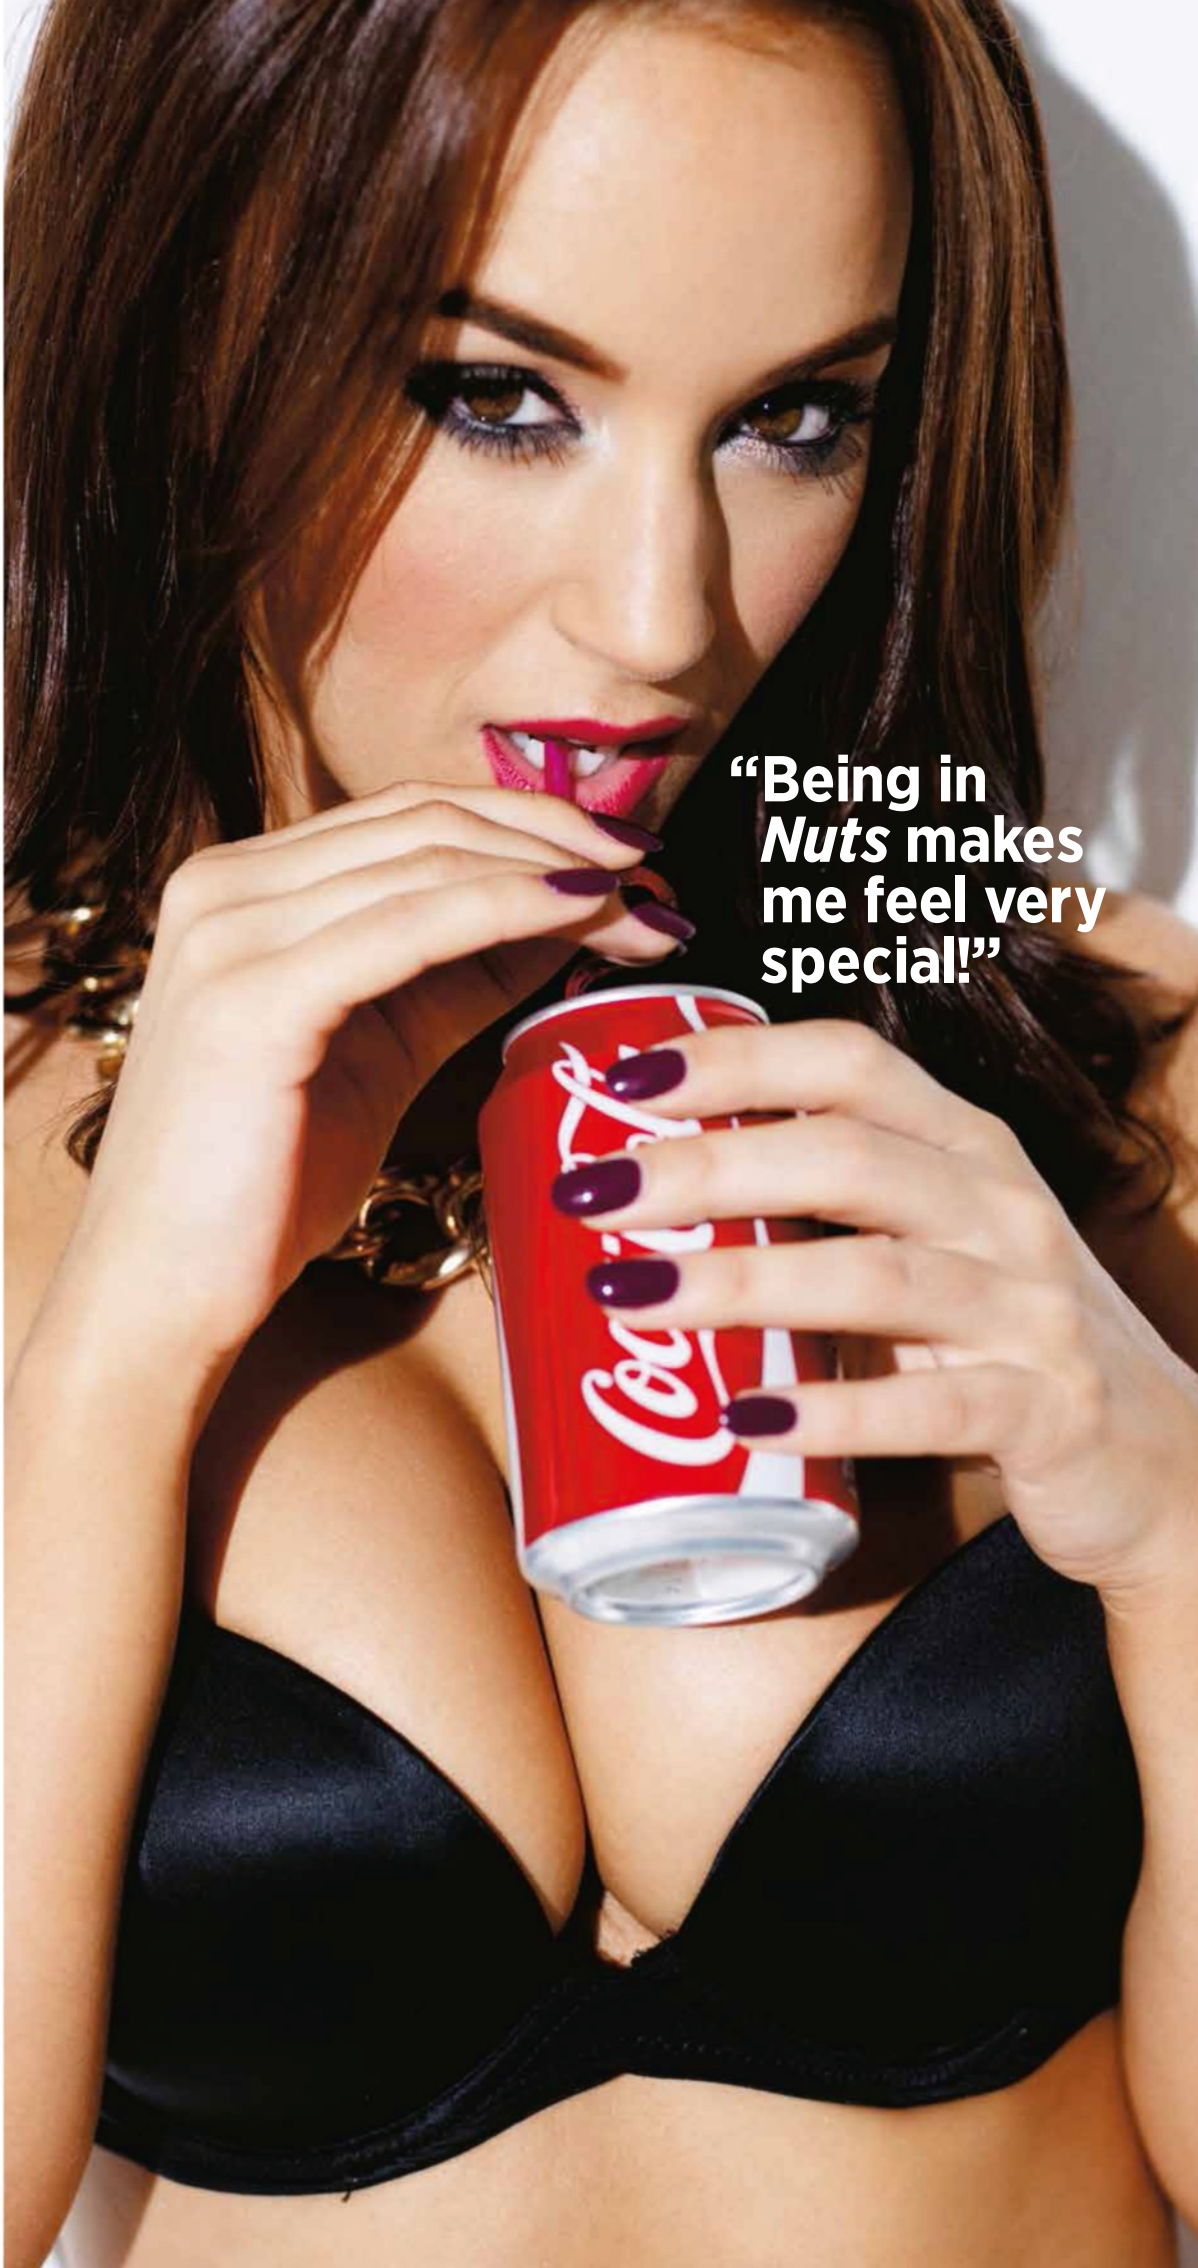

I'm so lucky because not many people can say they look forward to coming into work. All us *Nuts* girls have become great friends.

**Do people get the wrong impression about *Nuts* girls?**

People have a bit of an image that we're stuck up and we're all out chasing footballers. *Nuts* girls are happier hanging out around each other's houses eating pizza or Nando's!

**Finally, your party antics are legendary. Are you the cheekiest of all the *Nuts* girls?**

I've always been accused of that. But the last time we did a shoot, we were told we weren't allowed to get drunk and Holly Peers snuck out through a cat flap to nick some booze! ►

**“Being in *Nuts* makes me feel very special!”**

## Holly Peers

**G**reetings Holly! Are you enjoying our 500th party? Where's the champagne?

Ha-ha! I love the group shoots – we've just spent the day making each other laugh. We've always got loads of catching up to do.

**What would you say is your favourite thing about *Nuts*?**

Because I live in Manchester, I don't get to see the girls very often, so coming on a *Nuts* shoot is like catching up with my friends, really. Plus, let's be honest, *Nuts* girls are the fittest!

**Can you remember your first ever shoot for *Nuts*?**

It was a Next Top Model shoot. I was really nervous. Lucy Pinder was on the cover of that issue and I absolutely idolised her. And now we're doing the 500th shoot together!

**There you go! How does it feel to be a top 20 cover star?**

I'm well proud of that fact! Wow! I guess that puts things in perspective a bit. I've been shooting for *Nuts* for five years now, but I had so much fun that it's just flown by!

**What's the best thing about being a bona fide *Nuts* babe?**

Going abroad and being invited to stuff like the *Call Of Duty* launch party. Experiences we wouldn't get otherwise.

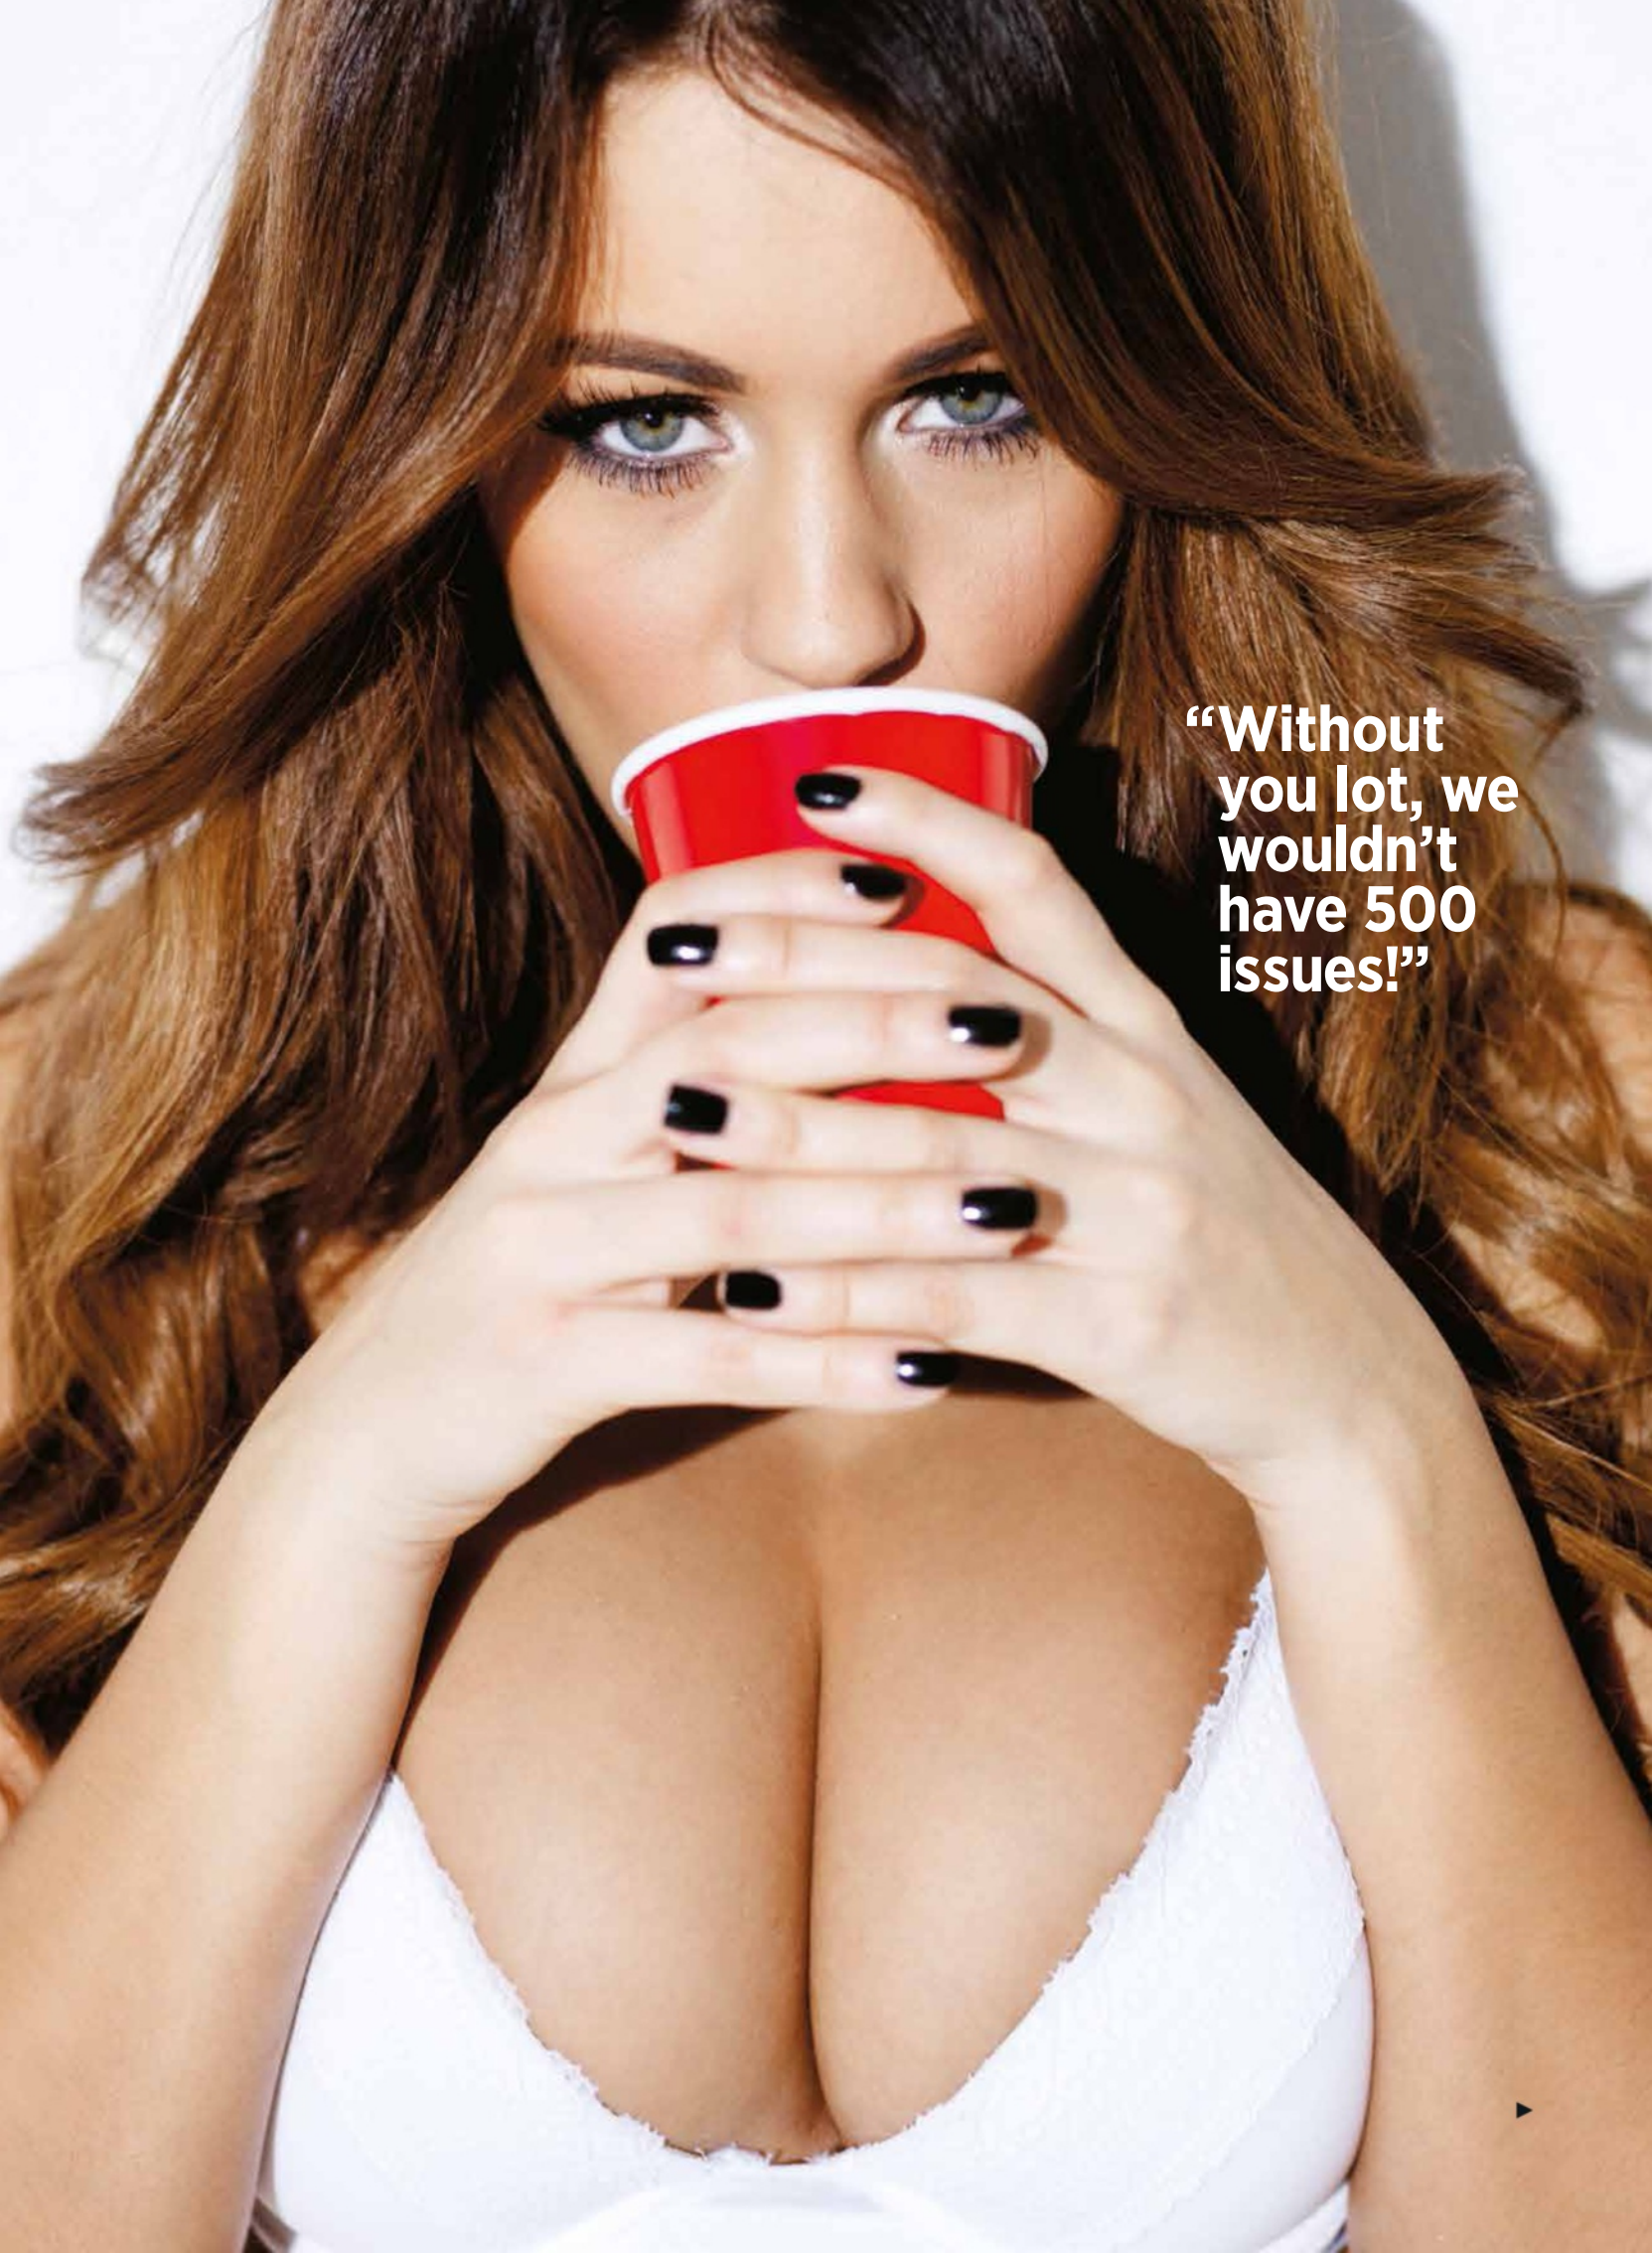

**If you were in charge, what would you bring to a shoot?**

Good question! I'd like there to be a Jägermeister machine on all shoots from now on... I'm not doing a good job of shifting my party animal image, am I?

**No comment! Finally then, any message for all our readers?**

Without you lot, we wouldn't have 500 issues. Keep sending in your daft pics, funny letters, and horrible injuries and we'll keep doing sexy shoots with our boobs out. Deal? ►

**“Without  
you lot, we  
wouldn’t  
have 500  
issues!”**

**“Here’s to  
another  
500 years  
of *Nuts!*”**

# India Reynolds

**H**i India! It's our 500th issue! Are you excited? Definitely! It's a huge milestone, and it's a proud moment for me to be involved. We've really pulled out all the stops to get the sexiest girls!

**What are you making of all the sexy girls today?**

Lucy Collett really stands out next to us brunettes with her lovely red hair, but I think everyone looks stunning.

**Does it feel weird when you see yourself on the cover of *Nuts*?**

It's really weird. We used to flick through issues when you had girls like Abi Titmuss on the cover, but now it's Rosie Jones and Lucy Collett who are the big stars. I never ever thought I'd be on the cover!

**What do you think when you look back at your first shoot?**

When I look back at the pics, I look so different! What's great is that it's the same crew today – same make-up, same photographer – as it was all those years ago. We've become a big family. I absolutely love it.

**Of all *Nuts*' 500 issues, which shoot really stands out?**

I reckon today will be one to remember. But I love *Nuts*' Christmas shoots. You find fake snow in your hair for weeks!

**Who's your fave cover star?**

Well, Lucy Pinder's a bit of a legend, and she always looks stunning on her covers. When I started out, I always looked up to her, and now I get to do these amazing shoots with her!

**Finally, any message for the guys who buy *Nuts* every week?**

Thanks for buying *Nuts*, chaps! Here's to another 500 years of *Nuts*! Hang on – 500 years? 500 issues! Whatever. Just raise a glass with us! ►

**"Today's shoot will be one to remember!"**

500TH ISSUE

# Joey Fisher

**H**ello Joey! How are you enjoying today's 500th issue spectacular?

I'm loving it. It's more fun when

there's a group of us. Boobs are my favourite thing about *Nuts*. This is a celebration of that.

**What do you recall about your first-ever shoot?**

I was so shy! It was scary but I loved it. I was so nervous. I'm completely different now and a lot more confident.

**How do people react when they find out what you do?**

They don't believe me most of the time. It's my friends that always say, "She's a model for *Nuts*," and everyone says, "Er... no she's not!" They just don't believe me, I don't know why!

**What's been your best night out since shooting for *Nuts*?**

I've just come back from Zante – that was pretty mad. We went into the sea once and someone stole our clothes. That was kind of awkward, just walking back in knickers and bras. Well, some of us weren't even in bras... it was fun though!

**What's been your favourite *Nuts* shoot of all time?**

My most recent one with the American theme. It had loads of bright colours, I love that, and that's what's great about today as well. The shoots always get across how much fun the *Nuts* world is.

**What would be your ultimate fantasy shoot?**

I'd get all the *Nuts* girls for one big group shoot. It'd be like today but even more crazy. I'll get all of the biggest boobs in!

**Sound ace! Finally then, do you have a message for all our loyal readers?**

Keep reading it, and keep supporting me, because I'm going to take over *Nuts* and you need to help me! Ha-ha! ►

**“You always get across how much fun the *Nuts* world is!”**

500TH ISSUE

***“Nuts was  
always the  
magazine  
I wanted  
to be in!”***

# Stacey Poole

**H**i Stacey, is this special shoot up there with the best of them?  
Hello! This one's my favourite.

We've all been having loads of fun. Everyone's so happy that they're doing the 500th issue.

**So have you been having lots of fun today?**

I was so excited when I heard I was doing it – it's such a big thing, it's a memorable shoot, a really big one. I've loved it.

**What would be your ultimate fantasy shoot?**

For the 1,000th issue, *Nuts* needs to get 1,000 girls. It needs all the girls who have been in the mag to do a topless shoot and all go crazy together.

**We'll work on it! What's the biggest load of rubbish you've heard about being a *Nuts* model?**

Some people think we're quite bitchy and fake. We're all the complete opposite to that. That's why people are shocked when I tell them what I do.

**How has shooting for *Nuts* changed your life?**

It was always the mag I wanted to be in! When I was 20 I got scouted when I was on holiday. I love it, I'm living the dream. It's changed my life but it's not changed me as a person.

**What do you remember about that first ever shoot?**

It was in this studio that we're in today. Lucy Pinder was introducing new babes for 2012. To do the 500th issue back where I started is so good!

**Finally then, can we have a message for the loyal readers of the magazine?**

Well, thank you so much for buying the mag. I promise there are going to be more fun shoots to come, so keep buying *Nuts*!

**“*Nuts* has changed my life but hasn't changed me as a person!”**

We loved Greg Davies as Mr Gilbert in *The Inbetweeners*, and now he's playing another teacher in his own sitcom. This time, he's Dan, a rubbish teacher who's still living with his parents, whose relationship is on the rocks, and keeps being attacked by his dad (Rik Mayall). Anarchic and very funny. We love it!

## West Ham vs Man City

SKY SPORTS 1/HD • 5pm

## Aston Villa vs Tottenham

SKY SPORTS 1/HD • 3.30pm

## Crystal Palace vs Fulham

SKY SPORTS 1/HD • 7pm

Two London clubs tussle at Selhurst Park. It was perhaps to be expected that Crystal Palace would struggle, but less expected has been Fulham's stuttering start to the season, which has seen them struggle to pick up goals, and points. Could be messy!

## Arrow

SKY1/HD • 8pm

If you missed the first series of this, it follows Oliver Queen, a billionaire playboy-turned-vigilante superhero, using a bow and arrow as his weapon of choice. As the second series begins, we find Oliver retired. In the same way Paul Scholes "retired" that time, thankfully – otherwise it wouldn't make for much of a series.

★★★★★

## CSI: NY

CHANNEL 5/HD • 9pm

The New York-based crime drama wraps up for good with this double-bill. First-up, three separate murders take place on Valentine's Day. ★★★

## Elementary

SKY LIVING/HD • 9pm

The alternative Sherlock Holmes series touches down in London this week to kick off season two, introducing two book staples – Holmes' brother Mycroft (a brilliantly languid Rhys Ifans) and Inspector Lestrade (Sean Pertwee, grumpy). If you've not yet taken the plunge with this show yet, do it – it's properly ace.

# Wednesday 23 October

## Champions League Football

**SKY SPORTS 2/HD • 4.30pm**

New comedy drama starring *Peep Show* duo David Mitchell and Robert Webb. It's funny, but we prefer them as the flat-sharing berks.

★★★★★

## Misfits

**E4/HD • 10pm**

Last ever series klaxon! It's hard to believe this nifty comedy drama has reached its fifth series, but show creator Howard Overman has decided to hang up the orange jumpsuits for good. ★★★★★

## Louie

**FOX • 10pm**

We love stand-up comic Louis CK's semi-autobiographical sitcom. It's equal parts dark, surreal, innovative, awkward, and – crucially – really funny. # 10 RUDE QUESTIONS!

And a real girl to answer them!

## Jenny James

22 Derby

### 1 Where's the strangest place you've had sex?

"The strangest place was in a field full of cows. Ha-ha! All we could hear was the cows constantly mooing. It was funny because we were right next to a church!"

### 2 What's your trademark move in the bedroom?

"Well, I've been told a number of times that I'm very good with my tongue. Let's just say that I use my piercing to my advantage."

### 3 What really turns you on?

"I love being lightly tickled. Just being felt and touched really relaxes me and gets me going. Knowing a man's enjoying every part of your body is amazing."

### 4 What's your favourite position?

"I'm definitely into old-school moves. I believe they're the ones you enjoy the most. All these weird new positions can sometimes be awkward. I like to slowly get into it and be close and sensual."

### 5 Is it better to give or receive?

"You should spend equal amounts of time on each other and make sure you're both enjoying yourselves. It turns me on to know I'm turning a bloke on, and he should feel the same about me."

### 6 What's the rudest thing you've ever done?

"I can't tell you because it would get me into trouble. It involved a girls' only holiday, and I was very drunk. Alcohol is the devil!"

### 7 What one thing would you really like to try but haven't yet?

"I do have a dark side that I'd like to tap into at some point. I like masks. There's something about anonymous sex that's very, very sexy."

### 8 What's your favourite sexy outfit?

"I love wearing black in contrast with my hair, so a sexy black suspender set would be my option. A lacy black bra and little lace hot pants, with a suspender belt and hold-ups."

PHOTOS: SCARLETT STUDIOS

**9** Ever got it on with another girl?

"I haven't. I like my men too much. Although I have been asked. Maybe one day I'll consider it. Only if I'm single, of course!"

**10** Have you ever made a sex tape?

"Not yet. I'm saving that for someone I trust! It's on my bucket list. When I do, I expect it will be epic. Ha-ha!"

**CONFESSION OF THE WEEK!**

## 'Sexy times on the slopes'

I WAS on a skiing holiday with some girlfriends and one afternoon, after the rest of the group headed back, I stayed on the slopes for some tutoring with our fit instructor. Afterwards, on the way back, we went down the steep side of one of the slopes, but I lost my balance and crashed into him. We both fell in a heap. I was so embarrassed, but that quickly turned to lust as we ended up kissing. He undid my trousers and slipped his hand into my knickers. His fingers were ice cold but it felt so good and I climaxed within a minute!

**Mary Wigan**

## 'My fun with a customer'

I WORK in a department store as a bra fitter and I started to fancy a sexy

burlesque dancer who came in regularly to get her outfits. I sensed she fancied me too, as she always asked for me and would flirt outrageously during the fittings. One day she came in looking for a sexy bra for

a date she was having later that evening. I adjusted the bra to make sure her boobs were sitting in it correctly and she grabbed my hand and began to squeeze her boob with it. She turned her head towards me and began to kiss me. Lifting my top up over my boobs, she had her fingers inside playing with my nipples. It was so naughty knowing we could get caught and when her tongue touched my skin, I thought I'd scream! She never made her date, but came to mine instead.

**Sara Worcestershire**

## 'I had the drive of my life'

I WAS driving along the M25 on the way to my fella's house to have a wild afternoon of passionate sex, but I got stuck in a traffic jam. I texted him to say that I was going to be late. I was so horny and all I could think about was being in bed with my man. He was horny too so he started to tell me what he was going to do to me when I got there. I simply had to relieve myself and as I looked around, all I could see was my hairbrush. I slowly slid the handle inside me as I read his messages, lying back in my seat. Soon, I couldn't contain myself any longer. I climaxed so hard that I hit the steering wheel and the horn went off!

**Nina Harlow**

## 'The lesson turned rude'

I WANTED to have driving lessons and my neighbour explained that his son was learning to be a driving instructor and would help me out for a discounted fee. On the first meeting, I noticed he couldn't take his eyes off my cleavage and long legs. After one lesson, he took me to a secluded spot and asked me to get out and lift the bonnet. I felt incredibly horny and instead of lifting the lid, I lifted myself on to it and opened my legs. My skirt was short enough to show everything and, after checking the roads were clear, we started snogging and touching each other. Before long, he exploded everywhere. I spent the next few months learning to drive and having saucy fun. Thankfully, neither of our dads ever found out!

## Vettel in numbers!

### Stunning stats about super Seb!

➔ **SEBASTIAN VETTEL** has once again trounced the opposition in the F1 season, and looks set to take his place among the all-time greats at just 26 years old. Here are the mad numbers that make the man...

● Indian GP, 27 Oct, live on BBC and Sky Sports.

# 1,066

Consecutive days that Vettel has been the reigning world champion, as of the day this magazine comes out.

# 9

The number of seconds it took for Vettel to incur a \$1,000 fine for speeding in the pit lane in his debut appearance as a BMW test driver.

# 0

Number of days before the final race of the 2010 season that Vettel spent leading the Championship. His win in Abu Dhabi secured the lead for the first time.

# 23

Vettel's age when he won his first Drivers' Championship in 2010, making him the youngest winner ever.

# 8

Number of women's names that Vettel has bestowed on his race cars. They have been, to date, Julie (2008), Kate and Kate's Dirty Sister (2009), Luscious Liz and Randy Mandy (2010), Kinky Kylie (2011), Abbey (2012), and this year's car, Hungry Heidi, named after supermodel Heidi Klum.

# 20

Current Grand Prix records that Vettel holds, including being the youngest ever Grand Prix winner.

# 11

The number of Grands Prix Vettel won in 2011, when he won the championship with four races to spare. Only **Michael Schumacher** has won more races (13) in one season.

**£35M**

Vettel's estimated personal fortune.

**£30K**

The cost of the Volkswagen MPV that Vettel drives in his spare time. You can get one second-hand on Autotrader for as little as £2k.

Michael Schumacher's age when he secured his fourth Driver's Championship. Vettel has done it more than six years younger than that.

**£10M**

Vettel's basic salary at Red Bull. Jenson Button (£13.6m), Lewis Hamilton and Fernando Alonso (both £17m) are all on a higher basic pay.

## Drivers' tributes to Vettel!

**MARK WEBBER**  
Red Bull team-mate

"Am I going to miss Seb? Um, probably not, to be honest with you. There's a lot of history between us. Have I ever wanted to punch him? My dad said you should never hit boys."

**LEWIS HAMILTON**  
Mercedes AMG

"He's not unbeatable - his car is unbeatable. When Michael Schumacher was winning, I would wake up in the morning to watch the start of the race, and then go to sleep until the end. I already knew what would happen. I'm sure a lot of people are doing that today."

**JENSON BUTTON**  
McLaren team

"The problem for Sebastian is that winning races and championships comes to an end for everyone. With Michael [Schumacher] it always felt like, 'Well, he's going to win it next year as well.' But it doesn't feel like that with Sebastian."

**NICO ROSBERG**  
Team Mercedes

"Sebastian says that I just hang my balls in the swimming pool instead of working hard. He should think less about my balls and more about himself."

## Be careful who you represent, Januzaj!

**Young United star should think twice before plumping for England!**

➔ **THERE HAS** been fresh talk about what constitutes an English footballer, with Jack Wilshere suggesting that “naturalised” footballers shouldn’t play for their new nation’s team. Man United youngster Adnan Januzaj is the focal point, but the issue has come up in the past with the likes of Mikel Arteta and David de Gea.

I think you should play for the country to which you feel you belong, not just to win caps. John Barnes was born in Jamaica but spent most of his youth in England, and who’d ever say he’s not an Englishman? But with someone like Adnan, surely Belgium would be his preferred national team.

He’ll also be 23 by the time he’s “naturalised” and

that’s very old to start an international career. Touch wood it doesn’t happen, but he could get a career-threatening injury in that time – five years is a long time and his advisors should explain this to him.

But anyone who has taken a nation as their home, and feels part of that nation, should be considered for the national team.

He was the world’s  
best-dressed  
laundry assistant

## Don’t assume Poyet is Di Canio Mk2!

**GUS POYET** may be a larger than life character with loads of passion, but make no mistake, he’s no Paolo Di Canio. Anyone will tell you that he improved Brighton to a great degree and left a legacy that’s being continued today.

Di Canio cut his own throat by trying to institute stupid rules that no player in 2013 would follow, but Gus is a different animal. He’ll get them trying to play and relax after turbulent times.

He had a great atmosphere in the changing room at Brighton and I expect he’ll bring that to the Stadium Of Light. I for one look forward to seeing it happen.

**KAMMY'S UNBELIEVABLE-OMETER™**

**UNBELIEVABLY GOOD!**

**CONGRATS, NUTS!**  
Nuts magazine reaching the 500-issue mark this week is an amazing achievement. If you were a player you'd be getting a well-deserved guard of honour!

**UNBELIEVABLY BAD!**

**REFGING HELL!**  
Roger East, the referee for Fulham vs Stoke, had a howler. He and his assistants got six major decisions wrong and that's more than just a bad day at the office.

## Baines or Cole? It's the luxury of choice for Hodgson!

ENGLAND HAVE been forced into choosing Leighton Baines for their final World Cup qualifiers and he makes for an interesting contrast with the injured Ashley Cole.

Leighton is clearly the better player going forward, but I still maintain Ashley's one of the best defensive left-backs I've ever seen. It's so hard to catch him out, especially since he has matured. Those bombing runs

down the wing that he used to do, in the current Chelsea team, are just not necessary any more, whereas Leighton has to take on some attacking duties.

Frankly, I don't think Ashley could have chosen a better time to get a niggles, because I'd have played Leighton against Montenegro anyway. There's no real downside – I'm just happy England have two world class left-backs!

## "Quote me on that!"

This week's biggest match debaters!

"It was a catch Schmeichel would take a million times out of a million"

Leroy Rosenoir exaggerates.

"When I heard about Tyson Gay I was playing *Call Of Duty* and had to put down the controller and stop"

Usain Bolt is that shocked.

"I don't mind as long as he doesn't want to call us the pussycats and have us playing in pink"

Steve Bruce fears the worst for Hull.

"If Newcastle had been three up, no one would have batted an eyebrow"

Try eyelash, Phil Thompson.

"Seconds after Everton scored, this happened. It might have been different if it hadn't"

Shearer states the obvious.

"I weigh 71kg. I'm not going to be 65kg unless I cut my nuts off"

Lewis Hamilton has very heavy nuts.

## OO-ER SOUNDS A BIT RUDE CORNER!

"Arsenal players were always turned on by big things"

Jamie Redknapp on those filthy Gunners.

"Middlesbrough have never got me off on the edge of my seat"

Matt Le Tissier avoids a terrible mess.

"Clichy expects Muller to come over his left shoulder"

Graeme Souness spots a bit of tugging.

Van Nistelrooy hated it when the cleaner turned up early

# Nuts spends the day at jockey school!

And fails to do almost anything right!

➔ **THIS COMING** weekend sees the annual QIPCO British Champions Day, perhaps the major event in flat racing in the UK. Held at Ascot racecourse, last year's event saw the legendary Frankel romp to victory in his final race. So when Nuts was offered the

chance to send our smallest man to get an experience of the life of a jockey, we packed him off to Newmarket's Ed Dunlop's stables to learn the trade.

● The professionals are in action on QIPCO British Champions Day at Ascot Racecourse on 19 October.\*

## BERK AT WORK!

### 8.30AM NUTS MAN SHOVELS POO!

Nuts Man arrives to the news that he must muck out the horse's stables – in other words he must shovel poo. But it's prestigious poo, having emerged from the hind quarters of Our Vic, a horse that's bagged £700,000 in prize money!

"Either you slow down or I'm having burgers for tea!"

### 10AM THE HORSES ARE PUT THROUGH THEIR PACES!

After poo-shovelling, it's the most fascinating part of the day – observing "the gallops" as the riders put the horses through their paces. One jockey describes a racehorse as "a car with no brakes, very few controls and a mind of its own." Scary!

"Quick – get moving before the giant marbles get us!"

### 10.30AM TIME FOR TRAINING!

It's time to hit the training room and don the prestigious silks with nine-time Cheltenham Festival winner Steve Smith-Eccles, the Racing School's resident jockey genius, and pro jockey and 2010 Champion Apprentice Martin Lane (right).

"Er, about the replacement guinea pig I went for, dear"

### 10.40AM THE EQUICIZER TEST!

Onto the Equicizer. This mechanical fibreglass contraption simulates a racehorse running towards the finish line. Before hopping on, Steve gives *Nuts Man* a tip: "Imagine a dog f\*\*king a bucket. That's the action you need!" Er, right!

**Nuts SPORT**

"Throw me the remote. He wants to watch *Seabiscuit*!"

### 11AM NUTS MAN RIDES A WINNER!

Our man is tasked with staying on board during a simulation of one of jockey Richard Hughes' winners at Ascot. The seven furlong race involves weaving between competitors, but after a gruelling 90 seconds, *Nuts Man* has ridden his first winner!

Rehearsals started badly for the rank outsiders of *Strictly*

### 11.30AM GETTING FLUNG OFF THE EQUICHUTE!

Onto the Equichute. This simulator teaches wannabe jockeys how to fall correctly. After *Nuts Man* is flung off the front of the "horse" at 30mph, Steve (left) tells him the ears were removed because they kept injuring jockeys in the goolies!

Baumgartner's latest stunt failed to capture the imagination

**TIPPED OFF!**

"It's high time I tried a new dating site"

### MIDDAY UP CLOSE WITH A TOP GEE-GEE!

Finally, *Nuts Man* gets to say hello to some of the real-life racehorses close-up. The good news is, if you fancy you could be a jockey, you can have a crack too. To find out more information about jockey training, visit [www.brs.org.uk](http://www.brs.org.uk)

### 12.15PM NUTS MAN FINALLY GETS HIS RIDE!

After being left with jelly-like legs and a knackered back, *Nuts Man* has finally passed out of jockey school and is entrusted with his own pony, Donovan. "You mean we haven't earned the right to sit on a top racehorse?" "Ha-ha! No!" says Steve.

## MAN-LOVE CORNER!

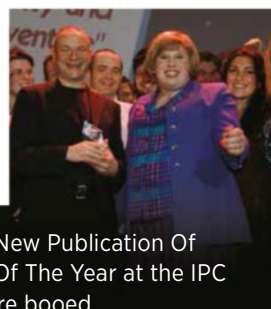

In 2005, the **Australian cricket team** denied all the magazine's interview requests during their Ashes tour, after a *Nuts* man welcomed them to the UK with a "BAR STAFF WANTED" sign.

*Big Brother* contestant **Sam Heuston** and pop star Mark Ronson's younger sister Henrietta are among the notable people who have done work experience for *Nuts*.

In its first year, ***Nuts*** won New Publication Of The Year and Publication Of The Year at the IPC Editorial Awards. Staff were booed as they claimed their prizes.

Former *Nuts* writer **Adam Ralph** asked Man United legend Denis Irwin where he was when United won the '99 Champions League. "Playing at left back," was Irwin's puzzled reply.

*Nuts* man Rich Pelley got so ill after living on just **kebabs** for a feature, he poed himself on a bus.

The famous "Lucy Pinder: Topless At Last" issue sold 297,600 copies.

Guest Editors have included Borat, Keith Lemon, Stifler and Lucy Pinder.

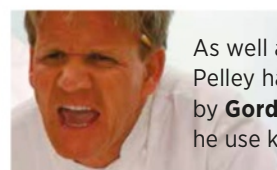

*Nuts* animal stunts have featured: a monkey, two **turkeys**, a goat, a horse and a cow.

Despite both being in existence for 499 weeks – which is a heck of a long time – ***Nuts*** has never been beaten in the biannual circulation figures by its men's weekly rival.

*Nuts* staff members have flown into two war zones, with deputy editor **Nick Soldinger** being stupid enough to go to both Iraq and Afghanistan. He made the trip to Iraq dressed as one of Santa's elves.

As well as the kebab incident, Rich Pelley has been verbally abused by **Gordon Ramsay** for suggesting he use ketchup in some dishes.
