WIN THE **ULTIMATE** FRAT PARTY WITH BAD NEIGHBOURS

Yanks do loads of things really well. They're great at blowing stuff up, serving up huge portions, of course, creating pioneering haircuts (hey, nice mullet!). But one thing they, like, totally excel at, dude, is throwing legendary frat parties like the ones in ace new Seth Rogen comedy *Bad Neighbours*!

To celebrate the launch of this brilliantly funny flick, we're offering one lucky reader and his mates the opportunity to

win the ultimate frat party. That's right! We'll send Lucy Collett around to your house to deliver a load of beer, pizzas, party games and tunes!

All you've got to do is answer the following question. Which fraternity did *Bad Neighbours* co-star Dave Franco belong to while a student at the University of Southern California? Clue: The answer's in this magazine...

It's Chloe Goodman!

It's the *Ex On The Beach* star! And she's lost her bikini!

FOR MTV – a company whose show pitches traditionally consist of “find people, add enough booze to fell a rhino, film” – their new show, *Ex On The Beach*, feels positively high concept. They’ve stuck eight singles in a Mediterranean villa for a dating show. Then, one-by-one, they helicopter the contestants’ exes into the mix. What could possibly go wrong? Half the budget goes on bouncers and tissues, we’d imagine. No. Not those kinds of tissues... ►

CHLOE ON THE BOX!

You can catch more of Chloe on *Ex On The Beach* on MTV/HD, Tuesdays at 10pm.

Another beautiful sunset photobombed!

Hello Chloe! What was it like appearing in your first reality show?

Well, I've always had loads more guy friends. I find that most girls just come with a lot of drama, and I'm not interested in it. It was the same with the girls on the show – they just wanted an argument over everything!

Having watched the show back, how do you rate your performance on it?

I'd love to go back and do it all again. I think I was too polite and held my tongue too much, but if I ever went back in, I know I'd say exactly what I thought and I wouldn't hold back in the slightest.

How did you manage to handle the drama then?

I do what makes me happy and if someone has a problem, then it's their problem.

Ex On The Beach is a dating show. So what qualities would your ideal man have?

He has to love loads of banter and jokes. I can't deal with dull people. I love it when a guy's spontaneous and makes me laugh.

If we were to nab you for a nice date, what would a night out with Chloe consist of?

I'm a good laugh, for sure. I love playing practical jokes on people – so make sure you keep an eye on your cup of tea on the next shoot with me! I like a good night out, too. I think a night out with me would be a cross between *The Hangover* and *Bridesmaids*!

Thanks, Chloe! Finally, what would your dream Nuts shoot involve?

I love animals, so I'd take my favourite *Nuts* girls – India, Rosie and, of course, Lucy Pinder to some insanely exotic country and do a big, naked shoot with all the lions and cheetahs. It's the animals I'd worry about!

Supercar car park!

YOU'D BE right in thinking that the yearly Secret

Supercar Meet, organised by The Supercar Owners Club might be something pretty special. And 2014's little bash didn't disappoint. Frankly, we've never, ever seen such a gathering of Stig overalls-tenting vehicles.

Starting in 2011, the meet has snowballed to this – just in the pack you can see Lambo Aventadors, Audi R8s, McLaren's new 650S, Ferraris, Aston Martins, Bentleys and Beemers. Imagine the art you could make with one key and ten minutes! For more, hit up www.supercardriver.com.

All-new Alan Carr gags!

Brand-new funnies from the bespectacled comedian!

On fame!

"When I first got on the telly I thought, 'They're going to be queuing up.' No one touched me with a sh*tty stick. When you look in the magazines and see Top 100 TV Hunks, I know I'm not going to make it. I'm not deluded. Then they bring out 100 Weird Crushes. Get in, Alan! Someone must fancy you in a weird way. No. And it hurts. You look at the list and think, 'What has Aleksandr Meerkat got that I haven't?' I know he's cute, but he's a meerkat. He's practically vermin!"

"Not everyone knows I'm on telly. Some people don't watch Channel 4. The first time I made it onto the front of *Heat* magazine, I framed it and put in on the wall. I had a builder round and he said, 'Did you get it done on Moonpig?'"

On onesies!

"Who wears a onesie? If you're going to wear an animal onesie, stay in the house, else it freaks me out. I was standing behind two zebras in the post office buying scratch cards. I thought I was on drugs. All these young girls walking about dressed as pandas, zebras, lions. I'm surprised the local paedo hasn't built an ark!"

On rubbish TV!

"Have you seen *Extreme Couponing*? You watch it for the first few minutes and think, 'What's this sh*t?' Half an hour later you're trying to order the box set on Amazon."

On Trip Advisor!

"Has anyone been on Trip Advisor? Some people are morons. Someone gave Stonehenge two stars because there wasn't a coffee shop. I bet those cavemen are kicking themselves. 'I lugged this massive slab of concrete all this way, now f**king hell, where are the scones?'"

"Someone gave Lake Windermere one star because she'd lost her handbag there. That's not the lake's fault, is it? If it's a hole in the ground filled with bluey water, it's a lake. That's five stars."

"I'm from Northampton. This is the sort of place that if you wear shoes, people think you're the Secret Millionaire. On Trip Advisor, it mentions Northampton's great local amenities. Yes, they're great if your ideas of amenities are a pet cemetery and a cannabis plant. Get a holiday home there, you'd love it."

On internet ratings!

"When I'm depressed I go on YouTube. Remember those Chilean miners who got stuck? I watch the footage of when they come out and they're reunited with their families and it cheers me up. I went on it yesterday and it had 12 dislikes. Twelve people have thought, 'That's really p**sed me off. I was in a really good mood until I saw them being given the gift of life.'"

On holidays!

"I went on holiday to a little island in the Maldives. They raved about it on Trip Advisor. They didn't say homosexuality was illegal. According to the reviews, you could eat your dinner off the urinals. There's nothing about me getting f**king stoned to death. I had to be butch for a week. I used muscles in my legs I didn't even know I had. I could feel people judging me. I don't want that on holiday, so I kept throwing them off the scent by walking into the foyer and shouting, 'Has my wife arrived yet? You can't miss her, she's got a c*ck!'"

On hearing voices!

"I read that people going up mountains and running marathons hear voices going, 'Keep on going.' I've never heard that voice. I hear the voice that tells you to do socially unacceptable things. 'Kick that baby!' 'Eat that dog sh*t!' I was having a wee once at a public toilet. It went, 'Eat that chewing gum out of the urinal.' Nooo!"

On ouija boards!

"Has anyone done a Ouija board? You get violent abuse, a bit like Twitter. I did it with my mum. The first time we did it, it called my mum a slut. She was like, 'Is that you moving it?' Then she spelt out 'bender'. Mum was clearly thinking, 'Two can play at that game.'"

On his legs!

"I've got mincer's leg. Years of walking around like this has ground down the bone and I've had to have physiotherapy. The problem is my calves are my erogenous zone. I didn't realise until I popped on some ribbed Uggs. I ran for the bus in an ankle chain and I nearly came!"

On dating!

"I'm jealous of my partner because he's not camp like me. He's the right mix. He's masculine but he's got a feminine side. He'll enjoy a dog fight, but he can appreciate a room spray."

"Dating is so specific these days. You've got mature dating, you've got Christian dating, you've even got uniform dating. How shallow is that? 'I want to have sex with you because you wear a helmet.' You really want to give out that vibe? It's bad enough rolling over in the morning next to a munter without seeing a lollipop man stick as well. How romantic is that? 'You had me at, "Stop, children!"'"

"I used to go speed dating. I say speed dating. I worked on a tollbooth. 'Gemini, 37... a pound. Wooo!'"

On charity!

"When you're on the telly, you have to do things for charity. No one told me that. People say, 'Are you going to do Movember?' With these teeth? It would be like putting a thatched roof on Stonehenge!"

"Thanks to bloody David Walliams and John Bishop, you can't do a sponsored silence. No, if you're not abseiling down Kilimanjaro with Kimberley Walsh, people think you don't give a sh*t about Africa."

On his hair!

"My hairdresser knows that I'm thinning, so when he gets the mirror out to show me the back of my head, he always angles it so it's the back of someone else's head."

200mph drop top Corvette!

Chevy take the tin opener to their Stingray. Rooney – you'll need some stronger glue!

- Chevrolet has just tugged the motorshow sheets off the topless version of its C7 Z06 Corvette Stingray to prove it's aiming its exhaust barrels at the likes of Porsche's 911 Turbo cabrio.
- **The Z06 convertible is built on the same rigid aluminium chassis structure with carbon and plastic bodywork as its hard-topped cousin. No extra bracing was required once the top was lopped off, as Chevy designed the car to be open-topped from square one.**
- This means the cabrio is barely any heavier, so you can expect a top speed of over 200mph and a 0-60 dash of 3.5 secs. This snaps at the heels of Lambos, and is a Ferrari contender for a fraction of the price.
- **You can choose between a seven-speed manual (which cleverly blips the throttle for you on the downshift) or eight-cog paddle autobox, which Chevy technicians say shifts up gears "up to 0.08 secs quicker than that of Porsche's PDK double clutch box." Serious stuff.**
- The only visible difference between this and the hard top Z06 is the fabric roof. This can be operated remotely with a blip from the key fob or while driving up to 30mph. Once down, it's completely hidden beneath a body coloured, dual hump hard tonneau cover.
- **Inside, the Z06 has a flat-bottomed steering wheel, CGI instrument panel and interior materials that, for the first time in decades, give the Corvette the cabin quality the rest of the car deserved. Like magnesium seat frames,**
- **Napa leather and real lacquered carbon fibre.**
- Probably the best slice of gadgetry is an industry-first Performance Data Recorder. This allows you to log your hooning activities via video, audio, GPS and driving stats. The data's captured on an SD card in the glove box and onboard accelerometers allow you to analyse every mile. You
- can even relive your moment of drift/drag/crash glory on a touchscreen 8in HD screen.
- **If you still need convincing that the Yanks can build a world-class supercar with sledgehammer spec and build quality, the Z06 is exactly that. You'd struggle to spend a better £75k on a car this year.**

EXCLUSIVE!

A quick word with Seth Rogen!

The *Bad Neighbours* star on swearing, prosthetic butts and spatula sex!

➔ **Hi Seth! In your ace new film you face off with a frat house that moves in next door.**

Now you're a married man are you still that wild?
I'm very domesticated! My wife and I watch *House Of Cards*. We don't go out and drink any more. But we both would like to... We're both constantly grappling with stuff like, do we go to the club and stay up all night with our friends, or do we just catch up on *Game Of Thrones* and go to sleep? I really relate to that, and that's really what the movie's about. It's probably why I don't have kids yet!

You fight Zac Efron's frat boy and even have a dance off. Is he officially part of your crew now?

He's in. You'll see how much swearing he does. That's the initiation!

How much of the film do you make up on the fly?
We improvised a lot because we wanted the film to feel loose and natural. The structure and the scenes are so funny and ridiculous that it's not too hard to come up with funny stuff.

We really love the bit where you get pranked with a car airbag!
Yeah, if you just act normally, the scene is so ridiculous that it's funny. That's the best place to be

when you're not relying on verbal intricacies for laughter. The situations themselves are funny.

And there are a lot of moments in the film that require, ahem, large man bits. Was there a dedicated prosthetics team?

There actually was a prosthetics team on the movie! There were also a lot of prosthetic butts, although you only see a few of them... There was every prosthetic body part you can have!

Nice! How do you psyche yourself up for shooting your sex scenes with Rose Byrne and her spatula?

It is a little awkward. The fact that it's funny makes it a lot less weird. Sex scenes are generally always a little weird.

Tell us about the party scenes...

They were all shot in houses. There was almost no soundstage work in the entire movie. The only set in the movie that I can think of is the bedroom that Zac and I fight in. Other than that, we packed tons and tons of people into real houses.

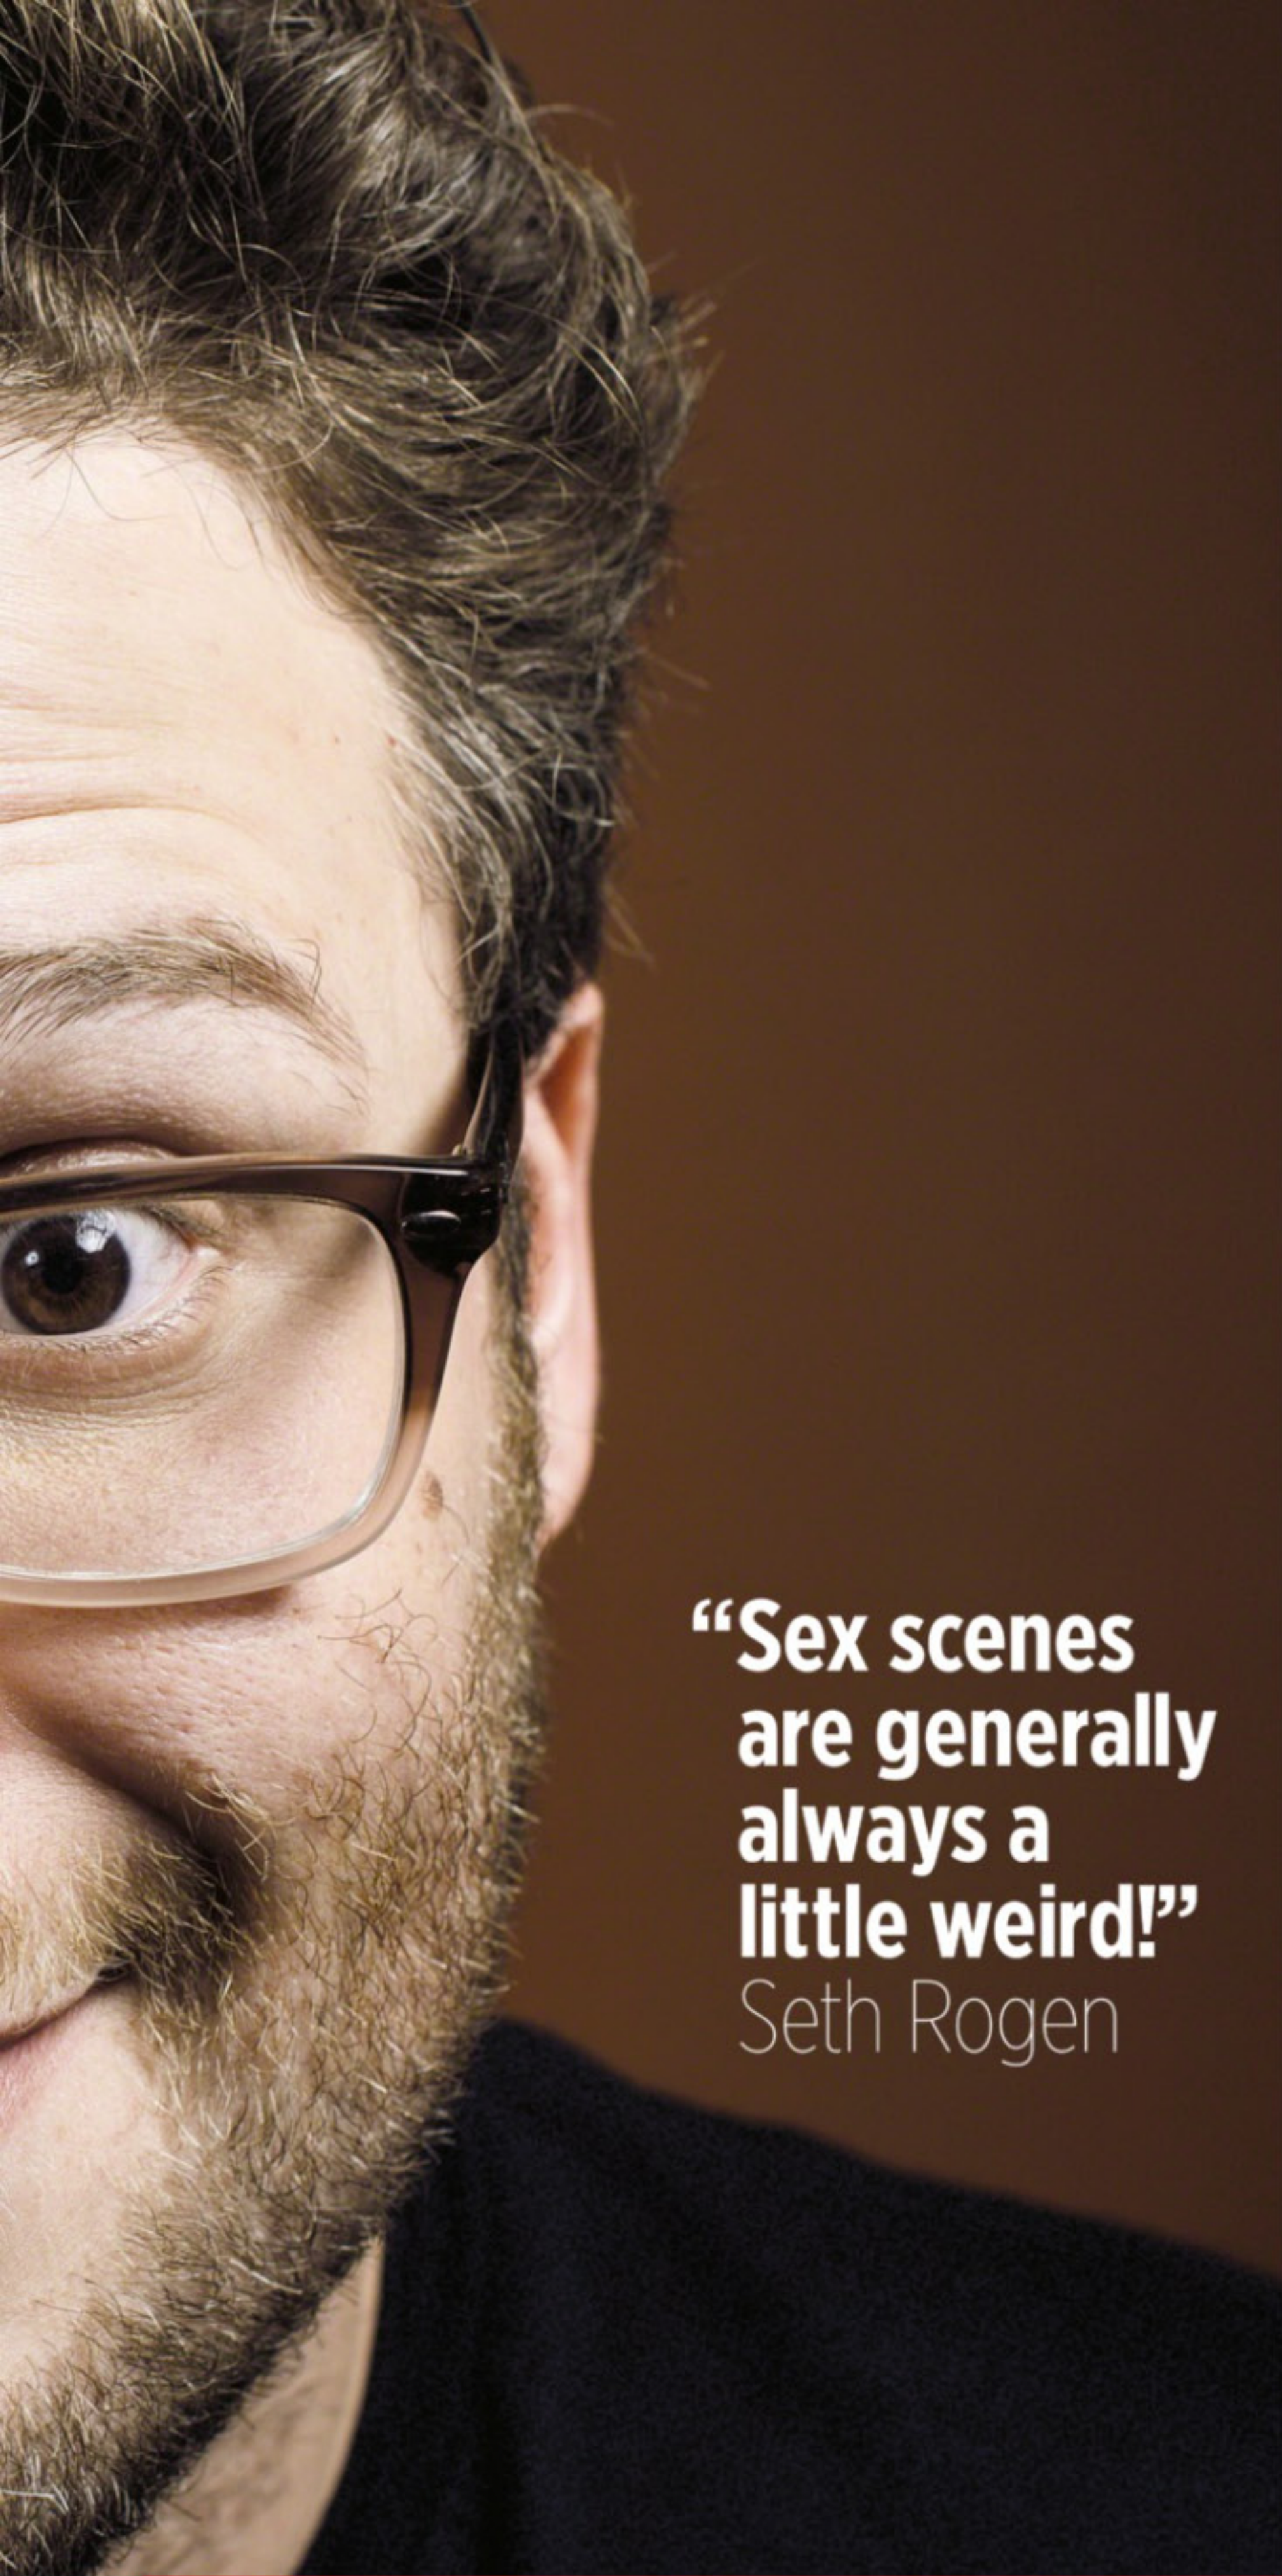

Did the party scenes go right off for real?

There were a few moments with little sequences in the movie where it looks like you're actually walking around at the party! We gave out cameras to the background people in the scenes, and Evan Goldberg (Rogen's co-writer on

Superbad) and I went around with little cameras as well. Sometimes, if they were shooting in the other house, we would have a hundred people in the frat house with music playing telling people to just party for ten minutes and we'd film it. It was crazy and really fun!

● *Bad Neighbours* in cinemas nationwide from 3 May.

The perpetual phone!

**TAG Heuer launches mobile

➔ **USUALLY KNOWN** for its swish watches, Swiss firm TAG Heuer has also been making fine phones for a couple of years, and its new one is Vorderman clever. The Meridiist Infinity charges itself, see, via a layer of transparent “Wysips”

crystal between the sapphire crystal glass and LCD screen. It’s a photovoltaic material that converts solar radiation into energy, keeping the phone juiced. So how much does it cost? Well, price is TBC but it’ll be at least £3k. So you’ll have to win the lottery, or get *much* better at football.

Joey Fisher

Hello girls! You're looking awesome today! How are you enjoying each other's company?

Lucy Collett: It's amazing. I've wanted to go one-on-one with Joey for ages – she's gorgeous!

Joey Fisher: I love it! I haven't had a shoot with just me and the Vixen before so we definitely had a fun time.

Typical British conversation starter... How are you finding the recent promising weather?

Lucy: It's great because I get to wear less clothes. That's put a "spring" in my step! By the way, I'm awesome at puns.

Joey: I'm really up for the fact that the days are getting longer. It's still light at 8pm and that means summer is just around the corner. I can smell the suncream already. I'm hoping to go somewhere hot for my holidays. My boobs need some exposure to the sun. Ha-ha!

Have you already started the ol' bikini shopping?

Joey: Yep, I've actually just gone and bought my first bikini of the year. It's a skimpy white number. A white bikini with a tan looks so amazing, don't you agree?

Lucy: I picked out a new one the other day. It has a flame and leopard print design, which I think fits my fiery personality quite well.

What's the point in splashing out on pricy swimsuits if you always end up topless anyway?

Joey: Good point. I always go topless. It's a must, in my opinion. I can't have white triangles on my boobs – it looks ridiculous. And I don't think *Nuts* would approve of that either! I prefer my boobs to have an even bronze tan.

Lucy: No girl wants tan lines so of course I go topless. If I had my way, I'd go completely naked. When I'm in Tenerife with the other models, I get starkers and sunbathe in our private villa. A bunch of naked glamour girls – lovely! ►

Lucy Collett

Crikey! What's your ultimate fantasy *Nuts* shoot?

Lucy: That's easy. It would be with Helen Flanagan – and lots of whips and chains.

Joey, you recently posted a pic on Instagram of you with blonde hair. Would you ever go back?

Joey: I'd consider a lighter shade of brown, but never that blonde again. Let's just say blonde didn't really suit me. Brunettes are the best!

Lucy: Er, I don't think so! Redheaded vixens like me are fairly awesome, thanks.

Are there any downsides to having such big boobs?

Lucy: It does give you a bad back. I have a sports massage every six weeks so I don't get a hunch. Also, when you sit straight like normal people do, your boobs stick out so much which can be distracting. But there are advantages, like getting free drinks.

Joey: And it makes shopping for bras difficult. The other week, I bought a medium-large bra, which was the biggest size available in the shop, so I was hoping it would fit. I was very disappointed. Me and my friend bought the same one so we took photos to compare and it was hilarious because I was popping out of mine.

Nice one! Do you have any hidden talents?

Joey: After much effort I've nearly mastered the "wall twerk", which I'm proud of. That's when you stand on your hands and lean against a wall and shake your booty.

Lucy: I can do a perfect impression of a bird cheeping. I used to do it in class at school and confuse everyone.

Thanks, ladies! Finally, what telly shows are you addicted to at the moment?

Lucy: *Game Of Thrones* obviously.

Joey: I'm really into *The Walking Dead*, but I'm only up to season three so far. I'd love to play a character in a zombie film! ▶

JEFF STELLING

Vs the Nuts Question Bucket!

The *Soccer Saturday* legend on squirrels, hangovers and, er, football!

THE RULES are simple. We fill our bucket with ridiculous questions, then a famous type picks them out at random and has to answer them!

Have England got a shot at the World Cup this year?

No. We should be going with a team full of kids. People will say it's about here and now, but it's about planning for the next Euros and the next World Cup. It could be a fantastic learning curve to take Luke Shaw, Adam Lallana and Ross Barkley.

How often do you need a wee in a live broadcast?

Sometimes you've got to go. There's always a video, like The Performance Of The Week Award at ten to three, that's three minutes long. That's the optimum time to run for the loo. It's precision planning.

Would England do better if we replaced the whole team with Brazilians?

Yeah, but they'd be called Brazil. One of my local teams is Southampton and when Morgan Schneiderlin says he wants to play for England, I think, "Sorry. You're a Frenchman." So we don't want Brazilians either.

Should they use randomly exploding footballs to make penalty shootouts even more exciting?

No. Football is as good as it gets. I can't think of anything that anyone would want to watch on TV or in real life more than football. Theatre? Cinema? Forget it.

When there's no football over the summer, do you hibernate like a squirrel?

No. I watch a bit of cricket, play a bit of golf and go on holiday.

Ever played one of those *Soccer Saturday* drinking games? "Every time Jeff says, 'It's doom and gloom...' one shot" etc.

Every time Kammy says, "Unbelievable, Jeff..." I've had people tweet me the next day saying I was responsible for a thundering hangover, but I've never played myself.

Have you got a back-up vidiprinter in case yours breaks down?

No. It's been a bone of contention for some time. I did threaten to take a spanner to it the first weekend of this season, but it was the operator's fault, so it did seem a bit harsh to beat it to a pulp.

Would you ever do a nude TV advert like Kammy?

No. I was topless in the 2010 Carlsberg advert, but I don't think I'll be going any further than that.

Do you script your rants?

No. The one I get asked about most is the Middlesbrough rant. I had an idea where I was going. I have bullet points, to get the facts right. Then all the boys go, "Go on, Jeff!" and off I go.

What happens in your house when Mrs Stelling wants to watch *Downton Abbey* and you want to watch the footy?

No one watches anything else in our house. We all watch football!

As an honorary freeman of Hartlepool, can you walk into any shop and help yourself to sweets?

No, but I can drive my sheep through the town centre. I've got to get them there first, of course.

How far did you get up Mount Kilimanjaro last year [to raise money for charity] before you wish you hadn't bothered?

Getting up wasn't a problem; I had a fantastic time. Coming down was a nightmare. You think, "I wish I hadn't gone to the top because it's such a long way down."

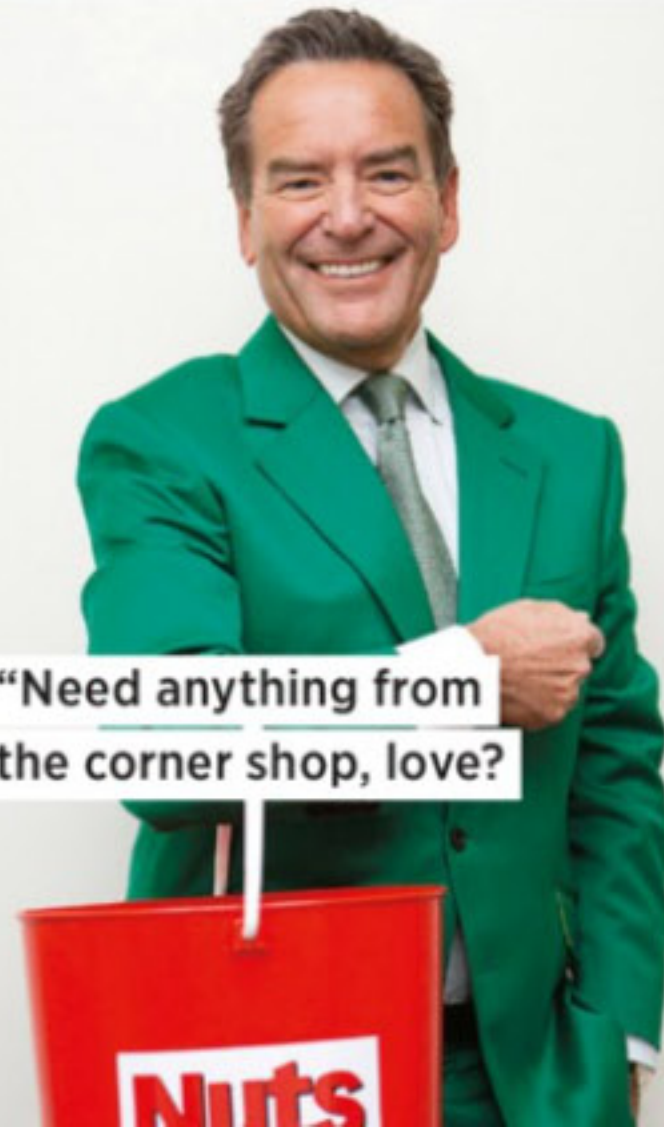

What's the worst hangover you've come to work with?

It's never too bad. It's not like I'm presenting *Soccer AM*. I used to present the darts and that was lethal. We'd finish at midnight and end up in the bar till five in the morning then come back the next day. ►

"Advance to Pall Mall. WTF?"

"Need anything from the corner shop, love?"

The *Jeffercise* fitness DVD had some pretty odd routines

Do you get a lifetime supply of Carlsberg for appearing in their TV ad?

Ha! I don't know yet. The last time I did something for Carlsberg, I did have a garage full of beer for quite a long time. So, possibly.

The postie's delivery technique was unconventional

FOOTY LEGEND!

The Sky Sports "bleeper" was a bit low-tech

What do you dream about?

I dream of Hartlepool winning promotion but unfortunately, the reality is usually a nightmare, not a dream.

EXCLUSIVE!

Holly Hagan!

The Teesside tearaway glams it up!

A small inset photograph of Holly Hagan with bright red hair styled in a large bun, wearing a leopard print top.

BACK IN THE TOON!

Holly is back in Newcastle filming series eight of *Geordie Shore*, due to be aired this summer.

LY

HOLLY HAGAN

**“Other reality shows
are tame next to
Geordie Shore!”**

Hello Holly! How did you enjoy today's shoot? It was fantastic. I got to hang around a huge country house with a swimming pool and strip off. My shoots in the past have always made me look like a bit of a girly girl. But I felt like a real power woman strutting around this huge house today.

There's a lot of "wearing really sexy lingerie underneath a posh frock" going on. Is that something you're into?

Oh, definitely. Though I like to take that whole vibe one step further. I have to admit that I have shown up at a guy's house with a fur coat on and nothing underneath. You need to do things like that to keep things spicy – just going out for a Nando's together doesn't quite cut it, no matter how f**king good their chicken is.

You've done loads of *Nuts* shoots now – how do you feel about them compared to when you first started doing magazine shoots?

I feel like it's a journey that I'm on with the readers. They've seen me with bright red and purple hair. And now they're seeing me grow up and be more dominating rather than just cute. It's quite exciting!

What would you love, more than anything, to happen in the next series of *Geordie Shore*?

A trip to Vegas would be pretty amazing, wouldn't it? My ideal would be to have some kind of swimming pool orgy in Vegas, Prince Harry-style. And if he could come too, that would be the icing on the cake!

***Geordie Shore* is no stranger to rude scenes. If you could rope in any celebs from one of the tamer reality shows to have an orgy, who would you invite?**

I can't think of any. All the other shows are a bit quiet in comparison, aren't they? I don't really watch TV anyway, to be honest. I don't think I'd ►

HOLLY HAGAN

**“Lads think I’m some
living, breathing
Rampant Rabbit!”**

invite anyone from *TOWIE* or *Made In Chelsea* to any orgy I was hosting.

When's the last time someone famous cracked onto you?

Sadly, it was probably Frankie Cocozza. That whole thing is never going to die. It's going to follow me to the grave. I can't stand celeb parties. I don't go to them so I haven't met many other celebs. I'm happy up here in Middlesbrough.

Who's the most annoying celebrity you've met since starting *Geordie Shore*?

Well, like I say, I don't hang around with celebrities. If a celeb wants to find me, first they'll have to come to Middlesbrough. And secondly, they'll have to break the ice by buying me a chicken parmo.

For those who don't know, what's a chicken parmo?

The parmo is the culinary gift that Middlesbrough has invented. You can only get it here. It's basically a big, flat slab of chicken or pork, which is deep-fried then covered in melted cheese and served in a pizza box with chips. I've lost count of how many I've eaten.

Blimey! Do you get recognised much in Middlesbrough?

I do, but lads almost never come and talk to me. I think they reckon I'm some living, breathing Rampant Rabbit who's going to eat them alive. But I'm really not like that at all. It's harder for me to get decent male attention now than it was before I started appearing on the telly.

How's your Fashion Bible business going?

It's going fine, thanks for asking. There's lots of stuff on there that's really good value, so obviously I'd recommend it to *Nuts* readers who are looking to buy their girlfriend something lovely to wear. It annoys me when people are surprised that I have my own business. People assume that when I'm not filming

"I'd love a pool orgy in Vegas with Prince Harry!"

HOLLY HAGAN

**“If you want
to get to know
me, buy me a
chicken parmo!”**

Geordie Shore that I'm sitting on my arse for the other 45 weeks of the year – it's not true!

What's the biggest fashion faux pas blokes these days make?

I don't know if I'm the right girl to ask because I kinda go for blokes in tracksuits! I can't stand it when I see blokes dressed head to toe in Topman gear. It's so bland and it makes them look like they've got no personality. I want a bloke to look like a real man. And often, a decent fitting tracksuit can do that. I'm weird, aren't I?

If a chap wants to "get lucky" on holiday this summer, what look should he go for?

You don't need to wear anything in particular if you're a bloke on holiday. You just need to go to Magaluf. Absolutely anyone, and I mean anyone, can get laid over there!

Do you feel bad that the *Geordie Shore* lads have inspired the fashion for T-shirts that are cut halfway down their chests?

Sadly, yes. It's crap, isn't it? It's not a look I'd go for. Plus I feel partly responsible for guys wearing bronzer and make-up and all that vain rubbish.

Your boobs are looking great. Will you be having any more enhancements in future?

I haven't ruled out any more work but I have gone from a 32B to a 32FF, which is quite an increase. Plus I lost lots of weight so I had to get my boobs uplifted too. No plans right now to get them any bigger – I'm happy with them!

Thanks, Holly. Finally, what's the biggest load of rubbish you've read about yourself?

That I'd had a huge falling out with Jodie Marsh and that I was going to record a single. Not even slightly true. It's a bit frightening, really, that people are so bored that they want to make stuff like that up. All anyone has to do is come up to Middlesbrough and ask me face to face. Oh, and buy me a parmo of course! **X**

10 RUDE QUESTIONS!

And a real girl to answer them!

Annie

21 Kent

1 Where's the strangest place that you've had sex?

"While taking a casual stroll on a sunny afternoon once, me and a partner decided to get a bit risky and jumped into a stranger's back garden to have wild sex right there and then!"

2 What's your trademark move in the bedroom?

"Being on top. Sometimes it's nice for the lady to take control in the bedroom. It's pleasurable grinding while having your best assets on show and being touched intimately."

3 What really turns you on?

"Having my neck kissed really turns me on. It sends tingles down my spine which gets me really excited and in the mood for even more."

4 What's your favourite position?

"I love being taken against the wall. It feels so good having your bum grabbed tightly while being taken from behind."

5 Is it better to give or receive?

"I'm a giver. There's nothing better than

pleasing your man and putting a smile on his face. But I do also enjoy receiving – especially after a manic day."

6 What one thing would you really like to try but haven't yet?

"Handcuffs. A lot of people would dismiss them as cheesy but I think being handcuffed and giving the other person leeway to do whatever they want to you would be thrilling and exciting."

7 Ever got it on with another girl?

"Yes, I have. It was a very enjoyable and incredibly sexy experience. I would definitely recommend that every girl try a bit of girl-on-girl action at least once."

8 What's your sexy outfit of choice?

"My army and nurse costumes. I love a bloke in an army uniform. And being dressed up as a naughty nurse is very kinky for the bedroom. There's nothing like getting involved in a little bit of roleplay, nursing your injured soldier back to health!"

9 Have you ever made a sex tape?

"No, but I wouldn't mind trying it one day with me and a partner. It would be fun to watch ourselves on screen seeing how naughty we get!"

10 What's the
rudest
thing you've
ever done?

"A partner and I were walking in a field full of dog-walkers. We got a bit touchy feely – he was grabbing my bum and boobs. He dared me to give him a blow job in the field – and I did!"

CONFESSION OF THE WEEK!

'My cheeky pub hook-up'

I WAS in my local pub when I saw a hot blonde across the room, staring so intently that I knew she wanted to rip my clothes off. I have a thing for blondes, so we got talking dirty in no time and soon she was touching my breasts on the sly. I took her hand, led her to a dark corner and we started French kissing. She sucked on my bottom lip, and my hands started wandering up her skirt towards her clit. I slipped a finger inside – she was soaking wet. She whispered that she wanted more, so we raced to mine and got to some serious oral action!

Emily Portsmouth

'I liked being watched'

AFTER HAVING spent a hot and horny weekend away in York with my fella, I decided to end the trip with some fun. The sun was going down as we

headed home but I wanted our fun to continue. Dressed in a lacy see-through dress, I was feeling really naughty thinking about what we'd been up to. My hands slowly began to rub my thighs, I tilted back my seat and soon enough my fingers were teasing myself. The traffic came to a standstill as

my pleasure was getting really intense. I realised there was a huge truck at the side of us, the driver watching. I pulled my panties down, and was so turned on knowing I was being watched. I glanced over to him and smiled. It wasn't long before I threw my head back in my seat and climaxed. As we headed off, I slowly licked my fingers and smiled sweetly. He honked his horn in response.

Clair by email

'My sunbed sesh got hot'

I WAS feeling a little pale last week and decided to head to the sunbeds. I chose one of the stand-up beds with the vibrating floor to see what it was like. I entered the private booth and stripped off all my clothes to avoid any tan marks. As I was choosing the speed I felt adventurous and went for the full-velocity workout. It started out fairly slow but picked up in pace very rapidly. I began to feel turned on by the vibrations so started to massage my clit and slowly slid my fingers inside. I closed my eyes and let my imagination run wild with flashbacks of amazing sex that I'd had. As I started to have an intense orgasm, I grabbed the handles hard as my legs got weaker. I had to bite my lip so hard to stop from moaning, it felt amazing. With a dizzy head, I put my clothes back on and walked out of the booth with

my cheeks a little pinker than usual. Best four quid I've ever spent!

Sarah Ringwood

'My sexy study buddy'

ONE COLD day last month I was trying to study and failing, so I called my friend for some R&R. She came over and jumped into my bed – just what I needed. She took my mind off work by putting some porn on. The next thing I knew, her hands were caressing my nipples. I put my tongue in her mouth as she moved her hands lower. I almost came with all the excitement. The sound of porn and her moaning in my ear made me want her more. I couldn't resist any longer – I buried my face in her warm folds and she returned the favour straight away. So much for my studies, I should have taken up anatomy!

TITLE SPECIAL!

Why *Nuts* is backing Liverpool!

Ten top reasons why a Kop title would be good for the Prem!

THE PREMIER

League title race is getting tighter by the minute, but it's looking like Liverpool might win it – and we couldn't be happier. Because (with apologies to Man City, Chelsea, Arsenal, Man United and Everton) we reckon a Liverpool title would be the best outcome for football. Here's why!

● Liverpool vs Chelsea, 2pm, Sunday, Sky Sports 1/HD

"Let me go, lads, I'm desperate for a wee!"

1 GERRO DESERVES IT...

Steven Gerrard has been a magnificent servant for both club and country and has won, at club level, everything there is to win – except the league. Who would begrudge him the title he has craved for so long?

"Round and round the garden..."

2 ...AND HE WANTS IT SO BADLY!

At the end of the incredible Man City game, it was lump-in-the-throat time, when a weeping Gerrard was mobbed by his team-mates and whipped them up with a rousing speech that wouldn't have been out of place in *Braveheart*. No, we're not welling up, we have something in our eye.

"Luis! Help! I can't lift my arms up!"

3 THEY WERE PLUCKY UNDERDOGS!

Harry Pile, sportsbook manager at 888sport.com explains, "Before a ball was kicked last year, Liverpool were 30/1. After the City game, they became 8/11 favourites, so fair play to anyone who saw it coming! It'd be nice for neutrals to see one-club man Stevie G lift the trophy."

"If I blow hard enough, it might go in!"

4 THEY'RE FREE-SCORING!

If there's one thing Liverpool (and Man City) have taught us this season, it's that games are more fun if you're piling forward like pillaging warriors. They've put six past Newcastle and Cardiff, five past Norwich, Spurs, Stoke and Arsenal, and in total scored three or more 20 times in their first 34 games.

"Oh heck, I just remembered I left the iron on!"

5 THE ENGLISH CONTINGENT!

As well as the obvious names of Gerrard and Sturridge, Liverpool boast a strong English contingent including Jordan Henderson, Glen Johnson, Raheem Sterling and Jon Flanagan, all of whom have been really doing rather ace lately. In-form English players getting lots of football = a good thing!

The tragedy that claimed the lives of 96 football fans

6 THE ANNIVERSARY OF HILLSBOROUGH!

On the 25th anniversary of English football's worst tragedy, there could be no more fitting tribute to those who lost their lives – including Stevie G's cousin – than Liverpool returning the Premier League trophy to the city. The families got their justice, the title could be their celebration.

"Hey, David, this is how you're meant to do it"

Nuts SPORT

7 THE FERGIE FACTOR!

Call us cruel, but we'd have to have a bit of a chuckle if, the very season after the man who famously said he'd "knock Liverpool off their f**king perch" retired, they got right back onto that perch again and started crowing. Imagine how red Sir Alex's face would get! He'd light up the sky for miles!

"Hold fire on the photos, JT isn't here yet..."

8 MERSEY PARADISE!

For 18 years, the league has been dominated by London and Manchester, with all winners and all but four runners-up coming from those two cities. With Everton still in contention for the Champions League, could we be seeing the football pendulum swinging back towards Merseyside? Safe, la'!

When human pyramids go wrong

9 IT PROVES MONEY ISN'T EVERYTHING!

It would be a bit of an exaggeration to say that the Liverpool squad is "cut price" but next to City, United and Chelsea, they've spent a pittance, while also seeing Fernando Torres wrenched away by a team with more wonga. Wouldn't it be nice to prove that success doesn't have to be bought?

"Look, mum! I can stand on one leg!"

10 IT'LL STOP LIVERPOOL FANS AT WORK MOANING!

After 24 years without the Merseysiders winning the title, we're sick of the Scouse contingent in the office moping about at this time of year as they face the ignominy of seventh place. Again. Only joking, chaps! Go forth and cheer your team to an incredible victory with *Nuts* right behind you!

NUTS SAYS:
WALK ON!

Lampard: 'There's life in me yet!'

Lamps on Mourinho and an unlikely double!

➔ **Hi Frank! Let's cut to the chase. Will Chelsea win the Champions League?**

Ha! I'm not going to say we will win it, but we can. We have the players – a good balance of new talent and experienced heads – and a manager who knows how to win the biggest matches.

Just what is the Jose Mourinho factor?

I don't know, but everyone talks about it! It's just that all the lads trust him 100 per cent. His methods have brought success all around the world. He brought great times here the first time around and I know he'll do the same the second time around. It's up to us to use our heads in what are the crunch games of the season.

How much did it mean to reach 250 goals for Chelsea?

It's an honour, because it means I've played at a great club like Chelsea for a lot of years. At the start of my career, if someone said I'd score that many goals for a top club, I'd have snapped their hands off. It's a nice number but hopefully I'll add a few more yet.

So, at 35, there still seems to be life in those old legs!

I'm enjoying myself at the minute. I'm playing well and feeling fresh and fit. I know I can't go on forever, but as things stand I can see there being another couple of seasons of football in me. As a senior player, it's also great to see some of the younger lads come in. I help them in whatever way I can.

Do the younger players look up to you?

I don't know about that, but I do have a lot of experience which I'm happy to pass on. Our squad is developing in the right way and we've played some good football this season. If I can help the club on or off the pitch, I'll do that.

Speaking of younger players, how good is Eden Hazard?

Everyone knew he had potential, but in one season he's come on leaps and bounds – so much so that he's up there with the best in the world already. He's got all the talent and also the right attitude. He works hard to be the best he can be. Raw talent only gets you so far – you have to keep your feet on the ground too.

Willian also seems to have found some form...

He's a top player who is great going forward but also isn't afraid to get stuck in for the team. He always shows the kind of grit and determination you want in a Chelsea player.

How does a Champions League/Premier League double sound?

We're in the mix for the Premier League. It'll probably

go right down to the wire, which is great for the league and the neutral. I'd prefer it if we'd won it with six games to play but, unfortunately, we'll have to go all the way! It's probably been one of the most exciting Premier League campaigns because any one of three teams can lift the trophy. As for the Champions League, we have to be 100 per cent focused for every minute of every game. We've shown before that if we do that, we can beat anyone.

● **Atletico Madrid vs Chelsea, ITV/HD, Tues 22 April, 7.45pm.**

FRANKLY BRILLIANT!

Before last weekend, Lamps had scored eight in 37 games for Chelsea this season.

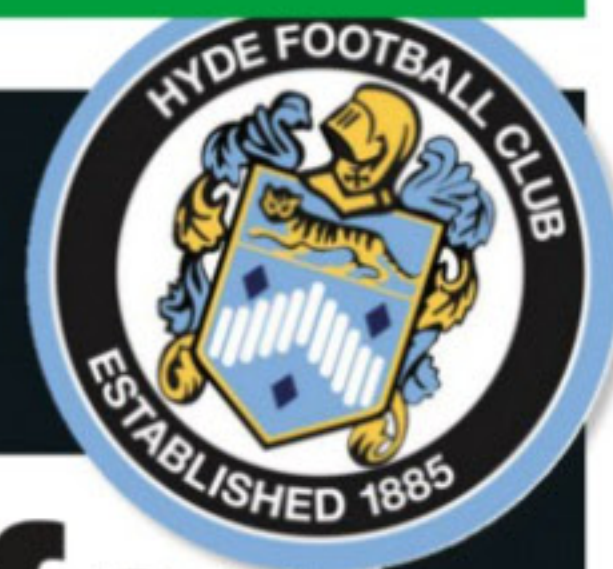

"Two minutes,
lads! I'm off
for a wee!"

"If we're 100 per cent focused, we can beat anyone!"
Frank Lampard

"Er, shall we try
this handshake
again, Lamps?"

Spare a thought for Hyde FC!

So you think your team has got it bad...

➔ **SOON, THE** fate of many league clubs this season will be decided. But no matter who you support, spare a thought for Hyde FC of the Football Conference. After 43 games, their league record read: played 43, won one, drew seven, lost 35, goal difference of -77. So, if think your team's having a tough run-in, just ponder these facts. They're enough to make anyone run and Hyde...

- **Hyde were relegated on 11 March, after a 3-0 defeat to Alfreton. With three matches to go they were 35 points from safety and 23 adrift of the team directly above them.**
- After two league games, their goal record stood at one scored, 13 conceded.
- **Their home fans have not seen them win this season. They've managed three home**

draws, but were dumped out of the FA Trophy at home by North Ferriby United.

- Their only victory, 2-0 against Welling, came on 14 January, 28 league games and 137 days into the season.
- **They lost all their games in September, October and December.**
- In the league, before last weekend, they had a better goals per game ratio (0.86) than Norwich, who had managed 0.76, and Crystal Palace with 0.79. But they conceded 114 in that time.
- **"At the start of the season we thought we had a pretty good squad, says club chief executive Pete Ainger. "But it didn't quite work out."**
- Despite all this, they won a local tournament, the Manchester Premier Cup, beating Radcliffe on penalties in the final. Go on the Tigers!

KAMMY!

He's the voice of the fans – and he's only in *Nuts*!

Stevie G's emotion is a breath of fresh air!

Surely no one would begrudge him the title!

➔ I CAN remember few players showing such raw emotion as Steven Gerrard after Liverpool beat Man City. I doubt anyone will begrudge him the title if Liverpool take it. I'm sure people appreciate what it would mean to go off to the World

Cup with the England captain on a massive high. If you look at Liverpool's greatest players, they all have a title, so I know Stevie's aching to complete his own set of honours. It's heartening to see someone who cares so much about his home town club.

Footballers earn way more than they could have dreamed of – obscene amounts in many ways – but displays of emotion like the one we saw from Stevie remind us that football's about passion, dedication, and the love of the fans. That's what it's all about.

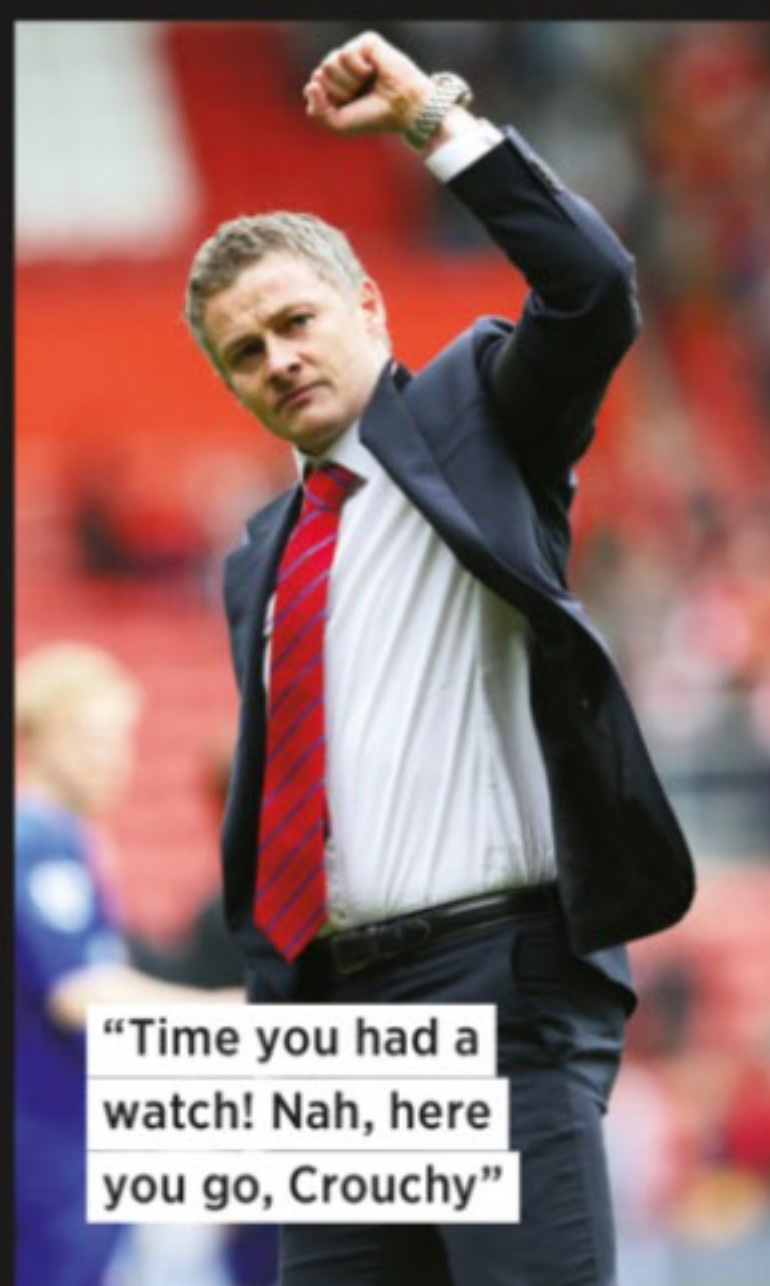

"Ugh! I've got a bogey all over my hand!"

The Prem relegation race is gearing up to be a classic!

THE BATTLE for relegation is intriguing. I thought Cardiff were dead, yet they went to Southampton, who had just dismantled Newcastle, and won. And that's what this time of the season is about – those strange results that shake up the order of things and change the dynamic. You can win one week and think you're out of it, and then lose the next and find yourself right back in it.

The only thing I can tell you for definite is I'm not predicting who'll go down!

"Time you had a watch! Nah, here you go, Crouchy"

It's great to see Wolves on their way up to the top again!

I'M HAPPY to see that Wolves have won promotion to the Championship. They're a big club and deserve a big stage.

Everyone can say they have greater resources than anyone else in their division, but every team that's been to Molineux has been geared up to get a result against the division's biggest side.

Kenny Jackett is underrated – he's achieved this kind of success before with Swansea and Millwall. Personally, I think owner Steve Morgan knows he should never have got rid of Mick McCarthy, but even so, I wish Kenny and his lads the best.

"Ha! That's one hell of a bald patch, pal!"
