SHOWCASE

As the Editor at SMOOTH for 3 □ years, I was blessed with the opportunity to work with wonderful new talent on the precipice of success, much as I do now. Actress Angell Conwell and glamour models extraordinaire Summer Walker and Sarah Nichole were amongst the best I came across. I have known these talented young ladies for as long as I have been in this business and it is my distinct pleasure to be still working with them. Angell, who is a dear personal friend is a delightful on-screen talent that has inspired many a crush with her roles in "The Wash", "Baby Boy" and "Soul Plane", amongst others. Her diverse acting skills will no doubt have her entertaining the masses for years to come. Sarah has to be one of the more naturally beautiful, confident and quintessential "New Yorkers" I know. And I just love Summer Walker, but who doesn't?

The story of my first shoot with Summer is undoubtedly my favorite to tell. As the last in a group of girls to shoot that day, Summer took the time to help around set, cleaning up and getting beverages, etc for the crew and other models. Dressed, as she was, baggy clothes and no makeup, everyone including the other talent took her for an intern or just one of the crew, paying her no mind whatsoever. Summer then disappeared for what I can imagine the others must of thought was a run to the store or to do something that production assistants do. When she strolled on to the set to take her turn in front of the camera in a two-piece that revealed the ridiculous body that her baggy clothes camouflaged, the hate flowed like the river Nile. The crew was pleasantly surprised and let's just say the other models were no longer happy. It was at that moment a beautiful star was born.

That is what I love the most about my job, introducing new talent, and the list is long and impressive. From Esther Baxter to Laura Doré, and from Vida Guerra to Jesikah Maximus, I have been lucky enough to give many stars of the glamour world their big break and in many instance their very first major magazine cover. However, what I enjoy the most other than seeing these women shoot onto the scene and continue to shine is being in a position to work with them after they have become famous. While SHOW is about introducing stars, SHOWCase is about giving them the platform to demonstrate why they are the best at what they do. This, our third edition, is no different! We hope to continue bringing you the best and the brightest and in Angell, Summer and Sarah, it really doesn't get any better.

Enjoy the SHOW!

"THE COMBINATION OF BEAUTY AND TALENT IS RARE..."

HERWAY OF LIFE

Look familiar? If you own a television, you've seen actress Angell Conwell. Acting has been her only profession, beginning at age 11. She hit the big screen at 17 in John Singleton's "Baby Boy", followed by Lions Gate's "The Wash" and soon after, MGM's controversial comedy "Soul Plane". Her versatility has been displayed on dozens of television shows on networks across the board, including "NYPD Blue" and Disney's "That's So Raven". Yes, the combination of beauty and talent is rare, but Angell is the product of this equation. From the looks of her resume, the roles that she's portrayed ranges from night and day. Thus, confirming that comeliness and natural endowment not only come as a package, but separates the real from the illusion. A lot of so called celebrities these days have been packaged and placed like products, forcing themselves on the audience instead of having an authentic appeal. Clearly this 26 year old stunner has paid her dues, even SAG can tell you that, but what does she really desire for her career, and more so, for herself? Time to get personal with this down south valley girl.

Q: Describe yourself in 3 words.
A: I would say observant, playful, and hungry.

Q: We hear you can really get down on the eats!
A: Of course I can, I'm from the south, very much a southern girl in that sense. I play no games when it comes to grubbing!

Q: Do you cook?
A: Huh?

Q: Do you cook?
A: I do… I cook a little of this and that. I can definitely afford to take 1 or 2 cooking classes…

Storemags.com

Q: If I asked your boyfriend to describe you in 3 words, what do you think his answers would be?
A: Lovable, smart-ass, and a rider.

Q: Does Angell Conwell have a dream man?
A: No, something is corny about the "dream man" concept.

Q: What is your ideal date?
A: Depends on who the date is with! A mixture of good food, fun, and conversation. I appreciate spontaneity.

Q: Since you're an actress, are you approachable?
A: I would say yes, but I've heard that I come across as intimidating? That's unfortunate, because I'm really a fun loving person.

Q: All of us have one, who is your rapper crush?
A: Mason Betha, was the last time I had a crush on a rapper, I was 13 or 14 at the time. I was in love…even after the shiny suit mess. (she laughs)

Q: We hear that you're a major hip hop head…and some rappers have been in your movies as well, what do you as an actress feel about that cross over?
A: I don't knock anybody's hustle. Although, I do feel like a few of them could afford to take a seat. A nice comfortable seat somewhere in a corner. Like a time a out. Completely out.

Q: …and have you ever witnessed any that need to take a seat on your set?
A: Who me? No, never…(she laughs)

storemags.com

Q: What has been your biggest accomplishment?
A: Remaining grounded. I've come across many people who have done one movie, one magazine, one video and think that someone owes them something. I've seen people get too big for their britches quickly. And in my opinion, no matter how much you've accomplished, there's no need to be an ass.

Q: You are a Leo, have you ever considered dating a male version of you?
A: That's a whole lot of fire…

Q: What is your take on sex before marriage?
A: If you are considering spending your life with someone, you might want to know exactly what you're getting into before hand. Love and conversation is a beautiful thing, but realistically those aren't the only variables that form a long lasting relationship. Of course if you chose to have sex, always wrap it up. No glove, no love.

Q: If given the chance, what would you go back and change?
A: Um, I wouldn't. I mean, I can't think of anything. If something happens and its good, then great, if it was bad, then it was just an experience. Every moment in life isn't meant to be a great big happy song. I tend to appreciate the tribulations in retrospect.

Q: Have you ever had any weird or uncomfortable encounterswhile working?
A: I had a situation where a comedian took his joke too far. And it's funny because I know a lot of his personal information that I'm sure he wouldn't have liked to hear. I could've really put him on front street in front of thousands of people, but lucky for him, I'm not that type of gal.

"LOVABLE, SMART-ASS, AND A RIDER"

Storemags.com

Q: Do you travel with a bodyguard?
A: Not normally…

Q: Have you ever felt that your job was not taken seriously?
A: Since most people tend to see the glamorous side, they buy into that and think that it's as easy as 1 2 3. They don't see the blood, sweat and tears that go into being in this crazy business with all these crazy folk. (she laughs)

Q: Boxers or Boxer Briefs?
A: Since I don't have to wear them, I don't really have a preference. But for appearance, boxer briefs.

Q: Why do you think so many people want to be actors/actresses?
A: It appears to be a glitzy, stress free lifestyle. And it can be at times, but if that's the only reason someone is interested in acting, it won't fulfill them for long.

Q: How do you prepare yourself for a character?
A: It's different for each character.

Q: What was your favorite character?
A: Antoinette was fun, because she was so stank acting and it's so the opposite of me. I've enjoyed the characters in several of the indie films I've done.

Q: Have you ever worked with any "crazys"?
A: Everybody is crazy in some way, shape or form.

Q: What on set moment sticks out in your mind the most?
A: When I wrapped a film, the make-up artist started bawling. I mean literally bawling. To the point where she couldn't even speak. Crying so hard. The cry where she hiccuped in between. I thought it was the sweetest thing in the world. It really touched me.

Q: Do you have a favorite director that you have worked with?
A: That's tricky because I've been fortunate to work with some great directors. But I'll have to go with John Singleton.

Q: Do you have a director in mind that you would like to work with?
A: Judd Apatow, he's more on the producer side but he's someone I'd like to work with.

Q: What is the definition of "crossover"?
A: Crossover basically means you've reached a multitude of people, not just one specific audience.

Q: So, since you started on the "other side", what does that make you?
A: That's funny. But yes, I actually started on a CBS television "mainstream" show called "Dave's World". The urban tv shows and films came after. I don't know what it makes me though… special? (she smiles)

Q: Do you have male friends?
A: I do. Without benefits.

Q: Would it bother you if your mate had a female best friend?
A: If there were benefits, then absolutely. If not, maybe. That all depends on the specifics of the scenario.

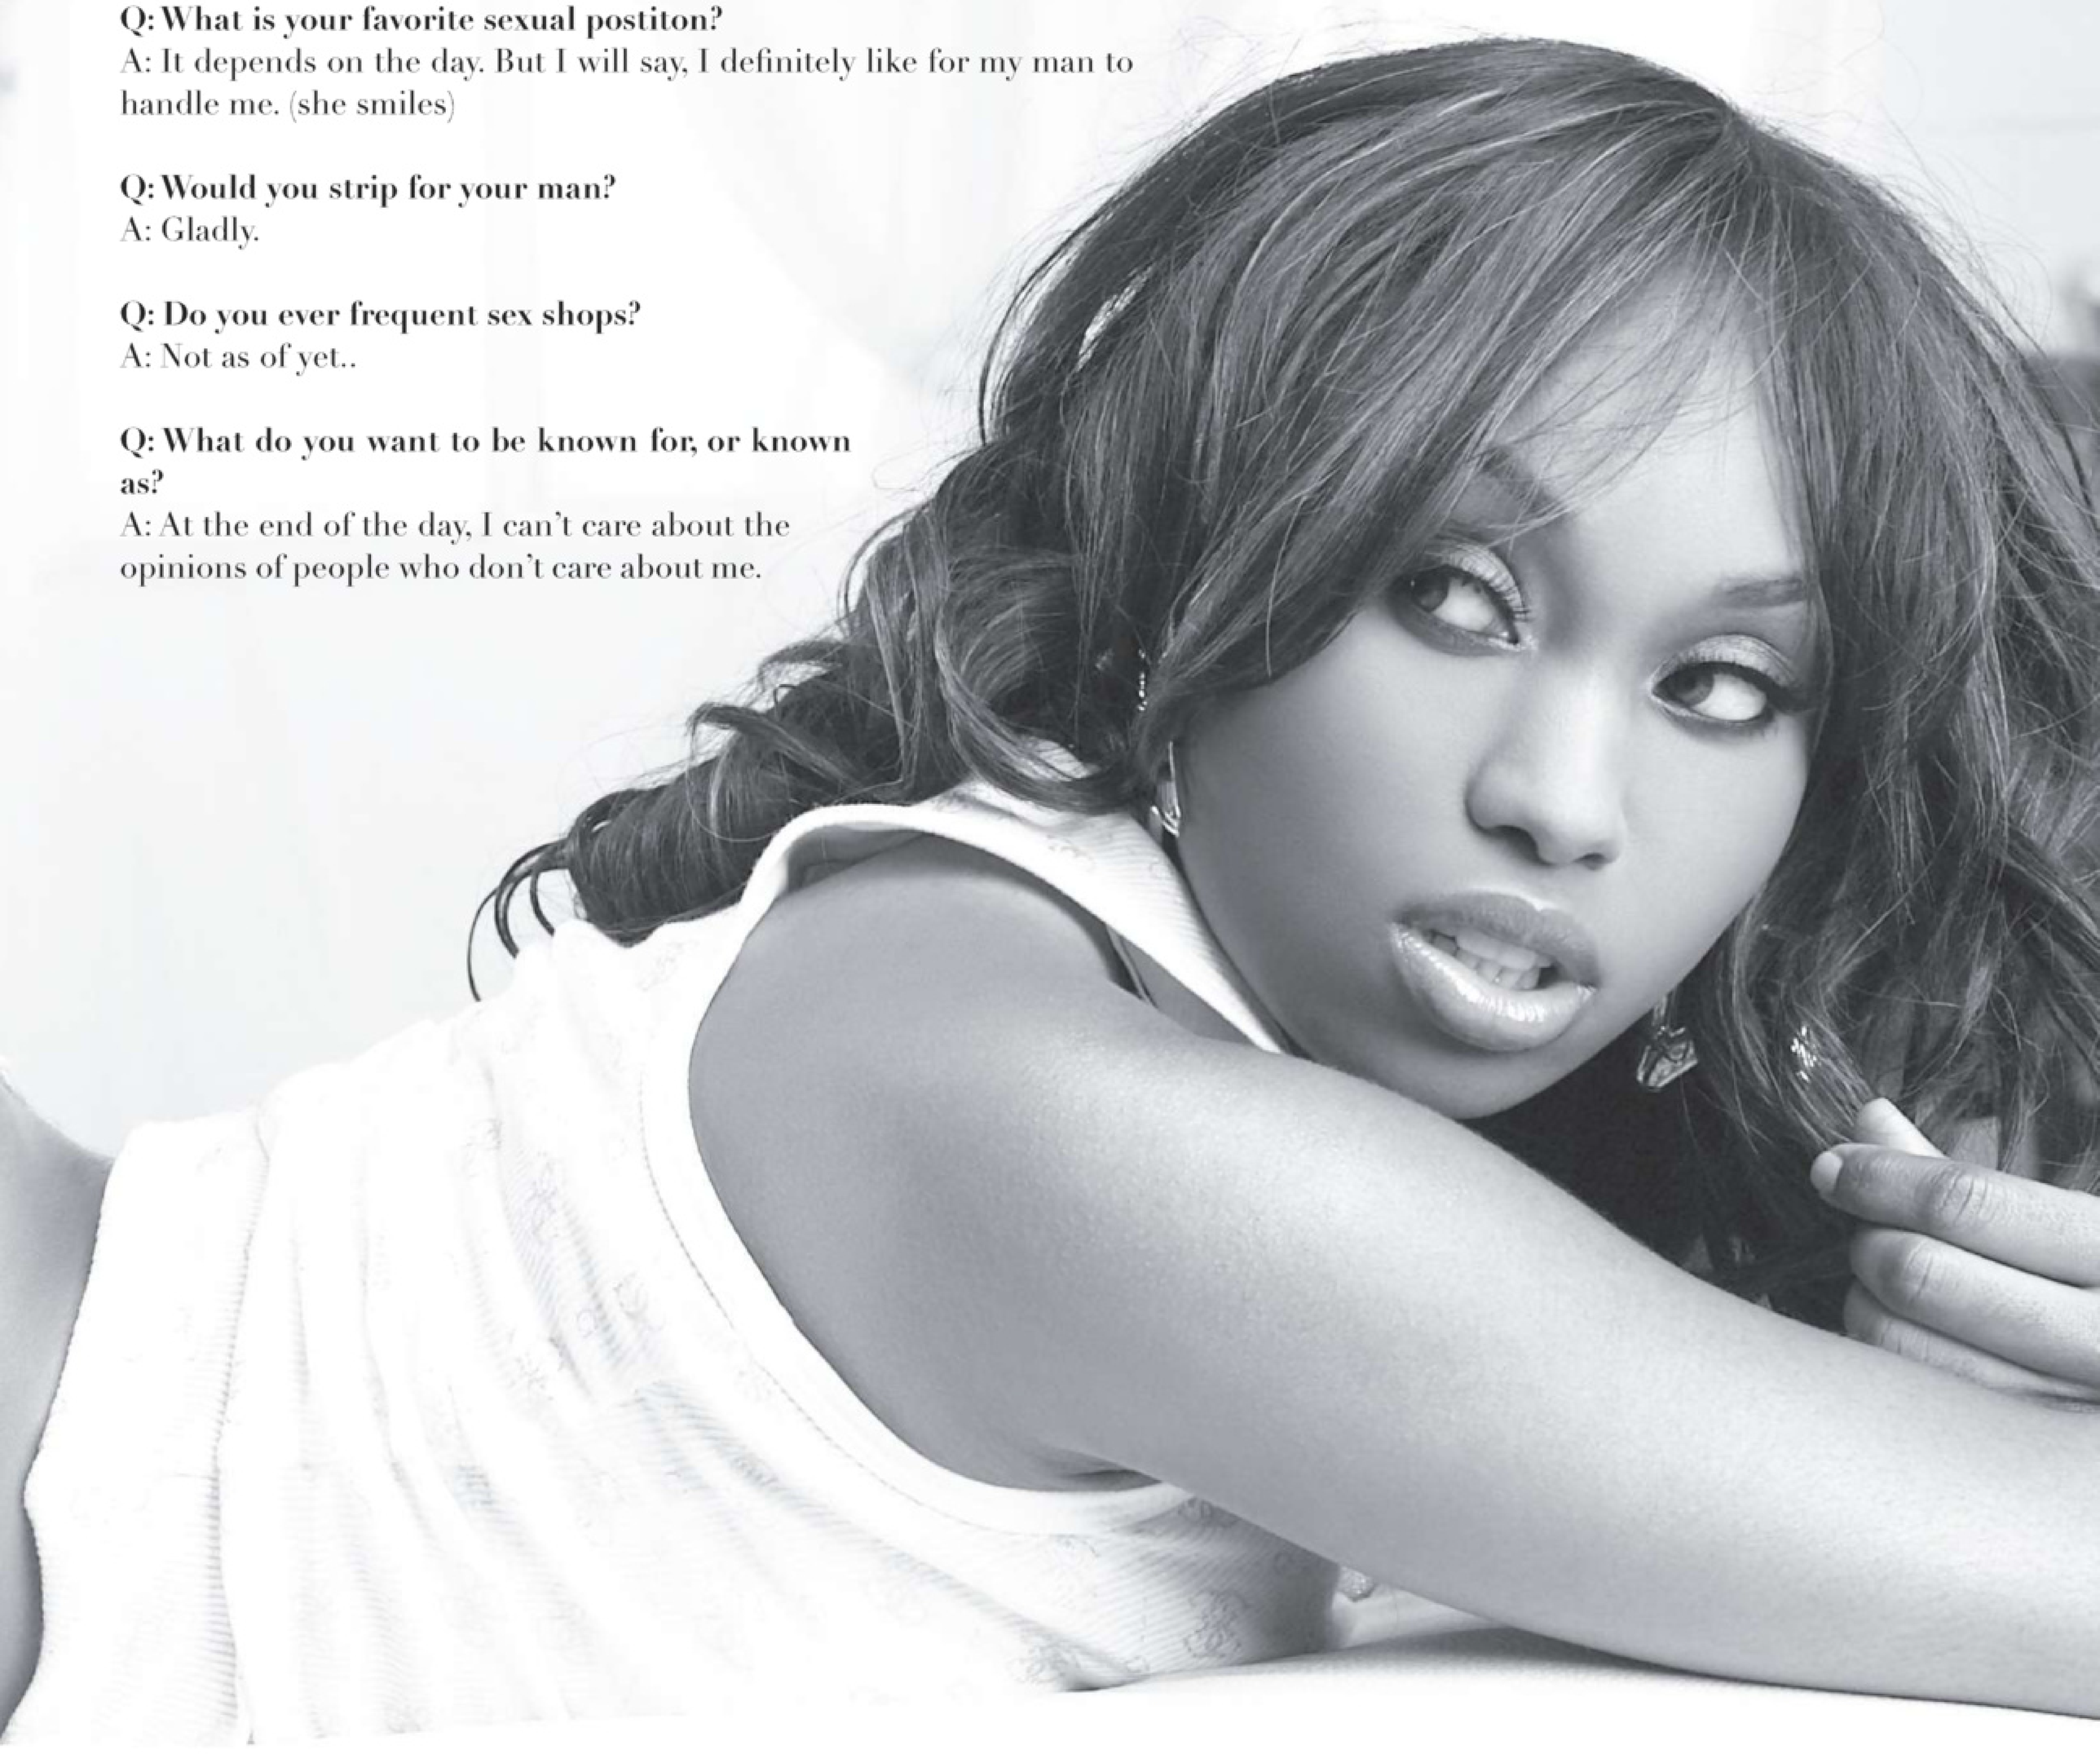
Q: What's your motto in the bedroom?
A: Bring it! (she laughs, hard)

Q: What is your favorite sexual postiton?
A: It depends on the day. But I will say, I definitely like for my man to handle me. (she smiles)

Q: Would you strip for your man?
A: Gladly.

Q: Do you ever frequent sex shops?
A: Not as of yet..

Q: What do you want to be known for, or known as?
A: At the end of the day, I can't care about the opinions of people who don't care about me.



Q: Does your job ever get boring?
A: During the down time, if I let it become boring, it can be, yes. But I try to keep it exciting. I'm not easily bored because my wheels are always turning.

Q: Do you see yourself doing anything other than acting?
A: Definitely, producing for sure, designing and eventually being a wife and mother.

Q: Do you have a website or somewhere fans can reach you?
A: Yes, you can follow me on Twitter.

"I LOVE A MAN THAT CAN LOVE ME FOR EXACTLY WHO I AM."

How long have you been modeling?

I have been modeling since 2004. Sean Cummings can tell you that my first magazine shoot ever was with him for Smooth Magazine. I was so nervous and I showed up in boy sweats and a cap looking like I was searching for the nearest Salt-N-Peppa video. I helped make sure the makeup artists/hair stylists were comfortable and helped around set. Every girl was so nice and comforting. When it was my turn to shoot I went from your typical butch to a model, everyone was amazed at the transformation even Sean had to laugh at it. He knew that I was special and from then on we have gone to create magic with SHOW Magazine as well

What is your ethnicity?
My mother is Ceole French/Italian/Spanish and my father is Indian/Black. It is very common to grow up in the south and be mixed seeing that I had family from Louisiana as well.

You've hosted parties and events all over. What city/town has shown you the most love?
I would have to give it up to my home state TEXAS. I'm sure that everyone can relate to being around the ones you love and also doing what you love is like being able to eat a lifesize fully loaded sundae everyday and still maintain a 23" waist line. It still freaks me out to get up in front of a group of people who have taken out their precious time to come check you out and hope that you are as appealing and witty as they are wishing you to be. That's why I look up to comedians because they have to actually make people laugh without music, a VIP and a DJ to play hits. It is definitely fun to be around your fans because they had a choice whether to support you or not so when someone comes up to me and tells me they are a fan I get butterflies in my stomach knowing that just being myself has earned me a place in their heart, but little do they know that they have a bigger place in mine.

Where is your favorite place to party with friends?
My favorite place to go as of now is Straits in Atlanta. I love their garlic noodles and I add lobster to it. Their drinks are always delicious and the music is the BOMB. Really I could party in my living room with a couple of bottles of Moscato and a pack of saltine crackers! haha.

What is the strangest gift you've received from a fan?
A pair of homemade shoes. But it was such a beautiful gesture I couldnt help but blush still. I can at least be happy I didnt get a vile of blood or a ziplock bag full of semen so anything but that is acceptable for me!

What makes you stand out from the other models in the industry?
I would say that I have done my fair share of work but I haven't oversaturated myself. I'm speaking on what I believe I have done that maybe some have done in the past, but I dont think that I stand out more than anyone else. I think you can be the most underrated but have the best connections within the industry, that to me matters more. You may see Alicia Keys never oversaturating herself but as soon as she decides to do a movie or make music its all classic. So I have always wanted to focus more on making everything I do matter and have meaning or just not do it at all.

What does "The Art of Sexy" mean to you?

Art of Sexy is the element of surprise. To transform your love and compassion into a vision of beauty and uninhibited sexuality for even the angels to see. A burst of light in a dark unsettled room where your confidence draws even the most stern unbeliever. To rip away at your doubts and expose your insecurities like a spotlight, while burying your worries to the grave. It is combining your mind and your heart like fireworks to a flame and afterwards laying frail in the grass enjoying every spark to the midnight sky. It is loving who you are before you even know all that you are. Sexy is my verbal/visual Art.

What do you find sexy in the opposite sex?

Tyree is my rock he is the love of my life. I have fallen in love many times before but it comes a point in your life where you find a person of the opposite sex that doesnt force you to care to change anything about yourself. I love a man that can love me for exactly who I am. No bullshit. He knows my flaws while at the same time knowing my heart and that is all that I could ever ask of him. OH and also how he wears his sweat pants mmmmm mmm. :-)

What do you look for in a guy?

I think personality can make me smile through alot of different emotions. Whether I be sad, happy or pissed the fuck off at least he can make me say fuck it and laugh about it!

Digitalmagazine

Are you single?
No. I got gangsta grillz in my life.

What would a guy have to do to get your attention?
Throw a rock at me because I'm in love! Lol (seriously dont do that, that would hurt)

What do you look for in a relationship?
Honesty, because everything else we can make up but honesty is one thing that can make or break a relationship.

What are your turn ons?
I love head. I love getting head, it is one of my favorite past times. I think maybe because of it being a sexual favor that can be given to you by a man or a woman it makes it such a worldly treat for me. You can add whip cream (thanks Vanessa :-)) or you can eat it raw, but whatever way you like it it always comes out right!

What are your turn offs?
I hate men with scratchy feet. When the bottom of their feet feels like an unfinished hardwood floor it makes me want to barf.

What would you put on to feel sexy for yourself?
Thats EASY. My birthday suit.
Anything made by Karen Millen

Describe a perfect first date?
Well I think that it depends on the person. Anywhere nice and dimmed with a good bottle of wine is always my fancy.

What was it like to work with Slickforce?
It was more than a pleasure and I hope that I get to work with them again soon! Wonderful work.

"I LOVE GETTING HEAD. IT IS ONE OF MY FAVORITE PAST TIMES."

What genre of music are you into?
I'm open to every kind of music I have an endless passion for neo soul, to me it is the heart of love music.

Do you like any specific bands?
Not really anything that is hot.

What are your hobbies?
I have a kind of «do it all» type of personality as far as being adventurous. I love jet skiiing, travelling overseas is my favorite. Its always refreshing to meet people with a totally different aspect on love, life and their childhoods. South Africa was probably the most influential the fact that they have a deep love for good music no matter if its from 2006 or 1996 to me is something I can respect. They dont necessarily follow all of our trends they pick and choose.

What are you reading right now?
Anything Eric Jerome Dickey

What do you do to maintain your physique?
I have horrible eating habits at times so I gotta stay in the gym, I like having a trainer to keep me challenged and since im so short but thick I have to have plenty of cardio.

What do you like the most about your curves?
I like the fact that even the simplest dress always looks like the SHIT when I put it on. My legs are my favorite because I love to show them off, but I think alot of times my legs are so thick that people think when I turn around I will have a big donk and its like «OHHHH TURN AARROOUUUNND...AWWW DAMN» lol

Where is your favorite place to party with friends?
On any island; Great memories where the water is clear and the sand is white. However, I love hanging with my twin, celebrity hairstylist Q! A glass of Pinot and him is the best party!

What makes you stand out from the other models in the industry?
I'm a petite lady. I don't have the curves of a goddess. But I love and appreciate my body.

How does your family/significant other feel about your sexy photo spreads?
Whoaa! lol. At first it was pretty shocking to them but ive been blessed with amazing friends and family, they're my biggest supporters.

What does "The Art of Sexy" mean to you?
The "Art of Sexy" is definitely all in the mind. Being confident, secure and intelligent brings out the sexy in anyone.

What do you find sexy in the opposite sex?
Confidence! (Not to be confused with being cocky)

What do you look for in a guy?
I like honesty, loyalty and trust. Someone who can make me laugh..□ I also look for a guy that I can do nothing all day with and enjoy it.

What are your deal breakers?
They are a lack of trust and communication.

What would a guy have to do to get your attention?
Absolutely Nothing! I admire guys who don't try hard.

What are your turn ons?
A beautiful smile :-)

What are your turn offs?
I loathe a hairy chest/back. Ignorance, arrogance and immaturity are definitely a no-no.

If you could pick any celebrity date (living or deceased), who would you pick and why?
A mutual friend fixed me up on a date with a celebrity-wasn't impressed! Lol. Much rather go on a date with my parents-they're my stars ;)

What would you put on to look sexy for your man?
I would slip on his t-shirt and nothing else!

What would you put on to feel sexy for yourself?
Doesn't matter, feeling sexy Is a state of mind.

Describe a perfect first date?
Going to a theme park would be fun, and I love fun dates.

What genre of music are you into?
I love R&B, but I listen to just about everything.

Do you like any specific bands?
I love "Game Rebellion" , they are a great Band

What are your hobbies?
I love to write. Sometimes I even impress myself.

What are you reading right now?
Talent Is Not Enough
by John C. Maxwell.
Really Good book, Read it!

What do you do to maintain your physique?
I eat 6 healthy meals a day

What do you like the most about your curves?
Illusion causes confusion-I can make by breast look bigger by 2 full sizes (no stuffing needed)!

What are the biggest misconceptions about you?
The biggest misconception about me is me being a bitch. My only advice is "don't judge a book by its cover"!

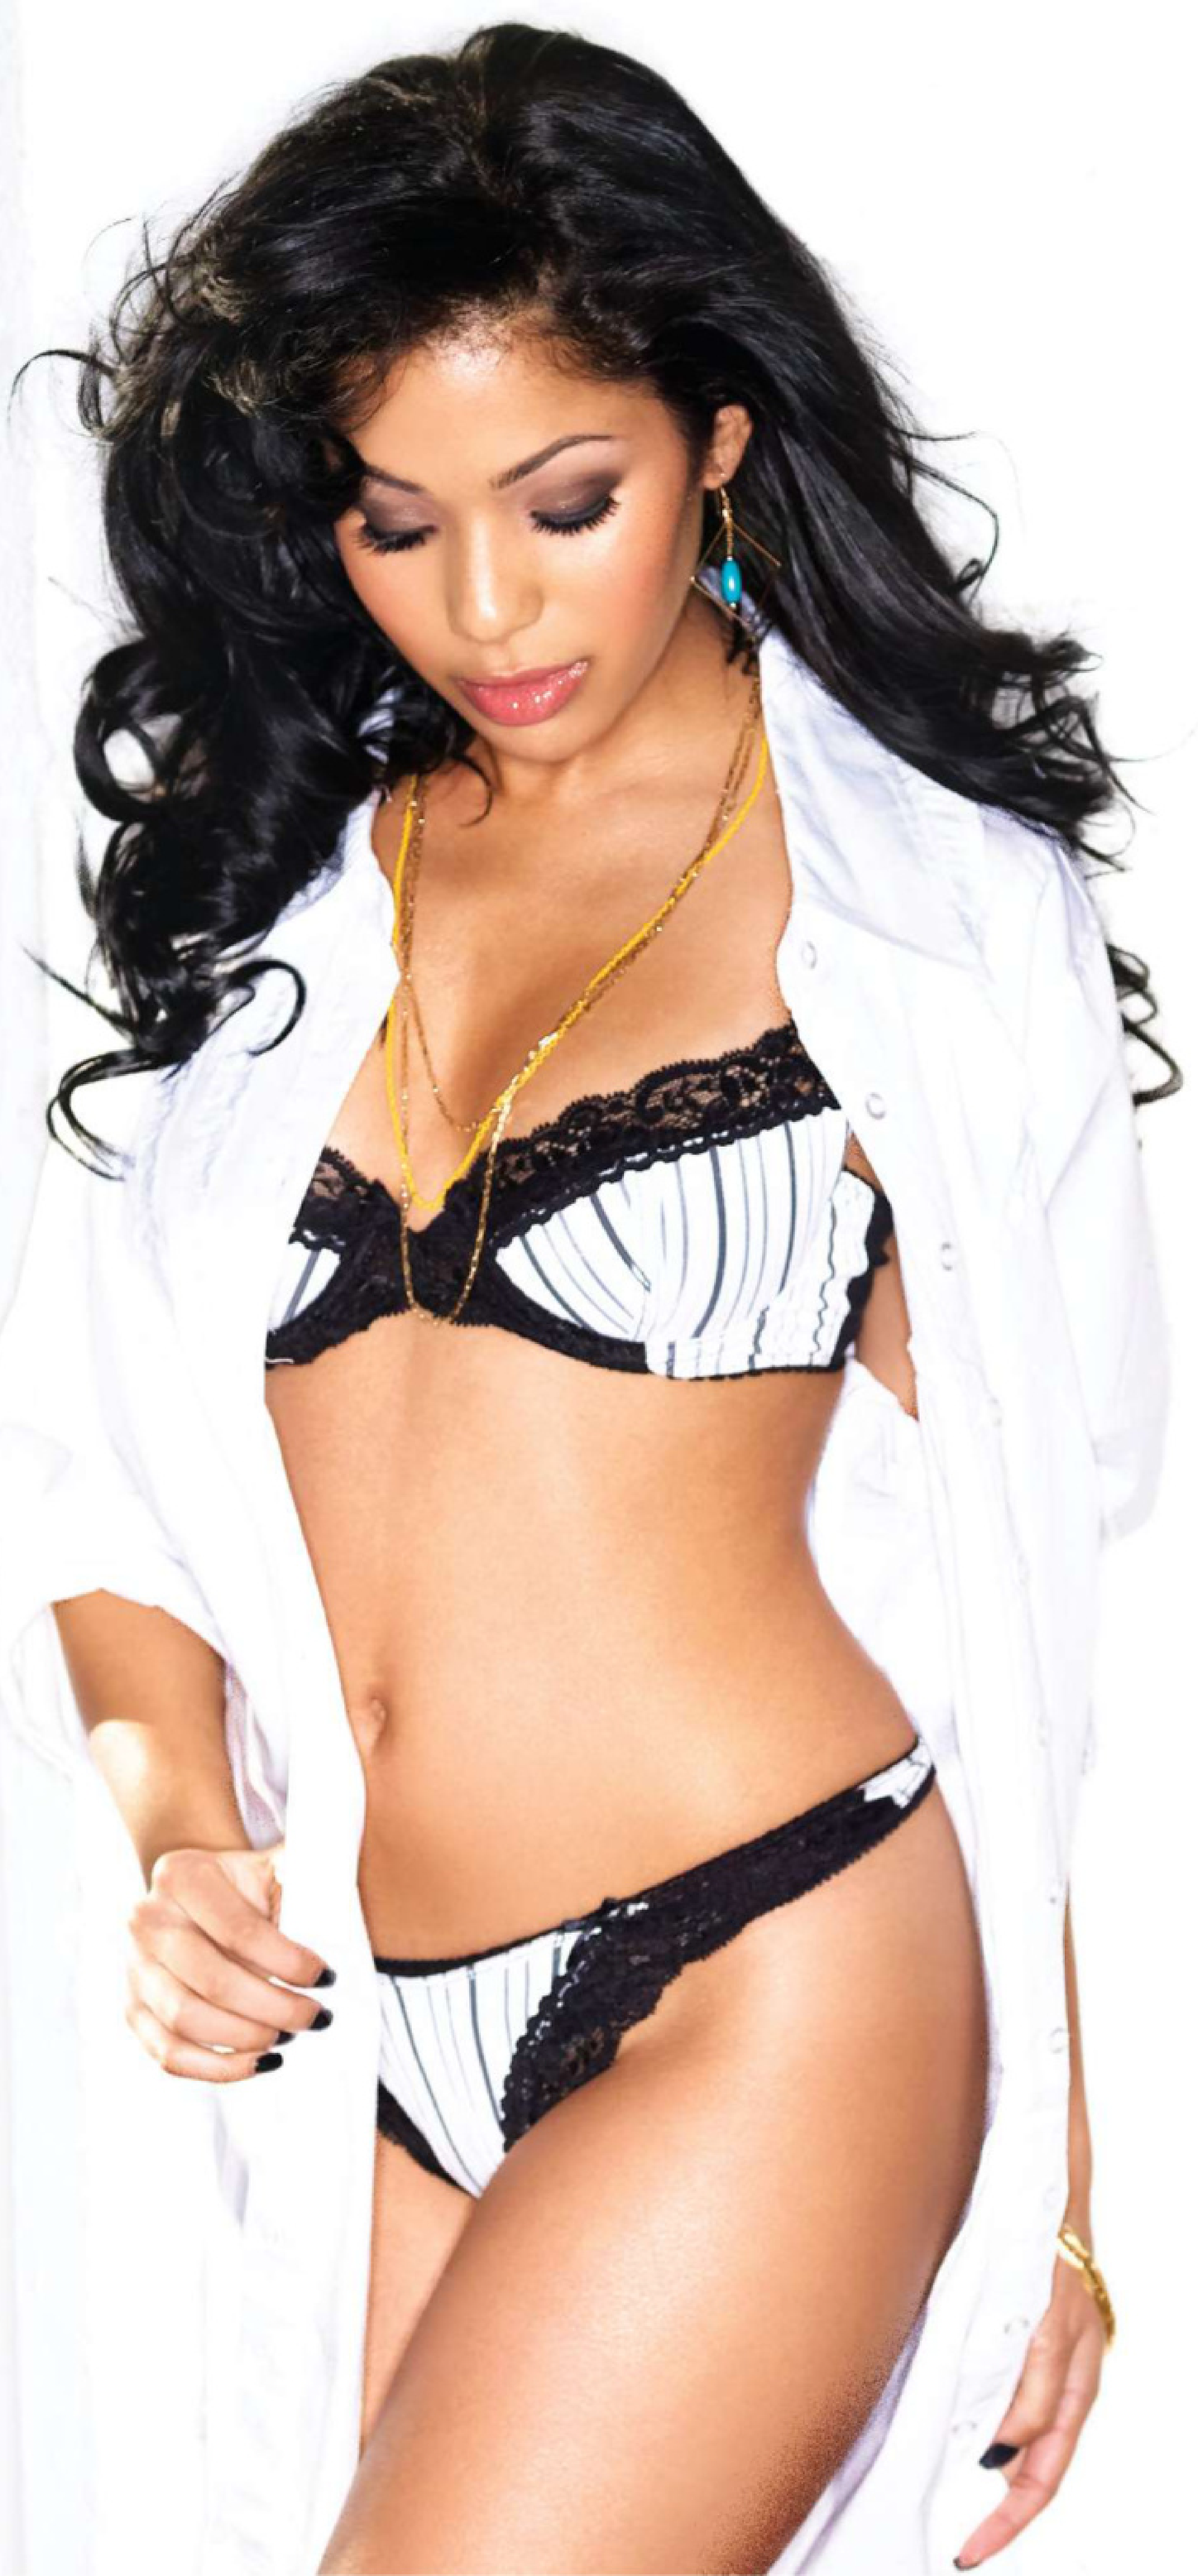
What's the most embarrassing thing that has happened to you?
Take your pick. Embarrassing things happen to me at least once a day.

Do you have a favorite quote?
"Your Attitude Not Your Aptitude determines your Altitude"

If a guy bumps into you in the supermarket, mostly likely you will be wearing what?
Tights, tank top & shades pushing a cart full of sweets and a bottle of Pinot grigio.

Any advice to young women looking at this that want to do what you're doing?
"The most common trait I have found in all successful people is that they have conquered the temptation to give up" -Peter Lowe. Strive for what you believe in. The greatest pleasure in life is to accomplish what others say you couldn't. Look up to your idols but never try to duplicate them. Be yourself and don't lose yourself

When/How did you first meet Sean Cummings?
I meet Sean when I first started modeling through John Ricard, the photographer. He put me in my first ever magazine. We worked together for the 1st time years later when I shot for SHOW!



What do you like most about working with SHOW?
The best part of working with SHOW is putting my input into my shots. Not many magazines let you voice your opinion but SHOW makes you feel comfortable

If you could pick any exotic location for your next shoot, where would it be? Why?
I just came back from Mustique, which is a breath taking island! I've been to Turks & Caicos, Jamaica, Puerto Rico, Bahamas, Dominican Republic`etc - However, I'm going to say Fiji.

What else would you like to do in the entertainment industry?
I've always wanted to act, but Marilyn Monroe said "Dreaming of being an actress is more exciting than being one", so my other ambitions are being behind the camera, a writer.

What would you like to say to your fans?
Sorry for laying low for the last 2 years, but I'm ready to get back out there! Expect to see a lot more of me!
