

FHM
100
SEXIEST
WOMEN
IN THE WORLD 2014

Can Michelle
Keegan take the
number-one spot?

HAPPY BIRTHDAY TO US!

Pop quiz: what do you get if you subtract the age of the UK's most successful ever 100 Sexiest candidate from the age of 2014's oldest entrant? No idea? The answer we're looking for is 20: Nigella Lawson (54) – Kelly Brook (34).

Twenty. That's how many 100 Sexiest issues there have been, including this one. The first-ever countdown was launched in the spring of 1995, with a then 24-year-old Claudia Schiffer taking the number-one spot. If that feels like a long time ago, that's because it is. John Major was Prime Minister. OJ Simpson was on trial for murder. Oasis' *Some Might Say* was number one. And half of the current *FHM* team didn't even have hair under their armpits.

Looking back over that first list now, there are a few surprises – former Birmingham City MD Karren Brady crept in at 98! – and a lot of blasts from the past. Above Karren, the countdown included the likes of Jenny Powell (number 94), Olivia Newton-John (64), Dani Behr (62) and Goldie Hawn (61).

Two decades on, what's changed? Obviously, a hell of a lot. Back in '95, readers had to vote via post or fax (yes, fax was a legitimate voting option). Today, every single one of the hundreds of thousands of votes was registered digitally – on our website, on email, on text, or on Facebook, Twitter or Instagram.

What hasn't changed in 20 years is how much the list still matters, even in an age of fragmented media,

with thousands of voices all trying to shout louder than each other. Over the past few months, we've been overwhelmed with the number of votes cast, and with how passionately you, the readers, feel about the list – and in particular who is definitively deemed *the* sexiest woman on the planet.

The names you'll see over the next 50 pages may have altered rather drastically over two decades (apart from a couple: over-40s Sandra Bullock and Kate Moss are the sole survivors from the class of '95), but your tastes aren't all that different. Actress is still the most popular profession. Brits are still the most-voted-for nationality. And the twenties remain your favourite age group. Plus you still rate your royals (Princess Di was at number 15 in 1995; this year's list contains one would-be princess and a certain royal sister-in-law).

The truth is that while the world may change, what fundamentally matters to guys stays the same. Today, just as in 1995, the 100 Sexiest is a celebration of the planet's most relevant, most beautiful, and most beloved women. Who knows where the world will be in 20 years? We'll probably all be reading magazines off the insides of our eyelids while robots drive us to work on hoverbikes. But that warm, fuzzy feeling you get when you see a famous woman you fancy will be with us for all eternity. Here's to the next 20 years.

Mrs Pro Green

MILLIE MACKINTOSH

LAST YEAR: 26

Lord Duchess Lady Millifrid Von Baron Count Mackintoshia VII (to use her full name) has *Made In Chelsea* growing ever-titchier in her rear-view mirror, and so she's no longer contractually required to spend her every waking moment either getting into drama or endlessly discussing the fallout from said drama. She's a style blogger these days, which involves considerably less sobbing at polo events.

99

Hackney heroine

KACEY BARNFIELD

NEW ENTRY

After playing Neil's painfully fit sister in *The Inbetweeners*, East London hottie Kacey is steadily making a name for herself in movies. She's yet to land that breakthrough, career-exploding role – she recently appeared in *I Spit On Your Grave 2* and *Green Street 3: Never Back Down*, neither of which figured heavily in this year's Oscar nominations. But just remember, Kacey: Jen Aniston started out in shitbox '90s horror flick *Leprechaun*.

THE POWER OF INBETWEENERS

The Inbetweeners may have been off the telly since 2010, but its presence continues to be felt in the 100 Sexiest. The TV series' Emily Atack (**70**) and Kacey Barnfield (**99**) join movie sequel newbie Emily Berrington (**95**) in the list. That beats US mega-hits *How I Met Your Mother* and *The Big Bang Theory*, which score one entry each (Cobie Smulders at **81**; Kaley Cuoco at **5**); and matches show-of-the-moment *Game Of Thrones*, which also bags three entries (Nathalie Emmanuel at **76**, Oona Chaplin at **44** and Emilia Clarke at **11**).

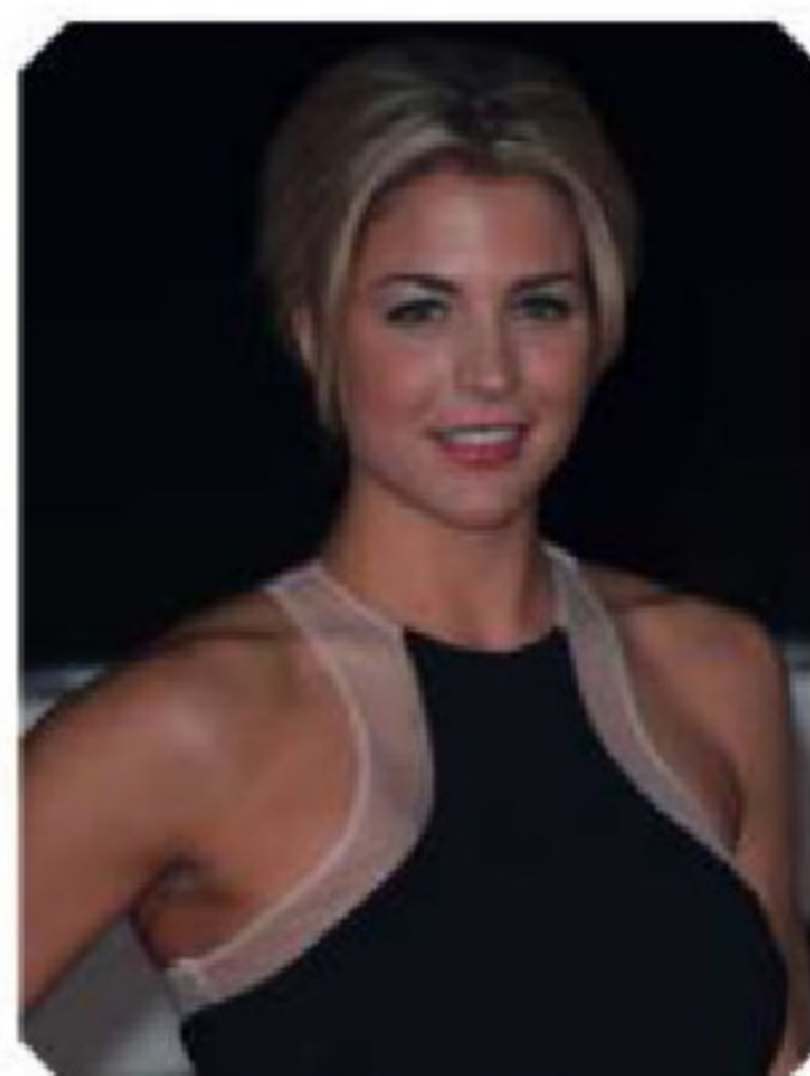

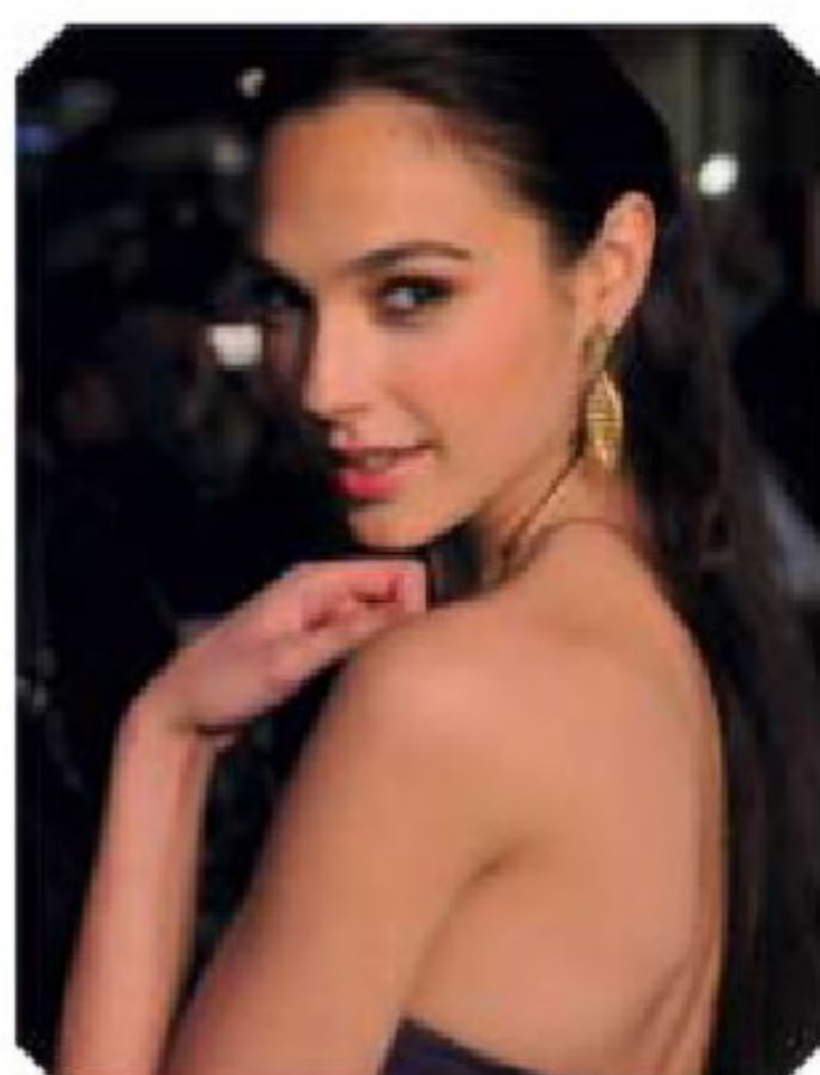

97

Superhumanly sexy

GAL GADOT

NEW ENTRY

Israeli model Gal will don star-spangled hotpants to resurrect the character of Wonder Woman in the *Batman Vs Superman* movie, due in 2016. Expect her profile to skyrocket over the next 24 months – we'd be surprised if she doesn't crack the top 20 next year.

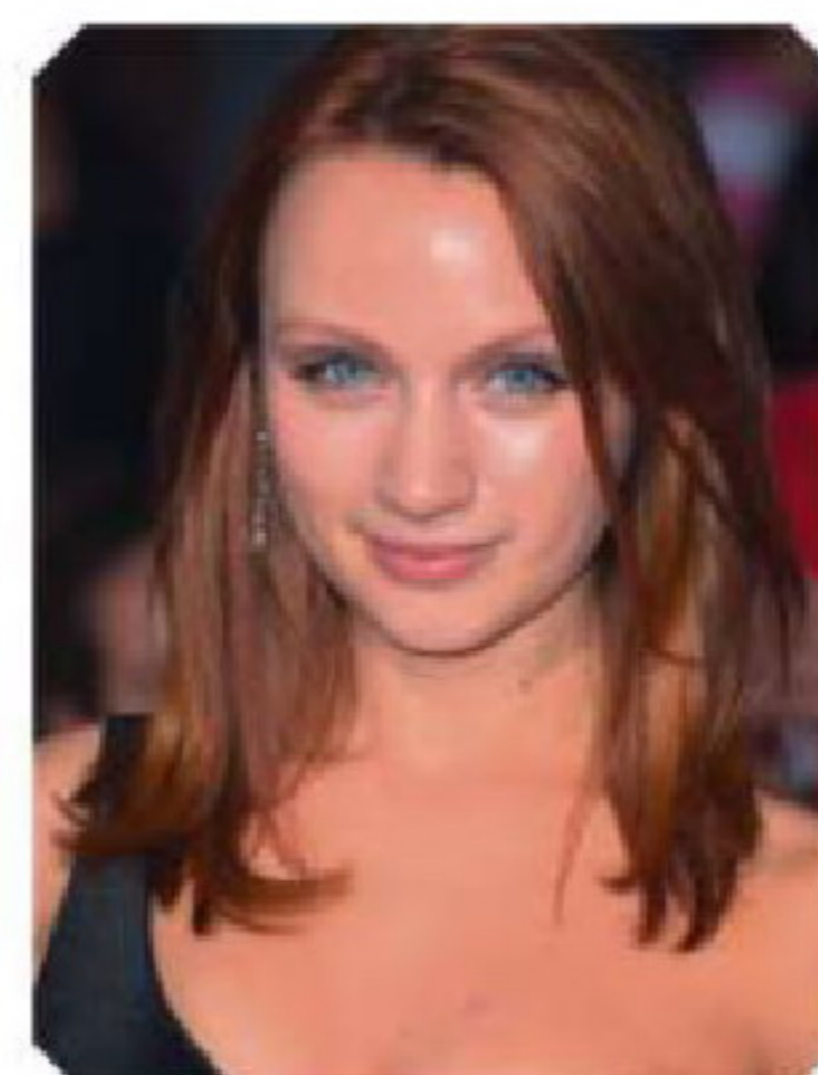

95

New best friend

EMILY BERRINGTON

NEW ENTRY

There are a number of reasons to get excited about the new *Inbetweeners* movie out this summer. At the top of the pile is UK-born-and-bred Emily, who will step into Laura Haddock's sexy shoes. She's also one of four Emilys on the list, making it officially the sexiest name of 2014.

98

Loose woman

ANDREA MCLEAN

NEW ENTRY

The first of many 40-something fitties to grace this year's countdown (seriously, you've all got mummy fever this year), telly lady Andrea is proof that daytime TV has never been sexier. Lorraine Kelly to break into the top 100 next year? We wouldn't bet against it.

96

Better than Ron

GEMMA ATKINSON

LAST YEAR: 64

It's almost hard to imagine the 100 Sexiest without Bury's most famous blonde, but this year she's perilously close to falling off the list. Time to boost your profile, Gemma. Perhaps a show about a cop who solves crimes using her psychic skills? Just a thought. Up to you.

94

Look of de Oirish

NADIA FORDE

NEW ENTRY

Dubliner Nadia's already a feckin' legend in Ireland, where she's a regular fixture on TV shows and lady mag gossip pages. You can also find her hotting up the pages of next month's *FHM*, in which she shows off her lucky charms to readers of this magazine for the first time. Noice!

93

Astronaughty
**SANDRA
BULLOCK**

RE-ENTRY

The one-time Fifth Sexiest Woman In The World re-enters the 100 Sexiest countdown much like she re-entered Earth's atmosphere in *Gravity* – in her underpants, looking very hot indeed. She may be nearly 50 (yes, seriously) but you guys clearly don't mind, you older-lady-lovin' lot.

92

Love (ly)
**LAURA
ROBSON**

NEW ENTRY

She's the UK's highest-ranked female tennis player and Murray's Olympic-silver-winning doubles partner. Twenty-year-old Laura is also extremely fit in the other sense of the word. She could smash our balls at 97mph, if you catch our drift! Do you see? It sounds rude. Because of 'balls'.

91

Shouting at robots
**NICOLA
PELTZ**

NEW ENTRY

Already bubbling under fame-wise, thanks to her role in *Bates Motel*, New Yorker Nicola is about to go from C- to A-list with her role in *Transformers: Age Of Extinction*. She'll be playing Fluff-B-Gon, who can transform into a massive lint-roller. Not really, she'll be sweaty-vested eye candy. Duh.

90

eBayed babe
**ROXANNE
PALLETT**

RE-ENTRY

Back in February, ex-*Emmerdale* hottie Roxanne auctioned off a date with herself on eBay, raising thousands of pounds for charity, and winning herself a fistbitingly awkward evening in the process. Though she did get a Nando's chicken and two sides out of it – so it wasn't a *total* loss.

89

Too good for Peter
**LOIS
GRIFFIN**

NEW ENTRY

We're not here to judge. If a man can't idly fantasise about a cartoon housewife then what can he do? And if it's wrong to imagine that same cartoon unbuttoning her hand-drawn blouse while saying something weird in a saucy nasal twang, well then, brother, we don't wanna be right.

88

Give us your answer, do

DAISY LOWE

LAST YEAR: 40

Britain's most rock'n'roll model (well, aside from Her Royal Sexiness Kate Moss), Daisy continues to make the papers on a near-daily basis, thanks to a life

that involves more red carpets, outrageous outfits, after-parties, B-list boyfriends and Lily Allen than you'd think one woman could handle. Wharra trooper.

87

Those hips: still honest

SHAKIRA

RE-ENTRY

Like us, you'd probably let Shakira slip from the part of your brain that deals with all your celebrity crushes – until *that* video with Rihanna smashed her straight back into your frontal cortex, like a piece of loose scaffolding hurtling through a windscreen. Thanks to getting all girl-on-girl with RiRi, Shak's back in the countdown for the first time since 2011. Fantástico!

86

Having more fun

NICOLE NEAL

NEW ENTRY

Blonde Bournemouth model and 100 Sexiest cover star Nicole has built herself a strong cult following over the past couple of years. We don't mean that she's the dictatorial leader of a weird commune where everyone worships a Martian god named Zaxxus. No, we just mean that a lot of people really, really fancy her right now.

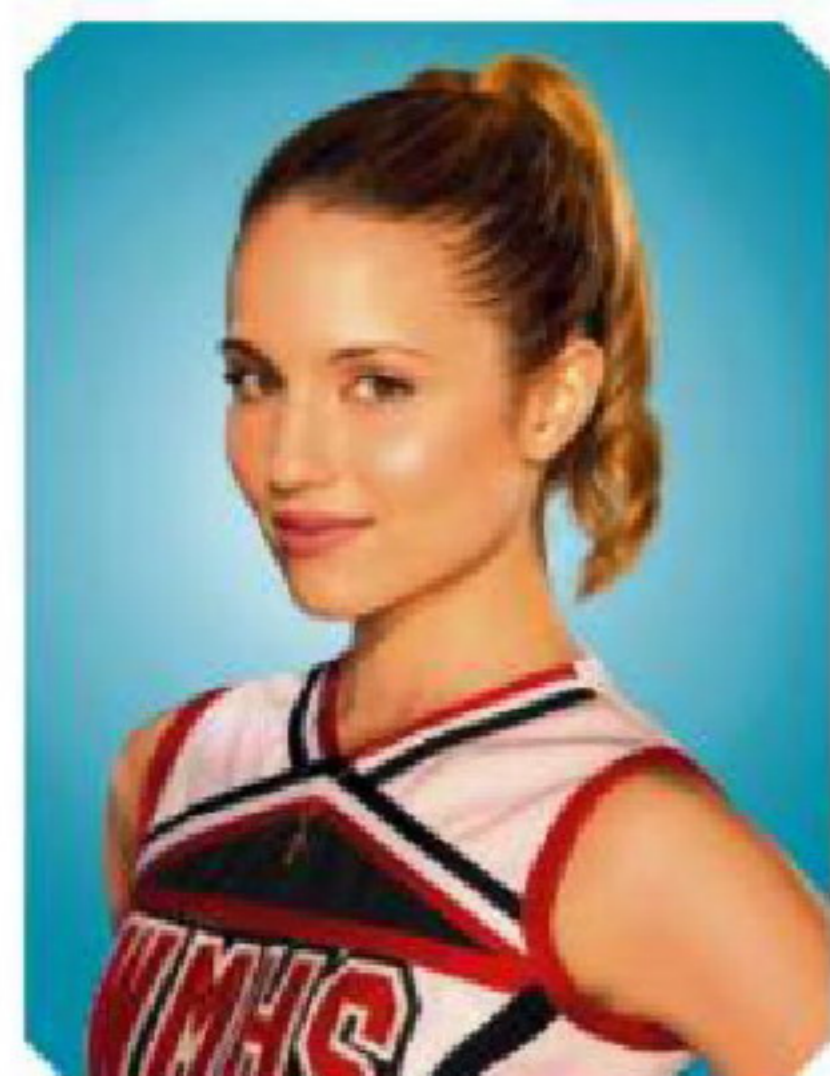

85

Rock 'n' roll flasher

TAYLOR MOMSEN

RE-ENTRY

Having relinquished the title of Muckiest Girl In Music to Miley Cyrus, hard-rockin' Taylor has been fighting back: in the video for *Heaven Knows* – the recent single by her band, The Pretty Reckless – she appears starkers except for some strategically daubed paint. Your move, Cyrus! Actually, no, wait... It's getting daft now. Both of you, let it go.

84

Our princess Di

DIANNA AGRON

RE-ENTRY

Having set a new standard for super-fit, super-mean cheerleader types with her role as Quinn in singsong drama *Glee*, Dianna has now graduated from telly to cinema, recently starring opposite Robert De Niro in crime-comedy caper *The Family*.

83

Bringin' sexy back

JESSICA ALBA

RE-ENTRY

The week the trailer for *Sin City: A Dame To Kill For* went online, we noticed a huge spike in votes for Alba, as that seconds-long snippet of her writhing around in tights and a bra reawakened something deep and long-forgotten in you all. Welcome back, Jessica. Don't ever leave us again.

81

Smoulders, more like

COBIE SMULDERS

NEW ENTRY

How I Met Your Mother mainstay Cobie has been picking up votes and bubbling under every year for a while now, but it's taken her ass-kicking cameos as the catsuited Agent Maria Hill in *The Avengers* and *Captain America: The Winter Soldier* to finally flip her into the 100 Sexiest.

82

99 problems

TULISA CONTOSTAVLOS

LAST YEAR: 11

It's not been the best 12 months for Tulisa, what with, y'know... one thing and another. Ahem. The winner of *FHM's* Sexiest Woman In The World 2012 award may be having a 'mare right now, but enough of you have remained loyal to the pop hottie to keep her in the countdown.

80

Rock o'clock

HAYLEY WILLIAMS

LAST YEAR: 78

Considering the majority of pop-punk is made by bear-faced men who look like their BO could be used to interrogate terrorists, flame-haired rocker Hayley is a rare jewel. Awesomely, her band Paramore just hosted a four-day cruise for their fans. Fun fact: it was called 'Parahoy!'

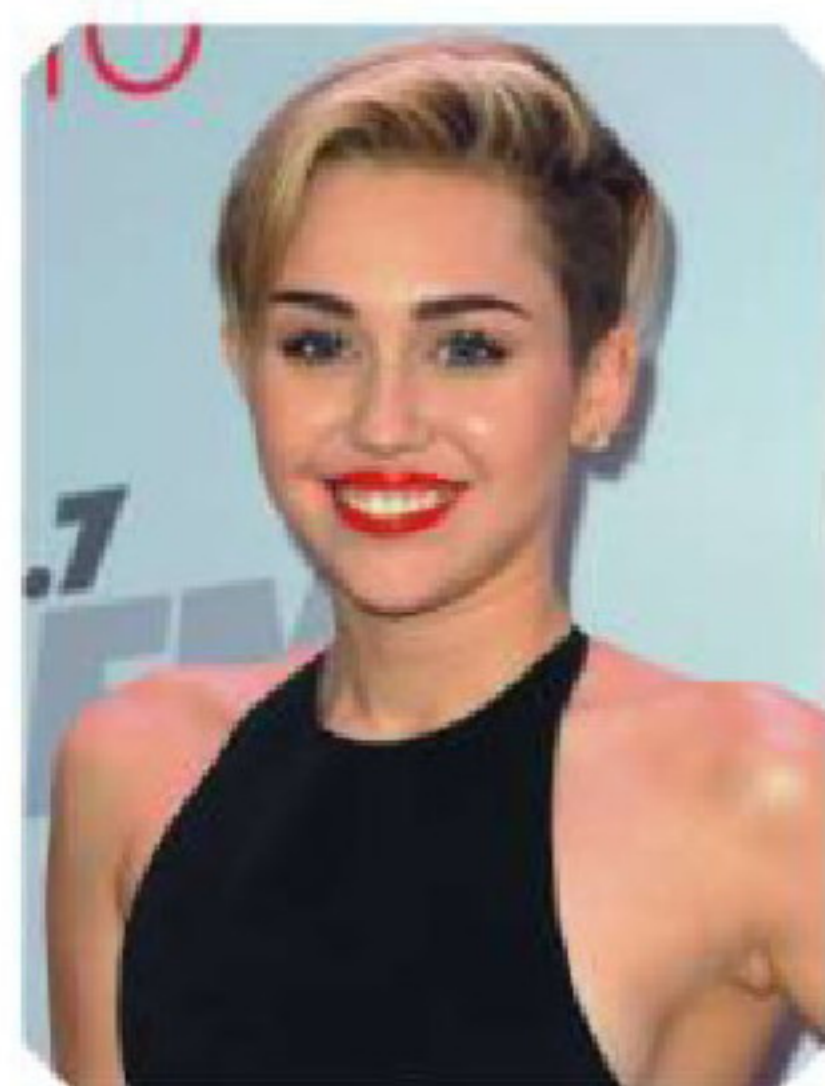

79

All fingers 'n' tongues

MILEY CYRUS

RE-ENTRY

A surprisingly low placing for Miley, given that she's been more omnipresent than God over the past year. Seems like a lot of you are finding her whole tongue-wagging, groin-thrusting schtick a bit much, and would prefer it if she stopped pulling sex faces now, thank you please.

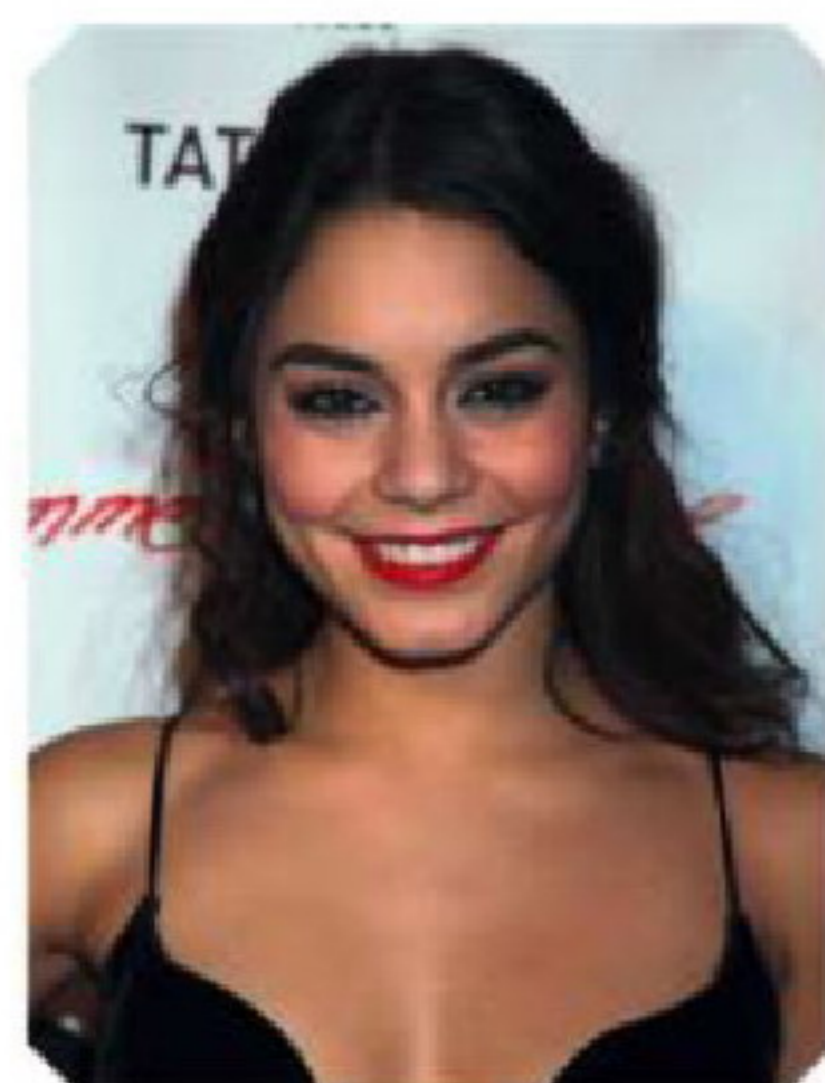

78

Avoided leakage

VANESSA HUDGENS

LAST YEAR: 28

A relatively low-key year for Miss Hudgens, who previously set the internet on fire with lots of leaked nudey pics. Bad news for the hardcore Hudgens faithful among you: sadly the Cali cutie won't be returning to screens until 2015, when she'll be goring it up in comedy-horror flick *Kitchen Sink*.

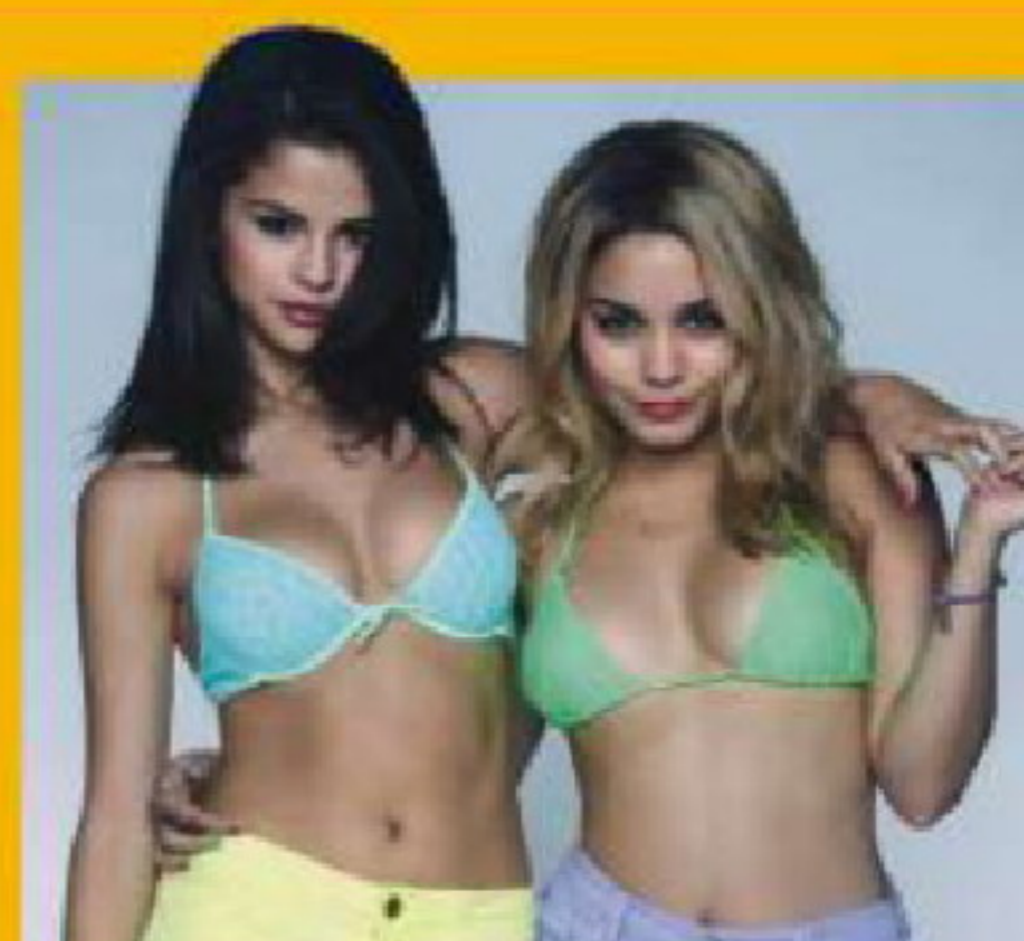

GOOD GIRLS GONE BAD

It's been another busy year for ex-child stars who've shed their angelic images. But who was the baddest bad-ass of them all?

SELENA GOMEZ

Naughtiest moment: Went to rehab to curb her wild partying ways, only to post a picture of herself drinking a ginormous cocktail shortly after. Hic!
Bad-ass rating: **2/5**

VANESSA HUDGENS

Naughtiest moment: No more naked leaked photos for Hudgens, but she did star as a pregnant teen in weird flick *Gimme Shelter*, sooo... there's thaaat...
Bad-ass rating: **1/5**

77

Most wanted

ARIANA GRANDE

NEW ENTRY

Nickelodeon star Ariana has been steadily working through the Shed Your Squeaky-Clean Image checklist: she's had a Twitter feud with Perez Hilton (check), become a major playa in the sexy-selfie game (check), recorded a duet with that bozo Chris Brown (check) and been snapped next to a weed-toking Bieber (check). Next stop: high-octane bank robberies.

BRITNEY SPEARS

Naughtiest moment: Miss Spears is still prone to the odd wild night now and then, but she's done with shaving her head. Anyone else miss crazy Britney? Bad-ass rating: **1/5**

ARIANA GRANDE

Naughtiest moment: Entered into a Twitter feud with celeb-gossip knobhead Perez Hilton after he accused her (completely falsely, she says) of snorting coke. Bad-ass rating: **3/5**

MILEY CYRUS

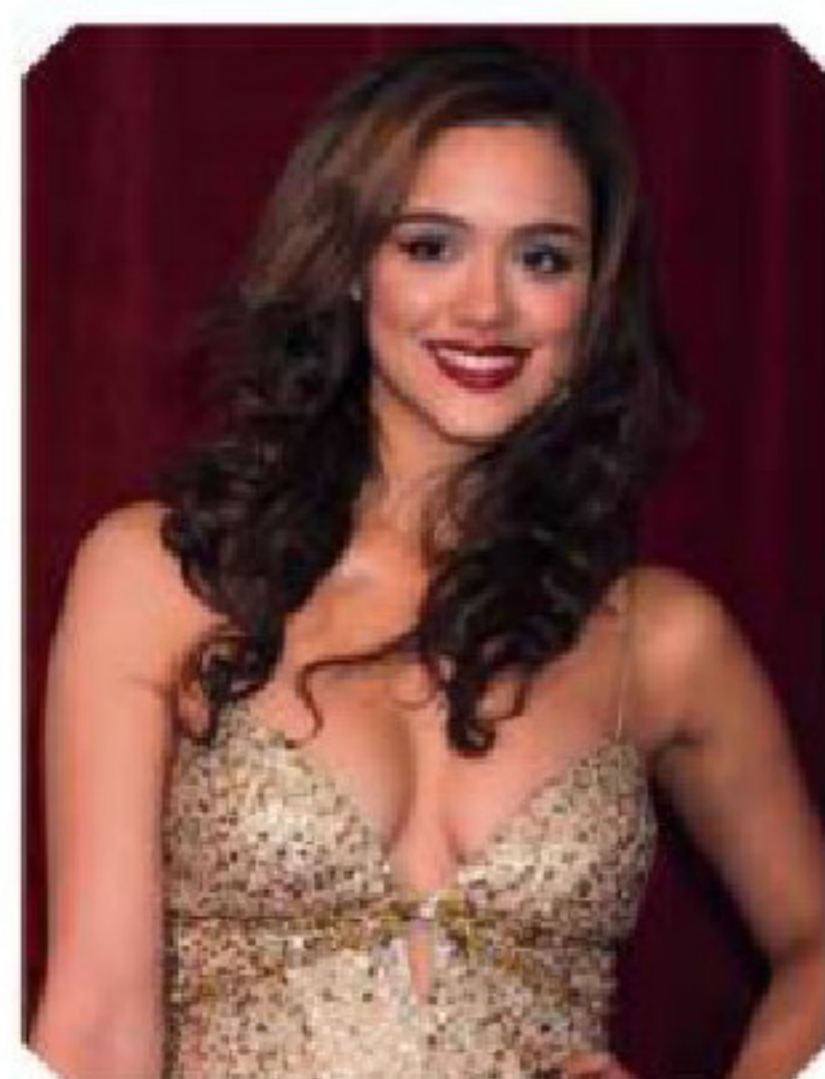

Naughtiest moment: Where to begin? The tongue, the twerking, the wrecking ball, the photo shoot in that leotard... there's a new gold standard to beat. Bad-ass rating: **5/5**

76

Hollywood invader
**NATHALIE
EMMANUEL**

LAST YEAR: 99

She's come a long way since *Hollyoaks* – Nat is currently getting *Game Of Thrones* fans hot under the loincloth with her role as Daenerys' sexpot slave Missandei. Next year she'll be pulling doughnuts (probably) in a modded Ford Cosworth (probably) in *Fast & Furious 7*.

74

Brit done good
**EMILY
BLUNT**

RE-ENTRY

Re-entering the list for the first time since 2009, Emily is about to appear opposite Tom Cruise in sci-fi mega blockbuster *Edge Of Tomorrow*. The movie is all about loops in time, just like Blunt's last big flick, *Looper*, was. Is she stuck in an actual, real-life time-loop? Very probably.

75

#selfiequeen
**ASHLEY
SKY**

NEW ENTRY

If you've got an Instagram account and you're not following Ashley, you're doing it all wrong. The Miami-born model posts more flesh-flashing selfies than your eyes and trousers can handle – she's sexy and she knows it, which is fair enough, as she'd have to be blind not to notice.

72

She's fired (us up!)
**LUISA
ZISSMAN**

NEW ENTRY

This *Apprentice* runner-up could sell ice to eskimos and fire to firemen, partly because she's got the entrepreneurial drive of a meth-powered Del Boy, and partly because she's so fiercely fit that you'd have to be some kind of rock-hearted robot to say no to her. Your loss, Suralan.

73

Modern fitty
**SARAH
HYLAND**

NEW ENTRY

Owner of the biggest eyes this side of Japanese anime, *Modern Family* star Sarah lands in the 100 Sexiest for (strangely) the first time. She's probably been helped along by the fact that Sky is currently showing the hit sitcom on pretty much a 24-hour loop.

71

Glamourama

DANIELLE SHARP

NEW ENTRY

It's with open arms and a goofy grin that we welcome model Danielle Sharp into the top 100 for the first time. The reader response to her debut *FHM* appearance (back in December

2013) was instant, noisy and overwhelming. But no, David, 32, from York, we will *not* be passing on your Skype account name to Danielle. You sketchy filthbag.

A full-page photograph of Emily Attack in a bedroom. She is standing in the center, wearing a grey t-shirt with 'GAME OVER' printed on it, which is pulled down to her knees, revealing a black halter top underneath. She has blonde hair and is looking directly at the camera. The room has a bed with white linens to her right, a desk with a lamp and various items to her left, and a framed picture on the wall. The floor is made of light-colored wooden planks.

70

OMFG where R U?

EMILY ATAK

LAST YEAR: 35

Repeats of *The Inbetweeners* aside, blonde bombshell Emily has been noticeably absent from our screens over the last year. But while she may have vanished from your tellies, she clearly hasn't vanished from your hearts – she's still cracked the 100 Sexiest, despite going fully AWOL. Where are you, Attack? Reveal yourself!

69

Hotter than Hasselhoff

CARMEN ELECTRA

RE-ENTRY

She's been absent from the countdown since 2009, which ended an incredible 13-year run of appearances for the ex-*Baywatch* swimsuit filler-outer. But thanks to her world-quaking comeback on the cover of *FHM*'s April issue, the 42-year-old fittie is now very much back in the game. If she was your aunt, you would probably fancy your aunt. Uncomfortable, but very true.

68

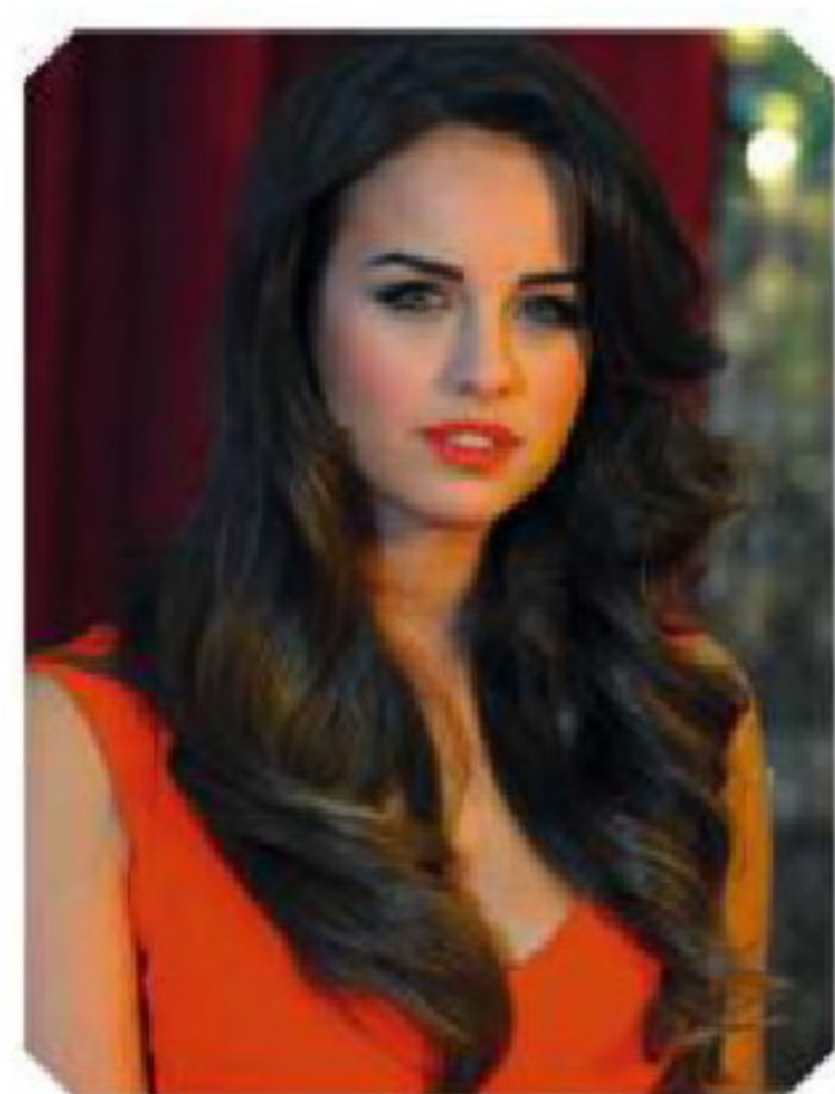

Code redhead

CHRISTINA HENDRICKS

LAST YEAR: 27

There's still nobody on this planet – or any other planet, we'd wager – who's capable of looking hotter on an awards-show red carpet than *Mad Men's* Christina. Oh, to be

one of those airtight, sequin-laden dresses, straining to contain the buxom, milky-white curves that would make a blind man see if somebody were to describe them to him.

66

Hebrew for 'Pub Raffle'

BAR REFAELI

RE-ENTRY

Models have staged an impressive fight back this year, battling their way to 21% of the overall votes, up from just 13% last year. At first we were all like, "Wuh? Why's this happening?" But then we looked at a picture of Israeli supermodel Bar and went, "Oh yeah, *that's* why, durr."

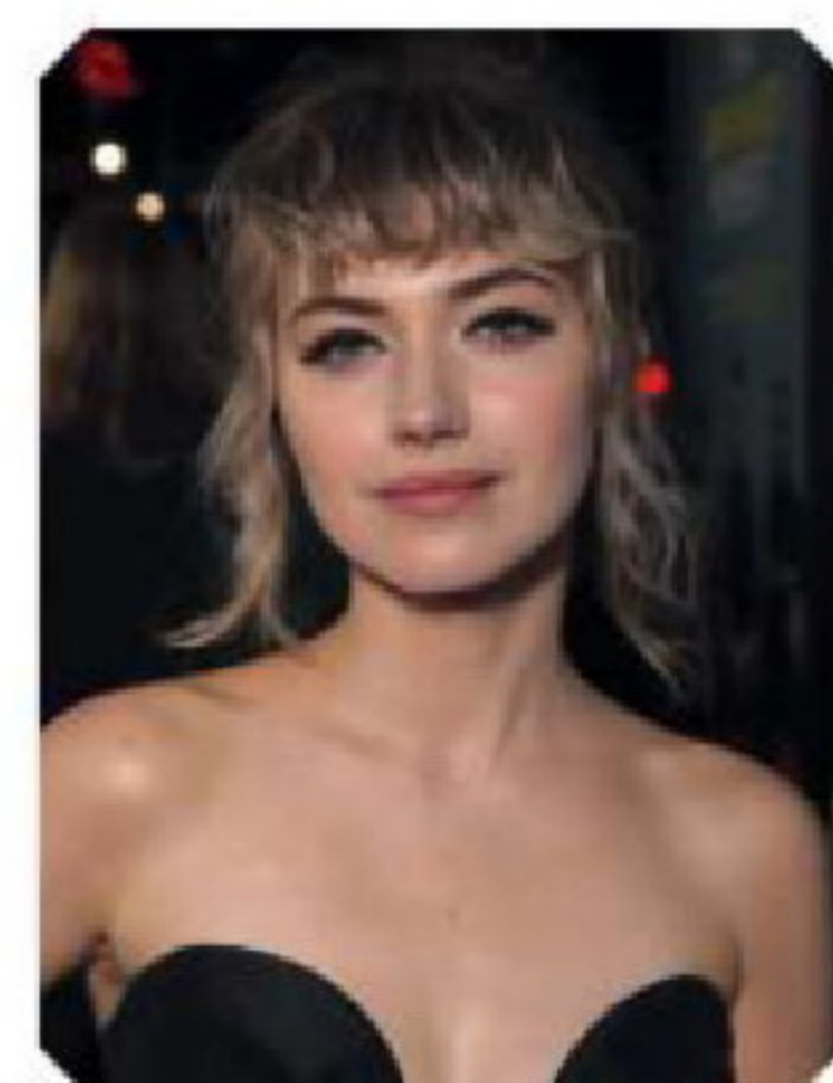

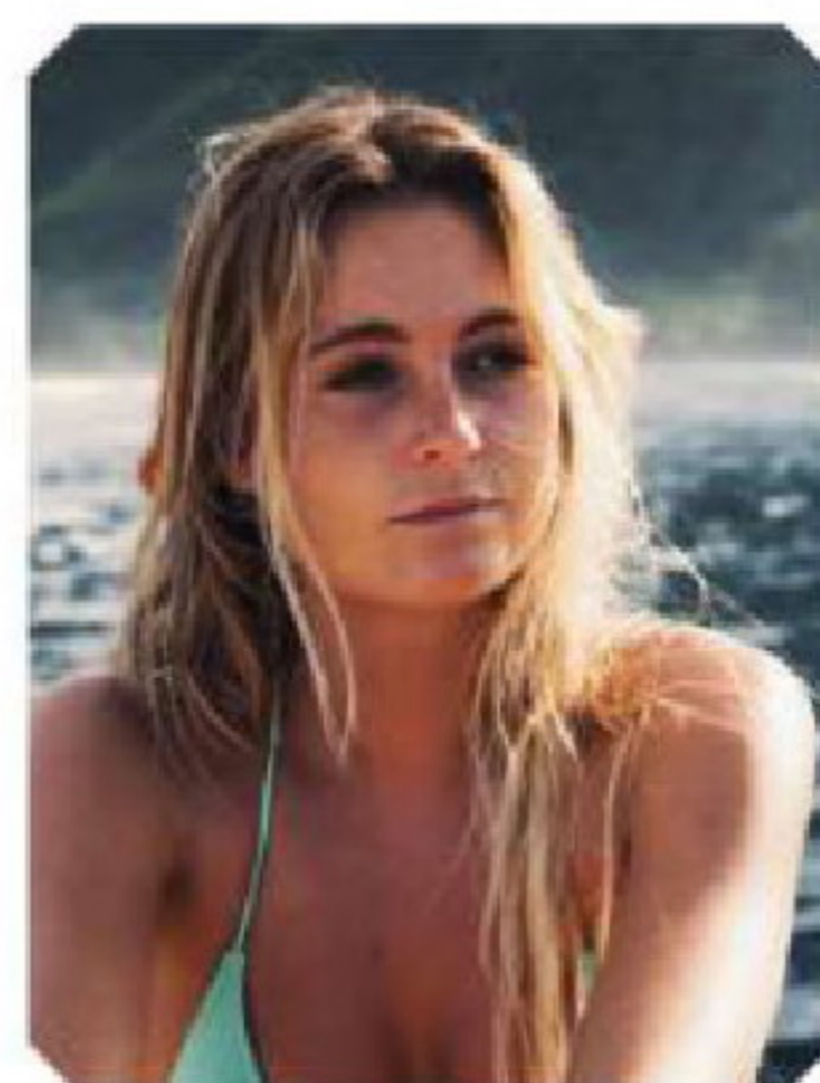

64

Gnarly in a bikini, brah

ALANA BLANCHARD

NEW ENTRY

Hawaiian surfer Alana has close to a million followers on Instagram, thanks to her penchant for posting pics of herself in bikinis looking hotter than the Earth's core. We like to imagine that every girl in Hawaii looks like her, and that they're all constantly doing that wavy-handed hula-dance thing.

63

Brit of alright

IMOGEN POOTS

LAST YEAR: 94

Roaring up the countdown like a sexy lion, this 24-year-old posho is now officially a Big Deal, and recently landed her biggest role opposite Jessie from *Breaking Bad* in *Need For Speed*. If her profile keeps accelerating at the current rate, she may vault straight into the top 10 next year.

67

Cutie on the cobbles

GEORGIA MAY FOOTE

LAST YEAR: 50

Remember when Corrie was populated solely by scowl-faced harridans wearing fag-burned aprons and cat-piss-soaked slippers? No? Us neither, it was decades ago. Nevertheless, Georgia is one of the street's all-time power-fitties. We'd love to buy her a chip barm.

65

'Allo tweacle

JACQUELINE JOSSA

NEW ENTRY

Seems the irresistible lure of Danny 'You Fackin' Mug' Dyer has got you all watching *EastEnders* again, which then led to you developing an all-consuming crush on Lauren Branning, as played by 21-year-old JJ. We wouldn't mind gettin' a butcher's hook at 'er khyber pass, etc.

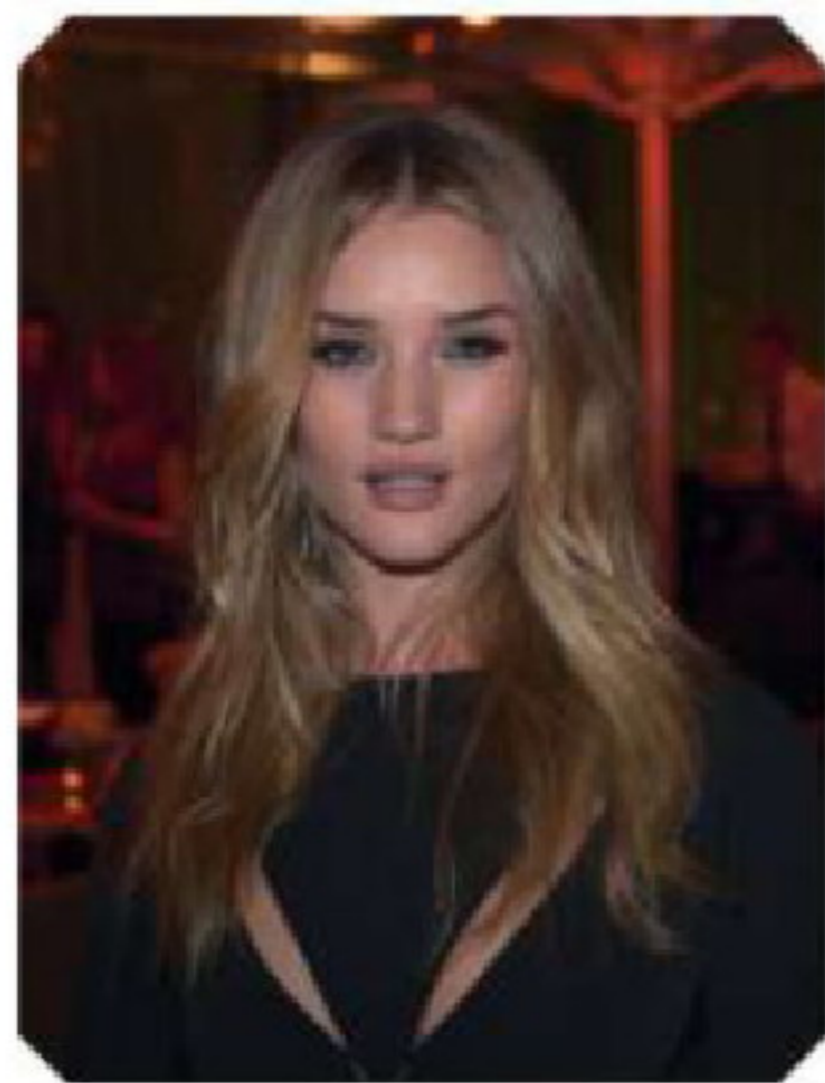

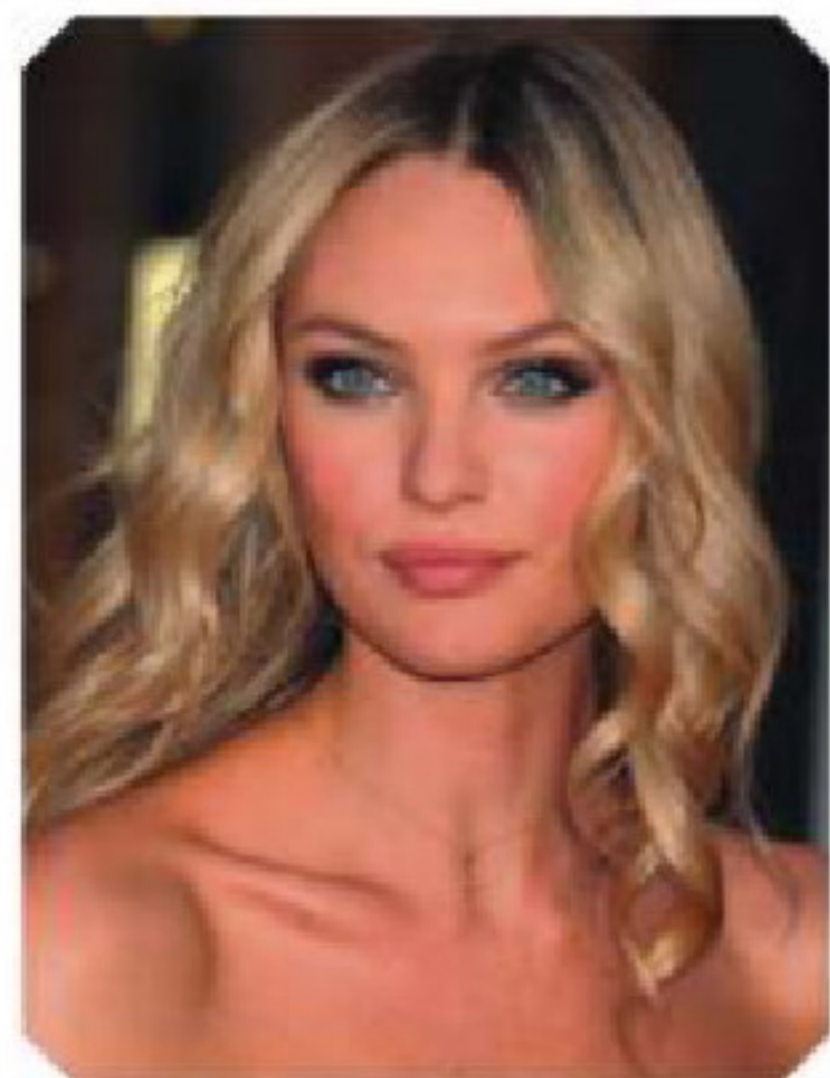

62

South Africa's finest

CANDICE SWANEPOEL

LAST YEAR: 75

Only a small rise for Victoria's Secret Angel Candice, possibly because many of you refuse to believe she's actually a real human being and not a brilliantly detailed CGI animation based on statistical research into the optimum physical traits of the world's most successful models.

60

Breathy electropopper

ELLIE GOULDING

NEW ENTRY

Songstress Ellie has been sexing up her image of late, posting selfies on Instagram and grinding around on stage in S&M-inspired outfits. She's hardly doing a Miley Cyrus, but her ramped-up sauciness has obviously caught your collective eye, so into the top 60 she goes.

61

Double-barrelled beauty

ROSIE HUNTINGTON-WHITELEY

LAST YEAR: 45

2011's Sexiest Woman Of The Year suffers another drop this year, possibly because she hasn't really done much, but also because she's romantically linked to Jason Statham, and you're scared of declaring your love for her in case Jase smashes your face in.

58

Posh 'n' lush

PIPPA MIDDLETON

LAST YEAR: 58

That image of Miss Middleton's privileged, clad-in-white buttocks sashaying up the aisle at the Royal Wedding is forever scorched into our minds. Of course, if you'd so much as *glanced* at a princess's sister's bum cheeks in the olden days, they'd have gauged your eyes out – and rightly so.

59

One more time

BRITNEY SPEARS

LAST YEAR: 85

Although she's thankfully no longer a walking catastrophe, Britney did inflict one very public disaster in November 2013, when she released *Britney Jean*, an album of William-produced autotuned 'hits' that went down like a knackered lift. Still very fit, though.

57

MTV vamp

LAURA WHITMORE

LAST YEAR: 28

"All the best people are crazy," declared Laura recently, but we hope that MTV's feistiest presenter won't be too overcome with unbridled lunacy when she learns that she's dropped 28 places this year. Still,

despite falling out of the top 50, she's still officially the second-sexiest woman in Ireland, and officially the sexiest *I'm A Celebrity* presenter, narrowly beating both Ant and Dec to the top spot.

56

Now Bieber-free?

SELENA GOMEZ

● LAST YEAR: 32

Selena has now firmly shed the remains of her Disney Channel image, having starred in controversial sex, guns, drugs and bikinis flick *Spring Breakers*. She's gone and reinvented herself as a singer too, and if you need any convincing on why she should be in the top 100, we suggest you go to YouTube and watch the video to *Come & Get It* now. It's had 226,000,000 views, and that many people can't be wrong.

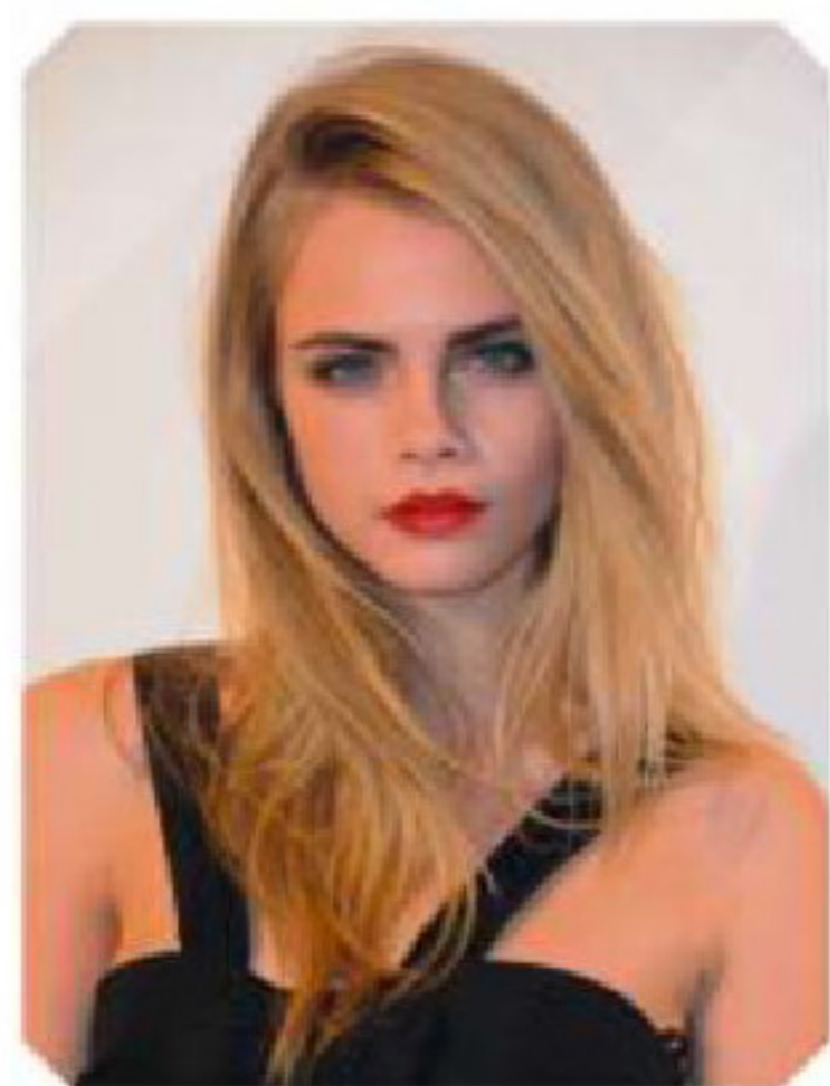

55

Last Saturday

MOLLIE KING

LAST YEAR: 18

Winsome, grinsome Mollie is the only Saturday to make the 100 Sexiest this year, which is bound to result in an angry pillowfight back at the big pink one-bedroom mansion we like to imagine they all live in together. In their pants. With the heating turned up.

54

Instant A-lister

CARA DELEVINGNE

NEW ENTRY

Lately, Brit model Cara's been all over gossip sites like crumbs on a fat kid: snapping selfies with Taylor Swift, watching basketball with Rihanna, becoming Michelle Rodriguez's 'girlfriend'. Basically, she's done exactly what we'd do if we were handed instant global fame: got wrecked with fit celebs, a lot.

53

No relation to Enrique

MELANIE IGLESIAS

NEW ENTRY

This Brooklyn hottie first found fame via a US model-search contest, but has since gone on to become a one-girl phenomenon, appearing on numerous MTV shows and steadily taking over an area of the internet the size of Wolverhampton. And now that Mel's gone and cracked the 100 Sexiest, there's literally no stopping her – not with nukes, not with fighter jets, not with nothin'.

52

Si señor!

SOFIA VERGARA

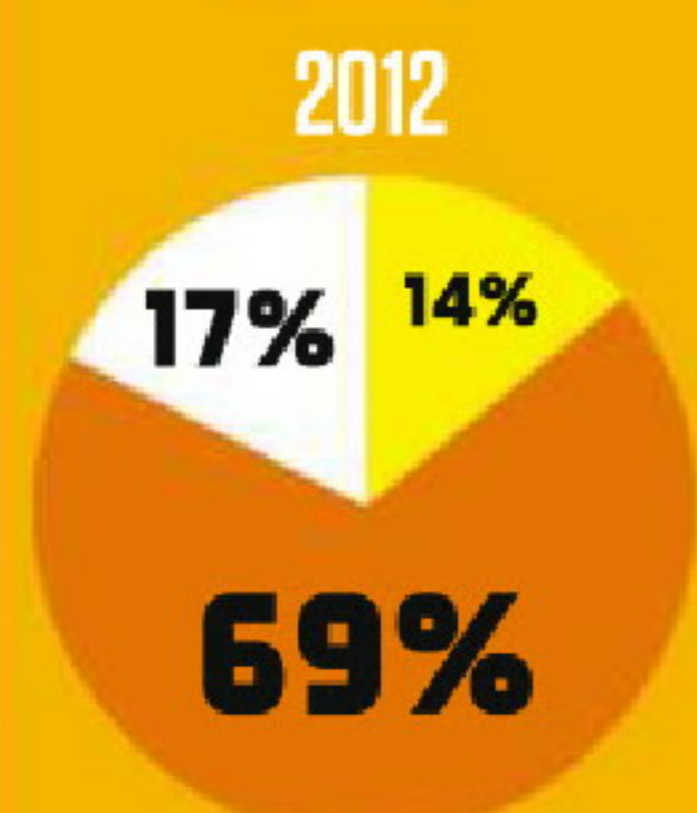

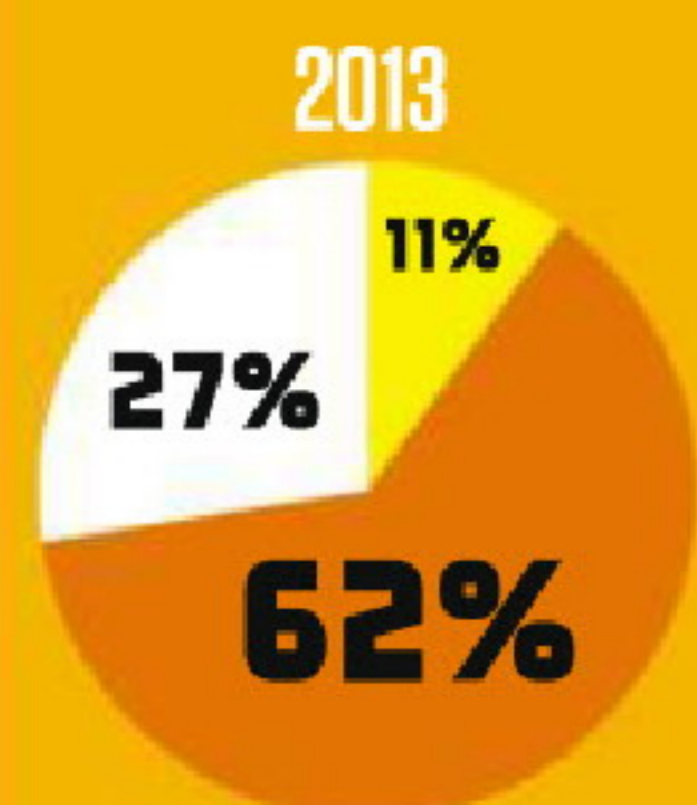

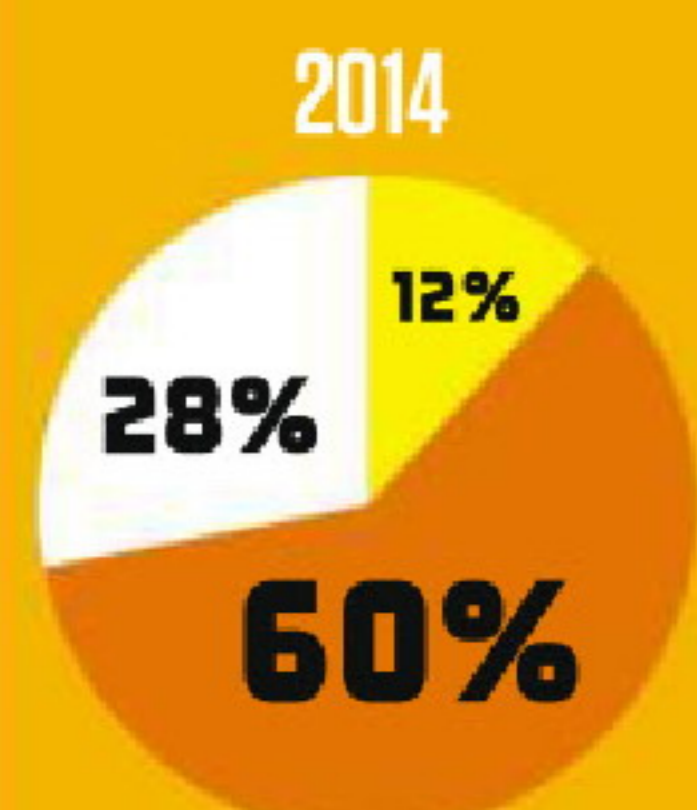

● LAST YEAR: 100

Modern Family momma Sofia's rise up the rankings is part of a general trend towards 40-something ladies garnering more votes than ever before. The South American chica caliente may have been born four years before Justin Bieber's *mum* was, but she still gets you lot hotter under the collar than a Colombian necktie.

RISE OF THE MILF

It was the strongest year ever for older ladies in the 100 Sexiest: a record 28% of entries are over 30 years old, with a staggering 8% over 40. Not only that, but the average age has risen to 28 for the first time. This takeover by middle-aged minxes has been led by the likes of Sofia Vergara (age 41), Christina Hendricks (38); recent *FHM* cover star Carmen Electra (42); *Loose Women*'s Andrea McLean (44); Susanna Reid (43); and Nigella Lawson (the oldest in the entire countdown at 54). All hail the like-a-fine-wine fitties!

18-21

51

Middlesex's sexiest

ROSIE JONES

LAST YEAR: 14

We've not seen much of Middlesex glamour model Rosie this year, except when we close our eyes during dreary lovemaking sessions with your mum and desperately try to picture someone physically attractive. Only joking! We actually picture your dad while we make love to your mum. Only joking! We actually picture your mum while we make love to your dad. Only joking!

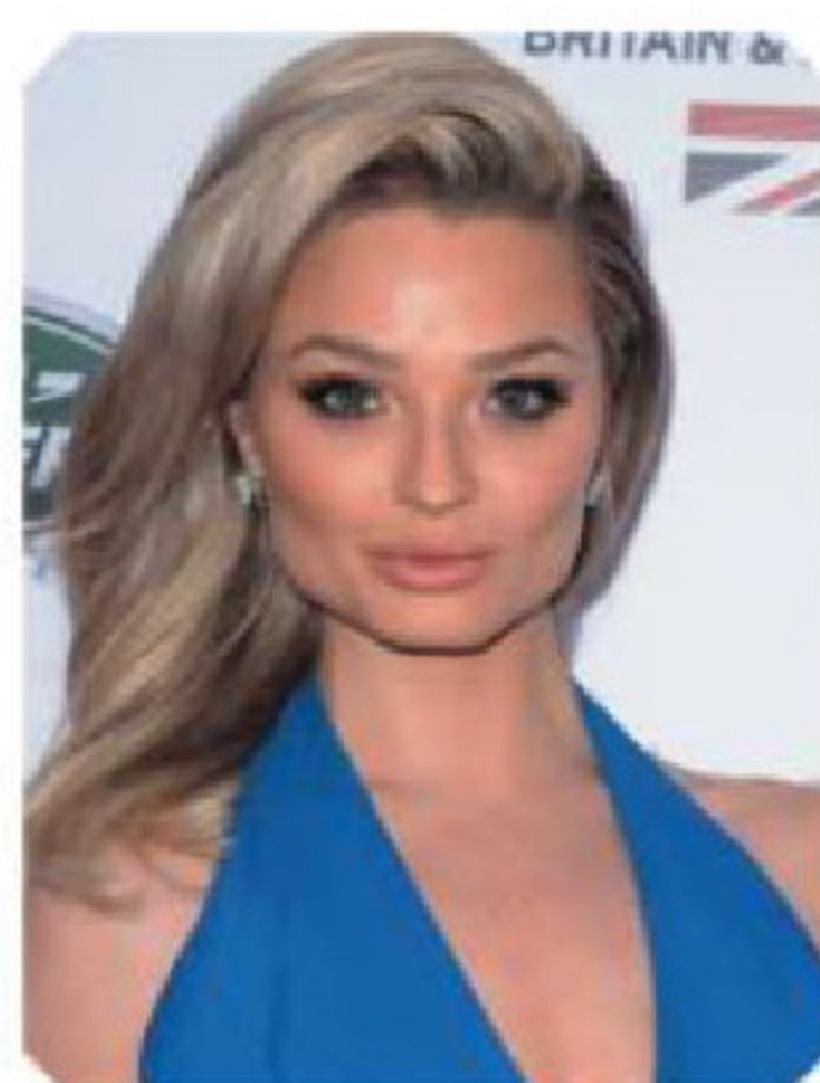

49

Scouser gone stateside

EMMA RIGBY

NEW ENTRY

Having sexed up *Hollyoaks*, Scouse bombshell Emma has now upped and left these shores to star in big-budget US fantasy *Once Upon A Time In Wonderland*. Perhaps in a last-ditch attempt to woo her back, you lot've finally voted her into the 100 Sexiest. Too little, too late, gentlemen.

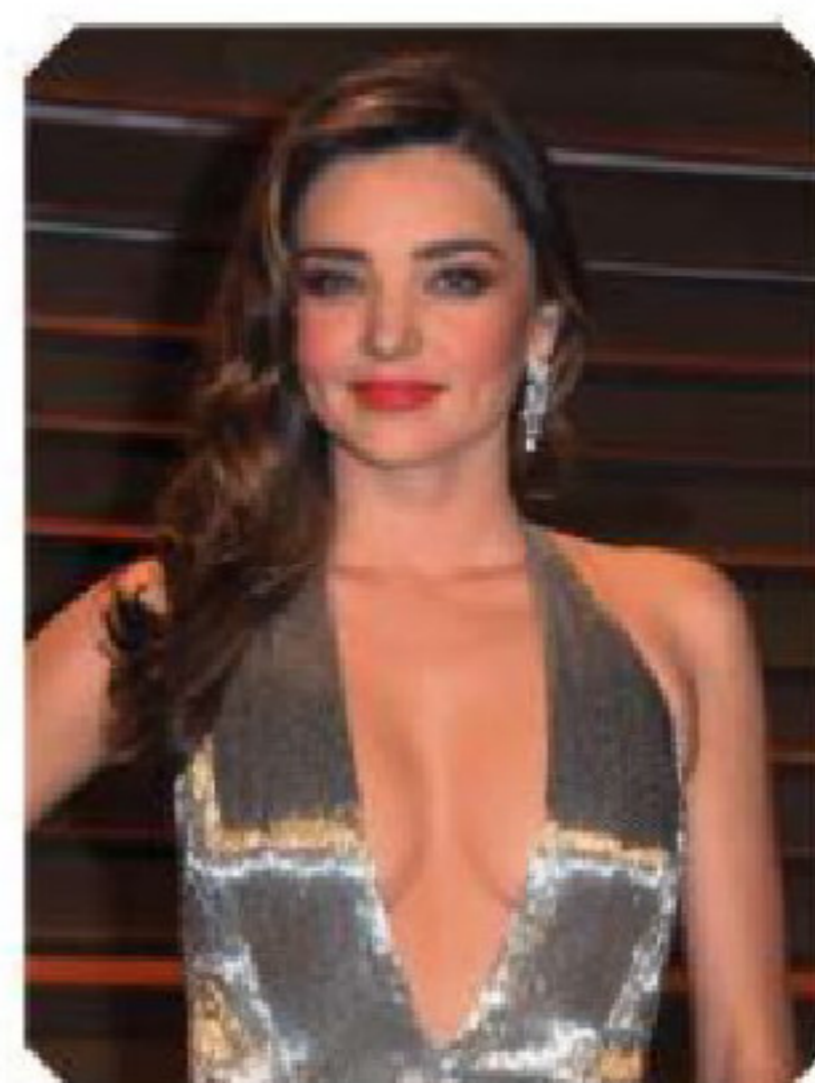

50

Got the shayks all over

IRINA SHAYK

RE-ENTRY

Russian Ronaldo-dater Irina Shaykhlislamova (her full name) has graced more mag covers than Putin's wrestled bears. Russia's *Maxim* voted Irina the #1 sexiest women in the world, so maybe you lot should have a punch-up with them to settle this huge ranking disparity.

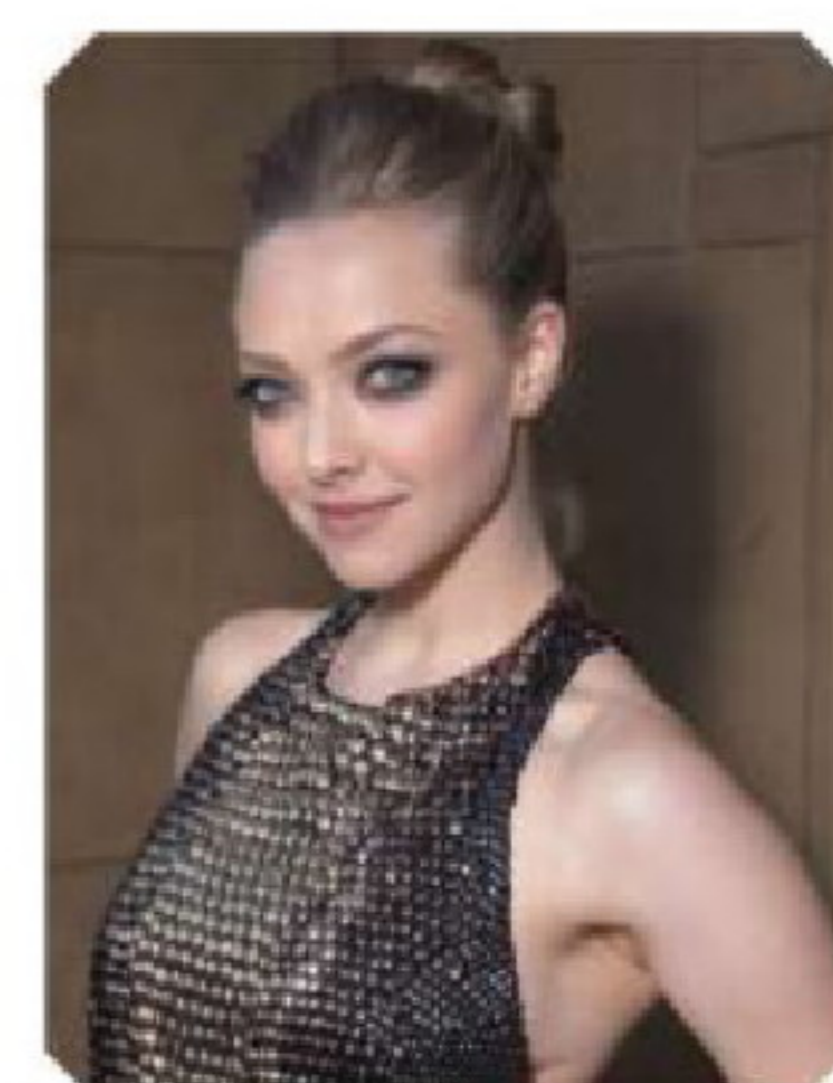

47

Goggle-eyed fittie

AMANDA SEYFRIED

LAST YEAR: 22

Those lips, those hips, those cat-like features – Amanda radiates hotness like a sex-powered nuclear plant having a full meltdown. She's about to appear in *A Million Ways To Die In The West*, which we'd want to watch even if it looked rubbish, because *Amanda Seyfried*.

48

Kerr blimey!

MIRANDA KERR

LAST YEAR: 56

There aren't many things that make us wish we lived in Oz – yes, it's got sun and surfing, but it's also got rat-sized spiders and more desert than is strictly called for – but Victoria's Secret model Miranda Kerr is one of them. *And* she's split from Orlando Bloom. Finally, we've got a shot!

46

Miss mistress

ALEXANDRA DADDARIO

NEW ENTRY

And the award for Most Face-Meltingly Amazing Nude Scene Of 2014 goes to... Alexandra Daddario, for *that* moment in episode two of hit spooky crime show *True Detective* where she strips off to reveal a body so geometrically perfect that it doesn't even seem possible.

44

Oona na!

OONA CHAPLIN

NEW ENTRY

Game Of Thrones fever grows more feverish with every passing month, and the show's popularity has led to some of its windswept, mud-caked, battle-scarred leading ladies cracking this year's 100 Sexiest. Into the top 50 arrives Oona, who is actually Charlie Chaplin's granddaughter.

45

Our future queen (maybe)

CRESSIDA BONAS

NEW ENTRY

Posher than a lacrosse-playing Rolls-Royce made of castles, 25-year-old Cressida is the girlfriend of weed-smoking, knackers-flashing, swastika-sporting Prince Harry. Everything about her looks well-bred and expensive, from her shimmering hair to her public-school teeth.

42

Model behaviour

KATE MOSS

RE-ENTRY

The apparently ageless Moss turned 40 this year, which means back into the 100 Sexiest she goes, because if there's one thing you lot are into right now, it's older ladies who party harder than a warship's worth of sailors on shore leave. Forty? More like *phwoar*-ty! Yeah!

43

Anchorlady

MEAGAN GOOD

NEW ENTRY

It'd be easy for us to just sit here and make jokes about how apt Meagan's name is. You know, how she's too *good* to be true, etc etc. But let's not do that. Let's instead celebrate how she stole the show in the best comedy of 2013, *Anchorman 2*. That was a good movie, wasn't it? Sorry.

41

Duchess of fancytown

LUCY WATSON

NEW ENTRY

As posh, sexy and well-bred as a really fit swan, *FHM* cover star Lucy is the best thing to happen to *Made In Chelsea* since that episode where Spencer tripped over a pile of diamond-filled top hats and was

trampled under a champagne-pissed horse wearing a Louis Vuitton tiara. Lucy would probably think you're a grubby little oik. Admit it, you love that, though, don't you? You love it.

40

Wag-a-mama

ABBEY CLANCY

RE-ENTRY

The hottest WAG of all time? Abbey could certainly go toe-to-toe against the likes of Cheryl Cole, Gemma Atkinson or Louise Redknapp for that title. We'd actually half-forgotten about her until she went and won *Strictly Come Dancing* last year and then became the new bod of Ultimo lingerie, but now she's back, filling us with regret that we didn't practise keepy-uppies harder as kids.

39

Mmmmm... Brie!

ALISON BRIE

LAST YEAR: 57

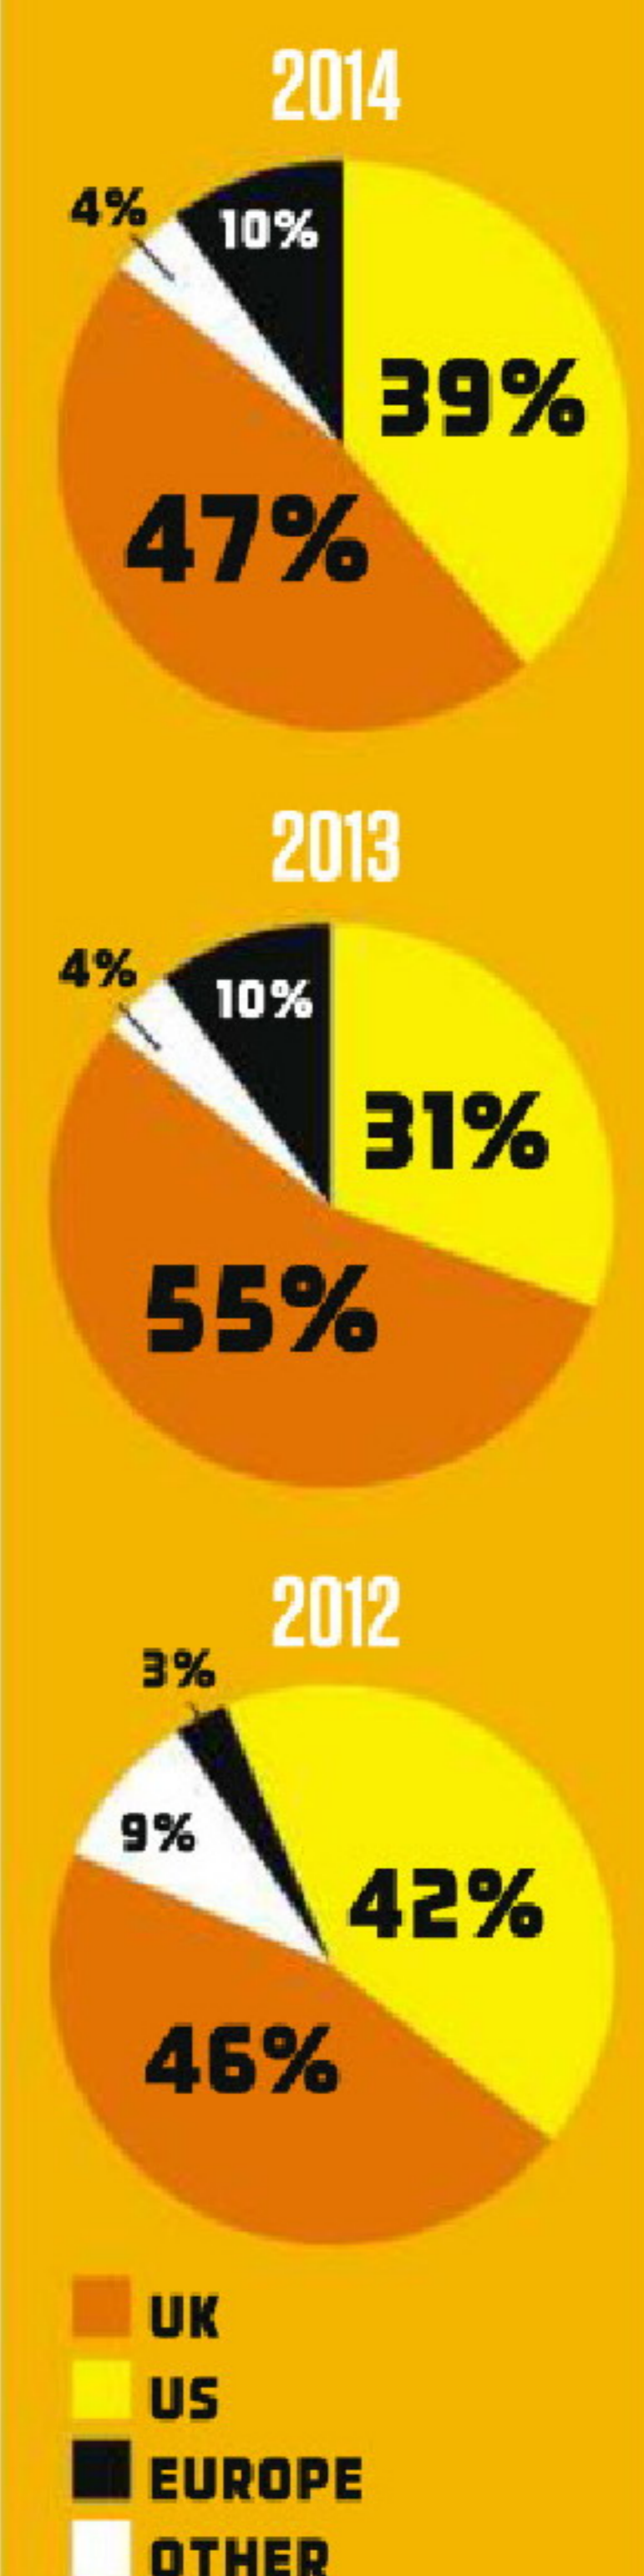

A well-deserved rise up the rankings for the sublime *Mad Men*/*Community* star, who's rapidly building herself a fanbase among men who like their ladies prim on the outside but all revved-up on the inside. Nobody rocks a buttoned-up cardie, sensible shoes, immaculate hair and a blink-and-miss-it expression of unbridled, feral lust like Ms Brie.

YANKS STRIKE BACK!

Following a strong 2013 showing for Brits – including five top-10 placings – our gun-totin', God-fearin' transatlantic cousins have swarmed back with a vengeance in 2014. The US snagged just 8% less of the overall votes than the UK, compared to a record 24% divide last year, and there are just two Brits in 2014's top 10 (Lucy Meck and Michelle Keegan). In all, 11 countries are represented this year – although Vatican City and Luxembourg are, once again, notable by their absence.

38

Kanye dig it?

KIM KARDASHIAN

LAST YEAR: 38

More so than his ultra-baller lifestyle, stadium-packing star power or ability to say insane shit and totally get away with it, it's Kanye West's imminent marriage to The Best Kardashian that makes us feel giddy with jealousy. Still, when Kim eventually gets bored of quaffing Courvoisier in Kanye's private superjumbo, we'll be here, waiting, lukewarm Greggs Steak Bake in hand.

37

Her eyes are up there

HOLLY WILLOUGHBY

LAST YEAR: 23

For all her killer curves, there's something undeniably mum-like about Holly Willoughby (other than the fact she has two kids). It feels like she'd totally put a *Flintstones* plaster on your knee if you fell over

in the road, then fetch you some Kia-Ora and a two-finger KitKat to cheer you up as you wiped away your tears. Then she'd kiss you long and hard, before... Wait, no. We've mixed our feelings up. That's weird.

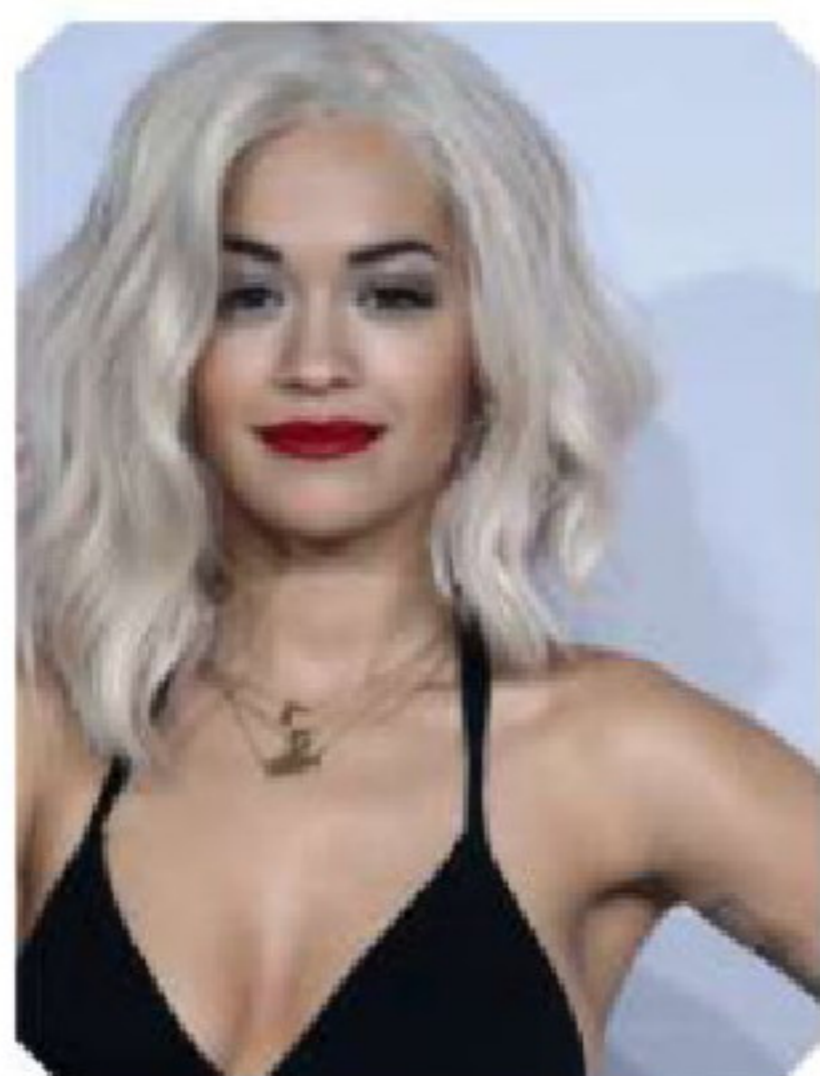

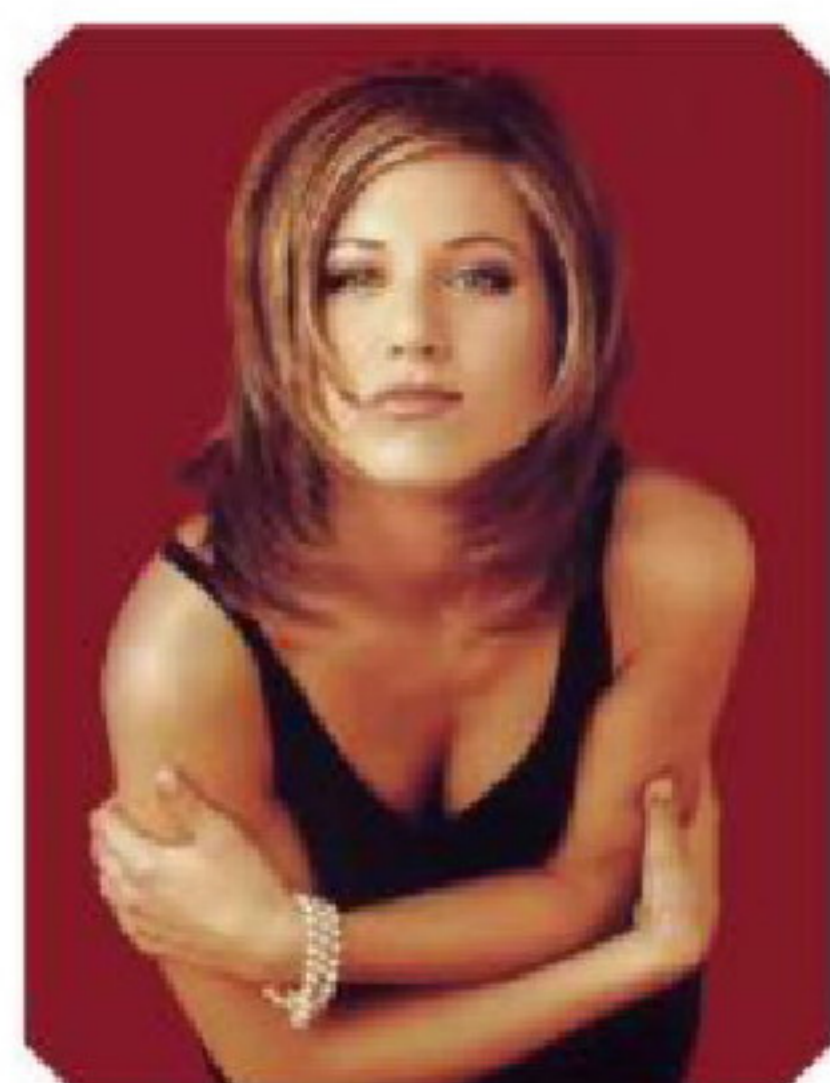

36

Ross was a doofus

JENNIFER ANISTON

LAST YEAR: 34

Miss Jennifer Aniston (45) is now old enough to be the mother of Rachel Green at the start of *Friends*. And yet your affection for the ultimate girl-next-door has barely faded, no doubt thanks to her doing the year's sexiest cinema strip in 2013's *We're The Millers*. More please.

34

Newish Girl

ZOOEY DESCHANEL

LAST YEAR: 31

As the star of funnier-than-it-first-appears-to-be *New Girl*, kooky Zooey is still the reigning champ of that whole klutzy-but-sexy thing. She's the kinda gal who'd make an entire shelving unit collapse by removing a single book, and there's something oddly appealing about that.

32

Doctor Whoa!

JENNA-LOUISE COLEMAN

LAST YEAR: 61

If you didn't develop a crush on this Blackpool-born beauty back when she was in *Emmerdale*, you've almost certainly gained one from watching her time-and-spacing it up in *Doctor Who*. Here's hoping next season those pesky daleks work out how to exterminate her clothes.

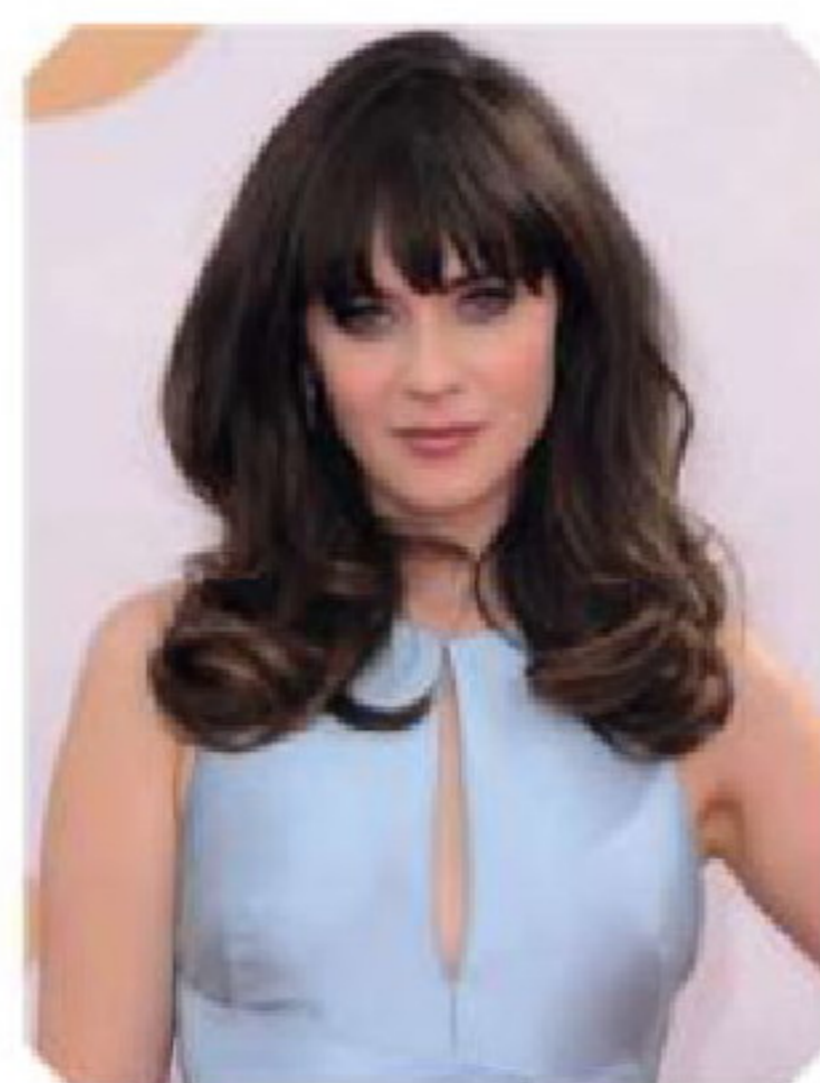

35

Warm night now

RITA ORA

LAST YEAR: 15

A drop this year for Rita, although she can console herself with the fact that she's still the fittest Rita on the planet. We've yet to see any women called Doris, Mabel, Judith or Dorothy crack the 100 Sexiest, but maybe 2015 will be the year that biddy names really hit their stride.

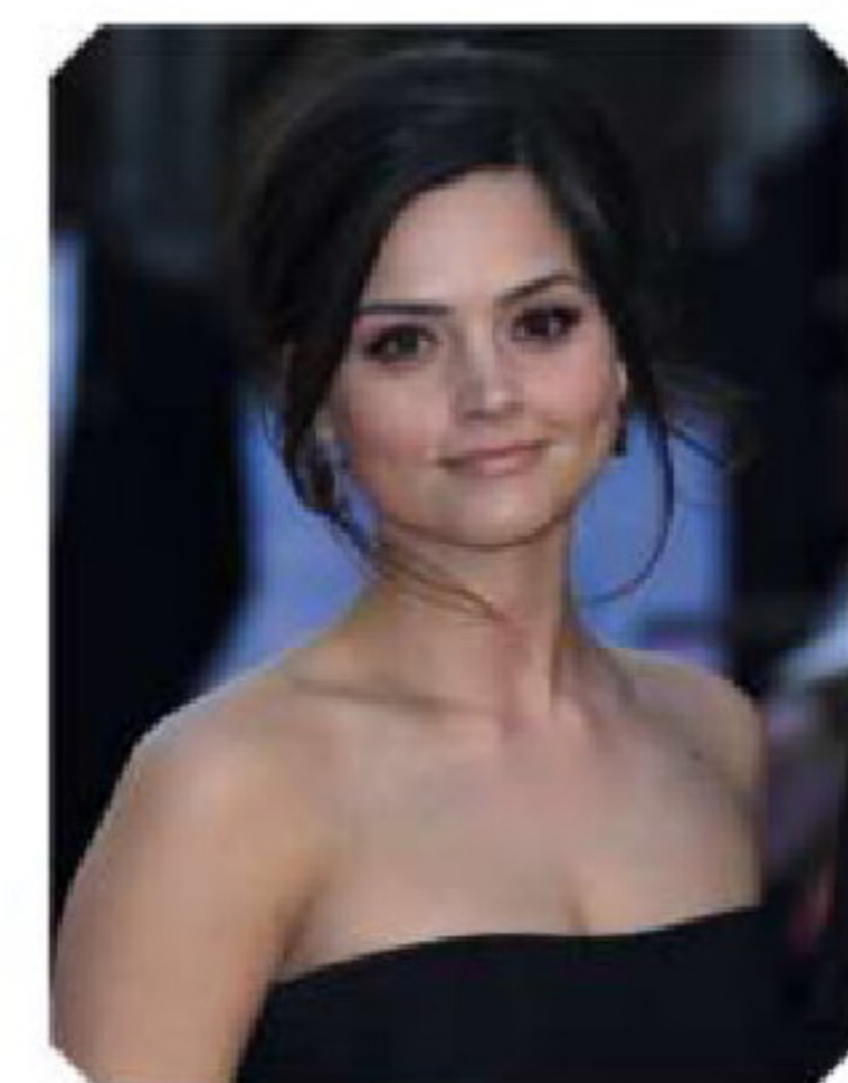

33

Straight outta the '70s

AMY ADAMS

NEW ENTRY

Sideboobin' her way into the countdown with the sideboobiest sideboobs of the past 12 months is Amy Adams, the carrot-topped fire-cracker whose '70s-style peek-a-baps were, for many, one of the main highlights of hit-but-still-a-bit-shit movie *American Hustle*.

31

The next Kim K?

KENDALL JENNER

★ NEW ENTRY

Eighteen-year-old Kendall is the half-sister of Kim, Khloé, Kourtney, Kokonut and Kokring, and is the latest sex-missile to be launched at the world by the all-conquering Kardashian dynasty. Be prepared to see her everywhere over the next year, even if you're never fully sure why.

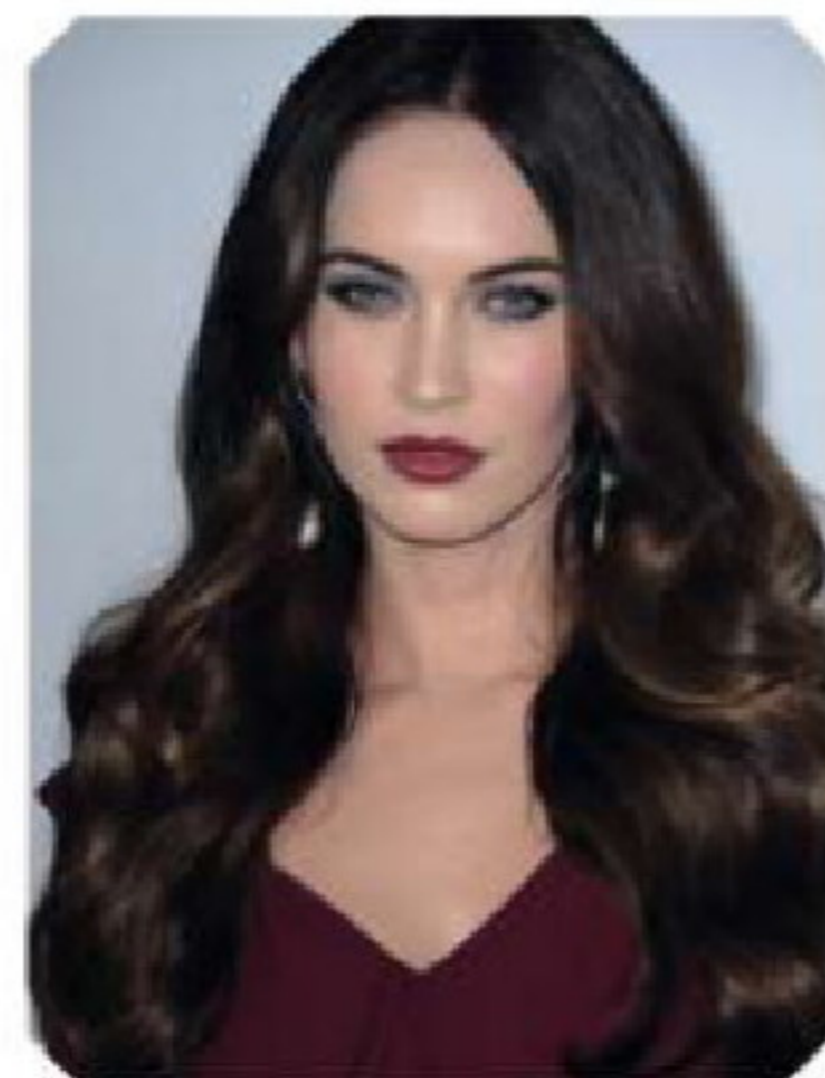

29

Foxy Foxy

MEGAN FOX

● LAST YEAR: 17

Megan has been absent from our screens since 2012's *This Is 40*, although the buzz building around the upcoming *Teenage Mutant Ninja Turtles* movie – in which Fox plays reporter April O'Neil – has prevented her from sliding too far down the countdown. Thank heavens for that.

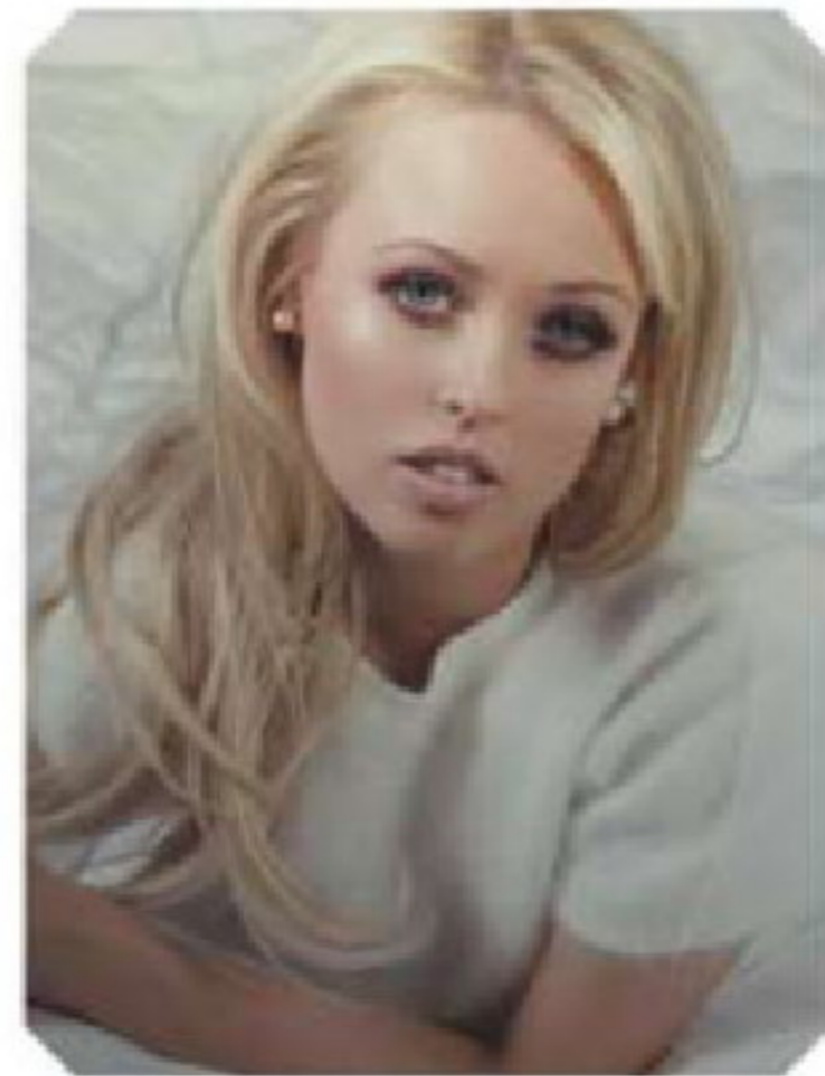

30

Early bird

SUSANNA REID

● LAST YEAR: 96

If you're shocked by brekkie-TV Susanna's ascent in 2014, don't be. She's got the lot: cut-glass accent, thigh-length boots, massive piles of fivers. We know it's shallow, but it's really hard not to find Reid extra foxy since she bagged that seven-figure deal to defect to ITV from the BBC.

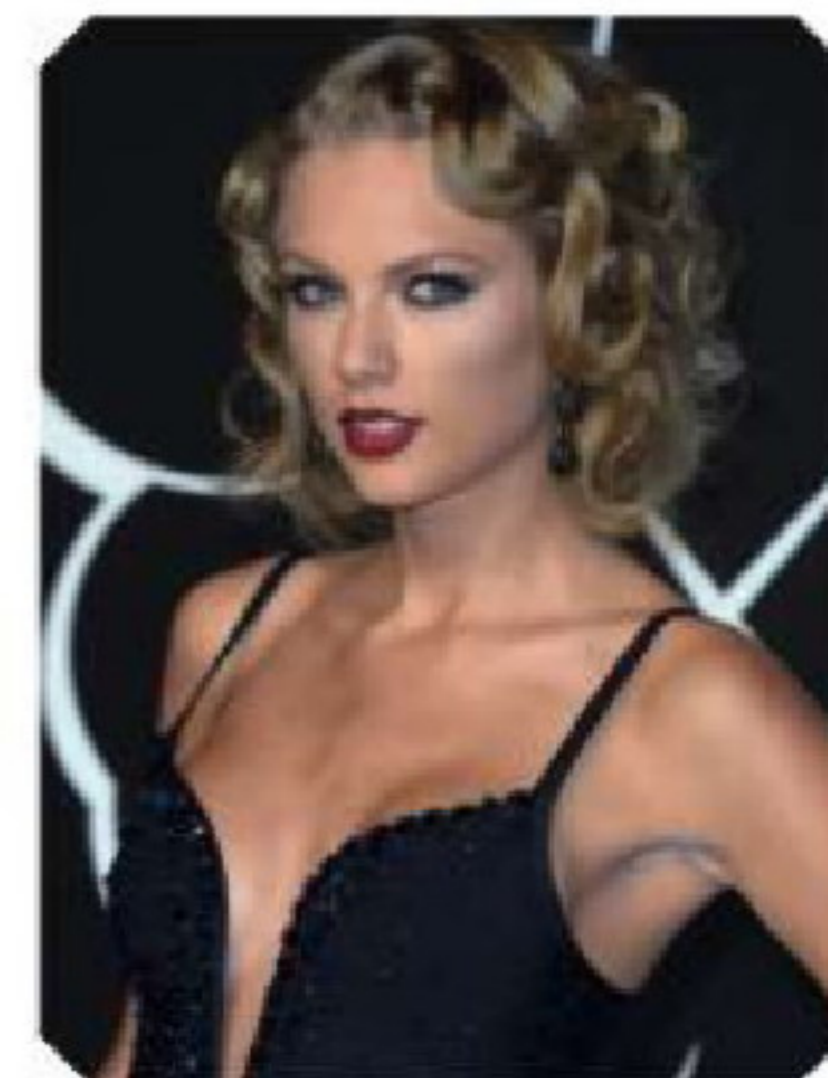

27

Trouble (trouble trouble)

TAYLOR SWIFT

● LAST YEAR: 12

A somewhat surprising fall for Taylor, who's been absolutely ev-er-y-where over the past 12 months – although, as Miley Cyrus' placing at #79 shows, omnipresence is no guarantee of 100 Sexiest success. Still, it's a solid showing for pop's favourite good girl.

28

Icy, icy baby

JORGIE PORTER

● LAST YEAR: 13

Ex-Hollyoaks-er Jorgie once again graced *FHM*'s cover back in March, with her shoot causing such a stir that several readers were prevented from boarding planes with copies of the mag, as concerned airport-security staff deemed them to be potentially explosive.

26

Vixen of Wall Street

MARGOT ROBBIE

★ NEW ENTRY

Ex-*Neighbours* girl Margot instantly won herself a 100 Sexiest placing the moment she stood starkers in that doorway in *The Wolf Of Wall Street*. We've actually no idea what happened during the

next 10 minutes of the film, as the screen seemed to go all blurry and a high-pitched whining noise filled our ears. Pretty sure it was some kind of seizure. Expect big things for her over the next year.

25

Feckin' gawjuss

GEORGIA SALPA

LAST YEAR: 10

A wee tumble for the Athens-born, Dublin-raised model, although we like Georgia so much here at *FHM* that we'd like to mitigate any disappointment she may be experiencing as a result of this fall by pointing out to her that she's still above such globe-straddling big-hitters as Kim Kardashian, Miranda Kerr and Rosie Huntington-Whiteley. So she is, to be sure.

24

Perky perfection

MEL CLARKE

LAST YEAR: 24

She may look as cute as a kitten-shaped button, but behind Mel Clarke's cheek-pinching exterior lies a heart of pure punk-rock lunacy. The pixie-like Page 3 Idol

winning model has been branching out into DJing of late, demolishing rock clubs with her mentalist metal sets. Easy on the eyes, but utterly ferocious on the ears.

23

Top 100 4 life

KELLY BROOK

LAST YEAR: 5

One of just a handful of women who first graced the 100 Sexiest countdown back in the '90s and has remained a fixture on the countdown ever since. What's more, the evergreen Ms Brook is still making *FHM* covers bang like handguns – if you missed her lace-clad, cheek-peeping appearance on the front of our June 2013 issue, then man oh man, dear oh dear, woe is you – you missed out.

22

Universally fancied

AMY WILLERTON

★ NEW ENTRY

Last year, Bristol's Amy Willerton earned herself the somewhat confusing title of Miss Universe Great Britain, which basically means she represented the UK at the annual Miss Universe contest. Amy was, in fact, the first Brit in 30 years to make it through to the final 10. We're not sure who eventually won, probably Saturn, or one of those weird gas-planets from out at the edge of the Milky Way. Either way, it paved the way for her bikinilicious appearance on *I'm A Celebrity*, so no complaints from us.

21

Compliments to the chef

NIGELLA LAWSON

NEW ENTRY

Hard to believe that this is the buxom spoon-licker's debut appearance in the 100 Sexiest. We can probably put Nigella's belated arrival down to the fact that over the past few months she's been snapped outside more courtrooms than a '70s Radio 1 DJ, and looked drop-dead OTT gorgeous every single time. How we'd love for her to sprinkle sugar on us and coo something suggestive about fondant.

NIGELLA'S MUCKY COOKING

The voluptuous chef's winking and slyly saucy remarks made *Nigella Kitchen* must-watch TV. Here are three of her most phwoardiculous asides on the show...

1 ETON MESS

After "encouraging strawberries to yield their gorgeous juices", Nigella piles creamy Eton Mess pudding into glasses, salivating at how it "bulges up around the rims". *Fnarh.*

2 HOKEY POKEY

In the back of a cab (for some reason), Nigella gets all lusty over a pudding: "I'm going to utterly indulge myself. I would like so much to stay in, just me and the hokey pokey." *Pffft.*

3 SEXY SPAGHETTI

While cooking up spicy pasta she calls "slut's spaghetti", Nigella purrs, "I don't believe in guilty pleasures. The only thing you should feel guilty about is not having pleasure. Some like it hot, and I certainly do." *Arrgh.*

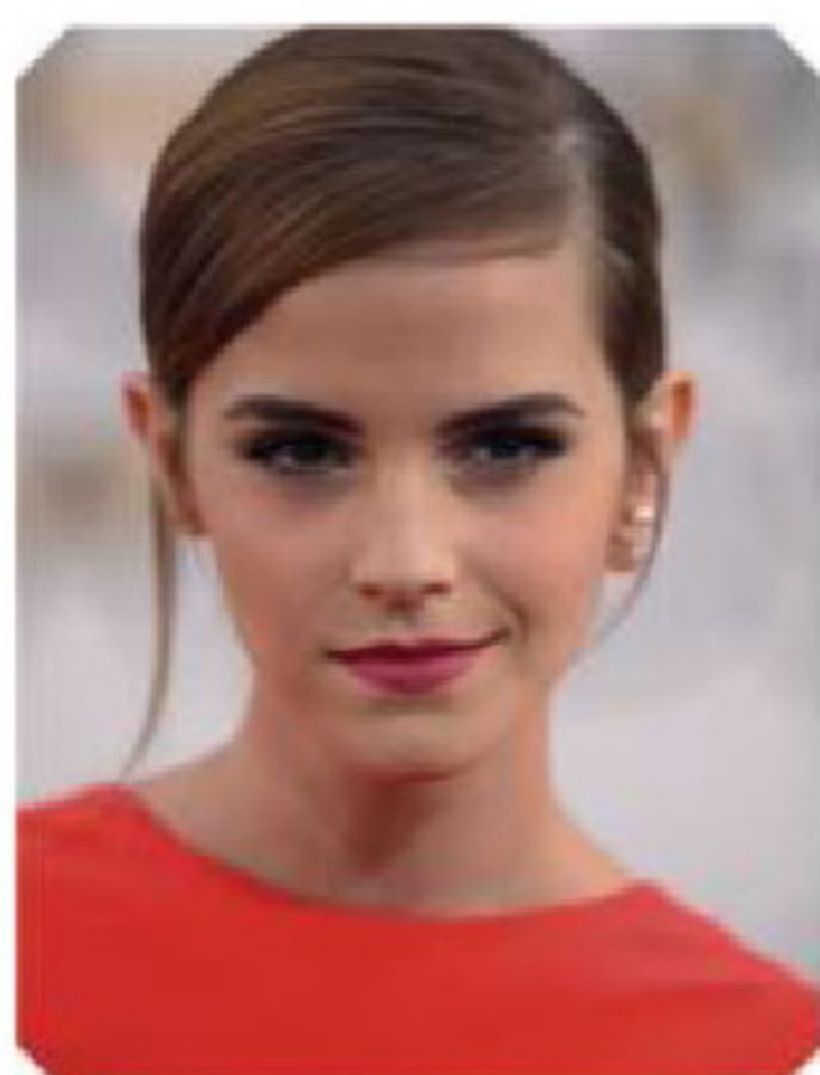

19

Biblically fit

EMMA WATSON

LAST YEAR: 72

Looking hotter with every passing year, the Artist Formerly Known As Hermione can currently be seen getting sopping wet in *Noah*. We recently asked Watson if she'd ever do a nude scene, to which she replied, "I'm gasping to!" before we woke up from our wonderful dream.

17

Two from the top

RACHEL RILEY

LAST YEAR: 90

If you're currently one of Britain's 2.34 million unemployed, you can console yourself with the fact that at 2.40pm on weekdays, while the rest of the country is swearing at errant printers, you can sit in your pants and watch Rachel being all cleverly sexy on *Countdown*. Up yours, rat race!

18

Dancing queen

KATE UPTON

LAST YEAR: 8

Not only has Kate made blondes ultra-cool again, she's also got a killer sideline in uploading cute-sexy videos of herself doing the latest dance crazes to YouTube, and then bagging 50 kazillion views inside 24 hours. No upside-down power-twerking as yet, but we live in hope.

20

Let's get stoned

EMMA STONE

LAST YEAR: 36

Remember when Jonah Hill pulled Emma Stone at the end of *Superbad*, and it made you think, "Man, I'm sure she's insanely fit, but this film seems to be telling me she's in Jonah Hill's league, so now I'm confused. Is she actually fit?" Well, good sir, time has proved you right. She is.

16

FHM institution

KEELEY HAZELL

LAST YEAR: 21

A 100 Sexiest regular since 2006, Keeley graced *FHM*'s February 2014 issue, rocking a mind-quaking bra-and-jeans combo that officially made skintight denim the new lacy lingerie. Hazell narrowly missed out on the lead role in the *Fifty Shades Of Grey* movie, which is surely the most tragic miscarriage of justice since they executed that giant bloke in *The Green Mile*.

15

That's yer lott

PIXIE LOTT

LAST YEAR: 7

It's a tumble out of the top 10 for Britain's smiliest pop lady, although if we know Pixie (and we don't, sadly), she'll simply shrug, take it on the chin and be merrily on her

way, humming and skipping, as carefree as a kitten and as happy as a hedgehog. Or maybe she'll wig the fuck out and smash a hotel room up. As we said, we don't *actually* know her.

14

Hels yes

HELEN FLANAGAN

LAST YEAR: 3

Voted Britain's sexiest woman on last year's 100 Sexiest countdown, the two-time *FHM* cover star slips outside the top 10, despite having had her rudest 12 months ever: posing topless for Page 3, requesting an appearance in *Playboy* and posting saucy pics on Instagram... What can we surmise, then? *FHM* readers don't like rudeness? Yep, that must be it. As of next issue, all models will be fully clothed. Message received!

13

Ex-WAG factor

CHERYL COLE

LAST YEAR: 9

Astonishingly, this year's number 13 spot represents Chezza's lowest placement in the 100 Sexiest list for a decade – hardly surprising given the feisty Geordie took the top spot two years running, in 2009 and

2010. We're putting her fall down to her relatively low profile of late, although now Hightrouser Cowell has wooed her back on to *The X Factor*, expect the number above her name to shrink once again next year.

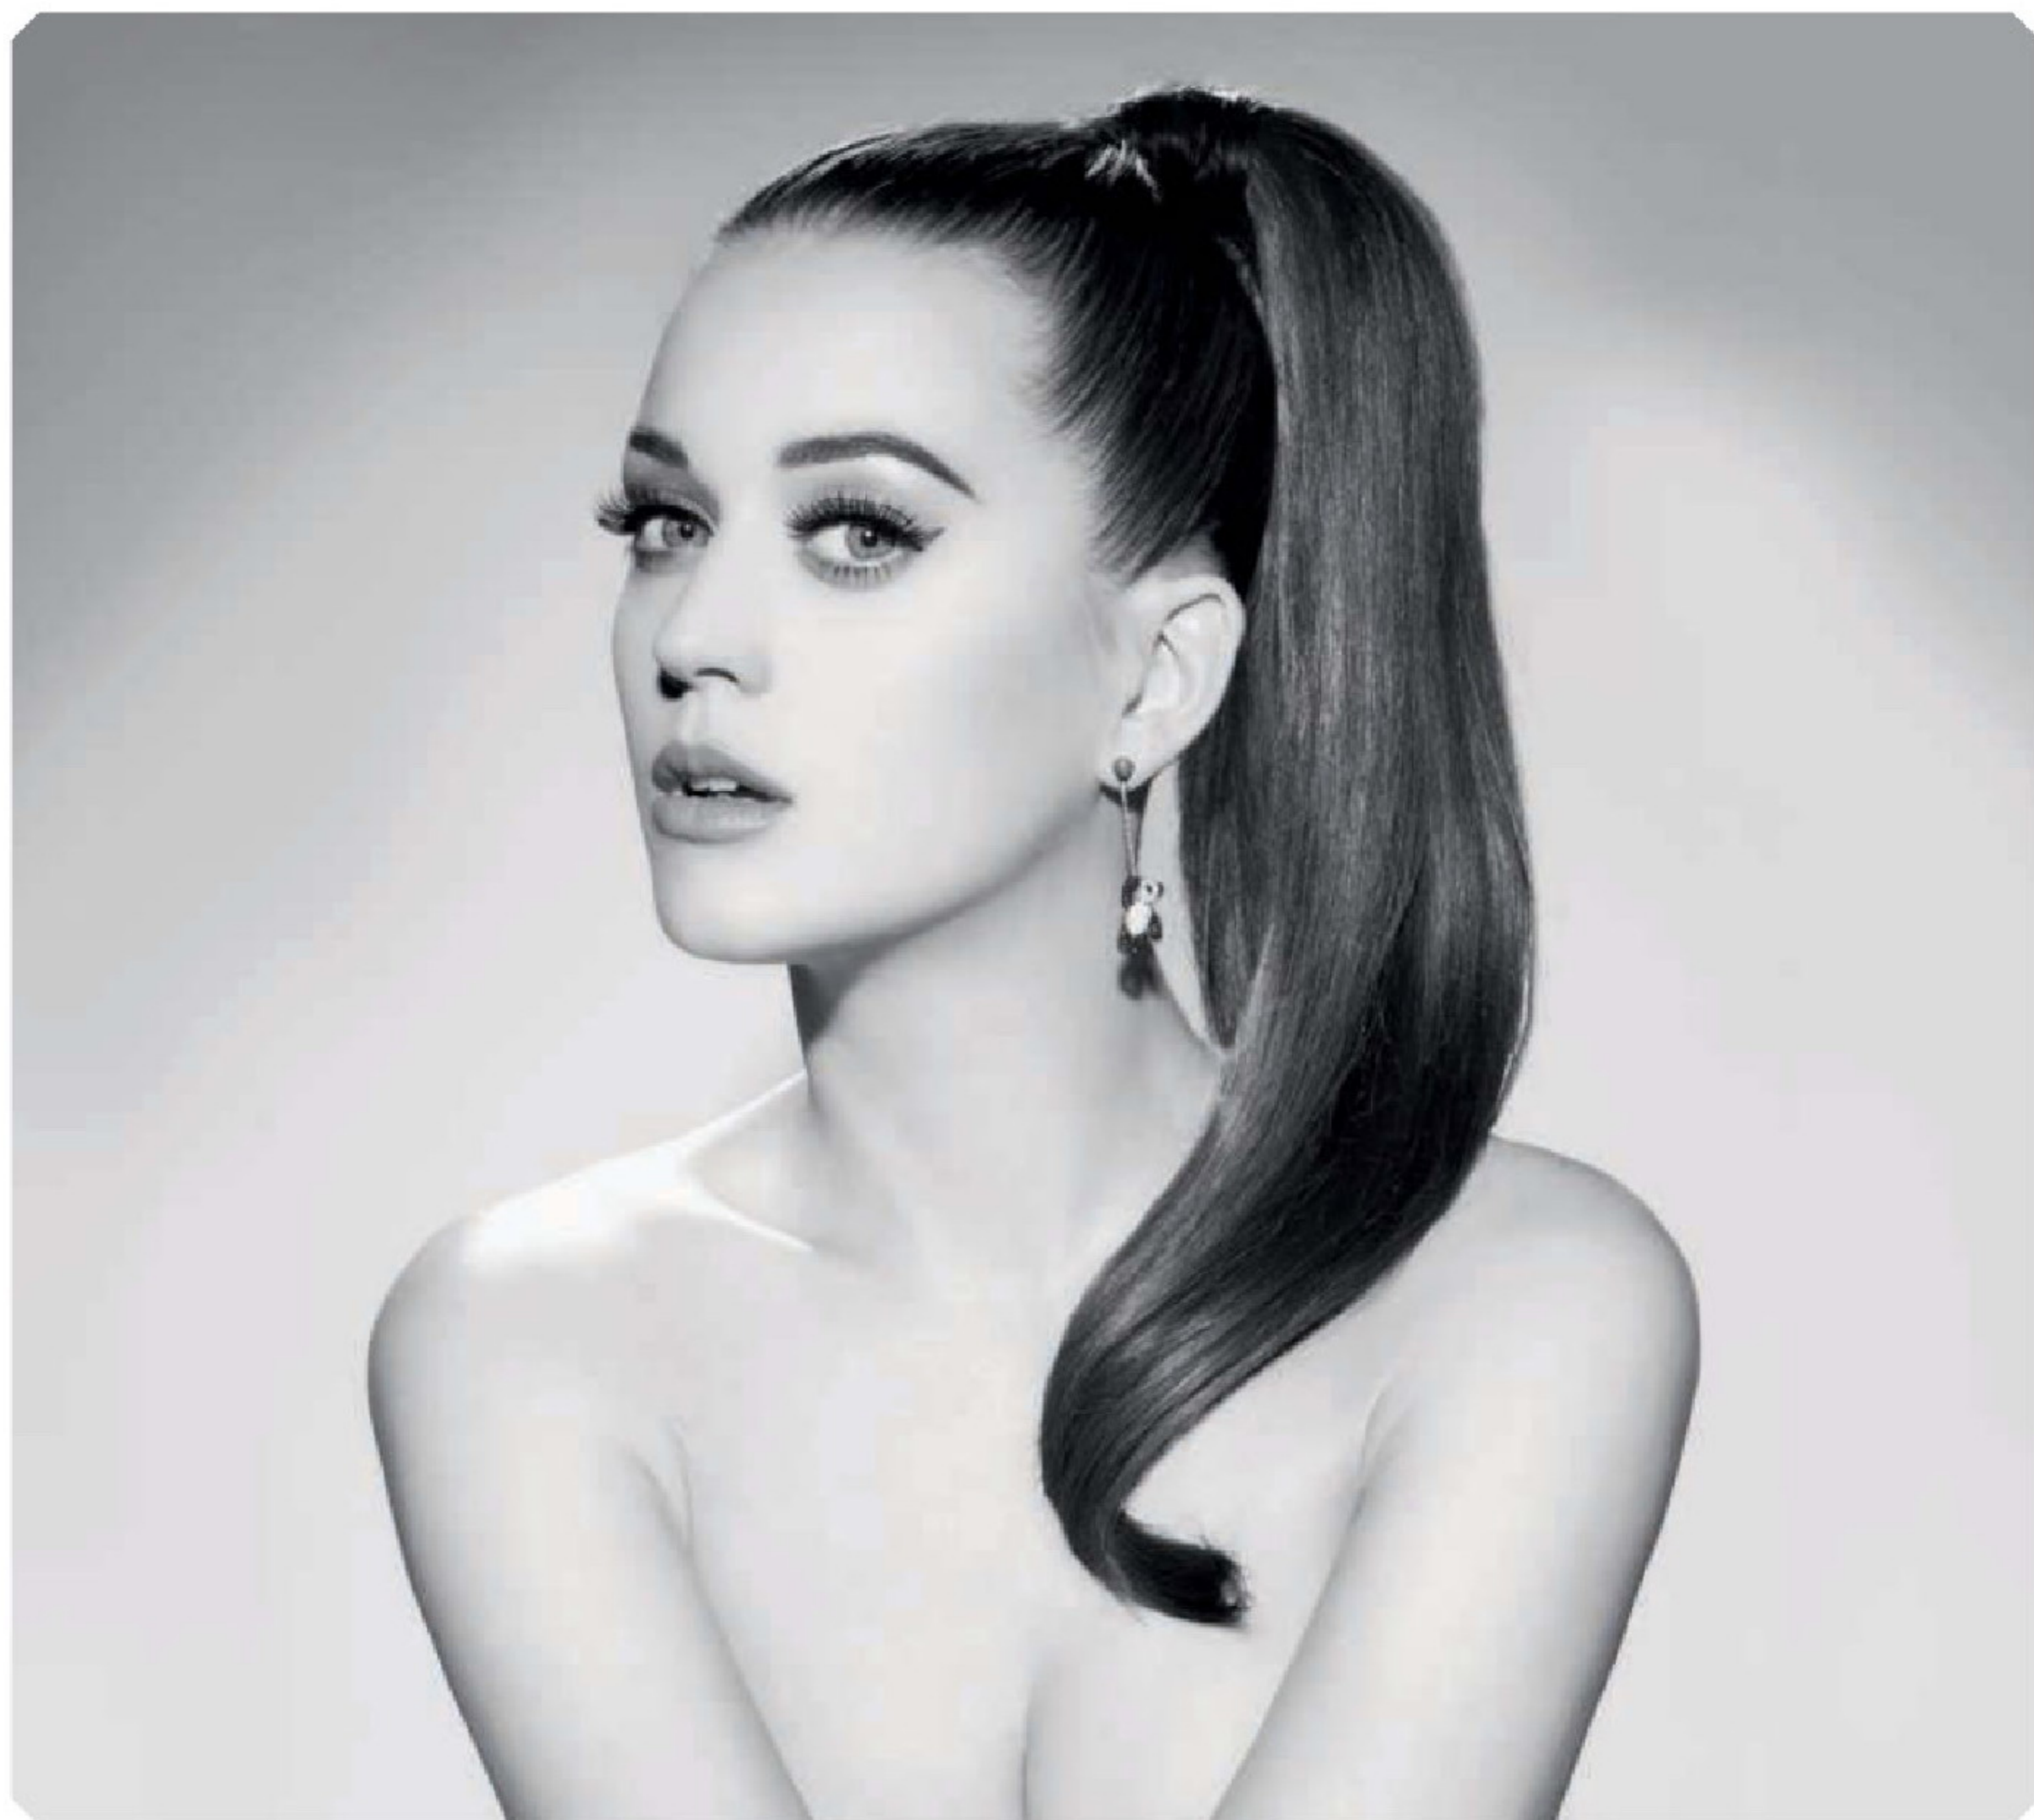

12

UnBranded

KATY PERRY

LAST YEAR: 16

We fully expected a big rise from the pop princess this year – yet she only climbs four places in 2014. To be honest, we're still getting over seeing her lock tongues with Miley Cyrus back in February. It was as much terrifying as it was titillating, given that Miley's tongue is as powerful as a giant squid's tentacle, and could easily have wrapped around Katy's head before flinging her skywards. Thankfully, they just had an awkward snog instead.

A full-page photograph of Emilia Clarke sitting on a dark red velvet chair. She is wearing a white, long-sleeved, V-neck dress with a wide, ribbed white belt. Her hair is long, wavy, and brown. She is looking directly at the camera with a slight smile. Her right hand is raised near her face, wearing a large black ring. Her left hand is resting on the chair's armrest.

11

RIP Daenerys

EMILIA CLARKE

● LAST YEAR: 33

If you've only just started watching *Game Of Thrones*, allow us to throw an almighty spoiler at you: you're going to fall head-over-ballbag in love with Emilia Clarke. In fact, when Daenerys dies at the end of season two, you may well find yourself shedding a tear. Just fuckin' wit ya. She doesn't die until season three... Nah, we're yankin' your leg. Oh man, your face!

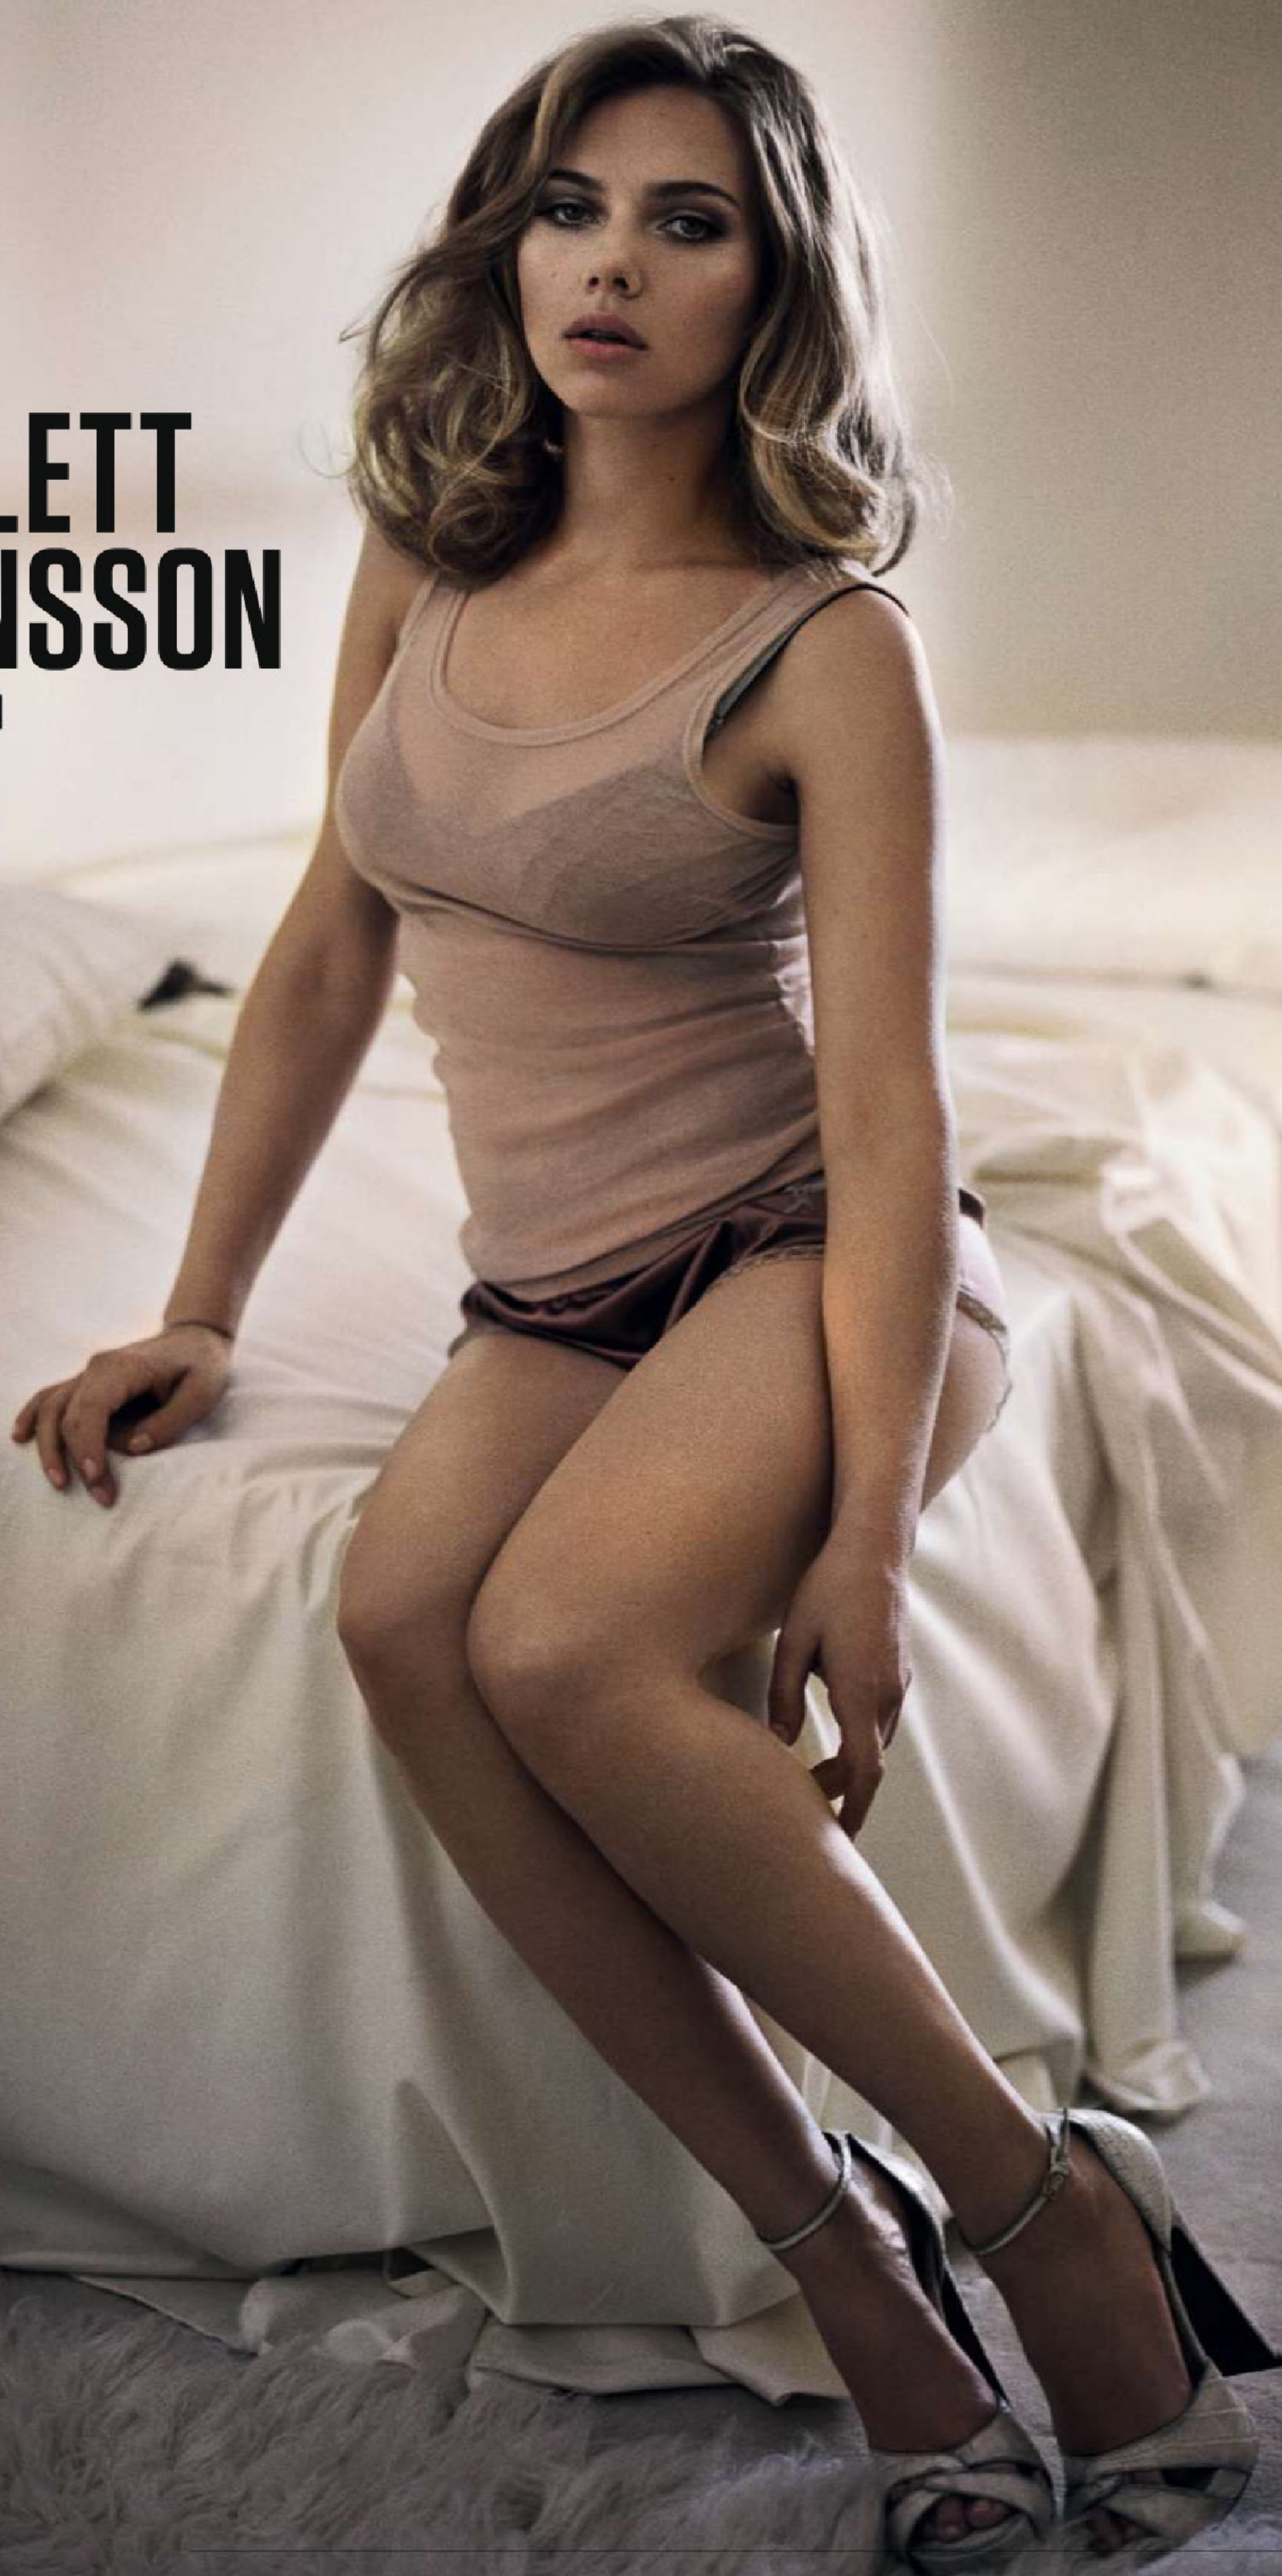

10

Scarlett fever

SCARLETT JOHANSSON

● LAST YEAR: 49

Owner of the sexiest voice on the planet, Scarlett could read out the owner's manual for a 2008 Ford Mondeo and still make it sound more crotch-twistingly erotic than the really sweaty bits from *Fifty Shades Of Grey*. Plus, she fills out a black PVC catsuit like an absolute demon: roll on her fourth outing as Black Widow in 2015's *Avengers: Age Of Ultron*. Welcome back to the top 10, Miss Johansson.

09

Absolutely mulled

NICOLE SCHERZINGER

● LAST YEAR: 54

Juuust edging out fellow popstresses K-Pez, C-Cole and P-Lott is ex-*X Factor* opinion-haver N-Scherz (as literally nobody calls her), making her ninth consecutive appearance on the countdown with her joint-highest placing yet. The Hawaii-born hottie is everywhere these days, branching out beyond singing, dancing and judging to design her own clothing line for Missguided and suggestively flog yogurts during ad breaks. And if you don't

feel a sharp tightening sensation in your nethers regions when Scherzinger purrs about "little chocolate baawlls" in that Müller advert, you should probably get your nethers checked out by your doctor, as they may be on the blink. Side-note: can you even remember what the other Pussycat Dolls looked like now? Us neither. Weird, innit.

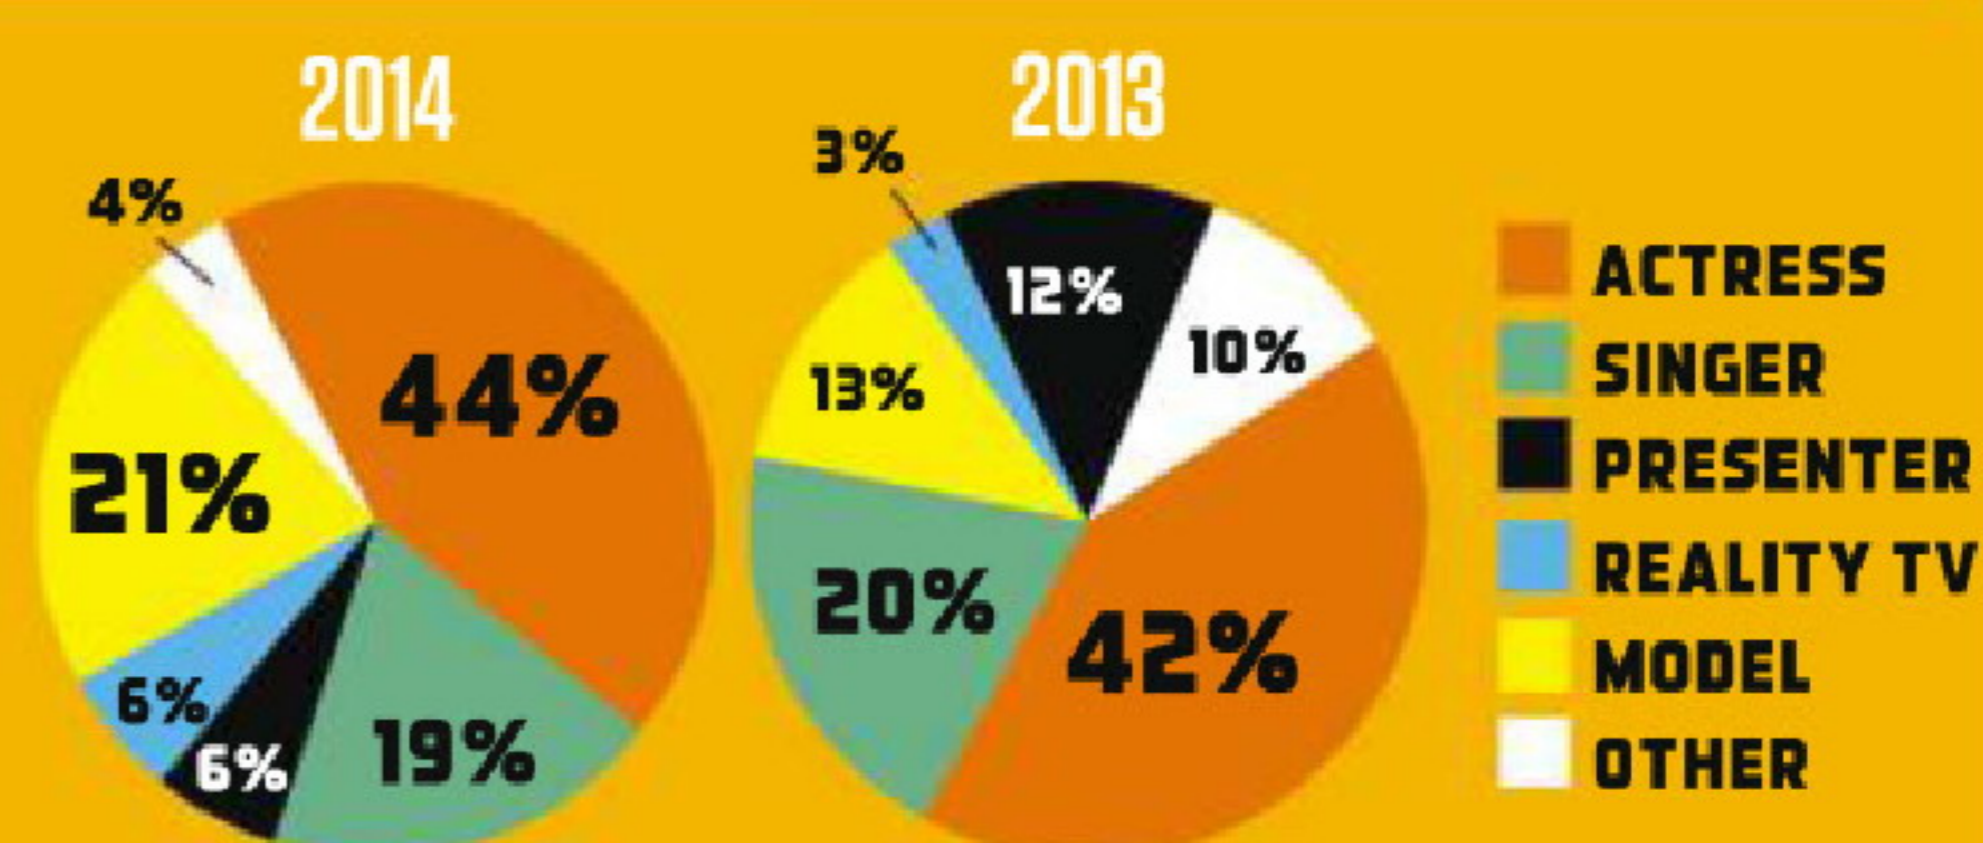

ACTRESSES REIGN SUPREME

Actresses are again more than twice as popular as singers – with Johansson, Cuoco and Keegan leading the charge – possibly because

pop videos are 10 times shorter than TV shows and 30 times shorter than movies, and the longer you stare at somebody's face, the more likely

you are to develop a crush on them. Dunno. Anyway, 2014's big year-on-year winners are models, who got one in five votes, the statuesque rascals.

08

Essexy and she knows it

LUCY MECKLENBURGH

RE-ENTRY

It's not easy to stay in the public eye after leaving a successful reality show – many a wannabe A-lister has found themselves swiftly reduced to cutting the ribbon at the grand opening of an Aldi. But not Lucy Meck: since vanishing from *TOWIE* in a cloud of perfume, her profile has actually risen: she has her own magazine column, a job as the body of Ellesse, and more bikini-clad tabloid appearances than the entire England WAG entourage combined. Of course, Meck's finest moment of the past year has undoubtedly been her heart-stopping appearance on *FHM*'s October 2013 cover, also featuring her little handbag-dog, Lola.

07

She runs the world

BEYONCÉ

LAST YEAR: 19

An impressive upward swing for the one-woman R'n'B empire, who cracks the top 10 for the first time since 2006. This probably has something to do with the fact that Queen B managed to send the internet into a boss-eyed meltdown back in December when, out of flippin' nowhere, she went and released a 'surprise album' with a proper video for every track. Predictably, the song that caught the most attention was *Drunk In Love*, on which Beyoncé and Mr. Beyoncé (Jay Z) went into fairly lurid detail about making sweet, sweet love to each other. "We sex again in the morning," rapped Jay Z. "Your breastases is my breakfast." Alright mate, no one likes a show-off.

06

The champ bows out

MILA KUNIS

● LAST YEAR: 1

Wooaaah! OMG! OMG! Sound the drama klaxon! Having grasped global glory and topped the 100 Sexiest just one year ago, Mila now unexpectedly plummets five places in a sensational turn of events that can only be described as earth-quakingly shocking! Althooough... perhaps it's not *really* all that shocking. Having spent the majority of the past

12 months filming no less than four movies, Mila's been almost completely out of the public eye, and when she finally did re-emerge back in March, she was seemingly sporting a baby bump, on account of Ashton Kutcher having got her preggo. So it might actually be a bit *weird* if she was still number one. Sixth seems about right now, yes?

BRUNETTES WIN AGAIN ...FOR NOW

Led by Kate Upton and Margot Robbie, the valiant blonde fightback of 2014 has finally begun to turn things around for light-haired girls following years of brunette dominance in the 100 Sexiest. This year, the brownies have retained their tyrannical grip on the countdown, but Mila and her pals shouldn't get too cocky, because – as the stats below show – the gap betwixt flaxen and fawn is closing.

Penny. Penny. Penny

KALEY CUOCO

LAST YEAR: 6

It's a good job *The Big Bang Theory* is a genuinely entertaining sitcom, because we've got a horrible feeling that we'd still be watching it even if was about as funny as tuberculosis, solely to get our fix of Californian ultra-cutie Kaley. And as anyone who's sat through the laughless *Two Broke Girls* purely to ogle Kat Dennings will tell you, that's not a great position to be in.

Thankfully, of course, *Big Bang* is hilariballs, and Penny has risen to become the dream girl-next-door (or across-the-hall) for an entire generation of young men. In fact, the show's only real flaw is that, distractingly, Leonard never takes his jacket off, ever. Once noticed, this piece of trivia cannot be unnoticed.

04

She's a good girl

EMILY RATAJKOWSKI

NEW ENTRY

Born in Blighty, raised in Yankland, Emily was already a Semi-Big Deal before that *Blurred Lines* music video blew up, with a high-profile modelling career and a recurring role on hit Nickelodeon show *iCarly*. It's fair to say, however, that her silly-but-sexy turn in the most controversial music video of 2013 is what's propelled her, outta nowhere, straight into this year's top five. Even Robin Thicke himself would have to admit that, catchy as *Blurred Lines* is, it probably wouldn't have hit number one in 14 countries had it not been for highest new entry Emily's hypnotic gyrations. So everyone's a winner.

03

Still pop's hottest

RIHANNA

LAST YEAR: 02

Robyn Rihanna Fenty bags herself a top-three placing for the fourth consecutive year, and is once again crowned the most fanciable pop star on the planet. Barbados' most successful export actually seemed to be

dialling the craziness down for a while there – fewer drunken tweets, selfies with spliffs, and shocked tabloid headlines – but then she went and unleashed the video for *Can't Remember To Forget*

You, in which she and Shakira writhe and embrace and bang their bum cheeks against walls in a manner that can only be described as 'daft but erotic'. Don't you ever go changin', Rihanna.

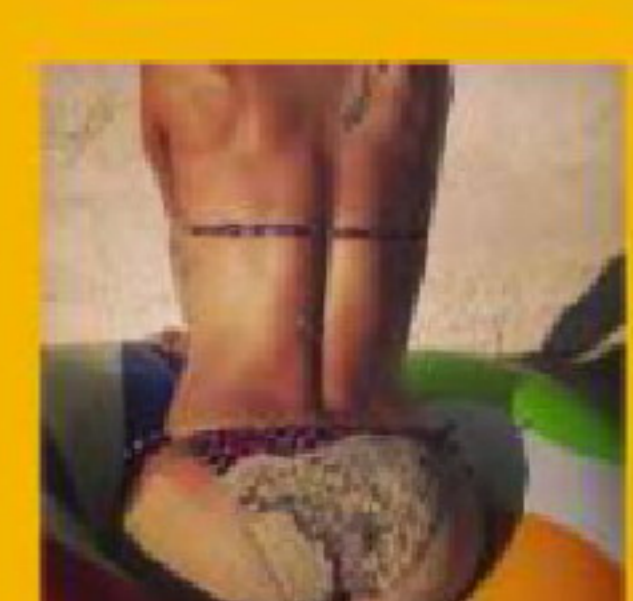

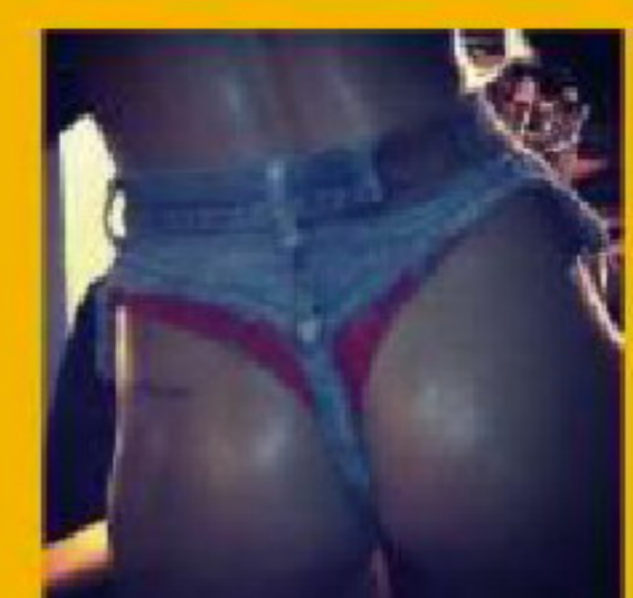

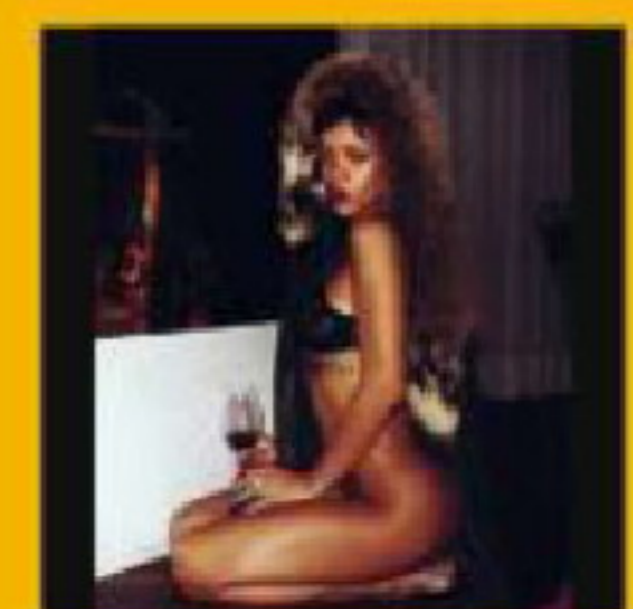

RIRI'S HOTTEST INSTAGRAM MOMENTS

2013-2014

Making everyone else's blurry bikini selfies look a bit #halfarsed, Rihanna continues to rule Instagram like a scantily dressed, flesh-flashing champ. Here are @badgalriri's seven fiercest posts of the past 12 months...

A full-page photograph of Michelle Keegan lying on her back, looking upwards. She has long, dark, wavy hair and is wearing a grey sweater. A pink, stylized object is in her mouth, and a thin silver chain is attached to it. The background is a light-colored, textured surface.

02

Ruler of Britannia

MICHELLE KEEGAN

● LAST YEAR: 4

Another lunge up the rankings for Michelle, who is sadly departing the Corrie cobbles this month after six-and-a-half years on the show. We'll say this, Corrie producers: with Michelle and Helen Flanagan now gone, you're sorely testing our ability to sit

through an entire episode round at our nan's house. Anyway, with only a yankee-doodle lady above her, Michelle takes the title as The Sexiest Woman In Britain 2014. Be careful Michelle – with great power comes great responsibility...

01

You fought for J-Law - J-Law won!

JENNIFER LAWRENCE

LAST YEAR: 20

And finally, with fanfares ringing out and fireworks exploding in the sky, we come to the winner. The champ. The big cheese. The woman who not only won more of your votes than anyone else, but did so by such a margin that it's almost silly. There's no easy way to break this to everyone else in the top 10, but, honestly, *it wasn't even close*. This was a walkover, a whitewash, a one-horse race. Except Jennifer is no horse, readers – in fact, as of right now, she is the 100% official Sexiest Woman In The World 2014. It's been an incredible, whirlwind few years for the 23-year-old from Louisville,

Kentucky: she vaulted from A-list status to A++ list status; she won an Oscar, a Bafta and a Golden Globe; and she became the highest-grossing action heroine of all time, thanks to her role as Katniss in the *Hunger Games* series. All of that pales into crappy insignificance, of course, next to the glittering triumph that she's achieved here today – and it's a triumph that you, dear *FHM* readers, are responsible for. We're absolutely certain that if Jennifer were to vote for her favourite group of people who'd ever voted for her to win an award, she'd deffo vote for you lot.

J-LAW'S RISE TO VICTORY

The past 12 months have seen Jennifer's career rocket off into the stratosphere. Here are a few of the moments that made the world fall face-over-arse in love with her...

14 NOVEMBER 2013

J-Law is credited for a new statistic reporting that the most popular women's haircut in the UK is now the pixie cut. Online searches for the style are 511 times higher than the previous year too.

21 NOVEMBER 2013

The massive *Hunger Games: Catching Fire* is released. With J-Law's pixie-like face gazing down from billboards right across the land, no heterosexual man is safe from developing a ferocious crush on her.

23 DECEMBER 2013

Jen names and shames (in the nicest possible way) Jack Nicholson as having sent her flowers, a bottle of Cristal and a somewhat creepy note ("Missing you already"). Giggles hyper-cutely about the whole thing.

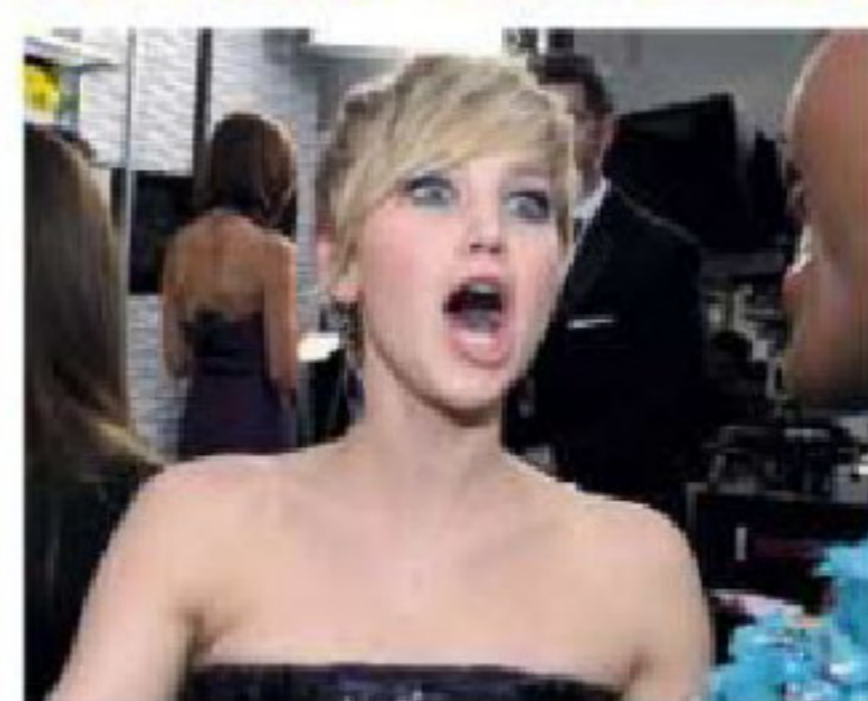

1 JANUARY 2014

American Hustle is released, featuring Jennifer looking hot to the point of ridiculousness in a plunging, skintight '70s party dress. Out-cleavaging Amy Adams, she steals the show.

12 JANUARY 2014

Jen maniacally photobombs Taylor Swift's live TV interview at the ultra-glitzzy Golden Globes ceremony, confirming she's as goofily hilarious as she is swankily gorgeous. J-Law? More like J-Lols!

18 JANUARY 2014

Once again, Jen manages to show off her relentlessly self-deprecating charm: this time at the Screen Actors Guild Awards, hilariously describing her armpit fat as an 'armpit vagina' in a TV interview.

2 MARCH 2014

Echoing her famous stumble on to the stage at last year's Oscars, Jen trips up on the red carpet at this year's ceremony, before laughing it off like a loon, because she's awesome beyond all reason.

24 MARCH 2014

A new trailer for *X-Men: Days Of Future Past* gives a tantalising glimpse of Jen reprising her role as naked-but-not-really shapeshifter Mystique. Much YouTube pausing ensues. Global domination is almost complete.

1 MAY 2014

J-Law is announced as *FHM's* Sexiest Woman Of The Year 2014. She probably trips up upon hearing the news, because she's such a big clumsy klutz. Dear God, she's just so loveable.
