At first I didn't bother to look up Janet's age, all I knew is she was being described as a MILF.

She looked a little older but I was completely mesmerized by her incredible body and blazing blue eyes. It wasn't until later that I discovered that she was 46 freakin' years old and not only that...she's married and literally a mother.

For her age, she is nearly physically perfect.

I just had to feature her. So here is an excerpt from an interview she did with Xcritic...enjoy!

How long have you been in the adult industry, what have been your most pleasurable moments? What has been your least pleasurable ones?

I have been online 13 years now. Time flies when you're having fun, right? The first 9 years were totally amateur, then I did my first shoot with Girlfriends Films, which led to more pro work offers with other companies. Then in late 2008 we moved out to L.A. to try the pro scene full time. I gave it a year...and boy what a year! I learned a LOT in that time. It was very hard to "give up control" and be told what to say how to move, when to moan, etc. after doing things my own way (natural, real sex that just happens to be being filmed) for 10 years, but that is not to say it was all bad...far from it!

I had some great experiences and some bad ones and, in the end, I decided it just wasn't "me" to do it full time so I returned to my amateur roots with Steve. As for high points of my year of pro work in L.A. go, I'd say one of big ones (no pun intended) was finally getting to meet and shoot with my "Porn Crush" Lexington Steele, who cast me in his MILF Magnet 3 title. I was like a giddy schoolgirl when I met him! The chemistry in that scene was super-intense and Lex is an amazing guy, both in & out of bed. As for the "least" pleasurable and low points, I was talked into doing a bondage scene. It was a MISERABLE shoot and I truly hated it.

So now I can truly say for sure that I'm NOT into bondage & I'll never do a scene like that again!

How did you get into the adult industry?

It was an outgrowth of Steve and I already being in the "swinging" lifestyle. In 1996 or so, we started posting photos of me to the Usenet newsgroups. They were a huge hit and we acquired many "fans" quickly. By 1997 we were approached by a small adult site hosting company, asking us if we had ever considered starting our own site. Not quite ready to commit, we started a small free site with their help and it took off like wild fire! We ended up with a HUGE bill for bandwidth it was soon evident that our free "hobby" site either had to go or we had to start charging. So, transformed it into a membership site. One thing snowballed into another and years later here we are!

What was the biggest surprise for you about the adult industry when you started?

Coming from a mom & pop amateur world where we would meet with the guys or gal whom we'd already been in contact with and with whom there was already an established mutual attraction, we'd break the ice, sign the model releases and get right down to the sex, with no one else around - just me, the guys or gals and Steve behind the camera, with the rare husband or wife present to watch and help Steve. But no one else in the room at all, and REAL sex based on REAL attraction, and everything was over and done within an hour or two. In the pro world, I was surprised at how many people are involved. Make-up artists, photographers, lighting people, camera people, directors, sound guys, really LONG days on sets, shooting scene after scene. I was amazed at how "complicated" it can be to get 1 scene! I was also surprised at how they don't put much emphasis on pairing performers who are actually attracted to each other or who even look like a "natural" pairing at all. Sometimes the attraction is intense and the sex great between me and the guys or gals I shoot with, sometimes the attraction was null and the sex lame, but usually it is somewhere in the middle of the two. Huge difference from the stuff Steve and I shoot for my site, in which the attraction is real and you "feel" it as a viewer because the sex is not scripted.

I admire how you are able to take control of a scene and seduce your love interest with your own personal charm and sexiness. A reason why it looks so easy for you must be on account of your love for sex...sex...sex. Right?

Thank you again! I absolutely DO love sex! It's all about having fun! I guess that was another eye-opener in the pro world...the vast numbers of people in the business that don't really seem to truly like sex...it's just a "job" for them I love the thrill of finding out what gets someone's juices flowing... maybe a passionate kiss (which throws most pros off their game), a nibble on the neck, a tease of my nails on sensitive skin...or jumping on and riding all out in full control. I've actually had pro guys push me off so they can hold back! My husband, Steve, says, "They've been Janet Mason-ized".

Another quality that I love about you is your enjoyment for kinky, taboo sex. Could you discuss more about why this topic turns you on so much and could you give some examples of what types of sex are involved?

Ahh, "taboo"...that would definitely describe my "kinks"! This could be the topic of an entire separate interview! So I'll just touch on the bare minimums.

An obvious one is interracial sex. I love the color contrast and, being a true "Size Queen" I really get to indulge in some of the biggest cocks I've ever seen.

Bukkakes are another one. I love cum, so to be surrounded

by a group of men and have one after another spurt a huge load on me is a total turn on. To me, taking a man's ejaculate is like a sacrament and I feel like a "goddess" when I am covered in male seed.

Young Guys. As I mature and peak sexually, I find my appetite for cute, fit young guys (by which I mean early to mid twenties) grows. For one thing, they tend to be trimmer and in better shape than most guys my age so the "eye candy" factor is the same for me as it is for guys ogling young ladies. Secondly, fit guys that age are like energizer bunnies and can "keep up the pace" with me! I have a LOT of sexual stamina and most men simply can't last long enough for me. Plus, as a bonus, young guys cum copious amounts and multiple times... and that's hot! Gangbangs. I truly love groups of 3 or more men at once! Again, I feel I'm being worshipped and it unleashes a very wild side in me - and did I mention I like cum? Plus I've found that 3 men working together usually have the combined stamina of little ol' me alone.

What are your interests and hobbies?

I'm a "gym rat", as is hubby. I work out a lot & enjoy staying fit. It makes me feel more confident and sexy! I love to read & recently got a Kindle, which is a GREAT invention! Hubby and I have a huge music collection and listen to a wide variety of music as well as go to a lot of concerts together. I'm a big movie buff, too. We also like to hike and get out in nature. If I could live at the beach 24/7 and never leave, life would be perfect!

As a single guy, living with a couple can sometimes be very trying, You want to go out and fuck any and every female who is willing but at the same time it's really uncomfortable to bring a steady stream of woman into the house. It's not like a guy living with another guy where is your slamming some chicks head against the headboard you get up the next morning and joke about it over a cup of coffee. Some females don't even like to comfortable giving it up when there is another female in the house...weird! What was really strange is I had also grown accustomed to their routine. We would watch the same shows throughout the week, go to bed at just about the same time, for me it was really strange.

One weekend, they decided to go out of town and I chose to break the routine and have a small party.

I invited a few friends over for drinks, nothing special, just a little get together.

As folks started to show up, it seemed that my pussy potential was totally gone for the night. I hadn't invited a date, hoping that word of mouth would bring Ms. Willing through the door. No such luck!

Until a close friend walked through the door with his date, Crystal! I know what you thinking...was I planning to fuck my friends date? Absolutely not!

But, I was floored by how gorgeous she was! She was about 5'5" with a fantastic build and full blooded Apache...so, I was certainly going to flirt with her a little.

As the night went on, we all sat around the coffee table for a game of quarters. If you don't know what that is, it's a game where you bounce a quarter off a table in an attempt to land it in a small glass. That night we played with it with a twist, anyone who got the quarter in the glass three times in a row got to make a rule. The rules ranged from something silly to something sexual. Basically, if you dropped three quarters you could make someone drink, bark like a dog, drop their pants or pull up their shirt.

As the night went on, I kept dropping three in the

cup and Crystal was my **main target**. At first I just made her take shots of whatever she was drinking until I decided to make the rule that anyone that I chose would have to drop their pants or pull their shirt up at my request. This wasn't specific to me, a few of our other friends adopted the same rule and I had to drop my pants more than once during the game.

The first time I told Crystal to drop of her pants, we all discovered that she was wearing see-thru panties which completely exposed her closely shaven pubic hair, the next time we all found out that she was wearing a matching bra. When I asked her to pulled up her shirt, everyone could see her perfect erect nipples. At that point, I wanted to fuck her!

As luck would have it, the party dwindled down and it was just it was just me, my friend and Crystal. When Crystal went to the restroom, I asked him if he wanted to run a train on her. We were both a little drunk and he agreed immediately. While we were both trying to work out just how we were going we were going to go about proposing this idea to Crystal, she came out of the bathroom with nothing but her panties on.

We both just stared at each other!

She walked over to the couch, slipped out of her panties and threw them over to the table where we were sitting.

"Fuck me," was all she said. I turned off the lights and we were both out of clothes faster than a couple of hookers.

She was laying on her back and my friend went in first while I sucked on her tits before I slipped my cock into her mouth.

As he fucked her, I grabbed a handful of her hair, pulling and pushing her mouth along the shaft of my cock and pinching her nipples while she moaned.

After a few minutes , I said "Let me get in there."

We switched places and she sucked him off while I pounded away deep inside her dripping wet pussy.

Just as I was about to cum, my friend pulled his cock from her mouth and began jerking off, shooting his load across her face before he seemingly collapsed to the floor.

She wiped the cum from her face and sucked it from her fingers then looked at me and said "Your turn."

I pushed her legs back so that her knees where resting against her arms and busted my load inside her. Why I don't know and to this day, I'm not really sure if she is raising my child on her own.

Crystal went back to the restroom and I drifted immediately off to the sleep on the couch.

I woke the next morning to moaning and the strange sound of cupped hands clapping.

I rolled over and there was my friend and Crystal fucking in the middle of the living room first thing in the morning. I just went back to sleep.

Naughty News

LOS ANGELES—With John Oliver set to take over as host of The Daily Show this summer while Jon Stewart goes on hiatus, former California gubernatorial candidate Mary Carey has decided to launch a political talk show of her own. Politically Naughty with Mary Carey debuted June 3rd from 4-5 p.m. PDT on tRadiov.com.

"Oliver is no Stewart," Carey said. "Hosting The Daily Show? He'd be lucky to be a commentator at Russia Today with Larry King. Unlike Oliver, I'm a real politician with the assets to deliver the news."

Carey's show will "take a look at the bad behavior that permeates politics, especially the sex scandals, and the general misbehavior and hypocrisy that politicians so often engage in," she said. In addition to its political focus, Carey's show also will feature celebrity guests.
