I have to admit, at first glance I really didn't think that Dana Vespoli was anything other than pretty.

It wasn't until I watched her video that I found - out of the three that I usually select for the article - she was without question the most talented.

My mind nearly exploded when I found out that all that talent is packed in a forty-two year old package! She has an incredible ass for a woman her age. Vespoli has even gone behind the camera, winning the *Nightmoves* award for Best Director in 2013.

Here's her **NGM** report card...

Amy was a barely legal young lady that I worked with at a local telecommunications company. I noticed her the first day she started. She was about 5'2" with blue eyes and a body that (for whatever reason, it could have been because she was blonde) reminded me of a cheerleader.

Despite the fact that she was attractive and I was single, I considered her off limits because I don't do blondes. My dislike of blondes has nothing to do with attraction, I definitely find them attractive. I avoid them like the plague due to a recurring nightmare that I used to have as a kid.

I used to have this crazy dream that I would marry this beautiful, irresistible blonde that I would fuck all the time only to end up living in a trailer park with 5 kids and a fat, lazy, blonde wife. Ahhhh!

Anywho, after about a week I noticed that she had the same break time that I had. She would sit near me and every single time I glanced over, my eyes met hers. Bring in the wing man!

I asked a friend to find out what was up with her so she started sitting with her at break, getting to know her.

Eventually I began to join them and it seemed like she would talk about her boyfriend constantly.

What I noticed, is every time she brought up her boyfriend, there was some hesitation in her voice. It was like she couldn't think of anything else to say but at the same time she didn't want to give the impression that this was someone she cared about.

After about a week of this, my friend finally delivered the goods...Amy wanted to hook up.

So we finally began flying solo on break and I asked her why she kept bringing up her boyfriend if she wanted to hook up. My instincts were right. She would just get nervous. Hilarious.

So one night, we got together for dinner after work and I invited her over to my place afterwards.

She hadn't walked four steps into my apartment before she kicked off her shoes and stepped out of her panties. I barely had time to close the door. She turned and handed them to me.

"You can keep these."

"What about your boyfriend?"

"I broke up with him, he was already on his way out."

She sat on the couch, I pulled her skirt up and buried my face in her crotch. I could smell her anticipation as I licked at her clit and inserted my tongue inside her...she came almost instantly.

I slipped out of my slacks and into a condom before she straddled me. She bounced and grinded her way to another orgasm before I pulled her top up and found my way to mine. Her young, firm, bouncing breast were just incredible.

This was par for the course for the first few months that we were seeing each other. I would go down on her to get her warmed up, we would fuck, she would get in another one or two orgasms and I would bust a nut into a condom.

It wasn't all bland. It was sprinkled with little things like jerking me off on the way to movies or just for the hell of it but there was one thing missing.

I realized that during the entire time we had been together...**not once had she given me a blowjob!**

How had I gone so long without it? I felt cheated! All that time I had spent between her legs and not once had she thought to return the favor.

So I asked her about it.

"I've never done that before," she said.

"Never?"

"Never."

"Well did you want to try it?" I asked.

"Sure, but I'm not really sure I will be good at it, I've never done it before."

So during our next sex session, she took off all of her clothes and laid on the bed. I gave her my usual tongue lashing until she was satisfied and flipped over for my turn.

She took my cock in hand and just looked at me.

Without saying a word, she pulled the covers over her head and placed the tip of my cock in her mouth.

She just worked the tip at first, sucking and licking like it was a lollipop.

Then out of nowhere, she went popsicle!

I'm not sure if that is what she was using as a reference but **IT WAS WORKING!**

If you think about it, when you suck on a popsicle you open your mouth, place your lips around the popsicle and suck on the way up. With most women it feels like that they are creating a tight space with their mouth and the sucking on the way up is minimal. The call it sucking dick but typically there isn't a whole lot of actually sucking...**with Amy there was.**

It was slow, with the same type of rhythm that would be used to try to prevent a precious cold treat from melting all over your hand.

I placed my hand on the back of her head, forcing it down as far as I could before she began to push back and held it there. Again, she sucked. I could feel her sucking the cum out of me. It was such a strange feeling!

Just before I was about to explode, I pulled the covers back and told her to lay on her back. I straddle her while she worked her lollipop and popsicle technique until I finished by jerking my load across her face.

I came so hard that the first shot actually skipped across her forehead and into her hair. If it weren't for the fact that her head was so different from anything I had ever experienced I would have sworn she was a porn star.

Measure B will hurt performers

CANOGA PARK, Calif.—The 9th Circuit Court of Appeals announced today that it would decline to issue an injunction to stop Measure B, the 2012 ballot measure which seeks to mandate condoms in adult films produced in Los Angeles County. This latest decision is not a ruling on the constitutionality of Measure B, but rather a decision declining to enjoin the rest of the statute at this time. Previous courts have struck down the enforcement component of the law; this latest ruling does not change that decision.

“While this intermediate decision allows that condoms may be mandated, it doesn’t mean they should be,” said Diane Duke, CEO of the Free Speech Coalition. “We have spent the last two years fighting for the rights of adult performers to make their own decisions about their bodies, and against the stigma against adult film performers embodied in the statute. Rather than protect adult performers, a condom mandate pushes a legal industry underground where workers are less safe. This is terrible policy that has been defeated in other legislative venues.”

Los Angeles County has seen a 95% drop in permits since the passage of Measure B, as adult film production has moved into neighboring counties, and out of state, most notably to Las

Vegas.

Under standards enforced by the industry, in order to work, adult film performers must test every fourteen days for a full-slate of STIs, including HIV. There has not been a transmission of HIV on a regulated adult film set in over a decade.

Plaintiffs in the case are considering all options for moving forward and will make a decision in the coming weeks.
