***EXOTIC BEAUTY REDEFINED***

PHOTOGRAPHY: URBAN STYLZ PHOTOGRAPHY

My name is Ellys Angela, I'm 38 years old and I was born in Brazil. I'm married to a wonderful man who supports me in everything I do and a son who is the reason of my life.

Seven years ago I moved to south Florida, seeking for a better life and other opportunities. It was hard just like every new beginning is expected, but worth it, and here I am happy with my decision.

I am deeply in love with everything I have, everything I am and everything I do. I think it is the main quality of my intense and passionate personality.

**HOW DID U GET INVOLVED WITH GLAMOUR MODELING?**

Through a friend of mine who is a professional photographer. He asked me to pose for some shots and i did and loved it! Then I thought, why not give it a shot. Since then, Glamour modeling became my biggest passion.

**WHO INSPIRED YOU IN BECOMING A GLAMOUR MODEL?**

My husband was the one who supported me the most. He was and has been always by my side.

**HOW DO YOU MANAGE TO MAINTAIN SUCH AN INCREDIBLY SEXY BODY?**

I work out very hard and I do kickboxing.

**WHAT PART OF THAT SEXY BODY ARE YOU THE MOST PROUD OF?**

I am very proud of my legs, especially of my calves.

**TELL US ONE UNUSUAL OR UNIQUE THING ABOUT YOURSELF THAT OTHERS MAY NOT KNOW**

Although it doesn't look like I'm shy. I never liked to talk in front of the camera. I freeze. Glam Jam Magazine was my first interview in front of a video camera but they made me feel relaxed and comfortable.

### WHAT IS THE MOST ADVENTUROUS THING YOU HAVE DONE?

Parachuting was an exciting experience. I will never forget the sense of freedom, but what most impressed me, was the silence up there.

### WHAT OTHER GOALS ARE YOU SEEKING TO ACHIEVE IN THE GLAM-OUR INDUSTRY?

Like any other professional, all I seek for is recognition and respect for what I do.

### WHATS YOUR MAIN TURN ON IN A MAN?

To me someone with confidence is a major TURN ON.

### WHAT IS IT ABOUT YOU THAT MEN GO CRAZY OVER YOU?

Apparently men go crazy over my eyes. I believe they tell so much about people. Sometimes they even say more than words.

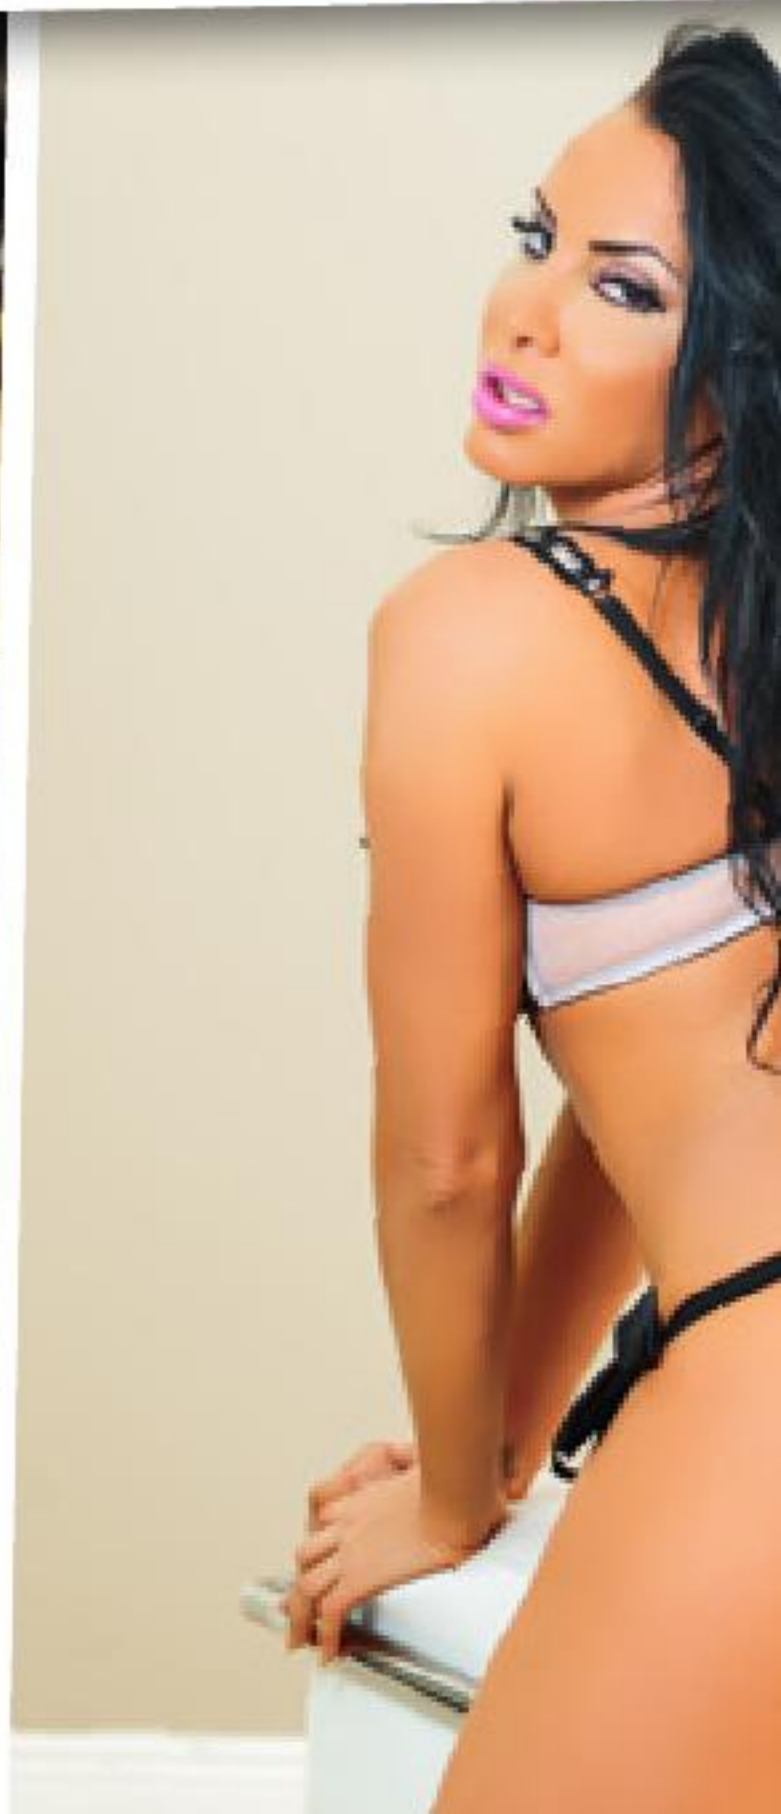

*Ellys  
xoxo*

# NETWORKING IN THE GLAMOUR INDUSTRY

**BECOMING A GLAMOUR MODEL IS NOT SOMETHING YOU WAKE UP ONE DAY AND CHOOSE. SOMETIMES BUMPING INTO THE RIGHT PEOPLE WHO CAN HELP YOU SEE YOUR TALENT IS WHAT MOTIVATES YOU TO GET INTO THIS INDUSTRY!**

Networking is the single most powerful marketing tactic to accelerate and sustain success for any individual. Especially in the glamour industry. It's all about who you meet and the connections you make. The biggest mistake I see other girls making in the industry is sleeping around to try to get ahead quicker. I constantly see it fail and then all the girl is left with is a bad rap and things end up poorly. If you want to be successful in any industry you need to work your way ahead. Constantly do better and plan things out and keep that drive and motivation going. Don't ever give up and chase your dreams and things will eventually fall into place with all of your hard work. It's not all about who you know but who knows you. Networking is so critical in this industry. It's your number one marketing tool and you have to know how to do it well.

Careers are built and success comes along all from networking. People do business with the ones they like and also trust so that is very important. You must continue to always network and meet new people to build a brand on all your own. Personally, I've been networking for years and years.

I'm a people person so it comes easy to be able to communicate. You do need to think outside of the box though. Anytime I go anywhere I always have business cards on me and talk about my modeling. You never know who you are meeting and what could potentially be a big job for you. I have a good name in the industry. Why? Because I'm professional, reliable and a great networker! Whenever you meet anyone you should talk about the modeling and show them photos and what you have accomplished and social media is a big factor in that too. A lot of companies hire me because of my online

following. If modeling is what you want you need to brand yourself. I am always promoting myself. For example, even my checks are custom and they have my modeling photos on the backgrounds along with my website address. So anytime I pay a bill or send a check off people take notice to that. I have custom address labels, my own tshirt line, pins, mouse pads, and even my own match books. I also recently started selling all of my outfits from shoots along with an autographed photo. Marketing is associated with networking. If you meet someone offer them a service and share your connections with them and they will in return help you out with whatever you need. If you network with each other opportunities will arrive for both of you. Networking is the use of contacts to acquire information, get advice and also to get referrals.

Most jobs are based upon referrals. Why? Because referrals are done through people that trust them on that so they are the best way to go. The best advice I can give on this situation is to first learn the dynamics in the industry, build your business contacts, always seek new opportunities, create your referral network and develop your knowledge resources. It's not easy but if you work hard enough and have the motivation and drive anything is possible.

Networking is the way to go with anything in life not just modeling but life in general. So go out there and network your ass off!

IT IS NO SECRET THAT STUNNING RED HEADS ARE DEFINITELY HARD TO FIND. LUCKILY FOR US, DARCY ANN IS DEFINITELY ONE OF THE SEXIEST RED HEADS WE HAVE SEEN IN A LONG TIME.

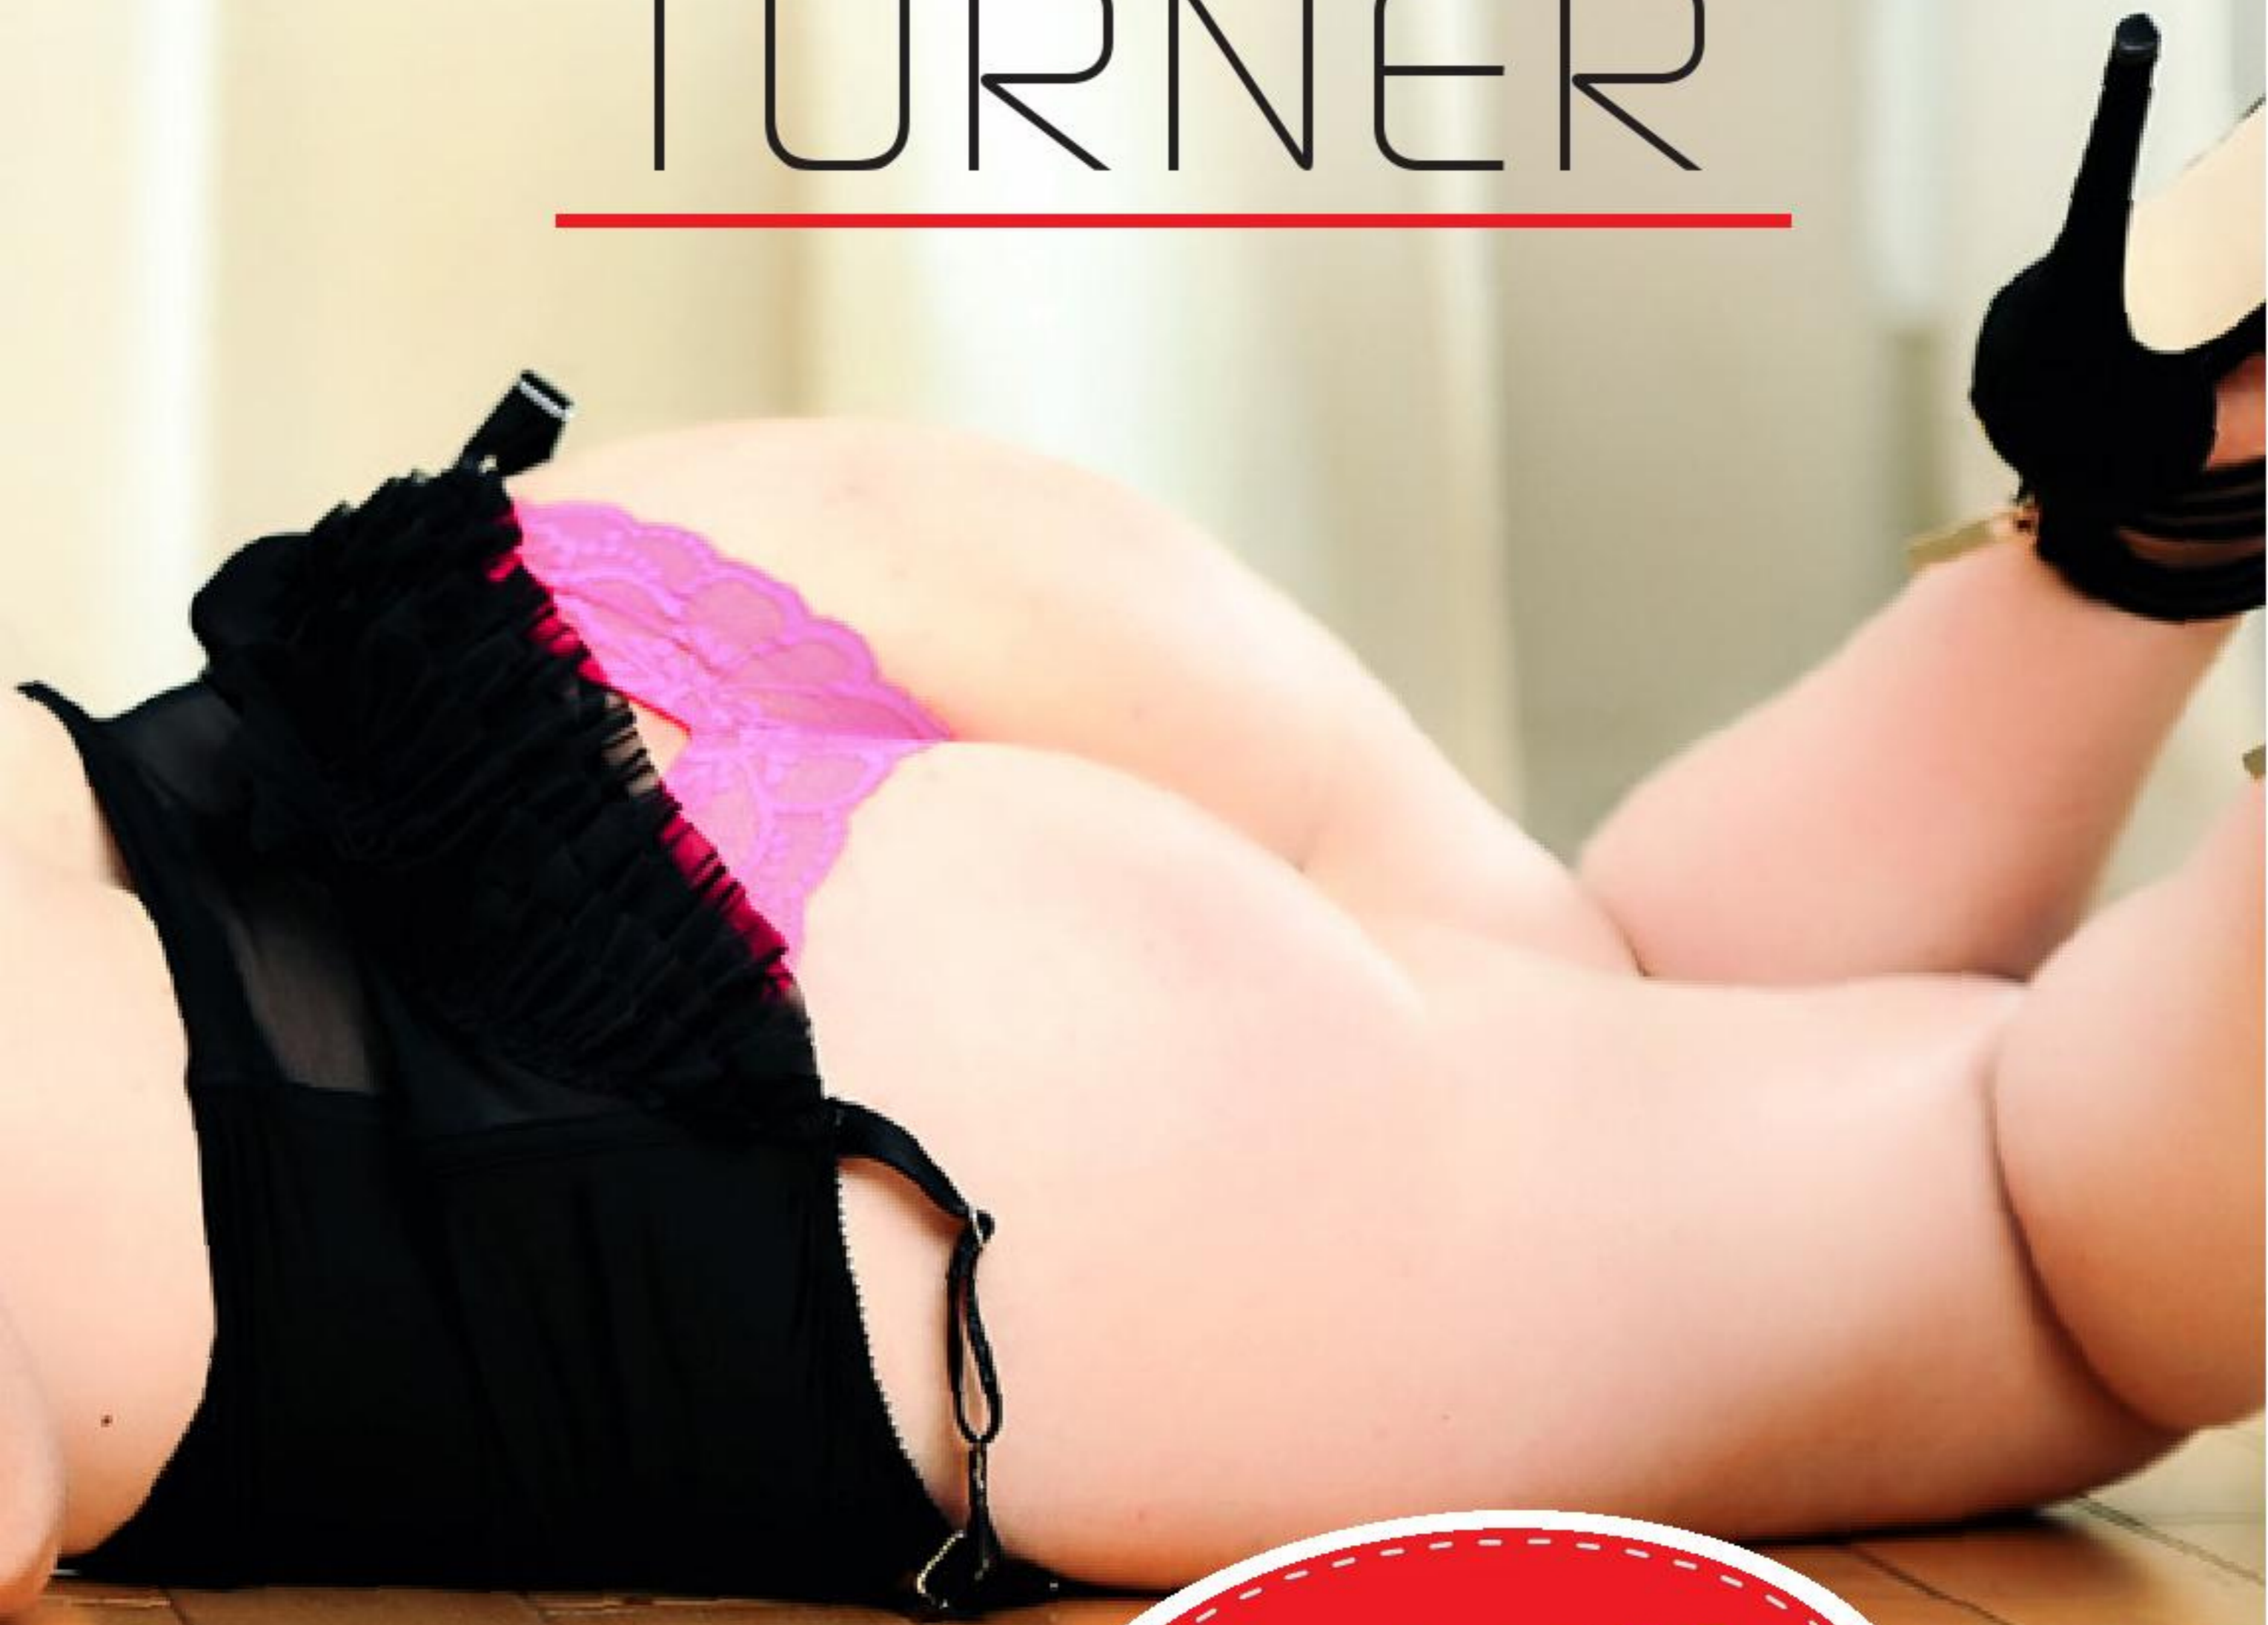

CANADIAN BABE OF THE MONTH

DARCY  
ANN  
TURNER

---

**WOW  
FACTOR!**

Darcy is a 27 year old model based out of Toronto, Canada.

---

I was born and raised in Toronto Canada, I grew up playing hockey and I still do today. I would say when I was around 17 years old I had a dream to become a model. At the time I didn't have a certain direction of what type of modeling, but I knew it's what I wanted to get into.

At 18 I had my first glamour style photo shoot, and had a good idea that this is the direction that was best for me. Being young and naïve I have had some bad experiences in the beginning of getting into this business. An experience in particular that really set me back and basically made me stop everything in life that I loved and wanted to do included modeling and hockey. When I was 20 I came across this ad on the internet that stated they were looking for music video models. I was interested and responded, I did get a reply from this individual and spoke over the phone several times.

There were videos and articles online that I looked up on this person that seemed legit. They stressed a big interest in me and I made a decision to focus on this opportunity. I invested my money and time into this experience. The individual made continuous promises that they were going to invest in my modeling career. They claimed they were going to receive a large settlement from a lawsuit they currently had going.

Like I mentioned before I had confidence in this situation because I had seen things online that made it seem like this individual was legit, such as celebrity scandal talk shows. As time went by so did absolutely nothing with my modeling career. I was waiting and depending on this person to do things for me. It was a bad move. I had some kind of a hope that things would come through but time kept passing and nothing came through, just lies after lie, and excuses.

For a long period of time I was in a deep depression. I stopped playing hockey, I didn't do anything with modeling. I would stay in bed and not want to do anything, I was not pleasant to be around and had a bad attitude. It was honestly the worst time of my life. After being strung along for so long which lasted 4 years eventually I hit the breaking point and realized this is not going to happen. I cut that person out of my life. It hurt very much how someone could take advantage of my hopes and dreams and it made me sick. Slowly but surely I began to bounce back from the deep hole I got myself into.

I started getting back to my old self physically and mentally. The aspirations that I had for modeling started to come back again, I got back into playing hockey. After what I went through I'm proud that I did not give up my dreams. Looking back at that experience it doesn't bother me at all, like it didn't happen. That's how positive and happy I am at this point in my life.

I started shooting again and worked hard on building my portfolio and networking. In a short amount time since getting back into modeling I have been published twice as a cover model. This is just the beginning and I'm not stopping there.

My advice to aspiring models is to not depend on anyone but yourself, don't let anyone sell you hopes and dreams unless they deliver. There are many scam artists out there, its unfortunate but you just have to be smart about it. You are the only one who can make things happen for yourself. Like my hockey coach used to say to me many years ago "work hard and have fun", and that's definitely what I am
