# Camilla Willde

Hello Camilla.

Let's start with the basics, how old are you?

Im 20 years old.

Where do you live?

Right now i live in Denmark.

And where are you originally from?

I was born and raised in Southern Jutland, Soenderborg.

How come you started in the modelling business?

I started out to take some pictures to Ekstra Bladet as page 9 girl, it was in December 2012. So I'm totally new in this industry.

How do you manage to maintain such a beautiful and gorgeous body?

I eat healthy and varied diet and exercise five times a week, I'm certainly started here in February 2013.

I'm also starting to pole dance soon, along with general training, and then I'll get the dream body I have in my mind.

What is personally your favorite part of your wonderful body?

There are many things I like about my body, and it only gets better day by day. But my butt is probably highest on the list.

Who do you personally think is the sexiest woman in the world?

It should definitely be Jennifer Aniston. She has the most happy smile and her charisma and the way she carries herself on is incredibly confident and it's sexy in my eyes.

**What is your future goals as a model?**

I've only just started and has much more to offer in the future. So now is the first step taken and then it's just about getting better and in a better shape and have taken a lot of exciting images. I will certainly hard climb up the model ladder.

**Tell us something about yourself that the readers maybe not yet know about you!**

I've always been very shy and not very self-conscious about my appearance, as I have had some negative people around me who would always highlight themselves and belittle me.

**What is the most adventurous you done?**

It must be in my dreams. I have not traveled much yet, so it's not very adventurous over.

I dream I often away to the hottest country in which I am a sexy fitness babe who climb mountains and parachute.

**Single or Taken ?**

Certainly the roof! I am so lucky to have found that special someone, so I'm a happy woman.

**We all have some kind of dream partner in our fantasi, but how do you see your dream partner?**

**You are welcome to set priorities.**

What I prioritize highest at my dream man is that he is faithful and he loves me just as much as I do him.

It is incredibly important to me that we respect each other in a relationship, and you have the same goals in life and not each other any harm. The look also means a lot, it's me to look at him for my last day. So he must be taller than me, dark hair, tanned, and be muscular.

**How do you spend your spare time?**

I'll HF in Copenhagen, so I train the 5 times a week and the weekend will be mostly also trained a little extra unless I have seen with some of my lovely girlfriends or out partying.

**On a night out with your girls, what's going on?**

That goes like this. that we start out with to be home by one of my friends or myself, where we make us beautiful while we're talking about all the gossip we have not told each other yet. We chick enjoy and have a few drinks and listen to some good music, then we probably take a few pictures of ourselves and head of to the city. When we are in the club we drink and my single girlfriends seeks out a guy they want to talk to and then it'll just start browsing.

**If we meet you on a nightout, what is the drink we should offer you?**

It would be a redbull and vodka. So you can keep the energy up and vodka's good.
