What is personally your favorite part of your wonderful body? Think it must be my ass ;)

Who do you personally think is the sexiest woman in the world? There are SO many. And women can be sexy in so many different ways, so it's hard to choose one.

Tell us something about yourself that the readers maybe not yet know about you! I have diagnoses OCD, ADHD and autism spectrum disorder.

What is the most adventurous you done? I have traveled a lot experienced a lot throughout my life. But when I first jumped alone in the parachute must clearly be on the list!

We all have some kind of dream partner in our fantasi, but how do you see your dream partner? You are welcome to set priorities. When I was younger I had a long list of how my dream partner would be. But it keeps did not, so it has long since thrown out! The most important thing for me is that there is humor in a relationship and my boyfriend respect me even though I have my quirks ;)

How do you spend your spare time? I am clearly a family person, as family, friends and Boyfriend will be clearly spent time on. My ADHD also makes something happen so I usually find on a lot of crazy things :)

On a night out with your girls, what's going on? The best party tours are the ones that are not planned down to the details. Good company and good music, then I feel comfortable wherever I'm partying :)

If we meet you on a nightout, what is the drink we should offer you? I love everything that is sweet as long as it does not contain orange or coconut ;)
