Someone who I am actually completely happy with, I make them happy and they make me happy. That's it.

How do you spend your spare time?

Working on the computer, biking, I love to go dancing, watching movies... stuff like that!

On a night out with The girls, what's going on? I honestly can't remember the last time I went out with girls..haha...

If we meet you on a nightout, what is the drink we should offer you? Hmm, something girly, I love cucumber drinks, also love vodka and olives!! I mean I can really drink anything though..

Hello Julie.

Let's start with the basics, how old are you?

Im 21 years old

Where do you live? In Odense

And where are you originally from? Bornholm, a small Island in east Denmark.

How come you started in the model business?: I started modelling, when i won a local beautycontest"miss sild". After that a few photographers started contacting me. And because i won a local beautycontest i was sent to miss Denmark, and that gave me a lot of exposure and i signed a contract with a modelling agency.

What is your future goals as a model? I dont really have a goal in modelling.

I just think its fun. And its nice to be able to earn a little bit of money next to the studies.

How do you manage to maintain such a beautiful and gorgeous body?

To be honest, I dont do so much. Its mostly genes. But i do eat healthy, not because I think about my weight. But because i like the taste of healthy food. And it gives me more energi. I dont do much exercise, i ride my bike back and forth from school every day, about 10 km.

What is personally your favorite part of your wonderful body?

I think my favorite part of my body is my back, I have a nice back.

Who do you personally think is the sexiest woman in the world? I would have to say Jessica Alba, she is natully beautifull, but also very sexy.

Tell us something about yourself that the readers maybe not yet know about you! Im just a ordinary, next door girl. Im studying journalism, because i want to make a difference. I want to give the people who dont have a voice, a voice (maybe a bit deep hehe) Besides that, i just like to hang out with my freinds, get dolled up and go out for drinks every now and then.

What is the most adventurous you done? I guess it most have been going to the States and Costa rica without any planes or money. But i all worked out fine. Got a nanny job and tourguide job. And i had a lot of fun. Even though it was a bit scary a times.

We all have some kind of dream partner in our fantasi, but how do you see your dream partner? You are welcome to set priorities. My dream man, is a guy who is a true gentleman, a guy who knows how to make a girl feel special. A honest man. With dreamy eyes and a great smile. A guy who knows what he wants. And have some ambitions for the future.

How do you spend your spare time? Mostly studying. But when i have some spare time i spend it with my freinds and family.

On a night out with The girls, what's going on? We meet up a couple of hours before going put, to get dressed and to figure out what to wear. We drink a few drinks or beers. And listen to loud pop musik. Then we useually go to a bar and meet up with some more people. And drink a bit more, maybe okay a game of pool and then we go to a club and Dance for hours.

If we meet you on a nightout, what is the drink we should offer you? I dont take drinks from guys in general. So im useually pretty poor after a night out dont want to feel like i am owing anything.. But im a beer girl, of if im Los on energy, maybe a vodka/redbull.

Where can we find you on online? Thats a secret
