Hello Barbara.

Let's start with the basics, how old are you? I just turned 23!

Where do you live? I am from Cleveland but I travel all the time for work!

And where are you originally from? Cleveland.

How come you started in the model business?

I started about a year ago, my friend entered me into a calendar contest, I got in, and then a photographer contacted me shortly after that and I have been modeling ever since.

What are your future goals as a model?

I want to do as much work as I can and get something really big one day!

How do you manage to maintain such a beautiful and gorgeous body? I don't really work out that much...I love to ride my bike and do the step machine, but that's really it!

What is personally your favorite part of your wonderful body?  
my butt!

Who do you personally think is the sexiest woman in the world?  
Megan Fox.

What are your future goals as a model?

To work hard and big things will come!

Tell us something about yourself that the readers maybe not yet know about you!

I don't really have a lot of girl friends..I mostly hang out with boys...haha....I'm not very girly in that sense...I'd much rather go hike and play video games with my guy friends then go shop or whatever with girl friends...

What is the most adventurous you done? I love randomly taking trips somewhere, last minute kind of things...I guess that's adventurous?

We all have some kind of dream partner in our fantasy, but how do you see your dream partner? You are welcome to set priorities.

Someone who I am actually completely happy with, I make them happy and they make me happy. That's it.

How do you spend your spare time?

Working on the computer, biking, I love to go dancing, watching movies...stuff like that!

On a night out with The girls, what's going on? I honestly can't remember the last time I went out with girls..haha...

If we meet you on a nightout, what is the drink we should offer you? Hmm, something girly, I love cucumber drinks, also love vodka and olives!! I mean I can really drink anything though..

Where can we find you online ?
