SINFUL: You've made it clear you're bi-sexual, so which do you prefer, men or women?

Allie: It's a tie all the way!!! I love the things that both men and women have to offer both physically and emotionally, and I wouldn't want to be without either.

SINFUL: You started off as a model, when did you realize the adult industry is where you wanted to be?

Allie: I love to be naked, so I figured why not combine the two (smiles).

SINFUL: So what's it like to sit back, turn on a movie and watch yourself have sex?

Allie: I never really have, I have watched bits and pieces of some movies, but never anything all the way through. I am my worst critic (laughs).

“I love to be naked, so I figured why not combine the two”

SINFUL: You're about to make that first adult scene for your first movie, what was going through your head?

Allie: When I did my first girl/girl scene I was so excited I couldn't wait, and I had such a blast. I was more nervous when I did my first boy/girl scene, I think I had butterflies until the end!

SINFUL: As much as the adult industry is being accepted more and more, what would you like to say to those still one track minded people?

SINFUL: We've seen you do many sexy scenes, what is that one scene that stands out in your mind that you'd love to do again?

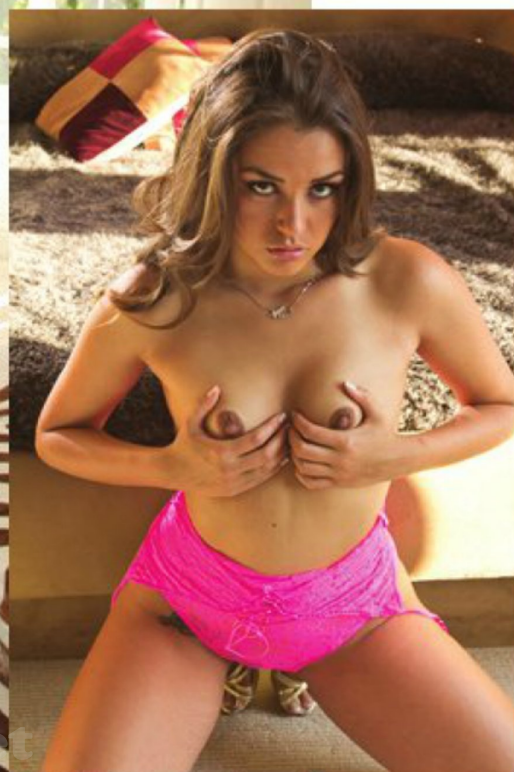

Allie: I love all the scenes I did in my new film "Allie Haze: True Sex." Would love to know what you think, so be sure to check it out on vivid.com.

Sex Position of the Month: Head Over Heels

There is nothing better than adding a challenging position in the sexual experience! This month's sex position calls for some acrobatic skill and some good upper body strength. It's called "HEAD OVER HEELS" and it requires for you to be standing and for your partner to be face down in a semi handstand position. What's appealing about this position? It's erotic in nature and the increased blood flow to your partner's head aids in a heightened sexual experience for her, kind of like when she is being choked during sex. If you decide to try this position, be ready for a workout! If you need some extra support, use a wall to help keep your balance while holding your partner in place. Also, make sure you have a pillow to rest under her head and forearms.

Here are the steps to get into this position:

- (1) Stand against a wall for more support if you need it.
- (2) Sit a pillow a few inches in front of you so your partner has a target spot to lean on when she goes down to the floor to get into position.
- (3) Have your partner stand in front of you with her back towards you and have her bend over to touch her toes.
- (4) Help your partner lift her dominant leg up and grab both legs to help balance and get her into a hand stand position.
- (5) Have your partner place her forearms on the pillow that was placed in front of you for comfort, and use the leverage to help you enter her to begin penetration.
- (6) At this point you should be fully into position with your hands gripping your partner's feet, ankles or calves.

This position will give you a deeper penetration and a great workout!
ENJOY this position and remember to practice SAFE SEX!

5 ORAL SEX TIPS FOR TONGUE STROKING THE CAT

Oral sex is a form of foreplay that most women enjoy, but there is definitely an art to pleasing a woman when using your lips and tongue on her clitoris and labia. Some women complain that their partners simply don't have the tools to pull off a successful session "down south," but no need to worry. Through some gentile guidance and by following the tips I am about to give you, you will bring your woman to a screaming orgasm in no time!

****CAUTION** IF YOU WON'T BE USING A DENTAL DAM IN PROTECTING YOURSELF DURING ORAL SEX, THEN MAKE SURE YOU KNOW YOUR PARTNER'S STATUS AND YOUR STD STATUS.**

ORAL SEX TIPS
FOR TONGUE
STROKING
THE CAT

1

BRUSH YOUR TEETH

A woman's vulva is one of the most sensitive parts of her body and is the area that houses the clitoris, the vagina and the urethra. Because the female urethra is short, bacteria can easily reach the bladder, and it puts women at a higher risk of contracting Urinary Tract Infections. Therefore, before you go down, make sure you brush your teeth or at least rinse with some powerful mouth wash to kill any of the bacteria or foods you may have eaten during the day. It's a simple tip that most men forget to follow, but it definitely creates a more comfortable atmosphere for her.

2

SUCK ON THE CLITORIS

The clitoris is the most sensitive erogenous zone of a woman, and when stimulated it causes arousal. Make sure you DON'T IGNORE THE CLITORIS! It's the fastest way to get her wet and ready to play in the main event. If performing head is the main objective in the sexual encounter, then it's the fastest way to get her to orgasm. If you have trouble finding it, then let her help you out! The clitoris is housed within a skin called the Clitoral Hood, so it does a good job at hiding at times. It also extends a few centimeters below the surface, so make sure you apply a bit of pressure with your tongue to rub the clitoris in a circular motion in between sucking. And remember, NO TEETH! Women hate teeth scraping just as much as you do on your penis.

3

SWITCH UP THE TECHNIQUE

No one likes a monkey doing one dance, so make sure you switch it up! Don't focus all of your attention to sucking on the Clitoris. Lick and suck on the inner and outer lips, kiss her inner thighs, use your vocal cords to create a vibrating effect on the clitoris, finger her vagina to hit the g-spot and just get creative! The more versatile you are, the closer you will bring her to an orgasm.

4

CONTROL YOUR SALIVA LEVEL

More saliva equals more stimulation for a man, but the vulva doesn't need to be drowned in saliva in order for a woman to become stimulated. A woman's vagina produces lubrication naturally, so an excess of saliva is not required for stimulation. If your woman likes it sloppy, then by all means make a mess, but to start out, try to keep the saliva to a normal level. Slobbering like a dog in the vulva may come off as you not wanting to perform the act, or that you are quite possibly inexperienced.

ENJOY YOUR TIME DOWN UNDER

A woman wants you to enjoy performing oral sex just as much as you would want her to, so head down south with excitement! The more passion you put into each stroke of your tongue, the better! She will feel your enthusiasm and will become more aroused at the thought of you enjoying the act. The exchange of positive energy goes a long way! Take your mind out of it and have fun!

Foreplay Equals More Play

According to Dr. Oz, the average couple only spends 1-4 minutes on foreplay before jumping right into the penetration portion of intercourse. There is no surprise to me that these statistics would be so low considering we live in a day and age where everything is quick, on the go and instant. Somewhere through the decades, we have lost sight of what the foreplay action is really for and have substituted it with quick head and saliva to lubricate, but did you know that foreplay is what gets a woman's body ready for sex and ensures a lasting sexual experience? Let me explain...

Foreplay Equals More Play

Men are easily aroused by sight and sound and can become hard and ready to penetrate within a short span of 3 minutes. However, it takes women a bit longer to become stimulated and ready to be entered. Foreplay is a set of physical and mental acts that help ignite the desire for sex as well as help lower inhibitions in your partner to help you gain her trust. When a woman is stimulated before actually being penetrated, her vagina will produce secretions that will help lubricate the area for more movement, and her cervix will widen and recede further back towards the uterus to allow a better fit for the penis (the vagina at resting state before arousal is only about 2.75 inches deep). If a woman experiences dryness or pain during sex, more than likely you haven't warmed her up before trying to start the race. It's just like jumping into a car in the middle of winter and driving it without letting it warm. Chances are, your car will run slow for a few minutes and you may be causing damage to your car down the road. When you skip foreplay, you put her at risk for tearing, bleeding, pain and a rough sexual experience. More foreplay equals a wider cervix and more lubrication which encourages better and longer sex.

Here are some quick tips on how to incorporate foreplay into your sex sessions:

- If both of you are in a rush and have 20 minutes or less to get a good one in, the best form of foreplay to get her going would be clitoral stimulation. Massage the head of her clitoris with your finger or with your lips and tongue in order to stimulate arousal. If you are using your hands to massage the clitoris, use your lips to kiss her neck, lips, ears, thighs and breasts to really speed things up. There is a lot of energy and sensuality concentrated in a kiss that sends signals to her body letting her hormones know it's time to get her ready for sex.
- If you have more time and are looking for an all night session, incorporate more touching, teasing, erotic play and dirty talk into the mix. Exchange sensual rubs or massages with your partner, feed her foods that you both enjoy and that can be eaten off of each others body, and use your tongue, lips and hands to explore her. Really engage the mind and body of your woman so that it creates that deep desire for more. Foreplay should be the preview that has your partner screaming, "I WANT YOU TO ENTER ME NOW!"

There are so many methods you can use during foreplay. Get Creative! The most important thing to remember is to have fun and protect yourself and your partner during sex by using condoms. Afterall, great sex is safe sex! Enjoy!

DISCREPANCY

This sex researcher phones one of the participants in a recent survey of his to check on a discrepancy. He asks the bloke, "In response to the question on frequency of intercourse you answered 'twice weekly'. Your wife, on the other hand, answered 'several times a night'."

"That's right," replies the bloke, "And that's how it's going to stay until our second mortgage is paid off."

GREAT THINKING

One day in class the teacher brought a bag full of fruit. "Now class, I'm going to reach into the bag and describe a piece of fruit, and you tell what fruit I'm talking about. Okay, first: its round, plumb and red."

Of course, Johnny raised his hand high, but the teacher, wisely ignored him and picked Deborah, who promptly answered "An apple." The teacher replied, "No Deborah, it's a beet, but I like your thinking." Now for the second. It's soft, fuzzy, and colored red and brownish."

Well, Johnny is hopping up and down in his seat trying to get the teacher to call on him. But she skips him again and calls on Billy. "Is it a peach?" Billy asks. "No, Billy,

I'm afraid it's a potato. But I like your thinking," the teacher replies. Here's another: it's long, yellow, and fairly hard."

By now Johnny is about to explode as he waves his hand frantically. The teacher skips him again and calls on Sally. "A banana," she says. "No," the teacher replies, "it's a squash, but I like your thinking."

Johnny is kind of irritated now, so he speaks up loudly. "Hey, I've got one for you teacher; let me put my hand in my pocket. Okay, I've got it: its round, hard, and its got a head on it." "Johnny!" she cries. "That's disgusting!" "Nope," answers Johnny, "it's a quarter, but I like your thinking!"

MOB BOSS

An old Italian Mafia Don is dying and he called his grandson to his bed. "Grandson, I wanta you to listen to me. I wanta you to take mya 45 automatic pistol, so you will always remember me."

"You lisina to me, some day you goin a be runna da bussiness, you goina have a beautiful wife, lotsa money, a biga home and maybe a couple od bambino, some day you goina come hom and maybe finda you wife in bed with another man. Whata you gonna do then? Pointa to you watch and say, "TIMES UP"?"

READY or NOT

A couple were married and, following the wedding, the husband laid down some rules.

"I'll be home when I want, if I want, and at what time I want," he insisted. "And, I don't expect any hassle from you. Also, I expect a decent meal to be on the table every evening, unless I tell you otherwise. I'll go hunting, fishing, boozing, and card-playing with my buddies whenever I want. Those are my rules," he said. "Any comments?"

His new bride replied, "No, that's fine with me. But, just understand that there'll be sex here at seven o'clock every night... whether you're here or not."

AT THE STRIP CLUB

Because Dave works hard at the plant and spends most evenings bowling or playing basketball at the gym, his wife thinks he is pushing himself too hard, so for his birthday she takes him to a local strip club.

The doorman at the club greets them and says, "Hey, Dave! How ya doin?" His wife is puzzled and asks if he's been to this club before. "Oh no," says Dave. "He's on my bowling team."

When they are seated, a waitress asks Dave if he'd like his usual Budweiser. His wife is becoming uncomfortable and says, "You must

come here a lot for that woman to know you drink Budweiser." "No, honey, she's in the Ladies Bowling League. We share lanes with them." A stripper comes over to their table and throws her arms around Dave. "Hi, Davey," she says, "Want your usual table dance?" Dave's wife, now furious, grabs her purse and storms out of the club. Dave follows and spots her getting into a cab. Before she can slam the door, he jumps in beside her and she starts screaming at him.

The cabby turns his head and says, "Looks like you picked up a real doozie this time, Dave!"

NICE GUY

My wife and I walked past a swanky new restaurant last night.

"Did you smell that food, it smelt incredible?" she said.

Being the nice guy I am, I thought 'Stuff it, I'll treat her!'

So we walked past it again!

While making love, he says:

- Darling, let's do 68!
- 68??? What's that?
- You do it to me and I'll owe you one.

TOILET PAPER TRICK

A couple were in their bedroom and the wife says to her husband, "I wish I had bigger tits".

The husband says, "well what I recommend is to get some toilet tissue and rub it between your tits for 2 months".

"How will that help to make my tits bigger?" asks the wife.

"Well it worked for your ass", says the husband.

LITTLE JOHNNY

Little Johnny took his cat to school one day, and when the teacher asked him why?

He replied, "I heard my dad tell my mum, I'm gonna eat that pussy when the kids go to school".

CAMEL vs ELEPHANT

An elephant asked a camel, "Why are your breasts on your back?"

"Well", said the camel, "I think that's a little rich coming from somebody whose dick is on his face".

THIRD TIME IN ONE DAY

One woman stops a taxi and says, "To the airport, please".

After ten minutes the taxi driver, watching the woman in the mirror, says "you are third pregnant woman that I have driven to the airport today".

"Are you kidding me, I am not pregnant", replies the woman.

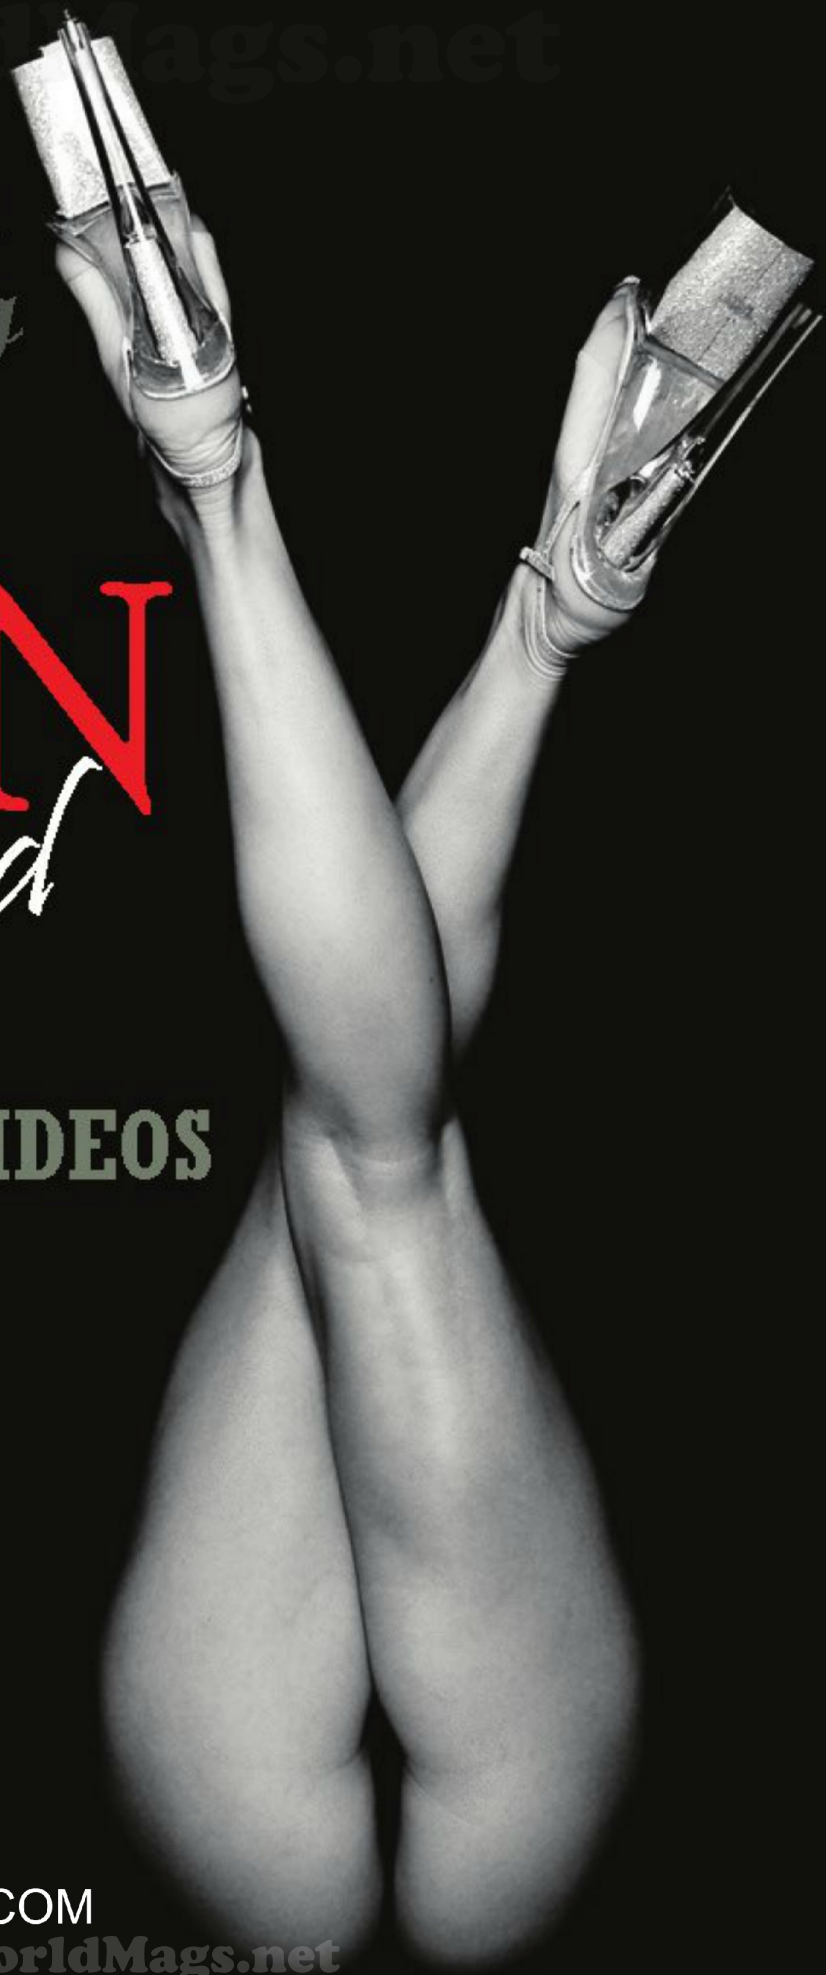

The driver says, "Well, you haven't arrived to the airport yet either".
