Coco

Q. Where does your name "Coco" come from? Is it just your media name and if so what is your real name?

Coco is my nickname. I have a stepbrother who is 10 years younger than me. When he was two years old, he could not say my whole name Nicole, so he called me "Cole" or "Cole Cole," which eventually evolved into "Coco."

Q. It is ironic that you and Ice-T are named after the world's most popular drinks. When you met, did you think how cool it was to have such similarities in your stage names?

When I met Ice, his nickname was a drink also, so people assume that he made it up for me, but I had the name 'way before I met Ice. So we just happened to be popular drinks!

Q. Ice seems to be very comfortable with your modeling. Is he at ease with it?

He's always around when I model, so it's not like I go on some secret prowl when I model. He sees that I take it very seriously and professionally. He doesn't want to get in the way, so he lets me do my thing. If he has a concern, he will bring me over to the side and discuss it, but that's very rare. He is very comfortable with our relationship. He knows that I'm not a wanderer, that I'm stable in what we do together. If a couple is secure in their relationship then they can do anything, they can fight the world. The one thing that's great about him is that I could've married a lawyer, a Wall Street type or a politician, but I'm not that type of girl. I'm more of a rocker rebel and I like to do my own thing, with Ice. I can do my own thing while being married.

Q. Can you elaborate on your similarities?

Ice and I have very similar personalities, which is very rock and roll. We're like rebels in our own way, but diverse. That's why I appreciate that all types of men read Black Men Magazine.

Q. Are there any restrictions when you model?

We've never had a talk about what I can or can't do; we just need to have a respect for each other and it's all about the money. If it's a love scene that I have to do, of course we would discuss it, but at the same time, how much money am I really getting? If it's a lot of money down the road, then he understands. He's like "Coco do it," but if I'm getting 50 bucks for it then I'm "gonna pass." It depends on the cash and it's all about the dollar sign. As far as restrictions go, you just have to keep in mind that you're married. Nothing serious, we are kind of an open couple anyway that has a "whatever" approach to everything.

Kristy

Q. What's your full name?

Kristy Williams.

Q. Growing up did you have any nicknames?

Coco calls me Kris, but when I was younger they called me Bubbles because of my "bubbly personality", plus my natural curves.

Q. Where were you born?

I was born in Tarzana, Ca. I lived in Albuquerque, New Mexico 8 years before moving to Arizona.

Q. What were your teen years like?

I had my first son when I was 18 years-old.

Q. Were you into sports?

Coco and I didn't do sports; we were into dance. Our mother enrolled us in dance classes and we loved it. We took classes for 5 years. We also took the dance classes that our high school offered. There were times when we were taking 8 classes a day.

Q. What about cheerleading?

No.

Kristy: Vintage magenta bustier corset; Kendall v. Bretto earrings

Q. What concerns you the most about photo shoots?

I think what we talk about most is not having too many people on production sets because people like to take pictures without permission and publish them. Plus, I can't concentrate on the shoot, so we normally request a closed set.

Q. You have to be careful in entertainment because your image is out there and the world is full of crazy people. Do you agree?

I think there are more people out of control than there are stable people, so when you find a stable person you find them to be odd. In entertainment, everyone has a messed up image of themselves, where they should be, or being someone that they are not. Creative or crazy? On Twitter people say that I'm a bit outlandish, but would you be following me if I wasn't out there?

Kristy

Q. What about your ethnicity?

I'm part Yugoslavian, French, German and British.

Q. What's your astrological sign?

I'm a Leo. "Don't mess with my mane!"

Q. What are your measurements?

I'm 36, 25, 40. I take a small in dresses.

Q. What is your favorite food and drink?

My favorite comfort food is Cold Stone ice cream. It keeps me from getting cranky. For drinks I like chai tea from Starbucks or a sweet white wine. A Riesling always works for me.

Q. You seem very comfortable in front of the camera, have you and Coco always been into performing?

The first day I wasn't so comfortable. It was the latex I think, it was like 50 people in the room watching, being half naked with cameras, "kids in the background, excuse me, get that sheet off of your head" ok I'm back. I had no idea that my sister was going to have a camera crew there, so that wasn't so comfortable. It's been a while since I've modeled. I've taken private pictures for my husband with a friend, but this time it was an entire crew watching me in latex, so it took me a while to get used to, but the next day I was ok. I love the pin up theme.

Q. Have you ever dreamed of entering the entertainment business?

Yes, our parents met on the set of Bonanza (a classic Western Film from the 1960's) so we grew up in the entertainment industry. Our mother didn't want us to get in it.. My sister Coco was always the model and I was always the actress and those were our dreams when we were younger but things change when you get older. We both did a little bit of acting and modeling. I did do some modeling for J-Crew catalogs and clothing lines which was a lot of fun, but modeling was really my sister's thing and I was mostly holding the camera taking pictures of Coco. We were both into theater, so we did local theater in plays like Beauty and the Beast.

Q. What was your first stage experience like?

It was an adrenalin rush, then the nervousness just went away and it's like time to perform. You don't see the audience because of the stage lights so it's like you are performing for yourself until you hear the applause and you're like wow! It's funny, the first performance we did, we were 3. Mom said I was always the shy one and Coco was more outgoing but when we got on stage Coco froze up and I became open and my voice projected louder than anyone. I have my moments. I love when I go to plays because it makes me miss being on stage I always tell my husband how I wish I could do stage again.

Q. Did you guys ever plan on pursuing entertainment together?

We had this big dream that we were going to buy this big house with white tigers. We had crazy dreams! One of the shots that I really enjoyed doing was the shot where I was drawing/painting her portrait while she was laying posed nude. All I could think about the whole time was when I was 15 years old, I discovered her booty and her V shape hip separation. I was into drawing naked women and was obsessed with her butt and the V shape at the top, I had the dimples; she had the V which we discovered one day as she was getting out of the shower. I asked her not move so I could picture it in my head and draw it later. The line in her sculpted waist and she was beautiful with her hair flowing to the side, her booty and her v. I was only 15 at the time, so either I was taking pictures of my sister or drawing pictures of her. The painting shot was so realistic because it reminded me of when I used to draw or photograph her.

Q. How did you feel about your first shoot with us?

I was excited, we shoot together all the time, but never for a magazine. So this is the first shoot to appear in a magazine. Anything we can do together for memories to show my kids when they get older how momma used to look "mamma was hot!" It's important for kids to know that their parents are more than someone who feeds them and takes care of them. You appreciate your parents more, the older you get. When I was young I didn't think my parents were that cool, now I think they are awesome, and I have a hot mom, she could have been on that photo shoot with us. That will be your next shoot with the 3 of us she laughs.

Q. What was your favorite outfit?

I liked all of the burlesque looks including the leopard cropped unitard while we were painting and the feathered Anne Demulester vest.

Q. Which theme made you feel like you were living out an outrageous fantasy?

The first day when we were wearing the latex, if I was in my own bedroom with my husband, that would work. I can be controlling at times, very dominatrix.

Q. At what point during the shoot did you feel the sexiest?

In all of the burlesque looks on the couch

Q. What do you think about to get into character for your sexiest pose?

I zone everyone out and think about how to allure my husband. We have strip club nights at our house where I dress up and perform for him. We used to have sex like 7 times a day and its important to keep the fire lit in the relationship..

Q. Are you considering modeling full time?

No, but I may do some theater.

Q. What are your future plans and goals?

Getting my kids out of my house. Raising good children. My oldest son is a perfect gentleman. To have 3 kids, two being twins, I'm still hot. To all the moms out there, you are still hot and you have to express your freaky side from time to time. Laughs.

Q. How do people view you?
 When I got with Ice 10 years ago, people saw me as this ditzy blond chick on his shoulder because I never opened my mouth. They asked, "whose this blond? She'll be gone after two months" but a decade later, I'm still here. Now they get to hear me speak via my interviews, Twitter and all of my websites, and they are starting to realize that I really have a personality and that I have something to say. Thank God for Twitter, because people have changed their views of me. That I'm not just a model, but that I'm

kind of cool with a personality; a female that girls could be cool with. All of the people that hated are beginning to come around and accept me. I hope that the support will continue.

Q. You have very striking features. In capturing an expression for a photo, is there a technique that you practice before shooting?
 The poses, the look, everything comes off as art, and if you are meant to be a model, then it will just come to you. I don't think you have to go to school for it, you just have to do it. It takes years of practice to get it right, but now it comes so easy as opposed to when I first started. I know now I have to keep things a certain way. Like holding my stomach in, keeping my neck up, giving a different look each camera click. It's a technique that not everyone can do. If you try to do it, it's not going to read well through the camera lens. I love it when the photographers express how much they loved my poses and expressions. How they take my magazine covers and show them to other models as examples. If they consider that perfection, then I believe I have mastered it. I'm no longer in school for it because I have learned enough to do it on my own.

Q. On your blog, www.thecocoblog.com, there are a lot of very sexy photos. How often do you post new images? On the site we saw the crazy pictures of you guys at a Halloween Party. Was that Seal and Heidi Klum?

Yes, Ice and I was at their Annual Halloween Party, and I played the naughty nurse to his mad doctor. I like to post a lot of behind-the-scenes images from sets and any adventurous experience that I have. People like the candid shots because people like to see that I am still hot without photo shop. All magazines use Photoshop to correct the images and get them perfect, but I personally don't need it. I like to post images more than I like to write. I call my blog "Twitter to the 10th power" and I do new posts a few times a week. After I start writing, I can't stop.

Q. I see you have a designer shoe fetish. In your blog, you keep updates on new designer shoes. Who is your favorite shoe designer?

On my blog I always do a shoe of the week, which is a heel from my own collection, never just from a store. I am a (Christian) Louboutin freak. I wear a lot of Louboutin and Lorenzi shoes, and it's evident that I'm a freak about heels.

Q. I heard a famous shoe designer sent you an amazing pair of shoes, which designer was it?

Christian Louboutin.

Q. During this shoot, what was your favorite outfit?

I would say the latex look with the pasties; I love the sound of putting latex on. Latex makes a freaky sound as you put it on.

Q. If a reader wanted to gift you a pair of designer shoes for the holiday, what size would you need, and is pink a good color? Also, which brand and style would you prefer?

In designer shoes I wear a size 6, 5-inch heels, thin spikey heels (a must!) in red, which is my favorite color. The brands I prefer are Lorenzi, Christian Louboutin, YSL and Valentino. I also wear a lot of pink and white.

Q. Would you send back an autographed copy of this magazine in return?

Yes, plus some free DVD's, a mention on my blog and a very big video kiss.

A lot of people send me things. I'll wear it if it looks cute.

If so, please send gifts to the following address:

Q. Tell us about your new clothing line.

I started a new clothing line for curvy women, because for the longest I had problems with buying clothes off the rack that fit my body type. I saw that other women had the same problem. My designs are structured to be very elastic and super stretchy and some are designed with the look of denim even though it’s not. The waist will be smaller and there’s more stretch around the hips and butt. It’s a stretchy booty with a thinner elastic waist. People will either love or hate my style but it’s important that we design it for the women who have similar features. The name of the clothing line will be “Licious” like delicious without the “D.” Then there will be “Inside Of ‘Licious” which is my gym wear. Then there is “Team Coco” which will be my athletic and workout apparel.

Q. Which exercise would you suggest for lower abs where that pouch develops?

I like to do the whole body and kickboxing is good to work the lower abs because you are working your core. I also do kick exercises with ankle weights. Be careful with working with sand weights because you can hyperextend your joints. I also encourage you to work out in high heels. Do squats and walking exercises. I promise you will feel a different muscle burn.

Q. In your exercises, how many sets and how many reps per set do you normally do? How many days a week, how many hours a day?

I go for an hour and I spend 40 minutes of that time on weights and the lower body, I don't work the upper body much. Lunges and squats are my main thing. I do three sets of everything with 15 repetitions per set. For the butt I do the kneeling leg extension from the front, side and back. What people usually forget is to do the sides which make your butt pop up and gives you that bubble, which will give you a curvier backside. Most women do the front and back but not the sides.

Q. It seems like your butt is the subject of debate.

Yes, but it's all real, there is nothing fake about it. People will say what they want, but there are enough glam wardrobe people who have touched my butt and can attest to its authenticity.

Q. You seem to work hard?

I spent more than enough time at the gym making it right. If you work at it you can build that muscle up, plus I have those genes. As you can see my sister also has a curvaceous butt. Since she's not a model she would not implant her butt either, which proves that we both have naturally big butts. I am against butt implants, though I have breast implants. That's different because I don't sit on my breasts.

Is the proof in the genes?

Yes. Not everyone can get a butt but you can work hard and build something there.

Vex Clothing latex lingerie (www.vexclothing.com); Coco's Own latex thigh high boots; Afaze mirror earrings; Vex Clothing latex motorcycle gloves; Black Ice necklace

Q. Where did you learn to model?

I trained at Beverly Hills Studios when I was 14 years old for acting and modeling, but not for body modeling. Body modeling is different from runway modeling, which shows off clothes.

Q. What challenges have you faced?

I am 5'2" which is even too short for petite modeling which requires to be at least 5'4", so I placed myself in my own category called body modeling, which is all about modeling your own body. This can be broken down into body parts such as the back, the butt or the boobs. I'm an athletic type, so I also do fitness modeling and I've begun to invent poses such as the "squat pose." (The shot is in my first calendar where I'm squatting by the car.)

Q. How does that work?

I like to show you details in my body. I make my quads pop and display strong arches. I invent poses and most models copy my poses in their shoots.

Q. How do describe your style?

It's a mixture between Marilyn Monroe and Betty Paige.

Q. Can you give us two beauty secrets?

I use Shiseido lotion and facial moisturizer which helps because I am a tanned. I also eat a lot of avocados.

Q. Your body looks amazing. Is your waist around a size 23?

A size 23 is kind of big for me. My mom has a super small waist, and curvy hips. My dad was a stocky guy. I had great genes and a 19-inch waist. As I got older, I started to build muscle. To keep my waist slim, I do cleanses, I use hydroxyl to help shed fat during competitions. I like to see muscle, so I've used water pills to reduce water.

Q. Can you go into more detail about your routine?

I do like 200 crunches to the side, the front and back. I have my own way of doing this, so I'm working on putting out a fitness video soon which will be called the "Coco Way." It's not going to be about counting calories. It's going to be about how I do it, and it can help guys out also.

Q. Can you tell me about your experiences in modeling?

I used to be in the Playboy world of modeling, where all they wanted were skinny blonde women with big boobs, but when I met Ice, he told me it was unique to have the features that I have and to flaunt it. He, in essence, created a monster because I ran with it and I am proud of my curves. A lot of men told me they weren't into thick women until they saw my pictures, so I am happy that I am changing the overall view of thicker women. I feel that I'm breaking a barrier in saying it's ok to be healthy without being skinny. I get a lot of e-mails from people thanking me for promoting pride in curvaceous women.

Q. Where is the most exotic place you have gone to shoot?

Greece.

Q. I hear of models speak of their flexibility, but you appear to be the most flexible of all. How'd you get so flexible and why is that important for you?

I like to add more to my shoots, so being flexible helps me execute more poses. I attribute my flexibility to my former training in dancing and ballet. As we mature it's a great feature to have. As you mature you can lose it, so you have work at it every day.

Q. It's evident that there are strong beauty genes in your family. Where have you been hiding your beautiful sister? How do you feel about her entering the modeling game?

Kristy has never been the model type, she was the actress and I was the model, so she was always against modeling. Also, she's a mom, so she wasn't thinking about it. I push her all the time to come have fun with modeling, it seems now that she's more interested in doing it, although I had to convince her to do this shoot. When we get older we can show our grandkids and say look "Grandma Was The S---."

"Being flexible helps me execute more poses..."

Q. Would you support her if she wanted to model full-time?

Yes, I would. But there is a lot of negativity in the business and she may not take to well to it.

Q. You guys appear to be very close, is that how you both grew up?

We are best friends! We grew up on the poverty side. We went to the same school, slept in the same bed, and worked in the same gym. So it was hard when I moved away and it was especially hard on us because we seemed to be around each other every day of our lives. But I had a love interest that caused me to move. We are very close and we call each other every day. She has always been my rider.

Q. It seems that there have been some haters throwing shade on Twitter, what's that about? I heard that Kristy chimed in to the rescue on one of the Twitter spats, what happened? Also you seem to be protective of her. Why?

Actually when she hears someone talking bad about me, she is ready to fight. We are like twins even though we aren't. We have that kind of connection, and then she actually gave birth to twins. It's ironic that one twin is blonde and the other brunette just like we were growing up.

Q. You ladies seem very close and family-oriented, how do you ladies maintain your sisterhood with such very different lifestyles?

People don't see the family side of Coco, they only see the glam side. Coco is really a down to earth family person, she loves her family, she loves to spoil her nieces and nephews. So it was really hard for me when she moved to NY because she is the reason why we are all out here in Arizona. When Coco came to AZ about 12 or 13 years ago she said "I love it out here I will never leave." Coco convinced me, my mother, father, step mom and brothers into moving out here and then she left us. You can't blame her, that's what people do when they fall in love. It was really hard on me because "you left me" and it was hard to adjust to not having my sister right around the corner all the time, we talked like 5 times a day. So when she does come to town it's like a special time, I call it my sister time and we're inseparable. It's a good thing we are not in the same state because when we are we're never apart. We go everywhere together, that's why on blogs people think Coco has kids, when she visits me, she always has a baby in her arms, which would be one of my twin girls.

How do you feel when you witness Coco going through drama in the biz?

I try to stay out of it as much as possible because I realize that people will talk crap, so I stay off the blogs because they are poisonous to you and they will mess with your mood and mind and it's not even worth it. People are ignorant and don't know what they are talking about, but when I know what they are attempting to refer to, I take it personally. I don't want people to talk crap about my sister, so a couple of times I've gotten upset and wanted to say things to protect Coco and put a shield around her. The truth is people are going to think what they want to think and without knowing her they will have their own opinions. On one blog Coco was holding one of my daughters and they commented "that bitch gave Ice an Albino" Why would you talk about a child like that? Twitter is the best way to get a hold of Coco, I really don't go on there so Coco will notice I haven't posted anything so she will go on and post something My twitter is www.twitter.com/angelbabinaz. Coco worries about me. I'm her little sister, I'm a year younger so she wants to shield me from that lifestyle but I'm strong. I avoid negativity and veer towards the positive.

Q. What are your thoughts on Playboy Magazine?

I worked with them when I was a teen; they are wonderful people but I had a hard time being who they wanted me to be. Now they realize I'm a grown woman in a relationship. Hef, Hugh Hefner, is a great person no matter what people say about him, he's calmed down a lot, (maybe he's sewn his wild oats) I'm thankful for Playboy. Everyone wants me to do the cover of Playboy, so they need to write in and request me.

Q. Do you enjoy fetish shoots?

I love them; I don't do enough of them.

Q. What's your favorite naughty costume?

Anything with fishnet stockings, I would do a fishnet bodysuit.

Q. Have you ever been turned on during a photo shoot?

I try to concentrate on getting that pose, but as I imagine myself in the pose I get turned on thinking about myself, I love my boobs, so when I see my boobs I get turned on.

Q. What was the most awkward moment in sex you have ever had?

There is an unknown tape floating around, but other than that I am open sexually, so nothing really bothers me.

Q. Do you enjoy making your fans sweat?

Yes, that's what I like, to get reactions from people when they are looking at my pictures. People who are not into my type see me and get "turned out." People were more respectful since I was with Ice and they were afraid to ask me to model for a long time. Since Black Men approached me, it gave me the outlet to express myself and several other covers and special issues followed. Magazines such as King didn't think a white woman should be on the cover of a men's magazine that had a predominantly Black audience. I thought that was lame. Smooth put me on the cover and that issue sold out!

Q. What are your final words to your fans?

To all the Urban Magazines helped me get out there, thank you. ■

Zencore Plus® – The next generation of *natural* male enhancement.

- ✓ Works in 45 minutes or less
- ✓ Lasts up to 24 hours
- ✓ And it's FREE!

If you think that all male enhancement formulas are the same, just ask Curt B. of Scottsdale, Arizona. "My problem started a few years ago. I was no longer able to sustain a hard, firm erection and my libido was just not the same." "When the new prescription medications came out, I was excited. But it soon became clear that I couldn't deal with all the nasty side effects. So I turned to the over-the-counter supplements, but they just didn't work."

Works the first time. Every time. Now there's good news for millions of men like Curt. Zencore Plus® is the next generation of powerful sexual performance supplements that really work. In just 45 minutes or less you'll be ready to go. And it lasts up to 24 hours. That's an entire day of around the clock sexual pleasure! In fact, Zencore Plus® is so sure that it will work the first time and every time that they are giving away a free supply to every man who wants to experience the power of natural male enhancement.

Stamina & desire through the roof!

The secret is a proven combination of powerful natural herbs that enhances long, lasting, harder and firmer erections and boosts sexual stamina and energy. "It was incredible," adds Curt. "I have never experienced anything like that before!" "I'm in my early 40s, but it was like I was 19 again! I was finally able to meet the challenge of my very passionate partner and prove to be the all-night, untiring lover I always wanted to be," added Curt.

No adverse side effects

Zencore Plus® uses a coumarin called "osthole" which stimulates the production of nitric oxide. This leads to the production of cGMP which ultimately affects the smooth muscle relaxation and allows the penile arteries to expand and fill with blood. So you get wider, thicker and harder and firmer erections quickly. "Best of all, I had no adverse reactions or side effects at all. Zencore Plus® is all natural and totally safe which is important to me.

And it works so quickly, I couldn't believe it. With other products, I had to wait 30 days to get results. With Zencore Plus® it was less than 45 minutes."

Delighted users

Shawn from New York says "there are so many products on the market. I'm glad I was able to find yours. It works quickly and powerfully. I will be a life long customer."

Ron from Seattle adds that "I love your product. There are no side effects."

Peter from LA says "I'm a younger guy who was embarrassed... but now I feel like a man again!"

F.A.Q. About XOMAX

Q. How soon do you see results?
A. Most men see results with their first dose and the results continue to improve over 60 - 90 days.

Q. How do I gauge my results?
A. For most men, if XOMAX is taken continuously for three to four months, followed by a maintenance program, the results are outstanding.

Q. How does XOMAX compare to others brands?
A. With a 97% success rate nothing comes close to matching XOMAX results.

Q. Is XOMAX natural?
A. XOMAX is 100% natural, safe and Doctor recommended for those looking for advanced male enhancement, plus XOMAX has no side effects.

Q. What makes XOMAX the #1 natural male enhancement formula?
A. XOMAX has a highly effective proprietary blend of concentrated nutrients. These natural compounds are amazingly stimulating to the male penis. You won't find a stronger blend of nutrients in any other male enhancement product. The reason? XOMAX contains extremely expensive imported ingredients and many manufacturers won't spend that kind of money. Instead, they pass off less expensive ingredients, such as Ginseng or low-end forms of L-Arginine.

Q. Is XOMAX guaranteed to work?
A. XOMAX is 100% GUARANTEED! If you're not completely satisfied, return the bottle(s) within three months to receive a refund. Men now have an effective way to increase the size of their penis. Why pay for imitations that will not solve the problem? You may spend a little more on XOMAX, but the results will be worth it! You often get what you pay for, so remember that the genuine ingredients in XOMAX are GUARANTEED to work!

Watch 2 Hot Girls Show You How To Give A Woman 3, 4, 5... Even *10* Toe-Curling Orgasms Every Single Time You Make Love... Guaranteed!

In the 2 Girls Teach Sex DVD series beautiful bi-sexual women show you - by demonstrating on each other - how to give your girl the most incredible, heart-pounding sexual experiences of her life... regardless of your size, stamina, or experience...

DVD #1: Multiple Orgasm Methods

Discover these amazing secrets to making your woman scream with pleasure:

- A special trick to use in missionary position that makes her feel you're at least 2 full inches longer and thicker inside of her
- A secret "hidden spot" inside of a woman that - when stimulated like this (see demonstration in DVD) - makes any woman cum in under a minute (Forget the "g-spot"... when you want to be absolutely CERTAIN you give her a mind blowing orgasm, this is the method to use)
- The 3 "Orgasmic Triggers" - Touch these spots before sex to get her begging to have you inside of her, then DURING to give her quivering multiple orgasms
- How to keep sex EXCITING long after the initial "thrill" has past (Do just these 3 little things and SHE'LL start initiating sex with you... even if you've always been the one to have to get things started before)
- A secret technique lesbians use to give a woman multiple orgasms that works even better when done by a man

DVD #2: Her Best Lover Ever

Discover the mental and emotional tricks that make your woman sexually addicted to you. You'll learn:

- A deadly mistake 77% of men make in bed that causes their woman to imagine themselves with SOMEONE ELSE - even if the guy does everything else right
- The specific order of positions you should use to give her MULTIPLE orgasms (Even if you do everything else wrong, she is guaranteed to have at least one orgasm when you use this trick)
- The rejection-free way to introduce kinky stuff like anal play, spanking, and toys

DVD #3: Advanced Sex Positions For Guaranteed Orgasms

See demonstrations of the wild new sex positions - unknown to 99% of men - that make you penetrate her deeper and hit all of the right spots. You'll learn:

- A special trick to spice up "missionary" that TRIPLES the intensity (Warning: She'll be clawing at your back and begging you for more when you use this one)
- 5 positions that force you to hit her "hot spots" at the angle that is proven to make her orgasm
- The "secret" position male adult film stars use in their private lives when they want to be sure to blow a woman's mind
