WEB CANDY GIRLS!

Technology today is constantly evolving and changing how media reaches the masses. Gone are the days when the talent with the most music videos—making them “Eye Candy Of The Month”—gave them viable credits to be relevant brand names in the urban market.

Also, gone are the over glamorized casting agents and directors controlling who gets the shine. Now the power has shifted to the fans who decide—based on the amount of web traffic, buzz, word of mouth and appearance requests—which vixen is considered important enough to become a brand.

Twitter—a social network that allows a limited 140 characters for a person to get their point across—serves the masses with up to the minute occurrences. It has been one of the easiest ways to gauge the amount of traffic one generates by direct, unregulated, public communication with the “world wide web.” It, in a sense, gives one control over their own productivity.

Other sites, such as Media Take Out, Bossip, TMZ, Vlad TV and World Star Hip Hop motivate the gossip and blog traffic, in which any crazy, risqué, or shocking activity may evolve into the worlds biggest news report, turning a virtual no named person into a flourishing brand name.

In honor of the brave and knowledgeable movers and shakers that have utilized these new age mediums to further their careers, we present 50 of the Wildest, Sexiest, Hottest Women on the web—no username or password required.

BM: Any upcoming events/shows that we can look forward to seeing you in?

CM: I'm currently booking shows weekly throughout NYC. You can check on my website weekly for updated shows. I am also in the works of a new reality show that I'm not at liberty to speak on right now, but you can always go to my website for any news updates.

BM: Who are some of your inspirations that fuel your style of music?

Man, this question I can go on and on with because a lot of artist influence me in many ways, with not just music, but also discipline and technique. To name a few I would say Kathleen Battle, Madonna, Minnie Riperton, Pink, Mariah Carey, Whitney Houston and many more.

BM: Has your Trinidadian roots influenced your style?

CM: Our musical heritage is about a lot of rhythm, movement and color. I feel it has definitely influenced my music and overall style.

BM: How would you describe your style?

CM: Well, being that I'm classically trained and I'm so fueled by fast rhythm due to my heritage. I wanted to take the risk of bringing both worlds together, and therefore, give the public something new. I would like the younger listeners to be able to enjoy Classical music by making it relevant to them through Pop.

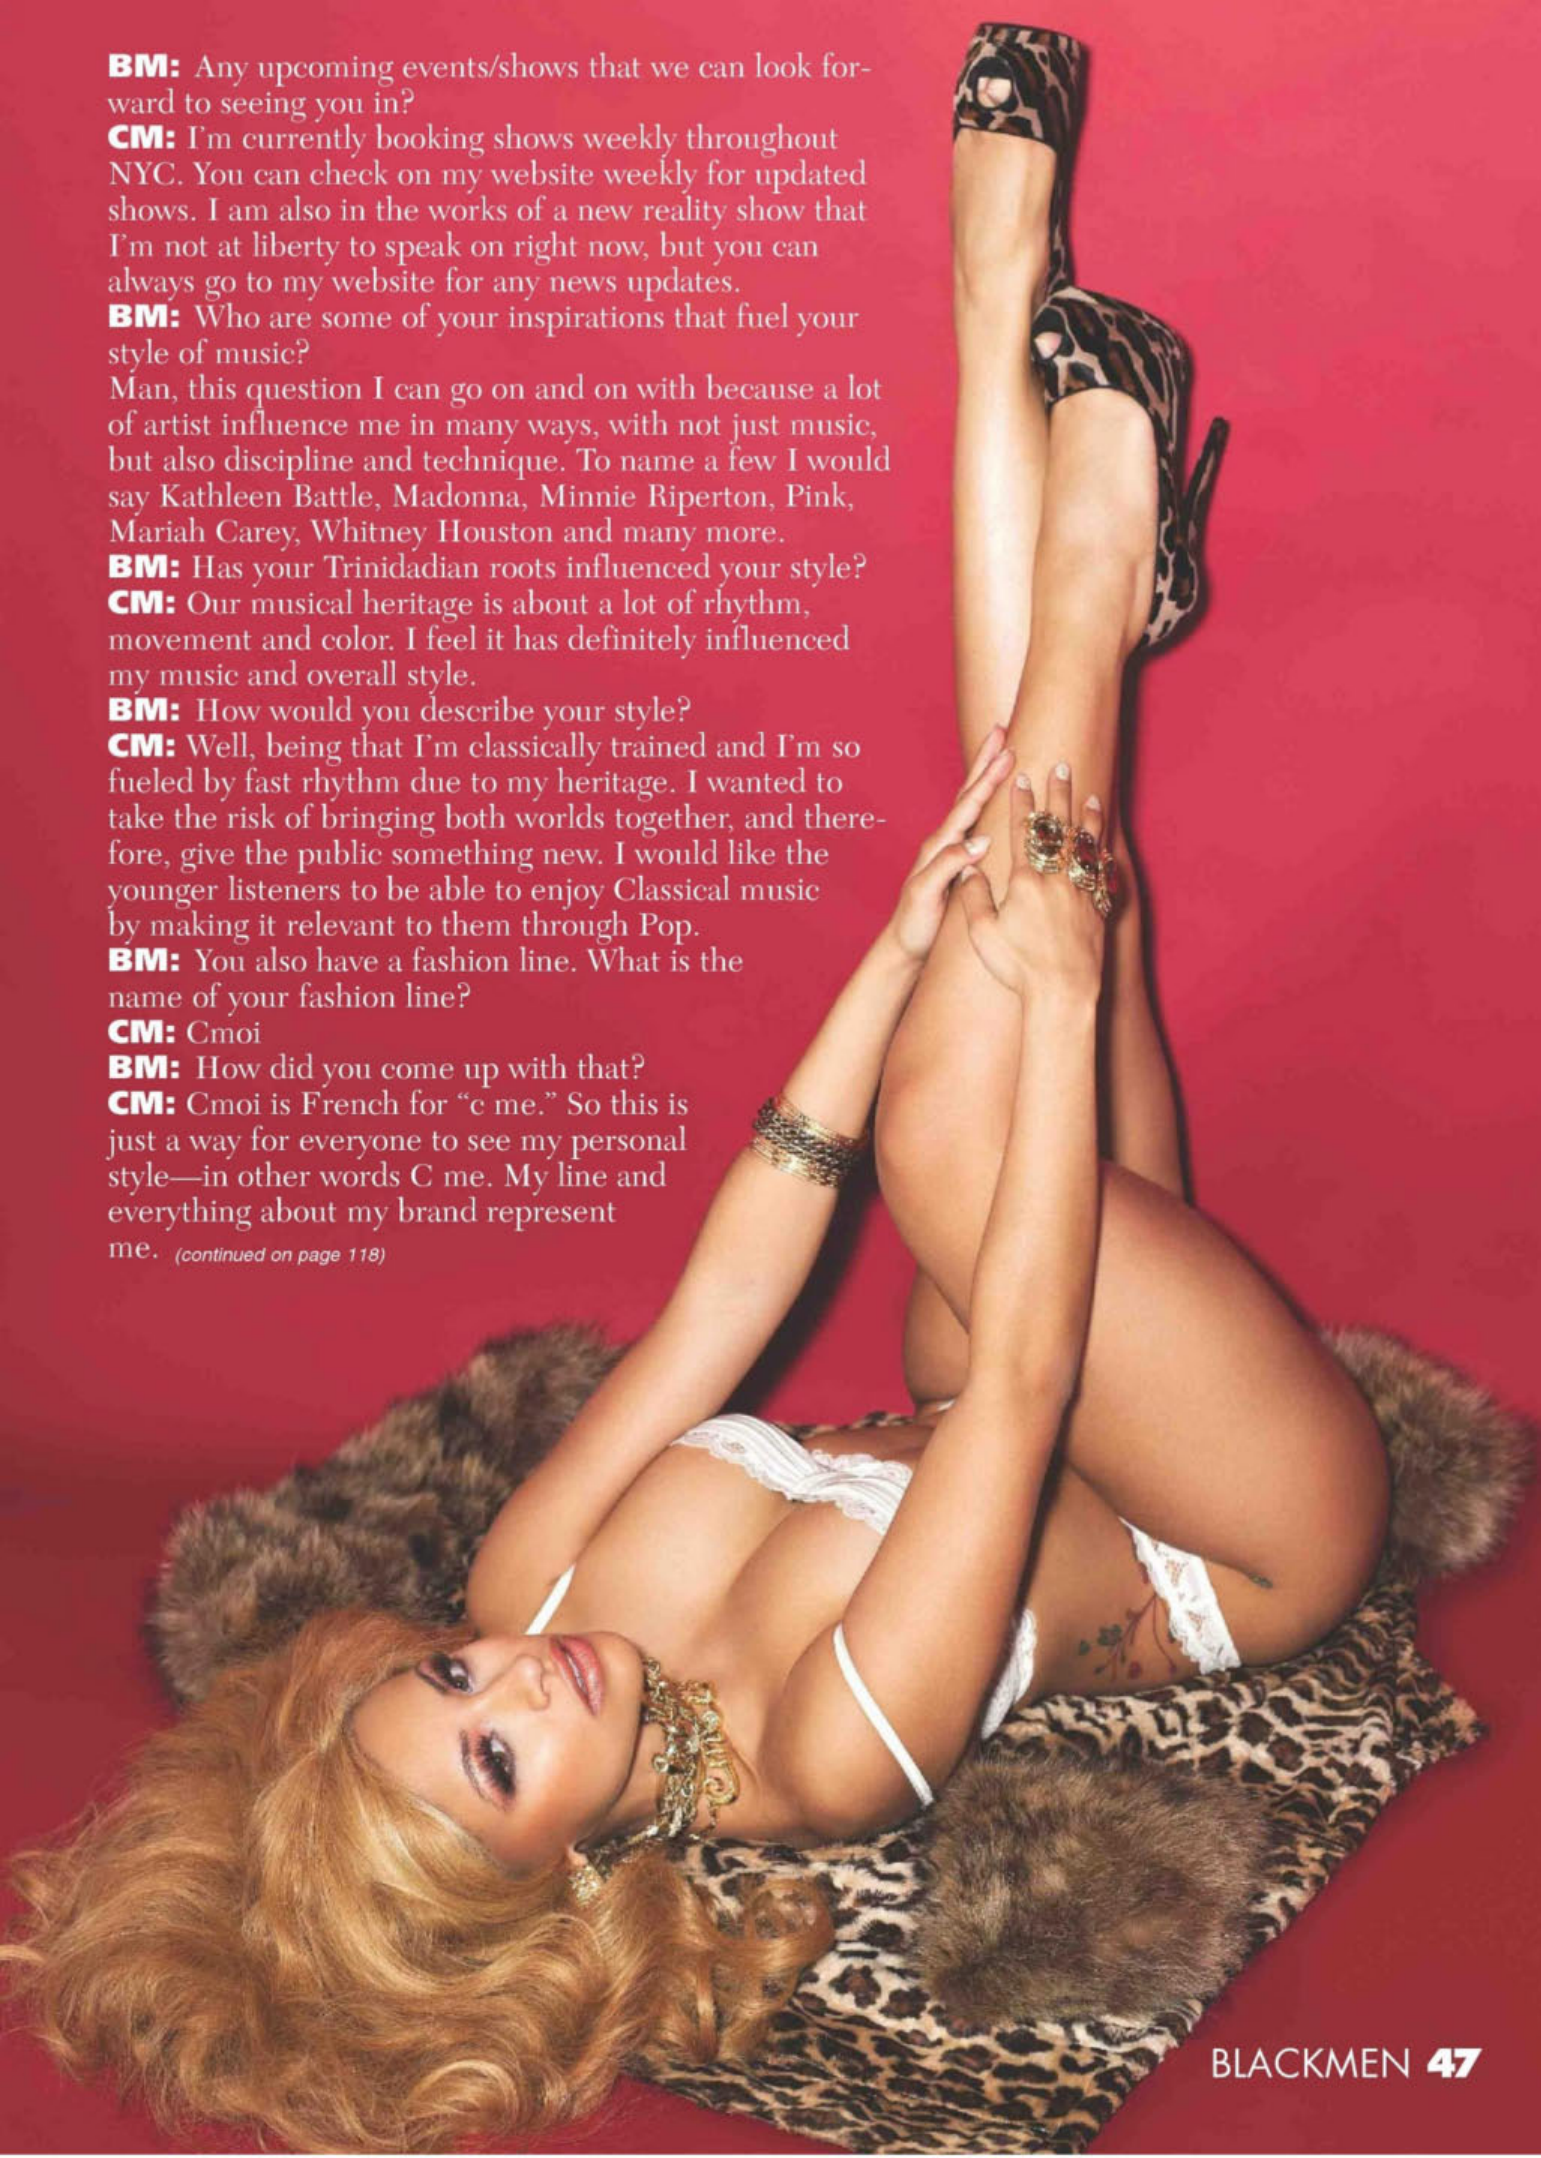

BM: You also have a fashion line. What is the name of your fashion line?

CM: Cmoi

BM: How did you come up with that?

CM: Cmoi is French for "c me." So this is just a way for everyone to see my personal style—in other words C me. My line and everything about my brand represent

me. (continued on page 118)

THE STORY OF RETOXOR® HOLLYWOOD SEX TAPE SECRET UNCOVERED!

**WELL ENDOWED ROCK 'N ROLL BAD BOY USED RETOXOR®
IN FAMOUS VIDEO WITH BLONDE BOMBSHELL WIFE**

Hey There,

My name is John Paul Stinson and I'll get straight to the point. Two decades ago (sometime in the late 80's) my wife left me for another man. She said the sex with the "other guy" was amazing. It got back to me that she described his male endowment as "unlike anything she'd ever seen before." A few years after she cheated on me, I saw this guy working out in my gym. He had no idea who I was but I knew him. I knew the inevitable shower encounter would happen at some point. Would I look? Would I see for myself exactly why my ex-wife left me? Well, here's the deal: it's hard NOT to look when you see an image swinging next to you in the shower that looks like the arm of a bodybuilder, but in reality it's the "male endowment" of your ex-wife's new husband. I waited for him to dry his face with a towel and then I looked closely to see the thickest, widest, fattest piece of flesh I've ever seen. It actually looked like he worked it out... the way we would work our arms and legs out. And don't tell me you wouldn't have looked too!

At the time this happened I was a senior vice president of research and development for a marketing development company and was about to be transferred to our European division. My new boss had already challenged me to come up with a fresh idea that would change lives. So when I arrived in Europe, the first thing I did was take my entire department budget and give it to 5 different scientists and researchers to find a formula that would make the word "BIG" take on a whole new meaning. What they found surprised me- an ingredient and unique delivery system that would eventually

shock the world! Our secret product became an "underground sensation." Soon people everywhere were trying to order this amazing product in bulk. The results were incredible!

Sometime in the mid-'90's a rumor started circulating that made its way back to our corporate headquarters. Sources told us that a very famous rock star from the United States had heard about our groundbreaking product and had been using it for a few years. He had QUITE the reputation with the ladies. It was all but confirmed by those in his closest circle that he had achieved OUTSTANDING RESULTS... the kind of results that had people gossiping... the kind of results that had women all over the world in awe! You remember seeing that video, right? When his video came out 12 years ago, the world confirmed what we already knew:

OUR PRODUCT WORKS!

TSTS – TISSUE STIMULATION TRANSPORT SYSTEM – the Next Generation in Oral Delivery Rapid release liquid capsules with extended release Effervescent Micro Bead technology in one Multi-Phase Capsule.

PHASE ONE – Rapid Release Liquid Properties: The outer liquid capsule of Retoxor ensures an almost instant uptake of the clinical tissue stimulating ingredients, widening the tissue immediately

PHASE TWO – Controlled and Extended Release Effervescent Micro Beads: The true key to getting wider, thicker, and LARGER is rapid absorption THAT CONTINUES TO WORK FOR EXTENDED PERIODS OF TIME.

FREE 
MEASURING DEVICE
AND ONE MONTH SUPPLY

This TWO phase technology is currently the only one of it's kind on the planet, and everyone who saw the video saw the results! We know Retoxor works. We are so sure that you will love it that we are willing to give you a FREE Measuring Device AND MONTH SUPPLY with every order! Would we encourage you to measure "IT" if we weren't 100% confident it worked!

CHARISSE MILLS

(continued from page 47)

BM: What inspires you?

CM: My mother inspires me. You will have to read my book about why.

BM: Anything you want the public to know that may surprise them about you?

CM: I sing in six different languages—French, German, Russian, Italian, Spanish and English.

BM: What do you like to do for fun?

CM: I love to travel and meet new people. I am obsessed with learning new cultures.

BM: Who can you call in your phone right now that the public would be surprised that you have a relationship with?

CM: Well, it's not Barack Obama [laughs], but musically I can call my dear friend Wyclef Jean or Akon for advice.

BM: How important is your team to you?

CM: They are my village. For every child, there has to be a strong village behind them. Without them I don't feel I would have made it this far.

BM: Any taglines?

CM: "Expect AWE'mazing" and "Music is Love"

BM: Favorite quote?

CM: "A smile a day keeps the stress away" - C Mills

BM: Who would you like to work with in the near future?

CM: I would love to work with Ne-Yo and my fellow Trini, Nicki Minaj.
