Q&A WITH SHANNA

Like everyone, I was faced with challenges growing up. The main challenge that I faced and I still do today even as an adult, is that I was always stereotyped as the blonde air head with big boobs. I set out to prove them all wrong. When people meet me in person they realize that I am an extremely smart, educated woman with a Masters Degree who is also very funny and witty. I always tell people to go against the stereotype and always keep people guessing and wondering. Believe in yourself no matter who you are and you can break through the stereotyping and prove those people wrong.

HOW DID YOU GET INVOLVED WITH GLAMOUR MODELING?

I saw Mike Anthony's AD in a magazine and we set up a photo-shoot and then we ended up getting chosen to shoot 3 different Axis Magazine covers within a year and a half.

WHO INSPIRED YOU IN BECOMING A GLAMOUR MODEL INSTEAD OF A FASHION MODEL?

Definitely Jenny McCarthy!

HOW DO YOU MANAGE TO MAINTAIN SUCH AN INCREDIBLY SEXY BODY?

Eating well and exercising at the gym.

WHAT PART OF THAT SEXY BODY ARE YOU THE MOST PROUD OF?

My Big Natural Boobs.

TELL US ONE UNIQUE THING ABOUT YOURSELF THAT OTHERS MAY NOT KNOW.

I have a Masters Degree in Business.

WHAT IS THE MOST ADVENTUROUS THING YOU HAVE DONE?

Skydiving and I also went to Argentina to live among the locals for 3 weeks.

WHAT OTHER ACHIEVEMENTS AND GOALS ARE YOU SEEKING IN THE GLAMOUR INDUSTRY?

I completed my Dream Goal of Playboy Playmate.

WHERE CAN WE FIND OUT MORE ABOUT YOU?

I LOVE A TALL AND FUNNY GUY WHO IS GREAT TO HIS MOM. I REALLY LIKE THAT BECAUSE IF YOU CAN'T TREAT YOUR MOTHER WITH RESPECT, YOU CAN'T DO SO WITH ANY WOMAN.

Q&A WITH BRITTANY

I am 20 years old from Connecticut, I've lived in CT all my life and now have a place of my own that I am enjoying a lot. I'm a country girl at heart even though I live in a small town surrounded by people who like rappers and hip hop. I am an animal lover. Animals always come first in my eyes. I love modeling and everything to do with it. Right now, I am very focused on getting my name out there, improving my skills and building a killer resume. Even though I'm very young I've learned life lessons through older siblings' mistakes and my friends and seen outcomes that are big life changers, so I live my life day by day trying to do the right thing and to stay one step ahead of all my battles.

HOW DID YOU GET INVOLVED WITH GLAMOUR MODELING?

About two years ago I found Rick Trotter on Facebook not knowing who he was or what he did. He added me on Facebook and I proceeded to ask him information about photo-shoots and what not. Two years went by and I held off on everything because of school. Once I graduated, about three months later I contacted Rick to book a shoot, and it was the best decision of my life! Since then we have worked together a lot and I have seen my images in lots of magazines. It's awesome to be in Glam Jam for the third time.

HOW DO YOU MANAGE TO MAINTAIN SUCH AN INCREDIBLY SEXY BODY?

Right now I have a high metabolism which helps, but I tend to have a huge sweet tooth. I am always active and I never over eat. I run around at work, play with my dogs. But other than eating small portions and staying active when I can't work out I'm just blessed for now.

WHAT PART OF THAT SEXY BODY ARE YOU THE MOST PROUD OF?

I am most proud of my butt. I love that I have a nice round butt, and it looks awesome in jeans and little bikinis. I know some men are either are a boob guy or a butt guy, well for me I'm a butt girl. You must appreciate a woman with a nice fit butt who works for that beautiful and sexy backside. I do get a lot of compliments on my boobs and my legs though and I've become a lot more confident in both.

TELL US ONE UNIQUE THING ABOUT YOURSELF THAT OTHERS MAY NOT KNOW.

I like to always listen to what people need in life and I go out and try to get it for them to surprise them. Also, when people look at me they see a sweet innocent person, but in all reality I know how to roof, rough frame, and just build unique items. I went to a tech school and studied carpentry, even though I didn't always pay attention, I learned basics. Growing up with my brother I was a tom-boy so I never had an issue getting dirty. I'd love to just roof all day or frame all day but it's tough labor and not fun. Living in CT is very cold to work construction also. So when people misjudge my personality and I start throwing out actual and nominal numbers, how to layout walls with windows and dormers their eyes light up.
