CONTURELLE®

CONTURELLE HAS BEEN AN EXPERT FOR LINGERIE SINCE 1885

**WITH A CONTURELLE PRODUCT YOU ARE HOLDING
SOMETHING SPECIAL IN YOUR HANDS. FOR EVERYTHING THAT
BEARS THE NAME CONTURELLE OUR FOCUS IS ALWAYS ON
QUALITY WITHOUT COMPROMISE.**

Nickel-free metal adjusters on all bras and bodysuits.

Exceptionally soft hook and eye band (soft seal fastener) with
microfabric to prevent itching and marks on the skin.

Strap and back width are adapted to provide perfect support for each size.

All gussets are made of pure cotton.

Each Conturelle bra is made by hand and inspected for quality.

All fabrics have Öko Tex Standard 100 certification.

THE CONTURELLE DIFFERENCE.

In size range from A to I cups, with bands from 30 to 46 we offer over 56 different bra sizes for perfect fit, so you never have to compromise.

Our luxurious embroideries always lie flat on your skin.

Elastic upper cup fits perfectly and never wrinkles.

Double-lined cups provide you with lift and support.

The Conturelle wires do not contain nickel, and are certified allergy-free.

The straps and the back closure come in four different widths, depending on the size.

Centered strap positioning ensure that they do not fall off.

The yarns and threads we use are gentle and soft to the touch.

OUR COMMITMENT TO QUALITY AND FIT.

Comfort, quality and fit take centre stage in the production of every Conturelle garment.

Each Conturelle bra is made by hand and inspected for quality.

We use only the finest lace and embroidery.

The design process takes over one and a half years from concept to finished product to ensure the highest quality and maximum comfort of wear.

As part of the design process, real women of all sizes test, wear and wash our prototypes, then give feedback to the designers.

All garments feature smooth and seamless cups, hug the figure perfectly and show no visible lines under clothing.

Extra-soft, ergonomically designed comfort straps offer secure support and take pressure off the shoulders.

Double-face fabric with the soft and pleasant cotton side against the skin offers great comfort of wear (products 202201, 203201, 250201, 210201 and 213201).

Thanks to the special finish moisture is absorbed by the cotton and wicked away to the outer polyester surface. The moisture then evaporates through the microfiber.

THE SPACER BRA SETS NEW STANDARDS IN COMFORT OF WEAR

Great lightness, flexibility and shape-retaining properties.

3-D technology of this spacer fabric ensures optimum breathability and keeps the wearer dry.

Takes pressure off shoulders and eliminates pinching thanks to wide, padded straps.

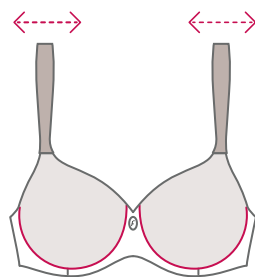

Also available without underwiring, for even greater comfort of wear.

No visible lines under clothing, ideal choice under figure-hugging outerwear.

Available in B to G cup sizes.
