quick quest

How you became a model, how did you experience the first job you did as a model? I was discovered in a mall. I did my first big photoshoot in August of 2007 and immediately got featured on two internet sites. Things started to take off from there.

Why did you choose this line? There are many reasons, it is difficult for me to summarize them.

Your inspiration I do not have an inspiration. I constantly work to better myself.

Recent projects : My last photoshoot was with PradoFoto.

Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck All of the above. I can't put them in order. I believe it depends on the situation.

What's been the best moment of your life? The best moment of my life is something that I wish to keep private. Those who know me best know what it is. May 12, 2012

What would want in the afterlife? I do not believe in the afterlife.

If not modeling, what would u hv done? I have a lot of things that I am still working on doing.

Wild dream I can't think of one.

Hidden fear.....?? I believe in never revealing your fears. :-)

Hidden talent.....?? I do not have any hidden talents.

What is the sexiest part of your body? I would say my eyes.

Your first kiss? Not sure...teenage years.

First crush/love? Teenage years.

Define LOVE in your words . I haven't figured it out yet, so I am the last person who should be defining it. lol

FEATURED MODEL

Your family background: My family is from Southern California.

How they help you in modeling career: They are always willing to let me use their yard, heavy equipment, horses, cars and anything else I may need for photo shoots.

Any special childhood prank or memory: One time I made my brother eat a pollywog. We still laugh about that.

educational qualification: I am currently working on completing my bachelor's degree.

How you became a model, how did you experience the first job you did as a model? I just kind of fell into it because of Facebook and friends of friends. I never planned on being a model. My first job as a model was shooting with a Harley Davidson for 101KGB, a local radio station. I love motorcycles and had a lot of fun with the set.

Why did you choose this line: The gun in these photos is my Remington 870/12 gauge shotgun. I use it to shoot clay pigeons on the weekends and have even been in a couple tournaments. This was the first opportunity that I had to have a photo shoot with my guns and I really enjoyed it. There's nothing sexier than a girl who knows how to handle a weapon.

Your inspiration: My inspiration is just being myself and showing others that it is ok to be different. Never be afraid of what people will think of you and always let your personality shine through in everything. I'm a country girl who loves to shoot guns, camp, ride dirt bikes, drink beer and just have a great time. Any chance I have to portray that is a great time.

Projects you have worked in: Everything from beach sets, to motorcycles, tractors, dump trucks, horses and in studio sets.

Recent projects I've only been modeling less than a year so they're all recent.

Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck- I'd actually add personality to this list. If you have an ugly personality, it doesn't matter what you look like.

What's been the best moment of your life?

? The moment I became a mom.
what would want in the afterlife? To look back at my life and have no regrets.

if not modeling ,what would u hv done ? I model for fun in my spare time; it's not a fulltime job for me so I guess I would have picked up another hobby.

Wild dream: To travel the world.

Hidden tear.....?? Failure.

Hidden talent.....?? I'm a great cook.

What is the sexiest part of your body ? Eyes.

There's nothing sexier than a girl who knows how to handle a weapon.

Quick Quest

Q Your family!

Romanian!

Q How they help you in modeling career ?

My sister, mother, and grandmother have all helped me with my modeling endeavors just by supporting my decisions. A lot of times, my family is really excited for the work I do... it makes me happy to know that I'm making my family proud! !

Q Any special childhood prank or memory!

What influenced me most as a child was the time I spent with my grandmother. I used to go to art galleries, museums, and art festivals with her! My favorite memories are ones that have directly shaped who I am now. !

Q Educational qualification ? I did some college, I plan on going back some day, but changing my major. I was in school for Photojournalism and Spanish.!

Q How you became a model, how did you experience the first job you did as a model?!

I began modeling as I was pressured by my peers... I never felt particularly confident when I was younger, but I gave it a try! My first shoot was fun, but I had no idea what I was doing... I was so timid! It's crazy how far I have come as a model. I never expected for modeling to take off, let alone for me to love it as much as I do.!!

Q Your inspiration!

I am inspired by curiosity to learn and experience new things. Wanting to be the best at what I do has always driven me. I want to prove to myself that I can achieve my goals, no matter how small or extreme they may be. !

Q Projects you have worked in!

I have worked on several tv shows including Royal Pains, The Americans, Taxi Brooklyn, and The Money. I was featured in Playboy, as well as the movie The Wolf of Wall Street.!

Q Recent projects !

Recently I have been working a lot on trying to get Playboy Centerfold... I've gotten my test shoot, and now just waiting on the date! !

Q Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck!

Hard work, the right looks, luck!

Q What has been the best moment of your life ? !

My sweet sixteen, the last time my parents and all of my siblings were together.!

Q What would want in the afterlife?!

I guess my only true expectation of the afterlife, is to be happy with the life I've already lived. !

Q If not modeling, what would you have done ? !

Photography! The reason why I started modeling was mostly because I wanted to learn more about the art of photography. Modeling has been my main focus at the moment, but I still plan to pursue photography. !

Q Wild dream!

I've always really wanted to do a perfume ad, whether modeling or photographing for it. !

Q Hidden fear.....?? !

I am deathly afraid of stinkbugs! It's a bit of an irrational fear.!

Q Hidden talent.....?? !

I write poetry and sing!!

Love is when you would rather suffer, than to see the other person suffer!

Q Message for youth n freshers in this line ?!

Take initiative to do what you love.!

Lastly, what do you think of Modelz View Magazine n Modelzview.com ?!

I'm very excited to be featured amongst other great models in the business! (:
