MODELZ VIEW
MISS
JUNE 2014

☒ **How they help you in modeling career:** My Family thankfully supports me 100% with my modeling career. I can always rely on them to be there for me.

☒ **How you became a model, how did you experience the first job you did as a model?** : I was 15 years old when I was scouted out by an agency in Farmington, Utah. From there I started to do runway shows and local photo-shoots.

☒ **Why did you choose this line:** When you are 5'11 and a girl you either need to play basketball or model. I of course chose to do both!

☒ **Your inspiration:** I would say my parents are my inspiration. They are extremely hard workers and have always provided me with great examples of living. They have told me to forget what other people think and do my own thing, and that inspires me.

Put these factors in order of importance for becoming a successful model:

hard work, the right looks, luck
Hidden fear.....?? I have a fear of heights and falling...yikes!

what is the sexiest part of your body ? My legs

Your first kiss ? I don't kiss and tell!

Define LOVE in your words: finding someone who you truly can have as a best friend. Who you can share the same weirdness with. My favorite quote is by Robert Fulghum "We're all a little weird. And life is a little weird. And when we find someone whose weirdness is compatible with ours, we join up with them and fall into mutually satisfying weirdness—and call it love—true love."

Tell us something random about yourself: I am missing a rib bone due to an unexpected surgery when I was 17 years old.

FAVOURITES

fav movie- Bridesmaids

veg or non-veg:- non-veg

fav color- Green!

fav car- Shelby Gt 500 Mustang!!!

fav place 2 spend holidays- anywhere I can be around all of my family!

fav fruit- Kiwis

fav flower- Lily

fav cold drink- Iced chai tea latte

Lastly, what do you think of Modelz View Magazine n Modelzview.com ?

It's a great way to get models' names out in the industry world-wide. Not only is ModelzView helping models like myself but also showing off the makeup artists, fashion designers, and photographers. Its all about getting out there and networking, so this is the perfect opportunity.

Quickquest

→ **Your family background.** I grew up on the country side with my older sister who is one year older than me. We lived on a farm when i was very little but after some years we moved closer to the city, think my mother missed the neon signs and all the stores.). We were a middle class family with a working father and mom staying home taking care of us children. My father is of Danish and Swedish descent and my mother is Slovenian, Italian, German and Serbian so there were some cultural differences that sometimes blew the roof of our house, but it also brought us closer together and a better understanding towards other cultures.

→ **How they help you in modeling career.** I pretty much did everything on my own. My family didn't help me on my quest to get a modeling career going! They didn't even know that i was pursuing one! But now they know and have seen that it is possible if you work hard they do support me!

→ **Any special childhood prank or memory.** Hmm.. there are many! But i remember us kids really had fun with running out on the golf course and steal the golfers balls. They got very angry and shouted at us! We had so much fun with that and the one who got the most balls won the game! I know it wasn't very nice but as a kid you don't think about stuff like that.

→ **educational qualification :** College level now planning university.

→ **How you became a model, how did you experience the first job you did as a model?** I started modeling when I was about 22 years old, I got discovered by a photographer who wanted to take my picture. At first I didn't want to because I was unsure about if I had what it takes to become a model but he convinced me otherwise so I agreed to try it out. The images came out great and I got a lot of positive feedback on them. That inspired me to pursue a career as a model and I got into an agency but after some time I decided to go solo and be my own agent!

→ **Why did you choose this line ?** I felt good about my work so i thought why not just make a living out of it! You get to work with so many talented people and travel to so many parts of the world so whats not to like?!

→ **Your inspiration.** I guess my friends does as they give me the strength and courage to keep on doing what i do! They believe in me and thats what inspires me to follow my dream! They are my biggest inspiration.

→ **Projects you have worked in ?** I have been published in Leading magazines and i have featured in some movies like Teddy Bear and Clown, both Danish movies.

→ **Recent projects.** Recent projects i can mention some TV shows Celebrity Master Chef and Ton Of Cash. I have Esquire and Mens Health coming up.

→ **Put these factors in order of importance for becoming a successful model ?** The right looks, hard work, luck. I think the most important factor is not luck or looks but hard work. If you don't work hard and show people that you really want this and not just want to be another pretty face then work your but of and show them! There are so many beautiful women out there so why should they pick you if you just sit and look nice? You need to know how to work your way around in this business and its hard because everyone wants a piece of that cake so you got to earn your success. Luck has nothing to do with if you ask me!

→ **What's been the best moment of your life ?** The day my dog Rynke was born! I knew from the first time i layer my eyes on her that she was the one i had to keep for my own! Never regretted that decision.

→ **What would want in the afterlife?** Well to be honest i don't believe in the after life so for me a nice long nap would do it for me.

→ **If not modeling ,what would u have done ?** I think i would work with animals or study to be an psychologist and that i am actually working on right now!

→ **Wild dream ?** To walk on the moon.

→ **Hidden fear.....??** I rally don't like those huge forrest ants! I once as a child got bitten by a whole army of ants and it really hurts very bad! I still fear them today and i don't think that will ever change.

“

i don't think that will ever change.

”

COVER GIRL

PHOTOGRAPHER : MIKKEL MARQUART

MODELZVIEW JUNE 2014

“ i was very shy and it took some time before we actually kissed ”

– **Hidden talent.....??** That must be that I can fix my own car. Not all but to some point I can. my father was a mechanic before he retired and he thought me a lot about cars so I didn't need to ask for help from a man. My parents made sure that I was an independent woman from I was a child.

– **What is the sexiest part of your body ?** My eyes. they are the door to your soul. Eyes can say a lot without words and therefore I consider them as my best asset. Your body will always change along with age but eyes remain.

– **Your first kiss ?** My first kiss i can still remember was i local boy from the town we lived in. He was two years older then i. We sat on some stairs and he asked me if he could kiss me and i said yes. We were only about 6 or 7 years old. I remember i was very shy and it took some time before we actually kissed.

– **First crush/love ?** My first real crush was in a much older boy then i. He often came to my parents house and i always just looked at him but he never seemed to notice me. The crush lasted for a couple of years from i was 13 to 15.

– **Define LOVE in your words .** Love is when you can't put words on how you feel inside! When the person is stuck to your brain 24/7 and just gives you butterflies in your stomach and makes you smile and forget all your troubles! Its when you argue and forgive because love is just so much bigger than being angry at each other!

FAVOURITES

fav song – Rupert Holmes (Escape) The Pina Colada Song

fav movie- Lord Of The Ring- Thrillology

fav dance form- Don't really have one

veg or non-veg- non-veg

fav color- Green

fav brand- Don't care so much for brands, I just pick the stuff i like no matter what brand it is.

fav car- Aston Martin

fav place 2 spend holidays- Ljubljana Slovenia.

fav fruit-Apple

fav flower- Tulips

fav cold drink- I don't drink alcohol so for me a cold drink is a Coca Cola on can.

– **Message for youth n freshers in this line ?** start with contacting an agency who can help you get started and get you in touch with some photographers to make a portfolio for you. If you want to make it on your own then make sure to check up on the photographer before you meet up with him, you never know if he is for real or a person who pretends to be something he is not.

It can be a dangerous place to be if you don't know how to take care of yourself in the business. It's hard work and you must take care of yourself because nobody else does! I'm not trying to scare the girls but you must keep that in mind! And you must get in contact with the editors of some good magazines to get much and good exposure, then you will open many doors for new adventures that are just waiting for you! And always remember to be humble and nice because no one wants to work with a stuck up diva who thinks she is already a star.

Lastly, what do you think of Modelz View Magazine n Modelzview.com ? I think it's is a great magazine and website with some interesting articles and i am very honored to be the cover model of this great magazine! So thank you for that guys!
