MODELZVIEW NOV 2014 PART - II PHOTOGRAPHY: PAUL ELLISON

How your family help you in modeling career: My mother is very supportive in my modeling career. It was always a passion of hers she never pursued.

Any special childhood prank or memory: My best childhood memory is the weekends spent at my grandparents lake house where we would go fishing and go on boat rides as kids.

Educational qualification: High School Graduate

How you became a model, how did you experience the first job you did as a model? My first job I did as modeling was a promotional job through a local agency here in my hometown of Indy. Overall it was a great experience.

Why did you choose this line: I chose this line of modeling because I am secure in the way my body looks, and I hope to inspire other women to do the same.

Your inspiration: My inspiration is Marissa Miller, Heidi Klum, and Gisele Bundchen.

Projects you have worked in: Some projects I have worked in over previous years include being a ring girl and model for numerous local cage fighting companies including Legends of Fighting Championship and Indy MMA. I also worked as a promotional model for the Indy 500, Goblin/Heli Direct, FDIC etc.

Recent projects: Some of my more recent projects are in the works. I'm not one to spoil the surprise...I like to keep my fans anticipating.

Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck. For becoming a successful model luck does not play a factor. Hard work is number one above all. You have to be consistent with the work you put in to make it to where you want to be. It's all about never throwing in the towel if you do not approve of the results you get. Looks are an obvious factor meaning you have to work hard for the body you want. Eat right and train hard.

what's been the best moment of your life ? The best moment of my life honestly was walking across the stage for my high school graduation.

what would want in the afterlife? In the afterlife I want to come back and live on a cloud just to see what it would be like from way up there.

if not modeling ,what would u have done ? If not modeling, there is no "if not modeling" I have been passionate about modeling and I always have pursued it.

wild dream: My wild dream growing up was to be a Nascar Driver.

what is the sexiest part of your body ? My eyes.
your first kiss ? Not worth remembering.
first crush/love ? My first crush was Johnny Depp hands down.
Define LOVE in your words. My definition of love is to love someone despite of what they have. Love is never wanting to change the other person, and caring for them at all times. Good and bad.

MODELZVIEW NOV 2014

Your family background: I am Serbian and Scottish. But I am a proud Canadian!

How they help you in modeling career? My family has been very supportive of me. My mom comes to photo shoots and has her make-up done sometimes! Hahahaha

Any special childhood prank or memory: I'll never forget when my little brother dared his friend to hump my leg while I was walking up ahead of them (thinking he wouldn't do it) and sure enough he latched onto my leg and looked like a dog in heat. Talk about traumatizing!

Educational Qualification: I went to school to become an Early Childhood Educator (because I love kids) but I'm very interested in Real Estate and Interior Design.

How you became a model, how did you experience the first job you did as a model? My first photo shoot was not organized or expected. A DJ friend of mine was also a photographer, he had a photo shoot set up with another model for a local designer but she bailed so he needed a replacement and called me. I thought he was insane but quickly fell in love with modeling.

Why did you choose this line? The opportunity literally fell on my lap. From there I did a lot of networking! I've been meeting and working with a lot of very talented people! I feel super blessed.

Your inspiration: I use Pinterest and find photos I want to use as inspiration and save them as inspiration. No specific people really. I'd like to think I have my own style.

Projects you have worked in? I was in a Toyota commercial! That was pretty awesome. I also organized, styled and ran my own bikini fashion show in February which was also pretty awesome. I'm kind of a woman of all trades.

Recent projects: There are a few secret projects coming up! All I can say is keep an eye out for me.

Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck. I would put them in the order of hard work, the right looks and then luck as least important. I think that to be a successful model you really need to network and having a bad personality could really stand in the way of doing so properly.

What's been the best moment of your life? The best moment in my life was when I realized my own self-worth and stopped settling for anything less than I truly believe I deserve. I think that this really helped me grow up.

What would you want to be in the afterlife? Honestly the only thing I want is peace once I'm dead. Whether I become a tree or I go to heaven doesn't matter to me. I'd seriously just want everyone to leave me in peace.

If not modeling, what would u have done? I would have gone back to school already. I really want to get my Real Estate license. I'll have it soon enough.

I want is peace
once I'm dead.

MODELZ VIEW NOV 2014

Wild dream: What is the wildest dream I've had while being asleep or what is my wildest dream? I've had some pretty messed-up, wild dreams while being asleep. My wildest dream at the very moment is to travel the world with my other half and my dog. I want to experience all that the world has to offer.

Hidden fear.....?? Honestly the only thing that scares the shit out of me are spiders. I'm a pretty laid back person and I don't let much bother me but I CANNOT deal with spiders.

Hidden talent.....?? I'm really amazing at being organized. My friends make fun of me for carrying my agenda in my purse at all times, I literally pencil people in. I'm also notorious for organizing a lot of things in really small spaces, you'd never know how many things were actually there. I can do the worm really well (I'm not kidding).

What is the sexiest part of your body? Anyone who knows me would say my booty. I must say though, I do have a really nice pair of natural boobs. I guess you could say I got it from my Mama *winky face*.

Your first kiss? My first kiss was while playing truth or dare in my friends drive-way and it was honestly the most awkward thing that has ever happened to me.

First crush/love? My first crush was in Elementary school and I never dated him because he started dating the girl I used to have lunch monitor duty with. You could say it didn't work out for me lol. My first love was my first boyfriend ever and he was a huge jerk. My taste in men has thankfully changed.

Define LOVE in your words. When you're in love with someone they become your everything. They become your best friend, boyfriend (or girlfriend) and companion. Being in love with someone means genuinely caring for the other person and always doing the little things that you know makes them happy. I really like surprising the people that I love.

Message for youth n fresher's in this line? Follow your dreams, not someone else's. Don't let anyone tell you that you can't succeed at something. If you do what everyone else tells you you should do you'll have no one to blame but yourself.

FAVOURITES

Fav song? – Thomas Rhett – Get me some of that is and will remain my favourite song.

Fav movie? – Harry Potter!

Fav dance form? – I really enjoy across and jazz. I would really like to learn how to salsa though.

Fav color? – I don't really have a favourite. I've always loved the colour pink but I find my taste has toned down a bit and I naturally gravitate towards neutrals.

Fav brand? – Depends what we're talking about here! For comfy clothes I ADORE Juicy Couture. I love Rock & Republic and Buffalo David Bitton jeans. I don't really stick to one brand. I buy what I like regardless of the brand.

Fav car? – I really love Mercedes Benz! CLA, E or G Class.

Fav place to spend holidays? – I love to travel but I'll go wherever my loved ones are.

Fav fruit? – That's a tie between pineapple and bananas! Blueberries falling into third place.

Fav flower? – The gerbera daisy! It's so pretty. I'm also a huge lover of red roses!

Fav cold drink? – Honestly I drink a lot of water but I really enjoy a really cold glass of rosé or orange juice, or both at the same time.

Lastly, what do you think of Modelz View Magazine n Modelzview.com? Great magazine! Beautiful models and very talented teams. I feel so blessed to be associated with a lot of the models who have been published in Modelz View.

Gabrielle Rose

quick^{quest}

Where are you from, and how would you describe your life growing up?

I'm from Lafayette, Louisiana... which is about 3 hours away from New Orleans. Life growing up in my city was fun. I don't have any complaints and I feel as though I was blessed, so I'm grateful for that.

How did you find your way in front of a camera, modeling?

I've always thought I could do some modeling and have always wanted to, but I just didn't know how to start or where to start. I was asked to be in calendar for my first shoot ever and since things didn't work out too well, I kind of left it alone for about 2 years then decided to give it another shot.

What do you like best about being a model?

Well, what girl doesn't like being all dolled up, looking sexy and feeling sexy! The feeling it gives you is amazing.

Besides modeling what is the most important thing in your life? Do you have any unusual talents?

The most important thing to me besides my family is my friends. We do everything together and they are the ones that makes me who I am. They support me and are the only ones that I care about besides my family. And all my unusual talents can't really be talked about in public ;-)

We all need support in life. Where do you get your support?

What or who inspires you? All of my support comes from my family and friends. My two best friends are amazing. As for who inspires me... that's a tough question because I kind of just go with the flow! Inspiration just hits me sometimes and it could be from anything I see or interact with. There isn't just one person or thing that I can say inspires me.

What do you think is the most challenging thing about modeling and what advice would you give to new models?

Since I've always just kind of been a go-with-the-flow type of person, the hardest thing for me are the deadlines and actually having to get things done by certain times and days. I'm not really good with the whole being on time or being dependable thing, but my friends still love me and that's why they are awesome.

What is your favorite way to relax? What do you do for fun?

My way to relax is to travel. I love getting on a plane or getting in the car and just going! Me and my friends have been doing a lot of travelling lately and it's been amazing. That's how I have fun. When we travel, we party really hard too. So it's relaxation mixed in with all the fun we can handle.

You look amazing. What do you recommend for those wanting to keep in shape?

I probably wouldn't be the best person to ask that too. I was blessed with an amazing metabolism and my body tends to stay the way it is. It always has. (knock on wood). I know at some point I will have to live a more fit life since we aren't young forever, but to this point I don't have a gym or workout regimen that I follow. The best thing I would tell someone is just eat smart and don't sit around on your bum all day!!!

PART - II

MODELZVIEW NOV 2014

What would you consider your sexiest, strongest attribute?
What do guys compliment you most on? Well for guys that love bodies, the first compliment, which is usually with their eyes, is on my boobs!!! I love my chest and it seems as though other people do also. The first compliment I usually verbally get is usually about my eyes. Since most guys won't walk up and say, you have some beautiful boobs... they replace boobs with eyes!!! LOL

What do you think is the sexiest thing about a man?
Can I say his wallet size? Just teasing... I love a man with confidence and a certain mature confidence.

Anything about your heritage, ethnicity, or nationality that you feel people would like to know?

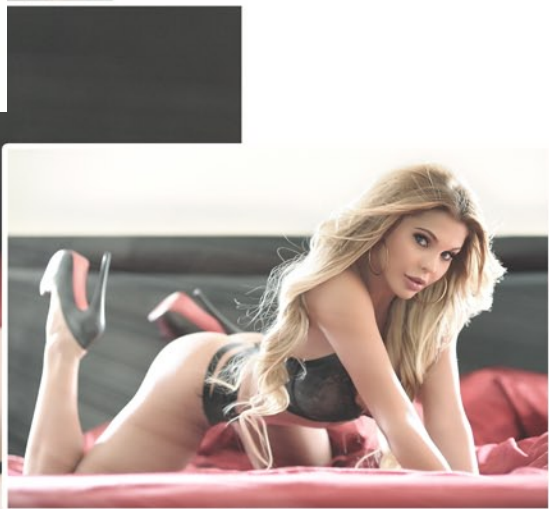

No, what you see is pretty much what you get with me when you see me.

Please share something about yourself that may surprise others. What is the most adventurous thing you have ever done? Well I wish I had some really good stories to share here but most of my really funny stories about myself I don't remember. I get them second hand from my friends after waking up the next morning! After this year of travelling though, when I come back to MV, I'll make sure to have a really good and juicy story for you.

Guys want to know, what do you normally sleep in?
If I have the choice, nothing! But since I'm usually not in a place or situation where I can do that, just a long comfortable tee shirt... definitely not bra and no panties though!

What are your dreams and goals and ambitions?
The only goal I really have in life is to be happy and do the things I want to do. I want to be able to do everything and anything that I can think of and enjoying it all with my friends. So many people I know are adults that just aren't happy, I don't want to be that way.

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?

Are you a naughty girl, or a nice girl ;) ?

I am the nicest naughty girl you will ever meet! I don't you're ready to see my nice turn into naughty! That's pretty tough to handle.

Please share a guilty pleasure with us. Your naughtiest fantasy?

Well this isn't my naughtiest because I don't want to offend anyone, but not many people would actually like to fantasize about a peep show, but peeping at others who are having sex actually excites lots of people. You could think about watching people on screen, or people getting it on outside, like at the beach or in a park. It's exciting because there's a chance you might get caught.

What's one thing about yourself that everyone should know?

That I'm a nice person and that I love animals!

Do you go to college? What do you study?

I don't. I did for a little while and plan on going back one day, but just not at the moment.

Do you have any favorite quotes that you would like to share?

"We should all start to live before we get too old." – Marilyn Monroe

What does being published in this Modelz View magazine mean to you?

This is an amazing opportunity for me and I can't thank Modelz View enough for the chance to not only be featured but for also being my first international magazine cover that I have ever been on. This is all very exciting to me and I will forever be grateful for this chance.

Is there anything else you would like to share with our readers?

Just to say thank you! I appreciate all the support and love that my friends and fans give me. And last but not least thank you to Beansfotos for taking these amazing photos of me. Without him I wouldn't be on the pages you're reading right now.
