quick quest

Your family background ?

I was born and raised in Virginia Beach, I moved away and have lived in Florida and Alaska but somehow I always end up back in Virginia around my family who all live here.

How they help you in modeling career ?

My family really didn't know how serious I was about modeling until they started seeing my pictures, now they get really excited when I send them one and it drives me to do better and improve.

Any special childhood prank or memory ?

My dad was laying down to take a nap and I remember thinking it would be a great idea to draw on his face. So I waited about an hour in a dark closet until I was sure he was passed out and carried out my plan. I wasn't around when he woke up and went to the store with the marker all over his face. I'm glad he thought it was funny he walked hours with a drawn on unibrow and mustache.

Educational qualification ?

I'm currently in school for a medical administrative assistant.

How you became a model, how did you experience the first job you did as a model?

I've always been inspired by beautiful pictures. A photographer found me on Facebook and asked if I'd like to shoot. From my first shoot till now I can see my pictures are always improving and its very exciting.

Why did you choose this line When I first saw Suicide Girls, I thought it was great that they had all different types of women with ink and I knew I wanted to do something similar.

Your inspiration ?

I'm inspired daily, by seeing beautiful pictures or even people.

Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck
Hard work, the right looks, luck

What's been the best moment of your life ?

I can't think of one specific moment, but I feel like my best moments of my life happen when I'm with my friends. I have a few friends who I know I can always count on and I always treasure my time with them. I know when I'm around them , I'm surrounded by positivity and I can be myself

What would want in the afterlife?

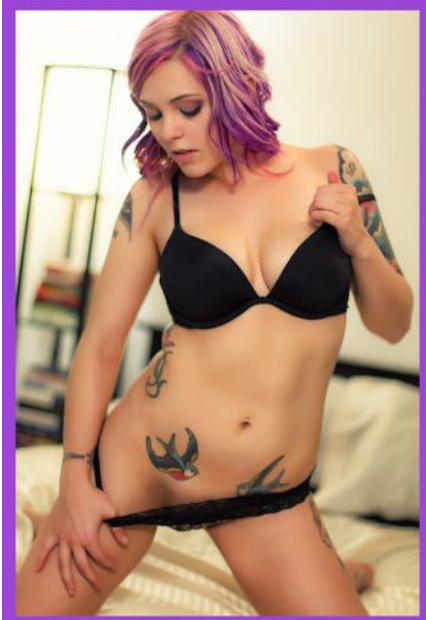

Well I'd like to think there is life after death and if there is I would hope that in my afterlife I could fly and was surrounded by candy mansions..p

If not modeling ,what would u hv done ?

Right now I'm in school so I'm lucky to have time to work part time and have time to focus on modeling.

wild dream ?

I mean I think we all have had some crazy dreams, but one dream I remember is one I actually keep having. In my dream I'm driving a red Convertible through a wooded area and a vampire is running after me. I always wake up right before he gets to me. Random right?

Hidden fear.....??

ha! Now why would I tell you my weaknesses?:p

What is the sexiest part of your body ?

I think my big beautiful eyes are the sexiest part of my body.

Your first kiss ?

My first kiss was at recess in kindergarten, this kid named Ryan told me he had a secret. He came up to me to "tell" me but kissed me instead.

First crush/love ?

Hm, my first love happens to be the first person who ever broke my heart this April. I'd say he is not to be named but would know who he was if he saw this!

Define LOVE in your words .

You can Google the word love to try to find the correct definition but in reality there is no such real definition. It is a feeling, you know , once reached probably one of the most euphoric feelings.

Message for youth n freshers in this line ?

Don't let anyone tell you , you can't. You won't know until you at least try.

FAVOURITES

fav song – My Favorite song this month has been Bullet Train by Stephen Swartz

fav movie- I actually don't watch too many movies or t.v. I'm more of a Netflix girl, I just got through all of the seasons of Dexter!

If not modelling what would you have done?

I taught pole fitness for 4 years therefore I'm very flexible...I'd loved to have been a gymnast, learning how to do a backflip is currently on my 'to do' list...let's hope I don't break any bones! Wish me luck!

Wild dream?

Have you ever had that dream/nightmare that your teeth are falling out!...then wake up in a panic to check all teeth are still in tack, that's a scary one!

quick_{quest}

☒ Your family background ?

I was born and raised in Pittsburgh, PA. My grandma was a showgirl for Jazz shows and a singer. My grandfather who I unfortunately never got the chance to meet was a great trumpet player. I believe my Grandma and Grandpa met at a jazz show that they both were performing in. He was one of a handful of Pittsburgh musicians who helped define the music of the "big band" era. Both my Grandma and Grandpa passed on their musical talents to my dad. My dad is a well known musician in Pittsburgh and my mom does modeling and acting gigs. I am an only child. I had the greatest and most memorable childhood. I am very close to both my mother and father and am blessed to say I have them both in my life. Music, cooking and modeling is in my blood!

☒ How they help you in modeling career ?

My mom and dad have always been very supportive of the career choices I have made in the past and now. They've always told me to go for where and what my heart and gut feeling tells me. They have been right thus far :)

☒ Any special childhood memory ?

Oh Boy...too many to name! One that really sticks out is playing outside with my friends everyday after elementary school. I feel that today kids are consumed with technology and unfortunately wont experience making memories like that.

☒ Your inspiration ?

My mom and dad

☒ What's been the best moment of your life ?

Other than hearing that I was cancer free, deff was going to the Playboy Mansion ;)

☒ What would want in the afterlife?

To be reunited with loved ones and my furbabies :)

☒ If not modeling ,what would u hv done ?

I've always wanted to work with the ASPCA..I would really love to be a plastic surgeon but I am so squeemish!

☒ What is the sexiest part of your body ?

☒ Your first kiss ?

Omg..so awkward! Behind a tree in my bestfriends yard as a dare when I was twelve. He stuck his tongue in and out of my mouth like a prarie dog peaking out of a hole lmao I'm sure I wasn't great either! Sorry Richard!

☒ First crush/love ?

Keanu Reeves! lol He was in a version of the movie "Babes In Toyland" when I was very young and I fell in love!

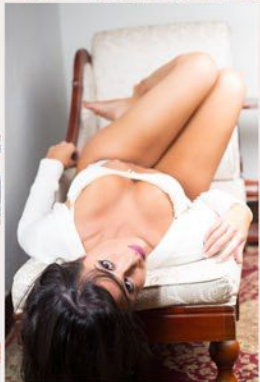

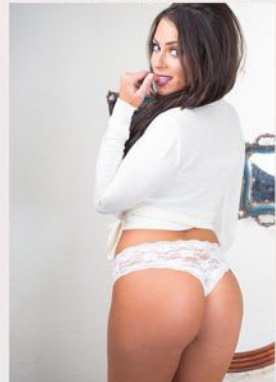

☒ Message for youth n freshers in this line ?

Stay classy and stay grounded. Surround yourself with positive vibes and remind yourselves that no matter what may separate you from the rest, you are still beautiful.

Q Your family background ?

My mother is Irish & Scottish - My Biological dad is Italian and My Step dad is Black So i am a fun little mix

Q How they help you in modeling career ?

they support whatever makes me happy, on my bad days they are always there to give me the "pick me up" I need

Q Any special childhood prank or memory ?

Q Educational qualification ?

high school degree and my EDC degree

Q How you became a model, how did you experience the first job you did as a model?

I started modeling when I turned 18, I had entered a Bikini contest to be a `kokanee glacier girl' and won.. later they found out i was not 25 and to be a beer sponser model you must be legal drinking age in the USA. from there I became obsessed, I chased playboy for years, eventually i found my way into Playboy golf and they opened up 100 different doors with playboy, from there iv been featured across canada, usa, mexico and europe.

Q Why did you choose this line of work?

I was always a bit of a camera hog, I actually started off with photography before I became a model. a few good shoots turned into amazing oppurtunities and 8 years later here I am still modeling.

Q Your inspiration ?

My mom, she is my rock. she encourages me but yet keeps me grounded, she believes in me even when i dont believe in myself. she is a true rolemodel in my personal life and modeling life.

Q Projects you have worked in ?

I had a small featured role in American Pie Book of Love, I was in a few music videos, I have been on CW TV SHOWS like Supernatural and Smallville. Q Recent projects ?

I have a few new magazine features in the works at the moment so make sure to follow my social media accounts to stay tuned

Q Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck .

Hard work always comes first, Cant do much without some good lucks and Luck is a huge factor for some models lol right place at the right time

Q What's been the best moment of your life ?

When I won Playboy's Miss Social contest back in March of 2013. I was the first Canadian winner in History. It took some major dedication and persistance to win that contest.. I had ran for 2 years, Made finals 12 times and was runner up twice before winning the crown. The amount of social media that needed to be done during the contest showed me that I am capable of reaching my goals and dreams as long as i work hard and stay focused.

Q What would you want in the afterlife?

Not really sure to be honest, some say you go to heaven, others say you just die and thats it. I would hope for a happy medium. heaven might not be real but I do think we move on to a better place.
