quick quest

Q Your family background : Nicaraguan (Latina) and Portugese

Q How they help you in modeling career : Ive been told I have a great mix, having "exotic"

Q Any special childhood prank or memory : I remember when I was little and I was visiting

Q educational qualification Currently applied to go to collage for Veterinarian technician as I have a huge passion for animals.

Q Why did you choose this line ? I know several featured models and love the way their being portrayed.

Q Your inspiration: I look up at my fellow local models .

Q Projects you have worked in ? I've worked Importfests for the last couple years as well as lots of other great promotional companies such as Rockstar energy drink, and the Honda Indy.

Q Recent projects: Looking to get into

Q what's been the best moment of your life ? Ive had many great moments. From having amazing work opportunities , to getting my horse which is a huge part of my life, and getting into collage.

Q What would want in the afterlife? I hope to have completed everything I wanted to .

Q Wild dream: My dream would be to live somewhere with only warm seasons, with a nice property. But not far from the city! Maybe have a nice handsome husband? I'm not asking to be rich but I'd like to have nice things and live comfortably. Oh and if I could keep my body rockin' forever that'd be great!

Q Hidden fear.....?? I dont have very many fears as I try to come over them. But I think being kidnapped is the scariest thought out there.

Q Hidden talent.....?? I have many talents if you ask me, I'm pretty sure my best one is my talent with animals. You could say I talk to them. Hah.

Q What is the sexiest part of your body ? Hmm, I'd say my tummy or legs? I've been told my physique is very curvy and fit! It's nice to hear I'm both. I'm very proud of my abs!

Q Your first kiss ? I was very young when I had my first kisses. Its hard to remember with when!

Q First crush/love ? I probably had a first serious crush/love near the first couple years of high school. But alas, after 2 years of waiting. I finally got over it and moved on. It was probably for the best. I'm happy where I am now.

Q Define LOVE in your words . Love is a word thrown around a lot. It should only be said when meant. But it dosent have to be used only once. One can fall out of love. But it is possible to love again. Love shouldnt be confused with puppy love, love doesn't get comfortable, when you realize that then you will be closer to finding it.

Q Message for youth n freshers in this line ? Always keep trying! If you think you can do it, be confident. Try to not be dragged down, look for other ways to make your success a reality!

Lastly, what do you think of Modelz View Magazine n Modelzview.com ?

Its a great magazine with awesome photography, I love how this magazine isn't low quality and how it displays such beauty and keeps its focus on models!

Everyone told me I should model, so I checked out a local modeling site on Facebook and found a few photographers who were willing to photograph me.

PART - II

MARCH 2015 FEB 2015

Where are you from, and how would you describe your life growing up?

I was born in Wellington, which is the Capital of New Zealand. It was a great place to grow up because it has beautiful scenery and lots of outdoor activities. I spent a lot of time with my 2 gorgeous sisters playing barbies and doing girlie things. Then i got into sports and become quite athletic thought school years. After school i studied hairdressing and then got more into the modelling world. From then on i was obsessed i knew this is what i wanted to do as my dream job.

How did you find your way in front of a camera, modelling?

I have always liked being in front of the camera since i was young. At 17 i got more involved in modelling and started doing bikini competitions and as part of the competition we had a mini photoshoot and i enjoyed it so much i wanted to do more then it all expanded from there.

Photography :Matt Barnes

MODELZVIEW FEB 2015

What do you like best about being a model?

I love the feeling you get when your modelling it gives you confidence and its empowering! It always makes me feel really sexy aswell!

I also love being able to wear such beautiful outfits and meeting awesome people in the industry.

Besides modelling what is the most important thing in your life? Do you have any unusual talents?

The most important thing in my life is family and friends,they make your life worth living. Also being in the beauty industry is a big part of who i am. I love anything and everything to do with beauty. I am a trained hairdresser and tanning specialist. I wouldn't say i have any unusual talents,but i love watching youtube videos of people who do. always a good laugh ;)

We all need support in life. Where do you get your support? What or who inspires you?

I get my support from my partner; family and friends are my big support crew. I am inspired by my drive to be successful, i am a very motivated person to achieve what i want to do. People who inspire me would be other models in the industry that have done well for themselves and love what they do.

What do you think is the most challenging thing about modelling and what advice would you give to new models?

The most challenging part about modelling to me is body image. Everyone has different body shapes and sizes and i guess its the pressure to look a certain way can be difficult. Being proud of your body and looks is very important but it can play with your mind a bit when some models become very very thin.

What is your favorite way to relax? What do you do for fun?

I enjoy taking my chihuahuas out 4 walks or to the beach. I also love snuggling inside watching movies.

“
I had
sex
in the car
”

You look amazing. What do you recommend for those wanting to keep in shape?

Thank you :) I would recommend a healthy lifestyle with a good diet which is made specifically for you and maintaining regular exercise. I think moderation is key!

What would you consider your sexiest, strongest attribute? What do guys compliment you most on?

I think my sexiest attribute would be my boobs and booty. Guys love something to hold on to!

That would be what i am most complimented on and also my eyes.

What do you think is the sexiest thing about a man?

The sexiest thing about a man is there strength, to show they can look after you and keep you safe!

But looks wise i love the more muscular men! big is best!

Anything about your heritage, ethnicity, or nationality that you feel people would like to know?

I am from New Zealand and i do have some English blood in my also. But I think kiwi girls can be really sexy and it would be good to have more recognition internationally for that.

I am pretty adventurous when it comes to sexually, I had sex in the car while they were driving!

Guys want to know, what do you normally sleep in?

If its hot i just sleep in my underwear if not i wear mens shirts

What are your dreams and goals and ambitions?

My goals are to be successful in my career and travel the world! help other people along the way

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?

I would love to go a fantasy world were you could do whatever you liked. And see all of the people throughout history and meet all the celebrities and people you look up to.

Are you a naughty girl, or a nice girl ;) ?

I would say I'm a nice girl with a bit of spice!

What's one thing about yourself that everyone should know?

Everyone should know that i am a super friendly down to earth person!

Do you have any favorite quotes that you would like to share?

"A queen will build her empire with the stones that were thrown at her"
