MODEL VIEW MARCH 2015

Q Your family background: I have a blended family (his, mine and ours sort of deal), but I wouldn't have it any other way! I have 3 sisters, 1 brother, and my fur-baby Phoenix (a retriever mix).

Q How they help you in modeling career? As with every family, we've had our ups and downs, but they have been beyond supportive of everything I do! No matter what path I take in life, they will be there cheering me on!

Q Any special childhood prank or memory: When I was 5 years old we were visiting family friends that lived on the ocean in Maine. The house we were staying at had a wall of (very clean) sliding glass doors... I'm sure you can see where this is going. I was so excited to get out to the water that I didn't even notice the doors were closed. (Like I said they were VERY clean!) So, running full speed, I crashed into the door and fell on my back. My family was laughing uncontrollably and all I can remember doing was yelling, "It's not funny!" Little did I know... It hilarious.

Q Educational qualification: I hold an Associate of Science, Bachelor of Science in Communication Disorders, and will be 2015 graduate holding my Masters in Speech Pathology... beauty and brains.

Q How you became a model, how did you experience the first job you did as a model? I actually just happened to fall into the modeling world. I had a friend taking some photography classes through college and helped her out with some assignments. People saw some of those images and it just grew from there. Now I am a proud member of the Emerald Girls Marketing and Promotion Modeling Team, PUSH Modeling, as well as freelance model!

Q Why did you choose this line? I love being in front of the camera, working with people, and seeing new places... this was a great opportunity to do it!

Q Your inspiration: My grandpa is my inspiration... in everything! Not only is he intelligent and an incredibly hard worker, but he also has the biggest heart of anyone I know. I strive to be more like him every day!

Q Projects you have worked in: MagazineS, Hair model, Ohio Bike week promotional events.

Q Recent projects: Featured in Emerald Nights Magazine (Holiday Issue 2014)

Q What's been the best moment of your life? When I survived my head on collision. I spent weeks in ICU and my life has been changed forever, but I am SO grateful and blessed to have made it through!

Q What would want in the afterlife? To be honest, I'm not much of a religious or spiritual person. I am, however, an organ donor. So I would want to help as many people as I possibly could in my "afterlife".

THE "L" WORD
IS SOMETHING I

AWAY FROM

MODELZ VIEW MARCH 2015

Q If not modeling, what would u hv done ? I am nearly finished with my Masters in Speech Pathology and plan to practice !:
Q Hidden fear.....?? Clowns. They are terrifying.
Q Hidden talent.....?? I can sing... but VERY few people have heard it.

Q What is the sexiest part of your body ? I've been told my legs and dimples !:

Q Your first kiss ? Never kiss and tell.

Q first crush/love ? The "L" word is something I try to stay away from. I feel like people throw that word around like it's nothing.

Q Define LOVE in your words . Love is putting someone else's happiness before your own. However, love is also about having an equal. Your partner should always stand BESIDE you.

Q Message for youth n freshers in this line ? Always, always, ALWAYS ask for references and beware of people trying to take advantage!

QUICK QUEST

Where are you from, and how would you describe your life growing up?

I'm originally from Cleveland, Ohio...where I am still based out of now...growing up I lived with my dad and my dog in a small suburb of Cleveland, called Wickliffe, Ohio. Growing up I always loved art, fashion, theater, dancing, film...stuff like that where really my main interests. I was involved all through High School and Middle School in Show Choir and theater.

How did you find your way in front of a camera, modeling?

A friend of mine, Jason, insisted that I model. I told him he was crazy and that dream was unattainable...we took photo's for fun a lot and played around but I never thought I would model professionally...if you told me I would be doing this three years ago..I would have rolled my eyes and laughed....Anyways, he told me that I need to quit working retail and theater because I wasn't making much money anyway and that I just need to find a way...I really had no idea. He entered me into a Calendar contest held by a local radio station that he said would be my first step. I was terrified and really wasn't sure if I was going to participate...I ended up going and got into the calendar. My first professional shoot, full implied nude! HANA. What a way to just jump in, right? Anyway, after that I started getting attention from local photographers wanting to work, and one photographer, J.Scott Photography, he really helped me in the beginning, he's really the first one who contacted me to shoot and really helped me evolve and grow as a model not only by photographing me, but offering good advice and direction as well...which I am forever grateful for.

What do you like best about being a model?

Traveling, being able to act through my images, I love portraying emotion through my images...like when I really get into a shoot and, you know, in the zone...which I think separates me from other girls as far as modeling goes.

Besides modeling what is the most important thing in your life?

Do you have any unusual talents? My friends, my dog, and my dad. Of course, modeling and working towards the future is very very important to me. I don't want to waste days, I always want to be doing something that is going to get me further.

We all need support in life. Where do you get your support?

What or who inspires you? Anyone doing something that they really want to do, no matter what it is. I love seeing people who say 'fu'k everyone' so to speak and just go out and do something, or at least try. That is the most inspiring thing to me, seeing people do things, taking risks, being creative. That sort of thing. Like when I see my friends working hard at their music, art, films...I really dig that shit. :)

What do you think is the most challenging thing about modeling and what advice would you give to new models?

Do not believe what you hear, believe what you see. There are a lot of people out there who can promise you everything, tell you they can do this and that for you, but honestly if it sounds too good to be true, it probably is. Just be smart.

What is your favorite way to relax? What do you do for fun? I love sleeping, watching movies, art, museums, reading, bike riding, snuggling with my pomeranian...I love him!! I love being with my friends, laughing, dancing, outdoors, shopping, eating good food, seeing plays, concerts...you know...fun stuff! Going to New York City!!!!

Anything about your heritage, ethnicity, or nationality that you feel people would like to know?

I'm from Slovenian, Hungarian, and Italian decent.

Please share something about yourself that may surprise others. What is the most adventurous thing you have ever done?

I've done lots of adventurous things, like it's 3am me and my friends are all together at the house, listening to music, you know... hanging around and I decide hey, lets drive to New York City and stay with our friends in Brooklyn, if we leave now we will be there by mid-morning! This may have happened more than once...haha, Also, if you refer to my video interview about the pool break in/skinny dipping...true story. :)

What are your dreams and goals and ambitions?

To keep working, making progress everyday, make a name for myself, save up money, you know...I'm just going to keep working and see how far I can get.

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?

New York City in the 60's with Andy Warhol, I'd be his Muse. I would love to be modeling back then!! Or in like Valley of the Dolls or something!

Please share a guilty pleasure with us. Your naughtiest fantasy?

My guilty pleasure right now would be Lena Dunham, I'm obsessed with HBO Girls, I've seen every episode at least 30 times, no joke...plus she went to Oberlin College, which is in Ohio! So she's a pretty big inspiration. As far as naughties fantasy goes...hmmm...something involving this song by Pulp, which is a Britpop group that was popular in late 80's mid 90's. It's called 'This is Hardcore.'

What's one thing about yourself that everyone should know?

I'm a very open person when it comes to feelings, needs, thoughts, stuff like that...I will tell you anything if I'm feeling it...no matter how comfortable/uncomfortable the situation may or may not be. I think that if you feel something, you should say it, do it, give it a chance. I never want to loose myself or be someone I'm not, if I'm mad, you will know it, if I'm sad you will know it, and if I'm happy, believe me, you will know it. I am a very extreme person....

You look amazing. What do you recommend for those wanting to keep in shape?

Drink lots of water...it honestly makes a HUGE difference. Also, try and be happy, laugh a lot, keep the stress down. I try and stay away from greasy/fried foods. I also never eat fast food. Also, I love cardio, step-machine, bike riding, and believe it or not, modeling is a work out!! haha, wearing the heels, holding poses, it's kind of like yoga sometimes!

What would you consider your sexiest, strongest attribute? What do guys compliment you most on?

My eyes, but I think a lot of guys say my butt..

Are you a naughty girl, or a nice girl :)?

Depends on the day. Naughty...but still nice. :)

What do you think is the sexiest thing about a man?

Passion. Knowing what he wants and working hard to achieve it. Confidence and decision making aka: calling the shots is pretty sexy too. I love man in Ray Bans and a leather jacket.

Guys want to know, what do you normally sleep in?

Panties and a t-shirt. If it's super hot and I'm in Mexico...maybe naked!

5 sex tips for men to make a girl feel on the 9th cloud

5 things...hmm...it's hard to put a number on it, but for me, second guessing yourself and asking questions is a major turn off, I like a guy who can take control and knows how to do things without even asking.

MODELZ VIEW MARCH 2015

Do you have any favorite quotes that you would like to share? "You Live Alone, Creating your life as you go."-Edie Sedgwick
Here's another one I like...

"I've been in a calendar, but I've never been on time."-Marilyn Monroe

What are your plans for 2015?

Traveling a lot, have some big things coming out soon/are in the works that I am super excited for! I can't wait.

What does being published in Modelz View magazine mean to you?

It means a lot to me, I've been wanting to shoot for Modelz View for a long time now, it's been a goal of mine to be on the cover, and I am very thankful to be a part.
