quick quest

Q Your family background :

I have 3 sisters and 1 brother, I am the middle child. My family lives in Dallas, Texas. I am also engaged and have a 1 year old little boy.

Q How they help you in modeling career ?

My family is very supportive of me. They help watch my little one when it comes to me traveling and my fiance acts as my manager.

Q Educational qualification :

1 year of community college and graduated from Paul Mitchell The School.

Q How you became a model, how did you experience the first job you did as a model?

I am a hairstylist/makeup artist as well and I had always modeled as a hobby in the past. One day I just decided that I wanted to take my modeling to the next level and make it more than just a hobby. Throughout the years of doing other models hair and makeup I realized that not only did I enjoy making the other models pretty for the camera but I enjoyed making myself pretty for the camera and took the initiative to make it more of a priority.

Q Your inspiration ?

My best friend & my fiance who have both been there for me threw anything and always told me that know matter what to always set goals for myself and follow my dreams. Because of this is why I have become a model, otherwise I never would have persued it.

Q Projects you have worked in ?

I have been given 2 features in another magazine as well as book private shoots with photographers in and out of the area. I also have many upcoming projects where I will be traveling to different areas participating in different workshops where I can network and get even more recognition within the industry.

Q Recent projects :

Most of my recent work has been booking private shoots in and within the surrounding areas.

Q Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck

Hard work, The right looks, luck

Q Message for youth n freshers in this line ?

Hard work is the key! If you work hard and take care of your body you will definitely go far. This industry is tough with a lot of people who will criticize and judge you. Learn to grow a tough skin brush those people off. Do not take it personally, haters are gonna hate. Lastly always maintain a good attitude no matter what. Do not be a "diva" and have that mentality. People do not want to work with you if you have a bad attitude and word of mouth is everything in this industry. They will tell their fellow photographers, friends, ect.

Lastly, what do you think of Modelz View Magazine n Modelzview.com ?

I love looking at the different issues of Modelz View Mag. I love seeing the fresh faces, their attire, and reading their interviews! The magazine is definitely right up my alley and captures my attention right away! :)

MODELZVIEW MARCH 2015

quick quest

Where are you from, and how would you describe your life growing up?

I'm from a small town in Iowa about 3 hours from Chicago. My parents were teachers and strict but loving. I was athletic and played all sports. I was a competitive gymnast for 8 years and cheerleader in high school. I think I was kind of sheltered being from a small town so that might be why I enjoy travel so much now.

How did you find your way in front of a camera, modeling?

I emailed a photographer on an online model network at age 15. I was awkward and had braces and kinky hair but for some reason I had a strong ambition to model. I loved reading teen magazines and looking at the photos and playing with hair and make-up so that's how it started. I looked at it as a challenge to improve myself and also express myself as a woman. Through it, I have grown as a person and model.

What do you like best about being a model?

I love when another model compliments me or more importantly asks for my advice. It shows that people are liking what I'm doing and aspiring to be like me which is amazing and flattering. Of course the amazing hair, make-up, and wardrobe and free stuff are great perks! There is no better feeling than looking through the raw images with the photographer and finding the best shots of the set.

Besides modeling what is the most important thing in your life? Do you have any unusual talents?

Most important in life is family, there is no love as unconditional. My career as a hair stylist is at the top of the list as well, it's my main income and my other big passion. There is something extremely rewarding about making someone feel and look their best! Some of my talents are: walking on my hands, doing the splits all 3 ways, all sorts of gymnastics flips and tricks, and giving scalp and back massages! I'm also quite good at Mario Kart, Princess Peach is my go to girl.

We all need support in life. Where do you get your support? What or who inspires you?

I get my support through my belief in God and my grandma up there watching over me. She was and is a huge inspiration to me. She was a hair stylist like myself and I know she is so proud watching over me and loving my modeling success! Models I am inspired by would be Heidi Klum, Bar Rafaeli, and Tyra Banks. I am inspired by anyone who owns who they are and doesn't follow the trends, to me, that is very brave.

What do you think is the most challenging thing about modeling and what advice would you give to new models?

It's hard to not compare yourself to others. But, look how varied the models for certain companies and ad campaigns are. Every person or agency has their own vision of beauty so you just have to own your own beauty. I'd tell new models to trust their instincts even if that means not doing what everyone else is doing. Don't sacrifice your morals for what seems like an easy way out. Nothing worth achieving comes THAT easy!

What is your favorite way to relax? What do you do for fun?

What does relax mean?!:) It's hard for me, I work full-time at the salon, weekends at a country western bar, and modeling too. Exercise is my outlet and best stress reliever, plus I have to do it as a model anyways so two birds one stone! I also love a bubble bath with a glass of white wine and a gossip magazine! Also, the beach and sunshine is my nirvana.

You look amazing. What do you recommend for those wanting to keep in shape?

Thank you! I truly stick behind a balanced diet where you make your food choices tasty and satisfying but also help your body burn fat and function better. I mix up cardio, weights, and interval training. To me, 75% of me looking good comes from diet. You get your abs in the kitchen not the gym!

What would you consider your sexiest, strongest attribute? What do guys compliment you most on?

I feel like I have very powerful seductive eyes and I do get complimented on them most. I also get compliments on my tight booty:) Thank you squats!

What do you think is the sexiest thing about a man?

Confidence! I love it when guys open doors, pull out chairs, and kiss me goodnight too. The little things make a big difference. Physically I have a thing for muscular forearms, I have no idea why! Anything about your heritage, ethnicity, or nationality that you feel people would like to know?

I am Russian and Swiss on my mother's side and French and English on my father's side. People see the Russian in me alot and I do like vodka!

Please share something about yourself that may surprise others. What is the most adventurous thing you have ever done?

I tend to do a lot of ballsy things impulsively as an Aries but most recently I freaked myself out by flying to Vegas to meet up with a photographer from Australia, then I had to drive a Shelby Mustang rental car to LA which I had never been to either in crazy traffic. We ended up at the Mansion for the Halloween party and created some amazing photos/videos so I won't complain:)

Guys want to know, what do you normally sleep in?

I prefer just me and the sheets. Oh and a fan blowing on me so I can cuddle up:)

What are your dreams and goals and ambitions?

Getting magazine cover is always amazing and flattering!

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?

Take me to the 60's. I love 60's style and hair, music was killer and it was a transformative time.

Photography: Joe Damaso

PART - II

MARCH 2015

Are you a naughty girl, or a nice girl :) ?

As Mae West said, "When I'm good I'm very good, but when I'm bad I'm better."

Please share a guilty pleasure with us. Your naughtiest fantasy?

It would involve a surprise trip to a tropical luxurious location, 2 other hot blondes, and maybe a very lucky guy...maybe.

What's one thing about yourself that everyone should know?

I've worked very hard to get where I am with my modeling career. I'm down to earth and approachable even if I look the opposite in my photos. You don't have to be a bitch to be successful.

Do you have any favorite quotes that you would like to share?

"I'd rather be hated for who I am than loved for who I'm not" - Kurt Cobain

"It's hard to be a diamond in a rhinestone world" - Dolly Parton

"Be curious, not judgmental" - Walt Whitman

What does being published in this Modelz View magazine mean to you?

I'm so gracious to be recognized by this amazing magazine which provides the most beautiful photos of the hottest models around the world and also real and inspiring interviews! It's a great tool for any model at any point in her career.
