## MVquest

**Where are you from, and how would you describe your life growing up?**

\* I am originally from Florida. Growing up I was a tomboy, I rode my ATV every day after school! Then when I was 15 my life revolved around racing!

**How did you find your way in front of a camera, modeling?**  
I randomly got asked to do a shoot for someone submitting to American Eagle, so I slowly started shooting from there.

**What do you like best about being a model?**

\* I love being able to travel and meet new people. I am a people person so I love making new friends!

**Besides modeling what is the most important thing in your life? Do you have any unusual talents?**

The most important things to me are my family, friends and my doggy (Sprocket)

**Where do you get your support? What or who inspires you?**

My mom is my biggest support! Along with other family and friends. Looking through magazines and watching Americas Next Top Model inspire me.

**What do you think is the most challenging thing about modeling and what advice would you give to new models?**

The most challenging thing is being away from home for long periods, I do get a little home sick every now and then, but I LOVE to travel.

**For new models, Hard work really pays off. This is a full time job. You HAVE to put effort into it everyday of the week.**

**What is your favorite way to relax? What do you do for fun?**

To relax I enjoy getting a massage or just laying around with my doggy (Sprocket) For fun I love anything to do with racing, or just hanging out with some friends!

**You look amazing. What do you recommend for those wanting to keep in shape?**

Thank you! I do a lot of the Beachbody programs. I recently just finished Insanity Max out and now I am doing 21 Day Fix Extreme.

**What would you consider your sexiest, strongest attribute? What do guys compliment you most on?**

\* My personality. Most people think because I look good I'll be a bi\*ch! But I enjoy talking to everyone!

A good personality! No one likes a boring person :)

A sports bra and panties

**What are your dreams, goals and ambitions?**

Some of my dreams and goals for this year is to get as many publications as possible. I would like to make it out to California this year to do a tour of several cities as well! Also making it to one of the Paradise Challenges or something similar would be awesome.

**If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?**

I would like to go back in Time and meet Lucille Ball (I love Lucy) I think she was such a great person in bound and out, it would have been awesome to know her.

## MVquest

**Q Your family background :** My family consists of the 6 of us. Mom, Dad, myself (19years of age), a 13year old sister, 11year old brother & the youngest being my beautiful 3 year old sister. I have spent most of my life out in the country as my parents own a small OAD dairy farm just out of wanganui. Growing up out there you learn what it meant to work for your money, there was always plenty to do & if you were willing to go work you'd get paid. Dad is kept busy on the farm, while mom & the kids help out Mom is also a personal trainer, which has been a huge help to me in this industry!

**Q How they help you in modeling career ?** My family have been so supportive from the get go, they push me to aim high & dream big, because if you work hard enough for it, it can become your reality. Just having them there supporting me is a huge help knowing they are there to back me.

**Q Any special childhood prank or memory :** A childhood memory i have always remembered would be when i got given my first "big girl" bike. I was told to go & shut the cows in after milking, as i was walking to the paddock to close them in i see this bike just sitting near the gate, so i close the cows in & run back to tell Mom & dad what i found only to be told that was my new bike! So off i went back to the paddock to get my new "big girl" bike. haha

**Q Educational qualification :** I stayed at highschool until i had NCEA level 2 & decided school wasn't for me. I knew i wanted to be a hairdresser so i graduated at the end of 6th form & began my hairdressing Career at the age of 16. I am now only a month away from sitting the finals for my qualification.

**Q How you became a model, how did you experience the first job you did as a model?** I competed in a few pageants when i was 10 years of age & then again when i was 15. But didn't think too much of modelling at the time, it wasn't until a friend of mine approached me to model for her to help build her photography portfolio that i found a passion for this industry. I was so nervous as i had never looked at myself as a model, but the final images made me persue modelling further & i have not yet looked back.

**Q Why did you choose this line ?** I have a passion for the industry, i hairdress full time, model part time & in my spare time i do hair & make-up for photographers & other models. To me it isn't work, i love doing it, it is a passion i thrive on.

**Q Your inspiration :** I find my inspiration in other models, i follow alot of kiwi models as i admire that they have done what i want to do. They have started from a small town in little New Zealand & made a name for themselves not only locally but nationally.

**Q Projects you have worked in :** I have been a promo model for the Drift comp for both 2014 & 2015. I have also done Stock car team champs in Palmerston North & D1NZ in Manfield.

**Q Recent projects :** I just recently competed in the ASMY bikini comp 2015 & have been selected as a finalist for the next round in Taupo. I have also just done a commercial shoot for NSD clothing (a local clothing brand).

**Q Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck :** I would go Hard work, The right looks, Luck

**Q What's been the best moment of your life ?** The best moment of my life was when i was 16 years of age, i was on my way to my dreamk job & starting out in the fashion industry, working in a salon & conmpeted in the regional hair comp's & placed!

**Q What would want in the afterlife?** This is a hard question as i don't believe in the afterlife, so it's not something i've given alot of thought to.

**Q If not modeling ,what would u hv done ?** I only model part time so I am very lucky I still get to hair dress also, so I guess I would just be in the salon hairdressing more.

**Q Wild dream:** In my wildest dreams i would love to be an international glamour model, gracing the covers of magazines in your local book stores, walking the cat walk with the victoria secrets models.

**Q Hidden fear :** I have a fear of the dark, i dont know if it's to many scary movies or what, but have never been a fan of the dark.

**Q Hidden talent :** i can change car tyres on my own in less than 15minutes!

**Q What is the sexiest part of your body ?** The sexiest part of my body would have to be my booty!

**Q Your first kiss ?** I was 12 when i had my first kiss & i remember being so grossed out by his breath it put me off.

**Q First crush/love ?** I had my first Crush/ boyfriend at the age of 15, we actually ended up dating for about a year, if only thingds were as easy as they were then. haha

**Q Message for youth n freshers in this line ?** Be confident, not everyone will love you but have thick skin, chin up & go for the next job, you may not be suitable for one job but you may be perfect for another. Make the most of the oppurtunities that come your way.

**Lastly, what do you think of Modelz View Magazine n Modelzview.com ?** I think Modelz View Magazine is a magazine full of great content & stunning models. I have followed Modelz View when i starting modeling & it has been a goal of mine to grace the pages of your magazine.

# Being ADOPTED WAS A LIFESAVING experience MASHA

“

**Born** in Donetsk, Ukraine to an alcoholic mother. Took care of my younger sister. I didn't know that one of my neighbors was my older sister until I was about six years old. When I turned ten, our mother passed and we were sent to an orphanage where we were separated until our adoption into an American family, with a slight special needs daughter whom they'd already adopted from Russia.

**Best** memory was when we were traveling to the USA, we stopped in Amsterdam for a couple of days. Amsterdam is so gorgeous and full of friendly people! I loved it! Being adopted was a lifesaving experience.

**Asked** by a photographer friend to model for a shoot. I accepted and he kept pointing out that I was a natural. At first I did not believe him, but chose to try modeling for fun. As I learned more about the industry, I started to take it more and more seriously. My dream is to be the most petite (shortest) model on the runway. Some may say it's aiming high but if I'm not aiming high, where am I aiming?

**once** my mother went out on a date, she left me at my nan and pops. I was angry at her because she never use to leave me lol. Anyways the phone rang and I answered it, it was just my nan and pops friend saying she would be late for dinner. I got off the phone and told them she wasn't coming and that her place had caught fire, as I grew up on a far and so did she. I stupidly thought it would be funny. I was in big trouble once they found out the truth.

**Holiday** on the Gold Coast in a night club, a photographer came up to me and asked if I would do a shoot, I said yes but at the time my boyfriend wouldn't let me. A year later I moved up to the Gold Coast and pressured that offer. I have done many shoots, promo gigs, tv presenting, even dj work, my fave project was being filmed in a reality travel show in Vegas called "discover yourself here"

**Only** child. I have a large family on my dad's side most of which I haven't met and on my mom's side I have a very nice small family. I am a huge daddy's girl and he taught me to be very driven and on my mom's side she's very artistic and creative so I learned a lot of that from her. They are good role models. My father helped by teaching me the meaning of hard work, and taught me how to accomplish something. My mom showed me how to be creative and different from others and showcase my abilities.

**Just** as a kid remember being a little booger. I remember when I first got into wrestling and my very first show my dad took me too-my favorites were at the time stone cold and billy gunn; well I had a license plate I was holding up and my dad thought I had my middle fingers up being that I was only like 9 I didn't understand a middle finger lol...

Ø Educational qualification : I actually am a go-getter. I was a licensed EMT for four years, and also have gotten my associates in fire science. I was always receiving honors throughout high school too!

**Told** I was ugly..and as I got older I started to bloom lol I was asked by a photographer to do a shoot and at first I was nervous because I really didn't think I was pretty or wasn't sure I'd even like it-in the end I loved it and thought the pics came out very beautiful.

**Born** in the United Kingdom, I am 100% British on both sides. I came to the United States, California to be exact, at the tender age of 9 months old.

**Mom** was approached numerous times to put me in pageants and Modeling. My mother finally decided to, at age five, after being approached. She guided my career throughout the years.

**story** is true. My mom was approached at Disneyland by an agent and manager, they saw me getting my picture taken and said “we would love to put your little girl in commercials”. My mom was pursued and decided to contact them. I signed with two agents, one for print and one for commercials. As they say the rest is history!
