Ø Your family background :

Born number 7 out of 14 with 10 boys and 4 girls I'm second oldest girl. I grew up on an Indian reservation in the southern heat of Louisiana on an island named Isle Jean Charles. I was First to graduate and the only one to go to college out of my siblings.

Ø How they help you in modeling career ? Coming from a close nit family, family values are the traded secrets of survival. My family has a strong embedded history of fishing, cultivating, and local trading as a means of survival. For me to step out on my own and pursue my dreams of a professional model came with a renewed support from my family and friends who championed the idea of having a member of our culture representing the face of a forgotten group of Native Americans. I wear this badge with honor as it is bestowed upon me by my community and surrounding areas.

Ø Any special childhood prank or memory :

Growing up with 10 brothers had its pros and cons with wrestling, horseplaying, and fighting being at the center of our daily activities. These practices help build my strength and witty reflexes. As young as the second grade I became notorious for my ability to arm wrestle. Arm wrestling in the Louisiana Cajun culture served as a staple for all pride... Through the school months riding the school bus was all but normal for me... the school buses would serve as my arena to being an undefeated arm wrestling. (HEFTY LEFTY) would be my call sign... I was the Victor that enjoyed the spoiles thrown by the defeated. This meant extra lunch money and snack money not just for me but also my friends and others who would have gone without. Until this very day I still get referred to as that Native girl who could defeat all the boys.

I obtained my professional license of Nursing through course work at Maryland Institute of **Missionary studies**

Ø How you became a model, how did you experience the first job you did as a model?

There is no short answer of how I became a model other than persistent and consistent hard work. My career would be launched onto an international scale when I first became an International Bikini Model Team Winner.(IBMS, International Bikini Model Search). With this notoriety I would become published, interviewed and photographered by the industries most sought out publications and photographers. My first job would come as a bonorary invitational designating that I'd be lead model for Smash Clothing in their fall fashion show. This experience gave me a worth while valadation for all of the hours I've spent in front of the camera building my professional modeling portfolio.

Ø Why did you choose this line ?

As far as I can reflect back in my modeling career I cannot bring to thought a point of time where I woke up and said I would love to be a model... Beauty, fashion, and photography has been a passion of mine as far back as I can remember. I've always had the inner desire to be recognized in photography, media, and entertainment. Bikini modeling and bikini fashion was of greater interest to me due to my God given genetics and exotic sexy look that commands this industry.

8 What's been the best moment of your life ?

Growing up with so many siblings over divided my mother's attention to my successes. This is no one's fault for her life was extremely complex juggling 14 children and working sun up to sun down hours. Reflecting back I gaze into a large void, a void lacking in praises, good job, validation of my successes by my mother. It wouldn't be until years later as a young lady new into the World of modeling that I would land on the front cover and center fold pages of a Magazine of Louisiana. I was so excited and honored to have been published, but I had reserve thoughts about telling my mother. I was on a career high and telling my mother, I felt would take the wind out of myself. One weekend I was visiting home I was wakened by the sound of my mother's voice. As I opened my eyes, they piered upon my mother's face, standing there she had wrapped in her arms the issue of Magazine of Louisiana I had been published in. My mother that morning sat on the edge of my bed cheering her happiness as she emotionally poured out to me a profound sense of gradification. Her and I talked for hours that day. She exclaimed to me a deep sense of regret for failing to acknowledg my achievements. My mother and I that day formed a bond that sprouted a seed to a renewed mother and daughter relationship. My mother is my ambassador of pride to all of my accomplishments. "Thank you Mom, I Love You".

9 Your inspiration : My inspirations are driven by a voice in my soul that is the chanting voice of those who are less fortunate than I. I've leveraged my modeling accomplishments to embrace the beauty of all women and the feminine moment to tear down the negative stereo types that plague the bikini model and her role in photography.

8 Recent projects : Currently I'm a staffer with The International Bikini Model Search Alumni. Among our committee we structure modeling events, modeling contest, and model to photographer relations. Our focus is to provide a platform for upcoming Bikini Models to show case their talents, personalities, and leadership skills. With success a newcomer can be networked with trending magazines, bikini designers, and promotional high end brand modeling.

8 Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck

Right look, beauty must captivate the audience. Hard work, nothing comes easy

Luck, sometimes the right place at the right time is all you need.

8 What would want in the afterlife?

Given my Christian beliefs and my profound dedication to my salvation, I'm a born again Christian who serves a real God. My afterlife will be spent in Heaven with his majesty.

Ø If not modeling ,what would u hv done ?

I don't know that I believe that modeling wouldn't serve in some fasid in my life, but had I not been given the opportunities and the strokes of luck I would have focused my energy in my Career of Nursing.

Ø Wild dream :
Member of the mile high club in a G6.
Ø Hidden fear :
Lost luggage at the airport.
Ø Hidden talent :
I can levitate a ping pong ball with my mouth.
Ø What is the sexiest part of your body P
My bedroom exotic eyes.

Ø Your first kiss ? I was so nervous it almost never happened. I was 15 yearning for knowledge and he was 17 willing to teach me. To this day the magic of that moment is

real. Ø First crush/love ?

This would also come from the teacher of my first kiss. He was a very polite southern boy who had traveling to my home town all the way from Birmingham Alabama. He had never traveled far from home, likewise I hadn't either. He and I feel upon rose petals of puppy love. He and I would have a courtship that would last 3 years. Mostly via letters through the mail. His 30 day visit to my home town served as enough time for he and I to make promises of sharing our futures' sealed by our heart's engagement. This all stands true to this very day...

MODEIZ

It's the beauty and the beast! It's the "want" to have a cupid but not the pain of his arrow. It's the fear in the dark with the embrace of my strong man. Boundaries, no boundaries, we push ourselves to the abyss of the great unknown to find the known. It's rhyme, no reason but ultimately it's fate.

ð Message for youth n freshers in this line ?

Modeling is an environment that demands attention to detail. The details encompassing your personality, your work ethic, and your ability to network through right channels. Accept failure as stepping stones. Proceed everyday with ambition. Lastly, what do you think of Modelz View Magazine n

Where are you from, and how would you describe your life growing up?

I am from Starkville, Mississippi. I grew up in a pretty typical, small town atmosphere, really nothing out of the ordinary.

How did you find your way in front of a camera, modeling?

I was approached at a shopping mall by a local photographer. I did some photos with him and when they got out into the world I started hearing from other photographers who wanted to shoot and it kind of went from there.

What do you like best about being a model?

Travel! I get to go all over the place, beaches, big cities, all over. I get to meet all kinds of people I would never get to meet at home.

Besides modeling what is the most important thing in your life? Do you have any unusual talents?

The most important would be trying to always keep learning. I am thinking about going to nursing school at some point.

I don't know if it's unusual but I'm a really good shot with a rifle, if you would call that a talent.

We all need support in life. Where do you get your support? What or who inspires you?

My friends and family support me and mean a lot to me. I have people in my life that I've known since I was a little girl, I know I can always count on them for an honest opinion or advice about something.

facebook.com/modelzview twitter.com/modelzview Byoutube.com/modelzview

(Notesting)

f facebook.com/modelzview 🕒 twitter.com/modelzview 🔠 youtube.com/modelzview

What do you think is the most challenging thing about modeling and what advice would you give to new models?

I think the challenge is understanding that there is a lot to learn about modeling, People think you just get in front of camera but there is a lot of emotion involved and a LOT of different styles of posing. You have to learn how to listen to Photographers and Art Directors but you also have to learn to trust yourself and sometimes just go for a certain poser or look.

The advice I would give new models is to practice posing in front of a mirror and also I would tell anyone who wants to do this to take the time to check out photographers who want to shoot with you. There are tons of great people you can work with but also some bad apples, it's your responsibility to check them out.

What is your favorite way to relax? What do you do for fun?

Sleep. Or eat. Or better yet, eat, then sleep.

You look amazing. What do you recommend for those wanting to keep in shape?

The key thing is diet. You have to watch what you eat. Stay away from greasy foods and make sure you drink tons of water.

What would you consider your sexiest, strongest attribute? What do guys compliment you most on? My eyes and my lips. I get a lot of comments about those.

What do you think is the sexiest thing about a man? If he's got his act together and is living his own life. It also helps a lot of he can make me laugh. Anything about your heritage, ethnicity, or nationality that you feel people would like to

know? I'm a Mississippi girl, born and bred.

Please share something about yourself that may surprise others. What is the most adventurous thing you have ever done?

Swimming in the ocean off a boat at night! It's really strange and kind of scary but still fun. Guys want to know, what do you normally sleep in?

Mostly an old tee shirt of some kind. What are your dreams and goals and ambitions? I want to take the modeling world as far as I can. I love being published in magazines and I love doing videos. I would like to try acting but who knows if that can ever happen?

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?

I would like to go to the Old West. Like when Billy the Kid and people like that were around. I would really like to see what that was like.

Are you a naughty girl, or a nice girl ;) ?

I hope I don't hurt anyone's feelings but I am really just a plain old nice girl from a small town. Please share a guilty pleasure with us. Your

naughtiest fantasy? Guilty pleasure: Ice Cream!!! Naughtiest fantasy would involve behind behind a waterfall with people outside but they couldn't see behind the water and...well you can just take it from there.

What's one thing about yourself that everyone should know?

That I work really really hard. I am always on time and really try to give everything I have to any job I do.

Do you have any favorite quotes that you would like to share?

"We came, we saw, we kicked its ass" - Bill Murray in Ghostbusters.

What does being published in this Modelz View magazine mean to you?

It means a lot. Publishing in a magazine as popular as Modelz View puts me in front of people who would never otherwise see my work. I am very active on social media and every time I have had a major publication like this my follower count has jumped. 8 Your family background: I'm only child and have only my mother left, my father is already for 10 years in a coma. Next to my mom, I also have my little boy, he's 5 years old and means the world to me!

8 How they help you in modeling career? My mom supports me in everything I do

B How you became a model, how did you experience the first job you did as a model? In August 2010 I was contacted by a photostudio in Zwolle, The Netherlands, since than it al began...

Began...
8 Why did you choose this line? I always dreamed about it and if you really want something In life, you must go for it
9 Your inspiration: Even now after five years of modeling, I still want to keep growing wherever I can, always getting better wherever I can and altough I was always told that my height was a problem, I think I proved already that even you don't better the present the provided was the provided was a problem. don't have the perfect height, you still can achieve so many things in this world, as long as you work hard enough to achieve your goals

Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck: Hard work at first place definitly!!! Second becomes the right looks and last but not least a little luck can always help off course

8 What's been the best moment of your life? The day I brought my son into this world!!!

Ø What would want in the afterlife? To become an even much bigger star and artist and rich!!! LOL
 Ø If not modeling ,what would u hv done? Probably keep myself wondering for the rest of my life... What if...

Ø Wild dream: To feature in Playboy Ø Hidden fear: I know only one fear in my life and that's really what they call arachnophobia!!! Ø Hidden talent: At the age of 12 I made my own painting already! As my grandfather at mother's side was a painter, it seemed that I was the only one in the family who was born with the same talent for drawing and painting

Ø What is the sexiest part of your body? Every-body says it's my ass LOL

A

Your first kiss ? one word: clumsy!!! :D First crush/love? I had my first boyfriend when A l was 15

Ø Define LOVE in your words. To my opinion we live in a world where it's hard to find real love. People became so selfish and seem to not fight for their relationships anymore... I wonder if many people still know and believe in true love... I myself didn't believe in true love anymore... Since I've been through too much in my life in relationships... But after many years of struggle and misery, I finally seem to have found someone who really loves me with his hole heart and soul. Be-cause of him I restarted to believe that there is a chance that love does exist as long as you keep fighting for each other, even when times sometimes get difficult... And here I come to a point my father always told me: Love is a verb

Ø Message for youth n freshers in this line? Keep chasing your dreams, 'cause dreams come true if only you work hard enough to achieve them FAVOURITES
