MV QUEST

Q Your family background :

I am German and Swedish .

Q How your family helps you in modeling career ?

They don't know I model.

Q Any childhood memory ?

I have a younger brother and I remember in third grade punching a kid on the playground for making fun of him. I got sent to the principal's office and believe it or not, my parents gave me a high-five.

Q Educational qualification :

Bachelor's degree- Business - University of South Carolina .

Q How you became a model, how did you experience the first job you did as a model?

I was born and raised here in the south. I used to be rather shy and was told to be modest and always hide my assets. Lately, I have been embracing my curves and love showing my body off. It has certainly brought on some extra attention, especially going out uptown because I do stick out a bit. I've had several local photographers randomly come up to me and want to shoot, for now I am simply doing it for fun and just getting started! P.S.--- Keep your eye out for me... there's a lot more to come (and to be seen!)

Q Why did you choose this line ?

I enjoy this line of work because it is fun for me to get dolled up and to take risk. I love photographers who are creative and want to try new things. It gives me a rush of adrenaline and I enjoy seeing the final product after a long day of shooting.

Q Your inspiration ?

I love Guess models and women who have curves. Niykee Heaton is certainly a girl crush of mine. I would love to do a shoot with her one day.

Q Projects you have worked in ?

I have modeled workout clothes and participated in lingerie and bikini shoots.

Q Recent projects ?

Lately I have been doing some industrial shoots modeling a friend's bikini line. We have shot on parking decks, rough tops and more!

Q Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck .

For me, luck comes first because I have been in the right place at the right time in regards to local photographers and managers. Looks second and then hard work, but don't get me wrong... I work very hard.

Q What's been the best moment of your life ?

Traveling to Australia and scuba diving in the Great Barrier Reef.

Q What would want in the afterlife?

Peace of mind and endless Nutella!

Q If not modeling ,what would u have done ?

Modeling is not my fulltime job, I actually have a business degree and work for a large company headquartered here in Charlotte.

Q Wild dream :

3 words for ya:girls.....hot tub.....chocolate

Q Hidden fear ?

I am absolutely terrified of snakes!

Q Hidden talent :

I can make a mean dessert... I love baking and I can do a middle split. Win win...right?

Q What is the sexiest part of your body ?

Pictures don't do it justice but I have a booty.....and I love it!

Q Your first kiss ?

In a hot tub in 8th Grade .

Q first crush/love ?

I met a man while I was in Australia studying abroad. His height caught my eye from afar in a restaurant. Loved his accent! We traveled and dated while I was there and when I flew back to the states he surprised me a month later and showed up in my city. I later ended things because I was young, still in school and he was not "the one" in my eyes.

Q Define LOVE in your words .

Love is friendship with an extra spark. To me, love is truly a combination of endless laughs, respect and of course...affection.

Q Message for youth n freshers in this line ?

Embrace your sexuality and curves! The second you stop listening to others and begin ignoring what people might think.....that's when you will be the happiest! As cliché as it may sound....it really is simple.....DO YOU!

FAVOURITES

Where are you from, and how would you describe your life growing up ?
A small town in Indiana called Markle. Life growing up was easy and simple. I grew up on a farm with cows and horses and pigs. We rode 4-wheelers and had bon fires on the weekends.

How did you find your way in front of a camera, modeling?
I first got into modeling when I heard an ad on the radio for AMTC when I was 15/16 years old. It was fun and exciting and I was CLUELESS! haha! I still managed to land a contract with Millennium in Ohio.

What do you like best about being a model? **I love being a model because it allows me to express my alter egos and just let loose from everyday life.**

Besides modelling what is the most important thing in your life?
My 4yr old daughter is THE most important thing in my life. She gave me life and made me realize what true love is all about.

We all need support in life. Where do you get your support? What or who inspires you?
My parents are my number 1 supporters. No matter what is going on in my life they stand by me and at times check me when I need it haha. Marilyn Monroe inspires me so much. When everyone else was worried about image, she just owned who she was and flaunted it!

What do you think is the most challenging thing about modeling and what advice would you give to new models?
For me, the most challenging thing about modeling was opening up and just going with the flow. As I did more shoots and "grew up" I learned to be more confident and to just do it. My advice is to just remember who you are and be yourself, those are when the best pictures are taken. Sometimes you have to take a few goofy pictures to get the nerves out and then you're good to go!

What is your favorite way to relax? What do you do for fun?

Relaxing for me is being curled up with a book or my daughter. I can escape from the world and not have to think about the day to day troubles.

Being in Southern Cali, I love of course going to the beach, playing volleyball and shopping! Fun to me is relaxing with good friends and bbq.

You look amazing. What do you recommend for those wanting to keep in shape?

Eat healthy!! It's the biggest struggle for me because I LOVE FOOD but being conscious of what and how much you're eating is a huge part of a healthy happy body.

What would you consider your sexiest, strongest attribute? What do guys compliment you most on?

I like to think I'm a guys girl, I'm not afraid to get my hands dirty and can hold my own.

My eyes, definitely my eyes. And probably my 9 feet of legs haha

MODELZ VIEW NOV 2015

What do you think is the sexiest thing about a man?
That **BOOTAY!!!** And arms, love me some big ol arms!
Anything about your heritage, ethnicity, or nationality that you feel people would like to know?
Being Italian, we talk with our hands....A LOT! Don't get offended when we start wailing around.
Please share something about yourself that may surprise others.
What is the most adventurous thing you have ever done?
I'm an active duty Navy cop and single mom all at the same time. River trekking through the jungle in Okinawa to Tadake Falls has to be one of the most adventurous things I've done.

Guys want to know, what do you normally sleep in?
Oversized t-shirt and panties

What are your dreams and goals and ambitions?
I'm in the process of getting my Real Estate License and it's my dream and goal to sell million dollar homes!

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?
So many choices! I would love to go back to the roaring 20s with gangsters, mobsters and flapper dresses!

Are you a naughty girl, or a nice girl :)?
Always a nice girl :)

Please share a guilty pleasure with us. Your naughtiest fantasy?
Trashy reality TV will always be my guilty pleasure.

What's one thing about yourself that everyone should know?
I may be from Indiana but I'm a die hard COWBOYS fan!!

Do you go to college? What do you study?
I plan on getting my business management degree starting in the spring in hopes to own my own real estate business one day.

Do you have any favorite quotes that you would like to share?
"Always smile, you never know who's watching"

Is there anything else you would like to share with our readers?
Be positive and never give up on your dreams. It has taken me 15 years to get to this point but I always knew I wanted it and never gave up on my dream!

Q Your family background :

I am a single child and grew up with my dad.

Q How they help you in modeling career?

My dad has always been my biggest fan. He always loves seeing all the different projects and genres of photography I dabble into.

Q Any special childhood prank or memory ?

I was never a huge prankster, mainly because I always got caught red handed or couldn't keep back my lying smile. However, one prank that I successfully pulled off was an April Fool's prank that I found on the internet where you put saran wrap in between the toilet seat and the toilet so that it looks transparent. To this day, that has to be one of the best pranks I have ever pulled off.

Q Educational qualification:

I graduated San Jose State with a BSN in Nursing. I plan on becoming an Emergency Room nurse in the next few months.

Q How you became a model, how did you experience the first job you did as a model?

5 years ago, my best friend at the time was into modeling and she invited me to go with her to check it out. I fell in love instantly with the idea that you can be whatever you want, be whoever you want, and can portray whatever message it is that you please. That kind of power and emotion really drew me in and I have been in love ever since. The first modeling shoot I did I got behind the lens and felt like I had been shooting for years. I thought I would be nervous or shy but I felt so at home and comfortable in front of the camera.

Q Your inspiration :

My inspiration will always be my dad. For being a single father, he was the best, most supportive and loving father in the world. He instilled the value of hard work into me. It is because of him that I am where I am today and he showed me that the most important thing in life is to have the drive to succeed. If the drive is there, there is no obstacle that can't be overcome.

Q Projects you have worked on :

These last 2 years I have been working on a lot of different featured gore projects. There is something sexy about being drenched in fake blood and portraying someone that is powerful and in charge.

Q Recent projects :

Recently, I have been utilizing the beautiful beach days we have been having in the bay area this year. Prancing around the beach, sunbathing, and rolling around in the sand are a few of my fun past times.

Q Put these factors in order of importance for becoming a successful model: The right looks, hard work, luck: it's not a hard question to answer, Hard work is the key to any success. Then working towards health, eating nutritious foods, and exercising to work for a fit body comes second. Lastly, those who rely on luck to become successful may be waiting awhile, while those who are determined and put in the time and dedication are out there already being successful.

Q What's been the best moment of your life?

While there have been many successes in my life, the day that I held my college diploma in my hand was the best moment in my life. For the last 5 years I have spent countless amount of hours studying for exams, staying up late at night finishing assignments, preparing for clinical rotations, and putting together patient care-plans. After five years, everything that I worked so hard for became a reality and those are by far the best and most rewarding moments in life.

Q What would you want in the afterlife?

In the afterlife I would want endless amounts of naked massages, wine, and cuddles.

Q If not modeling, what would u hv done ?

This has to be the hardest question in the interview. I can't image not modeling. Modeling has become such a huge outlet for my creative ideas and need to always be a different character. If modeling was not an option for me, I would have to say a professional singer. As a 90's baby, my idols growing up were Britney Spears and Christina Aguilera so it is only natural that my dream was to follow in the footsteps of two beautiful ladies that were always working on new projects and albums and worked for their success.

Q Wild dream:

While all my dreams are very vivid and detailed, I have to say my favorite dream I have ever had that I remember is sunbathing on the beach nude and my celebrity crush, Edward Furlong, came over and started rubbing sunscreen on my back. Definitely woke up happy.

Q What is the sexiest part of your body ?

The sexiest part of my body would have to be my hips. I was blessed and cursed with large hips, 36 inches to be exact. Blessed in the sense that I have always been able to accentuate those curves in photography, cursed in the sense that finding jeans that fit perfectly are like finding hidden treasure.

Q Your first kiss?

It was my birthday and my middle school boyfriend walked me home from school, had a bouquet of flowers for me, and the cliché cute white teddy bear. As I was saying my goodbyes he leaned in to kiss me. One birthday that I will never forget.

Q First crush/love ?

My first crush that I can truly remember was a boy named Adam. He was in my 2nd and 3rd grade class back in elementary school. For 4 years I had the biggest crush on him and had my eyes set on only him. He was the cutest thing I had ever seen.

Q Define LOVE in your words:

To me love is the ability to share life with another, when someone compliments your life, adds beauty and positivity, is there when things fall apart, and is there to celebrate the successes. Love is when having them in the room makes you feel at ease, feeling safe in their presence, and looking forward to the next moment that is shared.

Lastly, what do you think of Modelz View Magazine n Modelzview.com ?

I love how the models in Modelz View really capture the audience's attention through their eyes. The eyes are what mainly attracts me to a photo and the looks that are portrayed are welcoming, sexy, and mysterious in a way making me want to see more. I also love how each picture has a different feel, there is sexy, there is playful, there is fun, and there is sultry. The fact that one magazine has such vast variety is impressive to me.

Sarah Maria Paul

PHOTOGRAPHER : HARRY CONNOR

MVquest

Where are you from, and how would you describe your life growing up?

I'm originally from the suburbs of Philadelphia and moved further west of the city when I was a teenager. My father was a hard working engineer and my mother stayed home with me and my 3 siblings. We did not have a lot of money or clothes, but regardless of that, I truly had a very happy childhood.

How did you find your way in front of a camera, modeling?

I have always been a huge fan of pinup art, mainly from the 1950s-1960s. Modeling was never something I thought I would be doing, I sort of fell into it. In my early 20s I decided to treat myself to a professional photoshoot and I was blown away by the experience and how naturally it came to me. After that shoot and posting pictures online, booking new shoots and finding work followed easily.

What do you like best about being a model?

My favorite thing about being a model is having the opportunity express emotions and play a character when in front of the camera. I love being able to embrace and express my femininity in its truest form. It's great to feel glamorous!

Besides modeling what is the most important thing in your life? Do you have any unusual talents?

There are many things that are important to me in my life. But above all, the most important is being a good mother to my daughter. Providing for her, taking care of her, and watching each new milestone is what I live for.

As far as unusual talents, I can't say I have anything out of the ordinary, but I have been told I give great massages!

We all need support in life. Where do you get your support?

What or who inspires you?

Yes, we all need support in life and my biggest supporter is my boyfriend Jon. He is my rock and is always there for me when I'm upset, lonely or angry, or even when I'm wrong. He inspires me to become a better, respected, and more valuable model.

MODELZVIEW NOV 2015

What do you think is the most challenging thing about modeling and what advice would you give to new models?

There are many challenges about modeling, especially getting started and building your confidence in front of the camera. Keeping yourself original and unique is important so you don't get lost in the competition. One thing I absolutely recommend to any new model, and I can say this from personal experience, is to never give into doing something you are not 100% comfortable with. Always stay true to yourself and don't let anyone else try and define you or your career.

What is your favorite way to relax? What do you do for fun?

My favorite way to relax is listening to music. I can be driving in my car, folding laundry, cleaning or cooking, but as long as I'm listening to music, I feel incredibly relaxed. My idea of fun is hopping on the back of my boyfriend's Harley and going for a nice long ride.

You look amazing. What do you recommend for those wanting to keep in shape?

I highly recommend pole fitness and lots of cardio. Pole fitness is great for building strength, flexibility and a sexy way to stay in shape! Cardio is important for burning up those extra calories you may have taken in during the day.

What would you consider your sexiest, strongest attribute?

What do guys compliment you most on?

I am complimented mostly on my hair and my taste in shoes.

What do you think is the sexiest thing about a man?

I think tattoos look incredibly sexy on a man but I honestly prefer the soft touch of a woman.

Anything about your heritage, ethnicity, or nationality that you feel people would like to know?

Many people ask me this question and are usually surprised by the answer. Most assume I am Italian or Spanish, but I am actually half Filipino, one quarter Irish and 1 quarter German.

Please share something about yourself that may surprise others. What is the most adventurous thing you have ever done?

One thing about myself that may surprise others is I am bisexual. That being said, you can probably guess what the most adventurous thing I ever done is...

Guys want to know, what do you normally sleep in?

Well, research shows sleeping in the nude is better for your skin and increases melatonin which leads to better sleep. So, I go with what the researchers say.

What are your dreams and goals and ambitions?

Personally my dreams and goals are to being a good mother and having a comfortable lifestyle. I don't like fancy things or big houses, I care about being happy and healthy.

As far as my professional goals, I hope to someday be published internationally.

If you were in a magical machine that could transport you to any place and time imaginable, where would you love to be? Why?
If I was in a magical machine that could transport me to any place and time it would be the 1950s to witness the birth of Rock and Roll. No explanation needed there!
Are you a naughty girl, or a nice girl :) ?
I'm the perfect mixture of both.
Please share a guilty pleasure with us. Your naughtiest fantasy?
Women all live on Venus and I am the Queen.
What's one thing about yourself that everyone should know?
My boobs are not real and you're stupid if think it's not obvious.
Do you go to college? What do you study?
Yes I did go to college and I have an Associate's degree in Business Administration.
Do you have any favorite quotes that you would like to share?
"I would rather be someone's shot of Whiskey than everyone's cup of tea."
What does being published in this Modelz View magazine mean to you?
Being published in Modelz View is a major stepping stone for me and I am truly grateful. I have been modeling for about 6 years, but took a break away from it for about 2 years. After getting back into the industry only 6 months ago, I feel getting selected so quickly by Modelz view for publication is an honor.
