Winter Wonderland

Women have many ways of dealing with winter. With the bitter cold comes the opportunity to wear luxurious fur coats, a little trick that makes women impervious to the weather.

Santa also can help by bringing sweaters and scarves to lucky ladies. Winter seems like the best time of year during a romantic moonlit sleigh ride. Indoor activities increase in popularity with our winter women. A vigorous tango with an adoring partner, perhaps followed by warm brandy on a bearskin rug by the fire, is practically guaranteed to make a woman wish for cold weather to stay forever. Ladies often choose to spend a lot of time in bed during the days and nights following the winter solstice. Don't let old man winter get you down.—PLAYBOY's *Girls of Winter*, 1988
